Report on the Audit of the Financial Statements

Opinions

I have audited the accompanying financial statements of Downsville Community Charter, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2025 and 2024, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Downsville Community Charter, Inc. as of June 30, 2025 and 2024, and the changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Downsville Community Charter, Inc. and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Downsville Community Charter's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Downsville Community Charter's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Downsville Community Charter's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

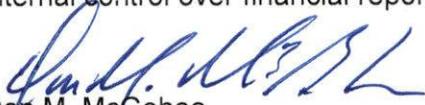

Supplementary Information

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of compensation, benefits, and other payments is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the schedule of compensation, benefits, and other payments is fairly stated, in all material respects, in relation to the financial statements as a whole.

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Performance and Statistical Data included as Schedules 1 and 2, as required by Louisiana Revised Statute 24:514, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, I do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated December 24, 2025, on my consideration of Downsville Community Charter's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Downsville Community Charter's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Downsville Community Charter's internal control over financial reporting and compliance.

DOWNSVILLE COMMUNITY CHARTER, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Downsville Community Charter, Inc. (the "School") was incorporated on October 23, 2015, under the provisions of Title 12, Section 101, of the Louisiana Revised Statutes. The School is exclusively for educational purposes with respect to operating Downsville Community Charter, Inc. in Downsville, Union Parish, Louisiana. The School is supported primarily through the Minimum Foundation Program (MFP) funded by the State of Louisiana and the Union Parish School Board. The support is based on the number of eligible students in attendance on the School's official pupil count days each year. The MFP revenue for the year ended June 30, 2025 accounts for 93% of the School's total support.

The Union Parish School Board (UPSB) approved the granting of a charter to the School effective November 13, 2015, initially granting a charter period to terminate on June 30, 2020, contingent upon the results of the reporting requirements at the end of the third year as provided in Louisiana R.S. 17:3998(A)(2) and the extension process as provided in Chapter 13 of BESE Bulletin 126. The UPSB subsequently granted the School an extension of the charter for a period expiring June 30, 2029. The School is a Type 3 Charter School, as defined in Louisiana R.S. 17:3973(3)(b).

The School files an information return for organizations exempt from Federal Income tax under the provisions of section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as a public charity. If the School loses the exempt status, any income in future years could be taxed at normal corporate rates.

A summary of the School's significant accounting policies consistently applied in the preparation of the financial statements follows:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the School are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Income is recognized when earned and expenses are recognized when incurred.

FINANCIAL STATEMENT PRESENTATION

The School follows the guidance of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-205, *Financial Statements of Not-for-Profit Organizations*. Under FASB ASC 958-205, the School is required to report information regarding its financial position and activities according to two classes of net assets:

Net Assets Without Donor Restrictions - Net assets not subject to donor-imposed restrictions. Some unrestricted net assets may be designated by the board of directors of the School for specific purposes.

Net Assets With Donor Restrictions - Net assets subject to a donor-imposed restriction that is a donor stipulation for the use of a contributed asset that is more specific than the broad limits resulting from the School's nature, environment, and purpose.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

Cash, which is held in interest bearing and non-interest bearing demand deposit accounts, consisted of both unrestricted and restricted balances. Unrestricted cash balances represent cash available for general operating purposes. Restricted cash balances consist of amounts credited to the School's bank accounts from donations received from individuals or entities who specified the use of the contribution.

For purposes of the statements of cash flows, the School considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

RECEIVABLES

Receivables are stated at the amount management expects to collect from outstanding balances. Management has elected to record bad debts using the direct write-off method. Accounting principles generally accepted in the United States require that an estimate be made of the allowance for credit losses. The effect of the use of direct write-off method, however, is not materially different from the results that would have been obtained had the allowance method been followed. The school received government grants to fund programs and operations. The grants are reimbursement based and grants receivable at the year end are stated at unpaid balances for expenditures incurred during the year.

DUE FROM OTHERS

Due from others are primarily amounts due from the Union Parish School Board for minimum foundation funds less any reimbursements due from the School as part of the shared services agreement.

CONTRIBUTION AND REVENUE RECOGNITION

Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions, depending on the existence and/or nature of donor restrictions. All donor-restricted support in which the restriction is not satisfied within the year received is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Revenues from federal and state grants are recorded when the School has a right to reimbursement under the grant, generally corresponding to the incurring of grant related costs of the School, or when earned under the terms of the grants. An accrual is made when grant terms are satisfied.

The School's primary source of funding is through the Minimum Foundation Program (MFP) funded by the State of Louisiana Public School Fund (the State) and the Union Parish School Board (UPSB). The funding the School receives is determined annually based on the number of pupils enrolled as of October 1st. The State funded per pupil allocation is based on the most recently approved minimum foundation program formula resolution. The UPSB's funded per pupil allocation from sales tax revenues, ad valorem taxes, and other sources is determined by the relationship of the number of pupils in the School versus total pupils in the UPSB's system. The MFP revenue for the year ended June 30, 2025 and 2024 was 93% and 87%, respectively, of the School's total revenue.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PROPERTY, PLANT, AND EQUIPMENT

Acquisitions of property, plant, and equipment with a cost in excess of \$5,000 are capitalized. Property, plant, and equipment are stated at cost or carried at the fair market value on the date of the donation, net of accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful life of the asset. Interest incurred during the construction period is reflected in the capitalized value of the asset constructed.

PREPAID INSURANCE

Payments made to insurance companies for insurance coverage beyond the current accounting period are recorded as prepaid items in the asset section of the balance sheet.

INCOME TAXES

The School's Form 990, Return of Organization Exempt from Income Tax, for the year ending June 30, 2022, for the year ending June 30, 2023, and for the year ending June 30, 2024 were filed with the Internal Revenue Service. As of December 24, 2025, the School had not filed its Form 990 for the year ending June 30, 2025. The School's tax filings are subject to examination by the IRS, generally for three years after filing.

COMPENSATED ABSENCES

All twelve month employees earn from ten to fifteen days of vacation leave each year, based on years of service. Unused vacation can be accumulated each year limited to an overall maximum of fifteen days carried over to the next year.

All twelve month employees earn from twelve to eighteen days of sick leave each year, depending on their length of service. Nine month employees earn ten days of sick leave each year. Sick leave can be accumulated. Upon retirement or death, unused accumulated sick leave or up to 25 days is paid to the employee or to the employee's estate at the employee's current rate of pay. Under the Louisiana Teachers' Retirement System and the Louisiana School Employees' Retirement System, all unpaid sick leave is used in the retirement benefit computation as earned service.

Compensated absences are accrued as a liability when the employees' right to receive compensation is attributable to service already rendered, the compensation rights vest or accumulate, the compensation payment is probable, and the amount can be reasonably estimated. Based on this criteria, the School accrues earned vacation and sick leave for those employees who currently are eligible to receive termination payments, as well as other employees who are expected to become eligible in the next five years to receive such payments.

NOTE 2 - CASH

At June 30, 2025 and 2024, the carrying amount of cash was \$1,935,016 and \$1,652,608, respectively, which approximates market value. The School's bank balances per the banks totaled \$1,975,891 and \$1,669,507, respectively. The bank provides Federal Depository Insurance coverage of \$250,000. At June 30, 2025, the deposits are secured from risk by federal deposit insurance coverage and \$1,725,891 of pledged securities held by a custodial bank in the name of the fiscal agent bank.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The School holds investments for the purpose of investing unspent bond proceeds according to the debt covenant. These funds are invested in a money market portfolio that comprises U.S. Government and U.S. Treasury securities. There are three levels of fair value measurements. Quoted prices in active markets (Level 1 inputs) generally are available for equity securities with readily determinable fair values. Valuation techniques based on significant other observable inputs, such as quoted market prices for similar investments, are considered Level 2 inputs. Level 3 inputs are based on unobservable inputs used to estimate fair value.

NOTE 6 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted by donors for specific programs, purposes, or to assist specific departments of the School. These restrictions are considered to expire when payments for restricted purposes are made. None of the net assets with donor restrictions are time-restricted by donors. Net assets with donor restrictions at June 30, 2025 and 2024, were for student activities funds.

NOTE 7 - PROPERTY, PLANT, AND EQUIPMENT

Any assets acquired by the School are the property of the School for the duration of their charter agreement with the Union Parish School Board. If the charter is revoked or surrendered or the school otherwise ceases to operate, all assets purchased with public funds shall automatically revert to full ownership by the Union Parish School Board. The School must maintain records of any assets acquired with private funds that will remain the property of the School. There were some asset acquisitions by the School which have met or exceeded the School's \$5,000 capitalization policy.

Property, plant, and equipment consisted of the following:

NOTE 9 - RETIREMENT PLANS

Substantially all full-time employees of the School participate in either the Teachers' Retirement System of Louisiana ("TRSL") or the Louisiana School Employees' Retirement System ("LSERS"). Both of these systems are cost sharing, multiple-employer governmental defined benefit plans qualified under Section 401(a) of the Internal Revenue Code. Both plans provide retirement benefits as well as disability and survivor benefits to eligible participants. The TRSL and LSERS issue publicly available financial reports that include financial statements and required supplementary information of the TRSL and the LSERS. The reports may be obtained by writing the Teachers' Retirement System of Louisiana, P.O. Box 94123, Baton Rouge, LA 70804-9123, and the Louisiana School Employees' Retirement System, P.O. Box 44516, Baton Rouge, LA 70804-4516.

In general, professional employees (such as teachers and principals) are members of the TRSL. Other employees, such as custodial personnel, are members of the LSERS. Generally, all full-time employees are eligible to participate in the systems.

The risks of participating in a multi-employer plan is different from single employer plans. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers. If the School chooses to stop participating it may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

TRSL is a component unit of the State of Louisiana and presents its financial information based on Governmental Accounting Standards. According to the financial report for the year ending June 30, 2025 (the most recent available), the actuarial funded ratio for funding purposes was 80.3% compared to 77.6% for 2024. TRSL had 207 employers participating in the plan with the School's employer allocation percentage at 0.03957%.

LSERS is also a component unit of the State of Louisiana and presents its financial information based on Governmental Accounting Standards. According to the financial report for the year ending June 30, 2025 (the most recent available), the actuarial funded ratio for funding purposes was 84.3% compared to 80.15% for 2024. LSERS had 97 employers participating in the plan with the School's employer allocation percentage at 0.051147%, according to the June 30, 2024 employer allocation schedule.

Participants in TRSL vest immediately in employee contributions to the plans. Retirement benefits vest after five years of service if the employee reaches age sixty; otherwise, benefits vest after twenty years of service. Benefits are established and amended by state statute. For the years ended June 30, 2025 and 2024, participants were required to contribute 8% of their annual covered payroll to the plan and the School was required to contribute 21.51% and 24.1%, respectively, of the annual covered payroll for each participating employee. These contribution levels are established by law and set by the Public Retirement Systems Actuarial Committee. For the the years ended June 30, 2025 and 2024, the School contributions to this plan were \$495,314 and \$580,547, respectively, equal to the required contributions for each year.

Participants in LSERS vest immediately in employee contributions to the plans. Retirement benefits vest after ten years of service for members prior to July 1, 2010, or five years of service for members on or after that date, but the employee cannot begin receiving a benefit until age sixty. Members before July 1, 2010 may begin receiving their benefits at age 55, if they have at least twenty-five years of service. Benefits are established and amended by state statute. For the years ended June 30, 2025 and 2024, participants were required to contribute 7.5% or 8% of their annual covered payroll to the plan, depending on the date they became members, and the School was required to contribute 25.8% and 27.6%, respectively, of the annual covered payroll for each participating employee. These contribution levels are established by law and set by the Public Retirement Systems Actuarial Committee. For the the years ended June 30, 2025 and 2024, the School contributions to this plan were \$47,614 and \$52,970, respectively, equal to the required contributions for each year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors of the
Downsville Community Charter, Inc.
4787 Hwy 151
Downsville, Louisiana 71234

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Downsville Community Charter, Inc. (a non-profit organization), which comprise the statements of financial position as of June 30, 2025, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued my report thereon dated December 24, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Downsville Community Charter's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Downsville Community Charter's internal control. Accordingly, I do not express an opinion on the effectiveness of the Downsville Community Charter's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

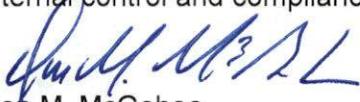

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Downsville Community Charter's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instance of noncompliance or other matters that is required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Downsville Community Charter's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANT'S REPORT ON
APPLYING AGREED-UPON PROCEDURES**

Board of Directors of the Downsville Community Charter, Inc.,
the Louisiana Department of Education, and the
Louisiana Legislative Auditor:

I have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of the Downsville Community Charter, Inc. for the fiscal year ended June 30, 2025; and to determine whether the specified schedules are free of obvious errors and omissions, in compliance with Louisiana Revised Statute 24:514 I. Management of the Downsville Community Charter, Inc., is responsible for its performance and statistical data.

The Downsville Community Charter, Inc. has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the performance and statistical data accompanying the annual financial statements. Additionally, the Louisiana Department of Education and the Louisiana Legislative Auditor have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**General Fund Instructional and Support Expenditures
and Certain Local Revenue Sources (Schedule 1)**

1. I selected a sample of 25 transactions and reviewed supporting documentation to observe that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:

- Total General Fund Instructional Expenditures
- Total General Fund Equipment Expenditures
- Total Local Taxation Revenue
- Total Local Earnings on Investment in Real Property
- Total State Revenue in Lieu of Taxes
- Nonpublic Textbook Revenue
- Nonpublic Transportation Revenue

No exceptions found.

Class Size Characteristics (Schedule 2)

2. I obtained a list of classes by school, school type, and class size as reported on the schedule. I then traced a sample of 10 classes to the October 1st roll books for those classes to observe that the class was properly classified on the schedule.

No exceptions found.

Education Levels/Experience of Public School Staff (NO SCHEDULE)

3. I obtained October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. I then selected a sample of 25 individuals and traced to each individual's personnel file to observe that each individual's education level and experience was properly classified on the PEP data or equivalent listing prepared by management.

No exceptions.

Public School Staff Data: Average Salaries (NO SCHEDULE)

4. I obtained June 30th PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalents, and obtained management's representation that the data/listing was complete. I then selected a sample of 25 individuals, traced to each individual's personnel files to observe that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

In the sample of 25 individuals selected, the full-time equivalents were properly reported in the PEP data for 24 of the 25 individuals with 1 individual's full-time equivalency improperly reported. The salary and extra compensation for each individual selected was properly classified in the PEP data for all 25 individuals.

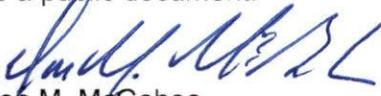

Management's Response: The exception was related to a data entry error, where the full-time equivalency of one individual should have been 1, but was reported as .94. The bookkeeper will be more diligent in reporting these PEP amounts in the next PEP report.

I was engaged by the Downsville Community Charter to perform this agreed-upon procedures engagement and conducted my engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. I was not engaged to, and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

PAGE THREE

I am required to be independent of Downsville Community Charter, Inc. and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the Downsville Community Charter, Inc., as required by Louisiana Revised Statute 24:514.I, and the result of that testing, and not to provide an opinion on control or compliance.
