#### INDEPENDENT AUDITORS' REPORT

Members of the Board of Directors Jefferson Council on Aging, Inc.

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Jefferson Council on Aging, Inc. (the Council), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Council, as of June 30, 2020, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-14 and 52-59 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Council's basic financial statements. The combining and individual nonmajor fund financial statements, comparative statement of capital assets and changes in capital assets, and schedule of compensation, benefits and other payments to agency head are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, comparative statement of capital assets and changes in capital assets, schedule of compensation, benefits and other payments to agency head, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, comparative statement of capital assets and changes in capital assets, schedule of compensation, benefits and other payments to agency head and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The schedule of units of service has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 6, 2020, on our consideration of the Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Council's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Council's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020

This report is designed to present to the reader a narrative overview and analysis of the financial performance of the Jefferson Council on Aging, Inc. (the Council) for the fiscal year ended June 30, 2020, with comparative data (where applicable) from the fiscal year ended June 30, 2019. Please read it in conjunction with the financial statements, which follow.

#### **FINANCIAL HIGHLIGHTS**

- Net position; that is, total assets less total liabilities, increased by \$65,492, or 4.5% this fiscal year.
- Revenues increased by \$392,776 or 6.7% over last fiscal year.
- Expenditures increased by \$66,308 or 1.1% over last fiscal year.
- The unassigned fund balance for the Council's General Fund decreased by \$6,498 or 2.2% this fiscal year.
- No deficit fund balances exist at year-end.
- Net investment in capital assets decreased by \$90,229 or 27.6% over last fiscal year.

#### HOW TO USE THIS ANNUAL REPORT

This annual report consists of a series of financial statements that provide a picture of the Council's activities as a whole, as well as a closer look at the Council's more significant activities. These reports recognize the expense of depreciation to our fixed assets, which gives the reader a more realistic view of the value of our capital resources which we use in the performance of the Council's activities, and which we will have to replace in the future.

The Council's annual report is composed of five parts as follows:

- 1. Management's Discussion and Analysis (MD&A)
- 2. Basic Financial Statements
- 3. GASB Required Supplementary Information
- 4. Supplementary Information on General Fund and Non-Major Governmental Funds
- 5. Special Reports of the Certified Public Accountant and Management

The auditor has provided assurance in the independent auditors' report, located immediately before the Management's Discussion and Analysis, that the Basic Financial Statements are fairly presented. The auditor is providing varying degrees of assurance about Supplemental Financial Information Required by GASB Statement No. 34 and Supplementary Financial Information Required by the Governor's Office of Elderly Affairs (GOEA) and The Uniform Guidance as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards that follow later in this reporting package. A user of this report should read the independent auditors' report carefully to ascertain the level of assurance being provided for each part of the financial section of the report.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED June 30, 2020

#### **Basic Financial Statements**

The basic financial statements include two kinds of statements that present different perspectives of the Council: Government-wide Statements, and Fund Financial Statements.

#### Using Government-wide Statements to View the Council as a Whole

The analysis of the Council as a whole begins on page 16 and gives the reader an opportunity to evaluate whether the current year's activities left the Council in a stronger or weaker position financially. The statements are prepared like a private sector business; that is, the accrual method of accounting is used, recognizing revenues and expenses in the current year regardless of when cash is received or paid. In addition, the factor of depreciation is included, where a systematic reduction in the value of existing capital assets is realized and is expensed accordingly.

The Statement of Net Position summarizes all of the Council's major classes of assets and liabilities at year-end, with the difference between the two being designated as Net Position, which is further broken down into its restricted, unrestricted, and capital components. Over time, increases or decreases in net position are one indicator of whether its financial position is improving or deteriorating. However, to assess the overall condition of the Council, the reader will have to consider other non-financial factors, such as the condition of the Council's capital assets, future additions or cuts to funding from its revenue sources, and the expansion or contraction of activities of programs and services.

The Statement of Activities shows how the net position has changed during the current fiscal year, based upon the activities performed. The Council's activities consist of a Health, Welfare, and Social Services function, and an Administrative function. Within the Health, Welfare and Social Services function are various programs that include Supportive Services, Nutritional Services, Information and Assistance, Senior Center Operations, and others as noted. All of these activities are governmental activities, which means that the Council uses government grants and contracts, along with contributions from the general public, to pay for services it provides to our segment of the general public, that is, the elderly.

The Council does not charge for any of the services provided, but encourages contributions from its clientele.

### Using the Fund Financial Statements to Focus on the Council's Most Significant Funds

The analysis of the Council's major funds begins on page 19. The Fund Financial Statements are designed to provide the reader a more detailed view of the Council's most significant funds, which would include the General Fund and certain Special Revenue Funds. All of these funds are governmental funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED June 30, 2020

The presentation of these fund statements use a *modified accrual basis* of accounting, versus the accrual basis used in the Government-wide Financial Statements. For the Council's purposes, the difference between the two methods is in how capital outlays are handled.

In the Fund Financial Statements, a capital outlay is recorded and expensed *in total*, when acquired. Whereas in the Government-wide Financial Statements, the capital outlay is recorded as an asset, then depreciated over its estimated useful life, resulting in a systematic depreciation expense recognized throughout several fiscal years, and not the full cost of the asset being expensed in the year acquired. Reconciliations are included in the Fund Financial Statements to account for these differences.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-wide and the Fund Financial Statements. The notes begin on page 26. The reader should read these notes before making any assumptions or drawing conclusions about the Council's financial condition.

### Supplementary Financial Information Required by GASB Statement No. 34

The Governmental Accounting Standards Board (GASB) Statement No. 34 requires budgetary comparison schedules for the General Fund and each <u>major</u> Special Revenue Fund that has a legally adopted annual budget. A major fund is one whose revenues, expenditures, assets, or liabilities are at least 10% of corresponding totals for all governmental funds. In addition, a fund that does not meet the above criteria, may be included as a major fund, if in the opinion of management, it is important to present to the Council's financial statement users.

The schedules compare the original and final approved budgets to actual results for the Council's fiscal year. In addition, variances are presented comparing the final budget to the actual results.

# Other Supplementary Financial Statement Information Required by GOEA and the Uniform Guidance

The Council has also presented other required supplemental information in this reporting package.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED June 30, 2020

The GOEA has required the Council to present as schedules the information on pages 61 - 70. This information is used by GOEA to verify the accuracy of information the Council submitted to it during the year and to help GOEA monitor certain compliance requirements set forth in the grants that it has with the Council.

The Uniform Guidance requires a Schedule of Expenditures of Federal Awards. This schedule presents required information about the Council's federally funded programs in a manner that can facilitate financial and compliance analysis by the agencies that have granted federal money to the Council.

# AN ANALYSIS OF THE COUNCIL AS A WHOLE USING GOVERNMENT-WIDE FINANCIAL STATEMENTS

The following table reflects condensed information on the Council's net position:

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

June 30, 2020

As of June 30, 2020, the Council "as a whole" had assets greater than its liabilities by \$1,511,731, of which \$854,622 or 56.5% is unrestricted. An amount of \$213,978 or 25.0% of the unrestricted net position are the net proceeds raised by the former Community Committees on Aging and are designated for the Senior Centers to use for social and educational activities they wish to hold. An amount of \$500,000 or 58.5% of the unrestricted net position is designated as a Working Capital Reserve, the purpose of which is to have available resources to systematically phase out programs in the event of funding cancellation or delay by either legislative action or policy changes. It is important for the Council to have unrestricted net position in order to have resources available to respond to reductions in funding, emergencies, or program terminations.

Net position is deemed restrictive when constraints are placed on the asset's use by the grantor, contributor, or laws or regulations of other governmental agencies. In addition, laws created through constitutional provisions or enabling legislation can impose restrictions to net position.

The Council's restricted net position is primarily comprised of resources dedicated to the Nutrition programs, specifically the Nutritional Services Incentive Program (or NSIP) Program and the Endowment Program.

Compensated absences represent the liability due to eligible full-time employees for earned but unused vacation leave. In the event of termination, the employee is entitled to payment for any outstanding unused vacation leave, provided he/she has followed all procedures as required in the Council's personnel policy.

Other liabilities consist primarily of accrued payroll related expenses and vendor payables.

The following table shows condensed information in the changes to the Council's net position for the year ended June 30, 2020 versus June 30, 2019.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED June 30, 2020

The Council's total revenues increased by \$392,776, or 6.7%, from the previous year. The primary factors for this increase are as follows:

Operating Grants and Contributions increased by \$410,634. Grants not Restricted to Specific Programs increased \$133,654. Total increase of \$544,288 is primarily due to increased amounts received for Community Development Block Grant of \$35,000, In-Kind Services (net of Labor and Facilities) of \$65,664, and GOEA of \$517,114. With regard to the increased GOEA revenue, this consists of a newly-implemented and ongoing increase of \$154,852 for the Council's Parish Council on Aging (PCOA) Program, an increase of \$117,233 over the prior year for Title III activities, and a one-time grant award of \$211,377 for CARES Act funding, dedicated to providing meals during the COVID-19 pandemic.

Offsetting the above-mentioned increases in the Council's revenues included the following decrease:

- The Council applied for and received a DOTD Operating grant in both FY 19 & FY 20. The
  amount received for FY 20's grant was \$21,249 less, due to an increased number of grant
  applicants and a limited amount of funding.
- Revenue received from Client and Corporate contributions decreased from the prior year by a combined amount of \$84,655.
- Charges for Services decreased by \$71,366. This is primarily due to a decreased cost for the Council's Transportation Program in FY 20. On March 12, 2020, the Council was forced into closing all Senior Centers, due to the COVID-19 pandemic. At that time, the Council discontinued performing Transportation activities, shifted all Congregate Meals to Home Delivered, and re-assigned staff as needed to deliver Meals.

The Council's total expenses increased by \$66,308 or 1.1% over last year. The primary factors for this increase are as follows:

- Increase in the number of Home Delivered Meals served due to additional sources of funding, primarily from GOEA, with increased PCOA, Title III, and one-time CARES Act funding.
- Increase in Senior Center Operations and Information and Assistance services, due to an increased need communicated by the Council's clients.

Offsetting the above-mentioned increases in the Council's expenses included the following decreases:

- Decrease in Transportation and Congregate Meals expense, primarily due to the Council's discontinuation of these services for the last three and a half months of the fiscal year, due to the COVID-19 pandemic.
- Decrease in Administration and Other expense, associated with restructured Salary costs and a decrease in Operating Services expense.
- Decrease in Homemaker services, associated with a decrease in Program activity.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED June 30, 2020

# AN ANALYSIS OF THE COUNCIL'S FUNDS USING GOVERNMENTAL FUND FINANCIAL STATEMENTS

#### **Fund Balances**

The Council showed a combined governmental fund balance of \$1,275,324 per the Fund Balance Sheet, an increase of \$155,721 or 13.9% from last year. The increase is primarily attributable to a planned carryover of Nutritional Services Incentive Program funds of \$109,489, plus revenues exceeding the amount of expenditures incurred for Community Committee funds of \$9,604, Capital One Senior Well-Being Fund of \$12,800, Sipping With Santa Fund of \$22,113, and JCOA's Endowment Fund of \$15,612, offset by the use of JCOA's General Fund (\$14,019) during the fiscal year 2020.

#### Revenues

Overall, there was an increase in revenues. As stated elsewhere in the MD&A, an increase in Operating Grants and Contributions, along with an increase in Grants not Restricted to Specific Programs was offset by declines in the Council's DOTD Operating grant, Client and Corporate contributions, and Charges for Services.

Additional information on these revenues was discussed previously in the Analysis of the Council as a whole using Government-Wide Financial Statements.

### Expenditures

The increases in expenditures were likewise discussed previously in the Analysis of the Council as a whole using Government-Wide Financial Statements.

### AN ANALYSIS OF THE GENERAL FUND BUDGET

The primary reasons for amending a budget are to account for unanticipated changes in both revenues and expenditures and to prevent compliance violations under the Council's grants from GOEA.

#### AN ANALYSIS OF CAPITAL ASSETS AND DEBT ADMINISTRATION

At the end of the fiscal year, the Council had \$236,407 in capital assets net of accumulated depreciation. This represents a net decrease of \$90,229 over last year as shown below:

# Capital Assets, Net of Depreciation at Year End Governmental Activities

							Percentage	
					lr	ncrease	Increase	
	6,	/30/2020	_6/	<u> 30/2019                                    </u>	_(D	ecrease)	_(Decrease)_	
Furniture and Equipment	\$	3,912	\$	8,698	\$	(4,786)	(55.0) %	
Vehicles		232,495		317,938		(85,443)	(26.9)	
Total	\$	236,407	\$	326,636	\$	(90,229)	(27.6)%	

Depreciation expense for the year totaled \$91,524, which was primarily on the Council's furniture, equipment and vehicles. More detailed information on the Council's capital assets can be found in the notes to the financial statements.

The Council did not have any long-term debt at June 30, 2020 and 2019.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The Council receives most of its funding from federal and state agencies. In addition, the Council entered into a cooperative endeavor agreement on September 29, 2006 whereby Jefferson Parish not only continues to provide general funding for our operation and a significant in-kind contribution of facility usage for Senior Centers and meal sites in the unincorporated areas of the Parish, but also millage funding to augment or initiate services for the elderly in the unincorporated areas of Jefferson Parish and the town of Jean Lafitte. The Cooperative Endeavor Agreement was renewed in September 2020.

Federal and state income sources have been relatively consistent; however, some of the Council's grants and contracts are contingent upon the level of service provided by the Council. In addition, 100% state funded programs are subject to mandated cuts by the Governor, and thus, revenues can vary from year to year. Preparation of the fiscal year 2021 budget included the following major factors:

- Revenue stream from the fiscal year 2021 Schedule of Funding received from GOEA.
- Anticipated revenue stream from contributions to the Nutrition programs.
- Anticipated revenue from the Parish millage to assist in funding for Nutrition Programs and from the Parish millage to assist in funding for Senior Centers.
- Anticipated revenue from the general funding appropriation to the Council from Jefferson Parish.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED June 30, 2020

- Anticipated numbers of services the Council could provide with projected funding levels, considering the demand for services offered, and price increases charged by our current and other available service providers and vendors.
- Anticipated staffing levels required to maintain services projected.
- No general wage increase for fiscal year 2021.

As of October 2020, The Governor's Office of Elderly Affairs is reviewing and pending approval of the fiscal year 2021 budget.

In the past, the State Legislature provided additional funding to the Council through special line item appropriations. These funds are not recurring and were not available at the time the Schedule of Funding was provided to the Council by the Governor's Office for fiscal year 2021.

If during the fiscal year, any additional funding is awarded by the State Legislature, a revised budget will have to be submitted during fiscal year 2021 to account for the use of these additional funds.

Economic factors to be considered for fiscal year 2021 and beyond include the following:

- Since the budget of the State of Louisiana is based primarily on the revenue stream generated by the price of oil, and also the collections of sales taxes, the Governor and his staff review potential cuts to the State Budget. There always exists the possibility of reductions to our State funds.
- Due to the volatile availability of millage funding and general funding from Jefferson Parish, the Council will be forced to find other sources of funding, with a focus on recurring funding sources, to minimize the amount of service reductions.
- The Council continues to regularly research and apply for grants for all services we can
  provide to our seniors; however, the need for finding recurring funding sources is
  paramount.
- Wages in the marketplace continue to cause a majority of our positions to be non-competitive. The effect of this disparity is shown by loss of staff with the subsequent replacement staff being paid at a higher rate of pay. This is still no assurance that the Council can retain new hires. Keeping current staff can result in additional increases to wages and resultant reductions to the levels of services that the Council can afford to provide. In an attempt to minimize the effect of higher wage rates, the Council's Administration seeks ways of consolidating staff duties, lowering the number of staff required, but paying more competitive wage rates.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED June 30, 2020

• Our service providers are hiring staff at higher rates of pay; the effects being higher unit costs being charged to the Council, and fewer units of service purchased.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2020

# NOTE I – PURPOSE OF THE COUNCIL ON AGING AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of Jefferson Council on Aging, Inc. (the Council) conform to the accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental and financial reporting principles. The Council applies GASB Statement No. 62 – "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements," as amended by GASB Statement No. 66 – "Technical Corrections – 2012 – an amendment of GASB Nos. 10 & 62". This statement supersedes GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting" by bringing governmental accounting and financial literature together in one place, thereby eliminating the need to subjectively determine which FASB and AICPA pronouncement provisions apply to state and local governments.

The Council follows GASB Statement No. 76 – "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments." The objective of this statement is to identify, in the context of the current governmental financial reporting environment, the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This statement supersedes GASB Statement No. 55 – "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments."

The following is a summary of certain significant accounting policies used by the Council:

### Purpose of the Council on Aging

The purpose of the Council is to collect facts and statistics and make special studies of conditions pertaining to the employment, financial status, recreation, social adjustment, mental and physical health or other conditions affecting the welfare of the aging people in Jefferson Parish (the Parish); to keep abreast of the latest developments in these fields of activity throughout Louisiana and the United States; to interpret its findings to the citizens of the Parish and State; to provide for the mutual exchange of ideas and information on the Parish and State level; to conduct public meetings; to make recommendations for needed improvements and additional resources; to promote the welfare of aging people; to coordinate and monitor services of other local agencies serving the aging people of the Parish; to assist and cooperate with the Governor's Office of Elderly Affairs (GOEA) and other departments of state and local government serving the elderly and to make recommendations relevant to the planning and delivery of services to the elderly of the Parish.

### Purpose of the Council on Aging - Continued

Specific services provided by the Council to the elderly residents of the Parish include providing congregate and home delivered meals, nutritional education, information and referral services, prescription assistance, insurance counseling, benefits and options counseling, outreach, material aid, in-home respite, personal care, support groups, public education, senior centers, homemakers, recreation, legal assistance, wellness and transportation.

## Reporting Entity

In 1964, the State of Louisiana passed Act 456 authorizing the charter of a voluntary Council on Aging for the welfare of the aging people in each parish of Louisiana. In 1979, the Louisiana Legislature created the Governor's Office of Elderly Affairs (GOEA) (La. R.S. 46:931) with the specific intention to administer and coordinate social services and programs for the elderly population of Louisiana through sixty-four parish voluntary Councils on Aging.

Before a Council on Aging can begin operations in a specific parish, its application for a charter must receive approval from GOEA pursuant to Louisiana Revised Statute (La. R.S.) 46:1602. Each Council on Aging in Louisiana must comply with the state laws that apply to quasi-public agencies as well as the policies and regulations established by GOEA.

The Council is a legally separate, non-profit, quasi-public corporation. The Council received its charter from the Governor of the State of Louisiana on June 23, 1970 and subsequently incorporated on September 10, 1971 under the provisions of Title 12, Chapter 2 of the Louisiana Revised Statutes.

A board of directors, who serve two three-year terms, governs the Council. The Board of Directors consists of 15 members. The board is comprised of representatives of the Parish's general public that represent all sections of the Parish and that are drawn from, but not limited to, civic organizations, governmental agencies, business and religious groups, Jefferson Parish School Board and Jefferson Parish Government, and State Government officials representing Jefferson Parish. Board members are elected by the General Membership of the Council during its annual meeting. In the event of an interim vacancy, however, the Board may upon recommendation of its Nominating Committee, appoint a new Board member to fill the unexpired term of the vacancy, provided the General Membership ratifies the continuance of the appointment at its next annual meeting.

NOTE I – PURPOSE OF THE COUNCIL ON AGING AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### Reporting Entity - Continued

Based on the criteria set forth in GASB Statement No. 14 (as amended by GASB Statement No. 61), The Financial Reporting Entity, the Council is not a component unit of another primary government nor does it have any component units that are related to it. In addition, based on the criteria set forth in this statement, the Council has presented its financial statements as a special purpose, stand-alone government; accordingly, it is applying the provisions of GASB Statement No. 61 as if it were a primary government.

#### **Basis of Presentation of the Basic Financial Statements**

The Council's basic financial statements consist of "government-wide" financial statements on all activities of the Council, which are designed to report the Council as a whole entity, and "fund" financial statements, whose purpose are to report individual major governmental funds and combined non-major governmental funds.

Both the government-wide and fund financial statements categorize primary activities as either "governmental" or "business" type. The Council's functions and programs have all been categorized as "governmental" activities. The Council does not have any business-type activities, fiduciary funds, or any component units that are fiduciary in nature. Accordingly, the government-wide financial statements do not include any of these activities or funds.

#### **Government-Wide Financial Statements**

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for all activities of the Council. As a general rule, the effect of interfund activity has been eliminated from these statements. The government-wide presentation focuses primarily on the sustainability of the Council as an entity and the change in its net position (financial position) resulting from the activities of the current fiscal year. Governmental activities generally are supported by intergovernmental revenues and property tax revenues.

In the government-wide Statement of Net Position only one column of numbers has been presented. The amounts are presented on a consolidated basis and represent only governmental type activities.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

NOTE I – PURPOSE OF THE COUNCIL ON AGING AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### **Government-Wide Financial Statements - Continued**

The Statement of Net Position has been prepared on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Council's net position is reported in three parts – net investment in capital assets, restricted and unrestricted.

The government-wide Statement of Activities reports both the gross and net cost of each of the Council's functions and significant programs. Many functions and programs are supported by general government revenues such as, intergovernmental revenues, property taxes, and unrestricted public support, particularly if the function or program has a net cost. The Statement of Activities begins by presenting gross direct and indirect expenses that include depreciation, and then reduces the expenses by related program revenues, such as charges for services, operating and capital grants, and contributions, to derive the net cost of each function or program. Program revenues must be directly associated with the function or program to be used to directly offset its costs. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

Direct expenses reported in the Statement of Activities are those that are clearly identifiable with a specific function or program, whereas the Council allocates its indirect expenses among various functions and programs in accordance with the Uniform Guidance. The Statement of Activities shows this allocation in a separate column labeled "indirect expenses", GOEA provides administrative grant funds to help the Council pay for a portion of its indirect costs. As a result, only the indirect costs in excess of the GOEA administrative funds are allocated to the Council's other functions and programs.

In the Statement of Activities, charges for services represent program revenues obtained by the Council when it renders services provided by a specific function or program to people or other entities. Contributions, property taxes, grants, interest income, special event, fundraising, and miscellaneous revenues that are not properly included among program revenues are reported instead as general revenues in this statement. Special items, if any, are significant transactions within the control of management that are either unusual in nature or infrequent in occurrence, and are separately reported below general revenues. There were no special items this year.

#### **Fund Financial Statements**

The fund financial statements present financial information that is very similar to that which was included in the general-purpose financial statements issued by governmental entities before GASB Statement No. 34 required the format change.

The daily accounts and operations of the Council continue to be organized using funds. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain governmental functions or activities. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are reported by generic classification within the financial statements.

The Council uses governmental fund types. The focus of the governmental funds' measurement (in the fund statements) is on determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than on net income. An additional emphasis is placed on major funds within the governmental fund types. A fund is considered major if it is the primary operating fund of the Council or if its total assets, liabilities, revenues, or expenditures are at least 10% of the corresponding total for all funds of that category or type.

In addition, management may also choose to report any other governmental fund as a major fund if it believes the fund is particularly important to financial statement users. For this year, no additional funds were deemed to be major funds by management. The non-major funds are summarized by category or fund type into a single column in the fund financial statements.

Governmental fund equity is called the fund balance. Fund balance is further classified on a hierarchy that shows, from the highest to the lowest, the level or form of constraints on fund balance, and accordingly, the extent to which the Council is bound to honor them: nonspendable, restricted, committed, assigned and unassigned.

The following is a description of the governmental funds of the Council:

The General Fund is the primary operating fund of the Council and is used to account for all financial resources except those required to be accounted for in another fund.

NOTE I – PURPOSE OF THE COUNCIL ON AGING AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### Fund Financial Statements - Continued

Previous financial reporting standards do not include guidance for reporting those financial elements, which are distinct from assets and liabilities. Concepts Statement No. 4 also identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The following are brief descriptions of the programs that comprise the Council's General Fund:

# Senior Health Insurance Information Program (SHIIP)

This program is used to account for the expenditures associated with the Council's sponsorship of SHIIP. This program provides health insurance counseling to seniors in Jefferson Parish.

### **Endowment**

This fund is used to account for contributions and interest generated in the Endowment.

#### Fund Development

The purpose of this function is to initiate and maintain fundraising efforts within the community, as well as securing grants that would provide supplemental funding for various needed services for the elderly.

#### **Transportation**

This fund is used to account for the operations of the transportation program which provides nutrition and social rides to program participants. Any deficits incurred in this program are absorbed by the Council's discretionary funds.

#### Local

The Council receives revenues that are not required to be accounted for in a specific program or fund. Accordingly, these revenues have been recorded in the local program of the General Fund. These funds are mostly unassigned, which means they may be used at management's discretion. Expenditures to acquire fixed assets, and expenditures for costs not allowed by another program due to budget limitations or the nature of the expenditure, are generally recorded in the local program. Because these funds are mostly unassigned, they are often transferred to other programs and funds to eliminate deficits in cases where the expenditures of the other programs and funds exceeded their revenues.

## Parish Council on Aging (PCOA)

Parish Council on Aging (PCOA) funds are appropriated for the Council by the Louisiana Legislature and remitted to the Council via the Governor's Office of Elderly Affairs (GOEA). The Council may use these "Act 735" funds at its discretion in any program provided the program is benefiting people who are at least 60 years old. In fiscal year 2020, the Council transferred its PCOA funds to Title III C Area Agency Administration, Title III C-2, Title III D, Title V, SHIIP, SenioRx, Entergy, Fund Development, General Fund, and Senior Center to provide additional funds to pay for program expenditures.

#### Other Major Governmental Funds

#### Title III B - Supportive Services Fund

Title III B funds are provided by the United States Department of Health and Human Services - Administration on Aging to the Louisiana Governor's Office of Elderly Affairs which "passes through" the funds to the Council. The Title III B Supportive Services Fund accounts for funds used to provide various units of supportive social services to the elderly. GOEA has established the criteria for a qualifying unit of service for each Title III B program. Specific supportive social services include, among other things, in-home services, community services and legal assistance for the elderly.

#### Other Major Governmental Funds - Continued

#### Title III C-I - Congregate Meals Fund

Title III C-I funds are provided by the United States Department of Health and Human Services - Administration on Aging to the Louisiana Governor's Office of Elderly Affairs which "passes through" the funds to the Council. The Title III C-I Congregate Meals Fund accounts for funds used to provide nutritional, congregate meals to people age 60 or older in strategically located centers throughout Jefferson Parish.

#### Title III C-2 - Home Delivered Meals Fund

Title III C-2 funds are provided by the United States Department of Health and Human Services - Administration on Aging to the Louisiana Governor's Office of Elderly Affairs which "passes through" the funds to the Council. The Title III C-2 Home Delivered Meals Fund accounts for funds used to provide nutritional meals to homebound people who are age 60 or older.

#### Title V - Senior Community Service Employment Program Fund

The Title V - Senior Community Service Employment Program Fund is used to account for the payment and reimbursement of expenses incurred in the operation of the Title V program. Included in these expenses are salaries paid for program participants whose salaries are being paid by funds provided through this program. The Council operates this program in Jefferson, St. Bernard, and Plaquemines Parishes.

#### Senior Center Fund

Senior Center funds are appropriated by the Louisiana Legislature to the Governor's Office of Elderly Affairs, which "passes through" the funds to the Council. This program provides community service centers at which older persons receive supportive services and participate in activities which foster their independence, enhance their dignity, and encourage their involvement with the community.

#### Non-Major Governmental Funds - Special Revenue Funds

#### Title III C - Area Agency Administration Fund (AAA)

Title III C - Area Agency Administration funds are provided by the United States Department of Health and Human Services - Administration on Aging to the Louisiana Governor's Office of Elderly Affairs, which "passes through" the funds to the Council. The Title III C - Area Agency Administration Fund is used to account for the administration of Special Programs for the Aging. These funds are used to pay for administrative costs associated with the Title III and Senior Center programs.

#### Supplemental Senior Center Fund

The Louisiana Legislature appropriated additional money for various councils on aging throughout the state to be used to supplement the primary grant for senior centers. The Council was one of the parish councils to receive a supplemental grant of \$233,320. The Governor's Office of Elderly Affairs provided these funds to the Council. For the year ended June 30, 2020, these funds included \$233,320 for senior center operations.

#### Nutritional Services Incentive Program Fund (NSIP)

The Nutritional Services Incentive Program Fund (NSIP) is used to account for the administration of NSIP funds provided by the Administration on Aging, U.S. Department of Health and Human Services, to GOEA, which in turn "passes through" the funds to the Council. GOEA distributes NSIP funds to each parish council on aging in Louisiana based on how many meals each council on aging served in the previous year in relation to the total meals served statewide by all councils. Using this formula, the Council receives from GOEA approximately 60 cents per congregate and home-delivered meal it serves. The primary purpose of the NSIP reimbursement is to provide money to buy food that will be used in the preparation of congregate and home-delivered meals under nutrition service programs. The food that is purchased for these purposes must be of United States origin or be commodities from the United States Department of Agriculture. The fund balance of \$146,604 at June 30, 2020 is to be used to fund the raw food costs components for the year ending June 30, 2021.

#### Title III D - Disease Prevention and Health Promotion Services Fund

The Title III D Fund accounts for funds used for wellness, which includes disease prevention and health promotion activities.

#### Title III E - National Family Caregiver Support Fund

The Title III E Fund accounts for funds relating to the National Family Caregiver Support program. The National Family Caregiver Support program is designed to provide multifaceted systems of support services for family caregivers and for grandparents or older individuals who are relative caregivers. This program targets older, low-income individuals. Specific types of services that are provided by this program include: Adult Day Health Care, Material Aid, Respite Care, and Information and Assistance. Eligible participants include (1) adult family members, or another adult person, who provides uncompensated in-home and community care to an older person who needs supportive services or (2) grandparents, or a person 60 years of age or older, who is related to a child by blood or marriage and (1) lives with the child, (2) is the primary caregiver, and (3) has a legal relationship to the child or is raising the child informally.

#### **Entergy Fund**

The Council received funding from Entergy in a prior year to purchase hardware and software related to electronic scanning and touchscreen enablement for the monitoring of senior member activities at the Senior Centers.

#### Aging and Disability Resource Center Grant Fund (ADRC)

The Council entered into a contract with the GOEA to provide information and assistance that would improve the health, independence and quality of life to adults living with disabilities, senior citizens, or caregivers. The contract included the parishes of Jefferson, St. Charles, St. James, and St. John.

#### GiveNOLA Fund

The Council received funding of \$775 through GiveNOLA donations to provide assistance to areas of greatest need.

#### Medicare Improvements for Patients and Providers Act Fund (MIPPA)

The Council received GOEA funding of \$13,235 to provide outreach services and assistance to seniors in the enrollment process for the Low Income Subsidy program, Medicare Savings program, and Medicare Part D program.

#### Private Pay Meals

The Private Pay Meals Fund has a fund balance of \$107,551 at June 30, 2020 to provide assistance to the Council's Title III C-2 Program.

#### Jefferson Parish (Pass Through) CDBG – Meals on Wheels Program

The Council received funding of \$70,000 from Jefferson Parish through a CDBG grant for the Meals on Wheels Program to provide assistance to the Council's Title III C-2 program.

The Council also received funding of \$30,000 from Jefferson Parish through a CDBG grant to provide assistance to the Council's Title III B program.

The Council received funding of \$20,000 to offset future costs associated with the Title III B, Title III C-I, and Title III E programs.

#### Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Government-wide Financial Statements - Accrual Basis

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

#### Fund Financial Statements - Modified Accrual Basis

Governmental fund level financial statements are reported using a current financial resources measurement focus and the modified accrual basis of accounting. A current financial resources measurement focus means that only current assets and current liabilities are generally included on the fund balance sheet. The operating statements of the funds present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Council considers revenues to be available if they are collected within 60 days of year end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred, if measurable, except for the following: (1) unmatured principal and interest on long-term debt, if any, are recorded when due, and (2) claims, judgments, and compensated absences are recorded as expenditures when paid with expendable available financial resources. Depreciation is a cost that is not recognized in the governmental funds.

#### Interfund Activity

In the fund financial statements, interfund activity is reported as either loans or transfers. Loans between funds are reported as interfund receivables (due from) and payables (due to) as appropriate. Transfers represent a permanent reallocation of resources between funds. In other words, they are not expected to be repaid. In the government-wide financial statements, transfers between funds are netted against one another as part of the reconciliation of the change in fund balances in the fund financial statements to the change in net position.

#### Cash and Cash Equivalents

Cash and cash equivalents includes not only currency on hand, but also demand deposits and money market funds with banks or other financial institutions. For purposes of the Statement of Net Position, restricted cash are amounts received or earned by the Council with an explicit understanding between the Council and the resource provider that the resource would be used for a specific purpose.

#### Accounts Receivable

The financial statements for the Council do not contain an allowance for uncollectible receivables because management believes all amounts will be collected. However, if management becomes aware of information that would change its assessment about the collectability of any receivable, management would write off the receivable as a bad debt at that time.

#### Investments

GASB Statement No. 31 requires the Council to report its investments at fair value in the Statement of Net Position, except for investments in non-participating interest-earning contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider market rates.

This type of investment is reported using a cost-based measure, provided the fair market value of the contract is not significantly affected by the impairment of the credit standing of the issuer or other factors. The Council had no investments at June 30, 2020.

NOTE I – PURPOSE OF THE COUNCIL ON AGING AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### Prepaid Expenses/Expenditures

Prepaid expenses include amounts paid in advance for goods and services. Prepaid expenses are shown as either current or other assets on the government-wide Statement of Net Position, depending on when management expects to realize their benefits. In the fund financial statements, the Council has elected not to include amounts paid for future services as expenditures until those services are consumed. This method of accounting for prepaid expenditures helps assure the Council's management that costs incurred will be reported in accordance with the Council's cost reimbursement grants. These types of grants do not permit the Council to obtain reimbursement for qualified expenditures until the goods and services relating to them are consumed. As a result, the prepaid expenditures are shown as an asset on the balance sheet of the fund financial statements until they are consumed. In addition, a corresponding amount of the fund balance of the General Fund has been shown as nonspendable to reflect the amount of fund balance not currently available for expenditures.

#### Capital Assets

The accounting and reporting treatment used for capital assets depends on whether the capital assets are reported in the government-wide financial statements or the fund financial statements.

#### Government-Wide Financial Statements

Capital assets are long-lived assets purchased or acquired with an original cost of at least \$1,000 and that have an estimated useful life of greater than one year. When purchased or acquired, these assets are recorded as capital assets in the government-wide Statement of Net Position. If the asset was purchased, it is recorded in the books at its cost. If the asset was donated, then it is recorded at its estimated fair market value at the date of donation. Capital assets will also include major repairs to equipment and vehicles that significantly extend the asset's useful life. Routine repairs and maintenance are expensed as incurred.

For capital assets recorded in the government-wide financial statements, depreciation is computed and recorded using the straight-line method for the asset's estimated useful life. The Council follows a guideline issued by the State of Louisiana's Office of Statewide Reporting and Accounting to establish the useful lives of the various types of capital assets that are depreciated and the method used to calculate annual depreciation. Using this guideline, the estimated useful lives of the various classes of depreciable capital assets are as follows:

Furniture and equipment 3 to 12 years Vehicles 5 years

When calculating depreciation, the State's guideline assumes that capital assets will not have any salvage value and that a full year's worth of depreciation will be taken in the year the capital assets are placed in service or disposed.

#### Capital Assets - Continued

#### **Fund Financial Statements**

In the fund financial statements, capital assets used in the Council's operations are accounted for as capital outlay expenditures of the governmental fund that provided the resources to acquire the assets. Depreciation is not computed or recorded on capital assets for purposes of the fund financial statements.

#### Non-Current (Long-term) Liabilities

The accounting treatment of non-current liabilities depends on whether they are reported in the government-wide or fund financial statements. In the government-wide financial statements, all non-current liabilities that will be repaid from governmental resources are reported as liabilities in the government-wide statements. In the fund financial statements, non-current liabilities for governmental funds are not reported as liabilities or presented anywhere else in these statements. The Council had no non-current liabilities at June 30, 2020.

### **Compensated Absences**

The Council's policies for vacation leave permit employees to accumulate earned but unused vacation leave. Accordingly, a liability for the unpaid vacation leave has been recorded in the fund financial statements.

The amount accrued as the compensated absence liability was determined using the number of vested vacation hours for each employee multiplied by the employee's wage rate in effect as of lune 30, 2020.

The Council's sick leave policy does not provide for the vesting of sick leave. There are no sick leave amounts paid for any unused sick leave upon termination of employment. Accordingly, no amounts have been accrued as unpaid compensated absences in the government-wide financial statements relative to sick leave.

#### **Advances from Funding Agency**

Advances from funding agency represent unexpended balances of grants awarded to the Council that are required to be returned to the funding agency at the end of the grant period. Grant funds due back to the funding agency are recorded as a liability when the amount due becomes known, normally when a final accounting is submitted to the funding agency. The Council did not have advances from funding agencies payable at June 30, 2020.

#### Net Position in the Government-Wide Financial Statements

In the government-wide Statement of Net Position, the Net Position amount is classified and displayed in three components:

- Net investment in capital assets This component consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those capital assets.
- Restricted net position This component consists of net position with constraints placed
  on the use either by (1) external groups such as creditors, grantors, contributors, or laws
  or regulations of other governments; or (2) law through constitutional provisions or
  enabling legislation.
- Unrestricted net position This component consists of all other net position that does not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use in a specific program or for a specific purpose, the Council's policy is to use restricted resources first to finance its activities, except for nutrition services. When providing nutrition services, revenues earned by the Council under its NSIP contract with GOEA can only be used to pay for the raw food component of each meal that is bought and served to a person eligible to receive a meal under one of the nutrition programs. The Council's management has discretion as to how and when to use the NSIP revenues when paying for nutrition program costs.

Quite often, unrestricted resources are available for use that must be consumed or they will have to be returned to the grantor agency. In such cases it is better for management to elect to apply and consume the unrestricted resources before using the restricted resources. As a result, in this case, the Council will depart from its usual policy of using restricted resources first.

#### Fund Equity - Fund Financial Statements

Governmental fund equity is classified as fund balance. The Council applies GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purpose for which resources can be used:

Nonspendable: This classification includes amounts that cannot be spent because they
are either (a) not in spendable form or (b) legally or contractually required to be
maintained intact. Management has classified \$32,256 of prepaid expenditures as being
nonspendable as this item is not expected to be converted to cash.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

NOTE I – PURPOSE OF THE COUNCIL ON AGING AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### Fund Equity - Fund Financial Statements - Continued

- Restricted: This classification includes amounts for which constraints have been placed on the use of resources are either:
  - Externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or
  - o Imposed by law through constitutional provisions or enabling legislation.

Unspent NSIP funds of \$146,604 within the Council's Fund have been classified as restricted because of spending constraints placed upon this money by GOEA. Endowment funds of \$151,611 have been classified as restricted due to constraints of the donor. Private Pay Meals funds of \$107,551 and Capital One Senior Well-Being funds of \$14,936 have been classified as restricted as well due to constraints placed upon this money by the donors.

- Committed: This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (resolution) of the Council's Board of Directors, which is the Council's highest level of decision-making authority. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Council did not have any committed resources as of year-end.
- Assigned: This classification includes spendable amounts that are reported in governmental funds other than the General Fund, that are neither restricted nor committed, and amounts in the General Fund that are intended to be used for a specific purpose in accordance with the provisions of GASB Statement No. 54. The intent of an assigned fund balance should be expressed by either the Council's Board of Directors, or a subordinate high-level body, such as a finance committee, or an official, such as the executive director, that has the authority to assign amounts to be used for specific purposes. The Council's management assigned \$500,000 of funds at June 30, 2020.
- Unassigned: This classification is the residual fund balance for the General Fund. It also represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

NOTE I – PURPOSE OF THE COUNCIL ON AGING AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### Fund Equity - Fund Financial Statements - Continued

When fund balance resources are available for a specific purpose in multiple classifications, the Council would use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed. However, it reserves the right to selectively spend unassigned resources first and to defer the use of other classified funds.

#### Management's Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### **Allocation of Indirect Expenses**

The Council reports all direct expenses by function and programs of functions in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function or program. Indirect expenses are recorded as direct expenses of the Administration function. GOEA provides funds to partially subsidize the Council's Administration function. The unsubsidized net cost of the Administration function is allocated using a formula based primarily on the relationship the direct cost a program bears to the direct cost of all programs. There are some programs that cannot absorb any indirect expense allocation according to their grant, contract, or donor restrictions.

#### Elimination and Reclassifications

In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

#### NOTE 2 - REVENUE RECOGNITION

Revenues are recorded in the government-wide financial statements when they are earned under the accrual basis of accounting.

Revenues are recorded in the fund financial statements using the modified accrual basis of accounting. In applying the susceptible to accrual concept using this basis of accounting, intergovernmental grant revenues, program service fees (charges for services), and interest income are usually both measurable and available. However, the timing and amounts of the receipts of public support, fund-raisers, and miscellaneous revenues are often difficult to measure; therefore, they are generally recorded as revenue in the period received.

#### NOTE 3 – CASH AND CASH EQUIVALENTS

The Council is a quasi-governmental entity, which is not required to comply with Louisiana laws relating to collateralization of cash. The Council, however, utilizes a promontory account with an insured cash sweep service to obtain collateralization for cash at financial institutions which is in excess of the FDIC insurance. The insured cash sweep service will place the funds into deposit accounts at FDIC-insured banks in increments below the standard FDIC insurance maximum (\$250,000) so that both principal and interest are eligible for FDIC insurance.

The year-end bank balances of deposits and the carrying amounts as shown on the Statement of Net Position and Governmental Fund Balance Sheet are as follows:

	Bank	Reported
	Balances	Balances
Cash and cash equivalents	\$ 1,231,335	\$ 1,231,335
Total	\$ 1,231,33 <u>5</u>	\$ 1,231,335

Custodial credit risk is the risk that in the event of a bank failure, the Council's deposits may not be returned to it. The Council has written a policy for custodial credit risk. As of June 30, 2020, none of the Council's bank balances of \$1,231,335 was exposed to custodial credit risk. These deposits were insured through an insured cash sweep service.

A reconciliation of deposits and investments as shown in the combined balance sheet is as follows:

#### Short-term Investments

The Council's primary purpose for investing is to earn interest income on money that management has determined to be in excess of immediate cash needs. Although it is not required by law to comply with the State of Louisiana's investment laws, the Council's management has elected to follow Louisiana Revised Statute 33:2955, which lists the types of investments in which a political subdivision may invest its temporarily idle funds. The Council had no investments at June 30, 2020.

#### NOTE 4 - ACCOUNTS RECEIVABLE

During the 2019 fiscal year, JCOA invested \$25,000 from the assigned fund balance with the Greater New Orleans Foundation (GNOF). These funds are held by the Greater New Orleans Foundation to benefit the Organization. As of June 30, 2020, the fair value of the amount invested was \$25,873. Realized and unrealized gains (losses) on investments are reported net of related investment expenses in the Statement of Activities. The amount of expenses netted with revenues was \$108 for the year ended June 30, 2020.

#### NOTE 7 - GOVERNMENTAL FUND - GENERAL FUND PROGRAM - ENDOWMENT

This represents funds that are subject to restrictions of the donor requiring in perpetuity that the principal be invested in order to generate income sufficient to supplement funding of existing programs operated by the Council, or to create new programs, as authorized by the Board of Directors. At this time, the Board of Directors has agreed to reinvest earnings generated from the Endowment principal into the Endowment principal to facilitate the growth of principal. The balance restricted for endowment totaled \$151,611 at June 30, 2020.

# NOTE 8 – GOVERNMENTAL FUND - GENERAL FUND PROGRAM - LOCAL WORKING CAPITAL RESERVE

This represents funds that will be used to phase out programs in the event normal funding is delayed or canceled by either legislative action or policy changes. The funds may be used to cover short-term emergencies. The working capital assigned totaled \$500,000 at June 30, 2020.

#### NOTE 9 – FUND BALANCES - FUND FINANCIAL STATEMENTS

As of June 30, 2020, the following special revenue funds had a remaining fund balance. Usually, the fund balances of the special revenue funds are cleared out as of June 30, 2020 to comply with the administration and accounting policies of the grantor agencies that have awarded the Council certain grants. However, there are exceptions to these policies.

The Council had \$146,604 of fund balance in the Nutritional Services Incentive Program Fund. The fund balance will be used to fund the raw food cost components for the year ending June 30, 2021.

The Council had \$107,551 of fund balance in the Private Pay Meals Fund. The fund balance will be used to help fund the Title III C-2 program.

The Council had \$14,894 of fund balance in the GiveNOLA Fund. The fund balance will be used to fund areas of greatest need for the year ending June 30, 2021.

The Council had \$22,113 of fund balance in the Sipping with Santa Fund. The fund balance will be used to help fund the Title III C-1 & C-2 programs.

The Council had \$14,936 of fund balance in the Capital One Senior Well-Being Fund. The fund balance will be used as needed to fund future costs associated with the Title III B, Title III C-1, and Title III E programs for the year ending June 30, 2021.

#### NOTE 10 - IN-KIND CONTRIBUTIONS

Jefferson Council on Aging, Inc. received in-kind contributions during the year in the nature of contributed facilities. Contributed facilities were recorded at the estimated rental value of the facilities and presented in this report as revenue. Related expenditures, equal to the in-kind revenues, have also been presented, thereby producing no effect on excess of revenues over expenditures.

Donated professional services of volunteers and contributed goods are recorded as revenues and expenditures at estimated fair values based upon valuation rates and job classifications developed by the Council.

For the year ended June 30, 2020, in-kind revenues and expenditures were recorded by funds as follows:

	Fair Value		Donations and		
	of Rent		<u>Contributions</u>		 Total
Special Revenue Funds					
Title III C-I - Congregate Meals Fund	\$	276,677	\$	-	\$ 276,677

#### NOTE 10 - IN-KIND CONTRIBUTIONS - Continued

The following in-kind services were not reported in the financial statements because they did not meet the criteria of professional services:

Home Delivered Meals – Volunteer Services – Drivers	\$ 35,774
Congregate Volunteers	91,560
General Volunteers – Activity Leaders	 170,976
Total	\$ 298,310

#### NOTE II – CHANGES IN COMPENSATED ABSENCES

For purposes of the Statement of Net Position, the Council has presented all of its accumulated unpaid vacation leave as a current liability. This is because vested amounts are expected to be used before the end of the next fiscal year. The following is a schedule of the net change that occurred in the Council's compensated absences account during the year ended June 30, 2020.

Balance at July 1, 2019	\$ 41,282
Net increase in vested leave	 8,569
Balance at June 30, 2020	\$ 49,85 I

#### NOTE 12 - OPERATING LEASES

The Jefferson Council on Aging, Inc. leases office space. The current lease expires May 31, 2023. Obligations under this lease are payable as follows: \$84,980 in fiscal year end 2021, \$84,980 in fiscal year end 2022, and \$77,898 in fiscal year end 2023. During the year ended June 30, 2020, total rental expense was \$84,980.

#### NOTE 13 – BOARD OF DIRECTORS COMPENSATION

The Board of Directors is a voluntary board. Board members do not receive compensation. Board members can submit an expense request form for out-of-pocket expenses that are in accordance with the Council's travel reimbursement policy.

#### NOTE 14 - INCOME TAX STATUS

The Council, a non-profit corporation, is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and as an organization that is not a private foundation as defined in Section 509(a) of the Code. The Council is also exempt from Louisiana income tax.

The Council is not required to file a Form 990 because it has been determined to be an "affiliate of a governmental unit" within the meaning of Section 4 of Revenue Procedure 95-48, 1995-2 CB. 418. However, the Council has voluntarily decided to file a Form 990 for the year ended June 30, 2020 in order to pursue additional grant funding.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE 14 - INCOME TAX STATUS - Continued

The Council recognizes the tax benefit from uncertain tax positions only if it is "more likely than not" the tax position will be sustained on examination by the taxing authorities. To the extent the Council's assessment of such tax positions change, the change will be recorded in the period in which the determination is made. No adjustments were required for the year ended June 30, 2020. The June 30, 2017, 2018 and 2019 Form 990's remain subject to examination by the taxing authorities. The June 30, 2020 Form 990 has not been filed as of the audit report date.

#### NOTE 15 - JUDGMENTS, CLAIMS, AND SIMILAR CONTINGENCIES

The Council is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; officer and directors' liability; business interruption; natural disasters; and volunteer liability. Except for business interruption and certain acts of God, the Council has purchased commercial insurance, with deductibles ranging from \$0 to \$1,000, to cover or reduce the risk of loss that might arise should one of these incidents occur. There have been no significant reductions in coverage from the prior year. No settlements were made during the current or prior three fiscal years that exceeded the Council's insurance coverage.

#### NOTE 16 - CONTINGENCIES - GRANT PROGRAMS

The Council participates in a number of state and federal grant programs, which are governed by various rules and regulations. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Council has not complied with the rules and regulations governing the grants, refunds of any money received and the collectability of any related receivable as of June 30, 2020 might be impaired. In management's opinion, there are no significant contingent liabilities relating to compliance with the rules and regulations governing state and federal grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies. Audits of prior years have not resulted in any significant disallowed costs or refunds. Any costs that would be disallowed would be recognized in the period agreed upon by the grantor agency and the Council.

#### NOTE 17 - ECONOMIC DEPENDENCY

The Council receives the majority of its revenue from a Parish property tax assessment and through grants administered by the Louisiana Governor's Office of Elderly Affairs (GOEA). The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state level, the amount of funds the Council receives could be reduced significantly and have an adverse impact on its operations. Management is not aware of any actions that will significantly affect the amount of funds the Council will receive in fiscal year 2021 relating to its grant awards.

During the year ended June 30, 2020, the President of the United States declared a national emergency due to the COVID-19 pandemic. The spread of COVID-19 has caused significant volatility in the U.S. and international financial markets. There is uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its future impact on the U.S. economy. The impact to the Council has not been significant, but the future impact is unknown. The extent to which the COVID-19 pandemic and global efforts to contain its spread will impact the financial markets/grant funding/contributions depends on future developments, which are highly uncertain and cannot be predicted at this time, and include the duration, severity and scope of the pandemic and the actions taken to contain or treat COVID-19.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED June 30, 2020

#### NOTE 18 – RELATED PARTY TRANSACTIONS

There were no related party transactions during the year ended June 30, 2020.

#### NOTE 19 – INTERFUND TRANSFERS

#### NOTE 20 - INTERFUND RECEIVABLES AND PAYABLES - FUND FINANCIAL STATEMENTS

Because the Council receives its grant revenues primarily on a cost reimbursement basis, it has to pay for costs using its General Fund money and then request reimbursement under the various grant programs. As a result, the manner in which cash is spent and received creates short-term interfund loans.

A summary of these interfund loans as of June 30, 2020 is as follows:

	Due From Other Funds	Due To <u>Other Funds</u>			
General Fund	\$ 158,577	\$ 419,360			
Total for the General Fund	158,577	419,360

Totals	<u>\$ 577.937</u>	\$ 577 <u>,937</u>			

The balances above resulted from the time lag between the dates that (I) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

#### NOTE 21 - EMPLOYEE RETIREMENT PLAN

In 2019, the Council began offering a defined contribution 401(k) profit-sharing plan which covers substantially all employees, except Home-Delivered Meal Drivers. Participant contributions are based on compensation and the employer may make a matching contribution. For the year ended June 30, 2020, the Council made matching contributions in the amount of \$41,725.

#### **NOTE 22 – SUBSEQUENT EVENTS**

The Council has evaluated subsequent events through the date the financial statements were available to be issued, which corresponds with the date of the independent auditors' report. No material subsequent events have occurred since June 30, 2020, that require recognition or disclosure in these financial statements.

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2020

#### NOTE I- BUDGETARY REPORTING

The budget information presented in this section of required supplementary information applies to "major" governmental funds for which annual budgets were adopted. Budgetary information for "nonmajor" funds has not been included anywhere in these financial statements.

The Council follows these procedures in establishing the budgetary data that has been presented as required supplementary information in these financial statements.

- The Governor's Office of Elderly Affairs (GOEA) notifies the Council each year as to the funding levels for its programs.
- Management projects property tax revenues based on past trends and data available at the Parish Assessor's office to form expectations of future revenues.
- The revenue information supplied by GOEA and the Parish Assessor are considered by management along with revenue projections of grants from other agencies, program service fees, public support (including client contributions), interest income, and other miscellaneous sources.
- Expenditure projections are developed using historical information and changes to the upcoming year that management is aware of at the time of budget preparation.
- Once the information has been obtained to project revenues and expenditures, the Council's Controller prepares a proposed budget based on the projections, in consultation with the Council's Executive Director. The proposed budget is reviewed and approved by the Council's Finance Committee before it is submitted to the Board of Directors for approval.
- The Board of Directors reviews and adopts the budget for the next fiscal year at a regularly scheduled board meeting held before May 31 of the current fiscal year.
- The adopted budget is forwarded to GOEA for compliance approval.
- Unused budget amounts lapse at the end of each fiscal year (June 30). However, if a grant
  or contract is not completed by June 30, management will automatically budget funds in
  the next fiscal year to complete the grant or contract. An example where this might occur
  is when vehicles are acquired under federal matching programs. The "match" might be
  made in one year and the vehicles delivered in another year.
- The budget is prepared on a modified accrual basis, consistent with the basis of accounting, for comparability of budgeted and actual revenues and expenditures.

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION - CONTINUED June 30, 2020

#### NOTE I-BUDGETARY REPORTING - CONTINUED

Budgeted amounts included in the accompanying financial statements include the original adopted budget amounts. Management amended the Council's budget during the year ended June 30, 2020, which was approved by the Finance Committee on May 19, 2020.

Actual amounts are compared to budgeted amounts periodically during the fiscal year as a management control device.

The Council may transfer funds between line items in its budget as often as required but must obtain compliance approval from the Governor's Office of Elderly Affairs (GOEA) for funds received under grants from this agency. As part of its grant compliance, GOEA requires the Council to amend its budget in cases where actual costs for a particular line item exceed the budgeted amount by more than 10%, unless unrestricted funds are available to "cover" the overrun.

Expenditures cannot exceed budgeted revenues on an individual fund level, unless a large enough fund balance exists to absorb the budgeted operating deficit.

The Council is not required by state or local law to prepare a budget for every program or activity it conducts. Accordingly, some activities may not be budgeted, particularly if they are deemed to be immaterial by management.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2020

# NOTE I – BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of expenditures of Federal awards includes the Federal grant activity of the Jefferson Council on Aging, Inc. and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Council, it is not intended to and does not present the net position and changes in net position of the Council. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

#### NOTE 2 – SUBRECIPIENTS

The Council did not pass-through any of its federal awards to a subrecipient during the year ended June 30, 2020.

#### NOTE 3 – NON-CASH ASSISTANCE

No federal awards were expended in the form of non-cash assistance during the year ended June 30, 2020.

#### NOTE 4 – UNSPENT FUNDS

There are \$146,604 of funds remaining from the fiscal year ended June 30, 2020, for Nutrition Services Incentive Program (NSIP) grant that remain unspent as of June 30, 2020.

#### NOTE 5 - INDIRECT COSTS

The Council has elected to use the 10% de minimus indirect cost rate for US DOTD reporting purposes for the year ended June 30, 2020.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Jefferson Council on Aging, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Jefferson Council on Aging, Inc. (the Council) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements, and have issued our report thereon dated November 6, 2020.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Council's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Council's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

#### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors, Jefferson Council on Aging, Inc.

#### Report on Compliance for Each Major Federal Program

We have audited the Jefferson Council on Aging, Inc.'s (the Council) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Council's major federal programs for the year ended June 30, 2020. The Council's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Council's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Council's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the Council complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

#### Report on Internal Control Over Compliance

Management of the Council is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Council's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
