INDEPENDENT AUDITOR'S REPORT

To the Honorable Joanie Cannady, Mayor, and Members of the Board of Aldermen Village of North Hodge, Louisiana

Opinions

I have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Village of North Hodge, Louisiana (the "Village"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Village of North Hodge, Louisiana's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Village as of September 30, 2024 and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Village of North Hodge, Louisiana, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village of North Hodge, Louisiana's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Village of North Hodge, Louisiana Independent Auditor's Report on Financial (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village of North Hodge, Louisiana's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village of North Hodge, Louisiana's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Village of North Hodge, Louisiana Independent Auditor's Report on Financial (Continued)

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of North Hodge, Louisiana's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and my auditor's report thereon. My opinions on the basic financial statements do not cover the other information, and I do not express an opinion or any form of assurance thereon.

In connection with my audit of the basic financial statements, my responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, I conclude that an uncorrected material misstatement of the other information exists, I am required to describe it in my report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, I have also issued my report dated September 30, 2025, on my consideration of the Village's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Village's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED SEPTEMBER 30, 2024

The management's discussion and analysis of the Village of North Hodge's financial performance provides an overview of the financial activities for the year ended September 30, 2024. It is based upon currently known facts, decisions, and conditions. Please read it in conjunction with the financial statements which begin on page 12.

Basic Financial Statements

The basic financial statements include government-wide and fund financial statements. The *government-wide* statements consist of a Statement of Net Position and a Statement of Activities and provides information about the financial activities of the Village as a whole. The government-wide statements present a long-term view of our finances. Fund financial statements consist of the respective fund's balance sheet and the fund's statement of revenues, expenditures and changes in fund balance, if applicable. The fund statements tell how the Village's services were financed in the short-term and what remains for *future spending*. The primary difference *between the* fund and government-wide statement presentation methods is that expenditures for capital assets are expenditures in the fund financial statements but capitalized and depreciated in the government-wide statements.

Statement of Net Position and Statement of Activities

One of the most important questions asked about our finances is, "Is the Village of North Hodge as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Village as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is a method similar to accounting used by most private-sector companies. All revenues and expenditures of the current year are reported under this method regardless of when cash is received or disbursed.

These two statements report the Village's net position and the changes in the net position. You can think of net position - the difference between assets and liabilities - as one way to measure the financial health, or financial position, of the Village. Increases/(decreases) in the Village's net *position* is one indicator of whether its financial health is improving/(deteriorating). You will need to consider other nonfinancial factors, however, such as changes in the Village's tax base and the condition of the Village's roads, to assess the overall health of the Village.

In the Statement of Net Position and Statement of Activities, there are two kinds of activities:

• Governmental Activities - Most of the Village's basic services are reported here, including the police, streets, sanitation, and general and administration. Sales taxes, ad valorem taxes, franchise taxes, fines, and grants finance most of these activities. Expenditures primarily include salaries, supplies, utilities, and insurance.

Statement of Net Position and Statement of Activities (Continued)

• Business-Type Activities - The Village's water and sewer system are reported here. The Village charges a fee to customers to cover the cost of these services. These charges finance most of these services. Expenditures primarily include depreciation, system repairs and maintenance, and utilities.

Government-Wide Financial Analysis

As noted above, net position may serve as a useful indicator of the Village's financial position. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the governmental and business-type activities of the Village of North Hodge.

					TA	BLE 1-SEPT	EMBE	ER 30, 2024

Total Net Position	\$	243,608	\$	218,073	\$	1,380,121	\$	1,437,932	\$	1,623,729	\$	1,656,005

For the year ended September 30, 2024, total net position decreased 2% (32,276) compared to the prior year. There was a surplus of \$126,748 in unrestricted net position at the end of the current year. Unrestricted net position can be used to finance the day-to-day operations of the Village without constraints.

The largest portion, \$1,496,981, of the Village's net position is invested in capital assets. These capital assets consist of land, water and sewer system, streets, improvements, office furniture, and equipment. The Village uses these capital assets to provide services to its citizens; consequently, capital assets are not available for future spending.

The Village's total net position included no restricted amounts for the year ending September 30, 2024.

Governmental activities were responsible for a \$25,535 increase in the Village's net position for the year ended September 30, 2024. The Village's General government had an overall increase in revenue of \$29,887 compared to 2023. General government expenditures decreased by (\$33,617). The increase in the Village's net position for the General government was primarily due to the transfer-ins from the business-type activities fund.

Business-type activities decreased net position by (\$57,811) for the year ended September 30, 2024. The decrease in net position was due primarily because of transfers to the General government fund.

Fund Financial Statements

As of September 30, 2024, the Village's governmental funds reported a surplus fund balance of \$172,965 which is \$38,321 increase from the 2023 fund balance.

Amounts reported for business-type activities in the Village's individual funds are identical to the business-type activities reported in the government-wide presentation.

Governmental Funds Budgetary Highlights

The Village of North Hodge amends its budget when it is determined that there are unexpected differences between actual and anticipated revenues and/or expenditures. A budget amendment was adopted for the year ended September 30, 2024.

For the year ended September 30, 2024, the General Fund had a 2% favorable variance of \$4,703 between budgeted revenue versus actual revenue. The unfavorable variance between budgeted and actual expenditures was 15% in the amount of \$28,958. The Village reported a deficiency of \$22,529 in revenue over expenditures.

Business-type Activity Budgetary Highlights

The Village of North Hodge had a separate budget for its business-type activities (water and sewer fund) for the year ended September 30, 2024. Business-type activities had a favorable revenue variance of \$14,505, 8%; and it had an unfavorable expenditure variance of \$29,075, 20%. After debt service of \$35,798, transfer of \$41,644 and a capital outlay of \$43,619, the business-type activities had an unfavorable variance of \$17,494, 41% in excess of revenues and other sources of funds over expenditures and other uses of funds for the year ended September 30, 2024.

Capital Assets and Debt Administration

The Village had outstanding bond debt of \$142,260 for the year ended September 30, 2024. Principal payments of \$24,565 and interest payments of \$8,104 were made in 2024 on the outstanding debt. The Village also made early payments of \$3,129 on the new USDA bond which was issued in the year ending September 30, 2025. More detailed information about the District's long-term debt is presented in the notes to the financial statements.

For the year ended September 30, 2024, the Village was awarded a grant from United States Department of Agriculture for water tower improvements in the amount of \$114,000. The total costs of the improvements was projected to be \$255,000. To complete the project the Village obtained bond financing through the United States Department of Agriculture in the amount of \$141,000. The bond terms are for 40 years at an annual interest rate of 2.25% and monthly payments of \$447. The Village pledged land as collateral for the bond debt. At September 30, 2024, the Village received \$43,619 of the grant proceeds. The bond proceeds were not received until the year ending September 30, 2025.

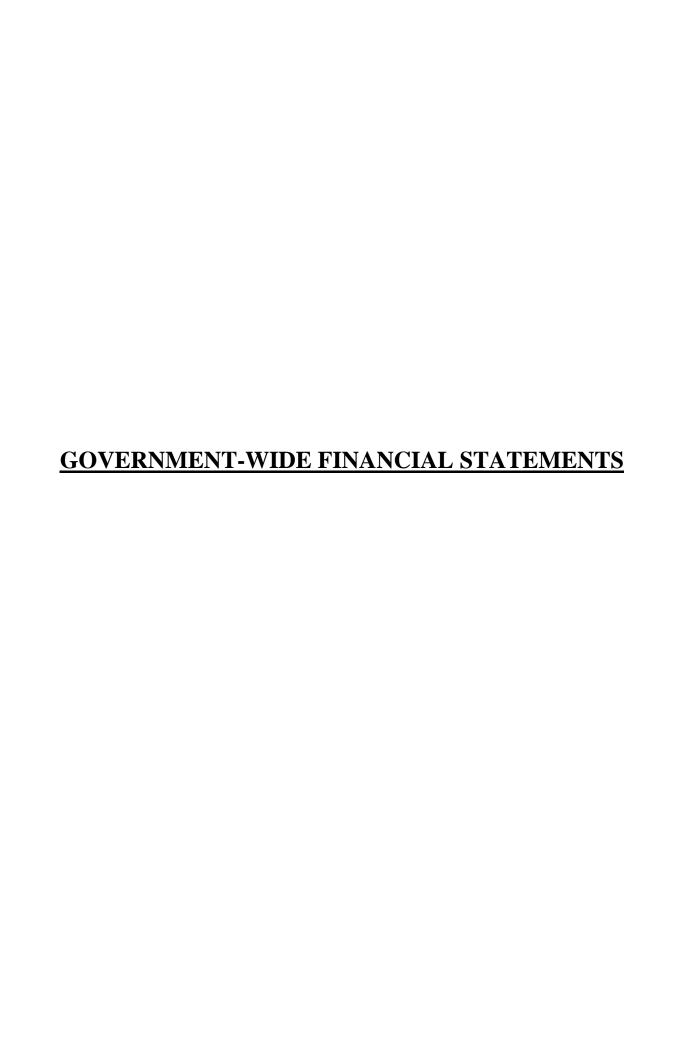

Currently Known Facts, Decisions, or Conditions

We are not aware of any facts, decisions, or conditions that are expected to have a significant impact on the financial position or results of operations after the reporting date.

Requests for Additional Information

This financial report is designed to provide citizens and taxpayers with a general overview of the finances of the Village of North Hodge and to show accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Village of North Hodge at P.O. Box 520, Hodge, Louisiana 71247.

NOTES TO THE FINANCIAL STATEMENTS As of and For the Year Ended September 30, 2024

The Village of North Hodge, Louisiana, was incorporated August 5, 1953, under the provisions of the Lawrason Act. The Village operates under a Mayor-Board of Aldermen form of government. Services provided by the Village include police protection and street maintenance. The Village also operates a water distribution system and sewer system for about 196 customers.

The accompanying basic financial statements of the Village of North Hodge, Louisiana, are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing generally accepted accounting principles for state and local governments through its pronouncements (Statements of Interpretations). The more significant accounting policies established in GAAP and used by the Village are discussed below.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Governmental Accounting Standards Board (GASB) establishes the criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under these provisions, the Village of North Hodge is considered a primary government, since it is a general purpose local *government* that has an elected governing body, is legally separate, and is fiscally independent of other state and local governments. As used by GASB, fiscally independent means that the municipality may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. Component units can be identified by financial accountability and whether exclusion would create misleading or incomplete financial statements. No component units were identified for the Village of North Hodge.

B. Basic Financial Statements-Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's police protection, highways and streets, and general administrative services are classified as governmental activities. The Village's water and sewer services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are presented on a consolidated basis by column. They are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net position is reported in three parts—invested in capital assets, restricted net position, and unrestricted net position.

The government-wide Statement of Activities reports both the gross and net costs of each of the Village's functions and business-type activities. The functions are also supported by general government revenues. The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating grants, and capital grants. Program revenues must *be* directly associated with the function or a business-type activity. The *net costs* (by function or

B. Basic Financial Statements-Government-Wide Statements (Continued)

business-type activity) are normally covered by general revenue (taxes, interest income, etc.). The Village does not allocate indirect costs.

The government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

C. Basic Financial Statements--Fund Financial Statements

The financial transactions of the Village of North Hodge are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The following funds are used by the Village of North Hodge:

Governmental Funds--The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village of North Hodge:

<u>General Fund</u> - The General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

The activities reported in this fund are reported as governmental activities in the government-wide financial statements.

Proprietary Funds--The focus of proprietary fund measurement is upon determination of operating income, changes in net asset, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Village:

<u>Enterprise Funds</u> - Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity establishes fees and charges based on a pricing policy designed to recover similar costs.

The activities reported in this fund are reported as business-type activities in the government-wide financial statements.

In the governmental fund financial statements, fund balances are classified to describe the relative strength of the spending constraints placed on the purposes for which resources can be used. These classifications are as follows: nonspendable, restricted, committed, assigned, and unassigned. When fund balance resources are available for a specific purpose in more than one classification, it is the Village's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made, regardless of the measurement focus applied.

Accrual -- Both governmental and business-type activities in the government-wide financial statements and the proprietary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Sales tax collected and held by the sales tax collection agency at year end on-behalf of the government are reported in the period for which they were collected. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees, charges, and other exchange revenue are recognized when earned and expenses are recognized when incurred.

Modified Accrual -- The governmental fund financial statements are presented on the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Property tax revenues are recognized in the period for which levied provided they are also available. Sales tax collected and held by the sales tax collection agency at year end on behalf of the government are reported in the period for which they were collected provided they are also available. Intergovernmental revenues and grants are recognized when all eligibility requirements are met, and the revenues are available. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

The Village reports deferred revenue on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. In the subsequent period, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

The revenues susceptible to accrual are franchise fees, interest income, and intergovernmental revenues. All other governmental fund revenues are recognized when received.

E. Budgetary Practices

The Village of North Hodge, Louisiana, was required to prepare an operating budget, on a basis consistent with generally accepted accounting principles, on its general fund for the year ended September 30, 2024, as required by Louisiana law. The proposed original budget for the fiscal year ended September 30, 2024 was adopted on September 5, 2023. An amended budget for the fiscal year ended September 30, 2024 was adopted on August 13, 2024.

Although the Village was not required by statue to adopt a budget for the business-activity fund, a budget was prepared for the business-activity fund.

Cash Deposits and Investments

Under state law, the Village of North Hodge may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal office in Louisiana. Deposits are carried at cost which approximates market value.

Cash and cash equivalents consist of cash on hand, demand deposits, interest-bearing demand deposits, and short-term time deposits with original maturities of three months or less from date of acquisition. Under state law, the Village of North Hodge may invest funds in collateralized certificates of deposit, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities. Investments are reported at fair value.

G. Restricted Assets

Restricted assets represent resources that must be expended in a specific manner. The "customers' deposits account is used to report amounts being held for customers' meter deposits. A corresponding liability is presented to record these funds held by the enterprise fund. The Village also receives grants for specific purposes. The proceeds from these grants were deposited into a separate account and are restricted to the purpose for which they were approved. A corresponding liability is recorded for amounts payable on the project.

In compliance with its bond covenant, the Village is required to established restricted cash accounts for debt service and fund in the amount of \$272.60 per month effective October 1, 2014. The Village is also required to establish a separate account in the Village's name as a security for the utility services and is to be refunded to the customer upon termination of services and outstanding utility amounts are fully satisfied. A new bond was issued to the Village from United States Department of Agriculture in the amount of \$141,000. Bond proceeds were not received until the fiscal year ended September 30, 2025, but the Village began to fund debt service reserve fund in the required amount of \$46 per month.

H. Compensated Absences

Vacation and sick leave are noncumulative. Employees who work 28 hours a week or more receive four (4) days of vacation, four (4) days of sick leave and (4) inclement weather days (that are not guaranteed) annually. There are no accumulated and vested benefits relating to vacation and sick leave that require accrual or disclosure at year end. Employees are entitled to paid official holidays that are considered holidays by the State of Louisiana.

I. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

J. Inter-fund Receivables and Payables

Inter-fund activity is reported as loans, reimbursements, or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other inter-fund transactions are treated as transfers. Transfers *between* governmental or *between* proprietary funds are netted as part of the reconciliation to the government-wide financial statements. At the end of the fiscal year, outstanding funds are referred to as "due to/from other funds" on the fund financial statements balance sheets. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

K. Equity Classifications

Government Wide Statements--Equity is classified as net position and displayed in three components:

<u>Invested in capital assets, net of related debt</u> - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

<u>Restricted net position</u> - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

<u>Unrestricted net position</u> - All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements--Governmental fund equity is classified as fund balance. The following classifications are used to describe the relative strength of the spending constraints placed on the purpose for which resources can be used:

Non-spendable Fund Balance - amounts that are not in spendable form (such as prepaids) or are required to *be* maintained intact.

<u>Restricted Fund Balance</u> - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Committed Fund Balance</u> - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

<u>Assigned Fund Balance</u> - amounts the government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

<u>Unassigned Fund Balance</u> - amounts that are available for any purpose; positive amounts are reported only in the general fund.

Proprietary fund equity is classified the same as government wide statements.

L. Statement of Cash Flows

For the purposes of the Statement of Cash Flows, all cash and cash equivalents are considered cash regardless of whether there are restrictions on their use.

M. Deferred Outflows of Resources and Deferred Inflows of Resources

The Village reports decreases in net assets that relate to future periods as deferred outflows of resources and increases in net assets that relate to future periods as deferred inflows of resources in a separate section of its government-wide and proprietary fund statements of net position. There were no deferred outflows or deferred inflows of resources reported in this year's financial statements.

N. Receivables

Ad valorem tax and proprietary fund receivables are shown net of an allowance for uncollectible amounts. Estimated uncollectible amounts are recognized as a reduction in revenue in the general fund and as bad debt expense in the proprietary fund through an allowance established based upon collection experience and other factors which indicate possible uncollectibility.

Ad valorem taxes are levied on a calendar year basis and become delinquent after December 31. The Village bills and collects its own ad valorem taxes. For the year ended September 30, 2024, ad valorem taxes, one rate of tax was levied on property within the corporate limits, as follows:

7.38 mills for the general maintenance of the Village. This millage was approved by the Board of Aldermen on September 10, 2024. 7.63 millage is the maximum millage that can be assessed without the approval of voters.

For the year ended September 30, 2024, taxes of \$7,310 were levied on property. Taxes receivable at September 30, 2024 consisted of the following:

Taxes Receivable	\$ 855
Allowance for Uncollectible Taxes	 -
Net Ad Valorem Taxes Receivable	\$ 855

The following are the principal taxpayers and their related ad valorem tax revenue for the Village:

Longleaf Estates	\$ 567
Alltel Comm Wireless, Inc.	370
J-Mar Smokehouse, LLC	 194
Total	\$ 1,131

By special election, duly called and held, on July 11, 1981, the qualified electors of the Village of North Hodge authorized a one-cent sale and use tax levy, as defined in Louisiana R.S. 47:301 to Louisiana R.S. 47:317, to be dedicated and used for the purpose of providing funds for any lawful corporate purpose of the Village. The Village adopted Ordinance Number 177 on August 13, 1981, whereby this tax was levied from and after October 1, 1981.

O. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. All capital assets, other than land, are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Improvements	10 to 20 years
Streets	20 years
Water and Sewer Systems	10 to 50 years
Machinery, Equipment, and Furniture	5 to 10 years

General infrastructure capital assets consisting of streets, bridges, sidewalks, and drainage systems acquired before January 1, 2004, are excluded from capital assets.

P. Interfund Transfers

Permanent reallocation of resources between funds of the reporting entity are classified as inter-fund transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

O. Defining Operating Revenues and Expenses

The Village's proprietary funds distinguish between operating and non-operating revenues and expenses. Operating revenues and expenses of the Village's water and sewer fund consist of charges for services and cost of providing those services, including depreciation and excluding interest cost. All other revenues and expenses are reported as non-operating.

NOTE 2 - CASH AND CASH EQUIVALENTS

At September 30, 2024, the Village had cash and cash equivalents (restricted and unrestricted) as follows:

	Cash	 ficate of eposit	 Total
Unrestricted	 	 	
Cash on Hand	\$ 200	\$ -	\$ 200
Demand Deposits	5,934	-	5,934
Restricted			
Demand Deposits	110,772	-	110,772
Time Deposit	 -	 425	425
Total	\$ 116,906	\$ 425	\$ 117,331

The Village maintains its cash accounts at a local bank which provides Federal Deposit Insurance Corporation (FDIC) coverage of \$250,000 for all demand deposits and \$250,000 for all time deposits. At September 30, 2024, the Village has \$116,706 in deposits (collected bank balances), which is secured from risk by FDIC insurance.

Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance, or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must, at all times, equal or exceed the amount on deposit with the fiscal agent.

NOTE 3 - INTERFUND RECEIVABLE/PAYABLE

For the year ended September 30, 2024, interfund receivables and payables are as follows:

Due to General Government from Sewer and Water	\$ 168,794
Due from Sewer and Water to General Government	(168,794)
Net Interfund Receivables & Payables	\$ -

NOTE 4 - RESTRICTED ASSETS

Restricted assets for the proprietary fund were applicable to the following at September 30, 2024:

Customers' Deposits	\$ 11,709
Kirkpatrick Family Park	415
State & Local Fiscal Recovery Fund	47,869
Debt Service	 50,694
Total	\$ 110,687

The Village received contributions from the public for improvements to a local park. Those funds were deposited into a separate account. At September 30, 2024, the remaining funds received for the park were \$415.

NOTE 5 - ACCRUED LIABILITIES

At September 30, 2024, the Village had the following accrued liabilities:

	General Fund		Se we	r & Water	Total		
Payroll Taxes	\$	3,022	\$	-	\$	3,022	
Accounts Payable		4,574		12,841		17,415	
Total	\$	7,596	\$	12,841	\$	20,437	

NOTE 6 - ASSETS

Capital assets and depreciation activity as of and for the year ended September 30, 2024 for the Village is as follows:

NOTE 7 - RECEIVABLES

Accounts receivable consisted of customer billings for water and sewer usage. There were 196 customer accounts totaling \$18,323 consisting of 55 customers with past due balances of \$6,617 at September 30, 2024.

NOTE 8 - LONG-TERM DEBT

Long-Term debt payable is comprised of the following individual debt instruments:

Revenue Bonds

\$340,000 Utilities Revenue Bonds, Series 2014, dated September 18, 2014, due in monthly installments of \$2,726 beginning October 18, 2014 for fifteen years, interest at 5.9% on \$255,000 of bonds and 3% on \$85,000; secured by revenues earned by the Village of North Hodge, derived from the operation of the utility system.

Balance at October 1	\$ 142,260
Less: Current Maturities	
Adjustment	(25,874)
Long-Term Debt, Net of Current Maturities	\$ 116,386

The annual debt service requirements to maturity to all issued debt outstanding as of September 30, 2024 are as follows:

Year	Principal	Interest
2025	25,874	6,839
2026	27,184	5,529
2027	28,641	4,072
2028	30,179	2,534
2029	30,382	908
	\$ 142,260	\$ 85,308

At September 30, 2024, the debt reserve account was required to be funded as follows:

Required Beginning Balance	\$ 29,440
Required 2022 Deposits	3,271
Required Ending Balance	\$ 32,711
Actual Balance	32,750
Surplus Funding	\$ 39

NOTE 9 - Coronavirus State and Local Fiscal Recovery Funds

In March of 2021, the American Rescue Plan Act of 2021 (ARPA) was signed into law. The ARPA provides additional relief to address the continued impacts of COVID-19 on the economy, public heath, state and local governments, individuals and businesses. The funding laid out in ARPA extends to a wide range of programs, including but not limited to, nutrition, schools and higher education institutions, childcare, COVID-19 testing and treatment, mental health, housing assistance, healthcare and transportation. One of the new programs created under ARPA is related to the *Coronavirus State and Local Fiscal Recovery Funds*.

Coronavirus State and Local Fiscal Recovery Funds (SLFRF) provided over \$350 billion to states, tribal entities, U.S. territories, and local governments. They can be used for the following:

- Covering costs to respond to the public health emergency or its negative economic impacts.
- Responding to workers performing essential services.
- The provision of government services to the extent of the reduction in revenue due to COVID-19.
- Making necessary investments in water, sewer, or broadband infrastructure.

For the year ended September 30, 2021 and September 30, 2022, the Village received SLFRF in the amount of \$139,178. The Village expended all SLFRF proceeds and closed out the grant as of the year ended September 30, 2024.

For the year ended September 30, 2024, the Village was awarded a grant from United States Department of Agriculture for water tower improvements in the amount of \$114,000. The total costs of the improvements was projected to be \$255,000. To complete the project the Village obtained bond financing through the United States Department of Agriculture in the amount of \$141,000. The bond terms are for 40 years at an annual interest rate of 2.25% and monthly payments of \$447. The Village pledged land as collateral for the bond debt. At September 30, 2024, the Village received \$43,619 of the grant proceeds. The bond proceeds were not received until the year ending September 30, 2025.

NOTE 10 - PRIOR PERIOD ADJUSTMENTS

At September 30, 2024, the Village had the following prior period adjustment:

	General Fund		Sewer & Water		Total	
Overstated Expenses	\$	6,420		1,090		7,510
Total	\$	6,420	\$	1,090	\$	7,510

NOTE 11 - SUBSEQUENT EVENTS

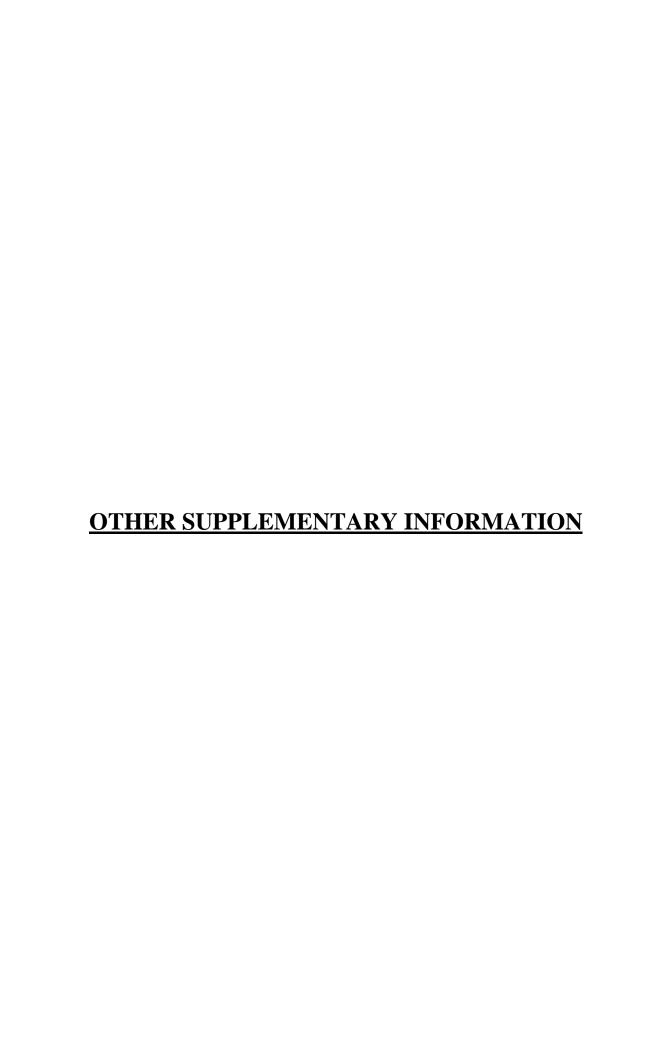

Management has evaluated subsequent events through the date that the financial statements were available to be issued September 30, 2025 and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

REQUIRED SUPPLEMENTAL INFORMATION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Joanie Cannady, Mayor, and Members of the Board of Aldermen Village of North Hodge, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of Village of North Hodge, Louisiana (the "Village"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Village of North Hodge, Louisiana 's basic financial statements and have issued my report thereon dated September 30, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Village of North Hodge, Louisiana's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village of North Hodge, Louisiana's internal control. Accordingly, I do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Village of North Hodge, Louisiana Independent Auditor's Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards* (Continued)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village of North Hodge, Louisiana 's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying schedule of findings and questioned costs as items 2024-1 through 2024-3.

The Village of North Hodge, Louisiana 's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Village of North Hodge, Louisiana's response to the findings identified in my audit and described in the accompanying schedule of findings and questions costs. The Village of North Hodge, Louisiana 's responses were not subjected to other the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of management, the board of aldermen, others within the Village, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by Louisiana Legislative Auditor as a public document.

VILLAGE OF NORTH HODGE, LOUISIANA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS WITH MANAGEMENT'S RESPONSE AND PLANNED CORRECTIVE ACTION

As of and for the Year Ended September 30, 2024

I have audited the financial statements of the governmental activities, the business-type activities, and each major fund of Village of North Hodge, Louisiana (the "Village"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements and have issued my report thereon dated September 30, 2025. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. My audit of the financial statements as of September 30, 2024 resulted in an unmodified opinion.

Section I - Summary of Auditor's Report

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Significant Deficiencies	☐ Yes	No	Material Weaknesses	☐ Yes No	
Compliance Material to Financial States	ments 🛭 Y	es No			
Operating Deficit The Village has a l			r Fund ch requires the sewer a	nd water fund to ope	rate

Condition: For the year ended September 30, 2024, the Sewer and Water Fund had a net loss after

servicing bond debt and paying operating expenses.

Cause: Although not required, the Village prepares a budget for the sewer and water fund

which is not monitored to ensure operating expenses and debt service does not create

with sufficient funds to service the bond debt and cover the related operating expenses.

No Motorial Woolknesses D Vas No

a net loss.

Internal Control

2024-1: Criteria:

Effect: The Village had an operating deficit in the sewer and water fund which violates the

bond covenant.

Recommendation: Budgets should be monitored timely and amended as needed. To prevent the Village

from incurring an operating deficit.

Management's response and planned corrective action:

The Village will monitor its budget on a timely basis to ensure the sewer and water fund does not incur an operating deficit after servicing debt and covering operating

expenses.

Village of North Hodge, Louisiana Schedule of Findings And Questioned Costs With Management's Response And Planned Corrective Action

2024-2: Late submission of audit report.

Criteria: RS 24:513 requires audit reports to be completed within six (6) months of the close

of the entity's fiscal year unless an extension is granted.

Condition: For the year ended September 30, 2024, the audit report of the Village was completed

and submitted more than six months after the close of the fiscal year

Cause: The Village was unable to secure the services of an auditor in a timely manner.

Effect: The Village was not compliant with RS 24:513.

Recommendation: The Village should complete and submit audit report within six months of the close

of its fiscal year.

Management's response and planned corrective action:

The Village will implement policies and procedures to ensure timely filing of the

audit report for future filings.

2024-3: Failure to amend general fund budget.

Criteria: R.S. 39:1311 requires a budget amendment whenever there is a 5% variance in

revenue or expenditures

Condition: For the year ended September 30, 2024, the Village had a 15% unfavorable variance

in its expenditures.

Cause: The Village budget was amended but not to project for all expenditure to be incurred.

Effect: The Village was not compliant with R.S. 39:1311.

Recommendation: The Village should reasonably project expenditures to ensure the variance for

budgeted expenditures does not exceed 5%.

Management's response and planned corrective action:

The Village will implement policies and procedures to amend the General Fund

budget, as required, to ensure budget variances for revenue and expenditures do not

exceed 5% of projections.

VILLAGE OF NORTH HODGE, LOUISIANA

SCHEDULE OF PRIOR YEAR FINDINGS YEAR ENDED SEPTEMBER 30, 2024

FINDINGS-FINANCIAL STATEMENTS AUDIT

Noncompliance with law LA R.S. 39:1310 amending the adopted budget.

Criteria: R.S. 39:1310 states that governing authorities shall amend the (adopted) budget if there has been a change in operations upon which the original adopted budget was developed. The governing authority must adopt a budget amendment if

there is a 5% or greater shortage in revenue or a 5% or greater overage in expenditures or if there is a 5% or greater variance in the actual fund balance at

the beginning of the year.

Condition: For the year ended September 30, 2023, the Village had a 12% unfavorable

variance in the general fund budget for actual expenditures in excess of adopted budgeted expenditures. Although an amendment to the adopted budget was prepared, the amendment did not consider the additional overage in

expenditures.

STATUS: UNCLEARED

To: Louisiana Legislative Auditor

September 30, 2025

Subject: Audit Findings and Management Corrective Action Plan

Dear Sir:

In response to the audit findings for the fiscal year ending September 30, 2024, The Village of North Hodge, Louisiana will implement the following corrective action plan:

2024-1: Operating Deficit in Water and Sewer Fund

Criteria: The Village has a bond covenant which requires the sewer and water fund

to operate with sufficient funds to service the bond debt and cover the

related operating expenses.

Condition: For the year ended September 30, 2024, the Sewer and Water Fund had a

net loss after servicing bond debt and paying operating expenses.

Cause: Although not required, the Village prepares a budget for the sewer and water

fund which is not monitored to ensure operating expenses and debt service

does not create a net loss.

Effect: The Village had an operating deficit in the sewer and water fund which

violates the bond covenant.

Recommendation: Budgets should be monitored timely and amended as needed. To prevent the

Village from incurring an operating deficit.

Management's response and planned corrective action:

The Village will monitor its budget on a timely basis to ensure the sewer and water fund does not incur an operating deficit after servicing debt and

covering operating expenses.

Village of North Hodge

Schedule Of Findings and Questioned Costs With Management's Response and Planned Corrective Action (Continued)

2024-2: Late submission of audit report.

Criteria: RS 24:513 requires audit reports to be completed within six (6) months of

the close of the entity's fiscal year unless an extension is granted.

Condition: For the year ended September 30, 2024, the audit report of the Village was

completed and submitted more than six months after the close of the fiscal

year

Cause: The Village was unable to secure the services of an auditor in a timely

manner.

Effect: The Village was not compliant with RS 24:513.

Recommendation: The Village should complete and submit audit report within six months of

the close of its fiscal year.

Management's response and planned corrective action:

The Village will implement policies and procedures to ensure timely filing

of the audit report for future filings.

2024-3: Failure to amend general fund budget.

Criteria: R.S. 39:1311 requires a budget amendment whenever there is a 5% variance

in revenue or expenditures.

Condition: For the year ending September 30, 2024, the Village had a 15% unfavorable

variance in its expenditures.

Cause: The Village budget was amended but not to project all expenditure to be

incurred.

Effect: The Village was not compliant with R.S. 39:1311.

Recommendation: The Village should reasonably project expenditures to ensure the variance

for budgeted expenditures does not exceed 5%.

Management's response and planned corrective action:

The Village will implement policies and procedures to amend the General

Fund budget, as required, to ensure budget variances for revenue and

expenditures do not exceed 5% of projections.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Alderman The Village of North Hodge, Louisiana, and the Louisiana Legislative Auditor:

I have performed the procedures enumerated below, which were agreed to by The Village of North Hodge, Louisiana (Village) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period October 1, 2023, through September 30, 2024. The Village's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Written Policies and Procedures

- 1) I obtained and inspected the Entity's written policies and procedures and observed whether those written policies and procedures addressed each of the following categories and subcategories, as applicable:
 - a) Budgeting, including preparing, adopting, monitoring, and amending the budget.
 - The Village does have written guidelines for adopting, monitoring, and amending the budget. The Village does prepare budgets for all funds. The Village follows the Louisiana Local Government Budget Act for adopting and amending the budget. A budget to actual report is presented to the board of alderman at each meeting.
 - b) *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - The Village does have written guidelines for how purchases are initiated, vendors are added to the vendor list, the preparation and approval process of purchase requisitions and purchase orders for payment of routine vendor payments. The Village does have written guidelines for following the procedures required by the Louisiana Public Bid Law. Request for purchases must be approved by the Mayor. If approved, a purchase order is completed with the date, vendor name, purchase order number, and what is needed. A copy of the purchase order is placed into a file. All vendors are approved by the Mayor before being added to the vendor list.
 - c) Disbursements, including processing, reviewing, and approving.
 - The Village does have written policies and procedures which provide guidelines for processing, reviewing, and approving of disbursements. When an invoice is received, the Mayor approves the invoice before payment. The clerk enters the invoice into the Quickbooks billing system. The clerk prints a check for

- payment. The check is signed by the Mayor. The check stub is attached to the invoice and filed. The payment is remitted to the vendor.
- d) Receipts/Collections, including receiving, recording, and preparing deposits. which includes management's actions to determine the completeness of all collections for each type of revenue or agency fund additions:
 - The Village does have written policies and procedures which provide guidelines for receiving, recording, and preparing deposits. Receipts are classified in Quickbooks according to their source, i. e. fines, utility payments, taxes, etc. Receipts are issued for all payments received in the office. For payments made in the office, a separate person from the person who receives and records the payment counts and reconciles the deposit to the source documents. For on-line payments, a report for each deposit is printed and reconciled with the bank records.
- e) *Payroll/Personnel*, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedule.
 - The Village does have written policies and procedures which provide guidelines for payroll processing and approval. Timesheets are kept for the clerk and maintenance personnel. The timesheets are reviewed and signed by the Mayor. Payroll is then processed by the clerk in the Quickbooks payroll system. Paychecks are presented to the Mayor for signature. Paystubs are attached to the timesheets and filed. Employees do not work overtime.
- f) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
 - The Village does have written policies and procedures which provide guidelines for contracting including types of services requiring written contracts, standard terms and conditions, legal review, approval process, and monitoring process. The Village follows the procedures of the Louisiana Public Bid Law
- g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage.
 - The Village does have written policies and procedures which provide guidelines for (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage.
- h) *Travel and expense reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
 - The Village does have written policies and procedures which provide guidelines for travel and expense reimbursement, including allowable expenses, dollar thresholds by category of expense, documentation requirements, and required approvers. When employees use their personal vehicles for errands, they are required to submit a request for reimbursement which reports total mileage, destination, purpose of trip, and date. If they travel on Village business, a request for reimbursement is submitted to the clerk and approved by the Board of Aldermen. After approval, payment is made for the requested reimbursement.
- i) *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the Village's ethics policy. Note: Ethics requirements are not applicable to nonprofits.
 - The Village does have written policies and procedures for compliance with ethics as defined in Louisiana Revised Statue 42:111-1121. All elected officials filed their annual financial statements as required and took the required one hour of ethics training.

- j) *Debt Service*, including (1) debt issuance approval, (2) continuing disclosures/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
 - The Village does have written policies and procedures for debt service. The Village complies with R.S. 39:1410.60 when incurring debt. To comply with bond covenants, the Village has set up payments on automatic bank draft. To fund its bond sinking reserve, the clerk has prepared a schedule of required deposits. As reserve deposits are made, the Mayor is presented proof of deposit. The Village's reserve account was fully funded for the year ended September 30, 2024.
- k) Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

The Village's policies and procedures manual does provide guidelines for disaster recovery/business continuity. The Village uses an off-site back-up system and critical files are backed up daily. The Village's IT contractor performs periodic testing and verification that back-ups can be restored. All computer systems have antivirus software installed and updates to software are installed in a timely manner. The Village's IT contractor maintains their computers, and his services would be utilized during a disaster recovery.

Board or Finance Committee

- 2) I obtained and inspected the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observed whether the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws or other equivalent document.
 - The Village's board of alderman met with a quorum on a frequency in accordance with the Village's charter.
 - b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund and major special revenue funds, as well as monthly financial statements.
 - The Village's minutes did not reference monthly budget-to-actual comparisons on the financial information. The clerk does provide monthly budget- to actual comparison financial statements to the board.
 - c) For governmental entities, obtain the prior year audit report and observe the unrestricted fund balance in the general fund. If the general fund had a negative ending unrestricted fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the general fund.

N/A

Bank Reconciliations

- 3) I obtained a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. I asked management to identify the Village's main operating account. For each of the bank accounts selected, I randomly selected one month from the fiscal period, obtained and inspected the corresponding bank statements and reconciliations for each account, and observed that:
 - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date.
 - Bank reconciliations were performed timely on all bank accounts provided by the Village's management.
 - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - The bank reconciliations are prepared by the clerks and reviewed monthly by the Mayor. No reconciled items were on the bank statement outstanding for more than six months as of the end of the fiscal period.
 - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months as of the end of the fiscal period.
 - No reconciled items were on the bank statement outstanding for more than twelve months as of the end of the fiscal period.

Collections (excluding electronic funds transfers)

- 4) I obtained a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. I tested the collections from each of the two sites of the Village.
- 5) The Village has only one deposit site and collection location. For that location, obtained and inspected written policies and procedures relating to employee job duties at each location, and observed that job duties are properly segregated at each collection location such that:
 - a) Employees that are responsible for cash collections do not share cash drawers/registers.
 - Two employees are responsible for collecting cash. They share the same cash drawer, but a third employee who does not collect cash counts and reconciles collections to reports from the utility system, police ticket collection system and receipts.
 - b) Each employee responsible for collecting cash is not responsible for preparing /making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - The clerk collects cash sometimes and also prepares the deposit slip. An employee who is not responsible for preparing /making bank deposits reconciles the collection documentation.
 - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - The clerk collects cash sometimes and also post collections to the general ledger. An employee who is not responsible for preparing /making bank deposits reconciles the collection documentation to the general ledger.

- d) The employee responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.
 - The employee responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions is sometimes responsible for collecting cash, but another employee verifies the reconciliation.
- 6) I inquired of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

All individuals responsible for handling cash and checks are bonded.

- 7) I randomly selected two deposit dates for each of the bank accounts selected for procedure #3 under "Bank Reconciliations" above. (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day. I obtained supporting documentation for each of the eight (8) deposits and:
 - a) Observed that receipts were sequentially pre-numbered.
 - b) Traced sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - c) Traced the deposit slip total to the actual deposit per the bank statement.
 - d) Observed that the deposit was made within one (1) business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
 - e) Traced the actual deposit per the bank statement to the general ledger.
 - My testing disclosed no discrepancies.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- 8) I obtained a listing of locations that process payments for the fiscal period and management's representation that the listing was complete. I selected the one location where payments are processed.
- 9) For each location selected under #8 above, I obtained a listing of those employees involved with non-payroll purchasing and payment functions. I obtained written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - All purchases were not made by purchase orders but were all approved by the appropriate levels of management who did not initiate the purchase except for purchases made by the Mayor. My testing did not disclose any discrepancies.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - The person requesting purchases are separate from approval functions except for purchases made by the Mayor. All purchases, except those purchases made by the Mayor, are pre-approved by the appropriate level of management. Payments for purchases are paid by original invoices.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

The person responsible for processing payments is not prohibited from adding vendors to the Village's purchasing and disbursement system but is separate from the person who authorizes and signs checks. All vendor additions and disbursements were approved by authorized personnel and management at an appropriate level.

- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
 - The person who mails checks is separate from the persons with signatory authority and makes the final authorization and the person who processes payments.
- 10) For each location selected under #8 above, I obtained the Village's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtained management's representation that the population is complete. I randomly selected 5 disbursements for each location, obtained supporting documentation for each transaction and:
 - a) Observed that the disbursement matched the related original invoice/billing statement.
 - My testing did not disclose any discrepancies.
 - b) Observed that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.
 - My testing did not disclose any discrepancies.
- 11) Using the Village's main operating account and the month selected in Bank Reconciliations procedure #3, I randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the Village's policy, and (b) approved by the required number of authorized signers per the Village's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

My testing did not disclose any discrepancies.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

- 12) I obtained from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards), including the card numbers and the names of the persons who maintained possession of the cards and obtained management's representation that the listing is complete.
- 13) Using the listing prepared by management, I selected the four credit cards and one debit card that were used during the fiscal period. I randomly selected one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtained supporting documentation, and:
 - a) Observed that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.)]

My testing did not disclose any discrepancies.

b) Observed that finance charges and late fees were not assessed on the selected statements.

On one of the credit cards the Village incurred interest expense and late fees during one of the test months.

14) I used the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly selected all transactions from each statement, and obtained supporting documentation for the transactions. For each transaction, I observed that it was supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only).

My testing did not disclose any discrepancies.

Travel and Travel Related Expense Reimbursement

- 15) Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
 - a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

There were no amounts paid for travel and expense reimbursement that exceeded General Services Administration rates.

b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

My testing did not disclose any discrepancies.

c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

My testing did not disclose any discrepancies.

d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

My testing did not disclose any discrepancies.

Contracts

15) I obtained from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* I obtained management's representation that the listing is complete. The Village had only one (1) contract for an equipment lease. I selected the one (1) contract from the listing, excluding the practitioner's contract, and:

The Village of North Hodge, Louisiana

Independent Accountants Report on Applying Agreed-Upon Procedures (Continued)

a) I observed that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

The Village did not have any formal written contracts.

b) I observed that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).

N/A

- c) If the contract was amended (e.g. change order), I observed that the original contract terms provided for such an amendment. N/A
- d) I randomly selected one payment from the fiscal period for the contract, obtained the supporting invoice, agreed the invoice to the contract terms, and observed that the invoice and related payment agreed to the terms and conditions of the contract.

N/A

Payroll and Personnel

16) I obtained a listing of employees employed during the fiscal period and management's representation that the listing is complete. I randomly selected five (5) employees, obtained related paid salaries and personnel files, and agreed paid salaries to authorized salaries/pay rates in the personnel files.

My testing did not disclose any discrepancies.

- 17) I randomly selected one pay period during the fiscal period. For the five (5) employees selected under #16 above, I obtained attendance records and leave documentation for the pay period, and:
 - a) Observed that all selected employees documented their daily attendance and leave (e.g., vacation, sick, compensatory).
 - b) Observed that supervisors approved the attendance and leave of the selected employees/officials.
 - c) Observed that any leave accrued or taken during the pay period is reflected in the Village's cumulative leave records.
 - d) Observe that the rate paid to employees or officials agrees to the authorized salary/pay rate found in the personnel file.

My testing did not disclose any discrepancies.

18) I obtained a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees/officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations, agree the hours to the employee/officials' cumulate leave records, and agree the pay rates to the employee/officials' authorized pay rates in the employee/officials' personnel files.

The Village did not have any terminated employees during the fiscal year.

19) I obtained management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

The Village is currently on an installment agreement for payroll taxes incurred during fiscal years ending September 30, 2015 and 2016. All back payroll taxes were fully paid by January 24, 2024.

Ethics

- 20) Using the five (5) randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above obtain ethics documentation from management, and:
 - a. I observed that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
 - My testing did not disclose any discrepancies.
 - b. I observed that the documentation demonstrates each employee/official attested through signature verification that he or she has read the Village's ethics policy during the fiscal period.
 - The Village does not have a policy requiring each elected official to attest by signature to verify that he or she has read the Village's policy during the fiscal year.

Debt Service

- 21) Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued.
 - The Village did not issue any debt during the fiscal period.
- 22) Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants.
 - The Village made all of the scheduled debt service payments on its outstanding debt.

Fraud Notice

- 23) Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the Village reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the Village is domiciled.
 - The Village did not have any misappropriations of public funds or assets during the fiscal period.
- 24) I observed that the Village has posted on its premises and website the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.
 - The notice required by R.S. 24:523.1 was posted by the Village.

Information Technology Disaster Recovery/Business Continuity

- 25) I performed the following procedures and verbally discussed the results with management:
 - a) Obtain and inspect the Village's most recent documentation that it has backed up its critical data.

The Village uses an off-site back-up system and critical files are backed up daily. The Village's IT contractor performs periodic testing and verification that back-ups can be restored. All computer systems have antivirus software installed and updates to software are installed in a timely manner. The Village's IT contractor maintains their computers, and his services would be utilized during a disaster recovery.

b) Obtain and inspect the Village's most recent documentation that it has tested/verified that its backups can be restored.

The IT contractor provided documentation of the most recent back-up was tested and verified it could be restored.

c) Obtain a listing of the Village's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

All computer systems have antivirus software installed and updates to software are installed in a timely manner.

- 26) Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, I obtained cybersecurity training documentation from management, and observed that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
 - Hired before June 9, 2020 completed the training; and
 - Hired on or after June 9, 2020 completed the training within 30 days of initial service or employment.

The Village personnel had not obtained cybersecurity training as required by R.S. 42:1267.

Sexual Harassment

27) Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain sexual harassment training documentation from management,

Officials and employees are required to complete one hour of sexual harassment training at the same time of completing the ethics training on-line with the state.

- 28) I observed the Village has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the Village's premises if the Village does not have a website).
- 29) Obtain the Village's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:

- a) Number and percentage of public servants in the agency who have completed the training requirements.
- b) Number of sexual harassment complaints received by the agency.
- c) Number of complaints which resulted in a finding that sexual harassment occurred.
- e) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
- f) Amount of time it took to resolve each complaint.

The Village did not have any sexual harassment complaints during the fiscal year. All 9, 100%, of the public servants completed the required harassment training.

I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
