Independent Auditors' Report

The Honorable Scott Franklin
LaSalle Parish Sheriff

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the LaSalle Parish Sheriff, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the LaSalle Parish Sheriff's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the LaSalle Parish Sheriff as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the LaSalle Parish Sheriff and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the LaSalle Parish Sheriff's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the LaSalle Parish Sheriff's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the LaSalle Parish Sheriff's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the information listed below be presented to supplement the basic financial statements.

- Management's Discussion and Analysis
- Statements of Revenue, Expenditures and Changes in Fund Balances (Budget vs Actual)
- Schedule of Changes in Net OPEB Liability – Retiree Healthcare Plan
- Schedule of Net Pension Liability Data – Cost Sharing Retirement Systems
- Schedule of Employer Contributions – Cost Sharing Retirement Systems

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the LaSalle Parish Sheriff's basic financial statements. The other supplemental information listed below is presented for purposes of additional analysis and is not a required part of the basic financial statements.

- Combining Schedules – Custodial Funds
- Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer
- Justice System Funding Schedule – Collecting / Disbursing Entity

The other supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected

to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 9, 2022, on our consideration of the LaSalle Parish Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the LaSalle Parish Sheriff's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the LaSalle Parish Sheriff's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2022

This section of the annual financial report presents our discussion and analysis of the LaSalle Parish Sheriff's financial performance during the fiscal year ended June 30, 2022.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the LaSalle Parish Sheriff's financial position and results of operations from differing perspectives which are described as follows:

Government –Wide Financial Statements

The government-wide financial statements report information about the LaSalle Parish Sheriff as a whole using accounting methods similar to those used by private-sector companies. The government-wide financial statements report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the LaSalle Parish Sheriff's assets and all liabilities. All of the Sheriff's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by property taxes, sales taxes and grants.

Fund Financial Statements

Fund financial statements provide detailed information regarding the LaSalle Parish Sheriff's most significant activities and are not intended to provide information for the Sheriff's Office as a whole. Funds are accounting devices that are used to account for specific sources of funds. The Sheriff has two types of funds that are described as follows:

- **Governmental Funds** – These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the LaSalle Parish Sheriff's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.
- **Fiduciary Funds** – The fiduciary funds account for assets held by the Sheriff as an agent on behalf of individuals and organizations. The fiduciary funds are custodial in nature and are used to account for resources held on behalf of various beneficial interests.

As the presentation appearing above demonstrates, a portion of the net position is invested in capital assets that are used to conduct public safety operations. Recognizing long-term liabilities associated with providing retirement benefits and post-retirement healthcare benefits has eliminated the unrestricted net position. Despite the absence of unrestricted net position, sufficient resources are available to meet these obligations for the foreseeable future.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2022

As the accompanying presentation demonstrates, recording actuarially determined liabilities associated with providing benefits to retirees has consumed a portion of the net position. Net position has increased by \$797,114 during the fiscal year ended June 30, 2022, due to prudent use of the Sheriff's Office resources.

FINANCIAL ANALYSIS OF THE LASALLE PARISH SHERIFF'S FUNDS

For the year ended June 30, 2022, governmental fund balances increased by \$80,927. Differences between the increase in fund balances and the increase in government-wide net position are attributable to including capital assets, leases and costs associated benefits that employees have earned in the government wide presentation. These items do not meet the criteria for being reported in the fund financial statements.

BUDGET HIGHLIGHTS

Variances between the original budget and actual results were within limits prescribed by state law. Furthermore, no budget revisions were necessary.

CAPITAL ASSET ADMINISTRATION

For the year ended June 30, 2022, capital asset acquisitions included a new dispatch system, replacing existing equipment that has reached the end of its useful life and depreciating existing assets.

DEBT ADMINISTRATION

Debt is limited to long-term lease agreements that were executed to acquire new vehicles.

FACTORS EXPECTED TO AFFECT FUTURE OPERATIONS

At the present time, management is not aware of factors that are expected to affect future operations.

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the chief law enforcement officer of the parish, the sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, when requested, the sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the sheriff is responsible for collecting and distributing ad valorem property taxes, sales taxes, state revenue sharing funds, fines, costs, and bond forfeitures imposed by the district court.

The accompanying policies conform to generally accepted accounting principles for governmental units.

Financial Reporting Entity

The Governmental Accounting Standards Board (GASB) established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the reporting entity to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the LaSalle Parish Sheriff's Office is considered a primary government. Furthermore, based on application of the criteria presented above, the Sheriff's Office has no component units.

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Basic Financial Statements

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of the LaSalle Parish Sheriff's operations as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.

The government-wide and fund financial statements present the LaSalle Parish Sheriff's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the LaSalle Parish Sheriff as a whole. The effect of most interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services and most grants.

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. The Sheriff's funds include governmental funds and fiduciary funds described as follows:

Governmental Funds

Major individual funds are reported as separate columns in the fund financial statements. Sheriff's major funds are described as follows:

General Fund – The general fund is the primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Fiduciary Funds

Fiduciary funds utilized by the Sheriff's Office are limited to agency funds that account for assets held as an agent on behalf of individuals and organizations. The fiduciary funds are custodial in nature.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

Basis of Accounting

Modified Accrual Basis
Accrual Basis

Measurement Focus

Economic Resources
Current Financial Resources
Economic Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is generally considered available if it is collected within 60 days of year end or may otherwise be available to finance current expenditures. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported other financing sources and repayment of long-term debt is reported as an expenditure of funds.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget Practices

Budgets are adopted on the modified accrual basis of accounting, as discussed in the Governmental Funds. Annual appropriated budgets are usually adopted for the General Fund. All annual appropriations lapse at the end of the fiscal year.

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

- The Sheriff prepares a proposed budget no later than fifteen days prior to the beginning of each fiscal year.
- A summary of the proposed budget is published and the public is notified that the proposed budget is available for public inspection. At the same time, the date of the public hearing is published.
- A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.
- After the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted prior to the commencement of the fiscal year for which the budget is being adopted.
- All budgets are controlled at the fund level, and are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Budgeted amounts shown in the financial statements are as originally adopted or as amended from time to time by the Sheriff.

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Capital Assets

Capital assets include buildings, equipment and vehicles that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. Useful lives range from 3 to 40 years depending on the nature of the capital asset.

Cash

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments. Highly liquid investments include amounts held in investment pools that hold highly liquid securities.

Internal Activity

Resources belonging to particular funds are commonly shared with other funds that need access to additional resources. When resources are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivables and payables are recorded. In preparing the government-wide financial statements, internal activity is eliminated.

Supplemental Wages

Certain employees receive supplemental wages from the State of Louisiana. These supplemental wages are recognized as intergovernmental revenues and salaries and related benefits.

Accounting for Fiduciary Activities

Governmental Accounting Standards require a governmental unit to recognize a liability to beneficiaries of a fiduciary fund when an event occurs that compels the government to disburse the resources, or if the beneficiary does not need to take action to compel the government to disburse the resources. The Sheriff's office recognizes the liability upon the initial receipt of funds from beneficiaries, as there is no need for the beneficiary to perform any action to compel the Sheriff to return the funds.

NOTE 2 – TAXES

Operations of the Sheriff's Office are supported by both property and sales taxes. Details regarding both sources are presented as follows:

Property Taxes

Property taxes are assessed based on values determined by the LaSalle Parish Tax Assessor. These taxes are billed and collected by the Sheriff's civil office. For the year ended June 30, 2022, the Sheriff has levied property taxes as follows:

LASALLE PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

	<u>Millage</u>	<u>Expiration</u>
Millage for general operations authorized by Louisiana Revised Statutes.	34.26	N/A

Ad valorem taxes are assessed on a calendar year basis and are due on or before December 31 in the year the tax is levied. Revenues from ad valorem taxes are recognized as revenue in the year billed.

Sales Taxes

In December 2018, voters approved the renewal of a twelve year ½ cent sales tax on all retail sales in LaSalle Parish to fund the operations of the Sheriff's Department.

NOTE 3 - CASH AND CASH EQUIVALENTS

The LaSalle Parish Sheriff's cash balances at June 30, 2022 are summarized as follows:

	<u>Governmental Funds</u>	<u>Fiduciary Funds</u>	<u>Total</u>
Cash on Hand	\$ 500	\$ 3,281	\$ 3,781
Deposits in Financial Institutions	2,744,764	280,385	3,025,149
Cash Equivalents	4,028,817	----	4,028,817
Cash Overdraft	----	(6,867)	(6,867)
Total	<u>\$ 6,774,081</u>	<u>\$ 276,799</u>	<u>\$ 7,050,880</u>

Deposits in financial institutions totaled \$3,312,059 (collected book balance). These deposits are secured from risk by \$624,775 in Federal Deposit Insurance and pledged securities with a market value of \$4,123,698. The pledged securities are held by a custodial bank in the name of the pledging institution (fiscal agent). However, State Law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten (10) days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

The LaSalle Parish Sheriff limits credit risk by requiring pledged securities in the manner described above. In addition, interest rate risk is minimized by acquiring only those certificates of deposit that have an original maturity of two years or less.

Cash Equivalents

Cash equivalents consist entirely of amounts invested in the Louisiana Asset Management Pool (LAMP). LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA – R.S. 33:2955.

LASALLE PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Generally accepted accounting principles require disclosure of credit risk, custodial credit risk, concentration of credit risk interest rate risk, and foreign currency risk for all public entity investments. LAMP is an external investment pool that, to the extent practical, invest in a manner consistent with Generally Accepted Accounting Principles for investment pools. The following facts are relevant for investment pools:

- Credit risk: LAMP is rated AAA by Standard & Poor’s.
- Custodial credit risk: LAMP participants’ investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity’s investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP’s total investments is (NUMBER- days) (from LAMP’s monthly Portfolio Holdings) as of (DATE – month-end).
- Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

NOTE 4 - RECEIVABLES

	<u>General Fund</u>
Payable to Vendors	\$ 38,796
Accrued Liabilities	365
Accrued Salaries	<u>60,990</u>
Total Payables	<u>\$ 100,151</u>

NOTE 7 - RISK MANAGEMENT

The LaSalle Parish Sheriff is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The LaSalle Parish Sheriff insures against these risks by participating in a public entity risk pool that operates as a common insurance program and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

NOTE 8 – RETIREMENT PLAN

Plan Description - Substantially all employees of the LaSalle Parish Sheriff's Office are members of the Louisiana Sheriffs Pension and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

Eligible employees are entitled to benefits upon retirement amounting to 3⅓% of average final compensation for each year of creditable service. Eligibility is based on hire dates and lengths of

LASALLE PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

service. Retirement benefit cannot exceed 100% of their final-average salary. The System also provides death and disability benefits. Benefits are established or amended by state statute.

Funding Policy - Plan members are required by state statute to contribute 10.25% of their annual covered salary and the LaSalle Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 12.25% of annual covered payroll. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the LaSalle Parish Sheriff are established and may be amended by state statute. The LaSalle Parish Sheriff's contributions to the System for the previous three years were equal to the required contributions for each year.

Financial Summary – The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details, the System issues an annual publicly available stand-alone financial report. The financial report includes information about the plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position. The report can be obtained on the internet at lla.state.la.us. The plan's fiduciary net position and net pension liability was determined at June 30, 2021 (measurement date and actuarial valuation date) and details are provided as follows:

Total Pension Liability	\$ 4,770,649,122
Plan Fiduciary Net Position	4,820,204,144
Net Pension Liability (Asset)	<u>(49,555,022)</u>
Sheriff's Office's Proportionate Share (Percentage)	0.4451144%
Sheriff's Office's Proportionate Share (Amount)	<u>\$ (220,576)</u>

The Sheriff's Office's share of the net pension liability was determined based on its proportionate share of employer contributions. The net pension liability presented above was not affected by any special funding situations. Changes in the Sheriff's Office's proportionate share of Plan's net pension liability during the measurement period ending June 30, 2021 are provided as follows:

Beginning Net Pension Liability	\$ 3,258,105
Employer Contributions	(603,679)
Pension Expense	(82,820)
Change in Deferred Outflows of Resources	(920,482)
Change in Deferred Inflows of Resources	<u>(1,871,700)</u>
Ending Net Pension Liability (Asset)	<u>\$ (220,576)</u>

There were no changes between June 30, 2022 and the Plan's measurement date that are expected to have a significant effect on the Sheriff's Office's proportionate share of the collective net pension liability. Balances presented as deferred outflows of resources and deferred inflows of resources reported in connection with participation in the plan are presented as follows:

Pub-2010 Public Retirement Plans Mortality Table for Safety Disabled Retirees multiplied by 120% for males and 115% for females for disabled annuitants, each with full generational projection using the appropriate MP2019 scale.

Cost of Living Adjustments

The present value of future retirement benefits is based on benefits currently being paid by the fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

Estimates of arithmetic real rates of return for each major asset class based on target asset allocation are presented as follows:

Asset Class	Target Allocation	Real Return Arithmetic Basis	Expected Real Rate of Return
Equity Securities	62%	7.08%	4.39%
Fixed Income	25%	1.44%	0.36%
Alternative Investments	13%	4.38%	0.57%
Totals	100%		5.32%
Inflation			2.55%
Expected Arithmetic Nominal Return			7.87%

The mortality rate assumptions were set after reviewing an experience study performed over the period July 1, 2014 through June 30, 2019. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund’s liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund’s actuary. Based on those assumptions, the Fund’s fiduciary net position was projected to be

LASALLE PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

	1% Decrease 5.90% Discount Rate	Current Discount Rate 6.90%	1% Increase 7.90% Discount
Net Pension Liability	\$ 2,421,905	\$ (220,576)	\$ (2,423,563)

NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS

Details regarding other post-employment benefits (OPEB) that the Sheriff’s Office provides for its workforce are provided as follows:

Plan Description

The Sheriff’s Office’s established policies and procedures include providing certain healthcare benefits for retirees. This policy amounts to a single-employer defined benefit healthcare plan (the Plan) administered by the Sheriff’s Office. The Plan provides medical benefits through the Sheriff’s group health insurance plan which covers both active and retired members. Benefits under the plan are made available to employees upon actual retirement. The Plan does not issue a publicly available financial report. Plan participants are typically eligible for healthcare benefits when they become eligible for benefits from the Louisiana Sheriffs Pension and Relief Fund.

Funding Policy

Employees do not contribute to their post-employment benefits costs until they become retirees and begin receiving those benefits. The Sheriff’s Office has not established a trust fund to finance the cost of benefits and the Plan has no assets.

Employees covered by benefit terms – As of the measurement date June 30, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	17
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>72</u>
	<u>89</u>

Total OPEB Liability

The Sheriff’s total OPEB liability is \$6,397,356 as of the measurement date June 30, 2022, the end of the fiscal year.

LASALLE PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Actuarial Assumptions and other inputs – The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.0%
Salary increases	3.0%, including inflation
Prior Discount rate	2.16%
Discount rate	3.54%
Healthcare cost trend rates	5.5% annually until year 2030, then 4.5%
Mortality	SOA RP-2014 Table

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of June 30, 2022, the end of the applicable measurement period.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2022.

Thereafter	345,493

NOTE 10 – CONTINGENCIES:

Existing conditions that may have financial consequences are referred to as contingencies. Contingencies existing at June 30, 2022 are described as follows:

Litigation:

Like most governmental units with extensive and diverse operations, the Sheriff's Office is occasionally named as a defendant in litigation. The Sheriff's Office has insurance to protect against the possibility of unfavorable judgments and at year end management does not expect any financial exposure related to litigation.

Grant Compliance:

The Sheriff's Office receives state and federal assistance through various grant programs. Management is confident that all significant grant conditions have been met; however, grantor agencies routinely review grant activity and could request reimbursement if a dispute occurs regarding compliance with grant conditions.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Scott Franklin
LaSalle Parish Sheriff

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the LaSalle Parish Sheriff, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise LaSalle Parish Sheriff's basic financial statements, and have issued our report thereon dated December 9, 2022.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered LaSalle Parish Sheriff's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the LaSalle Parish Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the LaSalle Parish Sheriff's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify

any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether LaSalle Parish Sheriff's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

APPENDIX B
Statewide Agreed-Upon Procedures

Independent Accountant's Report
On Applying Agreed-Upon Procedures

To the LaSalle Parish Sheriff and
the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the LaSalle Parish Sheriff (the Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2021 through June 30, 2022. The Entity's management is responsible for those C/C areas identified in the SAUPs.

The entity has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period described above. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

We were engaged to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
