A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

Note 1 - Organization and Basis of Presentation

Organization: Community Outreach of North Evangeline, Inc. is a nonprofit corporation organized under laws of the State of Louisiana and registered and licensed in the State of Louisiana. It is eight home assisted units located in Ville Platte, Louisiana. The Corporation will operate under the provisions of the National Affordable Housing Act. The units become income producing in 2020.

Accounting policies and practices:

The accounting and reporting policies of Community Outreach of North Evangeline, Inc. (a nonprofit corporation), conform to accounting principles generally accepted in the United States of America and the requirements of the United States Department of Housing and Urban Development. The following is a description of certain significant accounting policies and practices:

Method of accounting:

The accrual method of accounting is used for financial statement purposes.

Cash and cash equivalents:

For purposes of reporting cash flows, the Project considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The project has no cash equivalents at December 31, 2021.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of credit risk:

Financial instruments that potentially subject the Project to significant concentrations of credit risk consist primarily of cash, investments and tenant receivables.

The Project places its cash and investments with high quality financial institutions. At times such amounts may be in excess of FDIC insurance limits. The Project does not have a policy of requiring collateral to support the accounts subject to credit risk. Credit risk with respect to tenant receivables is generally diversified due to a large number of tenants; however, the Project's tenant base is limited to Ville Platte, Louisiana and the surrounding area.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

Impairment of Long-Lived Assets:

The organization reviews long-lived assets, including property and equipment and intangible assets, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. To date, there have been no such losses.

Property and depreciation:

Property and equipment are recorded at cost. Additions or improvements are capitalized. Repairs and maintenance that do not materially increase values or extend useful lives are expended. Cost and accumulated depreciation are removed from the accounts when assets are sold or retired. The resulting gains or losses are included in income.

Depreciation of property and equipment is computed using the straight-line method of depreciation primarily over the following estimated useful lives:

	Years
Buildings	40
Building equipment (portable)	5-10
Furniture for project/tenant use	5-10
Office furniture and equipment	5-10

The Project's capitalization policy is to capitalize purchases of property and equipment whose cost exceeds \$1,500.

Income taxes:

Community Outreach of North Evangeline, Inc. (a nonprofit corporation) has been granted an exemption from income taxes as a nonprofit corporation under Section 501(c)(3) of the Internal Revenue Code.

Distributions:

The Project's regulatory agreement with HUD stipulates, among other things, that the Project will not make distributions of assets or income to any of its officers or directors.

Rental income:

Rental income and receivables are recorded on the accrual basis of accounting based on 100% occupancy. Payments made by tenants in advance of the months for which such payments are due are recorded as deferred liabilities until such time as the advance payments are applied against offsetting receivables for rent. Rent increases are prohibited without prior approval from the Department of Housing and Urban Development. No allowance for doubtful accounts is recorded as management believes tenant security

deposits should cover any amount due to the project. Any bad debts are charged off as they become worthless.

Advertising:

Advertising costs are expensed as incurred. Advertising expense was \$0 for the year ended December 31, 2021.

Classification of Net Assets:

Net assets of the Project are classified based on the presence or absence of donor-imposed restrictions. Net assets are comprised of two groups as follows:

Net Assets Without Donor Restrictions – Amounts that are not subject to usage restrictions based on donor-imposed requirements. This class also includes assets previously restricted where restrictions have expired or been met.

Net Assets with Donor Restrictions – Assets subject to usage limitations based on donor-imposed or grantor restrictions. These restrictions may be temporary or may be based on a particular use. Restrictions may be met by the passage of time or by actions of the Project. Certain restrictions may need to be maintained in perpetuity.

Earnings related to restricted net assets will be included in net assets without donor-restrictions unless otherwise specifically required to be included in donor-restricted net assets by the donor or by applicable state law.

The Project does not interpret the guidance in the standard to include amounts restricted by HUD as donor-restricted. The project believes that these amounts do not meet the spirit of the standard for such a classification or that there is any standard indicating that others will treat these assets as donor-restricted.

All assets of the Project at December 31, 2021 were considered to be net assets without donor restrictions.

Note 2 - Net Assets

None of the Project's net assets are subject to donor-imposed restrictions. Accordingly, all net assets are accounted for as net assets without donor restrictions.

Note 3 - Functional Allocation of Expenses

Expenditures incurred in connection with the Project operations have been summarized on a functional basis in the Statement of Activities.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

Note 4 - Financial Statement Presentation

The Project is required to report information regarding its financial position and activities according to three classes of net assets: Unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Organization is required to present a statement of cash flows.

Note 5 – Certificate of Occupancy

The Certificate of Occupancy of the 8 units will be issued as the units are completed.

Note 6 – Subsequent Events

The Project has evaluated subsequent events through March 6, 2023, the date which the financial statements were available to be issued for events requiring recording or disclosure in the organization's financial statements.

Note 7 – Liquidity

At December 31, 2021, the Project has \$31,852 cash and equivalents available to meet needs for general expenditures consisting of cash of \$31,852 and \$0 of accounts receivable. None of the financial assets are subject to donor or other contractual restrictions. Accordingly, all such funds are available to meet the cash needs of the projects in the next 12 months. In addition, the Project may maintain funds in a reserve for replacement or operating deficit. These funds are used for the benefit of the tenants and/or Project and are required by LHC. The funds may be withdrawn only with the approval of LHC. Such funds are not considered by the Project to have donor-restrictions.

The Project manages its liquidity by developing and adopting annual operating budgets that provide sufficient funds for general expenditures in meeting its liabilities and other obligations as they become due. Cash needs of the Project are expected to be met on a monthly basis from the rents of project units. In general, the Project maintains sufficient financial assets on hand to meet 30 days worth of normal operating expenses.

Note 8 - Functional Expenses

The Project provides low-income housing to its tenants. The cost of providing program services and supporting activities has been summarized on a functional basis in the table below. Expenses directly attributable to a specific functional activity of the Project are reported as expenses of those functional activities. There are no functional expenses that require allocation between activities.
