A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Emphasis of Matter

As discussed in Note 6 to the financial statements, in conducting our review a request for information from the City of New Orleans has not been fulfilled. Our conclusion is not modified with respect to this matter. The accountant's review report is intended solely for the information and use of the District and is not intended to be, and should not be, used by anyone other than the specified party.

Supplementary Information

The accompanying schedule of Revenues, Expenses, and Changes in Net Position – Budget and Actual, and the Schedule of Compensation of Agency Head is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

SEABROOK NEIGHBORHOOD IMPROVEMENT AND SECURITY DISTRICT NOTES TO FINANCIAL STATEMENTS AT AND FOR THE YEAR ENDING DECEMBER 31, 2023

NOTE 1 – ORGANIZATION

Seabrook Neighborhood Improvement and Security District (the District) was created as a public body by the Louisiana Legislature, 2010, Act No. 230, La. R.S. 33:9001.16, for the primary objective and purpose of promoting and encouraging the beautification, security, and overall betterment of the area included within the District.

The boundaries of the District are areas within the following perimeter: Fillmore Avenue, Leon C. Simon Boulevard, St. Roch Avenue, and Peoples Avenue.

The District services all parcel located in the geographic area it serves. The District has no paid employees and contracts with an external security company for patrolling. The Board of Commissioners consists of five appointed embers who are residents within the District. Board members are not compensated.

The governing authority of the City of New Orleans is authorized to impose and collect a parcel fee within the District. The amount of the fee is determined by an adopted resolution of the Board of Commissioners of the District. The fee, however, cannot exceed two hundred dollars per parcel per year.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Principles of Accounting

Reporting Entity – For reporting purposes, the District is a stand-alone entity as defined by Governmental Accounting Standards Board (GASB) Codification 2600 *Reporting Entity and Component Unit Presentation and Disclosure*. The District is neither fiscally dependent on any other local government, nor does it provide specific financial benefits to or impose specific financial burdens on any other government. No other potential component units meet the criteria for inclusion in the financial statements of the District.

Basis of Presentation – Fund Accounting – The proprietary fund is used to account for the District's ongoing operations and activities, which are similar to those in the private sector. Proprietary funds are accounted for using a flow of economic resource measurement focus under which all assets and all liabilities associated with the operation of these funds are included in the balance sheet. The statement of revenues, expenses, and changes in net position increases (revenues) and decreases (expenses) in total net position.

The District's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. All revenue items are recorded when the amount of the parcel fees to be received are measurable. Expenditures are recorded when a liability is incurred.

Basis of Reporting – The District has adopted GASB Codifications, which established standards for external financial reporting for all state and local government entities. GASB Codifications require the classification of net position into three components – net investment in capital assets; restricted; and unrestricted.

SEABROOK NEIGHBORHOOD IMPROVEMENT AND SECURITY DISTRICT NOTES TO FINANCIAL STATEMENTS - CONTINUED AT AND FOR THE YEAR ENDING DECEMBER 31, 2023

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES - Continued

These classifications are defined as follows:

Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of the assets.

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of net position amounts that do not meet the definition of "net investment in capital assets" or "restricted".

Cash Equivalents

For the statement of cash flows, all unrestricted investment instruments with original maturities of three months or less are cash equivalents. The District has no cash equivalents at December 31, 2023.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

In accordance with the Louisiana Local Government Budget Act, the procedures used by the District in establishing the budgetary data reflected in the financial statements include public notices of the proposed budget, public inspections, and public hearings. The District then legally adopts the budget. Budgeted amounts for the proprietary fund included in the supplemental data are as originally adopted by the District for the year ended December 31, 2023.

NOTE 4 – CASH AND CASH EQUIVALENTS

The District's deposits held in financial institutions are insured up to \$250,000 by the Federal Deposit Insurance Corporation. As of December 31, 2023, the District has no uninsured deposits. The District has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk.

NOTE 5 – PARCEL FEES INCOME

The District has a fiduciary relationship with the City of New Orleans, who assesses and collected parcel fees on behalf of the District. As of December 31, 2023 total parcel fees receivable is \$150.

These notes are an integral part of the accompanying financial statements.

In addition, a request for an explanation as to why there is a difference between the City's records for improved parcels versus the tax assessor's office reports. Accordingly, there is a possibility that some revenues and receivables may not be properly reported in these financial statements.

NOTE 7 – SUBSEQUENT EVENTS

FASB Accounting Standards Codifications Topic 855-10, "Subsequent Events" requires the disclosure of the date through which the District has evaluated subsequent events and the reason for selecting that date.
