INDEPENDENT AUDITOR'S REPORT

LaSalle Parish Police Jury Jena, Louisiana

ADVERSE, AND UNMODIFIED OPINIONS

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the LaSalle Parish Police Jury, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Police Jury's basic financial statements as listed in the table of contents.

Summary of Opinions

Opinion Unit	Type of Opinion
Governmental Activities	Unmodified
Aggregate Discretely Presented Component Units	Adverse
Each Major Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

ADVERSE OPINION ON AGGREGATE DISCRETELY PRESENTED COMPONENT UNITS

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the financial statements referred to above do not present fairly the financial position of the aggregate discretely presented component units of the LaSalle Parish Police Jury, as of December 31, 2024, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

<u>UNMODIFIED OPINIONS ON GOVERNMENTAL ACTIVITIES, EACH MAJOR FUND, AND AGGREGATE</u> REMAINING FUND INFORMATION

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the LaSalle Parish Police Jury, as of December 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR ADVERSE, AND UNMODIFIED OPINIONS

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the LaSalle Parish Police Jury, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

LaSalle Parish Police Jury April 21, 2025

MATTERS GIVING RISE TO ADVERSE OPINION ON THE AGGREGATE DISCRETELY PRESENTED COMPONENT UNITS

The financial statements do not include financial data for the LaSalle Parish Policy Jury's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the Police Jury's primary government unless the Police Jury also issues financial statements for the financial reporting entity that include the financial data for its component units. The Police Jury has not issued such reporting entity financial statements. The effects of not including the Police Jury's legally separate component units on the aggregate discretely presented component units have not been determined.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the LaSalle Parish Police Jury's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the LaSalle Parish Police Jury's internal
 control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the LaSalle Parish Police Jury's ability to continue as a going concern for a reasonable period of time.

LaSalle Parish Police Jury April 21, 2025

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REQUIRED SUPPLEMENTARY INFORMATION

Accounting principles generally accepted in the United States of America require that the information listed below to supplement the basic financial statements.

- Management's Discussion and Analysis
- Budgetary Comparison Information
- Schedule of Changes in Net OPEB Liability
- Schedule of Net Pension Liability Data
- Schedule of Employer Contributions

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SUPPLEMENTARY INFORMATION

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the LaSalle Parish Police Jury's basic financial statements. The other supplementary information information listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents including the schedule of expenditures of federal awards is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents including the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

OTHER INFORMATION

Management is responsible for the other information included in the annual report. The other information comprises the additional information listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

LaSalle Parish Police Jury April 21, 2025

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated April 21, 2025, on our consideration of the LaSalle Parish Police Jury's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Police Jury's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Police Jury's internal control over financial reporting and compliance

LaSalle Parish Police Jury Managements' Discussion and Analysis December 31, 2024

This section of the LaSalle Parish Police Jury's annual financial report presents our discussion and analysis of the Parish's financial performance during the fiscal year ended December 31, 2024.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Parish's financial position and results of operations from differing perspectives, which are described as follows:

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements report information about the Parish as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Parish's assets and all of the Parish's liabilities (including long-term debt).

The government-wide financial statements consist entirely of governmental activities. Governmental Activities consist of providing basic services including general government; public works; health and human services. The governmental activities are financed by taxes and intergovernmental revenues, including federal and state grants and other shared revenues.

FUND FINANCIAL STATEMENTS

Fund financial statements provide detailed information regarding the Parish's most significant activities and are not intended to provide information for the Parish as a whole. Funds are accounting devices that are used to account for specific sources of funds. The Parish's funds consist entirely of governmental funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the Parish's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

FINANCIAL ANALYSIS OF THE PARISH AS A WHOLE

NET POSITION

A condensed version of the government-wide Statement of Net Position is presented as follows:

	December 31st						
	2024	2023					
Assets:							
Current and Other Assets	\$ 8,199,838	\$ 8,765,804

Unrestricted	1,164,493	1,130,345				
Total Net Position	\$ 19,317,600	\$ 19,464,373				

As the presentation appearing above demonstrates, the largest portion of the net position (60.0%) is invested in capital assets. Net position invested in capital assets consist of land, buildings, equipment, and infrastructure less any debt used to acquire the assets that remains outstanding. The Parish uses these capital assets to provide services to its citizens; consequently, these amounts are not available for future spending.

An additional portion of the net position (34.0%) represent resources that are subject to restrictions that are imposed by agreements with the Parish's taxpayers or requirements imposed by various revenue sources.

The remaining balance of unrestricted net position (6.0%) may be used to meet the Parish's ongoing obligations to citizens and creditors.

CHANGES IN NET POSITION

A condensed version of the government-wide Statement of Changes in Net Position is presented as follows:

Net Position Ending	\$	19,317,600	\$	19,464,373			

The increase in net position was due to the availability of grant funds and careful management and budgeting of the available resources.

FINANCIAL ANALYSIS OF THE PARISH'S FUNDS

The Parish's funds collectively reported an decrease in fund balance of \$415,938 for 2024, due to using a portion of the surplus to enhance services. The general fund experienced an increase in the amount of \$45,743, due primarily to careful management of resources. Differences between results reported by the funds and the change in net position are attributable to considering transactions related to capital assets and long-term debt in determining changes in net position.

BUDGET HIGHLIGHTS

The Parish's general fund and each special revenue fund are required to adopt budgets. Budgets were amended to address actual experiences that deviated from expectations that existed when the original budget was adopted.

CAPITAL ASSET ADMINISTRATION

Highlights of the Parish's capital asset administration are presented as follows:

 Due to ordinary consumption, it was necessary to replace selected equipment and components of infrastructure.

DEBT ADMINISTRATION

Debt activity was limited to paying required installments on existing obligations.

FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS

There are no events or conditions that are expected to have a significant influence on future operations.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended December 31, 2024

Net Changes in Fund Balances - Total Governmental Funds	\$ (415,938)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report purchasing and leasing of assets expenditures. However, in the statement of activities the cost of those assets is allocated over estimated useful lives and reported as depreciation or amortization expense. The effect of these differences is presented as follows: Capital Expenditures	588,499
Depreciation	(641,627)
Governmental funds report the expense associated with providing other post employment benefits based on premiums required for the current year; however, the expense reported on the government wide basis is influenced by actuarial considerations.	416
Governmental funds report pension expense based on contributions required for the current year; however, pension expense reported on the government wide basis is influenced by actuarial considerations.	110,955
Repayment of long-term debt and lease obligations is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	 210,922
Change in Net Position of Governmental Activities	\$ (146,773)

NOTE 1 -INTRODUCTION AND SIGNIFICANT ACCOUNTING POLICIES:

The LaSalle Parish Police Jury is the governing authority for LaSalle Parish and is a political subdivision of the State of Louisiana. The Police Jury is governed by jurors representing the various districts within the Parish. The jurors serve four-year terms which expire on January 1, 2024.

State Law gives the Police Jury various powers in regulating and directing the affairs of the Parish and its inhabitants. The more notable of these are the powers to pass regulations affecting parish government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged and unemployed in the Parish. Funding to accomplish these tasks is provided primarily by ad valorem taxes, severance taxes, state revenue sharing, and various state and federal grants.

REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the LaSalle Parish Police Jury is the financial reporting entity for LaSalle Parish. The financial reporting entity consists of (a) the primary government (Police Jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based on these criteria, the Police Jury has determined that the following component units are part of the LaSalle Parish Police Jury reporting entity. Separately issued financial statements for these component units can typically be obtained on the internet at www.lla.state.la.us.

LaSalle Parish Component Presentation		LaSalle Parish Component	Presentation
District Attorney's Office	Discrete	Recreation District No. 22	Discrete
Judicial Expense Fund	Discrete	Sewerage District No. 1	Discrete

Hospital Service District No. 1	Discrete	Rogers-Nebo	Discrete
Hospital Service District No. 2	Discrete	Summerville Rosefield	Discrete
Recreation District No. 5	Discrete	Whitehall	Discrete
Recreation District No. 10	Discrete		

Considered in the determination of component units of the reporting entity was the LaSalle Parish Sheriff's Office, Clerk of Court, Assessor, and School Board. In addition, the LaSalle Community Action Agency and the LaSalle Economic Development District were also considered. It was determined that these entities are not component units of the LaSalle Parish reporting entity because members of the governing body are not determined by the Police Jury, are legally separate from the Police Jury, and have limited fiscal dependency on the Police Jury.

The accompanying financial statements are not intended to present financial position, and results of operation for the reporting entity as a whole. Discretely presented component units have been omitted from the accompanying financial statements. Due to the absence of component unit data, the financial statements do not address the entire reporting entity as required by generally accepted accounting principles.

BASIC FINANCIAL STATEMENTS

The basic financial statements include both government-wide and fund financial statements. The government-wide and fund financial statements present the Parish's financial position and results of operations from differing perspectives which are described as follows:

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities display information about the Parish as a whole. The effect of most interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities that may be reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, contributions associated with a particular function and most grants.

FUND FINANCIAL STATEMENTS

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The Parish's major funds are described as follows:

- <u>General Fund</u> The general fund is the primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.
- <u>Parish Road and Bridge</u> The road fund is a special revenue fund used to account for the proceeds of funds received dedicated to the construction and maintenance of Parish roads and bridges.
- <u>Garbage District</u> A special revenue fund used to account for the proceeds of taxes dedicated to the collection and disposal of garbage within the Parish boundaries.
- <u>Library</u> A special revenue fund has been established to account for the proceeds of taxes dedicated to the operation and maintenance of the Parish's Library system.
- <u>Criminal Court</u> This fund is a special revenue fund used to account for fines and forfeitures dedicated to operating the Parish's judicial system.
- <u>Courthouse Maintenance</u> Reports activity associated with resources dedicated to maintaining and operating the courthouse complex.
- <u>Workforce Investment</u> The fund reports activity associated with conducting Workforce Innovation and Opportunity programs funded by the Department of Labor
- <u>American Rescue Plan Act</u> This fund reports activity associated with resources provided by the American Rescue Plan Act

BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

Financial Statement Presentation	Basis of Accounting	Measurement Focus
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year-end. In addition, expenses are generally recorded when a liability has been incurred; however, debt service is recorded as an expenditure when payment is made. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as other financing sources and repayment of long-term debt is reported as an expenditure of funds.

Nonexchange transactions, in which the Police Jury receives value without directly giving equal value in return, include property taxes, and grants. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Parish must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Police Jury on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

RESTRICTED ASSETS

Any amounts reported as restricted assets, represent resources that must be expended in a specific manner. Restrictions of this nature can be imposed by tax propositions and various contractual obligations including grant agreements and bond covenants. Whenever restricted assets can be used to satisfy an obligation, the restricted assets are typically consumed before utilizing any unrestricted resources.

BUDGET PRACTICES

Budgets, including any amendments, are prepared in the manner prescribed by Louisiana revised statutes. Police Jury budgets present revenue and expenditures on a basis which is consistent with generally accepted accounting principles. Budgets are adopted annually for the general fund and each special revenue fund. Furthermore, the budgets are amended as necessary in the manner prescribed by Louisiana revised statutes. The remaining funds are not required to adopt budgets.

LEASED ASSETS AND RELATED OBLIGATIONS

As required by generally accepted accounting principles, the present value of lease payment obligations is reported as an asset and amortized over the term of the lease agreement. In addition, the obligation to make lease payments is reported as a liability.

CAPITAL ASSETS

Capital assets, which include property, equipment, and infrastructure, are reported in the government-wide financial statements. Assets reported in the fund financial statements for governmental funds exclude capital assets. Instead, the governmental funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value when received by the Police Jury.

Capital assets are depreciated using the straight-line method and estimated useful lives ranging from 4 to 50 years. Useful lives are selected depending on the expected durability of the particular asset.

CASH AND CASH EQUIVALENTS

Amounts reported as cash and cash equivalents include all cash on hand, cash in bank accounts and certificates of deposit. Credit risk associated with bank deposits is limited by requiring fiscal agent banks to pledge securities as required by State Law. Furthermore, interest rate risk associated with certificates of deposit is typically mitigated by purchasing instruments that mature in one year or less.

INTERNAL ACTIVITY

Resources belonging to particular funds are commonly shared with other funds that need access to additional resources. When resources are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivables and payables are recorded.

In preparing the government-wide financial statements, transfers are eliminated to present net transfers for governmental activities and business-type activities. In addition, interfund receivables and payables are eliminated to present a net internal balance for each type of activity.

COMPENSATED ABSENCES

Personnel policies do not permit employees to accumulate significant amounts of paid leave and employees are not entitled to receive payment for unused leave upon termination. Accordingly, there is no liability associated with compensated absences.

FUND BALANCE CLASSIFICATION

Approval of the majority of the Police Jury is required to approve the commitment of fund balances. In situations where it is permissible to spend restricted or committed resources, the Police Jury typically depletes the available restricted or committed resources before consuming unrestricted resources.

Non-spendable portions of fund balances are attributable to fund equity attributable to receivables from other funds that do not have resources to repay the obligation during the next operating cycle.

NOTE 2 - TAXES:

Taxes imposed by the Police Jury are summarized as follows:

AD VALOREM TAXES:

Ad valorem taxes are assessed by the LaSalle Parish Assessor and collected for the Police Jury by the LaSalle Parish Sheriff's Office. Taxes are considered delinquent if not paid by December 31st of each year. The following is a summary of adjusted authorized and levied ad valorem tax millage:

	Levied	Expiration		Levied	Expiration

SALES TAXES

The voters have approved a 0.5% (one-half percent) sales tax to be imposed for a period of ten years beginning January 1, 2022. The proceeds, after paying costs of collection and administering the tax, are dedicated to the collection and disposal of solid waste in LaSalle Parish.

NOTE 3 -CASH AND CASH EQUIVALENTS:

Deposits are stated at cost, which approximates market value. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2024, the Police Jury has \$3,753,432 in deposits (collected bank balance). These deposits are secured from risk by \$411,738 of federal deposit insurance and \$4,440,520 of pledged securities held by the custodial banks in the name of the fiscal agent bank. State law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 4 – RECEIVABLES:

The following is a summary of receivables at December 31, 2024:

	Αc	l Valorem	Sales		Severance		Other		Total

Total	\$ 4	4,008,616	\$	145,290	\$	324,348	\$	60,581	\$ 4	1,538,835

The receivables presented above are primarily due from other governmental units and management considers the amounts to be fully collectible. No allowance for doubtful accounts was necessary.

NOTE 5 - INTERFUND BALANCES:

Various funds deposit cash into a single bank account and money is disbursed from the account on behalf of these funds. This commingling of resources results in interfund receivables and payables, when a fund withdraws amounts in excess of its contributions to the account. Balances resulting from transactions of this nature are summarized as follows:

	_	ue From ner Funds	-	Due To ner Funds		Net
General Road and Bridge Criminal Court	\$	764,320 	\$	\$ 412,700 351,620		764,320 (412,700) (351,620)
Total	\$	764,320	\$	764,320	\$	

NOTE 6 – TRANSFERS:

In the ordinary course of business, the Parish routinely transfers resources between its funds for various reasons. A description of the transfers and the purpose for the transfers is presented as follows:

	Tra	ınsfers In	Transfers Out		
The General Fund has provided resources to various special revenue funds in order to supplement the activities of these funds. General Fund Criminal Court	\$	 522,000	\$	522,000

LIMITED TAX CERTIFICATES

Limited Tax Certificates, Series 2019 were issued in the original amount of \$1,000,000 to finance construction of a new library facility. A portion of the certificates are subject to an interest rate of 2% and the remaining certificates accrue interest at a rate of 4%. The bonds mature serially with the initial principal payment due March 1, 2020 and the final payment due March 1, 2025. The certificates are secured by and payable from an irrevocable pledge and dedication of a 6.5 mill property tax approved for a period of ten years beginning in 2016.

INSTALLMENT PURCHASE AGREEMENT

An installment purchase agreement was executed to finance the purchase of a new excavator. A down payment of \$150,000 was applied to the cost of \$322,000 and the remaining \$172,000 was financed with 60 payments of \$3,172, including interest determined at a rate of 4.0%.

SCHEDULED MATURITIES:

Long-term debt maturities are scheduled as follows:

All interest incurred during the year was reported as an expense and no capitalizations were necessary.

NOTE 10 - PENSION PLAN:

Substantially all of the Police Jury's employees are members of statewide retirement systems. These systems are cost-sharing, multiple employer defined benefit pension plans administered by separate boards of trustees. A summary of amounts reported in connection with participation in these plans is summarized as follows:

	Net Pension (Liability) Asset	Deferred Outflows of Resources	Deferred Inflows of Resources
Parochial Employees Retirement System Registrar of Voters Retirement System	\$ (143,939) (18,249)	\$ 441,919 4,197	\$ (67,079) (8,273)
Total	\$ (162,188)	\$ 446,116	\$ (75,352)

Further information regarding each of the retirement systems presented above is furnished as follows:

PAROCHIAL EMPLOYEES RETIREMENT SYSTEM

Plan Description - The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All participating employees of the Police Jury are members of Plan A. All permanent employees meeting minimum work requirements and who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. The length of creditable service required for retirement at various ages varies depending on when employees were hired. Generally employees meeting these requirements are entitled to a retirement benefit, payable monthly for life, equal to three per cent of their final-average salary for each year of creditable service. Employees who terminate with at least the amount of creditable service stated above, and who do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

Funding Policy - Employees are required to contribute 9.5% of their salaries to the System. The employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The current rate is 11.50% of annual covered payroll. The contribution requirements of the plan members and the Police Jury are established and may be amended by state statute. In addition, contributions to the System also include portions of the taxes shown to be collectible by the tax rolls of each parish, except Orleans and East Baton Rouge Parishes. These tax dollars

are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. Contributions to the retirement system for the year ended December 31, 2024 and each of the two preceding years have been consistent with the required amounts.

Financial Summary - The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details the System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained at persla.org.

Plan A's net pension liability was determined at December 31, 2023 (measurement date and actuarial valuation date) and details are provided as follows:

Net Pension Liability (Asset)	\$ 95,272,222
Police Jury's Proportionate Share (Percentage)	0.151082%
Police Jury's Proportionate Share (Amount)	\$ 143,939

The proportionate share of the net pension asset or liability was based on the Police Jury's share of employer contributions during the measurement period. The net pension liability presented above was not affected by any special funding situations. Changes in the Police Jury's proportionate share of Plan A's net pension liability during the measurement period ending December 31, 2023 are provided as follows:

Beginning Net Pension Liability (Asset)		\$ 600,261
Employer Contributions		(126, 109)

Proportionate Share of Plan Pension Expense	45,274	
Employee Contributions	(14,950)	30,324
Change in Deferred Outflows of Resources		(374,692)
Change in Deferred Inflows of Resources	_	14,155

Ending Net Pension Liability (Asset)		\$ 143,939

There were no changes between December 31, 2024 and the Plan A's measurement date that are expected to have a significant effect on the Police Jury's proportionate share of the collective net pension liability. Balances presented as deferred outflows of resources and deferred inflows of resources reported in connection with participation in the plan are presented as follows:

values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

Mortality

Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2021 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2021 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2021 scale for disabled annuitants.

Inflation Rate 2.30%

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2018 through December 31, 2022. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. For Disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale.

The discount rate used to measure the total pension liability was 6.40% for Plan A and 6.40% for Plan B. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.10% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.70% for the year ended December 31, 2023.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2023 are summarized in the following table:

	T	Long-term Expected
	Target Asset	Portfolio Real Rate of
Asset Class	Allocation	Return
Fixed Income	33%	1.12%
Equity	51%	3.20%
Alternatives	14%	0.67%
Real Assets	2%	0.11%
Total -	100%	5.10%
Inflation		2.40%
Expected Arithmetic Nominal Return	1	7.50%

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

	1% Decrease	Current Discount	1% Increase
	5.40% Rate	Rate 6.40%	7.40% Rate
Net Pension Liability	\$ 1,027,032	\$ 143,939	\$ (597,330)

REGISTRAR OF VOTERS RETIREMENT

Plan Description - Any member hired prior to January 1, 2013 is eligible for normal retirement after 20 years of creditable service and is age 55 or has 10 years of creditable service and is age 60. Any member with 30 years of creditable service regardless of age may retire. Regular retirement benefits for members hired prior to January 1, 2013 are calculated at 3.33% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member hired on or after January 1, 2013 is eligible for normal retirement after he has attained 30 years of creditable service and is age 55; has attained 20 years of creditable service and is age 60; or has attained 10 years of creditable service and is age 62. Regular retirement benefits for members hired on or after January 1, 2013 are calculated at 3.00% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

The System also provides a Deferred Retirement Option Plan (DROP), death benefits and disability benefits. Benefits are established by State statute.

Funding Policy - Employees are required to contribute 7% of their salaries to the System. The employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The current rate is 17.0% of annual covered payroll. The contribution requirements of the plan members and the Police Jury are established and may be amended by state statute. Contributions to the retirement system for the year ended December 31, 2023 and each of the two preceding years have been consistent with the required amounts.

Financial Summary - The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details the System issues an annual publicly available

financial report that includes financial statements and required supplementary information for the System. That report may be obtained at larovers.com.

The Plan's net pension liability was determined at June 30, 2024 (measurement date and actuarial valuation date) and details are provided as follows:

A summary of the actuarial methods and assumptions used in determining the total pension liability as of the measurement date are as follows:

Valuation Date June 30, 2024

benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were

deemed not to be substantively automatic.

Mortality RP-2010 Public Retirement Plans Mortality Table for general

employees multiplied by 120% for males and 120% for females each with full generational projection using the

appropriate MP-2019 improvement scale.

During the year ended June 30, 2024, mortality assumptions were set after reviewing an experience study performed on plan data for the period from July 1, 2014, through June 30, 2019. The data was assigned credibility weightings and combined with a standard table to produce current levels of mortality.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 8.37% for the year ended June 30, 2024.

The best estimates of arithmetic real rates of return for each major asset class based on the System's target asset allocation as of June 30, 2024 were as follows:

	Target Asset	Real Return Arithmetic	Long-term Expected Portfolio Real Rate
Asset Class	Allocation	Basis	of Return
Domestic Equities	37.5%	7.50%	2.81%
International Equities	20.0%	8.50%	1.70%
Domestic Fixed Income	22.5%	2.50%	0.56%
International Fixed Income	10.0%	3.50%	0.35%
Real Estate	10.0%	4.50%	0.45%
Total	100.0%		5.87%
Inflation			2.50%
Expected Arithmetic Nominal F	Return		8.37%

The discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by the Public Retirement System's Actuarial Committee taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

	1% Decrease	% Decrease Current Discount	
	5.25% Rate	Rate 6.25%	7.25% Rate
Net Pension Liability	\$ 44,615	\$ 18,249	\$ (4,205)

NOTE 11 – OTHER POST EMPLOYMENT BENEFITS:

Details regarding other post-employment benefits (OPEB) that the Police Jury provides for its workforce are provided as follows:

PLAN DESCRIPTION

The Police Jury's established policies and procedures include providing certain healthcare benefits for retirees. This policy amounts to a single-employer defined benefit healthcare plan (the Plan) administered by the Police Jury. The Plan provides medical benefits through the group health insurance plan which covers both active and retired members. Benefits under the plan are made available to employees upon actual retirement. The Plan does not issue a publicly available financial report. Plan participants are typically eligible for healthcare benefits when they become eligible for benefits from participating retirement systems.

FUNDING POLICY

Employees do not contribute to their post-employment benefits costs until they become retirees and begin receiving those benefits. The Police Jury has not established a trust fund to finance the cost of benefits and the Plan has no assets.

NET OTHER POST EMPLOYMENT LIABILITY

The liability has been determined based on an actuarial valuation using the Entry Age Normal actuarial cost method. The measurement date for the actuarial valuation was December 31, 2024. Changes in the liability are presented as follows:

	Total OPEB Liability	Fiduciary Net Position	Net OPEB Liability
Service Cost Interest on the Total OPEB Liability Difference Between Expected vs Actual	\$ 11,590 15,015 (80,380)	\$	\$ 11,590 15,015 (80,380)

<u>For the Year Ending:</u>	

Covered members consist of 34 active subscribers. At the present time there are no retirees receiving benefits.

VALUATION METHODS AND ASSUMPTIONS

Assumptions and other inputs are based on informal sources and the plan has not conducted an official experience study. Significant assumptions and other inputs used to measure the total OPEB liability are summarized as follows:

Title	Description			
Valuation Date	December 31, 2024			
Measurement Date	December 31, 2024			
Discount Rate	4.28%, (1.78% real rate of return plus 2.50% inflation)			
Mortality Rates	RPH-2014 Total Table with Projection MP-2021			
Withdrawal Rates	Rates range from 1% to 25% depending on length of service			
Retirement and Disability Rates	Rates vary from 11% to 15% depending on age			
Plan Asset Return	N/A			
Participation	100% of members are expected to participate			
Projected Salary Increases	3.50%			
Health Care Costs Trend	4.50%			
Turnover and Retirement Rates	Parochial Employees Retirement System of Louisiana 2017 actuarial valuation report.			

SENSITIVITY TO RATES

Net OPEB liability calculations are impacted by various rate assumptions. An analysis of how the liability would be effected by changes in various rate assumptions is presented as follows:

	Healthcare Cost Trend Rate					
	Baseline Trend Less 1% (3.50%)	Baseline Trend (4.50%)	Baseline Trend Plus 1% (5.5%)			
Net OPEB Liability	\$ 259,111	\$ 283,519	\$ 310,992			
		Discount Rate				
	Baseline Less 1% (5.28%)	Baseline 4.28%	Baseline Plus 1% (3.28%)			
Net OPEB Liability	\$ 266,431	\$ 283,519	\$ 300,919			

NOTE 12 - CONTINGENCIES:

Existing conditions that may have financial consequences in the future are referred to as contingencies. Contingencies existing at December 31, 2024, are described as follows:

GRANT CONTINGENCIES

The Parish participates in programs that are supported by grant funds. Management is confident that all significant grant conditions have been met; however, grantor agencies routinely review grant activity and could request reimbursement if a dispute occurs regarding compliance with grant conditions.

LITIGATION

As the governing authority for LaSalle Parish, the Police Jury has numerous responsibilities. These responsibilities include maintaining roads and other public facilities as well as disposing of solid waste on a Parish-wide basis. Due to the extensive nature of the Police Jury's responsibilities, it is sometimes the target of litigation. However, based on consultation with attorneys, there are no matters pending at the present time. Furthermore, general liability insurance coverage is maintain to address any potential matters that may arise.

NOTE 13 - RISK MANAGEMENT:

The Parish is exposed to various risk of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Parish insures against these risks by participation in public entity risk pools that operate as common insurance programs and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

LaSalle Parish Police Jury Jena, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the LaSalle Parish Police Jury as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Police Jury's basic financial statements and have issued our report thereon dated April 21, 2025.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the LaSalle Parish Police Jury's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the LaSalle Parish Police Jury's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Police Jury's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

160 Brown's Bend Road Alexandria, Louisiana 71303 Online: CenlaCPAs.com

LaSalle Parish Police Jury April 21, 2025

The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as 2024-001.

RESPONSE TO FINDINGS

Government Auditing Standards requires the auditor to perform limited procedures on the LaSalle Parish Police Jury's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The LaSalle Parish Police Jury's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

PURPOSE OF THIS REPORT

Nozier, McKay + Willi

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

OPINION ON EACH MAJOR FEDERAL PROGRAM

We have audited the LaSalle Parish Police Jury's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the LaSalle Parish Police Jury's major federal programs for the year ended December 31, 2024. The LaSalle Parish Police Jury's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the LaSalle Parish Police Jury complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

BASIS FOR OPINION ON EACH MAJOR FEDERAL PROGRAM

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost Principles*, *and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the LaSalle Parish Police Jury and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the LaSalle Parish Police Jury's compliance with the compliance requirements referred to above.

RESPONSIBILITIES OF MANAGEMENT FOR COMPLIANCE

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the LaSalle Parish Police Jury's federal programs.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF COMPLIANCE

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the LaSalle Parish Police Jury's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a

substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the LaSalle Parish Police Jury's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform
 audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence
 regarding the LaSalle Parish Police Jury's compliance with the compliance requirements referred to above
 and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the LaSalle Parish Police Jury's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of the LaSalle Parish Police Jury's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

APPENDIX A Statewide Agreed-Upon Procedures

Independent Accountant's Report On Applying Agreed-Upon Procedures

To the Lasalle Parish Police Jury and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Lasalle Parish Police Jury (the Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2024 through December 31, 2024. The Entity's management is responsible for those C/C areas identified in the SAUPs.

The entity has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period described above. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

We were engaged to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
