MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Natchitoches Parish Fire District No. 6's (hereafter referred to as the District) annual financial report presents an overview and analysis of the District's financial activities for the year ended December 31, 2018. The intent of the MD&A is to look at the District's financial performance as a whole. It should, therefore be read in conjunction with this report. Certain comparative information is presented to provide an overview of the District's operations.

Financial Highlights

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and presents a longer-term view of the District's finances. These statements tell how these services were financed in the short-term as well as what remains for future spending.

Government-Wide Financial Statements

- The Statement of Net Position presents all of the District's assets and liabilities, with the difference between the two reported as "net position". Over time, increases or decreases in the District's net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.
- The Statement of Activities presents information showing how the District's net position changed during the current year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Therefore, some revenues and some expenses that are reported in this statement will not result in cash flows until future years.

Fund Financial Statements

The services provided by the District are financed through a governmental fund. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District conducts its day-to-day operations through a governmental fund, the General Fund. These statements provide a short-term view of the District's finances and assists in determining whether there will be adequate financial resources available to meet the current needs of the District.

A summary of the basic government-wide financial statements is as follows:

Summary of Statement of Net Position

	<u>2018</u>	<u>2017</u>
ASSETS:		
Assets	\$1,602,986	\$1,701,089
Capital Assets, Net of Accumulated Depreciation	<u>1,540,071</u>	<u>1,479,571</u>
Total Assets	<u>\$3,143,057</u>	<u>\$3,180,660</u>
DEFERRED OUTFLOWS OF RESOURCES	<u>\$ 252,275</u>	<u>\$ 70,610</u>
LIABILITIES:		
Accounts Payable	\$ 9,368	\$ 9,249
Payroll Liabilities	0	7,999
Net Pension Liabilities	<u>319,447</u>	<u>117,738</u>
Total Liabilities	<u>\$ 328,815</u>	<u>\$ 134,896</u>
DEFERRED INFLOWS OF RESOURCES	<u>\$ 25,357</u>	<u>\$ 7,760</u>
NET POSITION:		
Net Investment in Capital Assets	\$1,540,071	\$1,479,571
Unrestricted	<u>1,501,089</u>	<u>1,628,953</u>
Total Net Position	<u>\$3,041,160</u>	<u>\$3,108,524</u>

Summary of Statement of Activities

	<u>2018</u>	<u>2017</u>
REVENUES:		
Taxes	\$702,299	\$647,406
Intergovernmental	39,965	49,334
Interest & Miscellaneous	14,064	22,535
Nonemployee Pension Revenue	<u>14,414</u>	<u>5,199</u>
Total Revenues	\$770,742	\$724,474
EXPENSES:		
Public Safety	<u>838,105</u>	<u>666,439</u>
Change in Net Position	\$ <u>(67,364)</u>	<u>\$58,035</u>

- The District's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$3,041,160 for the year. For the prior year this was \$3,108,524.
- Unrestricted net position of \$1,501,089 represents the portion available to maintain the District's obligation to both citizens and creditors. This is a decrease of \$127,864 from prior year.

Debt Administration

At the end of the current fiscal year, the District had a total long term debt of \$319,447. Long-term debt of the District includes a net pension liability based on actuarially determined amounts in accordance with GASB No. 68.

Outstanding Debt at Year End

	<u>2018</u>	<u>2017</u>
Net Pension Liability	<u>\$319,447</u>	<u>\$117,738</u>

Additional information on the District's long-term debt can be found in the notes to financial statements section of this report.

General Fund Budgetary Highlights

The actual revenues were more than the budgeted amount for the year by \$58,077. Actual expenditures were \$12,720 more than the budgeted amount.

Economic Factors and Next Year's Budget

The primary revenue source for the District is property taxes. This tax is not subject to changes in the economy, in the short-term. However, in the long-term, significant increases/decreases in the tax base would be evident.

Contacting the Fire District

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. Any questions about this report or requests for additional information may be directed to the District at 114 Magnolia Avenue, Natchitoches, LA 71457.

INDEPENDENT AUDITOR’S REPORT

Natchitoches Parish Fire
Protection District No. 6
114 Magnolia Avenue
Natchitoches, LA 71457

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and major fund of the Natchitoches Parish Fire Protection District No. 6 (District), a component unit of the Natchitoches Parish Government, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the District as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedule, Schedule of Employer's Share of Net Pension Liability, and Schedule of Employer Contributions as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is presented for purposes of additional analysis and is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

The Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer listed as required supplementary information in the Table of Contents is presented for purposes of additional analysis and is required by Louisiana Revised Statute 245:513A(3). This schedule is not a required part of the basic financial statements.

We have applied certain limited procedures to the Management's Discussion and Analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the introductory section because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Budgetary Comparison Schedule, Schedule of Employer's Share of Net Pension Liability, and Schedule of Employer Contributions, and Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 14, 2019, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Louisiana Legislative Auditor, we have issued a report, dated June 14, 2019, on the results of our state wide agreed-upon procedures performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*. The purpose of that report is solely to describe the scope of testing performed on those control and compliance areas identified in the Louisiana Legislative Auditor's state wide agreed-upon procedures, and the results of that testing, and not to provide an opinion on control or compliance.

NOTES TO FINANCIAL STATEMENTS

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

Introduction:

Natchitoches Parish Fire Protection District No. 6 was created by the Natchitoches Parish Government, by ordinance in June 1982, under the provisions of Louisiana Revised Statutes 40:1492-1601, for the purpose of providing fire protection to the citizens of the District. The District is governed by a Board of Commissioners who are resident property taxpayers of the District. The commissioners are approved/appointed by the Natchitoches Parish Government. The District was created to acquire and maintain buildings, machinery, equipment, water tanks, water hydrants and water lines, and any other such things necessary to provide proper fire protection and control within the District.

1. Summary of Significant Accounting Policies:

The accounting and reporting policies of Natchitoches Parish Fire Protection District No. 6 conform to generally accepted accounting principles as applicable to governmental units. Such accounting and reporting policies also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the *Louisiana Governmental Audit Guide*.

A. Reporting Entity-

As the governing authority of the Parish, for reporting purposes, the Natchitoches Parish Government is the financial reporting entity for Natchitoches Parish. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Natchitoches Parish Government for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body and
 - a. The ability of the Parish Government to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Parish Government.
2. Organizations for which the Parish Government does not appoint a voting majority but are fiscally dependent on the Parish Government.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Parish Government created by ordinance Fire District No. 6, the District was determined to be a component unit of the Natchitoches Parish Government, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Parish Government, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. Basis of Presentation-

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Net Position presents the governmental-type activities on a consolidated basis, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

C. Fund Accounting-

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements.

The District maintains only one fund. It is categorized as a governmental fund. The emphasis on fund financial statements is on major governmental and enterprise funds; each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

The major fund of the District is described below:

Governmental Fund-

General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

D. Measurement Focus/Basis of Accounting-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the District as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues "available" if collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

E. Assets, Liabilities, and Equity-

Cash and Interest-Bearing Deposits-

For purposes of the Statement of Net Position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposit of the District.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

Capital Assets-

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of useful lives by type of asset is as follows:

Furniture, computers	5 years
Firefighting equipment	10 years
Ladders, hoses, airpacks	7 years
Radios	10 years
Fire trucks	15 years
Other vehicles	5 years
Buildings	40 years

F. Equity Classifications-

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net resources with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net position - All other net resources that do not meet the definition of "restricted" or "net investment in capital assets".

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

In the fund statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance - amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- b. Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- c. Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- d. Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance - amounts that are available for any purpose; positive amounts are reported only in the general fund.

The General Fund has an unassigned fund balance of \$1,593,618. If applicable, the District would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

G. Budget-

Prior to the beginning of each fiscal year, the Natchitoches Parish Fire Protection District No. 6 adopts a budget for the next fiscal year. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

H. Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reported period. Actual results could differ from those estimates.

I. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES-

The Statement of Net Position reports a separate section for deferred outflows and (or) deferred inflows of financial resources. Deferred outflows of resources represent a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense/expenditure) until the applicable period. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources until that time.

2. Cash and Cash Equivalents:

The cash and cash equivalents of the Natchitoches Parish Fire Protection District No. 6 are subject to the following risk:

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the District's name.

Bank account balances at December 31, 2018, totaled \$642,110, and of this amount \$250,000 was secured by FDIC Insurance. The remaining amount of \$392,110 was secured with pledged securities from MidSouth Bank.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

Certificates of Deposit balance of \$519,028 was secured by \$250,000 FDIC and the remaining \$269,028 by pledged securities from Bank of Montgomery.

3. Capital Assets:

Capital asset balances and activity for the year ended December 31, 2018, is as follows:

Governmental Activities	Balance 01-01-18	Additions	Deletions	Balance 12-31-18
Capital Assets Not Depreciated:				
Land	\$ 78,950	\$ 0	\$ 0	\$ 78,950
CIP	<u>271,892</u>	<u>203,215</u>	<u>(271,892)</u>	<u>203,215</u>
Total Capital Assets Not Depreciated	<u>\$ 350,842</u>	<u>\$203,215</u>	<u>\$(271,892)</u>	<u>\$ 282,165</u>
Capital Assets Depreciated:				
Equipment	\$ 677,221	\$271,892	\$ 0	\$ 949,113
Vehicles	1,834,950	0	0	1,834,950

Total Capital Assets Depreciated	<u>\$3,567,277</u>	<u>\$271,892</u>	<u>\$ 0</u>	<u>\$3,839,169</u>
Total Assets	<u>\$3,918,119</u>	<u>\$475,107</u>	<u>\$(271,892)</u>	<u>\$4,121,334</u>
Less, Accumulated Depreciation:				
Equipment	\$ 538,737	\$ 58,892	\$ 0	\$ 597,629
Vehicles	1,641,595	45,442	0	1,687,037
Buildings	<u>258,216</u>	<u>38,381</u>	<u>0</u>	<u>296,597</u>
Total Depreciation	<u>\$2,438,548</u>	<u>\$142,715</u>	<u>\$ 0</u>	<u>\$2,581,263</u>
Net Capital Assets	<u>\$1,479,571</u>	<u>\$332,398</u>	<u>\$(271,892)</u>	<u>\$1,540,071</u>

Depreciation expense of \$142,715 was charged to the public safety function.

4. Compensated Absences:

Employees of the District do not carry forward leave from year to year, therefore no entry is made to record compensated absences.

5. Ad Valorem Taxes/Parcel Fee:

The District levies taxes on real and business personal property located within the boundaries of Natchitoches Parish Fire District No. 6. Property taxes are levied by the District on property values assessed by the Natchitoches Parish Tax Assessor and approved by the State of Louisiana Tax Commission.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

The Natchitoches Parish Sheriff's office bills and collects property taxes for the District. Collections are remitted to the District monthly. The District recognizes property tax revenues when levied.

Property Tax Calendar

Assessment date	January 1
Levy date	June 30
Tax bills mailed	October 15
Total taxes are due	December 31
Penalties and interest added	January 31
Lien date	January 31
Tax Sale	May 15

The District is permitted to levy taxes up to 10% of the assessed property valuation for each specified purpose or, in the aggregate for all purposes 25% of the assessed valuation for the payment of principal and interest on long-term debt after the approval by the voters of the District. Property taxes are recorded as receivables and revenues in the year assessed.

Assessed values are established by the Natchitoches Parish Tax Assessor each year on a uniform basis at the following ratios to fair market value:

10% land	15% machinery
10% residential improvements	15% commercial improvements
15% industrial improvements	25% public service properties, excluding land

A revaluation of all property is required to be completed no less than every four years. The last revaluation was completed for the roll of January 1, 2016. Total assessed value was \$74,502,021 in 2018. Louisiana state law exempts the first \$7,500 of assessed value of a taxpayer's primary residence from parish property taxes. This homestead exemption was a total of \$12,549,420 of the assessed value in 2018. For the year ended December 31, 2018, taxes of 9.59 mils were levied on the property and dedicated to fire protection.

In addition to property taxes, the residents of Fire District No. 6, of Natchitoches Parish voted on and approved a proposition in 2010 to levy and collect an annual parcel fee of \$25 on each lot on which a structure is located. The purpose of this assessment is to provide funds for acquiring, constructing, and maintaining fire protection facilities and equipment. The parcel fees attach as an enforceable lien and are levied in the same manner as property taxes described above. For the year ended December 31, 2018, fees of \$79,490 were levied.

6. Firefighters' Retirement System of Louisiana (FRS):

Plan Description

The District contributes to FRS which is a cost-sharing multiple employer defined benefit pension plan. FRS was established by Act 434 of 1979 to provide retirement, disability and survivor benefits to firefighters in Louisiana.

The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through FRS in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Benefit provisions are authorized within Act 434 of 1979 and amended by Louisiana Revised Statutes 11:2251 – 11:2272. The following is a brief description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Eligibility Requirements

Any person who becomes an employee as defined in R.S. 11:2252 on and after January 1, 1980, shall become a member as a condition of employment. Membership in FRS is a condition of employment for any full-time firefighters (or any person in a position as defined in the municipal fire and police civil service system) who earn at least \$375 per month, excluding state supplemental pay, and are employed by a fire department of any municipality, parish, or fire protection district of the State of Louisiana in addition to employees of FRS.

No person who has attained age 50 or over shall become a member of FRS, unless the person becomes a member by reason of a merger or unless FRS received an application for membership before the applicant attained the age of 50. No person who has not attained the age of 18 years shall become a member of FRS.

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies or political subdivisions, and who is receiving retirement benefits therefrom may become a member of FRS, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with FRS, or for any other purpose in order to attain eligibility or increase the amount of service credit in FRS.

FRS issues an annual publicly available financial report that includes financial statements and required supplementary information for the System, which can be obtained at www.lafirefightersret.com or www.la.state.la.us.

Benefits Provided

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

Retirement

Employees with 20 or more years of service who have attained age 50, or employees who have 12 years of service who have attained age 55, or 25 years of service at any age are entitled to annual pension benefits equal to 3.333% of their average final compensation based on the 36 consecutive months of highest pay multiplied by their total years of service, not to exceed 100%. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity.

If employees terminate before rendering 12 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to their employer's contributions.

Benefits are payable over the employees' lives in the form of a monthly annuity. An employee may elect an unreduced benefit or any of seven options at retirement.

See R.S. 11:2256(A) for additional details on retirement benefits.

Disability Benefits

A member who acquires a disability, and who files for disability benefits while in service, and who upon medical examination and certification as provided for in Title II, is found to have a total disability solely as the result of injuries sustained in the performance of his official duties, or for any cause, provided the member has at least five years of creditable service and provided that the disability was incurred while the member was an active contributing member in active service, shall be entitled to disability benefits under the provisions of R.S. 11:2258(B).

Death Benefits

Benefits shall be payable to the surviving eligible spouse or designated beneficiary of a deceased member as specified in R.S. 11:2256(B) & (C).

Deferred Retirement Option Plan (DROP)

After completing 20 years of creditable service and attaining the age of 50 years, or 25 years at any age, a member may elect to participate in DROP for up to 36 months.

Upon commencement of participation in DROP, employer and employee contributions to FRS cease. The monthly retirement benefit that would have been payable is paid into the member's DROP account. Upon termination of employment, a participant in the program has several options to receive their DROP benefit. A member may (1) elect to roll over all or a portion of their DROP balance into another eligible qualified plan, (2) receive a lump-sum payment from the account, (3) receive single withdrawals at the discretion of the member, (4) receive monthly or annual withdrawals, or (5) receive an annuity based on the DROP account balance. These withdrawals are in addition to his regular monthly benefit.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

If employment is not terminated at the end of the 36 months, the participant resumes regular contributions to FRS. No withdrawals may be made from the DROP account until the participant retires.

Initial Benefit Option Plan

Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

Cost-of-Living Increases

Under the provisions of R.S. 11:246 and 11:2260(A)(7), the board of trustees is authorized to grant retired members and widows of members who have retired an annual cost-of-living adjustment (COLA) increase of up to 3% of their current benefit, and all retired members and widows who are 65 years of age and older a 2% increase in their original benefit. In order for the Board to grant either of these increases, FRS must meet certain criteria detailed in the statute related to funding status and interest earnings (R.S. 11:243). In lieu of these COLA's, pursuant to R.S. 11:241, the board may also grant an increase in the form of " $Xx(A+B)$ " where "X" is any amount up to \$1/month, and "A" is equal to the number of years of credited service accrued at retirement or at death of the member or retiree, and "B" is equal to the number of years since retirement or since death of the member or retiree to June 30th of the initial year of such increase.

Contributions

According to State statute, employer contributions are actuarially determined each year. For the measurement date of June 30, 2018, employer and employee contributions for members above the poverty line were 26.5% and 10%, respectively. The employer and employee contribution rates for those members below the poverty line were 28.5% and 8%, respectively.

According to State statute, the System receives insurance premium tax funds from the State of Louisiana. The tax is considered support from a non-contributing entity and appropriated by the legislature each year based on an actuarial study. Non-employer contributions are recognized as revenue, but are not considered special funding situations. Non-employer contributions recognized in the current year were \$14,414.

The District's contractually required composite contribution rate for the year ended December 31, 2018 was 28.5% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. Contributions to the pension plan from the District were \$36,569 for the year ended December 31, 2018.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2018, the District reported a liability of \$319,447 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2018 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The District's proportion of the Net Pension Liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, the District's proportion was .05536%, which was an increase of .03499% from its proportion measured as of June 30, 2017.

For the year ended December 31, 2018, the District recognized pension expense of \$54,839 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions of \$33,805.

At December 31, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 0	\$24,314
Changes in assumption	22,285	52
Net difference between projected and actual earnings on pension plan investments	20,772	0
Changes in employer's proportion of beginning net pension liability	190,112	947
Differences between employer contributions and proportionate share of employer contributions	346	45
Subsequent Measurement Contributions	18,760	0
Total	\$252,275	\$25,357

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date in the amount of \$18,760, will be recognized as a reduction of the Net Pension Liabilities in the year December 31, 2018. Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$ 52,055
2020	39,903
2021	25,049
2022	35,605
2023	30,360
2024	25,186
2025	0
Total	\$208,158

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

Actuarial Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2018 is as follows:

Valuation Date	June 30, 2018
Actuarial Cost Method	Entry Age Normal Cost
Actuarial Assumptions:	
Expected Remaining Service Lives	7 years
Investment Rate of Return	7.3% net of investment expense.
Mortality	The mortality rate assumption used was based upon an experience study performed on plan data for the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the FRS's liabilities. The RP-2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Tables projected to 2031 using Scale AA were selected for employee, annuitant, and beneficiary mortality. The RP-2000 Disabled Lives Mortality Table set back five years for males and set back three years for females was selected for disabled annuitants. Setbacks in these tables were used to approximate mortality improvement.
Salary Increases, including inflation (2.7%) and merit	Vary from 15.0% in the first two years of service to 4.75% with 25 or more years of service; includes inflation and merit increases

The discount rate used to measure the total pension liability was 7.3%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates, and that contributions from participating employers and non-employer contributing entities will be made at the actuarially-determined rates approved by the board of trustees and by the Public Retirement Systems' Actuarial Committee, taking into consideration the recommendation of the actuary. Based on these assumptions, FRS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

The estimated long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, 2.75%. The resulting long-term expected arithmetic nominal rate of return was 8.09% as of June 30, 2018. Best estimates of arithmetic real rates of return for each major asset class included in FRS' target asset allocation as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Long-term Target Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
		<u>Real</u>
Equity	54%	20.34%
Fixed Income	26%	1.76%
Alternatives	10%	13.11%
Others	10%	9.20%
Total	<u>100%</u>	
Inflation		
Expected Arithmetic Nominal Return		

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the Net Pension Liability using the discount rate of 7.3%, as well as what the District's proportionate share of the Net Pension Liability would be if it were calculated using a discount rate that is one percentage-point lower (6.3%) or one percentage-point higher (8.3%) than the current rate:

	1.0% Decrease (6.3%)	Current Discount Rate (7.3%)	1.0% Increase (8.3%)
Employer's proportionate share of net pension liability	\$466,149	\$117,738	\$196,167

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Firefighters' Retirement System of Louisiana Annual Financial Report at www.lafirefightersret.com or on www.la.state.la.us.

Payables to the Pension Plan

These financial statements include a payable to the pension plan of \$4,050, which is the legally required contribution due at December 31, 2018. This amount is recorded in accrued expenses.

Natchitoches Parish Fire Protection District No. 6
Notes to Financial Statements
December 31, 2018

7. Pending Litigation:

There were no civil suits seeking damages against the District outstanding at December 31, 2018.

8. Related Party Transactions:

The District had no identified related party transactions for the year ended December 31, 2018.

9. Compensation Paid to Board Members:

The members of the Board of Commissioners of the District receive no compensation for their services.

10. Receivables:

The following is a summary of receivables at December 31, 2018:

<u>Class of Receivable</u>	<u>General Fund</u>
Taxes-	
Ad Valorem	\$552,599
Parcel Fee	65,138
State	<u>8,483</u>
Total	<u>\$626,220</u>

Substantially all receivables are considered to be fully collectible, and no allowance for uncollectibles is used.

11. Subsequent Events:

Management has evaluated events through June 14, 2019, which the financial statements were available for issue. There were no items to be reported as subsequent events.

12. On-Behalf Payments

Employees of Fire District #6 receive supplemental pay from the State. In accordance with GASB Statement No. 24, the fire district has recorded revenues and expenditures for these payments in the General Fund in the amount of \$16,500.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

Natchitoches Parish Fire
Protection District No. 6
114 Magnolia Avenue
Natchitoches, LA 71457

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*, the financial statements of the governmental activities and major fund as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Natchitoches Parish Fire Protection District No. 6's (District) basic financial statements and have issued our report thereon dated June 14, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of audit findings as item 2018-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Natchitoches Parish Fire Protection District No. 6's Response to Finding

The District's response to the finding identified in our audit is described in the accompanying schedule of audit findings. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 25:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

Natchitoches Parish Fire Protection District No. 6
Schedule of Audit Findings
Year Ended December 31, 2018

I. SUMMARY OF AUDIT RESULTS

The following summarize the audit results:

1. An unmodified opinion was issued on the financial statements of the Natchitoches Parish Fire Protection District No. 6 as of and for the year ended December 31, 2018.
2. The audit disclosed one significant deficiency in internal control, and this deficiency was not determined to be a material weakness.
3. The audit disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

II. FINDINGS IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Internal Control

2018-001 Segregation of Duties

Criteria - The District should have employees available to execute the ongoing duties related to financial matters.

Condition - Our evaluation of the internal control structure revealed an absence of appropriate segregation of duties and the lack of personnel available to prepare financial statements including the related note disclosures.

Effect - Intentional or unintentional errors could be made and not detected within the accounting system.

Cause - The District does not have a sufficient number of employees to adequately separate accounting duties or to prepare the District's annual financial statements with related note disclosures.

Recommendation - Since the costs associated with establishing an appropriate system of internal control should not outweigh the benefits derived from it, we do not have a recommendation to make.

Management's Response - It is not economically feasible to add a sufficient number of employees to adequately segregate accounting duties. In addition, we have evaluated the cost/benefit of establishing a system to prepare our annual financial statements and have determined that it is in the best interest of the District to have our independent auditors prepare our annual financial statements. We understand that we should review the financial statements and notes and accept responsibility for their contents and presentation.

Natchitoches Parish Fire Protection District No. 6
Schedule of Audit Findings
Year Ended December 31, 2018

III. PRIOR YEAR AUDIT FINDINGS

2017-001 Segregation of Duties

Condition - The District does not have employees to prepare the annual financial statements with related note disclosures.

Status - As of December 31, 2018, this finding is unresolved. See Finding 2017-001.

**INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING
STATEWIDE AGREED-UPON PROCEDURES**

To the Board Commissioners
of Natchitoches Parish Fire Protection District No. 6

We have performed the procedures enumerated below, which were agreed to by the Board of Commissioners of the Natchitoches Parish Fire Protection District No. 6 and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA’s Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2018 through December 31, 2018. Natchitoches Parish Fire Protection District No. 6 is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and associated findings are enumerated below.

Written Policies and Procedures

1. We obtained and inspected the entity’s written policies and procedures and observed whether those written policies and procedures address each of the following categories and subcategories (or noted that the entity does not have any written policies and procedures), as applicable:
 - ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.
 - ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - ***Disbursements***, including processing, reviewing, and approving.
 - ***Receipts***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management’s actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation.)

- **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
 - **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
 - **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
 - **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
 - **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.
 - **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- a) Procedure Results – Exception noted – The District has no written policies and procedures.

Board (or Finance Committee, if applicable)

2. We obtained and inspected the board/committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent documents in effect during the fiscal period, and:
- Observed that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - Observed that the minutes referenced or included monthly budget-to-actual comparisons on the General Fund and major special revenue funds, as well as monthly financial statements (or budget-to-actual comparisons, if budgeted) for major proprietary funds. *Alternatively, for those entities reporting on the non-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
 - For governmental entities, obtained the prior year audit report and observed the unrestricted fund balance in the General Fund. If the General Fund had a negative ending unrestricted fund balance in the prior year audit report, observed that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the General Fund.
- a) Procedure Results – Exception noted – The minutes did not reference or include monthly budget-to-actual comparisons.

Bank Reconciliations

3. We obtained a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. We identified the entity's main operating account. We selected the entity's main operating account and randomly selected four additional accounts (or all if less than five). We randomly selected one month from the fiscal period, and obtained and inspected the corresponding bank statement and reconciliation for the selected accounts, and observed that:
 - Bank reconciliations include evidence that they were prepared within two months of the related statement closing date (e.g. initialed and dated, electronically logged);
 - Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g. initialed and dated, electronically logged); and
 - Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.
 - a) Procedure Results – Exception noted – The District shows no evidence that management or a board member is reviewing banking reconciliations.

Collections

4. We obtained a listing of deposit sites for the fiscal period where deposits for cash/check/money order (cash) are prepared and management's representation that the listing is complete. We randomly selected the required amount of deposit sites (up to five).
5. We obtained a listing of collection locations and management's representation that the listing is complete. We randomly selected one collection location for each deposit site selected. We obtained and inspected written policies and procedures relating to employee job duties at each collection location, and observed that job duties were properly segregated at each collection location such that:
 - Employees that are responsible for cash collections do not share cash drawers/registers.
 - Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.
6. We inquired of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

7. We randomly selected two deposit dates for each of the bank accounts selected for procedure #3 under “Bank Reconciliations” above. We obtained supporting documentation for each of the deposits selected and:
 1. We observed that receipts are sequentially pre-numbered.
 2. We traced sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 3. We traced the deposit slip total to the actual deposit per the bank statement.
 4. We observed that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
 5. We traced the actual deposit per the bank statement to the general ledger.
 - a) Procedure Results – Exception noted - None of the employees who handle cash are bonded.

Non-Payroll Disbursements – General (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. We obtained a listing of locations that process payments for the fiscal period and management’s representation that the listing is complete. We randomly selected the required amount of disbursement locations (up to five).
9. For each location selected under #8 above, we obtained written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and we observed that job duties are properly segregated such that:
 - At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - At least two employees are involved in processing and approving payments to vendors.
 - The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
10. For each location selected under #8 above, we obtained the entity’s non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtained management’s representation that the population is complete. We randomly selected 5 disbursements for each location, and obtained supporting documentation for each transaction and:
 1. We observed that the disbursement matched the related original invoice/billing statement.
 2. We observed that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.
 - a) Procedure Results – Exception noted – No purchase orders are utilized. The treasure has access to all unused check with signatory authority privileges; however, all checks processed must have two signatures.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. We obtained from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. We obtained management's representation that the listing is complete.
12. Using the listing prepared by management, we randomly selected the required amount of cards (up to five) that were used during the fiscal period. We randomly selected one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), and obtained supporting documentation, and:
 1. We observed that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder.
 2. We observed that finance charges and late fees were not assessed on the selected statements.
13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, we randomly selected the required amount transactions (up to ten) from each statement, and obtained supporting documentation for the transactions. For each transaction, we observed that it is supported by (1) an original itemized receipt that identified precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals.
 - a) Procedure Results – Exception noted – Fuel transactions did not have the original receipts attached.

Travel and Expense Reimbursement

14. We obtained from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. We randomly selected five reimbursements, and obtained the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the five reimbursements selected:
 - If reimbursed using a per diem, we agreed the reimbursement rate to those rates established by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - If reimbursed using actual costs, we observed that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - We observed that each reimbursement was supported by documentation of the business/public purpose and other documentation required by written policy.
 - We observed that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.
 - a) Procedures Results – Not required due to no exceptions in this area in the prior year.

Contracts

15. We obtained from management a listing of all agreements/contracts for professional services, materials, and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. We obtained management's representation that the listing is complete. We randomly selected the required amount of contracts (up to five) from the listing, and:
- We observed that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - We observed that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
 - If the contract was amended (e.g. change order), we observed that the original contract terms provided for such an amendment.
 - We randomly selected one payment from the fiscal period for each of the selected contracts, obtained the supporting invoice, agreed the invoice to the contract terms, and observed that the invoice and related payment agreed to the terms and conditions of the contract.
- a) Procedure Results – Not required due to no exceptions in this area in the prior year.

Payroll and Personnel

16. We obtained a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. We randomly selected five employees/officials, obtained related paid salaries and personnel files, and agreed paid salaries to authorized salaries/pay rates in the personnel files.
17. We randomly selected one pay period during the fiscal period. For the five employees/officials selected under #16 above, we obtained attendance and leave documentation for the pay period, and:
- a) We observed that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory).
 - b) We observed that supervisors approved the attendance and leave of the selected employees/officials.
 - c) We observed that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
18. We obtained a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. If applicable, we selected the two employees/officials, and obtained related documentation of the hours and pay rates used in management's termination payment calculations. If applicable, we agreed the hours to the employees/officials' cumulative leave records and the pay rates to the employee/officials' authorized pay rates in the employee/officials' personnel files.

19. We obtained management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

a) Procedure Results – No exception noted.

Ethics

20. Using the five randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, we obtained ethics compliance documentation from management, and:

- We observed that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
- We observed that the documentation demonstrates each employee/official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

a) Procedure Results – Exception noted – The ethics training certifications for employees were not current.

Debt Service (excluding nonprofits)

21. We obtained a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. We selected all bonds/notes on the listing, obtained supporting documentation, and observed that State Bond Commission approval was obtained for each bond/note issued.

22. We obtained a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. We randomly selected one bond/note, inspected debt covenants, obtained supporting documentation for the reserve balance and payments, and agreed actual reserve balances and payments to those required by debt covenants.

a) Procedure Results – Not required due to no exceptions in this area in the prior year.

Other

23. We obtained a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. We selected all misappropriations on the listing, obtained supporting documentation, and observed that the entity reported the misappropriation to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

24. We observed whether the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

a) Procedure Results – Not required due to no exceptions in this area in the prior year.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Thomas, Cunningham, Broadway, & Todtenbier, CPA's

June 14, 2019
Natchitoches, Louisiana

Natchitoches Parish Fire Protection District No. 6
Management's Response to Exceptions to
Statewide Agreed-Upon Procedures
For the Year Ended December 31, 2018

MANAGEMENT'S RESPONSE TO EXCEPTIONS:

- Item 1: The District will strive to adopt written policies and procedures to address the financial/business functions.
- Item 2: The District will strive to include budget-to-actual comparison in the month meetings.
- Item 3: The District will implement procedures to ensure bank statements are reviewed by a member of the board who has no involvement in the transactions associated with the bank.
- Item 10: The District does not consider it feasible to implement a purchase order/requisition system. However, all purchases are monitored, reviewed and approved by the Board.
- Item 10: The District uses an outside firm to process disbursements. Although there are no procedures to prevent vendors from being added, all payments are reviewed and approved by the Board.
- Item 11: The District does not believe it is feasible to hire additional persons just to ensure that the individual with signatory authority has no responsibility for initiating or recording purchases.
- Item 13: The District will strive to collect all receipts for fuel cards.
- Item 20: The District will strive to complete ethics training for all employees in the future.
