INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Capital Area Finance Authority
Baton Rouge, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities which include each of the individual programs, FutureVision, LLC, the unrestricted fund, and the 2018 combined financial statements of the Capital Area Finance Authority (the Authority) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Capital Area Finance Authority as of December 31, 2018, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Capital Area Finance Authority's December 31, 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 12, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 4 through 13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated June 14, 2019 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Capital Area Finance Authority's internal control over financial reporting and compliance.

Respectfully submitted,

Hannis T. Bourgeois, LLP

Baton Rouge, Louisiana

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

The Management's Discussion and Analysis ("MD&A") of the Capital Area Finance Authority's (the "Authority") (formerly known as the East Baton Rouge Mortgage Finance Authority) financial performance presents a narrative overview and analysis of the Authority's financial activities for the year ended December 31, 2018 as well as commentary of general market trends, market conditions and the Authority's mortgage loan origination and mortgage loan payoff history. This document focuses on the year ended December 31, 2018 activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this MD&A in conjunction with the Authority's audited financial statements for the year ended December 31, 2018 presented beginning on page 13.

The Authority's basic financial statements include the totals of the similar accounts of each of the Authority's various bond programs and FutureVision, LLC, as well as the Authority's Unrestricted Fund. Since the assets of each individual bond series are only pledged by the respective bond resolution and trust indenture to the respective individual bond series, the totaling of the accounts, including the assets therein, is for convenience purposes only and does not indicate that the combined assets are available in any manner other than is provided for in the respective resolutions and indentures relating to each separate bond series. However, for the purpose of this analysis, we will refer to the combined totals in order to assist the reader in understanding the overall financial condition of the Authority.

A commentary of general economic trends, interest rate market conditions, as well as an overview of financial statements, an analysis of the authority's activities for the year ended December 31, 2018, current economic factors, the Authority's 2019 budget and the Authority's mortgage lending programs are presented over the following pages.

- General economic conditions have seen significant improvement recently including a rise in the stock markets and lower unemployment numbers. Consumer confidence is also improving.
- Mortgage loan interest rates have begun to rise at a faster pace, prompted in part as a reaction to the rise in the Federal Reserve Interest Rates.
- Conditions in the tax-exempt mortgage revenue bond market have improved slightly but there may not be sufficient improvement for the Authority to consider issuing tax-exempt mortgage revenue bonds during 2019. If the Federal Reserve Short-term interest rates stay the same or decline the possibility of a tax-exempt mortgage revenue bond issue may be pushed even further into the future.
- The Authority did not issue bonds in 2012, 2013, 2014, 2017, or 2018.
- In 2014, the Authority completed its mortgage lending program (the "GSE Mortgage Lending Program") utilizing the GSE bond proceeds. The bonds were issued in early 2010 and converted to a permanent rate late in 2011.
- The mortgage loan rates on the GSE Mortgage Lending Program ranged from 3.75% to 4.75% available to first-time homebuyers and included down payment and closing cost assistance. This assistance was in the form of a soft second mortgage forgivable over a five (5) year period which second mortgage loan has no monthly principal or interest payments required.
- In 2015 and 2016 the Authority issued taxable bonds to refund several prior bond issues. The purpose of the refundings was to lower the bond interest expense and to release surplus assets to the Unrestricted Fund. In each refunding the majority of the Mortgage Backed Securities which had been

the collateral for the prior issues were transferred to the new taxable bond issues as collateral for the new issues. Excess Mortgage Backed Securities and cash from the prior issues were transferred to the Authority's Unrestricted Fund.

- During 2016, the Capital Region experienced two major flood events (March and August) both of which resulted in designations as Federal Disaster Areas. These two events had a significant impact on economic conditions in the Capital Region. Many parts of the Capital Region are still recovering.

FINANCIAL HIGHLIGHTS

2018 Mortgage Loan Principal Paydowns for Mortgage Loans Made with Mortgage Revenue Bond Proceeds

Conventional market mortgage loan interest rates continue to rise which generally slows the pace of prepayments. The amount of early paydowns decreased during 2018 resulting in $5.980 million in total mortgage loan paydowns as compared with $10.999 million in 2017. No new mortgage loans were originated during 2018 using mortgage revenue bond proceeds. (See the chart below for the history of new mortgage loan originations from mortgage revenue bond proceeds for the last twelve (12) year period.)

Year Ended December 31	Total Mortgage Paydowns[*1] (million)	New Mortgage Loan Originations (million)	New Mortgage Related Assets Increase or Decrease (million)
2007	24.097	45.749	21.652
2008	21.565	15.192	(6.373)
2009	26.783	3.368	(23.415)
2010	28.716	11.140	(17.576)
2011	19.149	19.301	0.152
2012	20.340	23.270	2.930
2013	16.710	19.851	3.141
2014	10.404	3.305	(7.099)
2015	8.398	0.000	(8.398)
2016	12.076	0.000	(12.076)
2017	10.999	0.000	(10.999)
2018	5.980	0.000	(5.980)
Totals	$ 205.217	$ 141.176	$ (64.041)

[*1] Principal payments of mortgage loans pooled into GNMA, FNMA or FHLMC mortgage backed securities ("MBS") (which MBS serve as collateral for the Authority's bonds) are required to be used to retire the same approximate amount of Authority's bonds prior to their respective stated maturities. This number reflects loans paid in full prior to maturity and regular monthly principal paydowns.

2018 New Mortgage Loan Originations

- **Capital Advantage Program - TBA Program**

  In September of 2014, the Authority initiated the Capital Advantage Program ("CAP") a TBA Turnkey Mortgage Loan Program with Raymond James as Hedging Agent and US Bank as the Master Servicer. Loans are originated and funded by approved banks and mortgage companies and the loans are then purchased by US Bank. Down payment assistance is provided as a grant by a marginal increase in the mortgage loan rate. The Authority earns a one-time fee at the time of the pooling of the loans into an MBS. The first pooling was conducted in February of 2015. US Bank, on behalf of the Authority, has pooled approximately $13.638 million in loans and the Authority earned approximately $42,652 in one-time fees of which $875.42 was earned in Parishes with which CAFA has Cooperative Endeavor Agreements ("CEA's") in 2018 as compared to $6.068 million in loans and $70,436 in one-time fees in 2017. CAFA lowered its fees charged on each loan in order to lower the mortgage loan interest rate to the home buyer.

- **Purchase Advantage Powered by CAFA (PAC) Program - TBA Program**

  In August of 2015, the Authority initiated the LA CAFA TBA Mortgage Loan Program in cooperation with GMFS Lending. During 2017 the name was changed at the request of GMFS to "Purchase Advantage Powered by CAFA ("PAC"). This program utilizes licensed financial institutions comprised of community banks, credit unions and mortgage brokers who choose to broker conventional and government mortgage loans. GMFS Lending serves as underwriter, funder, and Master Servicer for this program. George K. Baum acts as hedging agent and Program Administrator for this program. Down payment assistance is provided as a grant by a marginal increase in the mortgage loan rate. The Authority earns a one -time fee at the time of the closing of the loans. During 2018, approximately $50.526 million in loans were closed and the Authority earned $251,157 in one-time fees (of which $58,874 was earned in CEA Parishes) as compared to 2017, when $23.536 million in loans were closed and the Authority earned $98,602 in one-time fees. CAFA lowered its fees charged on each loan in order to lower the mortgage loan interest rate to the home buyer.

- **CAFA Gold Program - TBA Program**

  In April, 2017 CAFA initiated the CAFA Gold Program as a pilot program in cooperation with Freddie Mac. This program is a market rate program with down payment and closing cost assistance in the form of a soft second mortgage (a second lien on the property that has no interest and no payments which is forgiven over a period of 7 years). Freddie Mac Seller/Servicers in this program are allowed to originate and service their own loans. For 2018 Assurance Financial was the only Seller/Servicer originating loans in this program. CAFA earns a one-time fee for these loans at the closing of the first mortgage. During 2018 $4.671 million in first mortgage loans were closed and CAFA earned $38,340 in one-time fees (of which $9,082 was earned in CEA Parishes) as compared to $4.267 in first mortgage loans closed which earned $26,977 on one-time fees in 2017.

- **<u>Cooperative Endeavor Agreement Parishes (CEA Parishes)</u>**

  In addition, CAFA has CEAs with 29 Parishes outside the nine parish Capital Area which allows mortgage loan originations utilizing CAFA's TBA programs. In exchange for the approval of each parish to allow CAFA to originate loans therein, CAFA shares 50% of the one-time fee generated from loans made in each particular CEA Parish.

<u>2015 Taxable Refunding Single Family Mortgage Revenue Refunding Bonds Series 2015</u>

In September 2015, the Authority conducted a Taxable Refunding of Single Family Mortgage Revenue Bonds in the amount of $20.02 million in Bonds. The Authority collapsed multiple prior single-family issues. The proceeds of the 2015 Taxable Refunding Bonds were used to call the bonds of the prior single-family issues. The majority of the MBS collateral from the prior issues was transferred to the 2015 Taxable issue as collateral for the 2015 Bonds. The remaining MBS and residual cash from the refunded prior issues was transferred to the Unrestricted Fund. The 2015 Taxable Refunding released approximately $1.6 million in residual cash and approximately $2.816 million in MBS from the restricted refunded bond issues to the Unrestricted Fund. The average bond interest rate was reduced from approximately 5.90% on the refunded bonds to approximately 2.90% for the new bonds.

The $34,000 of "Deferred Inflow of Resources" represents legacy bond premiums from certain refunded prior single-family bond issues which were funded using the 2015 taxable bond issues proceeds.

<u>2016 Taxable Refunding Single Family Mortgage Revenue Refunding Bonds Series 2016</u>

In November 2016, the Authority conducted a Taxable Refunding of Single Family Mortgage Revenue Bonds in the amount of $9.725 million in Bonds. The Authority collapsed two prior single family issues. The proceeds of the 2016 Taxable Refunding Bonds were used to call the bonds of the prior single family issues. The majority of the MBS collateral from the prior issues was transferred to the 2016 Taxable issue as collateral for the 2016 Bonds. The remaining MBS and residual cash from the refunded prior issues were transferred to the Unrestricted Fund. The 2016 Taxable Refunding released approximately $301,125 in residual cash and approximately $191,316 in MBS from the restricted refunded bond issues to the Unrestricted Fund. The average bond interest rate was reduced from approximately 4.674% on the refunded bonds to approximately 2.375% for the new bonds.

The $57,000 of "Deferred Inflow of Resources" represents legacy bond premiums from certain refunded prior single family bond issues which were funded using the 2016 taxable bond issues proceeds.

<u>2018 Adjusted Net Position</u>

- The Authority's assets exceeded its liabilities at the close of 2018 by $32.905 million, which represents a $1.765 million decrease from the 2017 amount of $34.670 million.

- For the year ended December 31, 2018, the Authority had $2.001 million in unrealized losses in the Net Increase (Decrease) in the Fair Market Value of Investments. The net unrealized loss of $2.001 million for 2018 combined with the net unrealized loss in 2017 of $1.250 million represents a $751,000 net decrease in the fair market value of investments from 2017 to 2018.

- Without giving effect to the adjustment for the cumulative unrealized gains in the Net Increase (Decrease) in the Fair Value of Investments, the Authority's assets exceeded its liabilities by $34.906 million in 2018 which represents a decrease of $1.014 million from the 2017 adjusted amount of $35.920 million.

2018 Adjusted Operating Revenues

- The Authority's adjusted revenues of $3.763 million in 2018 (exclusive of the $2.001 million Net Decrease in the Fair Value of Investments) decreased by $328,000 as compared to adjusted revenues of $4.091 million generated in 2017 (exclusive of the Net Decrease in the Fair Value of Investments of $1.250 million.)

- The Authority generated income earned on mortgage loans receivable/mortgage backed securities of $2.147 million in 2018 as compared with $2.505 million in 2017 - a decrease of $358,000.

- The Authority realized a $114,000 increase in income earned on other investments from $515,000 in 2017 to $629,000 in 2018. This is due to early payoff of aging loans.

- The Authority's Fee Income in 2018 decreased by $162,000 from $837,000 in 2017 to $675,000 in 2018. This is primarily due to the addition of fees from the 2016 Taxable Bond Issue.

- The income for 2018 from fees earned on the three Market Rate Loan Programs which combined total $311,000 as compared to $228,000 for 2017, an increase of $83,000 due to an increase in first mortgage loan production.

- The Authority had a decrease in Other Income of $6,000 from $6,000.00 in 2017 to $0.00 in 2018.

2018 Operating Expenses

- The Authority's 2018 Total Operating Expenses of $3.522 million decreased by $435,000 from 2017 operating expenses of $3.957 million.

- There was a decrease in the amortization of DAP/MLAP of $330,000 from $454,000 in 2017 as compared to $124,000 in 2018.

- There was an increase of $297,000 in Operating Expenses of $1.532 million in 2018 as compared to $1.235 million in 2017.

2018 Adjusted Net Operating Income

- Excluding the realized and unrealized gains or losses in the Net Increase/Decrease in the Fair Value of Investments for 2018 and 2017 and adjusting for the non-cash expense item category of the amortization of down-payment assistance programs costs, the Authority experienced a net operating gain of $365,000 in 2018 compared with a $588,000 net operating gain in 2017, a decrease of $223,000.

2018 Unrestricted Fund Net Position

- As of December 31, 2018, the Authority had an unrestricted net position of $30.077 million (after adjusting for the unrealized loss of $390,000) as compared with unrestricted net position of $30.288 million as of December 31, 2017 (after adjusting of for an unrealized loss of $200,000) representing a decrease of $211,000.

Authority's Bond Credit Ratings

- The Authority has a "Aaa" rating from Moody's Investor Service ("Moody's") on substantially all of its separately secured series of bonds. The Series 2007B, 2009A-1, A-2 and A-3 Bonds which were rated Aa1on the Series 2007B Bonds (reaffirmed October 17, 2014) were upgraded to Aaa in May, 2017 and A2 on the 2009A-1, A-2 and A-3 Bonds (upgraded in July, 2014). These series of Bonds listed above were rated lower than Aaa due solely to the downgrade of the Moody's ratings of various financial institutions respective guaranteed investment agreement providers with which the Authority invests its monthly receipts of mortgage loan principal and interest payments from its mortgage backed securities which serve as collateral for the Authority's Bonds.
- The 2009 GSE Bonds are rated Aa+ by Standard and Poor's Corporation.
- In addition in May 2002, the Authority applied for an issuer rating from Moody's Investor Services ("Moody's"). Moody's awarded the Authority an 'A3' issuer general obligation rating which is the current rating. The Authority issued a series of subordinate bonds in the principal amount of $2 million as a part of the Series 2009A Bonds on October 27, 2009 secured in part by the Authority's general obligation pledge of the Authority's unrestricted assets.
- Moody's reaffirmed the Authority's 'A3' issuer general obligation rating on November 13, 2014. The "A3" rating remains the current credit rating. Moody's included as a part of its rating report certain operating and debt ratios in its rating report.
- Moody's issued a Aaa rating to the Taxable Single Family Mortgage Revenue Refunding Bonds Series 2015.
- Moody's issued a Aaa rating to the Taxable Single Family Mortgage Revenue Refunding Bonds Series 2016.

OVERVIEW OF THE FINANCIAL STATEMENTS

These basic financial statements consist of three sections - Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements) and the supplemental information.

Basic Financial Statements

The basic financial statements include information on a combined basis for the Authority as a whole, in a format designed to make the statements easier for the reader to understand. The statements include the balance sheets; the statements of revenues, expenses, and changes in net position; and the statements of cash flows.

The balance sheets (page 13) present the assets and liabilities separately. The difference between total assets and total liabilities is net position and may provide a useful indicator of whether the financial position of the Authority is improving or deteriorating on an adjusted basis.

The statements of revenues, expenses, and changes in net position (page 14) present information showing how the Authority's net position changed as a result of the current year's operations. Regardless of when cash is affected, all changes in net position are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The statements of cash flows (pages 15 - 16) present information showing how the Authority's cash changed as a result of the current year's operations. The combining cash flow statements are prepared using the direct method and include the reconciliation of net income (loss) to net cash provided by (used in) operating activities (indirect method) as required by Statement 34 of the Governmental Accounting Standards Board.

COMBINED STATEMENT OF NET ASSETS
AS OF DECEMBER 31, 2018 AND 2017
(In thousands)

	2018	2017	Change from Prior Year
Cash and Cash Equivalents	$ 10,098	$ 8,907	$ 1,191
Brokered Certificates of Deposit	7,598	9,338	(1,740)
Guaranteed Investment Agreements	291	342	(51)
State, U.S. Government and Agency Securities	7,199	7,421	(222)
Mortgage-Backed Securities	44,373	52,847	(8,474)
Mortgage Loan Receivable - Net	46	153	(107)
Accrued Interest Receivable	265	293	(28)
Downpayment and Authority Assistance Programs	-	41	(41)
Note Receivable	396	81	315
Prepaid Insurance and Other Assets	56	63	(7)
Capital Assets (Net of Accumulated Depreciation)	1,872	1,513	359
Total Assets	$ 72,194	$ 80,999	$ (8,805)
Accounts Payable and Accrued Liabilities	$ 36	$ 33	$ 3
Accrued Interest Payable	130	167	(37)
Bonds and Lines of Credit Payable - Net	39,123	46,129	(7,006)
Total Liabilities	39,289	46,329	(7,040)
Deferred Inflows - Related to Refunding of Bonds	91	96	(5)
Net Position:			
Net Investment in Capital Assets	1,872	1,513	359
Restricted *1	2,981	4,486	(1,505)
Unrestricted *2	27,961	28,575	(614)
Total Net Position	32,814	34,574	(1,760)
TOTAL LIABILITIES AND NET POSITION	$ 72,194	$ 80,999	$ (8,805)

*1 ‘Restricted net assets’ represent those net assets that are restricted and as a result are not available for general use due to the terms of the various bond trust indentures under which certain specified assets are held and pledged as security for the individual bonds of the Authority constituting its mortgage lending programs.

*2 ‘Unrestricted net assets’ are those assets for which there is not a specific limitation pledge of any of the unrestricted net assets to a specific bond issue of the Authority.

Authority Debt

- The Authority had $39.123 million in mortgage revenue bonds on December 31, 2018 as compared to $46.129 million in mortgage revenue bonds as of December 31, 2017, as shown in the table below:

OUTSTANDING AUTHORITY DEBT AS OF DECEMBER 31, 2018 AND 2017

	2018 (millions)	2017 (millions)	Change from Prior Year (millions)
Mortgage Revenue Bonds	$39.123	$46.129	$(7.006)
Line of Credit (FHLB of Dallas)	-	-	-
Outstanding Debt (as of December 31)	$39.123	$46.129	$(7.006)

- Mortgage Revenue Bonded Debt outstanding decreased by $7.006 million as of December 31, 2018 as compared with December 31, 2017.

- The Authority had an outstanding line of credit as of December 31, 2018 with the Federal Home Loan Bank of Dallas with a zero balance.

Accounts Payable and Accrued Interest Payable

The Authority had Accounts Payable and Accrued Liabilities and Accrued Interest Payable of $166,000 outstanding on December 31, 2018 (of which $130,000 is accrued interest payable on the bonds) compared with $200,000 for December 31, 2017 - a decrease of $34,000.

Subsequent Events

In 2018 CAFA began implementation of our Payment in Lieu of Taxes ("PILOT") program to financially assist developers of multi-family projects that provide quality affordable housing for lower income families. CAFA will own the land and improvements and lease it back to the developer. CAFA ownership allows the property to be exempt from local property tax increases for a period of time.

During 2018, CAFA purchased an adjacent property with the intent in future years of proposing a "Master Plan" for the redevelopment of our immediate area.

ECONOMIC FACTORS AND THE AUTHORITY'S 2019 BUDGET

The Authority's Board of Trustees considered the following factors and indicators when the Authority adopted its 2019 Operating Budget. These factors and indicators include:

- The potential for the continuation of relatively low but rising conventional mortgage loan interest rates in 2019 will cause the velocity of early mortgage loans payoffs to stabilize.

- The Authority launched a Market Rate mortgage loan program with down payment and closing cost assistance with Raymond James as hedging agent and US Bank as Master Servicer in September 2014. Interest rates are published daily by 9:00am CST. The Authority conducted the first pooling of loans in January 2015. Due to the catastrophic flooding in March and August of 2016 there are several home financing products available through federal flood programs which have slowed the origination of loans through this program. Through 2018 and into 2019 further improvement is expected.

- The Authority created a parallel Market Rate mortgage program with down payment and closing cost assistance with GMFS Lending, LLC in August 2015. This program utilizes licensed financial institutions comprised of community banks, credit unions and mortgage brokers who choose to broker conventional and government mortgage loans. GMFS Lending serves as underwriter, funder, hedging agent and Master Servicer for this program. The Authority collects a one-time issue fee when the loans are closed. Due to the catastrophic flooding in March and August of 2016 there are several home financing products available through federal flood programs which have slowed the origination of loans through this program.

- During 2017 CAFA began a mortgage loan program which allows major mortgage loan companies to originate and then service their own loans. This is a pilot program in cooperation with Federal Home Loan Mortgage Corporation (Freddie Mac) and George K. Baum. Freddie Mac is working with a few select local Housing Finance Agencies ("HFAs") across the country similar to CAFA to participate in this pilot program. In this program each HFA can select up to five (5) Freddie Mac Seller/Servicers to originate and service first mortgage loans under CAFA's Gold Program. It is a market rate program, but the structure of the program allows for a lower mortgage rate and increased down payment and closing cost assistance due to the use of soft second mortgage loans (second liens with zero interest and zero payments which are forgiven over a seven year period). CAFA started with one Seller/Servicer in 2017 and added another Seller/Servicer during 2018.

CONTACTING THE CAPITAL AREA FINANCE AUTHORITY

This Financial Report, including the MD&A, is designed to provide all citizens of the Capital Area Parishes, as well as the Authority's customers and creditors (i.e. bondholders) with a general overview of the Capital Area Finance Authority's finances and to show the Authority's accountability for the money it receives from its bond issue proceeds and other sources. The sources include income earned on mortgage loan receivables/mortgage backed securities, income earned on other investments and Authority fee income. If you have any questions about this report or need additional financial information, please contact:

(1) Summary of Significant Accounting Policies -

(A) Organization of Authority

The Capital Area Finance Authority was created through a Trust Indenture dated August 14, 1974, pursuant to provisions of the Louisiana Revised Statutes of 1950, as amended. The initial legislation and subsequent amendments grant the Authority the power to obtain funds and to use the proceeds to promote the financing and development of any essential program conducted in the public interest within the boundaries of East Baton Rouge Parish, Louisiana.

At the September 18, 2014 meeting of the Louisiana State Bond Commission, the Amended and Restated Capital Area Finance Authority Trust Indenture was approved. The Amended and Restated Trust Indenture changed the name of the Authority from the East Baton Rouge Mortgage Finance Authority to the Capital Area Finance Authority and changed the geographic area in which the Authority can issue bonds for public purpose projects allowed in the Public Trust Act from East Baton Rouge Parish to the nine (9) Parish Capital Region consisting of the Parishes of East Baton Rouge, Ascension, East Feliciana, Iberville, Livingston, Pointe Coupee, St. Helena, West Baton Rouge and West Feliciana.

The Authority's operations consist primarily of single family mortgage purchase bond programs under which the Authority promotes residential home ownership through the acquisition of mortgage loans secured by first mortgage liens on single family residential housing. Under the 2007 B, 2009 A, 2009 GSE, 2015 and 2016 Programs, these loans are pooled and sold to the Government National Mortgage Association (GNMA), the Federal National Mortgage Association (FNMA) or the Federal Home Loan Mortgage Corporation (FHLMC) in exchange for mortgage-backed securities (MBS) on which GNMA, FNMA, or FHLMC guarantees payment of principal and interest when due. These securities are collateralized by the related loans. The Authority also issues short-term convertible program notes, which are securitized by government agency securities during the interim in preparation of long-term issues. The funds for the Authority's programs were obtained through the issuance of bonds in the following face value amounts (in thousands):

1987 Program, dated July 1, 1987	Closed	$ 15,450
1988 C&D Program, dated August 1, 1988	Closed	26,975

2007 A Program, dated February 23, 2007	Closed	40,000
2007 B Program, dated December 28, 2007	Closed	20,000
2009 A Program, dated October 22, 2009		29,360
2009 GSE Program, dated November 22, 2011		25,000
2015 Program, dated September 24, 2015		20,000
2016 Program, dated November 3, 2016		9,725

The bonds issued by the Authority are general obligations of the Authority and are not obligations of the State of Louisiana or any other political subdivision thereof.

The Authority's Board of Trustees is empowered under the bond trust indentures and the bond program agreements to contract with outside parties to conduct the day-to-day operations of the Authority and the programs it initiates. Under each of its single family mortgage purchase bond programs, the Authority utilizes area financial institutions to originate and service the mortgage loans acquired. In addition, a bank has been designated as the Trustee of the separate bond programs and has the fiduciary responsibility for the custody and investment of funds.

The President & CEO is responsible for the development of each new bond issue and loan program. Once the bond issue is closed, the President & CEO supervises the origination of the mortgage loans, underwrites (reviews and approves) the new mortgage loans for purchase under each program, maintains computerized current records on all loans, and supervises the servicing and trustee functions for each program.

Blended Component Unit - Blended component units, although legally separate entities, are, in substance, part of an entity's operations. The FutureVision, LLC was created on October 11, 2001 to serve only the Authority and is governed by management of the Authority. Its purpose is to acquire and hold capital assets. The creation of FutureVision, LLC created a financial benefit/burden relationship between the Authority and FutureVision, LLC. Management has determined that FutureVision, LLC is to be reported as a blended component unit as a proprietary fund within these financial statements.

(B) **Basis of Presentation - Fund Accounting -** The proprietary funds are used to account for the Authority's ongoing operations and activities which are similar to those in the private sector. Proprietary funds are accounted for using a flow of economic resource measurement focus under which all assets and all liabilities associated with the operation of these funds are included in the balance sheet. The operating statements present increases (revenues) and decreases (expenses) in total net position. The Authority follows the guidance included in GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance*, contained in pre-November 1989 FASB and AICPA pronouncements.

Basis of Accounting - The Authority prepares financial statements in accordance with accounting principles generally accepted in the United States of America. Such principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Basis of Reporting - The Authority follows GASB Statement No. 34, *Basic Financial Statements- and Management's Discussion and Analysis – for State and Local Governments*, and the required portions of GASB Statements No. 37 and 38, which modified the disclosure requirements of GASB No. 34. GASB No. 34 establishes standards for external financial reporting for all state and local governmental entities. It requires the classification of net position in three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

- *Net Investment in Capital Assets* – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- *Restricted* – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

- *Unrestricted* – This component of net position consists of net position that do not meet the definition of "restricted" or "net investment in capital assets."

The net position of FutureVision, LLC and the Unrestricted Fund are net investment in capital assets or unrestricted. The net position of all other programs are substantially restricted under the terms of the various bond indentures.

Combined Totals - The combined financial statements include the totals of the similar accounts of each of the Authority's bond programs, FutureVision, LLC, and the Authority's Unrestricted Fund. Because the assets of the bond programs are restricted by the related bond resolutions and indentures, the totaling of the accounts, including the assets therein, is for convenience only and does not indicate that the combined assets are available in any manner other than that provided for in the resolutions and indentures relating to the separate programs.

GASB Statement No. 31 - The GASB issued Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. The statement requires that most investments be recorded at fair value. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties and has generally been based upon quoted values. This method of accounting causes fluctuations in reported investment values based on fluctuations in the investment market.

Fluctuations in the fair value of investments are recorded as income or expense in the statements of revenues, expenses, and changes in net position, and the amount is disclosed in the statements of cash flows as unrealized gain (loss) on investments. The Authority applies the provisions of the Statement to brokered certificates of deposit, U.S. Government securities and mortgage-backed securities. The sale of these investments by the Authority is generally subject to certain restrictions as described in the individual bond indentures.

GASB Statement No. 72 – In February 2015, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 72 (GASB 72), Fair Value Measurement and Application. GASB 72 addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. Additional disclosures are included in Note 2.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification of Prior Year Amounts - Certain prior year balances have been reclassified to conform to the current year presentation.

Statement of Cash Flows - For purposes of the statement of cash flows, the Authority considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Summary Financial Information for 2017 - The financial statements include certain prior year summarized information in total. Such information does not include sufficient details to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Authority's financial statements for the year ended December 31, 2017 from which the summarized information was derived.

Subsequent Events - The Authority evaluated subsequent events and transactions for potential recognition or disclosure in the finance statements through June 14, 2019, the date which the financial statements were available to be issued.

(2) Cash and Investments -

In compliance with State laws, those deposits not covered by depository insurance are secured by bank owned securities specifically pledged to the Authority and held in joint custody by an independent custodian bank. Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. As a result of the pledging of additional securities by custodial banks in the Authority's name, the Authority does not have any custodial credit risk at December 31, 2018.

The Authority recognizes all purchases of investments with a maturity of three months or less, except for short term repurchase agreements, as cash equivalents.

Credit Risk - Statutes authorize the Authority to invest in the following types of investment securities;

(1) Fully-collateralized certificates of deposit issued by qualified commercial banks, federal credit unions and savings and loan associations located within the State of Louisiana.

(2) Direct obligations of the U.S. Government, including such instruments as treasury bills, treasury notes and treasury bonds and obligations of U.S. Government agencies that are deliverable on the Federal Reserve Systems.

(3) Repurchase agreements in government securities in (2) above made with the 23 primary dealers that report to and are regulated by the Federal Reserve Bank of New York.

(4) Guaranteed Investment Contracts with companies with good credit ratings.

The Authority has no investment policy that would further limit its investment choices beyond the restrictions imposed by the State of Louisiana. At December 31, 2018, the Authority's investments in MBS with GNMA, FNMA, and FHLMC are rated AAA by taking the average of the Moody's Investors Services, Standard and Poor, and Fitch ratings. The Authority has no limit on the amount it may invest in any one issuer so long as the State of Louisiana's restrictions are followed.

The Authority has a portion of its assets as of December 31, 2018, invested in GNMA, FNMA, and FHLMC obligations including MBS totaling approximately $44.503 million. GNMA is an instrumentality of the Federal government. Its obligations carry the full faith and credit of the United States of America. Neither FNMA nor FHLMC are instrumentalities of the federal government and as such do not carry the full faith and credit of the United States of America. FNMA is a federally chartered and stockholder-owned corporation. FNMA was originally established in 1938 as a United States government agency and was transformed into a stockholder-owned and privately managed corporation in 1968. FHLMC is a stockholder-owned government sponsored corporation created in 1970. The Authority's total investment in FNMA and FHLMC obligations (including MBS) as of December 31, 2018, was approximately $9.270 million. Any potential downgrade in the credit rating of either FNMA and/or FHLMC could have an adverse impact on the market value of the obligations of FNMA and/or FHLMC (including MBS) owned by the Authority. In connection with the approximately $9.041 million of FNMA and FHLMC MBS, which the Authority has pledged to bondholders pursuant to separate trust indentures authorizing various bond issues, the asset portion of these various balance sheets could be adversely affected while the liabilities are not since the liabilities are not marked to market. However, any financial risk to the Authority is entirely mitigated since the bond indentures authorizing the Authority's bonds do not provide any acceleration of the Authority's bonded debt as a result of potential downgrade of either FNMA and/or FHLMC credit rating.

For the year ended December 31, 2018, the Authority recognized $2 million in net unrealized losses in the Net Decrease in the Fair Value of Investments.

Interest Rate Risk - As a means of limiting its exposure to fair value losses from rising interest rates, the Authority's Interest Rate Risk Program generally restricts investments to those whose terms are no longer than the terms of the related bonds.

The Authority's programs have investments in guaranteed investment contracts, mortgage backed securities and other investments which have maturities which approximate the terms of the related debt. Therefore the Authority balances its interest rate risk against the related debt. By using this method, the Authority believes that it will mitigate its interest rate risk.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At December 31, 2018, the Authority is not exposed to custodial credit risk with respect to its investments because all investments are either insured by federal depository insurance, registered in the name of the Authority, or collateralized by other investments pledged in the name of the Authority.

In the case of deposits, this is the risk that in the event of a bank failure, the Authority’s deposits may not be returned to it.

To mitigate this risk, state law requires for these deposits (of the resulting bank balances) to be secured by federal deposit insurance or the pledge of securities by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. The pledged securities are deemed by Louisiana State Law to be under the control and possession and in the name of the Authority regardless of its designation by the financial institution in which it is deposited. As of December 31, 2018, none of the Authorities bank balance of $10.101 million was exposed to custodial credit risk.

Fair Value of Financial Instruments

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Authority has the following recurring fair value measurements (in thousands) as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Brokered Certificates of Deposit	$ 7,598	$ -	$ -	$ 7,598
Guaranteed Investment Agreements	-	-	291	291
State, U.S. Government and Agency Securities	7,069	-	-	7,069
Mortgage-Backed Securities	-	44,503	-	44,503
Total Investments at Fair Value	$ 14,667	$ 44,503	$ 291	$ 59,461

(3) Mortgage Loans Receivable and Mortgage-Backed Securities -

In addition to the customary insurance required of the mortgagors, the mortgage loans are insured under special hazard policies, and supplemental mortgage trust policies for mortgagor defaults. Premiums for these policies are paid through the applicable Program's funds.

All of the single family mortgage loans are originated by participating mortgage lenders through conventional, FHA or VA programs sponsored by the mortgage lenders and are sold to the Authority without recourse. The participating mortgage lenders service the mortgage loans for the Authority and receive monthly compensation based upon the unpaid principal balance of the mortgage loans serviced.

Mortgage-Backed Securities - As discussed in Note 1, the mortgage loans originated under certain Authority programs are pooled and sold to GNMA, FNMA, or FHLMC in exchange for mortgage-backed securities on which GNMA, FNMA, or FHLMC guarantees payment of principal and interest when due. These securities bear the following terms and interest rates:

	Term	Pass Through Interest Rate
2009 A Program	30 years	4.875% - 7.100%
2009 GSE Program	30 years	3.250% - 4.125%
2015 Program	30 years	4.250% - 8.350%
2016 Program	30 years	5.125% - 5.475%
Unrestricted Fund	30 years	3.000% - 7.500%

The change to the mortgage-backed securities type of program was prompted by various factors including the unavailability of mortgage pool and related insurance coverage required for conventional mortgage loan programs. The guarantees by GNMA, FNMA, and/or FHLMC, which the Authority receives under this type of program, replaces the pool and related insurance coverage of the previous programs. Development of the new programs, origination of the mortgage loans and supervision of the servicing of the mortgage loans for compliance with federal mortgage bond tax laws by the Authority remain essentially the same.

(4) Changes in Capital Assets -

Capital asset activity for the year ended December 31, 2018 (in thousands):

Governmental Activities	Balance 12/31/2017	Additions	Deletions	Balance 12/31/2018
Capital Assets not being Depreciated:				
Land	$ 631	$ 375	$ -	$ 1,006
Total	631	375	-	1,006
Capital Assets being Depreciated:				
Furniture and Fixtures	250	-	-	250
Building and Improvements	887	50	-	937
Total	1,137	50	-	1,187
Less Accumulated Depreciation for:				
Furniture and Fixtures	138	36	-	174
Building and Improvements	117	30	-	147
Total Accumulated Depreciation	255	66	-	321
Total Capital Assets being Depreciated, Net	882	(16)	-	866
Capital Assets, Net	$ 1,513	$ 359	$ -	$ 1,872

Depreciation is being calculated using the straight-line method over the estimated useful life of capital assets. Depreciation expense was $66,463 for the year ended December 31, 2018.

(5) Notes Receivable -

On April 27, 2016, the Authority entered into an $84,000 mortgage note receivable agreement with McGlynn Corp., LLC, which is secured by land, building and improvements located in East Baton Rouge Parish. The note is payable in 360 monthly installments beginning on June 1, 2016. The interest rate is fixed at 5% for each year set forth in the Schedule of Payments.

On November 19, 2018, the Authority entered into a $42,967 mortgage note receivable agreement with Urban Restoration Enhancement Corporation, which is secured by land, building and improvements located in East Baton Rouge Parish. The note is payable in 18 monthly interest only installments beginning on January 1, 2019, with one final installment of all unpaid principal and interest due at the maturity date of June 1, 2020. The interest rate is fixed at 4% for 2019 – 2020.

During 2018, the Authority entered into an agreement with Louisiana Housing Corporation (LHC) in which the Authority is the secondary lender to various contractors working to repair and rebuild flooded homes in the area. The contractors work under the terms of a grant issued to LHC. There are no formal defined terms between the Authority and LHC; however, payments to the Authority are generally due upon completion of construction and following occupancy of the property. As of December 31, 2018, outstanding amounts due to the Authority from two contractors totaled $272,695 and are included as due in the year ended December 31, 2019 in the Schedule of Payments.

The Schedule of Payments is as follows (in thousands):

Year Ended	Amount
December 31, 2019	$ 274
December 31, 2020	44
December 31, 2021	2
December 31, 2022	2
December 31, 2023	2
Thereafter	72
	$ 396

(6) Bonds Payable -

The net proceeds obtained from the bond issues are used to establish funds authorized by the Bond Trust Indentures to purchase eligible mortgage loans, secured by first mortgage liens on single family owner-occupied residences, or to purchase GNMA, FNMA, and/or FHLMC mortgage-backed securities from qualified mortgage lenders accepted for participation in the programs by the Authority.

The Bond Trust Indentures provide that bond principal and interest are secured by pledges of all mortgage loans and mortgage-backed securities acquired, all revenues and collections with respect to such loans and securities and all funds established by the Indenture, together with all of the proceeds generated therefrom.

On February 1, 2018, the Authority called the full remaining balance of the 2007B Series bonds. Funds from the Unrestricted Fund were used to pay off all outstanding principal ($1,015,000) and accrued interest ($17,766) as of February 1, 2018.

Outstanding bonds and lines of credit payable consist of the following at December 31, 2018 (in thousands):

	2018
2009 A Program, due serially and term from 2015 through 2040, bearing interest at 3.70% to 5.25% payable semiannually	$ 4,595
Plus unamortized bond premium	35
Total - 2009A Program	4,630
2009 GSE Program (Escrow bond), due 2042 bearing interest at 2.32% payable monthly	15,785
2015 Program, due 2038 bearing interest at 2.90% payable monthly	11,767
2016 Program, due 2038 bearing interest at 2.38% payable monthly	6,941
Total Bonds - Net at December 31, 2018	$ 39,123

The bonds are subject to early redemption provisions as described in the Bond Trust Indentures at redemption prices equal to the principal amounts of the bonds redeemed plus accrued interest to the applicable call dates.

A summary of changes in debt during the year ended December 31, 2018 (in thousands), is as follows:

Balance - January 1	$ 46,129
Repayments and Maturities	(6,996)
Amortization of Premium	(10)
Balance - December 31	$ 39,123

Following is a schedule of the future principal and interest payments of the Authority's debt based on the stated maturity dates of the debt. Actual repayment dates will likely occur earlier since substantially all of the debt is subject to early redemption provisions. These early redemption provisions relate to payments received on the mortgage-backed securities and mortgage loans receivable and certain other factors. These early redemptions will also reduce future interest payments.

Scheduled principal payments for the years subsequent to December 31, 2018, are as follows (in thousands):

	2019	2020	2021	2022	2023	Thereafter	Total
2009 A Program	$ 45	$ 35	$ 1,650	$ -	$ -	$ 2,865	$ 4,595
2009 GSE Program	-	-	-	-	-	15,785	15,785
2015 Program	-	-	-	-	-	11,767	11,767
2016 Program	-	-	-	-	-	6,941	6,941
	$ 45	$ 35	$ 1,650	$ -	$ -	$ 37,358	39,088
Plus Unamortized Premium							35
Total Outstanding- December 31, 2018							$39,123

Scheduled interest payments for the years subsequent to December 31, 2018, are as follows: (in thousands)

	2019	2020	2021	2022	2023	Thereafter	Total
2009 A Program	$ 234	$ 232	$ 231	$ 144	$ 144	$ 1,334	$ 2,319
2009 GSE Program	366	366	366	366	366	6,567	8,397
2015 Program	341	341	341	341	341	4,866	6,571
2016 Program	165	165	165	165	165	2,439	3,264
	$ 1,106	$ 1,104	$ 1,103	$ 1,016	$ 1,016	$ 15,206	$20,551

(7) Deferred Inflow of Resources -

The Individual Programs and Unrestricted Fund Balance Sheets report a separate section for deferred inflows of financial resources. Deferred inflows of resources represent an acquisition of a net position that applies to future periods and so will not be recognized in an inflow of resources until that time. The Authority has deferred inflows of resources that are a result of the refunding of the 2004A and 2006A programs. The net carrying amount exceeded the reacquisition price of the old debt by a total of $105,002. This amount is reported as a deferred inflow of resources and amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued. At December 31, 2018, the unamortized balance is $91,367.

(8) Operating Expenses -

The members of the Authority's Board of Trustees receive a per diem fee for all committee and board meetings attended. For the year ended December 31, 2018, payments to the Authority's Board members were as follows:

Board Member	
Cheri Ausberry	$ 5,600
Dennis Blunt	4,400
Norman Chenevert	9,800
Astrid Clements	6,600
Helena Cunningham	4,600
Blaine Grimes	5,200
Valerie Shexnayder	5,600
Russell Mosely	3,400
Sharon Perez	5,200
Total	$ 50,400

These amounts are paid through the Unrestricted Fund and included in operating expenses in the accompanying statements of revenues, expenses, and changes in net position.

(9) Authority Fees -

Beginning with the 1992 Programs, the Authority instituted an authority fee which is paid to the Unrestricted Fund by the individual programs. The Unrestricted Fund recognizes authority fee income related to the fees paid by the individual programs. The fee income received by the Unrestricted Fund is currently being used to provide the upfront funds required of the Authority's annual programs in order to finance such things as costs of issuance of bonds, subsidizing lower income mortgagors with waivers of discount points and providing down payment assistance to mortgagors. The actual fees paid by each program vary in accordance with the provisions of the respective program's indenture agreement. Authority fee income recognized by the Unrestricted Fund and Authority fee expense recognized by the individual programs are disclosed separately in the accompanying statements of revenues, expenses, and changes in net position.

(10) Downpayment Assistance Program -

The Authority has a Downpaynent Assistance Program (DAP) which provides funds to borrowers that meet certain criteria in order to assist borrowers with closing costs or down payments. The amount of funds is based on a percentage of the loan amount (generally 3% to 4%). The interest rate charged on these loans is greater than the interest rate on loans that do not utilize this program.

Costs related to this program are capitalized and are being amortized over the lives of the related assets as yield adjustments based upon the average lives of the underlying assets. The remaining unamortized balances are classified on the accompanying balance sheets in the same caption as the related assets. A summary of the activity with respect to these programs during the year ended December 31, 2018, is as follows (in thousands):

	December 31, 2017	Paid in 2018	2018 Amortization	December 31, 2018
2007 B Program	$ 41	$ -	$ (41)	$ -
	$ 41	$ -	$ (41)	$ -

(11) Commitments -

The Capital Area Finance Authority promotes economic development in the parish through its community grants program for non-profit organizations. The program provides grant funds and capital funds to be used for projects by non-profit organizations that advance the Authority's mission in increasing home ownership. Grants are awarded to organizations and agencies within East Baton Rouge Parish for use in East Baton Rouge Parish. At December 31, 2018, the Capital Area Finance Authority had one outstanding grant in the amount of $31,000 for the 2019 fiscal year.

(12) Transfers Among Programs -

Transfers among programs generally consist of nonrecurring transfers associated with (1) the initial issuance of bonds, (2) transfers to the unrestricted fund of remaining fund assets of closed funds once bonds are redeemed, (3) balances in the cost of issuance accounts, and (4) transfers of unrestricted assets for the purchase of capital assets or to supplement operating expenses.

(13) Schedule of Compensation, Benefits and Other Payments to President & CEO -

In accordance with Louisiana Revised Statute 24:513A, the following is a Schedule of Compensation and Benefits received by Mark Drennen, President & CEO, for the year ended December 31, 2018:

	Mark Drennen
Salary	$ 277,500
Benefits - Health Insurance	35,363
Benefits - Retirement	8,250
Mileage and Parking Reimbursement	360
Conference Registration Fees	395
Conference Travel and Meals	1,330
	$ 323,198

(14) Employee Benefits - Health Insurance and Simple IRA -

The Authority has a health insurance plan, administered by Blue Cross Blue Shield of Louisiana, which pays 100% of the premium for all employees and their families. In addition to the health insurance, the Authority has a Simple IRA plan for all employees which it provides matching of employee contributions of up to 3% of the employee's annual salary and maximum employee contribution of $12,500 per employee. The Authority contributed $18,460 to the plan in 2018.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Capital Area Finance Authority
Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities which include each of the individual programs, FutureVision, LLC, the unrestricted fund, and the 2018 combined financial statements of the Capital Area Finance Authority (the Authority) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated June 14, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose; however, under Louisiana Revised Statue 24:513, this report is distributed by the Legislative Auditor as a public document.

Respectfully submitted,

Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Board of Directors
Capital Area Finance Authority
Baton Rouge, Louisiana

We have performed the procedures enumerated below, which were agreed to by Capital Area Finance Authority (the Authority) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2018 through December 31, 2018. The Authority's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated exceptions are as follows:

Bank Reconciliations

1. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:

   a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged). **- No exceptions**

b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged). - **No exceptions**

c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable. - **No exceptions**

Collections

2. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5). - **No exceptions**
3. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

   a) Employees that are responsible for cash collections do not share cash drawers/registers. - **No exceptions**

   b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit. - **No exceptions**

   c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit. - **No exceptions**

   d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation. - **No exceptions**
4. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft. - **No exceptions**
5. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

   a) Observe that receipts are sequentially pre-numbered. - **No exceptions**

   b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip. - **No exceptions**

   c) Trace the deposit slip total to the actual deposit per the bank statement. - **No exceptions**

d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than $100).

Exception – For one item tested, we could not determine if the item was deposited within one business day of receipt because the check was not denoted with a date received. We did note that the check was deposited within ten days of the date of the check. The Authority very rarely receives checks, and as such, they do not document the date of receipt.

e) Trace the actual deposit per the bank statement to the general ledger. - **No exceptions**

Management's Response/Corrective Action to Exceptions

The Authority's responses to the exceptions identified in our performance of the SAUPs are attached. The Authority's responses were not subjected to the any procedures applied in the SAUPs and, accordingly, we express no opinion or any assurance on them.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Respectfully submitted,

Hannis T. Bourgeois, LLP

Baton Rouge, LA. 70809

To Whom it May Concern:

In reference to the Exception to Section 5 (d) in the Independent Accountant's Report on Applying Agreed-Upon Procedures for the audit year ended December 31, 2018, please note the following response:

Exception: For one item, we could not determine if the item was deposited within one business day of receipt because the check was not denoted with the date received. We did note the check was deposited within ten days of the date of the check. The Authority very rarely receives checks, and as such, they do not document the date of receipt.

Response: Currently the Authority stamps the checks as received when the envelopes in which they are received are opened. The mail may not be opened every day. I am the only employee who opens the mail. If I am out of the office, I don't get to open the mail until I return to the office. If I am working on a deadline, the mail may not get opened on any particular day. As soon as the mail is opened if there is check contained therein, it is stamped received and, if at all possible, it is deposited the next business day or the next.

Vickie Theriot
Executive Vice President
