## INDEPENDENT AUDITOR'S REPORT

The Honorable James R. Lestage  
Thirty-Sixth Judicial District Attorney  
Parish of Beauregard  
State of Louisiana

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Thirty-Sixth Judicial District Attorney, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Thirty-Sixth Judicial District Attorney's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Thirty-Sixth Judicial District Attorney, as of December 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Thirty-Sixth Judicial District Attorney and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Thirty-Sixth Judicial District Attorney's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Thirty-Sixth Judicial District Attorney's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Thirty-Sixth Judicial District Attorney's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the district attorney's proportionate share of the net pension liability (asset), and schedule of the district attorney's pension contribution on pages 32 through 39 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Thirty-Sixth Judicial District Attorney's basic financial statements. The accompanying non-major fund balance sheet, non-major fund statement of revenues, expenditures and changes in fund balance, schedule of compensation, benefits and other payments to agency head, justice system funding schedule – collecting/disbursing entity, and justice system funding schedule – receiving entity are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the non-major fund balance sheet, non-major fund statement of revenues, expenditures and changes in fund balance, the schedule of compensation, benefits and other payments to agency head, justice system funding schedule – collecting/disbursing entity, and justice system funding schedule – receiving entity are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2026, on our consideration of the Thirty-Sixth Judicial District Attorney's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Thirty-Sixth Judicial District Attorney's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Thirty-Sixth Judicial District Attorney's internal control over financial reporting and compliance.

## NOTES TO THE FINANCIAL STATEMENTS

## Thirty-Sixth Judicial District Attorney

### Notes to the Financial Statements As of and for the Year Ended December 31, 2025

#### INTRODUCTION

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The District Attorney is elected by the qualified electors of the judicial district for a term of six years. His office is staffed by five Assistant District Attorneys, an investigator, and eleven secretarial/clerical employees. The Thirty-Sixth Judicial District comprises all of the Parish of Beauregard, State of Louisiana, and is located in the southwestern region of the state.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### A. BASIS OF PRESENTATION

The accompanying basic financial statements of the Thirty-Sixth Judicial District Attorney have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements - Management's Discussion Analysis - for State and Local Governments*, issued in June 1999.

##### B. REPORTING ENTITY

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes, in conformance with GASB Codification Section 2100, the District Attorney includes all funds, account groups and activities that are controlled by the District Attorney as an independently elected parish official. As an independently elected parish official, the District Attorney is solely responsible for the retention of employees, authority over budgeting, the responsibility for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the District Attorney's office that are paid by the parish police jury as required by Louisiana law, the District Attorney's office is financially independent. Accordingly, the District Attorney is a separate governmental reporting entity. Certain units of local government over which the District Attorney exercises no oversight responsibility, such as the parish police jury, parish school board, other independently elected parish officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the parish District Attorney.

##### C. FUND ACCOUNTING

The District Attorney uses funds to maintain his financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions relating to certain District Attorney functions and activities. A fund is defined as a separate fiscal accounting entity with a self-balancing set of accounts.

##### Governmental Funds

Governmental funds account for all or most of the District Attorney's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources, which may be used to finance future period programs or operations of the District Attorney. The following are the District Attorney's major and non-major governmental funds:

### Notes to the Financial Statements (Continued)

#### Major Governmental Funds

General Fund – the primary operating fund of the District Attorney and it accounts for all financial resources, except for those in another fund. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the District Attorney's policy.

Special Revenue Funds – to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.

#### Special Revenue Major Governmental Funds

Title IV-D Fund – The Title IV-D Fund consists of reimbursement grants from the Louisiana Department of Social Services, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the social security act. The purpose of the fund is to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

Truancy Assessment Fund – The Truancy Assessment and Service Center Project will prevent and reduce the incidence of out-of-wedlock births by identifying children at risk of school failure due to excessive and unexcused absences and providing services to these children and their families. Truancy has been identified as a risk factor that contributes to the incidence of out-of-wedlock births. The purpose of the truancy assessment centers is to provide for the early identification and assessment of truants and the prompt delivery of coordinated interventions to prevent continued unauthorized school absences.

Drug Court Fund – The mission of the Thirty Sixth Judicial District Drug Court is to increase public safety through a court supervised substance abuse treatment program which is highly structured, carefully monitored and designed to promote offender responsibility and accountability with the goal of community reintegration of sober and productive citizens.

#### Special Revenue Non-Major Governmental Fund

Worthless Check Fund – The Worthless Check Collection Fee Fund consists of fees collected in accordance with Louisiana Revised Statute 16:15, which provides for a specific fee whenever the District Attorney's office collects and processes a worthless check. Expenditures from this fund are at the sole discretion of the District Attorney and may be used to defray the salaries and the expenses of the office of the District Attorney, but may not be used to supplement the salary of the District Attorney.

Pretrial Intervention Program – The District Attorney Pretrial Intervention Program is offered to certain offenders who qualify for participation as an alternative to prosecution. Participants will receive coordinated assistance in personal and group counseling, drug and alcohol rehabilitation and other community agencies appropriate to their particular needs.

Fiduciary Funds – Fiduciary fund reporting focuses on net position and change in net position. The only funds accounted for in this category by the District Attorney are agency funds. The agency funds account for assets held by the District Attorney as an agent for various taxing bodies (tax collections) and for deposits held pending court action. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Consequently, the agency funds have no measurement focus, but use the modified accrual basis of accounting. The following are the District Attorney's fiduciary funds.

#### Agency Funds

Asset Forfeiture Trust Fund – The Asset Forfeiture Trust Fund was established under the provisions of LSA-R.S. 40:2616(B) which requires that all monies collected from the sale of seized or forfeited assets is deposited into the fund. The District Attorney administers the

distribution of monies to the appropriate local, state or federal law enforcement agency that participated in the activity that led to the seizure or forfeiture of the property or deposit of monies under and subject to LSA-R.S. 40:2616 (B).

Bail Bond Collection Trust Fund – The Bail Bond Collection Trust Fund was established in compliance with LSA-R.S. 15:571.11. The District Attorney collects on a judgment of bond forfeiture and distributes the proceeds according to this statute. Thirty percent of all funds collected shall be disbursed to the District Attorney's general fund, twenty-five percent of all funds collected shall be disbursed to the parish's criminal court fund, twenty-five percent shall be disbursed to the sheriff's general fund and the remaining twenty percent shall be disbursed to the Indigent Defender Program. All funds shall be disbursed to the parish where the bonds were posted.

**D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING**

Fund Financial Statements (FFS)

The amounts reflected in the General Fund and Other Funds, of Statements C and E, are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of District Attorney operations.

The amounts reflected in the General Fund and Other Funds, of Statements C and E, use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means that amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District Attorney considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Commissions on fines and bond forfeitures are recorded in the year in which they are collected by the parish tax collector.

Reimbursements are recorded when the District Attorney is entitled to the funds.

Interest income on investments is recorded when the investments have matured and the income is available.

Substantially all other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid (and any other financing source/use) are accounted for as other financing sources (uses). These sources (uses) are recorded when the expenditure is incurred.

### Notes to the Financial Statements (Continued)

#### Government-Wide Financial Statements (GWFS)

The column labeled Statement of Net Position (Statement A) and the column labeled Statement of Activities (Statement B) display information about the District Attorney's non-fiduciary activities as a whole. These statements include all the financial activities of the District Attorney. Information contained in these columns reflect the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues – Program revenues included in the column labeled Statement of Activities (Statement B) are derived directly from District Attorney users as a fee for services; program revenues reduce the cost of the function to be financed from the District Attorney's general fund.

When both restricted and unrestricted resources are available for use, it is the entity's policy to use restricted resources first, and then unrestricted resources, as they are needed.

The District Attorney has not established a policy for use of the unrestricted fund balance, therefore it considers committed fund balances to be used first, then assigned fund balances to be used next and finally the unassigned fund balance will be used.

#### **E. BUDGET**

The District Attorney uses the following budget practices:

The budgets of the District Attorney of the Thirty-Sixth Judicial District, are adopted in accordance with Louisiana Revised Statutes 39:1301-1314. Annually the District Attorney adopts a budget for the General and Special Revenue Funds. The budgetary practices include public notice of the proposed budget, public inspection of the proposed budget, and public hearings on the budget. Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying financial statements include original adopted budget amounts and all subsequent amendments. The budget for the General and Special Revenue Funds is adopted on a basis consistent with generally accepted accounting principles (GAAP).

#### **F. CASH AND CASH EQUIVALENTS**

Cash includes amounts in demand deposits, interest bearing demand deposits and money market accounts. Cash equivalents include amounts in time deposits and those other investments with original maturities of 90 days or less. Under state law, the District Attorney may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Under state law, the District Attorney may invest in United States bonds, treasury notes, or certificates. These are classified as investments, if their original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost. At December 31, 2025 the District Attorney had no investments.

#### **G. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

#### H. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District Attorney maintains a threshold level of \$5,000 or more for capitalizing capital assets.

Capital assets are recorded in the Statement of Net Position and Statement of Activities. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

| <u>Description</u>                 | <u>Estimated Lives</u> |
|------------------------------------|------------------------|
| Building and building improvements | 20 - 40 years          |
| Furniture and fixtures             | 5 - 15 years           |
| Machinery and equipment            | 5 - 15 years           |

#### I. COMPENSATED ABSENCES

The District Attorney has the following policy relating to vacation and sick leave:

Employees of the District Attorney earn vacation leave at varying rates, depending on length of service, which does not accumulate. Upon resignation, unused vacation leave is paid to the employee at his current rate of pay.

Employees earn sick leave at the rate of one day a month, effective immediately upon employment. Ten days a year, not to exceed 30 days, may be accumulated. Unused sick leave lapses upon termination of employment.

At December 31, 2025 the District Attorney had no accumulated and vested leave benefits required to be reported in accordance with NCGA Statement 4 and Statement of Financial Accounting Standard (SFAS) 43.

#### J. RESTRICTED NET POSITION

For the government wide statement of net position, net position is reported as restricted when constraints placed on net position use are either:

1. externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or
2. imposed by law through constitutional provisions or enabling legislation.

#### K. FUND BALANCES

|------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Restricted | Amounts that are restricted to specific purposes should be reported as restricted fund balance. Fund balance should be reported when constraints placed on the use of resources are either: <ol style="list-style-type: none"><li>a. externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or</li><li>b. imposed by law through constitutional provisions or enabling legislation.</li></ol> |
| Unassigned | Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.                                                                                                                                                                                                     |

**L. EXTRAORDINARY AND SPECIAL ITEMS**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the District Attorney, which are either unusual in nature or infrequent in occurrence. The District Attorney had no extraordinary or special items as of December 31, 2025.

**M. INTERFUND TRANSACTIONS**

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transactions are reported as transfers.

**N. ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from these estimates.

**O. PENSIONS**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District Attorney's Retirement System of Louisiana (DARS) and the Parochial Employee's Retirement System of Louisiana (PERS) and additions to/deductions from DARS and PERS fiduciary net positions have been determined on the same basis as they are reported by DARS and PERS. The financial statements were prepared using the accrual basis of accounting. Member and employer contributions are recognized when due, pursuant to formal commitments and statutory requirements. Benefits and refunds of employee contributions are recognized when due and payable in accordance with the statutes governing DARS and PERS. Expenses are recognized when the liability is incurred, regardless of when payment is made. Investments are reported at fair value on a trade date basis. The fiduciary net position is reflected in the measurement of the District Attorney's proportionate share of the plans net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense.

**P. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

The Statement of Net Position reports a separate section for deferred outflows and (or) deferred inflows of financial resources. Deferred outflows of resources represent a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense/expenditure) until the applicable period. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources until that time.

**2. EXCESS EXPENDITURES OVER APPROPRIATIONS**

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Assistant District Attorneys who earn, as a minimum, the amounts paid by the state for Assistant District Attorneys and are under the age of 60 at the time of original employment and all District Attorneys are required to participate in the System. For members who joined the System before July 1, 1990, and who elected not to be covered by the new provisions, the following applies: Any member with 23 or more years of creditable service regardless of age may retire with a 3% benefit reduction for each year below age 55, provided that no reduction is applied if the member has 30 or more years of service. Any member with at least 18 years of service may retire at age 55 with a 3% benefit reduction for each year below age 60. In addition, any member with at least 10 years of service may retire at age 60 with a 3% benefit reduction for each year retiring below the age of 62. The retirement benefit is equal to 3% of the member's average final compensation multiplied by the number of years of his membership service, not to exceed 100% of his average final compensation. For members who joined the System after July 1, 1990, or who elected to be covered by the new provisions, the following applies: Members are eligible to receive normal retirement benefits if they are age 60 and have 10 years of service credit, are age 55 and have 24 years of service credit, or have 30 years of service credit regardless of age. The normal retirement benefit is equal to 3.5% of the member's final-average compensation multiplied by years of membership service. A member is eligible for early retirement if he is age 55 and has 18 years of service credit. The early retirement benefit is equal to the normal retirement benefit reduced 3% for each year the member retires in advance of normal retirement age. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana District Attorneys Retirement System, 2109 Decatur Street, New Orleans, Louisiana 70116-2091, or by calling (504) 947-5551.

The current rate is 12.25% of annual covered payroll. Contributions to the System also include .2% of the ad valorem taxes collected throughout the state and revenue sharing funds as appropriated by the legislature. The contribution requirements of plan members and the District Attorney are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The District Attorney's contributions to the System for the years ending December 31, 2025, 2024, and 2023 were \$21,786, \$25,201, and \$24,425, respectively equal to the required contributions for each year.

The actuarial assumption used were based upon an experience study performed on plan data for the period July 1, 2019 through June 30, 2024.

The estimated long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 7.80% for the year ending June 30, 2025.

The best estimates of arithmetic real rates of return for each major asset class based on the System's target asset allocation as of June 30, 2025 were as follows:

The discount rate used to measure the total pension liability was 6.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity to Changes in Discount Rate*

The following presents the net pension liability of the District Attorney calculated using the discount rate of 6.10%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower 5.10%, or one percentage point higher 7.10% than the current rate:

*Payables to the Pension Plan*

These financial statements include a payable to the pension plan of \$3,093, which is the legally required contribution due at December 31, 2025. This amount is recorded in accrued expenses.

Substantially all other employees of the District Attorney of the Thirty-Sixth Judicial District, Parish of Beauregard, State of Louisiana are members of the Parochial Employees' Retirement System of Louisiana (System), a cost sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the District Attorney are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3% of their final-average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only before January 1, 1980, the benefit is equal to 1% of final average salary plus \$24 for each year of supplemental-plan-only service earned before January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average.

## Notes to the Financial Statements (Continued)

Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System, PO Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (225) 928-1361.

### FUNDING POLICY

Under Plan A, members are required by state statute to contribute 9.5% of their annual covered salary and the District Attorney is required to contribute at an actuarially determined rate. The current rate is 11.00% of annual covered payroll. Contributions to the System also include one-fourth of 1% (except Orleans and East Baton Rouge Parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the District Attorney are established and may be amended by state statute. As provided by R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The District Attorney's contributions to the System under Plan A for the years ending December 31, 2025, 2024, and 2023, were \$18,208, \$18,417, and \$18,233, respectively, equal to the required contributions for each year.

### *Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At December 31, 2025, the District Attorney reported a liability (asset) of \$(20,820) for his proportionate share of net pension liability (asset). The net pension liability (asset) was measured as of December 31, 2024 and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The District Attorney's proportion of the net pension liability (asset) was based on a projection of the District Attorney's long-term share of contributions to the pension plan relative to the projected contributions of all participating District Attorney's, actuarially determined. At December 31, 2024, the District Attorney's proportion was .020703%, which was a decrease of .001173% from his proportion measured as of December 31, 2023.

For the year ended December 31, 2025, the District Attorney recognized pension expense (benefit) of \$17,599 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions of \$115. At December 31, 2025, the District Attorney recognized deferred outflows of resources and deferred inflows of resources related to pension from the following:

The \$18,208 reported as deferred outflows of resources related to pensions resulting from the District Attorney's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability or an increase in the net pension asset in the year ended December 31, 2025. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

### *Actuarial Methods and Assumptions*

The net pension liability (asset) was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

The components of the net pension liability (asset) of the District Attorney as of December 31, 2024 are as follows:

|                                     |                    |

Inflation Rate 2.30%

The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.40% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.13% for the year ending December 31, 2024.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2024 are summarized in the following table:

| Asset Class                        | Target Asset Allocation | Long-Term Expected Portfolio Real Rate of Return |
|------------------------------------|-------------------------|--------------------------------------------------|
| Fixed Income                       | 37.00%                  | 1.08%                                            |

| Inflation                          |                         | 2.40%                                            |
| Expected Arithmetic Nominal Return |                         | 7.13%                                            |

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2018 through December 31, 2022. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. For Disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale.

*Payables to the Pension Plan*

These financial statements include a payable to the pension plan of \$8,482, which is the legally required contribution due at December 31, 2025. This amount is recorded in accrued expenses.

**11. DEFERRED COMPENSATION PLAN**

The District Attorney offers membership in the State of Louisiana, Public Employees Deferred Compensation Plan, a qualified retirement plan under section 457 of the Internal Revenue Code administered by Great West Life and Annuity Insurance Company.

The Louisiana Deferred Compensation Plan provides state, parish and municipal employees with the opportunity to invest money on a before-tax basis, using payroll deduction. Participants defer federal and state income tax on their contributions. In addition, interest or earnings on the account accumulates tax-deferred. Participants may join the plan with as little as \$10 per pay period, or \$20 per month, and contribute up to a maximum of 25% of taxable compensation, not to exceed \$23,500 per calendar year for those participants under age 50, for participants age 50 and older the limit is \$31,000.

A participant is permitted to make additional deferrals of income for one or more of the last three years that end before normal retirement age. The allowable deferral for the participant is increased up to a limit of twice the standard dollar amount for the year, by the amount of the allowable deferrals not made in previous years. Any amount excluded from gross income through salary reduction under a 403(b) annuity, a 401(k) profit-sharing plan or a Simplified Employee Pension (SEP) is to be treated as amounts deferred under this deferred compensation plan. Participants joining the Plan may choose the amount to contribute and the investment option(s). They may revise their choice at any time, transfer monies to other available investment options and may increase, decrease or stop deferrals at any time. The Plan offers both a guaranteed option and variable investment options, from which participants may select a fund or combination of funds to satisfy their personal investment objectives. Each of the funds has independent investment objectives and utilizes different investment strategies.

With the exception of the Great-West Guaranteed Fund, the remaining investments options are variable in nature. Values of the variable options are not guaranteed as to a fixed dollar amount and may increase or decrease according to the investment experience of the underlying portfolio. The expense to administer the Plan is borne by all participants. The administrative fee is .85% and is assessed on each of the options selected. The variable options also have investment management fees that vary based upon the options chosen. Both the administrative and investment management fees are calculated and deducted daily on a pro-rata basis. There are no annual contract charges or transaction charges. At retirement, 100% of the account value will be applied to any of the following settlement options chosen. These options include among others:

- Periodic payment
- Payments over your lifetime
- Payments for a specific time or amount
- Joint and survivor benefits
- Lump-sum payment
- Any combination of the above option

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

The Honorable James R. Lestage  
Thirty-Sixth Judicial District Attorney  
Parish of Beauregard  
State of Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Thirty-Sixth Judicial District Attorney as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Thirty-Sixth Judicial District Attorney's basic financial statements, and have issued our report thereon dated June 5, 2026.

## **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Thirty-Sixth Judicial District Attorney's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Thirty-Sixth Judicial District Attorney's internal control. Accordingly, we do not express an opinion on the effectiveness of the Thirty-Sixth Judicial District Attorney's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Thirty-Sixth Judicial District Attorney's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and

*No exceptions noted.*
  - ii. At least two employees are involved in processing and approving payments to vendors;  
*The District Attorney is the final approval.*
  - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;  
*No exceptions noted.*
  - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and  
*No exceptions noted.*
  - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.  
  
*[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]*

For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

*No exceptions noted.*

- D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population.
