INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Board of Directors
Louisiana Charter Boat Association, Inc.
Baton Rouge, Louisiana

We have reviewed the accompanying financial statements of the **LOUISIANA CHARTER BOAT ASSOCIATION, INC. (Association)** (a non-profit corporation), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of many material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonably basis for our conclusion.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

Supplementary Information

The accompanying Schedule of Compensation, Benefits, and Other Payments to Agency Head, on page 12 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

LOUISIANA CHARTER BOAT ASSOCIATION, INC.

Baton Rouge, Louisiana

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and operations

The Louisiana Charter Boat Association, Inc. (the Association), founded in 1994, is a non-profit member organization of Charter Boat Captains with the goal of promoting high standards of professionalism among professional fishing guides and charter boat operators in the State of Louisiana. The mission of the Association is to encourage and increase business for licensed professional fishing guides and charter boat operators, to create a unified body or representation that will allow a spoken voice to be heard in the Louisiana Legislature, Louisiana Wildlife and Fisheries, the United States Congress and other agencies, to strive for conservation of Louisiana's valued coastal marine resources, and to encourage licensing of all fishing guides and charter boat captains.

Basis of presentation

The accounting and reporting policies of the Association conform to generally accepted accounting principles.

Financial position and activities are to be reported according to two classes of net assets: with donor restrictions and without donor restrictions. The Association did not have any net assets with donor restrictions at December 31, 2018 and 2017.

New accounting pronouncement

During the year ended December 31, 2018, the Association adopted the requirements of the Financial Accounting Standards Board's Accounting Standards Update No. 2016-14 *Not-for-Profit Entities: Presentation of Financial Statements of Not-for-Profit Entities* (ASU No. 2016-14). This update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return between not-for-profit entities. A key change required by ASU No. 2016-14 is the net asset classes used in these financial statements. Amounts previously reported as unrestricted net assets are now reported as net assets without donor restrictions and amounts previously reported as temporarily restricted net assets and permanently restricted net assets are now reported as net assets with donor restrictions. A footnote on liquidity has also been added (Note 6).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates are used primarily when accounting for depreciation.

Cash

For purposes of the statements of cash flows, the Association considers all highly liquid debt instruments, including money markets and certificates of deposits available for current use, with an initial maturity of three months or less, to be cash equivalents. There were no cash equivalents as of December 31, 2018 and 2017.

Property

Property purchased by the Association with an estimated useful life greater than one year is recorded at cost and depreciated using the straight-line method over the estimated useful lives of the equipment.

Revenue recognition and support

The Association reports grants and support when received as increases in net assets with donor restrictions or without donor restrictions, depending on the existence and/or nature of any donor restrictions. Restricted support is reported as an increase in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

The Association records grant revenue as services are rendered. Donated materials and equipment are recorded as contributions at their estimated values at date of receipt.

Functional allocation of expenses

Expenses consist of costs related to providing support to programmatic and management and general functions. These costs have been summarized on a functional basis in the statement of revenue and expenses without donor restrictions. Costs are directly charged to the functions they benefit.

Income taxes

The Association is a nonprofit organization that is exempt from income taxes under Section 501(c)(6) of the Internal Revenue Code.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income taxes (Continued)

The Association follows the provisions of FASB ASC 740-10, *Accounting for Uncertainty in Income Taxes*. the Association's open audit periods are 2016 through 2018.

Advertising

The Association follows the policy of charging the costs of advertising to expense as incurred. Advertising expense was \$142,657 and \$120,329 for the years ended December 31, 2018 and 2017, respectively.

Reclassification

Certain amounts in the 2017 financial statements have been reclassified to conform to the 2018 financial statement presentation.

Subsequent events

In preparing these financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through September 20, 2019, which is the date the financial statements were available to be issued.

NOTE 2 - PROPERTY

A summary of property at December 31, 2018 and 2017 is as follows:

	<u>2018</u>	<u>2017</u>
Machinery and equipment	\$ 3,185	\$ 3,185
Website	<u>36,875</u>	<u>11,875</u>
Total	40,060	15,060
Less: accumulated depreciation	<u>(17,977)</u>	<u>(15,027)</u>
Total property, net	<u>\$ 22,083</u>	<u>\$ 33</u>

Depreciation expense was \$2,950 and \$395 for the years ended December 31, 2018 and 2017, respectively.

NOTE 3 - PROGRAM AND OTHER SUPPORT

LA Act 40 - Legislation passed in House Bill No. 378 of the 2013 Louisiana Legislative Session assesses an additional \$500 fee for each non-resident charter boat fishing guide license issued and an additional \$5 dollar fee for persons fishing with a licensed charter guide.

(Continued)

NOTE 3 - PROGRAM AND OTHER SUPPORT (CONTINUED)

The Legislation states that the funds shall be deposited to the Conservation Fund and used for promotion of the charter boat industry, protection of the fishery, and to provide for administrative cost of the fund and stipulates that the fees are to be expended for the stated purposes through the Louisiana Charter Boat Association. Support received from the Conservation Fund in accordance with LA Act 40 for the years ended December 31, 2018 and 2017 was \$351,141 and \$347,940, respectively.

LA Act 654 - Legislation passed in House Bill No. 498 of the 2010 Louisiana Legislative Session amended and reenacted Section 1. R.S. 56:302.9(0) to allocate 10% of fees collected each year from the sale of fishing boat fishing guide licenses to be used for promotion of the charter industry, protection of the fishery, and to provide for administrative cost of the Conservation Fund and stipulates that the fees are to be expended for the stated purposes through the Louisiana Charter Boat Association. Support received from the Conservation Fund in accordance with LA Act 654 for the years ended December 31, 2018 and 2017 was \$48,948 and \$31,475, respectively.

NOTE 4 - CONTINGENCIES

In the normal course of operations, the Association receives support from various public agencies and private entities. Some of these activities are subject to audit by the funding authority, the purpose of which is to ensure compliance with conditions precedent to providing such funds. Management believes the liability, if any, for any reimbursement, which may arise as a result or audits, would not be material.

Grants require the fulfillment of certain conditions as set forth in the instrument of grant. Failure to fulfill these conditions could result in the return of the funds to grantors. Although this is a possibility, the Association deems the contingency remote, since, by accepting the grants and their terms, it has accommodated the objectives of the organization to the provisions of the gifts. Contributions are from both the public and private sectors. Changes in the level of such support could adversely affect the ability of the Association to continue providing services.

NOTE 5 - CONCENTRATIONS OF CREDIT RISK

The Association maintains its cash in a secured deposit account at a bank. Accounts at the institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. There were \$122,620 and \$89,818 in uninsured cash balance at December 31, 2018, and 2017, respectively.

The Association depends on the public to provide grants and contributions to enable the Association to continue its activities. All of the Association's support for the years ended December 31, 2018 and 2017, respectively, was received from the State of Louisiana - Department of Wildlife and Fisheries. Program details are discussed at Note 3.

NOTE 6 - LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Association's financial assets available within one year of the balance sheet date for general expenditure consists of cash in the amounts of \$372,620 and \$338,165 as of December 31, 2018 and 2017, respectively.

The Association does not have any amounts with contractual or donor-imposed restrictions within one year of the balance sheet date at December 31, 2018 and 2017.

As part of the Association's liquidity management, the Association maintains sufficient cash funds throughout the year by the grants providing financial support for payroll and related benefit expenses.

NOTE 7 - RESTATEMENT OF CLASSIFICATION OF NET ASSETS

As discussed in Note 1, the Association implemented ASU No. 2016-14 during 2018 and, as a result, was required to restate net assets for December 31, 2017 to address the complexity and understandability of net asset classifications. Net assets classifications have changed from unrestricted to without donor restrictions. The adoption of this standard had no effect on the Association's total net assets balance at December 31, 2017.

For the year ended December 31, 2018

**INDEPENDENT ACCOUNTANTS' REPORT ON
APPLYING AGREED-UPON PROCEDURES**

Board of Directors
Louisiana Charter Boat Association, Inc.
Baton Rouge, Louisiana

We have performed the procedures included in the *Louisiana Governmental Audit Guide*, enumerated below, which were agreed to by the management of the **LOUISIANA CHARTER BOAT ASSOCIATION, INC.** (the Association), the Legislative Auditor, and applicable federal and state grantor agency/agencies solely to assist the users in evaluating management's assertions about the Association's compliance with the certain laws and regulations for the year ended December 31, 2018 included in the accompanying *Louisiana Attestation Questionnaire*. Management of the Association is responsible for its financial records and compliance with applicable laws and regulations. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and applicable provisions of *Government Auditing Standards*, published by the United States Comptroller General. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

With respect to your representations relating to the federal, state, and local awards compliance, as of December 31, 2018, and for the year then ended, we applied the following agreed-upon procedures:

Federal, State, and Local Awards

1. Determine the amount of federal, state and local award expenditures for the fiscal year, by grant and grant year.

The Association was awarded two State grants during the year ended December 31, 2018, as follows:

<u>Federal, State, or Local Grant Name</u>	<u>Grant Year</u>	<u>Award #</u>	<u>Amount expended</u>
Act 40 of the 2013 Legislative Session	2017	N/A	\$ 297,557
Act 654 of the 2010 Legislative Session	2017	N/A	25,874
Act 40 of the 2013 Legislative Session	2018	N/A	28,769
Act 654 of the 2010 Legislative Session	2018	N/A	2,502
Total			<u>\$ 354,702</u>

The Association did not receive any federal or local awards during 2018.

2. For each federal, state, and local award, we performed the following procedures:

We randomly selected six disbursements from each award administered during the period under examination, and traced the disbursements to supporting documentation as to amounts and payees. Upon reviewing twelve total cash disbursements, the Association had two exceptions totaling \$43 that lacked supporting documentation.

Based on our review of disbursements, the expenditures of the state awards complied with the grant agreements, in terms of activities allowed or unallowed, eligibility, and reporting.

3. For the programs selected for testing in Item 2 that have been closed out during the period under review, compare the close-out report, when required, with the entity's financial records to determine whether the amounts agree.

Neither state award was closed out during the period under review.

4. Examine evidence indicating that agendas for meetings recorded in the minute book were posted as an open meeting as required by R.S. 42:11 through 42:28 (the open meetings law).

The open meetings law is not applicable to the Association.

5. For all grants exceeding five thousand dollars, the grantee is required to provide the grantor with a comprehensive budget.

No budget was required to be submitted for Act 40 or Act 654 funds.

6. Review any prior year suggestions, recommendations, and/or comments to determine the extent to which such matters have been resolved.

Prior year comment was related to noncompliance with Louisiana Revised Statute 24:513; this comment has not been resolved.

Management's Response

Management of the Association concurs with the exceptions identified above and is in the process of remedying this matter for the 2019 fiscal year.

We were not engaged to perform, and did not perform, an audit or examination, the objective of which would be the expression of an opinion or conclusion on management's assertions. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for use of the Board of Directors and management of the Association, the Legislative Auditor (State of Louisiana), and the applicable grantor agencies and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statutes 24:513, this report is distributed by the Legislative Auditor as a public document.

MANAGEMENT LETTER

For the year ended December 31, 2018

Mr. Ben Weber
Louisiana Charter Boat Association, Inc.
Hester, Louisiana

In planning and performing our audit of the financial statements of **LOUISIANA CHARTER BOAT ASSOCIATION, INC.** (the Association) as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Association's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, we did identify a deficiency in internal control that we consider to be material weakness noted as 2018-1 in the accompanying schedule.

This communication is intended solely for the information and use of the Shareholder and is not intended to be, and should not be, used by anyone other than this specified party.

2018-1 – NONCOMPLIANCE WITH LOUISIANA AUDIT LAW

Criteria: Louisiana Revised Statute 24:513 sets forth the standards by which the engagements of quasi-public organizations (local auditees) are to be performed.

Condition: These standards require review/attestation reports to be submitted six months after the local auditee's fiscal year end.

Cause: The Association did not submit its review reports to the Louisiana Legislative Auditor within six months after their fiscal year end.

Effect: The Association did not comply with Louisiana Revised Statute 24:513.

Recommendation: We recommend that the Association implement year-end procedures to ensure all reporting requirements are met to prevent noncompliance with applicable laws and regulations.

Views of responsible officials: Management will ensure future reporting requirements will be met timely.
