Independent Auditors' Report

June 10, 2020

To the Board of Commissioners
Ward 9 Recreation District
Rapides Parish, Louisiana

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, and each major fund of the Ward 9 Recreation District, a component unit of the Rapides Parish Police Jury, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

OPINIONS

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the Ward 9 Recreation District, as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

REQUIRED SUPPLEMENTAL INFORMATION

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information described in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

OTHER SUPPLEMENTAL INFORMATION

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Recreation District's basic financial statements. The Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer is supplemental other information presented for purposes of additional analysis and is not a required part of the basic financial statements. The other supplemental information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. This supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated in all material respects in relation to the basic financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARD

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2020, on our consideration of the Ward 9 Recreation District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Ward 9 Recreation District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

December 31, 2019

This section of the Ward 9 Recreation District's annual financial report presents our discussion and analysis of the District's financial performance.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the District's financial position and results of operations from differing perspectives, which are described as follows:

Government –Wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the District's assets and all of the District's liabilities (including long-term debt). Expenses incurred in connection with the operation and maintenance of the District's recreational facilities are reported as governmental activities. The governmental activities are financed by taxes, proceeds from debt and investment income.

Fund Financial Statements

Fund financial statements provide detailed information regarding the District's most significant activities and are not intended to provide information for the District as a whole. Funds are accounting devices that are used to account for specific sources of funds. The District's funds are all classified as governmental funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental fund uses a modified accrual basis of accounting that provides a short-term view of the District's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

A comparative analysis of government-wide data for the current and previous year is presented as follows:

Net Position

A condensed version of the government-wide Statement of Net Position is presented as follows:

Notes to Financial Statements

December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Ward 9 Recreation District (the District) was established by the Rapides Parish Police Jury for the purpose of acquiring, operating and maintaining recreation facilities. The District is governed by a Board of Commissioners appointed by the Rapides Parish Police Jury.

The accompanying policies conform to generally accepted accounting principles for governmental units.

Financial Reporting Entity

The Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the reporting entity to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the District is a component unit of the Rapides Parish Police Jury. The accompanying component unit financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government service provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

Basic Financial Statements

The District's operations are classified as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues. The basic financial statements include both government-wide and fund financial statements. The government-wide and fund financial statements present the District's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The effect of interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, fees, contributions associated with a particular function and most grants.

Ward 9 Recreation District

Rapides Parish, Louisiana

Notes to Financial Statements

December 31, 2019

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The District's major funds are described as follows:

- General Fund – The general fund is the primary operating fund and is used to account for all governmental activities that are not required to be presented elsewhere.
- Debt Service Fund – The debt service fund is used to account for the collection of special taxes that are assessed for the purpose of paying principal and interest on the District's general obligation bonds.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

<u>Financial Statement Presentation</u>	<u>Basis of Accounting</u>	<u>Measurement Focus</u>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of account and the current financial resources measure focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measure focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as another financing source and repayment of long-term debt is reported as an expenditure of funds.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget Practices

The District prepares an annual budget for its general fund. This budget is submitted to the Board of Commissioners and an approved budget is adopted before the beginning of each year. If necessary, amended budgets are prepared prior to the conclusion of each fiscal year. The amended budgets are prepared and approved in the same manner as the original budget.

The general fund budget presents revenue and expenditures on a basis which is consistent with generally accepted accounting principles. No annual budget is required for the District's debt service fund.

Capital Assets

Capital assets include significant acquisitions of facilities and equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund

Ward 9 Recreation District

Rapides Parish, Louisiana

Notes to Financial Statements

December 31, 2019

financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciated is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. A useful life of seven years is typically used for equipment and useful lives ranging from 10 to 40 years for buildings and facility improvements.

Cash and Cash Equivalents

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments.

Compensated Absences

The recreation has implemented the personnel policy utilized by the Rapides Parish Police Jury for vacation pay and compensatory time. Liabilities associated with compensated absence obligations are reported in the accompanying financial statements.

Internal Balances

The District's funds occasionally use resources provided by another fund. When resources are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivables and payables are recorded. Internal balances are eliminated in preparing government-wide financial statements.

NOTE 2 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents at December 31, 2019 are presented as follows:

	Cash in Bank	Cash Held by Rapides Parish Police Jury	Total
Unrestricted	\$ 47,940	\$ 145,782	\$ 193,722
Restricted	----	742,542	742,542
Total	<u>\$ 47,940</u>	<u>\$ 888,324</u>	<u>\$ 936,264</u>

Cash in the District's bank account totaling \$47,940 (collected bank balance) is protected from risks by Federal Deposit Insurance. The remaining cash is held on the District's behalf by the Police Jury and is protected by securities pledged to the Rapides Parish Police Jury. The pledged securities are held by a custodial bank in the name of the pledging institution; however, State law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds on demand.

NOTE 3 - ACCOUNTS RECEIVABLE

Accounts receivable are composed entirely of property taxes assessed for the year ended December 31, 2019. Management does not anticipate any collection problems and there is no allowance for uncollectible amounts.

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the year is summarized as follows:

Ward 9 Recreation District

As part of constructing the recreation complex improvements were needed to level the site and make it suitable for operations. These improvements are permanent in nature and therefore are not subject to depreciation. Depreciation on equipment and other improvements in the amount of \$266,160 has been reported as part of culture and recreation expenses.

NOTE 5 – ACCOUNTS PAYABLE

Accounts payable at December 31, 2019 consist entirely of trade payables incurred in connection with the operation of the facility.

NOTE 6 – COMPENSATED ABSENCES

Compensated absences refer to the District's obligation to provide vested accrued leave benefits that have been earned by its employee. These liabilities are typically liquidated by the general fund. Changes in compensated absences for the year ended December 31, 2019 are presented as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>
Compensated Absences	\$ 52,583	\$ ----	\$ 18,565	\$ 34,018

Details related general obligation bonds outstanding at December 31, 2019 are provided as follows:

General obligation bonds, Series 2004 in the original amount of \$700,000. The bonds feature interest rates ranging from 4.90% to 5.15%. The bonds mature serially with the initial payment due March 1, 2007 and the final payment due March 1, 2024. The bonds are secured by a special property tax that was approved by the citizens of the District.

\$ 255,000

General obligation refunding bonds, Series 2011 in the original amount of \$2,315,000. The bonds feature interest rate of 2.28%. The bonds mature serially with the initial payment due March 1, 2013 and the final payment due March 1, 2022. The bonds are secured by a special property tax that was approved by the citizens of the District.

Total General Obligation Bonds

\$ 1,035,000

A schedule of maturities for these bonds is presented as follows:

<u>Year Ended December 31st</u>	<u>Principal</u>	<u>Interest</u>
2020	295,000	26,835
2021	310,000	18,610
2022	320,000	10,018
2023	55,000	4,249
2024	55,000	1,416
Total	<u>\$ 1,035,000</u>	<u>\$ 61,128</u>

On March 15, 2011, the District issued \$2,315,000 General Obligation Refunding Bonds. Bond proceeds along with additional resources provided by debt service sinking funds were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on Series 2002 Bonds. As a result, Series 2002 Bonds are considered to be defeased and the liability for those bonds has been removed from the government-wide statement of net position.

The amount of the reacquisition price in excess of the carrying amount of the defeased debt (delayed refunding cost) is reported in the accompanying government-wide financial statements as a deduction from bonds payable and is being amortized over the life of the bonds as a component of interest expense.

NOTE 8 – INTERFUND ACTIVITY

Internal activity includes interfund receivables and payables as well as operating transfers. Details related to internal activity are presented as follows:

Debt Service	General	\$ 30,063	Some resources dedicated to repayment of general obligations were deposited in the general fund. Accordingly, the general fund is obligated to repay these amounts.

NOTE 9 - PROPERTY TAXES

The District levies property taxes using the assessed values determined by the Tax Assessor of Rapides Parish. For the year ended December 31, 2019, the District levied property taxes as follows:

<u>Description</u>	<u>Mills Levied</u>
Levied per proposition approved November 17, 2001 authorizing 6 mills for a period of 10 year beginning with 2002 and subsequently renewed for an additional 10-year period for the purpose of acquiring, constructing, improving, maintaining and operating recreational facilities of the District, including necessary equipment in connection therewith. Proceeds from this tax are considered unrestricted income, which is reported as general fund revenue in the accompanying statement of revenue, expenditures and changes in fund balance.....	6.14
Levied per proposition approved November 17, 2001, authorizing general obligation debt to run for a period of 20 years payable from a levy of property taxes, for the purpose of constructing, purchasing and acquiring, lands, buildings, equipment and other facilities to be used in providing recreational facilities for the District. Proceeds from this tax are restricted for debt service. Tax revenues are reported as debt service fund revenue in the accompanying statement of revenue expenditures and changes in fund balance.....	3.50
	<u>9.64</u>

Property taxes are assessed on a calendar year basis and are due on or before December 31 in the year the tax is levied. Revenues from property taxes are recognized as revenue in the year billed.

NOTE 10 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District insures against these risks by participating in a public entity risk pool that operates as a common insurance program and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

NOTE 11 - RESTRICTED RESOURCES

Propositions authorizing general obligation bonds require the District to establish bank accounts which serve as debt service sinking funds. Funds on deposit in these accounts may only be used to repay bonds, pay interest accrued on the bonds, or pay related fees.

NOTE 12 - LEASES

The District's facilities have been constructed on 163 acres that the State of Louisiana has leased to the City of Pineville. Under the terms of its cooperative endeavor with the City of Pineville, the District has access to the property for a period of 50 years beginning January 1, 2003. In addition, the District has an option to renew the sublease for an additional 40

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARD*

To the Board of Commissioners
Ward 9 Recreation District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of the Ward 9 Recreation District, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 10, 2020.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Ward 9 Recreation District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Ward 9 Recreation District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Ward 9 Recreation District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose any instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant's Report
On Applying Agreed-Upon Procedures

To the Board of Commissioners Ward 9 Recreation District of Rapides Parish and
the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Ward 9 Recreation District of Rapides Parish (Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2019 through December 31, 2019. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated results are presented in the accompanying Schedule of Procedures, Results and Managements' Response.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
