INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
The Finance Authority of New Orleans dba Finance New Orleans

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the proprietary fund and fiduciary fund of The Finance Authority of New Orleans dba Finance New Orleans (FNO) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise FNO's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the proprietary fund and fiduciary fund of The Finance Authority of New Orleans dba Finance New Orleans as of December 31, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FNO and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FNO's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FNO's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FNO's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise FNO's basic financial statements. The accompanying Schedule of Compensation, Benefits, and Other Payments to Agency Head is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits, and Other Payments to Agency Head is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2026, on our consideration of FNO's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of FNO's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering FNO's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2025

The Management's Discussion and Analysis of the Finance Authority of New Orleans, doing business as Finance New Orleans (FNO), presents a narrative overview and analysis of FNO's financial activities for the year ended December 31, 2025. This document focuses on the current period's activities, resulting changes, and currently known facts in comparison with the prior period's information. Please read this document in conjunction with FNO's financial statements, which begin on page 9.

The financial statements include the totals of the accounts of each of FNO's bond programs and the Operating Fund, NOHMA Development Corporation, Unrestricted Fund, Pathways to Homeownership New Orleans, Inc., the Market Rate Program and the PILOTs Program which are all collectively reported under the proprietary fund.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial report consists of four parts: management's discussion and analysis (this section), the basic financial statements, the notes to the financial statements, and supplementary information.

Government-wide Financial Statements – Enterprise Fund

FNO's principal activities of promoting the development of residential housing (single or multi-family dwellings) in the City of New Orleans, Louisiana, primarily for persons of low and moderate incomes are accounted for in a single proprietary fund – the enterprise fund. Enterprise funds are used to report business activities. Since the enterprise fund is FNO's single activity, its financial statements are presented as FNO's government-wide financial statements.

The financial statements provide both long-term and short-term information about FNO's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of supplementary information that further explains and supports the information in the financial statements.

FNO's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. Under this basis of accounting, revenues are recognized in the period in which they are earned and expenses are recognized in the period in which they are incurred in the Statement of Revenues, Expenses, and Changes in Net Position. All assets and liabilities associated with the operation of FNO are included in the Statement of Net Position.

The Statement of Net Position presents financial information on all of FNO's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of FNO is improving or deteriorating.

Fund Financial Statements – Fiduciary Fund

The fiduciary fund is used to account for resources held for the benefit of parties outside the government. The fiduciary fund is not reflected in the government-wide financial statements because the resources of that fund are not available to support FNO's own programs. FNO's only custodial fund is the City of New Orleans Fiduciary Fund, which is used to account for assets held by FNO as an agent for the City of New Orleans.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2025

FINANCIAL HIGHLIGHTS

FNO's assets exceeded its liabilities as of December 31, 2025 by \$6,403,846. Operating revenues increased significantly during 2025, with total revenues reaching \$2,023,483 compared to \$956,878 in 2024, representing growth of 112%. While operating expenses increased during 2025, primarily due to higher program development and partnership costs, FNO achieved improved in its operating deficit, which narrowed to \$867,186 from \$1,615,420 in the prior year.

FINANCIAL ANALYSIS OF FNO

Net Position

The statements of net position as of December 31, 2025 and 2024 are as follows:

	2025	2024
Cash and cash equivalents	\$ 9,988,944	\$ 5,952,367

Total liabilities and net position	<u>\$ 14,010,247</u>	<u>\$ 10,212,525</u>

FNO's total net position at December 31, 2025 decreased by \$867,186, a decrease of 12%, from December 31, 2024. Total liabilities increased significantly during 2025, primarily due to the \$5.0 million senior secured loan entered into during the year, while total assets increased due to the receipt of these loan proceeds.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2025

Net investment in capital assets represents property and equipment, principally real estate held by the Pathways to Homeownership Program. Restricted net position represents those assets that are not available for general use due to the terms of the various bond trust indentures under which assets are held and pledged as security for the bonds of FNO's Mortgage Revenue Bond Programs less the related liabilities. Conversely, unrestricted net position represents those assets for which there are no such limitations.

Changes in Net Position

The summary of changes in net position are as follows:

	2025	2024
Operating revenues, net of investment losses	\$ 2,023,483	\$ 956,878
Operating expenses	2,890,669	2,572,298
Deficiency in revenues under expenses	<u>\$ (867,186)</u>	<u>\$ (1,615,420)</u>

Operating revenues increased by \$1,066,605 or 112%, in 2025 compared to 2024, primarily due to the increase in program revenue compared to prior year. Operating expenses increased by \$318,371, or 12%, in 2025 compared to 2024, due primarily to an increase in partnership and program development costs.

Capital Assets

Capital assets decreased by \$31,655 during the year ended December 31, 2025. This decrease is related to current year depreciation on FNO's capital assets during the year. Note 4 to the financial statements summarizes activity in capital assets during the year.

Debt Administration

Finance New Orleans had \$2,551,046 in bonds outstanding as of December 31, 2025, compared to \$2,899,232 at the end the prior fiscal period, a decrease of 12%.

The decreased debt level as of December 31, 2025 resulted primarily from the payment of bonds in FNO's Single Family Program Funds.

Substantially all of FNO's single family bond issues had an AAA rating at December 31, 2025 due to the GNMA and FNMA securities pledged as collateral for FNO's bond issues.

FNO entered into a \$5.0 million senior secured loan with the Coalition for Green Capital in June 2025 to support future project lending activities aligned with its sustainability initiatives. The loan bears interest at 0.50% and matures in June 2035. As of year-end, the proceeds remain on deposit and have not yet been disbursed into projects, and the loan is in good standing. Upon disbursement, proceeds will be deployed to Qualified Projects in accordance with the loan agreement.

The notes to the financial statements disclose the details of debt activity for the year ended December 31, 2025.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Finance New Orleans (FNO) remains committed to providing innovative capital and financing options to support safe, affordable, and resilient housing, commercial development, and infrastructure projects. Our FY2026 budget reflects the ongoing evolution of our role as both a housing finance agency and a mission-aligned green bank focused on sustainability and equity.

New Orleans continues to face acute affordability and disaster resilience challenges. Sea-level rise, extreme weather, and aging infrastructure disproportionately impact low-income and disadvantaged communities. In response, FNO has developed a suite of programs that prioritize resilience, affordability, and equitable access to clean energy and housing opportunities.

In 2020, FNO began transforming its business model into a hybrid green bank and housing finance agency. Since then, the agency has signed key Cooperative Endeavor Agreements (CEAs) with the City of New Orleans and the Louisiana Housing Corporation (LHC), launched multiple financing programs, and built partnerships to attract new capital into the region. These include the Sustainable Developer Program, which has supported over \$980 million in affordable housing through PILOT-backed deals; the Green Mortgage Program, which continued offering down payment assistance and energy retrofit incentives following its Q2 2025 relaunch; and the Resilient & Efficient Upgrade Program (RE-UP), a green infrastructure finance tool designed to support climate-resilient upgrades and improvements across the city's aging infrastructure. A significant milestone for the agency was the closing of the \$179 million Tulane Veyron conduit bond, FNO's first multifamily bond closing in several years, reflecting renewed capacity to execute large-scale conduit financing on behalf of the city's affordable housing developers.

FNO's \$5 million senior secured loan from the Coalition for Green Capital (CGC), closed under the EPA's Greenhouse Gas Reduction Fund (GGRF), remains in the early stages of deployment into Qualified Projects aligned with FNO's mission during FY2025. In addition, FNO secured approximately \$953 thousand in operational support grants from philanthropic, federal, and mission-aligned partners during FY2025, building on \$1.285 million secured over the past few years. These grants supported internal capacity, outreach, program development, and compliance infrastructure aligned with FNO's housing and sustainability mission.

FNO's programs are designed to leverage this investment and address long-standing gaps in the market. Through its participation in the American Green Bank Consortium (a project of CGC), FNO is advancing clean energy, green infrastructure, and equitable housing solutions, guided by the Resilient New Orleans Finance Plan (RNOFP), a multi-agency strategy to accelerate climate investment. Developed in collaboration with C40 Cities and numerous regional partners, the plan outlines how New Orleans can achieve net-zero emissions by 2050 and catalyze investment into underserved communities.

Macroeconomic conditions shifted over the course of FY2025. After holding rates steady through much of the year, the Federal Reserve resumed cutting interest rates in the fall of 2025, implementing three consecutive reductions and bringing the federal funds rate down from its prior elevated level. The Fed also ended its balance sheet runoff (quantitative tightening) during this period. While borrowing costs began to ease, affordability pressures and slower private sector housing activity persisted for much of the year. Demand for affordable, disaster-resilient housing remains strong. FNO continues to navigate this environment by maintaining a conservative budget posture while maximizing strategic investment.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET (continued)

Looking ahead, FNO's strategic priorities for FY2026 include deploying GGRF capital into clean energy projects; advancing PILOT programs for community solar projects; executing the Housing Trust Fund Cooperative Endeavor Agreement to establish recurring public funding; scaling the Green Mortgage Program while piloting additional green finance tools such as RE-UP; building on the momentum of the Tulane Veyron closing to expand conduit bond activity for multifamily and affordable housing developers; enhancing the Sustainable Developer Program to increase deal flow and maximize the impact of tax abatements and bond financing; strengthening philanthropic and public-private partnerships to diversify revenue; and continuing to build internal capacity to reduce reliance on consultants. Together, these priorities reflect a balanced approach that centers mission delivery, financial discipline, and long-term growth.

FNO's FY2026 budget reflects a strategic shift toward long-term sustainability, with continued focus on mission delivery, financial stewardship, and capital innovation. Management remains committed to adapting to economic conditions while delivering impactful outcomes for the residents of New Orleans.

NOTES TO FINANCIAL STATEMENTS

1) Organization and Summary of Significant Accounting Policies

Organization

The Finance Authority of New Orleans dba Finance New Orleans (FNO) is a public trust originally created by a trust indenture dated October 11, 1978, pursuant to Chapter 2A of Title 9 of the Louisiana Revised Statutes of 1950, as amended. FNO was created to provide funds, through the issuance of bonds, to promote the development of residential housing (single or multi-family dwellings) in the City of New Orleans, Louisiana, primarily for persons of low and moderate incomes. In 1995, the powers of FNO were expanded to include all those provided to a public trust under Revised Statutes 9:2341 et seq. In accordance with the respective indentures, the proceeds from FNO's bond issues are used to acquire mortgage-backed securities.

FNO is managed by a Board of Trustees appointed by the Council of the City of New Orleans. The Bank of New York Trust Company, N.A. serves as the trustee of the single family program funds. FNO's staff serves as the mortgage loan administrator of the various whole loan portfolios. Various local financial institutions originate and service FNO's single family program mortgage loans.

FNO's basic financial statements consist of the government-wide statements which include the proprietary fund (the enterprise fund) and the fund financial statements which includes the fiduciary fund (City of New Orleans Fiduciary Fund).

The operations of FNO are accounted for in the following fund types:

Proprietary Fund Type

The proprietary fund is used to account for FNO's ongoing operations and activities, which are similar to those found in the private sector. The proprietary fund is accounted for using a flow of economic resources measurement focus under which all assets and deferred outflows and all liabilities and deferred inflows associated with the operation of these funds are included in the statements of net position.

The financial statements of FNO include the following subsidiaries that are 100% owned by FNO. These entities share the same governance and management from FNO, and as a result, are considered part of FNO and not component units.

- ***NOHMA Development Corporation***

NOHMA Development Corporation (the NOHMA Corporation) was formed in the fiscal year 1994. The NOHMA Corporation's mission is to provide increased home ownership among "primarily" low income families via a joint operating agreement with FNO through a variety of services.

- ***Pathways to Homeownership New Orleans, Inc.***

Pathways to Homeownership New Orleans, Inc. (the Pathways Corporation) was formed on March 31, 2005, and was funded in the year ended March 31, 2007. The Pathways Corporation's mission is to provide increased homeownership among low and moderate income families through a variety of services.

NOTES TO FINANCIAL STATEMENTS

1) Organization and Summary of Significant Accounting Policies (continued)

The financial statements of each of these entities is included in the proprietary fund of FNO. All significant inter-entity accounts and transactions have been eliminated in the basic financial statements.

Programs

Sustainable Homeownership Program

During 2015, FNO introduced a market rate mortgage program that provides mortgages and down payment assistance grants to borrowers with incomes up to 140% of the New Orleans Area Median Income. This program serves as a complement to our traditional tax-exempt bond mortgage program. The first mortgages offered in this program are FHA, VA or Freddie Mac sponsored with down payment assistance provided through a second mortgage funded with proceeds from premiums priced into the previously mentioned first mortgages. Down payment assistance ranges from 3-5% of the value of the first mortgage.

FNO collects an issuer fee for each origination and also has the option to purchase the mortgage-backed securities created from the individual mortgages originated through the program. The Market Rate Program and our traditional tax-exempt bond mortgage program falls under what is now known as the Sustainable Homeownership Program. The Sustainable Homeownership Program enhances the current programs by adding financial solutions that create access to sustainable and affordable housing opportunities for homebuyers including: green mortgages for first-time homebuyers, green mortgages for existing homeowners, and green improvement loans for all home homeowners.

Sustainable Developer Program

The Sustainable Developer Program was developed to offer affordable financial products including tax-exempt bonds, payments in lieu of taxes (PILOTs), and green infrastructure loans to developers building affordable, climate resilient housing. In May 2020, FNO announced a partnership with the Louisiana Housing Corporation (LHC) to provide more affordable housing in the City of New Orleans. The Cooperative Endeavor Agreement (CEA) between the City, FNO, and LHC is designed to build public agency coordination that will increase affordable housing development in New Orleans.

Payment-in-Lieu-of-Taxes (PILOT) Program

Finance New Orleans' Payment-in-Lieu-of-Taxes (PILOT) Program is a financial incentive designed to encourage the development of affordable housing real estate opportunities in and around one of the City-defined Mandatory Inclusionary Zoning ("MIZ") zones by "freezing" property taxes at the predevelopment level for a predetermined period of time. The eligible amount of time for a PILOT to be in place is determined by use, cost, as well as other criteria (Appendix I). PILOTs are not entitlements. In order to qualify for a PILOT, the project must (i) be in a MIZ zone; or (ii) qualify for low-income housing tax credits or bond financing through the Louisiana Housing Corporation.

Coalition for Green Capital

FNO closed on a \$5 million senior secured loan from the Coalition for Green Capital (CGC) under the EPA's Greenhouse Gas Reduction Fund (GGRF). This capital will be deployed into Qualified Projects aligned with FNO's mission. In addition, FNO has secured approximately \$1.285 million in operational support grants from philanthropic, federal, and mission-aligned partners. These grants will support internal capacity, outreach, program development, and compliance infrastructure aligned with FNO's housing and sustainability mission.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The statement of revenues, expenses, and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Operating revenues include all charges for services, investment income or loss, grant revenue, program income and other miscellaneous charges. FNO's principal operating revenues are interest and appreciation (depreciation) related to investment and mortgages/mortgage-backed securities. Grant revenues are recorded when FNO has a right to reimbursement under the related grant, or when otherwise earned under the terms of the grant. Operating expenses include the costs associated with providing services to promote the development of residential housing. FNO did not have non-operating revenues or expenses in 2025.

Net position represents the difference between assets, deferred outflows, liabilities, and deferred inflows. Net position should be displayed in three components - net investment in capital assets, reduced by the outstanding balance of any debt proceeds used for the acquisition, construction, or improvements of those assets; restricted distinguishing between major categories of restrictions and consisting of restricted assets reduced by liabilities and deferred inflows of resources related to those assets; and unrestricted consisting of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

FNO first applies restricted resources when an expenditure is incurred for purposes for which both restricted and unrestricted net position are available.

FNO applies GASB Statement No. 84, Fiduciary Activities, which establishes standards of accounting and financial reporting for fiduciary activities.

This Statement establishes criteria for fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

This Statement describes four fiduciary funds that should be reported, as applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria.

FNO's determined that the City of New Orleans Fiduciary Fund, which is used to account for assets held by FNO as an agent for the City of New Orleans meets the criteria for reporting as a custodial fund. The funds held and current amounts payable are reported in the statement of fiduciary net position.

NOTES TO FINANCIAL STATEMENTS

1) Organization and Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

FNO considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Other Loans and Assets

FNO determines past-due amounts based on contractual terms and does not charge interest on the accounts. FNO charges off receivables if management considers the collection of the outstanding balance to be doubtful. For fiscal year ended December 31, 2025, management determined that there were no accounts that needed to be written off or allowance set up for receivables.

Investments

Investments are recorded at fair value. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties and has generally been based upon quoted values. This method of accounting causes fluctuations in reported investment values based on fluctuations in the investment market. Fluctuations in the fair value of investments are recorded as income or expense in the statements of revenues, expenses and changes in net position.

The sale of certain investments by FNO is subject to certain restrictions as described in the individual bond indentures.

Capital Assets

Capital assets are recorded at cost less accumulated depreciation. Depreciation is calculated on the straight-line method over the estimated lives (buildings - 40 years; equipment - 5 to 10 years; building improvements - 15 years) of the related assets.

Grant Revenues

Revenues from federal and state grants are recorded when FNO has a right to reimbursement under the related grant, generally corresponding to the incurring of grant related costs by FNO, or when otherwise earned under the terms of the grants. FNO recognized grant revenues of \$902,500 in 2025.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and deferred outflows and liabilities and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

2) Cash and Cash Equivalents

In compliance with state laws, those deposits not covered by depository insurance are required to be secured by bank owned securities specifically pledged to FNO and held in joint custody by an independent custodian bank. Custodial credit risk is the risk that in the event of a bank failure FNO's deposits may not be returned to it. As of December 31, 2025, FNO had approximately \$7,686,172 in demand deposits that were covered by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The remaining amount of FNO's cash balances were comprised of cash equivalents that were invested in money market funds, of which the underlying assets are guaranteed investments in securities issued by the U.S. Government.

3) Investments

FNO categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. FNO's mortgage-backed securities are valued using quoted prices for similar securities in active markets (Level 2 inputs).

FNO's measurements of fair value are made on a recurring basis for assets and liabilities recorded at fair value on December 31, 2025 are as follows:

	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Mortgage-backed securities	\$ -	\$ 3,359,817	\$ -	\$ 3,359,817
Total	\$ -	\$ 3,359,817	\$ -	\$ 3,359,817

Credit Risk

Louisiana State statutes authorize FNO to invest in the following types of investment securities:

- 1) Fully-collateralized certificates of deposit issued by qualified commercial banks, federal credit unions, and savings and loan associations located within the State of Louisiana.
- 2) Direct obligations of the U.S. government, including such instruments as treasury bills, treasury notes, treasury bonds and obligations of U.S. government agencies that are deliverable on the Federal Reserve System.
- 3) Repurchase agreements in U.S. government securities made with the primary dealers that report to and are regulated by the Federal Reserve Bank of New York.
- 4) Guaranteed investment contracts with companies having good credit ratings.

THE FINANCE AUTHORITY OF NEW ORLEANS
DBA FINANCE NEW ORLEANS

NOTES TO FINANCIAL STATEMENTS

3) Investments (continued)

FNO has no investment policy that would further limit its investment choices beyond the restrictions imposed by the State of Louisiana. As of December 31, 2025, substantially all of FNO's investments in Government National Mortgage Association (GNMA) and Federal National Mortgage Association (FNMA) securities were considered high credit quality. GNMA securities are explicitly backed by the full faith and credit of the U.S. government and were rated Aaa by Moody's Investors Service and AA+ by Standard & Poor's. FNMA securities, while not explicitly guaranteed, are issued by a government-sponsored enterprise and were similarly treated as high-quality agency mortgage-backed securities, carrying ratings of Aaa by Moody's and AA+ by Standard & Poor's as of year-end 2025. FNO has no limit on the amount it may invest in any one issuer so long as the State of Louisiana's restrictions are followed.

Interest Rate Risk

Interest rate risk is the risk applicable to debt instruments with fair values that are sensitive to changes in interest rates. One indicator of the measure of interest rate risk is the dispersion of maturity dates of debt instruments. FNO's investment policy does limit investment maturities for the bond programs to securities that approximate the terms of the related debt. Therefore, FNO balances its interest rate risk against the related debt. By using this method, FNO believes that it will mitigate its interest rate risk.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, FNO would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. FNO's investments are held by the custodial bank as an agent for FNO, in FNO's name, and are thereby not exposed to custodial credit risk.

At December 31, 2025, FNO's total investments of approximately \$3,359,817 included approximately \$549,776 of GNMA and FNMA mortgage-backed securities bearing interest from 2.50% to 7.50% maturing through the year 2035, and an additional \$2,810,041 of mortgage-backed securities, described below.

Mortgage-backed securities, restricted

Several of the single-family bond issues were structured to provide funds to purchase 30 year fixed rate mortgages which would then be immediately sold and assigned to a master servicer and exchanged for mortgage-backed securities. The securities are backed by the mortgage loans and guaranteed as to timely payment of principal and interest by GNMA or FNMA. Interest on the GNMA and FNMA securities is stated at 3.00% and 3.75%, respectively, which is higher than the interest rate on the respective mortgage loans with final maturity dates ranging from 2025 through 2044.

The individual single family issues structured in this manner and the values of the mortgage-backed securities held as of December 31, 2025, are as follows:

<u>Single Family Program Fund</u>	<u>Interest Rate</u>	<u>Carrying Amount of Securities</u>
GSE Series of 2009	3.00-3.75%	<u>\$ 2,810,041</u>

3) Capital Assets

Capital asset activity for the year ended December 31, 2025 is as follows:

	Beginning Balance	Additions	Retirements	Ending Balance

Capital assets, net	\$ 560,072	\$ (31,655)	\$ -	\$ 528,417

4) Bonds Payable

The outstanding bonds payable and transactions of FNO as of and for the year ended December 31, 2025, are as follows:

	Issued	Interest Rate	Final Maturity Date	Outstanding December 31, 2024	Bonds Issued	Payments on Principal	Outstanding December 31, 2025
Single Family 2009 GSE Revenue Bonds	\$ 25,000,000	2.32%	12/1/2041	\$2,899,232	\$ -	\$ 348,186	\$2,551,046

During 2009, FNO issued \$25,000,000 of GSE Revenue Bonds. These obligations are secured by and payable solely from bond proceeds, revenues, GNMA and FNMA certificates and other amounts derived by FNO from this issue and from certain reserve funds. These bonds are not guaranteed by or, in any way, an obligation of GNMA or FNMA. The initial proceeds were invested in an investment agreement with US Bank. The initial interest rate was equal to the rate of interest earned on the fund's investments. Effective, February 22, 2012 the rate converted to a permanent rate of 2.32% through December 1, 2041. The bonds are subject to redemption on or prior to December 1, 2041.

NOTES TO FINANCIAL STATEMENTS

5) Bonds Payable (continued)

Following is a schedule of the future principal and interest payments of FNO's debt based on the stated maturity dates of the debt. Actual repayment dates will likely occur earlier since substantially all of the debt is subject to early redemption provisions. These early redemption provisions relate to payments received on the mortgage-backed securities and mortgage loans receivable and certain other factors. These early redemptions will also reduce future interest payments.

Scheduled principal and interest payments for the years ending December 31, are as follows, assuming that all bonds are held to maturity:

	Principal	Interest	Total
2026	\$ -	\$ 197,000	\$ 197,000
2027	-	197,000	197,000
2028	-	197,000	197,000
2029	-	197,000	197,000
2030	-	197,000	197,000
2031-2035	-	985,000	985,000
2036-2040	-	985,000	985,000
2041	2,551,046	180,583	2,731,629
	<u>\$ 2,551,046</u>	<u>\$ 3,135,583</u>	<u>\$ 5,686,629</u>

6) Loan Payable

The Finance Authority of New Orleans (the "Authority") entered into a senior secured loan agreement with the Coalition for Green Capital ("CGC"), a nonprofit pass-through recipient of funds awarded by the U.S. Environmental Protection Agency ("EPA") under the Greenhouse Gas Reduction Fund – National Clean Investment Fund program. The agreement provides for total borrowings of \$5,000,000 to finance qualifying projects in accordance with EPA program requirements. The loan bears interest at 0.50% per annum, payable quarterly and, unless otherwise elected, capitalized to principal, and matures on June 24, 2035.

Loan proceeds are restricted for use in eligible program activities. The agreement is subject to a defined performance period from June 24, 2025 through June 24, 2027. As of December 31, 2025, the full \$5,000,000 outstanding balance, including accrued interest, is classified as current as the proceeds remain held in a restricted bank account and no funds have been disbursed. These amounts serve as collateral for the borrowing, and no program activity had occurred as of year-end. Upon disbursement, collateral will include related promissory notes, loan receivables, and associated cash flows.

7) Board Member Per Diem

For the year ended December 31, 2025, FNO's Board members did not receive any per diem for all committee and board meetings attended.

8) Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, June 30, 2026, and determined the following event occurred that required additional disclosure. No other events after this date have been evaluated for inclusion in these financial statements.

On May 14, 2026, the Authority issued the following conduit debt obligations to provide financial assistance to private-sector entities for the acquisition and construction of facilities deemed to be in furtherance of the Authority's public purposes. These conduit debt obligations are secured solely by the properties financed and are payable solely from payments received from the related borrowers.

- \$156,720,000 Lease Revenue Bonds (1440 Canal Street Project) Series 2026A (tax-exempt)
- \$21,945,000 Taxable Lease Revenue Bonds (1440 Canal Street Project) Series 2026B

The Authority neither has an obligation for the repayment of the bonds nor has pledged any of its own resources or revenues.

Accordingly, the bonds do not constitute a liability of the Authority and are not reported in the accompanying financial statements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of
The Finance Authority of New Orleans dba Finance New Orleans

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the proprietary fund and fiduciary fund of The Finance Authority of New Orleans dba Finance New Orleans (FNO), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise FNO's basic financial statements, and have issued our report thereon dated June 30, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered FNO's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of FNO's internal control. Accordingly, we do not express an opinion on the effectiveness of FNO's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether FNO's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To: Board of the Finance Authority of New Orleans and the Louisiana Legislative Auditor

We have performed the procedures enumerated in Schedule A on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) of the Finance Authority of New Orleans (FNO) for the fiscal period January 1, 2025 through December 31, 2025. FNO's management is responsible for those C/C areas identified in the SAUPs.

FNO has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of performing specified procedures on the C/C areas identified in the LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, the LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures we performed, and the associated findings are summarized in the attached Schedule A, which is an integral part of this report.

We were engaged by FNO to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs of the FNO for the fiscal period January 1, 2025 through December 31, 2025. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of FNO and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

**FINANCE AUTHORITY OF NEW ORLEANS
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS
DECEMBER 31, 2025**

Schedule A

The procedures performed and the results thereof are set forth below. The procedure is stated first, followed by the results of the procedure presented in italics. If the item being subjected to the procedures is positively identified or present, then the results will read *"no exception noted" or for step 13 "we performed the procedure and discussed the results with management"*. If not, then a description of the exception ensues.

1) Written Policies and Procedures

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):

i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.

No exception noted.

ii. **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

No exception noted.

iii. **Disbursements**, including processing, reviewing, and approving

No exception noted.

iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

No exception noted.

v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.

No exception noted.

vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

No exception noted.

vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

No exception noted.

**FINANCE AUTHORITY OF NEW ORLEANS
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS
DECEMBER 31, 2025**

Schedule A

- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

No exception noted.

- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-112, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

No exception noted.

- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

No exception noted.

- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

No exception noted.

- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

No exception noted.

2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- i. Observe whether the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

No exception noted.

- ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*

No exception noted.

**FINANCE AUTHORITY OF NEW ORLEANS
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS
DECEMBER 31, 2025**

Schedule A

- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

No exception noted.

- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

No exception noted.

3) Bank Reconciliations

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

A listing of bank accounts was provided and included a total of 14 bank accounts. Management identified the entity's main operating account. No exceptions were noted as a result of performing this procedure.

From the listing provided, we selected 5 bank accounts (1 main operating and 4 randomly) and obtained the bank reconciliations for the month ending May 31, 2025, resulting in 5 bank reconciliations obtained and subjected to the below procedures.

- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);

No exception noted.

- ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and

Bank reconciliations included written evidence of review by an appropriate individual; however, the reviews were not performed within 1 month of preparation for all 5 bank reconciliations tested. Exception noted.

- iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

No exception noted.

Schedule A

4) Collections (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

A listing of deposit sites was provided and included a total of 1 deposit site. No exceptions were noted as a result of performing this procedure.

From the listing provided, we selected the 1 deposit site and performed the procedures below.

- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

A listing of collection locations for the deposit site selected in procedure #4A was provided and included a total of 1 collection location. No exceptions were noted as a result of performing this procedure.

From each of the listings provided, we randomly selected the 1 collection location for each deposit site. Review of the Entity's written policies and procedures or inquiry with employee(s) regarding job duties was performed in order to perform the procedures below.

- i. Employees responsible for cash collections do not share cash drawers/registers;

No exception noted.

- ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit;

No exception noted.

- iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

No exception noted.

- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee verifies the reconciliation.

No exception noted.

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

No exception noted.

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

We randomly selected 2 deposit dates for each of the 5 bank accounts selected in procedure #3A. We obtained supporting documentation for each of the 4 deposits and performed the procedures below.

- i. Observe that receipts are sequentially pre-numbered.
No exception noted.
- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
No exception noted.
- iii. Trace the deposit slip total to the actual deposit per the bank statement.
No exception noted.
- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
No exception noted.
- v. Trace the actual deposit per the bank statement to the general ledger.
No exception noted.

5) Non-payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

The listing of locations that process payments for the fiscal period was provided and included a total of 1 disbursement location. No exceptions were noted as a result of performing this procedure.

From the listing provided, we selected the 1 location and performed the procedures below.

- B. For each location selected under #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that:

The listing of employees involved with non-payroll purchasing and payment functions for each payment processing location selected in procedure #5A was provided. No exceptions were noted as a result of performing this procedure.

Review of the Entity's written policies and procedures or inquiry with employee(s) regarding job duties was performed in order to perform the procedures below.

- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;

No exception noted.

- ii. At least two employees are involved in processing and approving payments to vendors;

No exception noted.

- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

No exception noted.

- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

No exception noted.

- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

No exception noted.

- C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and

A listing of non-payroll disbursements for each payment processing location selected in procedures #5A was provided related to the reporting period. No exceptions were noted as a result of performing this procedure.

From each of the listings provided, we randomly selected 5 disbursements and performed the procedures below.

- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice, and that supporting documentation indicates that deliverables included on the invoice were received by the entity, and

No exceptions noted.

- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

No exception noted.

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

No exception noted.

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

A listing of cards was provided. No exceptions were noted as a result of performing this procedure.

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and

From the listing provided, we selected the 1 credit card used in the fiscal period. We randomly selected one monthly statement for the 1 card selected and performed the procedures noted below.

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported; and

No exception noted.

- ii. Observe that finance charges and late fees were not assessed on the selected statements.

No exception noted.

- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

We randomly selected 10 transactions and obtained supporting documentation for the transactions. For each transaction, observed that it was supported by (1) an original itemized receipt that identified precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). No exceptions noted.

- D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees' authorization has been removed.

A listing of employees with previous access to cards was provided. From the listing we selected 5 employees and observed evidence that they were deactivated from card access. No exceptions were noted as a result of performing this procedure.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

The listing of travel and travel-related expense reimbursements was provided for the fiscal period. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 reimbursements and performed the procedures below.

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);

No exception noted.

- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

No exception noted.

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals

participating) and other documentation required by "Written Policies and Procedures", procedure #1A(vii); and

No exception noted.

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

No exception noted.

8) Contracts

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

An active vendor list for the fiscal period was provided. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 contracts and performed the procedures below.

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

No exception noted.

- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter);

No exception noted.

- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

No exception noted.

- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No exception noted.

9) Payroll and Personnel

- A. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

A listing of employees/elected officials employed during the fiscal year was provided. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 employees/officials and performed the specified procedures.

- B. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and

We randomly selected 1 pay period during the fiscal period and performed the procedures below for the 5 employees/officials selected in procedure #9A.

- i. Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);

No exception noted.

- ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;

No exception noted.

- iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

No exception noted.

- iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

No exception noted.

- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

A listing of employees/officials receiving termination payments during the fiscal period was provided. No exceptions were noted as a result of performing this procedure.

From the listing provided, we selected the 1 employee/official and performed the specified procedures.

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

No exceptions noted.

10) Ethics

- A. Using the 5 randomly selected employees/officials from procedure "Payroll and Personnel" procedure #9A, above obtain ethics documentation from management, and

- i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

No exception noted.

- ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

No exception noted.

- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

No exception noted.

11) Debt Service

- A. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued as required by Article VII, Section 8 of the Louisiana Constitution.

No exception noted.

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

A listing of bonds/notes outstanding at the end of the fiscal period was provided. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 1 bond/note and performed the specified procedures.

12) Fraud Notice

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

No exception noted.

- B. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

13) Information Technology Disaster Recovery/Business Continuity

- A. Perform the following procedures, **verbally discuss the results with management, and report “We performed the procedure and discussed the results with management.”**
- B. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.

We performed the procedure and discussed the results with management.

- C. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

We performed the procedure and discussed the results with management.

- D. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

We performed the procedure and discussed the results with management.

- E. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in Payroll and Personnel procedure #9C. Observe evidenced that the selected terminated employees have been removed or disabled from the network.

We performed the procedure and discussed the results with management.

- F. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:

- Hired before June 9, 2020 - completed the training; and
- Hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.

We performed the procedure and discussed the results with management.

**Corrective Action Plan
Statewide Agreed-Upon Procedures
Year ended December 31, 2025**

Submitted to:

EisnerAmper LLP
One Galleria Boulevard, Suite 2100
Metairie, LA 70001

Finance New Orleans respectfully submits the following Corrective Action Plan in response to the exceptions identified in the Statewide Agreed-Upon Procedures report for the year ended December 31, 2025.

RESPONSE TO EXCEPTIONS IN STATEWIDE AUP RESULTS:**Exception #1****Management Response**

Finance New Orleans acknowledges this exception and has strengthened its reconciliation review process to ensure timely supervisory review.

Corrective Actions

- Implemented a centralized reconciliation tracking process within Microsoft 365 to monitor preparation and review dates for all bank reconciliations.
- Configured automated reminders to notify responsible personnel of pending reconciliation reviews before required deadlines.
- The Controller monitors reconciliation review status as part of the monthly close process and escalates any overdue reviews to the CFO, as appropriate.

Management believes these actions will ensure timely completion of reconciliation reviews going forward.

Exception #2

Management Response

Finance New Orleans acknowledges this exception and has enhanced its employee onboarding and compliance monitoring procedures to ensure required statutory training is completed and documented timely.

Corrective Actions

- Incorporated required sexual harassment training into the organization's standardized onboarding process.
- Configured iSolved to track required training completion and due dates, with centralized reporting to management via Microsoft 365.
- Configured automated reminders for employees and management until all required training is completed and documented.

The employees identified in the exception have since completed the required training. Management expects these actions to prevent similar exceptions in future reporting periods.
