We are required to be independent of Red River Delta Law Enforcement Planning Council, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

### **Accountant's Conclusion**

## **Notes to Financial Statements September 30, 2024**

---

### **Note 1 – Significant Account Policies**

Red River Delta Law Enforcement Planning Council, Inc. (Red River Delta) is a nonprofit corporation. The corporation's mission is to establish a forum for persons most familiar with the problems of local law enforcement to study, address, and adopt methods, procedures and programs that will result in more efficient and effective criminal justice operations in the Central Louisiana area. In fulfilling its mission, Red River Delta affiliates with the Louisiana Commission on Law Enforcement and the Administration of Criminal Justice, as provided in Louisiana Revised Statutes.

Revenue to support Red River Delta's operations is provided by membership dues, fees for performing services and various grants.

### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this method, revenues are recognized when earned and expenses are recorded at the time liabilities are incurred.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### **Cash and Cash Equivalents:**

Cash and cash equivalents for the purpose of reporting cash flows consist of bank deposits and highly liquid investments with original maturities of three months or less.

### **Property and Equipment**

Property and equipment are recorded at cost on the date of acquisition. Depreciation is computed using the straight-line method over estimated useful lives. Buildings and improvements are depreciated over estimated useful lives of 40 years. Equipment, furniture and fixtures are depreciated over estimated useful lives of 5 to 7 years. There are no significant amounts of property and equipment subject to donor imposed restrictions or time limits.

### **Donated Services and In-Kind Support**

Red River Delta does not typically utilize donated services in performing its mission. Any noncash donations are recorded as contributions at the estimated fair value determined at the date of the donations.

# **RED RIVER DELTA**

## **Notes to Financial Statements September 30, 2024**

---

### Income Taxes

The Red River Delta has received a determination letter from the Internal Revenue Service stating that it is exempt from income taxes. In addition, it is also exempt from taxes which apply to private foundations.

### Accrued Leave

Red River Delta provides a leave policy that allows accumulation of unused annual leave that is carried forward each year. Upon separation of employment, Red River Delta will pay up to three hundred hours of unused accumulated annual leave. The remainder of unused annual leave and all sick leave is canceled.

### Restricted Contributions

Grant funds awarded to Red River Delta are typically subject to restrictions and are reported as donor restricted when the funds are earned.

### **Note 2 – Cash and Equivalents**

Details regarding cash equivalents are provided as follows:

Deposits in Financial Institutions	\$ 50,691
Cash Equivalents	<u>302,237</u>
Total	<u>\$ 352,928</u>

### Deposits in Financial Institutions

Deposits in financial institutions are fully protected from risk by Federal Deposit Insurance.

### Cash Equivalents

Cash equivalents consist entirely of amounts invested in the Louisiana Asset Management Pool (LAMP). LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA – R.S. 33:2955.

LAMP is an external investment pool that, to the extent practical, invests in a manner consistent with Generally Accepted Accounting Principles for investment pools. The following facts are relevant for investment pools:

- Credit risk: LAMP is rated AAA by Standard & Poor’s.
- Custodial credit risk: LAMP participants’ investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity’s investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.

# **RED RIVER DELTA**

## **Notes to Financial Statements September 30, 2024**

---

- Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is 53 days as of September 30, 2024.
- Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The valuation techniques utilized by LAMP are considered Level 2 inputs.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

### **Note 3 – Receivables**

Receivables are limited to amounts earned under grant arrangements awarded by the State of Louisiana. Due to the nature of these receivables, no collection problems are anticipated.

### **Note 4 – Property and Equipment**

Property and equipment utilized in Red River Delta's operations are summarized as follows:

Furniture, Fixtures and Equipment	\$	44,759
Buildings		208,956
Land		119,348
Accumulated Depreciation		<u>(130,148)</u>
Furniture, Fixtures and Equipment (Net)	\$	<u>242,915</u>

Depreciation expense for the year ended September 30, 2024 totaled \$10,568.

### **Note 5 - Managements' Review**

Management has evaluated subsequent events through February 20, 2025, which is the date the financial statements were available to be issued. There were no subsequent events that require recording or disclosure in the financial statements.

### **Note 6 – Grant Contingencies**

Red River Delta participates in certain programs that are supported by grant funds. Management is confident that all significant grant conditions have been met; however, grantor agencies routinely review grant activity and could request reimbursement if a dispute occurs regarding compliance with grant conditions.

### **Note 7 – Liquidity and Availability of Financial Assets**

With the exception of property and equipment, essentially all of the Agency's assets are of a financial nature. Liquidity is provided by maintaining a significant cash reserve on deposit with a regulated financial institution. In addition, the Agency has an established membership base and ongoing contractual arrangements with affiliates that are expected to provide sufficient resources to meet cash needs for general expenditure during the subsequent period.
