Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, the major fund and fiduciary funds of the Claiborne Parish Clerk of Court, a component unit of the Claiborne Parish Police Jury, as of June 30, 2019, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Clerk's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Claiborne Parish Clerk of Court's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Claiborne Parish Clerk of Court's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the government activities, the major fund information and fiduciary fund information of the Claiborne Parish Clerk of Court as of June 30, 2019, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Independent Auditor's Report,

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules and notes to required supplementary information, the Schedule of Changes in Net OPEB Liability and Related Ratios, the Schedule of Employer's share of the Net Pension Liability, and the Schedule of Employer Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Claiborne Parish Clerk of Court's office basic financial statements. The accompanying schedule of compensation, benefits and other payments to agency head on page 44 is presented for the purpose of additional analysis and is not a required part of the financial statements.

This schedule is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the schedule of compensation, benefits and other payments is fairly stated, in all material respects, in relation to the basic financial statements.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued a report dated December 10, 2019, on my consideration of the Claiborne Parish Clerk of Court's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Claiborne Parish Clerk of Court's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Louisiana Legislative Auditor, I have issued a report, dated December 10, 2019, on the results of my statewide agreed-upon procedures performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*. The purpose of that report is solely to describe the scope of testing performed on those control and compliance areas identified in the Louisiana Legislative Auditor's statewide agreed-upon procedures, and the results of that testing, and not to provide an opinion on control or compliance.

Management's Discussion and Analysis
June 30, 2019

As management of the Claiborne Parish Clerk of Court, I offer readers of the Claiborne Parish Clerk of Court's financial statements this narrative overview and analysis of the financial activities of the Claiborne Parish Clerk of Court for the fiscal year ended June 30, 2019. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the clerk's basic financial statements. The annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (Government-wide Financial Statements) provide information about the financial activities as a whole and illustrate a longer-term view of the Clerk of Court's finances. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Fund (Fund Financial Statements) tell how these services were financed in the short term as well as what remains for future spending. Fund Financial Statements also report the operations in more detail than the Government-Wide Financial Statements by providing information about the most significant funds. This report also contains other supplementary information in addition to the basic financial statements themselves.

Our auditor has provided assurance in her independent auditor's report that the Basic Financial Statements are fairly stated. The auditor, regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Claiborne Parish Clerk of Court's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Claiborne Parish Clerk of Court's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Claiborne Parish Clerk of Court is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned, but unused, sick leave).

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Claiborne Parish Clerk of Court, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Claiborne Parish Clerk of Court can be divided into two categories: governmental funds and fiduciary (agency) funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Claiborne Parish Clerk of Court adopts an annual appropriated budget for the general fund and the special revenue fund. A budgetary comparison statement is provided for the major fund to demonstrate compliance with this budget.

Fiduciary funds. Fiduciary (agency) funds are used to account for resources held for the benefit of parties outside the government. Since these resources are not available to support the Claiborne Parish Clerk of Court's programs, Fiduciary (agency) funds are not reflected in the government-wide financial statement.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Claiborne Parish Clerk of Court's performance.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, liabilities of the Claiborne Parish Clerk of Court exceeded assets by \$648,862. Capital Assets of the Claiborne Parish Clerk of Court exceed Net Position due to the Net OPEB and Net Pension Liabilities. These assets are not available for future spending.

The balance in unrestricted net position is affected by two factors: 1) resources expended, over time, by the Claiborne Parish Clerk of Court to acquire capital assets from sources other than internally generated funds (i.e., debt), and 2) required depreciation on assets.

Financial Analysis of the Government's Funds

As noted earlier, the Claiborne Parish Clerk of Court uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund's portion of the unreserved, unassigned fund balance of \$207,609 shows a decrease (of approximately \$4,163) from the prior year amount.

General Fund Budgetary Highlights

Differences between expenditures of the original budget and the final budget were due primarily to an increase in personal services and related benefits and a decrease in materials and supplies. Differences between revenues of the original budget and the final budget were due primarily to an increase in anticipated revenues for clerks supplemental compensation, recording legal documents, fees for certified copies and use of money and property.

Capital Asset and Debt Administration

Capital assets. The Claiborne Parish Clerk of Court's investment in capital assets for its governmental activities as of June 30, 2019, amounts to \$12,239 (net of accumulated depreciation). This investment includes furniture and equipment. There were increases of \$3,712 and no decrease in capital assets for the year.

Long-term debt. The Claiborne Parish Clerk of Court contributes to a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides lifetime healthcare insurance for eligible retirees through the clerk's group health insurance plan. Net OPEB obligation associated with the Retiree Health Plan at June 30, 2019 is \$385,563. The Claiborne Parish Clerk of Court is a participating employer in a cost-sharing, multiple-employer defined benefit pension plan. Net pension obligation associated with the pension plan at June 30, 2019 is \$600,150.

Requests for Information

This financial report is designed to provide a general overview of the Claiborne Parish Clerk of Court's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Claiborne Parish Clerk of Court, P.O. Box 330, Homer, LA 71040.

For the Year Ended June 30, 2019

Total net change in fund balances - governmental funds (Statement D)	(\$4,163)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceed depreciation for the period.	(1,987)
Payments of long-term debt, including contributions to OPEB obligation, are reported as expenditures in governmental funds. However, those amounts are a reduction of long-term liabilities in the Statement of Net Position and are not reflected in the Statement of Activities.	(12)
In the Statement of Activities, certain operating expenses - compensated absences - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).	5,458

Notes to the Financial Statements
As of and For the Year Ended June 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, the clerk of court serves as the ex-officio notary public, the recorder of conveyances, mortgages and other acts, and shall have other duties and powers provided by law. The clerk of court is elected for a term of four years.

The accompanying financial statements of the Claiborne Parish Clerk of Court have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements - and Management's Discussion and Analysis -for State and Local Governments*, issued in June 1999.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Claiborne Parish Police Jury is the financial reporting entity for Claiborne Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Claiborne Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial responsibility. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and:
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.

CLAIBORNE PARISH CLERK OF COURT

Homer, Louisiana

Notes to the Financial Statements (Continued)

2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury maintains and operates the building in which the clerk of court's office is located and provides partial funding for equipment, furniture and supplies of the clerk of court's office, the clerk of court was determined to be a component unit of the Claiborne Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the clerk of court and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the Claiborne Parish financial reporting entity.

B. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS

The clerk of court's basic financial statements include both government-wide (reporting the clerk of court as a whole) and fund financial statements (reporting the clerk's major fund). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the clerk are classified as governmental.

The Statement of Net Position (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the clerk, except for fiduciary funds. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

In the Statement of Net Position, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term obligations. Net Position is reported in three parts; invested in capital assets, net of any related debt; restricted net position; and unrestricted net position. The clerk first uses restricted resources to finance qualifying activities.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

CLAIBORNE PARISH CLERK OF COURT

Homer, Louisiana

Notes to the Financial Statements (Continued)

Program Revenues - Program revenues included in the Statement of Activities (Statement B) are derived directly from parties outside the clerk's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the clerk's general revenues.

Allocation of Indirect Expenses - The clerk reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Depreciation on buildings is assigned to the "general administration" function due to the fact that buildings serve multiple purposes. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

C. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The financial transactions of the clerk are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Fund financial statements report detailed information about the clerk. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories; governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The clerk of court's current operations require the use of only governmental and fiduciary funds. The governmental and fiduciary fund types used by the clerk are described as follows:

Governmental Fund Type

General Fund - The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the clerk of court and is used to account for the operations of the clerk's office. The various fees and charges due to the clerk's office are accounted for in this fund. General operating expenditures are paid from this fund.

CLAIBORNE PARISH CLERK OF COURT
Homer, Louisiana
Notes to the Financial Statements (Continued)

Special Revenue Fund

The Court Reporter Fund is used by the clerk of court's office to account for fees earned by the court reporter and for expenditures for the court reporter's salary and commissions transferred to the General Fund.

Fiduciary Fund Type - Agency Funds

The Advance Deposit, Registry of Court, and Judicial Expense agency funds are used to account for assets held as an agent for others. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

1. Accrual:

Both governmental and business type activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Governmental funds and the fiduciary type agency funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The clerk

CLAIBORNE PARISH CLERK OF COURT

Homer, Louisiana

Notes to the Financial Statements (Continued)

considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Intergovernmental revenue, recordings, cancellations, court attendance, criminal costs, and other fees, charges, and commissions for services are recorded in the year in which they are earned.

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recognized when received by the clerk of court.

Based on the above criteria, intergovernmental revenue, recordings, cancellations, court attendance, criminal costs, and other fees, charges, and commissions for services are treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. CASH AND CASH EQUIVALENTS

Under state law, the clerk may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2019, the clerk has cash and equivalents (book balances) totaling \$2,567,929 as follows:

Demand deposits	\$2,567,729
Petty cash	<u>200</u>
Total	<u><u>\$2,567,929</u></u>

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits.

CLAIBORNE PARISH CLERK OF COURT
Homer, Louisiana
Notes to the Financial Statements (Continued)

Under state law, the deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Clerk that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Clerk's name. The Clerk does not have a policy concerning custodial risk.

Cash and cash equivalents (bank balances) at June 30, 2019, are secured as follows:

Bank balances	<u>\$2,598,350</u>
Federal deposit insurance	\$1,820,990
Pledged securities (uncollateralized)	<u>1,939,903</u>
Total	<u>\$3,760,893</u>

F. INVESTMENTS

Under state law, the clerk may invest funds in obligations of the United States, in federally insured investments, investment grade (A-1/P-1) commercial paper of domestic corporations or in time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. Investments are grouped into three categories of credit risk:

1. Insured or registered, or for which the securities held by the clerk or its agent in the clerk's name.
2. Uninsured and unregistered, with securities held by the bank's trust department or agent in the clerk's name.
3. Uninsured and unregistered, with securities held by the bank, or by its trust department or agent but not in the clerk's name.

At year-end, the clerk's investment balances are in United States Series EE Savings Bonds which are held by the clerk of court in the clerk of court's name, they are considered collateralized (Category 1). The investments have a reported value of \$45,000, which is also fair market value. There is an unrealized gain of \$103,308, which will not be recognized until maturity or the bonds are cashed in.

CLAIBORNE PARISH CLERK OF COURT
Homer, Louisiana
Notes to the Financial Statements (Continued)

G. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The clerk maintains a threshold level of \$100 or more for capitalizing capital assets. Capital assets are reported in the government-wide financial statements but not in the fund financial statements. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes by the clerk, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and building improvements	20 - 40 years
Furniture and fixtures	5 - 10 years
Vehicles	5 - 15 years
Equipment	5 - 20 years

H. ANNUAL AND SICK LEAVE

Employees of the clerk of court's office are allowed 10 days annual leave each year. Any annual leave accrued at June 30th must be taken by the following October 31st, or forfeited. Upon voluntary resignation or retirement, an employee is no longer compensated for unused annual leave time. Additionally, employees of the clerk of court's office are allowed 10 days sick leave each year and may be accumulated up to 30 days. Upon termination or retirement, employees are not paid for unused sick leave.

At June 30, 2019, employees of the clerk of court has no accumulated employee leave benefits, computed in accordance with GASB Codification C60.

I. RISK MANAGEMENT

The clerk is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. To handle such risk of loss, the clerk maintains commercial insurance policies covering his automobile, professional liability and surety bond coverage. In addition to the above policies, the clerk also maintains an errors and omissions claims paid policy with the Louisiana Clerks of Court Risk Management Agency. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. There were no significant reductions in insurance coverage during the year ended June 30, 2019.

J. PENSION PLANS

The Claiborne Parish Clerk's Office is a participating employer in a cost-sharing, multiple-employer defined benefit pension plan as described in Note 3. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

K. OPEB PLAN

The Clerk's defined benefit postemployment health care plan provides OPEB to eligible retired employees and their beneficiaries. The plan provides OPEB for permanent full-time employees of the Clerk. The Clerk's OPEB plan is a single employer defined benefit OPEB plan administered by the Clerk. Benefits are provided through the Louisiana Clerks of Court Insurance Trust ("LCCIT"), a multiple-employer healthcare plan administered by the Louisiana Clerks of Court Association. Louisiana Revised Statute 13:783 grants the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The premium rates are established and may be amended by the LCCIT board of trustees, with the Clerk determining the contribution requirements of the retirees.

L. EQUITY CLASSIFICATIONS

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

CLAIBORNE PARISH CLERK OF COURT

Homer, Louisiana

Notes to the Financial Statements (Continued)

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

In the fund financial statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable - represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted - represents balances where constraints have been established by parties outside the Clerk's office or imposed by law through constitutional provisions or enabling legislation.

Committed - represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the Clerk's highest level of decision-making authority.

Assigned - represents balances that are constrained by the government's intent to be used for specific purposes, but are not restricted nor committed.

Unassigned - represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund.

The General Fund has an unassigned fund balance of \$207,609. If applicable, the Clerk would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

M. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts

CLAIBORNE PARISH CLERK OF COURT

of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. RECEIVABLES

The General Fund receivables of \$20,170 at June 30, 2019, are as follows:

<u>Class of receivables:</u>	
Intergovernmental - clerk's supplemental compensation fund	\$2,050
Fees, charges, and commissions for services:	
Other fees, charges, etc.	<u>18,120</u>
Total	<u>\$20,170</u>

3. CHANGES IN CAPITAL ASSETS

A summary of changes in office furnishings and equipment follows:

Balance, June 30, 2018	\$271,657
Additions	3,712
Deletions	<u>NONE</u>

Less accumulated depreciation	<u>(263,130)</u>
Net Capital Assets	<u>\$12,239</u>

**4. NOTE DISCLOSURES AND REQUIRED SUPPLEMENTARY
INFORMATION FOR A COST-SHARING EMPLOYER**

The Louisiana Clerks' of Court Retirement Fund (Fund) is a cost-sharing multiple-employer defined benefit pension plan established in accordance with the provisions of Louisiana Revised Statute 11:1501 to provide retirement, disability and survivor benefits to clerks of court, their deputies and other employees, and the beneficiaries of such clerks of court, their deputies, and other employees.

Substantially all employees of the Claiborne Parish Clerk of Court are members of the Louisiana Clerks of Court Retirement and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

CLAIBORNE PARISH CLERK OF COURT
Homer, Louisiana
Notes to the Financial Statements (Continued)

Summary of Significant Accounting Policies.

The Louisiana Clerks' of Court Retirement and Relief Fund prepared its employer schedules in accordance with Governmental Accounting Statement No. 68 - *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*. GASB Statement No. 68 established standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenses/expenditures. It provides methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service. It also provides methods to calculate participating employer's proportionate share of net pension liability, deferred inflows, deferred outflows, pension expense and amortization periods for deferred inflows and deferred outflows.

The Louisiana Clerks' of Court Retirement and Relief Fund employer schedules were prepared using the accrual basis of accounting. Members' earnable compensation, for which the employer allocations are based, is recognized in the period in which the employee is compensated for services performed. The member's earnable compensation is attributed to the employer for which the member is employed as of June 30, 2018.

Plan Fiduciary Net Position

Plan fiduciary net position is a significant component of the Fund's collective net pension liability. The Fund's plan fiduciary net position was determined using the accrual basis of accounting. The Fund's assets, liabilities, revenues, and expenses were recorded with the use of estimates and assumptions in conformity with accounting principles generally accepted in the United States of America. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements and estimates over the determination of the fair market value of the Fund's investments. Accordingly, actual results may differ from estimated amounts.

Pension Amount Netting

The deferred outflows and deferred inflows of resources attributable to differences between projected and actual earnings on pension plan investments recorded in different years are netted to report only a deferred outflow or a deferred inflow on the schedule of pension amounts. The remaining categories of deferred outflows and deferred inflows are not presented on a net basis.

Plan Description.

The Fund was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. Title 11:1501 for eligible employees of the clerk of the supreme court, each of the district courts, each of the courts of appeal, each of the city and traffic courts in cities having a population in excess of four hundred thousand at the time of entrance into the Fund, the Louisiana Clerks' of Court Association, the Louisiana Clerks of Court Insurance Fund, and the employees of the Fund. The

projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

The Louisiana Clerks' of Court Retirement and Relief Fund of Louisiana has issued a stand-alone audit report on their financial statements for the year ended June 30, 2018. Access to the report can be found on the Louisiana Legislative Auditor's website, www.la.la.gov.

Plan Benefits

A member or former member shall be eligible for regular retirement benefits upon attaining 12 or more years of credited service, attaining the age of 55 years (age 65 if hired on or after January 1, 2011) or more and terminating employment. Regular retirement benefits, payable monthly for life, equal 3% percent of the members monthly average final compensation multiplied by the number of years of credited service, not to exceed 100% of the monthly average final compensation. The retirement benefit accrual rate is increased to 3 and 1/3 percent for all service credit accrued after June 30, 1999 (for members hired prior to January 1, 2011). For members hired before July 1, 2006 and who retire prior to January 1, 2011, monthly average final compensation is based on the highest 36 consecutive months, with a limit of increase of 10% in each of the last three years of measurement. For those members hired on or after July 1, 2006, compensation is based on the highest compensated sixty consecutive months with a limit of 10% increase in each of the last five years of measurement. For members who were employed prior to July 1, 2006 and who retire after December 31, 2010, the period of final average compensation is 36 months plus the number of whole months elapsed since January 1, 2011, not to exceed 60 months.

According to the state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2018, the actual employer contribution rate was 19.0%, actuarially determined as an amount that, when combined with employee contributions, is expected to finance any unfunded accrued liability. In accordance with state statute, the Fund receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Clerk reported a liability of \$600,150 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Clerks' proportion of the net pension liability was based on a projection of the Clerks' long-term share of contributions to the pension plan relative to the projected contributions of all participating clerks' actuarially determined. At June 30, 2018, the Clerks' proportion was .361 percent, which was an increase of .0102 from its proportion measured as of June 30, 2017.

CLAIBORNE PARISH CLERK OF COURT
Homer, Louisiana
Notes to the Financial Statements (Continued)

For the year ended June 30, 2019, the Clerk recognized pension expense of \$91,075. At June 30, 2019, the Clerk reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected actual experience	\$15,927	\$5,929
Changes in Assumptions	62,351	
Net difference between projected and actual earnings on pension plan	11,456	
Changes in employer's proportion of beginning NPL	11,679	43,879
Differences between employer and proportionate share of contributions	1,473	24
Subsequent measurement contributions	68,854	
Total	\$171,740	\$49,832

\$68,854 reported as deferred outflows of resources related to pensions resulting from the Clerks' contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$26,653
2020	9,008
2021	(973)
2022	18,363
Total	\$53,054

Actuarial assumptions. The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	June 30, 2018
Actuarial cost Method	Entry Age Normal Method
Actuarial Assumptions:	
Investment Rate of Return	6.75%, net of investment expense

CLAIBORNE PARISH CLERK OF COURT
Homer, Louisiana
Notes to the Financial Statements (Continued)

Projected salary increases	5.0%
Inflation rate	2.5%
Mortality rates	RP-2000 Employee Table (set back 4 years for males and 3 years for females) RP-2000 Healthy Annuitant Table (set forward 1 year for males) and projected to 2030 using scale AA for males and females RP-2000 Disabled Lives Mortality Table (set back 5 years for males and 3 years for females)
Expected remaining service lives	2014 - 5 years, 2015 - 5 years, 2016 - 5 years, 2017 - 5 years, 2018 - 5 years
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

The actuarial assumptions used are based on the assumptions used in the 2018 actuarial funding valuation which (with the exception of mortality) were based on results of an actuarial experience study performed over the period July 1, 2009 through June 30, 2014 unless otherwise specified.

The long-term expected real rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges were combined to product the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long-term expected rate of return was 7.10%, for the year ended June 30, 2018.

The discounted rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund's actuary. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Clerks' proportionate share of the net pension liability to changes in the discount rate.

5. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. The Claiborne Parish Clerk of Court (the Clerk) provides certain continuing health care and life insurance benefits for its retired employees. The Claiborne Parish Clerk of Court's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Clerk. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Clerk. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 *Postemployment Benefits Other Than Pensions-Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria-Defined Benefit*.

Benefits Provided - Medical benefits are provided through a comprehensive medical plan and are made available to employees upon actual retirement. Employees are covered by the Louisiana Clerks' of Court Retirement and Relief Fund, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: attainment of age 55 and 25 years of service; or, attainment of age 60 and 12 years of service; employees hired on and after January 1, 2011 are not able to retire or enter DROP until age 60 without actuarial reduction in benefits.

Life insurance coverage is provided to retirees and 100% of the blended rate (active and retired) is paid by the employer. The amount of insurance coverage while active is continued after retirement, but insurance coverage amounts are reduced to 50% of the original amount at age 70.

Employees covered by benefit terms - At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	6
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	5
Total employees	<u>11</u>

Total OPEB Liability

The Clerk's total OPEB liability of \$385,563 was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs - The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary increases	4.0%, including inflation
Discount rate	3.5% annually
Healthcare cost trend rates	Flat 5.5% annually

The discount rate was based on the average of the Bond Buyers' 20 Year General Obligation municipal bond index over the 52 weeks immediately preceding the applicable measurement dates.

Mortality rates were based on the RP-2000 Table without projection with 50%/50% unisex blend.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2019.

Changes in the Total OPEB Liability

Balance at June 30, 2018	\$391,733

NOTE TO BUDGETARY COMPARISON SCHEDULE
For the Year Ended June 30, 2019

A proposed budget, prepared on the modified accrual basis of accounting, is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Claiborne Parish Clerk's office during the month of June for comments from taxpayers. The budget is then legally adopted by the clerk and amended during the year, as necessary. The budget is established and controlled by the clerk at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts and all subsequent amendments.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

HONORABLE BRIAN FLYNN
CLAIBORNE PARISH CLERK OF COURT
Homer, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund and the fiduciary funds of the Claiborne Parish Clerk of Court, a component unit of the Claiborne Parish Police Jury, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Claiborne Parish Clerk of Court's basic financial statements, and have issued my report thereon dated December 10, 2019.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Clerk's internal control over financial reporting(internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, I do not express an opinion on the effectiveness of the Clerk's internal control.

A deficiency in internal control exist when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified. I did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2019-001, that I consider to be a significant deficiency.

Independent Auditor's Report on Compliance
And Internal Control Over Financial Reporting, etc.
June 30, 2019

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Claiborne Parish Clerk of Court's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Claiborne Parish Clerk of Court's Response to Finding

Claiborne Parish Clerk of Court's response to the finding identified in my audit is described in the accompanying schedule of findings and responses. Claiborne Parish Clerk of Court's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Claiborne Parish Clerk of Court's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Claiborne Parish Clerk of Court's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Findings & Responses
For the Year Ended June 30, 2019

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unmodified opinion on the general purpose financial statements of the Claiborne Parish Clerk of Court.
2. No instances of noncompliance material to the financial statements of the Claiborne Parish Clerk of Court were disclosed during the audit.
3. One significant deficiency relating to the audit of the financial statements is reported in the Independent Auditor's Report on Internal Control.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

2019-001 Inadequate Segregation of Duties

Condition: The segregation of duties is inadequate to provide effective internal control.

Criteria: Adequate segregation of duties is essential to a proper internal control.

Cause of Condition: The condition is due to economic limitations.

Effect of Condition: The effect has not been determined.

Recommendation: No action is recommended.

Response: Management has segregated the duties as much as the size of the office will allow.

Independent Accountant's Report
on Applying Agreed-Upon Procedures

Claiborne Parish Clerk of Court
PO Box 330
Homer, LA 71040

To the Claiborne Parish Clerk of Court's Office

I have performed the procedures enumerated below, which were agreed to by the management of the Claiborne Parish Clerk of Court's Office and the Louisiana Legislative Auditor, State of Louisiana, on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2018 through June 30, 2019. Management of Claiborne Parish Clerk of Court's Office is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

AGREED-UPON PROCEDURES

WRITTEN POLICIES AND PROCEDURES

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operation):

The Clerk provided a policy and procedures manual to test against the agreed upon procedures.

- A. Budgeting, including preparing, adopting, monitoring, and amending the budget.
- B. Purchasing, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
- C. Disbursements, including processing, reviewing, and approving

- D. Receipts/Collections, including receiving, recording, and preparing deposits. Also policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- E. Payroll/Personnel, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
- F. Contracting, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- G. Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)
- H. Travel and expense reimbursement, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- I. Ethics, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.
- J. Debt Service, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- K. Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification personnel, processes, and tools needed to recover operations after a critical event.

The Claiborne Parish Clerk of Court had policies and procedures in the prior year AUP, therefore this section was excluded from testing for the current period. The Disaster Recovery/Business Continuity policy and procedures was added as required.

BOARD (OR FINANCE COMMITTEE, IF APPLICABLE)

- 2. The Claiborne Parish Clerk of Court's office does not have a board or a finance committee therefore this procedure is not applicable.

BANK RECONCILIATIONS

3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:
 - A) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
 - B) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation(e.g., initialed and dated, electronically logged); and
 - C) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

The agency provided me with a certified list of all bank accounts. January, 2019 was randomly selected to be tested. A random sample of 5 bank accounts were selected to test. For the 5 bank accounts selected, it was determined that the bank reconciliations were initialed and dated to show evidence that they were reconciled within 2 months of the closing date of the statements. It was determined that the 3 of the 5 bank reconciliations were performed by the Clerk and reviewed by the outside consultant and the other 2 accounts were performed by an outside consultant and reviewed by the Clerk. 4 of the 5 accounts had no outstanding reconciling items over 12 months. One account had items over 12 months.

COLLECTIONS

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Agency provided me with a certified list of deposit sites and I verified that it was complete.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- A) Employees that are responsible for cash collections do not share cash drawers/registers.

- B) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
- C) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
- D) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

The agency has 1 collection location with one cash register. Multiple deputies work out of the cash register and each employee has an assigned number they must enter when making collections. All collection payments are posted to the fund when received by the deputies. One of the deputies reconciles the cash drawer and makes the deposit. After the deposit is made, the Clerk posts the deposits to the accounting software daily. Bank reconciliations for the general fund are prepared by the Clerk. The cash register is reconciled daily and deposits are made daily. The deposit is made by an employee that also may be reconciling the cash register, since several deputies take turns reconciling the cash register and making the deposits.

- 6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

The Clerk does not have employee theft insurance coverage on the employees.

- 7. The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

NON-PAYROLL DISBURSEMENTS (EXCLUDING CARD PURCHASES/PAYMENTS, TRAVEL REIMBURSEMENTS, AND PETTY CASH PURCHASES)

- 8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Agency provided a complete list of locations that process payments and represented that the list was complete.

- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

- A) At least two employees are involved in initialing a purchase request, approving a purchase, and placing an order/making the purchase.

- B) At least two employees are involved in processing and approving payments to vendors.
- C) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
- D) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

The Clerk does not use a purchase order system. The Clerk initiates and approves all purchases. The Clerk has ultimate approval on all purchases. The Clerk initiates and signs all checks. The Clerk adds any new vendors to the accounting software.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

- A) Observe that the disbursement matched the related original invoice/billing statement.
- B) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

All disbursements selected to be tested had the proper support documentation. The Clerk initiates and approves all purchases. The Clerk writes and signs all checks. The Clerk also reconciles the bank statement for the operating account and it is reviewed by an outside consultant. The Clerk is ultimately responsible for all disbursements of the Clerks office.

CREDIT CARDS/DEBIT CARDS/FUEL CARDS/P-CARDS

11. The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
12. The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
13. The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

TRAVEL AND EXPENSE REIMBURSEMENT

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement form/prepaid expense

documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

The agency provided me with a certified list of travel or related expense reimbursements during the testing period and represented that the list was complete.

- A) The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
- B) The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
- C) The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
- D) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

The Clerk reviews and approves all travel reimbursements. No one reviews the reimbursements for the Clerks travel expenses.

CONTRACTS

- 15. The Claiborne Clerk of Court had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

PAYROLL AND PERSONNEL

I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
