## INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Mr. Barry Laiche Chairperson Avoyelles Parish Port Commission Simmesport, Louisiana 71369

We have reviewed the accompanying financial statements of the governmental activities of the Avoyelles Parish Port Commission, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to the management's financial data and making inquiries of the management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do express such an opinion.

### Management's Responsibility for the Financial Statements

Management of the Avoyelles Parish Port Commission is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

### Accountants' Responsibility

Our responsibility is to conduct the review in accordance with *Statements on Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants and the standards contained in the *Government Auditing Standards*, issued by the United States Comptroller General. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

### Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

### **Other Supplemental Information**

The Schedule of Compensation Benefits and Other Payments to Agency Head or Chief Executive Officer presented on page 22 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The information is the representation of management. We have not reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with the reporting framework prescribed by the Louisiana Legislative Auditor. We have not audited or reviewed such information and we do not express an opinion, a conclusion, nor provide any assurance on it.

Management has omitted the management's discussion and analysis, information that is required to be presented for purposes of additional analysis. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

In accordance with the *Louisiana Audit Governmental Guide* and the provisions of state law, we have issued a report dated March 24, 2022, on the results of our agreed-upon procedures.

### NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2021

### INTRODUCTION

The Avoyelles Parish Port Commission (the "Commission") was created by the provisions of Louisiana Revised Statute (LRS) 34:1801. The statute provides for the Commission to be composed of seven members who shall serve without compensation. Four commissioners are to be appointed by the Avoyelles Parish Police Jury, two are to be appointed by the Town of Simmesport, and the final commissioner is to be elected by the appointed commissioners. The commissioners serve terms from two to six years. The Port Commission has the authority to regulate commerce and traffic, to administer docks and landings, and to construct or acquire equipment, wharves, and buildings for the commerce of the port area within Avoyelles Parish.

Act 594 of the 2016 Louisiana Legislature, enacted on June 17, 2016 amended LRS 34:1801, provided for changes in the membership of the Avoyelles Parish Port Commission. Effective on June 17, 2016, membership of the Commission is comprised of nine members, at least three of which shall be minorities, with one member domiciled in each policy jury district who shall serve without compensation and who shall be appointed, subject to Senate confirmation.

Act 332 of the 2021 Regular Session of the Louisiana Legislature, enacted on June 14, 2021, amended LRS 34:1801, providing for changes in the membership of the Avoyelles Parish Port Commission. Effective June 14, 2021, membership of the Commission is comprised of five members, two appointed by the Avoyelles Parish Police Jury, one appointed by the Town of Simmesport and one appointed by the District 28 House Representative and State Senator, collectively. Each commissioner shall be domiciled in Avoyelles Parish and will serve 4-year staggered terms.

The Avoyelles Parish Port at Simmesport, LA is an inland port located on the Atchafalaya River, an 18 foot draft river in central Louisiana. The Port's Master Plan outlines a multi-purpose, four phase development on 2,200 acres of land, including a 200 acre industrial park, port dock, and recreational area and boat launch.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

#### A. REPORTING ENTITY

The Commission, for financial purposes, includes all the funds relevant to the operations of the Avoyelles Parish Port Commission. The financial statements presented herein do not include agencies which have been formed under applicable laws or separate and distinct units of government apart from the Avoyelles Parish Port Commission.

The Commission is considered a primary government and is financially independent and is responsible for its debts and is entitled to surpluses. No separate agency receives a financial benefit nor imposes a financial burden on the Commission.

### NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2021

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

### **B. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS**

The government wide fund financial statements report the information on all of the non-fiduciary activities of the Avoyelles Parish Port Commission. Governmental activities are normally supported by rentals, fees and assessments which are reported separately from the business-type activities, which relay to a significant extent on fees and user charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include rentals, fees and assessments authorized for collection by the Port Commission.

The government wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

In accordance with Statement No. 63, in some instances, the Governmental Standards Board requires a government to delay recognition of decreases in net position as expenditures until a future period. In other instances, governments are required to delay recognition of increase in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delay recognition of expenditures or revenues, respectively.

### C. FUND ACCOUNTING

The accounts of the Port Commission are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund or account group are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are to be controlled.

### NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2021

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

### C. FUND ACCOUNTING (continued)

#### GOVERNMENTAL FUND

Governmental funds account for all or most of the Avoyelles Parish Port Commission's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term obligations. Governmental funds include:

#### **Special Revenue Fund**

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes

### **D. BUDGETARY PRACTICES**

In accordance with Louisiana Revised Statute 39:1303, the Port Commission is required to adopt an annual budget. The annual budget is prepared on a GAAP basis and all annual appropriations lapse at year end. Encumbrance accounting is not utilized.

#### E. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Port Commission may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the Port Commission may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

#### F. FIXED ASSETS

Fixed assets of governmental funds are recorded as expenditures at the time they are purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost or estimated cost if historical cost is not available. Donated assets are valued at the fair market value at the time of the donation.

# NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2021

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

#### G. COMPENSATED ABSENCES

The Port Commission has two part-time employees who are paid on an hourly basis per hours worked; all other services are performed by volunteers or are contracted out to independent contractors. The Port Commission has no policy relating to compensated absences.

#### H. LONG-TERM OBLIGATIONS

Long-term obligations expected to be financed from governmental funds are reported in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the governmental funds when due.

#### I. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### J. EQUITY CLASSIFICATIONS

In the government-wide financial statements, equity is classified as net assets and displayed in two components:

*Investment in capital assets* – consists of capital assets including restricted assets, net of accumulated depreciation and net of related debt

Restricted net assets - consists of net assets restricted for port commission activities.

### K. GOVERNMENTAL FUND BALANCES

In the governmental fund financial statements, fund balances are classified as follows:

**Non-spendable fund balance** – amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact.

**Restricted fund balances** – amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors, creditors, or citizens.

**Committed fund balance** – amounts that can be used only for specific purposes determined by a formal action by the commissioners of the Avoyelles Parish Port Commission.

### NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2021

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

### K. GOVERNMENTAL FUND BALANCES (continued)

Assigned fund balance – amounts that are constrained by the Port Commission's intent that they will be used for specific purpose.

Unassigned fund balance - all other amounts not included in the other spendable classifications.

**Net position flow assumption:** Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted net resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government wide financial statements, a flow assumption must be made about the order in which resources are considered to be applied. It is the Commission's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

## NOTE 2. CASH AND CASH EQUIVALENTS

At June 30, 2021, the Port Commission has cash and cash equivalents (book balances) as follows:

Demand Deposits	\$551,738
Total	\$551,738

These deposits are stated at cost, which approximates market and are on deposit at federally insured banks. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance, or the pledge of securities owned by the fiscal agent bank.

The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

*Custodial Credit Risk*: At June 30, 2021 the Commission had bank balances of \$447,536. These deposits were fully secured by federal depository insurance.

The Avoyelles Parish Port Commission has not formally adopted a deposit or investment policy that limits the government's allowable deposits or investment and addresses custodial credit risk or interest rate risks.
