#### Independent Auditors' Report

Board of Control Grant Parish Library

#### **REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying financial statements of the governmental activities and each major fund, of the Grant Parish Library, a component unit of the Grant Parish Police Jury, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

#### MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### AUDITOR'S RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **OPINIONS**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund, of the Grant Parish Library, as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **OTHER MATTERS**

#### Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information described in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Library's basic financial statements. The Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer is supplemental other information presented for purposes of additional analysis and is not a required part of the basic financial statements. This supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### **OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARD**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2020, on our consideration of the Library's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Library's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS December 31, 2019

This section of the annual financial report presents our discussion and analysis of the Grant Parish Library's financial performance during the fiscal year ended December 31, 2019.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Grant Parish Library's financial position and results of operations from differing perspectives which are described as follows:

#### Government – Wide Financial Statements

The government-wide financial statements report information about the Grant Parish Library as a whole using accounting methods similar to those used by private-sector companies. The government-wide financial statements report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Grant Parish Library's assets and all of its liabilities. All of the Library's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by property taxes, state revenue sharing, and grants.

#### **Fund Financial Statements**

Fund financial statements provide detailed information regarding the Grant Parish Library's most significant activities and are not intended to provide information for the Library as a whole. Funds are accounting devices that are used to account for specific sources of funds. All of the Grant Parish Library's funds are Governmental Funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the Grant Parish Library's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

### FINANCIAL ANALYSIS OF THE GRANT PARISH LIBRARY AS A WHOLE

An analysis of the government-wide Statement of Net Position is presented as follows:

## MANAGEMENT'S DISCUSSION AND ANALYSIS December 31, 2019

As the accompanying presentation demonstrates, the Library has demonstrated an increase in net position of \$105,034. This is in large part due to the receipt of Erate funds.

#### FINANCIAL ANALYSIS OF THE LIBRARY'S FUNDS

For the year ended December 31, 2019, governmental fund balances increased by \$118,827. Differences between the government-wide presentation and the fund financial statements were primarily due to capital outlay and depreciation associated with capital assets.

#### **BUDGET HIGHLIGHTS**

For the year ended December 31, 2019, revenue and expenditures conformed to expectations. The budget was amended to report an increase in anticipated revenues and expenditures.

#### CAPITAL ASSET ADMINISTRATION

For the year ended December, 31, 2019, there were no capital asset purchases.

#### **DEBT ADMINISTRATION**

For the year ended December 31, 2019, there was no debt activity and no debts are outstanding at year end. Long-term liabilities are limited to compensated absences of current employees.

#### FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS

At the present time, no factors have been identified that are expected to have a significant effect on future operations.

### NOTES TO FINANCIAL STATEMENTS December 31, 2019

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Grant Parish Library has been established under Louisiana Law in order to maintain a collection of books, periodicals, audio recordings, video recordings, and other media for the benefit of the Parish's citizens. The collection is made available to the public at branches located throughout Grant Parish. In addition, bookmobile and red carpet services are provided for patrons that do not have convenient access to the branch network. The Grant Parish Library is governed by the Board of Control, which is appointed by the Grant Parish Police Jury.

The accompanying policies conform to generally accepted accounting principles for governmental units.

#### **Reporting Entity**

Governmental Accounting Standards Board established criterion for including a potential component unit within a reporting entity is financial accountability. Criteria to be considered in determining financial accountability are described as follows:

- 1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the reporting entity to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
- 2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Grant Parish Library is a component unit of the Grant Parish Police Jury. The accompanying component unit financial statements present information only on the funds maintained by the Grant Parish Library and do not present information on the police jury, the general government service provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

#### **Basic Financial Statements**

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of the Library's operations as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.

### NOTES TO FINANCIAL STATEMENTS December 31, 2019

The government-wide and fund financial statements present the Library's financial position and results of operations from differing perspectives which are described as follows:

#### **Government-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the Library as a whole. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services and any grants.

#### Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The Library's major fund is the general fund. The general fund is the primary operating fund of the Library and is used to account for all resources.

#### **Basis of Accounting and Measurement Focus**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

Financial Statement Presentation	<b>Basis of Accounting</b>	<u>Measurement Focus</u>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure.

#### <u>Use of Estimates</u>

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### NOTES TO FINANCIAL STATEMENTS December 31, 2019

#### **Budget Practices**

The Board of Control adopts an annual budget for the general fund in the manner prescribed by State Law. These budgets present revenue and expenditures on a basis consistent with generally accepted accounting principles.

#### **Capital Assets**

Capital assets include significant acquisitions of equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. Useful lives range from 5 to 40 years depending on the nature of the capital asset.

As permitted by generally accepted accounting principles, collections maintained by the Grant Parish Library have not been capitalized.

#### <u>Cash</u>

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments. The Library has not formally adopted deposit and investment policies that address specific types of risk to which the Library is exposed. In general, the Library manages risk as follows:

- Credit and custodial risk is limited by investing in FDIC insured instruments and requiring a pledge of investment securities to protect deposits in excess of FDIC limits.
- Interest rate risk is minimized by limiting the maturity duration associated with deposits.

#### Accrued Leave

Library employees earn vacation at rates that vary depending on the length of service. Unused vacation that employees are allowed to carry-forward is reported as long-term debt. Amounts attributable to governmental funds are reported as expenditures when the unused vacation is actually liquidated.

#### NOTE 2 – PROPERTY TAXES

Property taxes are assessed based on values determined by the Grant Parish Tax Assessor. These taxes are billed and collected on behalf of the Library by the Grant Parish Sheriff's Office. For the year ended December 31, 2019 the Library has levied property taxes as follows:

	Millage	Expiration
Parish-wide Tax for improving, constructing, maintaining		
and operating public libraries in the Parish	10.54	2029

### NOTES TO FINANCIAL STATEMENTS December 31, 2019

Ad valorem taxes are assessed on a calendar year basis and are due on or before December 31 in the year the tax is levied. Revenues from ad valorem taxes are recognized as revenue in the year billed.

#### NOTE 3 - CASH

Deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2019, the Library has \$264,879 in deposits (collected bank balance). These deposits are fully secured by FDIC insurance coverage and securities pledged to the Grant Parish Police Jury held by the custodial bank in the name of the fiscal agent bank. State law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

#### NOTE 4 - RECEIVABLES

Receivables at December 31, 2019, consisted entirely of amounts due from the Grant Parish Sheriff's Office. These amounts were \$553,375 and \$30,748 which were for advalorem taxes and State Revenue Sharing respectively.

#### NOTE 5- CAPITAL ASSETS

A summary of the Library's capital assets is provided as follows:

	Beginning Balance		•		Disposals		Ending Balance	
Land	\$	50,000	\$		\$		\$	50,000
Capital Assets Being Depreciated: Furniture, Fixtures and Equipment		430,620						430,620
Less Accumulated Depreciation	(	292,289)		(13,793)			(	(306,082)
Total Net of Depreciation	\$	138,331	\$	(13,793)	\$		\$	124,538

Depreciation expense for the year ended December 31, 2019 is \$13,793.

#### NOTE 6 - RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Library insures against these risks by participating in a public entity risk pool that operates as a common insurance program and

### NOTES TO FINANCIAL STATEMENTS December 31, 2019

by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

#### NOTE 7 – ACCRUED LEAVE

Resources provided by the general fund are used to liquidate the accrued leave balances. Activity during the year was minimal. Accrued leave balance at year end was \$9,319.

#### NOTE 8 - ASSIGNED FUND BALANCE

The Library Board of Control has voted to restrict the funds in the savings account for emergencies, repairs, and future purchases.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Control **Grant Parish Library** 

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Grant Parish Library, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise Grant Parish Library's basic financial statements, and have issued our report thereon dated May 27, 2020.

#### **INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit of the financial statements, we considered the Grant Parish Library's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Library's internal control. Accordingly, we do not express an opinion on the effectiveness of the Grant Parish Library's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe that a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify

Voice: 318.442.1608 Fax: 318.487.2027 Online: CenlaCPAs.com

any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Grant Parish Library's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To the Grant Parish Library and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Grant Parish Library (Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2019 through December 31, 2019. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated results are presented in the accompanying Schedule of Procedures, Results and Managements' Response.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
