INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Management of
Shreveport-Bossier African American
Chamber of Commerce
Shreveport, LA

We have reviewed the accompanying financial statements of Shreveport-Bossier African American Chamber of Commerce (the Chamber), which comprise the statement of financial position as of December 31, 2021, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

SHREVEPORT-BOSSIER AFRICAN AMERICAN CHAMBER OF COMMERCE
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1 – BACKGROUND AND NATURE OF OPERATIONS

Shreveport-Bossier African American Chamber of Commerce (the Chamber) is a non-profit corporation organized under the laws of the State of Louisiana. The Organization serves as an education, networking, support, and marketing resource for African American businesses in Northwest Louisiana. The Chamber is led by a thirteen-member board of directors, who each bring a unique perspective from their various industries and professions that when combined create a positive and progressive minded body with the primary focus of building capacity and creating an environment conducive for economic empowerment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Accounting

The Chamber's financial statements are prepared on the accrual basis of accounting, whereby revenue is recorded when earned and expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, The Chamber considers all highly liquid debt instruments purchased with a maturity of three months or less redeemable without penalty for the early withdrawal, to be cash. The Chamber maintains, at a financial institution, cash which may exceed federally insured amounts at times.

Receivables

Receivables represent amounts due from various state and local granting agencies. The receivables are stated at net realizable value. If the amounts due become uncollectible, they will be charged to operations when that determination is made. The Chamber did not have any outstanding balances at December 31, 2021.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are carried at cost less accumulated depreciation using the straight-line depreciation method with useful lives ranging from five to thirty years.

Income Taxes

The Shreveport-Bossier African American Chamber of Commerce has been determined to be tax exempt under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes is made in the accompanying financial statements.

Financial Statement Presentation

In accordance with the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) as set forth in FASB ASC 958 which established standards for external financial reporting by not-for-profit organizations, The Chamber classifies resources for accounting and reporting purposes into two net asset categories which are without donor restrictions and with donor restrictions. A description of the two net asset categories is as follows:

- Net assets without donor restrictions include funds not subject to donor-imposed stipulations. The revenues received and expenses incurred in conducting the mission of The Chamber are included in this category. The Chamber has determined that any donor-imposed restrictions for current or developing programs and activities are generally met within the operating cycle of The Chamber and therefore, their policy is to record those net assets as without donor restrictions. On December 31, 2021, The Chamber had \$90,579 in net assets without donor restrictions.
- Net assets with donor restrictions include funds that are subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates those resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. On December 31, 2021, The Chamber had no net assets with donor restrictions.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Contributions, including promises to give, are considered conditional or unconditional, depending on the nature and existence of any donor or grantor conditions. A contribution or promise to give contains a donor or grantor condition when both of the following are present:

- An explicit identifying of a barrier, which is more than trivial, that must be overcome before the revenue can be earned and recognized.
- An implicit right of return of assets transferred or a right of release of a donor or grantor's obligation to transfer assets promised if the condition is not met.

Unconditional contributions or conditional contributions in which the conditions have been substantially met or explicitly waived by the donor are recorded as revenue with or without donor restrictions, depending on the existence and nature of any donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. Conditional contributions are recognized when the barriers to entitlement are overcome, and the promises become unconditional. Unconditional contributions are recognized as revenue when received. Grants are either recorded as contributions or exchange transactions based on criteria contained in the grant award. Exchange transactions are reimbursed based on a predetermined rate for services performed. The revenue is recognized in the period the service is performed.

Functional Allocation of Expenses

The costs of providing various program and supporting services have been reported on a functional basis in the statements of functional expenses. Expenses that are identified with a specific program or support service are charged directly according to the natural classification. Other shared costs have been allocated among the various program and supporting services based on usage or other estimates made by management.

ATTESTATION REPORT

Independent Accountant's Report on Applying Agreed-Upon Procedures

To Shreveport-Bossier African American Chamber of Commerce and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by Shreveport-Bossier African American Chamber of Commerce (the Chamber) and the Louisiana Legislative Auditor (the specified parties), on the Agency's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2021, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The Agency's management is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Federal, State, and Local Awards

- 1. Obtain the list of federal, state, and local government grant award expenditures for the fiscal year, by grant and grant year, from the Agency's management.*

The Agency provided us with the following list of expenditures made for the state and local grant award received during the fiscal year ended December 31, 2021:

Federal, State, or Local Grant Name	Grant Year	CFDA No. (if applicable)	Amount
City of Shreveport Grant	2021	N/A	\$ 37,850
State of LA Appropriation	2021	N/A	17,518
Caddo Parish – LA Dept of Revenue	2021	N/A	25,000
Total Expenditures			\$ 80,368

2. *For each federal, state, and local grant award, randomly select six disbursements from each grant administered during the fiscal year, provided that no more than thirty disbursements are selected.*

We randomly selected six disbursements each from the City of Shreveport grant and State of Louisiana Appropriation. There were only two disbursements for the Caddo Parish grant, so we selected both transactions for testing.

3. *Obtain documentation for the disbursements selected in Procedure 2. Compare the selected disbursements to supporting documentation, and report whether the disbursements agree to the amount and payee in the supporting documentation.*

We obtained supporting documentation for each of the twelve disbursements selected in Procedure 2. The amount and payee in the supporting documentation agree for most disbursements; the payee information for three transaction was missing in the general ledger, and there were three transactions where the general ledger amount did not agree to the invoice/receipt or cashed checked per the bank statements.

4. *Report whether the selected disbursements were coded to the correct fund and general ledger account.*

Based on the documentation provided, each disbursement was coded to the correct account in the general ledger.

5. *Report whether the selected disbursements were approved in accordance with the Agency's policies and procedures.*

Per review of the supporting documentation obtained in Procedure 3, we noted that there was no visible approval for twelve out of fifteen transactions tested.

6. *For each selected disbursement made for federal grant awards, obtain the Compliance Supplement for the applicable federal program. For each disbursement made for a state or local grant award, or for a federal program not included in the Compliance Supplement, obtain the grant agreement. Compare the documentation for each disbursement to the program compliance requirements or the requirements of the grant agreement relating to activities allowed or unallowed, eligibility, and reporting; and report whether the disbursements comply with these requirements.*

Activities allowed or unallowed

We compared documentation for each of the selected disbursements with program compliance requirements related to services allowed or not allowed. No exceptions were noted.

Eligibility

We compared documentation for each of the selected disbursements with program compliance requirements related to eligibility. No exceptions were noted.

Reporting

We compared documentation for each of the selected disbursements with program compliance requirements related to reporting. No exceptions were noted.

7. *Obtain the close-out reports, if required, for any program selected in Procedure 2 that was closed out during the fiscal year. Compare the close-out reports, if applicable, with the Agency's financial records; and report whether the amounts in the close-out reports agree with the Agency's financial records.*

We obtained a close-out report for the Caddo Parish (LA Dept. of Revenue) grant, as all grant funds for 2021 were fully expended. We compared the close-out report to the Agency's financial records and determined that two agree. The grant funds were spent on a single event, the Black Business Expo. Any amount spent over the grant award of \$25,000 was paid with donations from other sources and sponsorships.

Open Meetings

8. *Obtain evidence from management that agendas for meetings recorded in the minute book were posted as required by Louisiana Revised Statute 42:11 through 42:28 (the open meetings law), and report whether there are any exceptions. Note: Please refer to Attorney General Opinion No. 13-0043 and the guidance in the publication "Open Meeting FAQs," available on the Legislative Auditor's website at <http://app1.la.state.la.us/llala.nsf>, to determine whether a non-profit agency is subject to the open meetings law.*

The Agency had no requirement to adhere to the open meetings law.

Budget

- 9. For each grant exceeding five thousand dollars, obtain the comprehensive grant budgets that the agency provided to the applicable federal, state, or local grantor agency. Report whether the budgets for federal, state, and local grants included the purpose and duration of the grants; and whether budgets for state grants also included specific goals, objectives, and measures of performance.*

We were provided budgets for all three grant programs and no exceptions were noted.

State Audit Law

- 10. Report whether the agency provided for a timely report in accordance with R.S. 24:513.*

The Agency's original deadline was June 30, 2022; The Agency was granted a 90-day extension and the report was submitted by the extended deadline.

- 11. Inquire of management and report whether the agency entered any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).*

Management represented that the Agency did not enter any contracts during the fiscal year that were subject to the public bid law.

Prior-Year Comments

- 12. Obtain and report management's representation as to whether any prior year suggestions, exceptions, recommendations, and/or comments have been resolved.*

Prior year exception #1: Disbursements without Visible Approval

Result: Prior year exceptions related to visible approval of disbursements for invoices and other payments have not been resolved. We noted that the 80% of the supporting documentation provided to us for disbursement testing (invoices, receipts) did not contain visible signatures/approval. The Agency has confirmed that invoices are approved via email, as they are operating remotely. It is the Agency's policy that two signatures be required for all checks, and that verbal or email approval be granted for most credit card and debit card transactions. Debit and credit card holders are aware of the stipulations on card usage but must be approved for expenses for unique events.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Agency's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the Agency's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
