MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis of the Red River Council on Aging, Inc.'s (the Council) financial performance presents a narrative overview and analysis of the Council's financial activities for the year ended June 30, 2022. This document focuses on the current year's activities, resulting changes, and currently known facts. Please read this document in conjunction with the basic financial statements which follows this section.

Financial Highlights

- The Council showed an increase in overall net position of \$47,881 or 7.8%.
- Net investment in capital assets of the Council decreased by \$15,521 or 7.3%.
- Administrative expenses increased by \$15,112 or 17%.
- The unassigned fund balance for the Council's General Fund increased by \$13,986 at year end.
- Fund revenues decreased by \$43,834 or 4.3%.
- Fund expenditures increased by \$42,833 or 5.0%.
- No deficit fund balances existed at year end.

Reporting the Council as a Whole Using Government-Wide Statements

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Council as a whole and present a longer-term view of the Council's finances. These statements tell how these services were financed in the short-term as well as what remains for future spending.

The Statement of Net Position and the Statement of Activities include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private-sector companies. All current year revenues and expenses are taken into account regardless of when cash is received or paid.

The Government-Wide Statements report the Council's net position and changes in it. The Statement of Net Position is designed to present the financial position of the Council as of year-end. Over time, increases or decreases in the Council's net position is one indicator of whether its financial position is improving or deteriorating. However, to assess the overall financial position of the Council, you will need to consider other non-financial factors, such as the condition of the Council's capital assets and facilities, the addition or termination of grants and other revenue sources, and the expansion or contraction of programs and services.

The Statement of Activities provides information that shows how the Council's net position changed as a result of this year's activities. All of the Council's significant activities are reported in the Statement of Activities. These activities include an Administration function and a Health, Welfare, and Social Services function. The Health, Welfare, and Social Services function is comprised of various programs that include various supportive social services, nutritional services, utility assistance, and disease prevention and health promotion. All activities of the Council are considered to be governmental activities. A governmental activity is one where the Council uses money it receives from government grants and contracts, along with donations from the general public, to pay for the services it provides to the general public, or a segment of the general public, such as the elderly. In other words, the people benefiting from the services are not required to pay for what they receive.

Reporting the Council's Funds Using Fund Financial Statements

The Fund Financial Statements can be found on pages 14-17 and provide detailed information about the funds. In the Fund Financial Statements you will see a General Fund and a variety of Special Revenue Funds. The General Fund is used to account for all financial resources except those that are required to be accounted for in another fund. The Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. By using separate funds to track revenues and expenditures, we can control and manage funds for particular purposes or we can show that the fund is meeting legal responsibilities for using certain grants.

The General Fund and Special Revenue Funds are considered governmental funds. Governmental funds focus on how money flows into and out of funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified* accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the Council's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the council's programs. The difference between the net position of governmental activities and the fund balances of the governmental funds are in a reconciliation at the bottom of the Balance Sheet for Governmental Funds. In addition, the difference between the change in fund balance for the governmental funds and the change in net position for the governmental activities has been presented in a reconciliation on a separate page that follows the Statement of Revenues, Expenditures, and Changes in Fund Balances for the Governmental Funds.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the Financial Statements can be found on pages 19-33. You should read the notes before making assumptions or drawing conclusions about the Council's financial condition.

Supplementary Financial Information Required by GASB Statement 34

The *Governmental Accounting Standards Board* (GASB) Statement No. 34 requires budgetary comparison schedules for the General Fund and each major Special Revenue Fund that has a legally adopted annual budget. The schedules compare the original and final appropriated budgets to actual results for the Council's fiscal year. We have also opted to present positive and negative variances between the final budget and actual amounts.

The Council's General Fund budget was amended to reflect an increase in operating supplies.

The actual revenues in the General Fund were \$6,070 more than the final budgeted amounts and the actual expenditures were \$1,042 less than the final budgeted amounts.

For the year ended June 30, 2022, General Fund revenues and expenditures were within the 5% variance allowed.

Major funds are those funds whose revenues, expenditures, assets, or liabilities are at least 10% of corresponding totals for all governmental funds.

Management's Discussion and Analysis is also required supplementary information (RSI) by GASB Statement No. 34. However, it is presented as the first item in this reporting package and not with the other RSI required by GASB Statement No. 34.

Other Supplementary Financial Information Required by GOEA

The Council has also presented other required supplementary information in this report package.

The Governor's Office of Elderly Affairs (GOEA) has required the Council to present as schedules the information on pages 40 through 42. This information will be used by GOEA to verify the accuracy of information the Council submitted to it during the year and to help GOEA monitor certain compliance requirements set forth in the grants that it has with the Council.

Supplementary Information Required by State Law

Act 706 of the 2014 Louisiana Legislative session amended Louisiana Revised Statute 24:513(A)(3) to require a supplementary Schedule of Compensation, Reimbursements, Benefits and Other Payments to the Agency Head or Chief Executive Officer. This information is designed to permit the public to see what the agency's head has been paid or reimbursed during the year. The objective is to make the Council's expenditures more transparent.

An Analysis of the Council as a Whole Using Government-Wide Financial Statements

The following reflects condensed information on the Council's net position as of June 30, 2022 and June 30, 2021:

	<u>2022</u>	<u>2021</u>
Assets:		
Cash & Cash Equivalents	\$520,077	\$457,688
Revenue Receivables	21,827	17,007
Capital Assets, Net	<u>195,522</u>	<u>211,043</u>
Total Assets	<u>\$737,426</u>	<u>\$685,738</u>
Liabilities:		
Cash Overdraft	\$ 7,300	\$ 3,444
Accounts Payable	18,518	18,193
Compensated Absences	<u>50,716</u>	<u>51,090</u>
Total Liabilities	<u>\$ 76,534</u>	<u>\$ 72,727</u>
Net Position:		
Net Investment in Capital Assets	\$195,522	\$211,043
Unrestricted	<u>465,370</u>	<u>401,968</u>
Total Net Position	<u>\$660,892</u>	<u>\$613,011</u>

As of June 30, 2022, the Council "as a whole" had assets greater than its liabilities by \$660,892. This is an increase of \$47,881 from prior year.

Summary of Statement of Activities

	<u>2022</u>	<u>2021</u>
Revenues:		
Program Revenues-		
Operating Grants and Contributions	\$739,760	\$ 789,338
General Revenues-		
Ad Valorem Taxes	223,336	209,475
Insurance Proceeds	<u>0</u>	<u>17,353</u>
Total Revenues	<u>\$963,096</u>	<u>\$1,016,166</u>
 Program Expenses of the Health, Welfare, and Social Services Function:		
Supportive Services-		
Other Supportive Services	\$350,052	\$ 318,108
Homemaker	32,064	37,829
Information and Assistance	2,717	3,804
Legal Assistance	918	1,175
Outreach	1,006	1,282
Transportation	31,677	25,937
Nutrition Services-		
Congregate Meals	177,034	187,750
Home Delivered Meals	209,514	171,241
Utility Assistance	1,247	3,060
Disease Prevention and Health Promotion	5,446	3,217
Administration Expenses	<u>103,540</u>	<u>88,428</u>
Total Expenses	<u>\$915,215</u>	<u>\$ 841,831</u>
 Change in Net Position	 <u>\$ 47,881</u>	 <u>\$ 165,099</u>

The Council's total revenues decreased by \$53,070 or 5.2% from prior year. Total expenses increased by \$73,384 or 8.7% from prior year.

Capital Assets

The Council's investments in capital assets for its governmental activities as of the end of this year and last year are illustrated in the following table.

	<u>Capital Assets, Net of Depreciation</u>		
	<u>2022</u>	<u>2021</u>	<u>Increase/ (Decrease)</u>
Buildings	\$ 4,230	\$ 4,726	\$ (496)
Furniture & Equipment	7,716	4,079	3,637
Building Improvements	136,254	137,756	(1,502)
Vehicles	47,322	64,482	(17,160)
	<u>\$195,522</u>	<u>\$211,043</u>	<u>\$(15,521)</u>

This year the Council purchased two pieces of equipment (one computer and one steamtable), and made improvements its facilities (roofing, ceiling and lighting). During the year, the Council disposed of one inoperable steamtable.

An Analysis of Governmental Activities

Most of the Council's activities are funded by federal, state, and local grants. The amount of funds available from most of the grants remains rather constant from year to year; however, some grant amounts may change based upon the level of service provided by the Council under the terms of the particular grant award.

The Council also receives donations from its clients and the general public. These revenues help to lessen the financial burden on the Council and allow it to maintain and expand services.

Economic Factors and Next Year's Budgets

The Board of Directors considered the following factors and indicators when setting next year's budget, rates, and fees. These factors and indicators include:

- Consideration of the proceeds to be received from property tax revenues.
- Consideration of other funding from the GOEA, other grants and private contributions.
- Salaries based on the number of employees needed to provide services and the related fringe benefits.
- The extent of travel reimbursements.
- The demand for particular services the Council provides and related costs.
- Estimate of operating supplies needed to perform necessary services.
- The need to purchase new or replacement vehicles and other capital assets.

The Council receives most of its funding from federal, state and local agencies, as well as its property tax. Because of this, the source of income for the Council is rather steady. However, some of the Council's grants and contracts are contingent upon the level of service provided by the council, and therefore, revenues may vary from year to year. Management is not aware of any significant increases or decreases associated with any of the usual revenue sources that will impact next year's budget.

Contacting the Council's Management

Our financial report is designed to provide government agencies and the general public an overview of the Council's finances and to demonstrate accountability for the money that it receives. If you have any questions about this report or wish to ask for more information, you should contact Elizabeth Cannon, Executive Director, P. O. Drawer 688, Coushatta, Louisiana 71019.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Red River Council on Aging, Inc.
Coushatta, Louisiana 71019

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Red River Council on Aging, Inc. (Council) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, major funds, and the aggregate remaining fund information of the Council as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Council and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council's ability to continue as a going concern for twelve months beyond the financial statements date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (pages 1 through 5) and budgetary comparison information (pages 35 through 38) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is presented for purposes of additional analysis and is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency

with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Council's basic financial statements. The accompanying Combining Schedule of Revenues, Expenditures, and Changes in Fund Balance - Nonmajor Governmental Funds, and the Comparative Schedule of Capital Assets and Changes in Capital Assets are presented for purposes of additional analysis by the Governor's Office of Elderly Affairs (GOEA). In addition, Louisiana Revised Statute 24:513(A)(3), as amended, requires the Council to present a supplementary schedule of Compensation, Benefits, and Other Payments to Agency Head or Chief Executive Officer for purposes of additional analysis for the fiscal year. These schedules are not a required part of the basic financial statements.

This supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2022, on our consideration of the Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Council's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Louisiana Legislative Auditor, we have issued a report, dated October 28, 2022, on the results of our statewide agreed-upon procedures performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*. The purpose of that report is solely to describe the scope of testing performed on those control and compliance areas identified in the Louisiana Legislative Auditor's state wide agreed-upon procedures, and the results of that testing, and not to provide an opinion on control or compliance.

Red River Council on Aging, Inc.
Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances of the Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2022

Net change in Fund Balance - Governmental Funds	\$ 63,028
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental Funds report Capital Outlays as expenditures. However, in the Statement of Activities, the cost of these assets is allocated over their estimated useful lives as depreciation expense. The cost of capital assets recorded in the current period is	19,558
The following are reported in the Government-wide financial statements, but do not require the use of current financial resources and are not reported in the Fund Financial Statements.	
Depreciation Expense	(35,079)
Change in Accrued Compensated Absences	<u>374</u>
Increase in Net Position of Governmental Activities	<u>\$ 47,881</u>

See independent auditors' report and notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

Introduction

The purpose of the Council is to collect facts and statistics and make special studies of conditions pertaining to the employment, financial status, recreation, social adjustment, mental and physical health or other conditions affecting the welfare of the aging people in Red River Parish; to keep abreast of the latest developments in these fields of activity throughout Louisiana and the United States; to interpret its findings to the citizens of the parish; to provide for a mutual exchange of ideas and information on the parish and state level; to conduct public meetings to make recommendations for needed improvements and additional resources; to promote the welfare of aging people when requested to do so; to coordinate and monitor services of other local agencies serving the aging people of the parish; and to assist and cooperate with the Governor's Office of Elderly Affairs (GOEA) and other departments of state and local government serving the elderly; and to make recommendations relevant to the planning and delivery of services to the elderly of the parish.

Specific services provided by the Council to the elderly residents of Red River Parish include providing congregate and home delivered meals, nutritional education, personal care, information and assistance, outreach, material aid, home repairs, utility assistance, homemakers, recreation, legal assistance, disease prevention, health promotion, and transportation.

1. Summary of Significant Accounting Policies:

A. Reporting Entity

In 1964, the State of Louisiana passed Act 456 authorizing the charter of a voluntary council on aging for the welfare of the aging people in each parish of Louisiana. However, before the council on aging can begin operations in a specific parish, its application for a charter must receive approval from the Governor's Office of Elderly Affairs pursuant to LA R.S. 46:1602. The functions of each council on aging in Louisiana must comply with the objectives of state laws and are governed by the policies and regulations established by GOEA.

The Red River Council on Aging is a legally separate, non-profit, quasi-public corporation. A board of directors, consisting of 12 voluntary members, who serve three-year terms, governs the Council.

Membership in the Council is open at all times, without restriction, to all residents of Red River Parish who have reached the age of majority and who express an interest in the Council and wish to contribute to or share in its programs. Membership fees are not charged.

Based on the criteria set forth in GASB Statement No. 14, the Red River Council on Aging is not a component unit of another primary government nor does it have any component units that are related to it. In addition, based on the criteria set forth in GASB Codification Section 2100, the Council has presented its financial statements as a primary government, because it is a special-government that has a separate governing body, is legally separate, and is fiscally independent of other state and local governments. As used in GASB Statement 14, the term fiscally independent means that the Council may, without approval or consent of another governmental

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

A. Reporting Entity (continued)

entity, determine or modify its own budget, set rates or charges, and issue bonded debt. As previously mentioned, GOEA establishes the policies and regulations that all councils must follow. Included in its policies is a provision that the Council's budget be approved by GOEA. However, this approval process is part of GOEA's general oversight responsibility for the Council and is more ministerial or compliance oriented than substantive.

Accordingly, the Council is viewed as being fiscally independent for purposes of applying the reporting entity criteria of GASB Statement 14.

B. Basis of Presentation

The Council's statements are prepared in accordance with accounting principles generally accepted (GAAP) in the United States of America as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

Government-Wide Financial Statements

The Council's basic financial statements include both Government-Wide and Fund Financial Statements. Both the Government-Wide and Fund Financial Statements categorize primary activities as either governmental or business type. The Council's functions and programs have been classified as governmental activities.

In the Government-Wide Statement of Net Position, the governmental type activities column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Council's net position is reported in three parts - net investment in capital assets; restricted net position; and unrestricted net position. Net investment in capital assets consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those capital assets. Restricted net position consists of net resources with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. Unrestricted net position includes all other net resources that do not meet the definition of "restricted" or "net investment in capital assets."

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted net resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

B. Basis of Presentation (continued)

The Government-Wide Statement of Activities reports both the gross and net cost of each of the Council's functions and significant programs. Many functions and programs are supported by general government revenues like intergovernmental revenues, and unrestricted investment income, particularly if the function or program has a net cost. The Statement of Activities begins by presenting gross direct and indirect expenses that include depreciation, and then reduces the expenses by related program revenues, such as operating and capital grants and contributions, to derive the net cost of each function or program. Program revenues must be directly associated with the function or program to be used to directly offset its cost. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

The Council allocates its indirect costs among various functions and programs in accordance with 2 CFR Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The Statement of Activities shows this allocation in a separate column labeled "indirect expenses." In addition, GOEA provides administrative grant funds to help the Council pay for a portion of its indirect costs. As a result, only the indirect costs in excess of the GOEA funds are allocated to the Council's other functions and programs.

The Government-Wide Statements focus upon the Council's ability to sustain operations and the change in its net position resulting from the current year's activities.

C. Fund Financial Statements

The financial transactions of the Council are reported in individual funds in the Fund Financial Statements. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are reported by generic classification within the financial statements.

The Council uses governmental fund types. The focus of the governmental funds' measurement (in the fund statements) is on determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than on net income. An additional emphasis is placed on major funds within the governmental fund types. A fund is considered major if it is the primary operating fund of the Council or if its total assets, liabilities, revenues, or expenditures are at least 10% of the corresponding total for all funds of that category or type.

In the fund statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance - amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact.
- b. Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

C. Fund Financial Statements (continued)

- c. Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.
- d. Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance - amounts that are available for any purpose. Only the General Fund would report positive amounts in unassigned fund balance.

The General Fund has an unassigned fund balance of \$429,239. If applicable, the Council would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

The following is a description of the governmental funds of the Council:

The General Fund

The General Fund is the general operating fund of the Council. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. A large percentage of the Council's special revenue funds are Title III funds. These funds are provided by the United States Department of Health and Human Services - Administration on Aging to the Governor's Office of Elderly Affairs, which in turn "passes through" the funds to the Council.

The Council has established several special revenue funds. The following is a brief description of each special revenue fund's purpose:

Major Special Revenue Funds

Title III C-1 Fund

The Title III C-1 Fund is used to account for funds that are used to provide nutritional, congregate meals to the elderly.

Title III C-2 Fund

The Title III C-2 Fund is used to account for funds that are used to provide nutritional meals to homebound older persons.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

C. Fund Financial Statements (continued)

Section 5311 Fund

The Section 5311 Fund was established to account for funds under the U.S. Department of Transportation's Public Transportation for Nonurbanized Areas - Section 5311 Program. The Louisiana Department of Transportation and Development (DOTD) receives these funds for the State of Louisiana and passes them through to the Council via the Red River Parish Police Jury. Funds earned and received by the Council are based on actual operating costs of providing transportation services to rural residents within Red River Parish. As part of calculating the operating costs of this program, the Council may apportion some of the in-kind contributions it receives as allowable transportation expenses. This provision results in the Council receiving cash reimbursement for costs that it did not spend cash for. Section 5311 funds are used as operating transfers to help pay for costs incurred in providing transportation services under the Council's various transportation programs.

Title XIX Adult Daycare Program

The Adult Daycare Program is used to provide adult daycare to the elderly.

Non-Major Special Revenue Funds

Title III C Area Agency Administration Fund

The Title III C Area Agency Administration Fund is used to account for a portion of the indirect costs of administering the Council's programs. Each fiscal year GOEA provides the Council with funds to help pay for the costs of administering the council's special programs for the elderly. The amount of funding is not enough to pay for all the indirect costs. As a result, the Council will allocate its indirect costs to this fund first. Once the GOEA funds are completely used, any indirect costs, in excess of the funds provided by GOEA, are distributed to other funds and programs using a formula based on the percentage each program's direct costs bear to direct costs for all programs.

Title III D Fund

The Title III D Fund is used to account for funds used for disease prevention and health promotion activities.

Title III E Fund

The Title III E Fund accounts for the resources and activities of the National Family Caregiver Support Program. The purpose of the program is to provide multifaceted systems of support services for the family caregivers and of older individuals who are relative caregivers.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

C. Fund Financial Statements (continued)

Senior Center Fund

The Senior Center Fund is used to account for the administration of Senior Center program funds appropriated by the Louisiana Legislature to GOEA, which in turn “passes through” the funds to the council. The purpose of this program is to provide a community service center at which elderly people can receive supportive social services and participate in activities which foster their independence, enhance their dignity, and encourage their involvement in and with the community.

Title III B Fund

The Title III B Fund is used to account for funds which are used to provide various units of supportive social services to the elderly. GOEA has established the criteria for defining a qualifying unit of service for each Title III program.

Utility Assistance Fund

The Utility Assistance Fund is used to account for the administration of utility assistance programs that are sponsored by local utility companies. The companies collect contributions from service customers and remit the funds to the parish councils on aging to provide assistance to the elderly for the payment of utility bills.

N.S.I.P. Fund

The Nutritional Services Incentive Program Fund is used to account for the administration of Nutrition Program for the Elderly funds provided through the Governor’s Office of Elderly Affairs, which in turn “passes through” the funds to the Council.

Medical Transportation

The Medical Transportation Fund is used to provide transportation for medical appointments for the elderly.

Supplemental Senior Center Fund

The Supplemental Senior Center Fund was established to account for funds that were appropriated by the Louisiana Legislature for the various councils on aging throughout Louisiana to supplement each council’s primary grant for senior center operations and activities.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

D. Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the Council as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Council considers all revenues "available" if collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

E. Interfund Activity

Interfund activity is reported as either loans or transfers. Loans between funds are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. All other interfund transactions are treated as transfers. Transfers represent a permanent reallocation of resources between funds. Transfers between funds are netted against one another as part of the reconciliation of the change in fund balances in the fund financial statements to the change in net position in the Government-Wide Financial Statements.

F. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and petty cash. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Cash and cash equivalents are reported at their carrying amounts that equal their fair values.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

G. Capital Assets

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets are long-lived assets that have been purchased or acquired with an original cost of at least \$1,000 and that have an estimated useful life of greater than one year. When purchased or acquired, these assets are recorded as capital assets in the Government-Wide Statement of Net Position. In contrast, in the Fund Financial Statements, capital assets are recorded as expenditures of the fund that provided the resources to acquire the asset. If the asset was purchased, it is recorded in the books at its cost. If the asset was donated, then it is recorded at its estimated fair market value at the date of donation.

For capital assets recorded in the Government-Wide Financial Statements, depreciation is computed and recorded using the straight-line method for the asset's estimated useful life. The estimated useful lives of the various classes of depreciable capital assets are as follows:

Building Improvements	20 years
Equipment	5-7 years
Vehicles	5 years
Computers	3 years

Salvage values have not been estimated by management when calculating how much of an asset's cost needs to be depreciated.

In the Fund Financial Statements, capital assets used in the Council's operations are accounted for as capital outlay expenditures of the governmental fund that provided the resources to acquire the assets. Depreciation is not computed or recorded on capital assets for purposes of the Fund Financial Statements.

H. Compensated Absences

The Council's policies for vacation time permit employees to accumulate earned but unused vacation leave. Accordingly, a liability for the unpaid vacation leave has been recorded in the Government-Wide Statements. The amount accrued as the compensated absence liability was determined using the number of vested vacation hours for each employee multiplied by the employee's wage rate in effect at the end of the year.

In contrast, the governmental funds in the Fund Financial Statements report only compensated absence liabilities that are payable from expendable available financial resources to the extent that the liabilities mature (or come due for payment). Vacation leave does not come due for payment until an employee makes a request to use it or terminates employment with the Council. Accordingly, no amounts have been accrued as fund liabilities as of year-end in the Fund Financial Statements.

The Council's sick leave policy does not provide for the vesting of sick leave thereby requiring the employee to be paid for any unused leave upon termination of employment. Accordingly, no amounts have been accrued as unpaid compensated absences in the Government-Wide Financial Statements relative to sick leave.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

I. Allocation of Indirect Expenses

The Council reports all direct expenses by function and programs of functions in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function or program. Indirect expenses are recorded as direct expenses of the Administration function. GOEA provides funds to partially subsidize the Council's Administration function. The unsubsidized net cost of the Administration function is allocated using a formula that is based primarily on the relationship the direct cost a program bears to the direct cost of all programs. There are some programs that cannot absorb any indirect cost allocation according to their grant or contract limitations.

J. Management's Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

K. Elimination and Reclassifications

In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

2. Budgets and Budgetary Accounting:

The Council follows these procedures in establishing the budgetary data reflected in these financial statements.

1. The Governor's Office of Elderly Affairs (GOEA) and other funding agencies notify the Council each year as to the funding levels for each program's grant award.
2. The Executive Director prepares a proposed budget based on the funding levels provided by GOEA and then submits the budget to the Board of Directors for approval.
3. The Board of Directors reviews and adopts the budget before June 30 of the current year for the next year.
4. The adopted budget is forwarded to the Governor's Office of Elderly Affairs or other appropriate funding agency for final approval.
5. Most budgetary appropriations lapse at the end of each fiscal year (June 30).
6. The budget is prepared on a modified accrual basis, consistent with the basis of accounting, for comparability of budgeted and actual revenues and expenditures.
7. Budgeted amounts included in the accompanying financial statements include the original adopted budget amounts and all subsequent amendments.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

2. Budgets and Budgetary Accounting (continued):

8. Actual amounts are compared to budgeted amounts periodically during the fiscal year as a management control device.
9. The Council may transfer funds between line items as often as required but must obtain prior approval from the respective funding agency for funds received under grants from each agency.

3. Cash in Bank:

The Council maintains a consolidated bank account that is available for use by all funds. The purpose of this consolidated account is to reduce administration costs and facilitate cash management. The consolidated account also allows those funds with available cash resources to temporarily cover any negative cash balances in other funds.

The cash and cash equivalents of the Council are subject to the following risk:

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Council will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Commission that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Council's name.

At year-end, the carrying amount of the Council's cash balances on the books was \$512,777, including \$7,300 in overdrafts in the following funds:

ADHC	\$5,768
AAA	304
Title III B	1,035
Title III D	<u>193</u>
Total Overdrafts	<u>\$7,300</u>

The related bank cash balances totaled \$516,136. The difference in the book and bank balances for cash relates primarily to deposits made and checks written which did not clear the bank accounts by year-end. \$250,000 of bank balances were covered by federal depository insurance, and the exceeding amount of \$266,136 was secured by a letter of credit.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

4. Revenue Receivable:

Revenue receivable at June 30, 2022, included the following funds:

<u>Program</u>	<u>Fund</u>	<u>Provider</u>	<u>Amount</u>
Section 5311 Special Revenue	DOTD/Other	DOTD	\$12,704
ADHC	ADHC	LDH	5,907
American Rescue Plan Act	Various	GOEA	<u>3,216</u>
Total Revenue Receivable			<u>\$21,827</u>

5. Capital Assets:

A summary of changes in capital assets is as follows:

<u>Activities</u>	<u>Balance 07-01-21</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 06-30-22</u>
Capital Assets Depreciated:				
Buildings	\$112,531	\$ 0	\$ 0	\$112,531
Furniture & Equipment	83,811	5,157	1,858	87,110
Building Improvements	449,117	14,401	0	463,518
Vehicles	<u>189,284</u>	<u>0</u>	<u>0</u>	<u>189,284</u>
Total Assets	<u>\$834,743</u>	<u>\$19,558</u>	<u>\$1,858</u>	<u>\$852,443</u>
Less, Accumulated Depreciation:				
Buildings	\$107,805	\$ 496	\$ 0	\$108,301
Furniture & Equipment	79,732	1,520	1,858	79,394
Building Improvements	311,361	15,903	0	327,264
Vehicles	<u>124,802</u>	<u>17,160</u>	<u>0</u>	<u>141,962</u>
Total Accumulated Depreciation	<u>\$623,700</u>	<u>\$35,079</u>	<u>\$1,858</u>	<u>\$656,921</u>
Net Capital Assets	<u>\$211,043</u>	<u>\$(15,521)</u>	<u>\$ 0</u>	<u>\$195,522</u>

Depreciation expense for the year ended June 30, 2022, was charged as follows:

Local	\$ 4,140
Multipurpose Senior Centers	1,140
Nutrition Services:	
Congregate Meals (C-1)	3,870
Home Delivered Meals (C-2)	3,870
Section 5311	7,912
Adult Daycare - Title XIX	4,899
Medical Transportation	<u>9,248</u>
Total	<u>\$35,079</u>

The Council's management has reviewed the capital assets and does not believe any of them are impaired. None of the above amounts include any donated assets.

6. Interfund Transfers:

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of governmental funds. The following is a summary of interfund operating transfers:

	<u>Operating Transfers In</u>	<u>Operating Transfers Out</u>
General Fund	\$ 195	\$218,321
Special Revenue Funds-		
Title III C-1	97,139	0
Title III C-2	91,241	0
Title XIX - Adult Daycare	61,335	17,390
Supplemental Senior Center	0	10,913
Multipurpose Senior Centers	996	0
Supportive Services	10,952	0
Caregiver Services	1,208	0
Disease Prevention	8	0
Utility Services	261	0
Nutritional Services Incentives	<u>0</u>	<u>16,711</u>
Totals	<u>\$263,335</u>	<u>\$263,335</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the other funds to finance various programs accounted for in other funds in accordance with budgetary authorizations.

These transfers were eliminated as a part of the consolidation process in preparing the Government-Wide Financial Statements.

7. Ad Valorem Taxes:

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the Council in June or July and are actually billed to taxpayers in November. Billed taxes become delinquent on January 1 of the following year. Revenues from ad valorem taxes are recognized as revenue when billed.

The Red River Parish Sheriff's Office bills and collects property tax for the Council. Collections are remitted to the Council monthly.

Property Tax Calendar

Assessment date	January 1
Levy date	June 30
Tax bills mailed	October 15
Total taxes are due	December 31
Penalties and interest added	January 31
Lien date	January 31
Tax Sale	May 15

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

7. Ad Valorem Taxes (continued):

The Council is permitted to levy taxes up to 10% of the assessed property valuation for each specified purpose after the approval by the voters of the Parish. Assessed values are established by the Red River Parish Tax Assessor each year on a uniform basis at the following ratios to fair market value:

10% land	15% machinery
10% residential improvements	15% commercial improvements
15% industrial improvements	25% public service properties, excluding land

For the tax year 2021, taxes of 0.99 mills were levied on property with an assessed valuation totaling \$245,792,800 and were dedicated to the Council on Aging's senior citizen programs. Louisiana law exempts the first \$7,500 of assessed value of a taxpayer's primary residence from parish property taxes. This homestead valuation was a total of \$11,810,420 of the assessed value.

Total taxes collected were \$223,336 after small adjustments were made to the original tax roll.

Tax Abatement –

The Louisiana Industrial Ad Valorem Tax Exemption program (Louisiana Administrative Code, Title 13, Chapter 5) is a state incentive program which abates, up to ten years, local ad valorem taxes on a manufacturer's new investment and annual capitalized additions related to the manufacturing site. Applications to exempt qualified property for five years are approved by the Louisiana Economic Development's Board of Commerce and Industry. The exemption may be renewed for an additional five years. Under agreements entered into by the State of Louisiana, through the Louisiana Industrial Ad Valorem Tax Exemption program, the ad valorem tax revenues for the Red River Council on Aging were reduced by \$167 for the calendar year ending December 31, 2021.

8. Changes in General Long-term Obligations - Compensated Absences:

The following is a summary of the changes in long-term obligations for accrued compensated absences for the year ended June 30, 2022:

Long-term obligations	
Payable at July 1, 2021	\$51,090
Net Change	<u>(374)</u>
Long-term obligations	
Payable at June 30, 2022	<u>\$50,716</u>

9. Board of Directors' Compensation:

The Board of Directors is a voluntary board; therefore, no compensation has been paid to any member. However, board members are reimbursed for any out-of-pocket costs they might incur on behalf of the Council in accordance with the Council's applicable reimbursement policy.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

10. In-Kind Contributions:

The Council received \$26,250 in various in-kind contributions during the year, which have been valued at their estimated fair market value, and presented in this report as revenue. Related expenditures, equal to the in-kind revenues, have also been presented, thereby producing no effect on net income (loss) in the governmental fund types.

11. Line of Credit:

The Council's board of directors has approved a \$25,000 line of credit with the Council's bank, which is to be used in the event grant funds are not received timely. During the fiscal year ending June 30, 2022, the Council made no draws on the line of credit and there was no balance due.

12. Income Tax Status:

The Council, a non-profit corporation, is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code, and as an organization that is not a private foundation as defined in Section 509(a) of the Code. It is also exempt from Louisiana income tax.

The Council files a Form 990 *Return of Organization Exempt from Income Tax* which is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

13. Economic Dependency:

The Council receives the majority of its revenue through grants administered by the Louisiana Governor's Office of Elderly Affairs (GOEA) and the Louisiana Department of Transportation and Development (DOTD). The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state level, the amount of funds the Council receives could be reduced significantly and have an adverse impact on its operations. Management is not aware of any actions that will adversely affect the amount of funds the Council will receive in the next fiscal year.

14. Risk Management:

The Council is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; job related illnesses or injuries to employees; and natural disasters. The Council has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. There have been no significant reductions in coverage from the prior year. No settlements were made during the current year or prior three fiscal years that exceeded the Council's insurance coverage.

The Council's management has not purchased commercial insurance or made provision to cover or reduce the risk of loss as a result of business interruption and certain acts of nature, like floods or earthquakes. The Council's management is not aware of any potential judgments or claims pending at year end.

Red River Council on Aging, Inc.
Notes to Financial Statements
June 30, 2022

15. Contingencies:

The Council participates in a number of state and federal grant programs, which are governed by various rules and regulations. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Council has not complied with the rules and regulations governing the grants, refunds of any money received and the collectability of any related receivable at year end may be impaired.

In management's opinion, there are no significant contingent liabilities relating to compliance with the rules and regulations governing state and federal grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies. Audits of prior years have not resulted in any significant disallowed costs or refunds. Any costs that would be disallowed would be recognized in the period agreed upon by the grantor agency and the Council.

16. Related Party Transactions:

Procedures, observations, and inquiries did not disclose any material related party transactions for the fiscal year ended June 30, 2022.

17. Subsequent Events:

Management has evaluated events through October 28, 2022, the date which the financial statements were available for issue. In September, 2022, the Louisiana Department of Health approved an increase in the reimbursement rate for ADHC services. The rate increase was made possible through the American Rescue Plan Act of 2021, as workforce retention bonus payments, and was retroactively effective for services rendered on or after October 1, 2021. The Council received approximately \$17,000 in payment for these adjustments in September and October of 2022.

Red River Council on Aging, Inc.
Notes to Required Supplementary Information
Year Ended June 30, 2022

Note 1. Budgetary Comparison Schedules

The budget information presented in this section of required supplementary information applies to “major” governmental funds for which annual budgets were adopted. Budgetary information for “nonmajor” funds has not been included anywhere in these financial statements.

Budgetary Comparison Schedules are not presented for the Section 5311 and Adult Daycare funds as the Council is not legally required to adopt a budget for these funds.

For the year ended June 30, 2022, the Title III C-1 fund presents a \$97,139 excess of expenditures over appropriations, and the Title III C-2 fund presents a \$91,241 excess of expenditures over appropriations. These excesses are covered by transfers in from the Millage Tax fund.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Red River Council on Aging, Inc.
Coushatta, Louisiana 71019

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Red River Council on Aging's (Council) basic financial statements and have issued our report thereon dated October 28, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify one deficiency in internal control that we consider to be a significant deficiency, described in the accompanying Schedule of Audit Findings as *Item 2022-001 - Segregation of Duties*.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Council's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Management's Response to Finding

Red River Council on Aging, Inc.'s response to the finding identified in our audit is described in the accompanying Schedule of Audit Findings. This response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

Red River Council on Aging, Inc.
Schedule of Audit Findings and Responses
Year Ended June 30, 2022

I. SUMMARY OF AUDIT RESULTS

The following summarize the audit results:

1. An unmodified opinion was issued on the financial statements of the Red River Council on Aging, Inc. as of and for the year ended June 30, 2022.
2. The audit disclosed one significant deficiency in internal control which was not determined to be a material weakness, identified as finding 2022-001 - *Segregation of Duties*.
3. The audit disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

II. FINDINGS IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

2022-001 *Segregation of Duties*

Criteria - Proper internal controls dictate that duties be segregated so that no one individual performs or controls all duties related to the accounting system.

Condition - In reviewing the internal control structure, we noted that Red River Council on Aging, Inc. does not have adequate segregation of duties with respect to all areas of the accounting function.

Cause - Due to a lack of funds, Red River Council on Aging does not have a sufficient number of employees to adequately separate accounting duties or to prepare the Council's annual financial statements with related note disclosures.

Effect - Without adequate segregation of duties and oversight, intentional or unintentional errors could be made and not detected within the accounting system, increasing the risk of loss or theft of the Council's assets.

Recommendation - Keeping in mind the limited number of employees to which the duties can be assigned, and since the costs associated with establishing an appropriate system of internal control should not outweigh the benefits derived from it, the Council should monitor assignment of duties to assure as much segregation of duties and responsibilities as possible.

Management's Response - Management has provided as much segregation as possible with the resources available and will continue to monitor assignment and segregation of duties. In addition, we have evaluated the cost/benefit of establishing a system to prepare our annual financial statements and have determined it is in the best interest of the Council to have our independent auditors prepare our financial statements. We understand that we should review the financial statements and notes and accept responsibility for their contents and presentation.

Red River Council on Aging, Inc.
Schedule of Audit Findings and Responses (continued)
Year Ended June 30, 2022

III. PRIOR YEAR FINDINGS

2021-001 Segregation of Duties

Condition - In reviewing the internal control structure, we noted that Red River Council on Aging, Inc. does not have adequate segregation of duties with respect to all areas of the accounting function.

Status - At June 30, 2022, this condition has not cleared. See Finding *2022-001*.

**INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING
STATEWIDE AGREED-UPON PROCEDURES**

To the Red River Council on Aging, Inc.
and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor’s (LLA’s) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2021 through June 30, 2022. The management of the Red River Council on Aging, Inc. (Council) is responsible for those C/C areas identified in the SAUPs.

The Council has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA’s SAUPs for the fiscal period July 1, 2021 through June 30, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user for this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. We obtained and inspected the entity’s written policies and procedures and observed that they address each of the following categories and subcategories (or noted that the entity does not have any written policies and procedures), as applicable:
 - ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.
 - ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - ***Disbursements***, including processing, reviewing, and approving.
 - ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management’s actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation.)

- **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedule.
- **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Procedure Results: No exceptions were noted as a result of these procedures.

Board or Finance Committee

2. We obtained and inspected the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent documents in effect during the fiscal period, and:
 - Observed that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - Observed that the minutes referenced or included monthly budget-to-actual comparisons on the General Fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds.
 - Obtained the prior year audit report and observed the unassigned fund balance in the General Fund. If the General Fund had a negative ending unrestricted fund balance in the prior year audit report, observed that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the General Fund.

Procedure Results: No exceptions were noted as a result of these procedures.

Bank Reconciliations

3. We obtained a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Management identified the entity's main operating account. We selected the entity's main operating account and randomly selected 4 additional accounts (or all if less than 5). We randomly selected one month from the fiscal period, and obtained and inspected the corresponding bank statement and reconciliation for the selected accounts, and observed that:
- Bank reconciliations include evidence that they were prepared within two months of the related statement closing date (e.g. initialed and dated, electronically logged);
 - Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g. initialed and dated, electronically logged); and
 - Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Procedure Results: No exceptions were noted as a result of these procedures.

Collections (excluding electronic funds transfers)

4. We obtained a listing of deposit sites for the fiscal period where deposits for cash/check/money order (cash) are prepared and management's representation that the listing is complete. We randomly selected 5 deposit sites (or all deposit sites if less than 5).
5. We obtained a listing of collection locations and management's representation that the listing is complete. We randomly selected one collection location for each deposit site selected. We obtained and inspected written policies and procedures relating to employee job duties (if no written policies or procedures, inquired of employees about their job duties) at each collection location, and observed that job duties were properly segregated at each collection location such that:
- Employees that are responsible for cash collections do not share cash drawers/registers.
 - Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.
6. We obtained from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. We observed that the bond or insurance policy for theft was enforced during the fiscal period.
7. We randomly selected two deposit dates for each of the bank accounts selected for procedure #3 under "Bank Reconciliations" above (selected the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly selected a deposit if multiple deposits were made on the same day). We obtained supporting documentation for each of the deposits selected and:

- We observed that receipts are sequentially pre-numbered.
- We traced sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- We traced the deposit slip total to the actual deposit per the bank statement.
- We observed that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
- We traced the actual deposit per the bank statement to the general ledger.

Procedure Results: No exceptions were noted as a result of these procedures.

Non-Payroll Disbursements – General (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. We obtained a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. We randomly selected the required amount of disbursement locations (up to five).
9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. We obtained written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and we observed that job duties are properly segregated such that:
 - At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - At least two employees are involved in processing and approving payments to vendors.
 - The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
10. For each location selected under #8 above, we obtained the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtained management's representation that the population is complete. We randomly selected 5 disbursements for each location, and obtained supporting documentation for each transaction and:
 - We observed that the disbursement matched the related original itemized invoice and that documentation indicates that deliverables included on the invoice were received by the entity.
 - We observed that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Procedure Results: No exceptions were noted as a result of these procedures.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. We obtained from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. We obtained management's representation that the listing is complete.
12. Using the listing prepared by management, we randomly selected the required amount of cards (up to five) that were used during the fiscal period. We randomly selected one monthly statement or combined statement for each card (for a debit card, randomly selected one monthly bank statement), and obtained supporting documentation, and:
 - We observed that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder.
 - We observed that finance charges and late fees were not assessed on the selected statements.
13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, we randomly selected the required amount transactions (up to ten) from each statement, and obtained supporting documentation for the transactions. For each transaction, we observed that it is supported by (1) an original itemized receipt that identified precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, we described the nature of the transaction and noted whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Procedure Results: No exceptions were noted as a result of these procedures.

Travel and Expense Reimbursement

14. We obtained from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. We randomly selected five reimbursements, and obtained the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the five reimbursements selected:
 - If reimbursed using a per diem, we observed that the approved reimbursement rate is no more than those rates established by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - If reimbursed using actual costs, we observed that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - We observed that each reimbursement was supported by documentation of the business/public purpose (for meal charges, we observed that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
 - We observed that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Procedure Results: No travel or reimbursement expenditures to test in the current year.

Contracts

15. We obtained from management a listing of all agreements/contracts for professional services, materials, and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. We obtained management's representation that the listing is complete. We randomly selected the required amount of contracts (up to five) from the listing, excluding our contract, and:
- We observed that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - We observed that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
 - If the contract was amended (e.g. change order), we observed that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g. if approval is required for any amendment was approval documented).
 - We randomly selected one payment from the fiscal period for each of the selected contracts, obtained the supporting invoice, agreed the invoice to the contract terms, and observed that the invoice and related payment agreed to the terms and conditions of the contract.

Procedure Results: No exceptions were noted as a result of these procedures.

Payroll and Personnel

16. We obtained a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. We randomly selected five employees/officials, obtained related paid salaries and personnel files, and agreed paid salaries to authorized salaries/pay rates in the personnel files.
17. We randomly selected one pay period during the fiscal period. For the five employees/officials selected under #16 above, we obtained attendance and leave documentation for the pay period, and:
- We observed that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory).
 - We observed that supervisors approved the attendance and leave of the selected employees/officials.
 - We observed that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
 - We observed that the rate paid to the employees or officials agree to the authorized salary/pay rate found with the personnel file.
18. We obtained a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. If applicable, we selected two employees or officials, and obtained related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. If applicable, we agreed the hours to the employees or officials' cumulative leave records, and the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and the termination payment to entity policy.

19. We obtained management's representation that employer and employee portions of third-party payroll related amounts (e.g. payroll taxes, retirement contributions, health insurance premiums, workers' compensation premiums, etc.) have been paid, and associated forms have been filed, by required deadlines.

Procedure Results: No exceptions were noted as a result of these procedures.

Ethics

20. Using the five randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, we obtained ethics compliance documentation from management, and:
- We observed that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
 - We observed that the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Procedure Results: No exceptions were noted as a result of these procedures.

Debt Service

21. We obtained a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. We selected all debt instruments on the listing, obtained supporting documentation, and observed that State Bond Commission approval was obtained for each bond/note issued.
22. We obtained a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. We randomly selected one bond/note, inspected debt covenants, obtained supporting documentation for the reserve balance and payments, and agreed actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Procedure Results: No exceptions were noted as a result of these procedures.

Fraud Notice

23. We obtained a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. We selected all misappropriations on the listing, obtained supporting documentation, and observed that the entity reported the misappropriation(s) to the legislative auditor and the District attorney of the parish in which the entity is domiciled.
24. We observed whether the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Procedure Results: No exceptions were noted as a result of these procedures.

Information Technology Disaster Recovery/Business Continuity

25. We performed the following procedures:

- We obtained and inspected the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquired of personnel responsible for backing up critical data) and observed that such backup occurred within the past week. If backups are stored on the physical medium (e.g., tapes, CDs), we observed that backups are encrypted before being transported.
- We obtained and inspected the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquired of personnel responsible for testing/verifying backup restoration) and observed evidence that the test/verification was successfully performed within the past 3 months.
- We obtained a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. We randomly selected the required number of computers (at least 5) and observed while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

Procedure Results: We performed the procedures and discussed the results with management.

Sexual Harassment

26. We randomly selected the employees/officials from procedure #16 under "Payroll and Personnel" above, obtained sexual harassment training documentation from management, and observed that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.

27. We observed that the entity has posted its sexual harassment policy and complaint procedures on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

28. We obtained the entity's annual sexual harassment report for the current fiscal period, observed that the report was dated on or before February 1, and observed that it includes the applicable requirements of R.S. 42:344:

- Number and percentage of public servants in the agency who have completed the training requirements;
- Number of sexual harassment complaints received by the agency;
- Number of complaints which resulted in a finding that sexual harassment occurred;
- Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
- Amount of time it took to resolve each complaint.

Procedure Results: No exceptions were noted as a result of these procedures.

We were engaged by the Council to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Council and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
