Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, major fund, and the fiduciary fund of the Vermilion Parish Clerk of Court, a component unit of the Vermilion Parish Police Jury, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Clerk of Court’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, major fund and the fiduciary fund of the Vermilion Parish Clerk of Court as of June 30, 2018, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the Clerk of Court implemented the provisions of the Governmental Accounting Standards Board Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the schedule of funding progress for the budgetary comparison schedule, the schedule of changes in the total OPEB liability and related ratios, the schedule of proportionate share of net pension liability, and the schedule of contributions on pages 38 through 41 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Vermilion Parish Clerk of Court's basic financial statements. The budgetary comparison schedules of revenues and expenditures, and the combining statements of agency fund assets and liabilities, and changes therein are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2018, on our consideration of the Vermilion Parish Clerk of Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Vermilion Parish Clerk of Court's internal control over financial reporting and compliance.

Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, a Clerk of Court serves as the ex-officio notary public, the recorder of conveyances, mortgages, and other acts; and has other duties and powers provided by law. The Clerk of Court is elected for a four-year term.

Financial Reporting Entity

As the governing authority of the Parish, for reporting purposes, the Vermilion Parish Police Jury is the financial reporting entity for Vermilion Parish. The financial reporting entity consists of the primary government (Police Jury), organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Vermilion Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. The criteria includes:

Appointing a voting majority of an organization's governing body, and

The ability of the Police Jury to impose its will on that organization and/or

The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Police Jury.

Organizations for which the Police Jury does not appoint a voting majority but are fiscally dependent on the Police Jury.

Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Policy Jury provides the Vermilion Parish Clerk of Court (Clerk) with office space, operational expenditures and certain capital purchases, the Clerk was determined to be a component unit of the Vermilion Parish Policy Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Clerk and do not present information on the Police Jury, the general government services provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

VERMILION PARISH CLERK OF COURT

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation

The accompanying basic financial statements of the Clerk have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the Clerk as a whole. These statements include all the financial activities of the Clerk. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

The statement of activities presents a comparison between direct expenses and program revenues for the Clerk's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of services offered by the Clerk, and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements (FFS)

The Clerk uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Clerk functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Clerk are classified into two categories: governmental and fiduciary. Since the resources in the fiduciary funds cannot be used for Clerk operations, they are not included in the government-wide statements. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity or its total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least 10 percent of the corresponding total for all governmental funds. The General Fund of the Clerk is considered to be a major fund. The funds of the Clerk are described as follows:

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental Fund –

General Fund – This fund is the primary operating fund of the Clerk and it accounts for the operations of the Clerk’s office. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the Clerk’s policy.

Fiduciary Funds –

Fiduciary funds reporting focuses on net assets and changes in net assets. The only funds accounted for in this category by the Clerk are agency funds. The agency funds account for cash held by the clerk of court as an agent for litigants pending court action. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Consequently, the agency funds have no measurement focus, but use the modified accrual basis of accounting. The agency funds are as follows:

Advance Deposit Fund – The Advance Deposit Fund, as provided by Louisiana Revised Statute 13:842, is used to account for advance deposits on suits filed by litigants. The advances are refundable to the litigants after all costs have been paid.

Registry of the Court Fund – The Registry of Court Fund, as provided by Louisiana Revised Statute 13:475, is used to account for funds which have been ordered by the court to be held until judgment has been rendered in court litigation.

Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded with the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide statement of net position and statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item b. below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- a. The governmental fund utilizes a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on its balance sheet. Their operating statement presents sources and uses of available spendable financial resources during a given period. This fund uses fund balance as its measure of available spendable financial resources at the end of the period.
- b. The government-wide financial statements utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), and financial position. All assets and liabilities (whether current or noncurrent) associated with its activities are reported. Government-wide fund equity is classified as net position.

Basis of Accounting

In the government-wide statement of net position and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assets, Liabilities, and Equity

Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Clerk.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The clerk has established the policy of including all short-term, highly liquid investments with maturities of 90 or fewer days in cash and cash equivalents. Under state law, the clerk may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the clerk's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 or fewer days, they are classified as cash equivalents.

Capital assets

Capital assets, which include property, plant, and equipment, are reported in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated fair market value at the date of donation. The Clerk maintains a threshold level of \$1,000 for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. Depreciation is provided using the straight-line method of depreciation over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Office equipment	5-10
Computer and microfilm equipment	5-10

Compensated absences

Employees of the Clerk of Court's office earn 5 to 20 days of leave each year depending on length of service. Such leave is to be used for vacation, sickness, or emergencies. Employees are allowed to carryover a maximum of 15 days of unused leave to the following year.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position in the Government-wide Financial Statements

In the government-wide Statement of Net Position, the Net Position amounts are classified and displayed in three components:

- Invested in capital assets – This component consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those capital assets.
- Restricted net position – This component consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position – This component consists of all other net assets that do not meet the definition of “restricted” or “invested in capital assets.”

When both restricted and unrestricted resources are available for use, it is the Clerk’s policy to use restricted resources first to finance its activities.

Fund Equity – Fund Financial Statements

Governmental fund equity is classified as fund balance. GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions* provides clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Management has classified prepaid expenditures as being nonspendable as this item is not expected to be converted to cash.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Restricted: This classification includes amounts for which constraints have been placed on the use of resources are either:
 - Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
 - Imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (resolution) of the Vermilion Parish Clerk of Court, which is the entity's highest level of decision-making authority. These amounts cannot be used for any other purposes unless the Clerk removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Clerk did not have any committed resources as of year end.
- Assigned: This classification includes amounts that are constrained by the Vermilion Parish Clerk of Court's intent to be used for a specific purpose but are neither restricted nor committed. This intent should be expressed by the Vermilion Parish Clerk of Court. The Clerk did not have any assigned resources as of year end.
- Unassigned: This classification is the residual fund balance of the General Fund. It also represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

When fund balance resources are available for a specific purpose in multiple classifications, the Vermilion Parish Clerk of Court will generally use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed. However, the Vermilion Parish Clerk of Court reserves the right to selectively spend unassigned resources first and to defer the use of the other classified funds.

Revenues, Expenditures and Expenses

Operating revenues and expenses

Operating revenues and expenses are those that result from providing services and producing and delivering goods and/or services. Revenues and fees, charges and commissions for services are recorded when the Clerk is entitled to the funds.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interest on interest-bearing deposits is recorded or accrued as revenue when earned. Substantially all other revenues are recorded when received.

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function and in the funds financial statements, expenditures are classified by type.

Budgetary and Budgetary Accounting

The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Clerk of Court.

The following procedures apply to establishing the budgetary data reflected in the financial statements:

1. A proposed budget is prepared and submitted to the Clerk of Court for the fiscal year no later than fifteen days prior to the beginning of each fiscal year.
2. A summary of the proposed budget is published and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.

Bad Debts

NOTE 1 PURPOSE AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through December 14, 2018, the date the financial statements were available to be issued. There were no events that required disclosure.

NOTE 2 CASH AND INTEREST-BEARING DEPOSITS

Under state law, the Clerk may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Clerk may invest in United States bonds, treasury notes, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2018, the Clerk of Court has cash and cash equivalents (book balances) totaling \$4,677,197 as follows:

	<u>Governmental Fund Type</u>	<u>Fiduciary Fund Type</u>	<u>Total</u>
Cash and demand deposits	\$ 113,591	\$ 347	\$ 113,938
Money market and savings accounts	<u>619</u>	<u>4,562,640</u>	<u>4,563,259</u>
	<u>\$ 114,210</u>	<u>\$ 4,562,987</u>	<u>\$ 4,677,197</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

NOTE 2 CASH AND INTEREST-BEARING DEPOSITS (Continued)

The following is a summary of deposit balances (bank balances) at June 30, 2018, and the related federal insurance and pledged securities:

Bank balances	\$ 4,654,397
Federal insurance	1,350,965
Pledged securities (Category 3)	<u>4,890,508</u>
Excess of pledged securities and federal insurance	<u>\$ 1,587,076</u>

Pledged securities in Category 3 include uninsured or unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the Clerk of Court's name. Even though the pledged securities are considered uncollateralized (Category 3) Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Clerk of Court that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 5 DEFERRED COMPENSATION PLAN

Certain employees of Vermilion Parish Clerk of Court participate in the Louisiana Public Employees Deferred Compensation Plan adopted under the provisions of the Internal Revenue Code Section 457. Complete disclosures relating to the Plan are included in the separately issued audit report for the Plan, available from the Louisiana Legislative Auditor, Post Office Box 94397, Baton Rouge, Louisiana 70804-9397.

NOTE 6 PENSION PLAN

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the Louisiana Clerks' of Court Retirement and Relief Fund, and additions to/deductions from the system's fiduciary net position have been determined on the same basis as they are reported by the systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Description

Substantially all employees of the Clerk of Court, except part-time and temporary employees, are members of the Louisiana Clerks' of Court Retirement and Relief Fund (Fund), a cost sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

The Fund was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. title 11:1501 for eligible employees of the clerk of the supreme court, each of the district courts, each of the courts of appeal, each of the city and traffic courts in cities having a population in excess of four hundred thousand at the time of entrance into the Fund, the Louisiana Clerks' of Court Association, the Louisiana Clerks of Court Insurance Fund, and the employees of the Fund. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

NOTE 6 PENSION PLAN (Continued)

Retirement Benefits

The Fund issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Clerks' of Court Retirement and Relief Fund, 11745 Bricksome Avenue, Suite B1, Baton Rouge, Louisiana 70816, or by calling (225) 293-1162.

A member or former member shall be eligible for regular retirement benefits upon attaining twelve or more years of credited service, attaining the age of fifty-five years or more and terminating employment. Regular retirement benefits, payable monthly for life, equal 3 1/3 percent of the member's average final compensation multiplied by the number of years of credited service, not to exceed one hundred percent of the monthly average final compensation. Monthly average final compensation is based on the highest compensated thirty-six consecutive months, with a limit of increase of 10% in each of the last three years of measurement. For those members hired on or after July 1, 2006, compensation is based on the highest compensated sixty consecutive months with a limit of 10% increase in each of the last six years of measurement. Act 273 of the 2010 regular session applied the sixty consecutive months to all members. This Act has a transition period for those members who retire on or after January 1, 2011 and before December 31, 2012. Additionally, Act 273 of the 2010 regular session increased a member's retirement to age 60 with an accrual rate of 3% for all members hired on or after January 1, 2011.

A member leaving covered employment before attaining early retirement age but after completing twelve years' credited service becomes eligible for a deferred allowance provided the member lives to the minimum service retirement age and does not withdraw his or her accumulated contributions

Disability Benefits

Effective through June 30, 2008, a member who has been officially certified as totally and permanently disabled by the State Medical Disability Board shall be paid disability retirement benefits determined and computed as follows:

- a. A member who is totally and permanently disabled solely as the result of injuries sustained in the performance of his official duties shall be paid monthly benefits equal to the greater of one-half of his monthly average final compensation or, at the option of the disability retiree, two and one-half percent of his monthly average final compensation multiplied by the number of his years of credited service; however, such monthly benefit shall not exceed twenty-five dollars for each year of his credited service or two-thirds of his monthly average final compensation, whichever is less.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 6 PENSION PLAN (Continued)

- b. A member who has ten or more years of credited service and who is totally and permanently disabled due to any cause not the result of injuries sustained in the performance of his official duties shall be paid monthly benefits equal to three percent of his monthly average final compensation multiplied by the number of his years of credited service; however, such monthly benefit shall not exceed thirty-five dollars for each year of his credited service or eighty percent of his monthly average final compensation, whichever is less.

The following is effective for any disability retiree whose application for disability retirement is approved on or after July 1, 2008. The provisions related to the calculation of benefits will apply to any disability retiree whose application for disability retirement was approved before July 1, 2008, for benefits due and payable on or after January 1, 2008.

A member is eligible to receive disability retirement benefits from the Fund if he or she is certified to be totally and permanently disabled pursuant to R.S. 11:218 and one of the following applies:

- a. The member's disability was caused solely as a result of injuries sustained in the performance of their official duties.
- b. The member has at least ten years of service credit.

A member who has been certified as totally and permanently disabled will be paid monthly disability retirement benefits equal to the greater of:

- a. Forty percent of their monthly average final compensation.
- b. Seventy-five percent of their monthly regular retirement benefit computed pursuant to R.S. 11:1521(c).

A member leaving covered employment before attaining early retirement age but after completing twelve years' credited service becomes eligible for a deferred allowance provided the member lives to the minimum service retirement age and does not withdraw his or her accumulated contributions.

Survivor Benefits

If a member who has less than five years of credited service dies, his accumulated contributions are paid to his designated beneficiary. If the member has five or more years of credited service, then automatic Option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option factors used as if the member had continued in service to earliest normal retirement age. Benefit payments are to commence on the date a member would have first become eligible for normal retirement assuming continued service until that time.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 6 PENSION PLAN (Continued)

In lieu of a deferred survivor benefit, the surviving spouse may elect benefits payable immediately with benefits reduced $\frac{1}{4}$ of 1% of each month by which payments commence in advance of member's earliest normal retirement age. If a member has not surviving spouse, the surviving minor children under 18 or disabled children shall be paid $\frac{1}{2}$ of the member's accrued retirement benefit equal shares. Upon the death of any former member with 12 or more years of service, automatic Option 2 benefits are payable to the surviving spouse with payments to commence on the member's retirement eligibility date. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions

Deferred Retirement Option Plan

In lieu of terminating employment and accepting a service retirement allowance, any member of the Fund who is eligible for a service retirement allowance may elect to participate in the Deferred Retirement Option Plan (DROP) for up to thirty-six months and defer the receipt of benefits. During the year ended June 30, 2007 participants had to have been active contributing member for one full year before becoming eligible for DROP. Upon commencement of participation in the plan, active membership in the Fund terminates and the participant's contributions cease; however, employer contributions continue. Compensation and creditable service remain as they existed on the effective date of commencement of participation in the plan.

The monthly retirement benefits that would have been payable, had the member elected to cease employment and receive a service retirement allowance, are paid into the Deferred Retirement Option Plan account.

Upon termination of employment at the end of the specified period of participation, a participant in the program may receive, at his option, a lump sum payment from the Fund. If employment is not terminated at the end of the participation period, payments in to the account cease and the member resumes active contributing membership in the Fund. Upon termination, the member receives a lump sum payment from the DROP fund equal to the payments made to that fund on his behalf, or a true annuity based on his account (subject to approval by the Board of Trustees). The monthly benefit payments that were being paid into the DROP fund are paid to the retiree and an additional benefit based on his additional service rendered since termination of DROP participation is calculated using the normal method of benefit computation.

The average compensation used to calculate the additional benefit is that used to calculate the original benefit unless his period of additional service is at least thirty-six months. In no event can the entire monthly benefit amount paid to the retiree exceed 100% of the average compensation used to compute the additional benefit. If a participant dies during the period of participation in the program, a lump sum payment equal to his account balance is paid to his named beneficiary or, if none, to his estate.

NOTE 6 PENSION PLAN (Continued)

Cost of Living Adjustments

The Board of Trustees is authorized to provide a cost of living increase to members who have been retired for at least one full calendar year. The increase cannot exceed the lesser of 2.5% of the retiree's benefit or an increase of forty dollars per month. The Louisiana statutes allow the Board to grant an additional cost of living increase to all retirees and beneficiaries over age 65 equal to 2% of the benefit paid on October 1, 1977 or the member's retirement date if later

In lieu of granting a cost of living increase as described above, Louisiana statutes allow the board to grant a cost of living increase where the benefits shall be calculated using the number of years of service at retirement or at death plus the number of years since retirement or death multiplied buy by the cost of living amount which cannot exceed \$1. In order to grant any cost of living increase, the ratio of the actuarial value of assets to the pension benefit obligation must equal or exceed a statutory target ratio.

Employer Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2018, the actual employer contributions rate was 19.00%.

In accordance with state statute, the Fund receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations.

Schedule of Employer Allocations

The schedule of employer allocations reports the required projected employer contributions in addition to the employer allocation percentage. The required employer contributions are used to determine the proportionate relationship of each employer to all employers of Louisiana Clerks' of Court Retirement and Relief Fund. The employer's proportion was determined on a basis that is consistent with the manner in which contributions to the pension plan are determined. The allocation percentages were used in calculating each employer's proportionate share of the pension amounts.

The allocation method used in determining each employer's proportion was based on each employer's contribution to the Fund during the fiscal year ended June 30, 2017 as compared to the total of all employers' contributions receives by the Fund during the fiscal year ended June 30, 2017.

Schedule of Pension Amounts by Employer

The schedule of pension amounts by employer displays each employer's allocation of the net pension liability. The schedule of pension amounts by employer was prepared using the allocations included in the schedule of employer allocation

Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Clerk reported a liability of \$1,524,293 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Clerk's proportion of the net pension liability was based on a projection of the Clerk's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the Clerk's proportion was 1.007508%, which was a decrease of 0.077532% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the Clerk recognized pension expense of \$189,955. The Clerk recognized revenue of \$107,849 as its proportionate share of non-employer contributions for the year ended June 30, 2018.

At June 30, 2018, the Clerk reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 6,164	\$ -
Change in assumptions	66,480	-
Change in proportion and differences between the employer's contributions and the employer's proportionate share of contributions	-	126,641
Net differences between projected and actual earnings on plan investments	20,875	-
Contributions subsequent to the measurement date	168,390	-
Total	\$ 261,909	\$ 126,641

Deferred outflows of resources of \$168,390 related to pensions resulting from the Clerk's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018.

NOTE 6 PENSION PLAN (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2018	\$ (21,225)
2019	59,028
2020	5,407
2021	<u>(76,332)</u>
	<u>\$ (33,122)</u>

Actuarial Methods and Assumptions

The net pension liability was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

Valuation Date	June 30, 2017
Salary Increases (merit only)	5.00%
Investment rate of return	7.00%
Mortality rates	RP-2000 Employee Table (set back 4 years for males and 3 years for females) RP-2000 Disabled Lives Mortality Table (set back 5 years for males and 3 years for females) RP 2000 Healty Annuitant Table (set forward 1 year for males)
Expected remaining service lives	5 years
Cost of living adjustments	The present value fo future retirement benefits is based on benefits currently being paid by the Fund and included previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantially automatic.

The mortality rate assumption used was verified by combining data from this plan with three other statewide plans which have similar workforce composition in order to produce a credible experience. The aggregated data was collected over the period July 1, 2004 through June 30, 2009. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Notes to Basic Financial Statements

NOTE 6 PENSION PLAN (Continued)

The result of the procedure indicated that these tables would produce liability values approximating generational mortality tables used.

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund’s actuary. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability

Sensitivity to Changes in Discount Rate

The following presents the net pension liability of the participating employers calculated using the discount rate of 7.00%, as well as what the employers’ net pension liability would be if it were calculated using a discount rate that is one percentage point lower 6.00% or one percentage point higher 8.00% Than the current rate.

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
Net Pension Liability	2,332,716	1,524,293	837,971

Change in Net Pension Liability

The changes in the net pension liability for the year ended June 30, 2017 were recognized in the current reporting period as pension expense except as follows:

Differences between Expected and Actual Experience – Differences between expected and actual experience with regard to economic or demographic factors in the measurement of the total pension liability were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. The difference between expected and actual experience resulted in a deferred outflow of resources in the amount of \$6,164 for the year ended June 30, 2017.

Differences between Projected and Actual Investment Earning – Differences between projected and actual investment earnings on pension plan investments were recognized in pension expense using the straight-line amortization method over a closed five year period. The difference between projected and actual investment earnings resulted in a deferred outflow of resources in the amount of \$20,875 for the year ended June 30, 2017

VERMILION PARISH CLERK OF COURT

NOTE 6 PENSION PLAN (Continued)

Changes of Assumptions or Other Inputs – Changes of assumptions about future economic or demographic factors or of other inputs were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. Changes of assumptions or other inputs resulted in a deferred outflow of resources in the amount of \$66,480 for the year ended June 30, 2017.

Change in Proportion – Changes in the employer’s proportionate shares of the collective net pension liability and collective deferred outflows of resources and deferred inflows of resources since the prior measurement date were recognized in employer’s pension expense (benefit) using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan. Changes in proportion resulted in a net deferred inflow of resources in the amount of \$126,641 for the year ended June 30, 2017.

Contributions-Proportionate Share

Differences between contributions remitted to the Fund and the employer’s proportionate share are recognized in pension expense (benefit) using the straight line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with a pension through the pension plan. The resulting deferred inflow/outflow and amortization is not reflected in the schedule of employer amounts due to differences that could arise between contributions reported by the Fund and contributions reported by the participating employer.

NOTE 9 POST EMPLOYMENT BENEFITS

Plan Description – The Clerk’s defined benefit postemployment health care plan provides OPEB to eligible retired employees and their beneficiaries. The plan provides OPEB for permanent full-time employees of the Clerk. The Clerk’s OPEB is a single employer defined benefit OPEB plan administered by the Clerk. Benefits are provided through the Louisiana Clerk of Court Insurance Trust (“LCCIT”), a multiple-employer healthcare plan administered by the Louisiana Clerk of Court Association. Louisiana Revised Statute §13:783 grants the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The premium rates are established and may be amended by the LCCIT board of trustees, with the Clerk determining the contribution requirements of the retirees.

Benefits provides: The Clerk provides medical, dental, vision, and life insurance benefits for retirees and their departments. The benefit terms provide for payment of 65% of retiree and dependent pre-Medicare health, Medicare Supplement, vision, dental and life insurance premiums.

Employees covered by benefit terms: At January 1, 2018, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefits payments	15
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	25
Total	40

Total OPEB Liability

The Clerk’s total OPEB liability of \$2,843,180 was measured as of June 30, 2018 and was determined by an actuarial valuation as of January 1, 2018.

Actuarial assumptions and other inputs: The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation:	2.40%
Salary Increases, including inflation:	3.00%
Discount Rate:	3.62%
Health Care Cost Trend Rates	
Medicinal:	Initially 7.5%, decreasing 0.25% per year to an ultimate rate of 5.0%.
Medicare Supplement:	Initially 5.5%, decreasing 0.25% per year to an ultimate rate of 3.0%. Include 2% per year for aging.

Notes to Basic Financial Statements

NOTE 10 RISK MANAGEMENT

The Clerk is exposed to risks of loss in the areas of auto liability, professional liability, and workers compensation. All of these risks are handled by purchasing commercial insurance coverage. There have been no significant reductions in the insurance coverage during the year.

NOTE 11 COMPENSATION, BENEFITS AND OTHER PAYMENTS TO CLERK OF COURT

A detail of compensation, benefits, and other payments made to Clerk of Court Diane Meaux Broussard for the year ended June 30, 2018 follows:

<u>Purpose</u>	<u>Amount</u>
Salary	\$ 160,679
Benefits - insurance	11,696
Benefits - retirement	43,785
Benefits - deferred comp.	2,400
Auto allowance	24,093
Conference travel and other expenses	<u>13,929</u>

NOTE 12 RESTATEMENT OF PRIOR YEAR FINANCIALS

The Vermilion Parish Clerk of Court adopted the provisions of GASB Statement No. 75 during the fiscal year ended June 30, 2018. The adoption of this statement required the Clerk of Court to increase beginning OPEB liability and the effects on net position of the contributions made by the Clerk of Court during the measurement period (fiscal year ended June 30, 2018). As a result, beginning net position decreased by \$1,831,865 for the earliest year presented. The restatement consisted of an increase to the OPEB liability as of July 1, 2017 of \$1,831,865.

**Independent Auditor's Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements
Performed in Accordance with
Government Auditing Standards**

The Honorable Diane Meaux Broussard
 Vermilion Parish Clerk of Court
 Abbeville, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and major fund of the Vermilion Parish Clerk of Court, a component unit of the Vermilion Parish Police Jury, as of and for the year ended June 30, 2018, and the related notes to financial statements, which collectively comprise the Vermilion Parish Clerk of Court's basic financial statements and have issued our report thereon dated December 14, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Vermilion Parish Clerk of Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Vermilion Parish Clerk of Court's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, we did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2018-01 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Vermilion Parish Clerk of Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Vermilion Parish Clerk of Court's Response to Findings

The Vermilion Parish Clerk of Court's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The Vermilion Parish Clerk of Court's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

VERMILION PARISH CLERK OF COURT
Abbeville, Louisiana

Schedule of Findings and Responses
Year Ended June 30, 2018

Part I: Summary of Auditor's Results

FINANCIAL STATEMENTS

Auditor's Report – Financial Statements

An unqualified opinion has been issued on Vermilion Parish Clerk of Court financial statements as of and for the year ended June 30, 2018.

Internal Control Deficiencies – Financial Reporting

A material weakness in internal control over financial reporting was disclosed during the audit of the financial statements and is reported as finding 2018-01 in Part II.

Material Noncompliance – Financial Reporting

No instances of noncompliance material to the financial statements were disclosed during the audit of the financial statements.

FEDERAL AWARDS

This section is not applicable for the fiscal year ended June 30, 2018.

Part II: Findings Relating to an Audit in Accordance with *Government Auditing Standard*

2018-01 Reconciliation of Accounts Receivable Subsidiary to the General Ledger

Condition – Our audit procedures relating to accounts receivable revealed an absence of procedures to timely reconcile the accounts receivable subsidiary to the general ledger.

Criteria – Accounts receivable should be reconciled at least monthly to ensure accurate accounting records.

Effect – The failure to reconcile the accounts receivable subsidiary to the general ledger results in inaccurate reporting of financial information and inefficiencies in the audit process.

Cause – The factors that contributed to this issue include lack of accounting experience, technical issues with the accounting software, and insufficient monitoring of the reconciliation function.

Recommendation – Management should require that accounting staff perform a monthly reconciliation of the accounts receivable subsidiary to the general ledger.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Vermilion Parish Clerk of Court
and the Louisiana Legislative Auditor
Abbeville, Louisiana

We have performed the procedures enumerated below, which were agreed to by Vermilion Parish Clerk of Court (Entity), and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2017 through June 30, 2018. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain the Entity's written policies and procedures and report whether those written policies and procedures address each of the following financial/business functions (or report that the Entity does not have any written policies and procedures), as applicable:

- a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget:

Written policies and procedures were obtained and do address the functions noted above.

Written policies and procedures were obtained and do address the functions noted above.

- j) **Debt Service**, including (1) debt issuance approval, (2) EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements:

Written policies and procedures were obtained and do address the functions noted above.

Board (or Finance Committee, if applicable)

This section is not applicable.

Bank Reconciliations

3. Obtain a listing of client bank accounts from management and management's representation that the listing is complete:

Obtained a listing of client bank accounts from management and management provided representation that the listing is complete.

4. Using the listing provided by management, select the Entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity fund accounts may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* For each of the bank accounts selected, obtain bank statements and reconciliations for one randomly selected month in the fiscal period and report whether:
 - a) Bank reconciliations have been prepared:
Bank reconciliations have been prepared for the selected month during the fiscal period.
 - b) Bank reconciliations include evidence that a member of management or a board member (with no involvement in the transactions associated with the bank account) has reviewed each bank reconciliation; and:
Bank reconciliations include evidence of management's review.
 - c) If applicable, management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months as of the end of the fiscal period:
For one of the five bank accounts selected, management did not have any documentation reflecting reconciling items have been researched that have been outstanding for more than 12 months.

Collections

5. Obtain a listing of cash/check/money order (cash) collection locations and management's representation that the listing is complete:
Obtained listing of cash collection locations and management provided representation that the listing is complete.
6. Using the listing provided by management, select all of the Entity's cash collection locations (if five locations or less) or one-third of the collection locations on a three year rotating basis (if more than 5 locations). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity funds may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* For each cash collection location selected:
 - a) Obtain existing written documentation (e.g. insurance policy, policy manual, job description) and report whether each person responsible for collecting cash is (1) bonded, (2) not responsible for depositing the cash in the bank, recording the related transaction, or reconciling the related bank account (report if there are compensating controls performed by an outside party), and (3) not required to share the same cash register or drawer with another employee:
Written documentation was obtained regarding functions (2) and (3) noted above. However, regarding function (1), employees collecting cash are not bonded.
 - b) Obtain existing written documentation (e.g. sequentially numbered receipts, system report, reconciliation worksheets, policy manual) and report whether the Entity has a formal process to reconcile cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, by a person who is not responsible for cash collections in the cash collection location selected:
Written policies and procedures were obtained and do address the functions noted above.
 - c) Select the highest (dollar) week of cash collections from the general ledger or other accounting records during the fiscal period and:

- Using Entity collection documentation, deposit slips, and bank statements, trace daily collections to the deposit date on the corresponding bank statement and report whether the deposits were made within one day of collection. If deposits were not made within one day of collection, report the number of days from receipt to deposit for each day at each collection location:

Cash collection documentation was obtained for the selected weeks and we noted deposits were all made within one day of collection.

- Using sequentially numbered receipts, system reports, or other related collection documentation, verify that daily cash collections are completely supported by documentation and report any exceptions:

Daily cash collections for the week selected are completely supported by documentation.

7. Obtain existing written documentation (e.g. policy manual, written procedure) and report whether the Entity has a process specifically defined (identified as such by the Entity) to determine completeness of all collections, including electronic transfers, for each revenue source and agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation) by a person who is not responsible for collections:

Written policies and procedures were obtained and do address the functions noted above.

Disbursements – General (excluding credit card/debit card/fuel card/P-Card purchases or payments)

8. Obtain a listing of Entity disbursements from management or, alternately, obtain the general ledger and sort/filter for Entity disbursements. Obtain management's representation that the listing or general ledger population is complete:

Obtained listing of disbursements and management provided representation that the listing is complete.

9. Using the disbursement population from #8 above, randomly select 25 disbursements (or randomly select disbursements constituting at least one-third of the dollar disbursement population if the Entity had less than 25 transactions during the fiscal period), excluding credit card/debit card/fuel card/P-card purchases or payments. Obtain supporting documentation (e.g. purchase requisitions, system screens/logs) for each transaction and report whether the supporting documentation for each transaction demonstrated that:

- a) Purchases were initiated using a requisition/purchase order system or an equivalent electronic system that separates initiation from approval functions in the same manner as a requisition/purchase order system:

Examined supporting documentation for each of the disbursements selected and noted that purchases were initiated using a purchase order system.

- b) Purchase orders, or an electronic equivalent, were approved by a person who did not initiate the purchase:

Examined supporting documentation for each of the disbursements selected and noted appropriate approval of purchase orders by a person who did not initiate the transaction.

- c) Payments for purchases were not processed without (1) an approved requisition and/or purchase order, or electronic equivalent; a receiving report showing receipt of goods purchased, or electronic equivalent; and an approved invoice:

Examined supporting documentation for each of the disbursements selected and noted appropriate purchase order, receiving report, and approved invoice.

10. Using Entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the person responsible for processing payments is prohibited from adding vendors to the Entity's purchasing/disbursement system:

Written policies and procedures were obtained and do address the functions noted above.

11. Using Entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the persons with signatory authority or who make the final authorization for disbursements have no responsibility for initiating or recording purchases:

Written policies and procedures were obtained and do address the functions noted above.

12. Inquire of management and observe whether the supply of unused checks is maintained in a locked location, with access restricted to those persons that do not have signatory authority, and report any exceptions. Alternately, if the checks are electronically printed on blank check stock, review Entity documentation (electronic system control documentation) and report whether the persons with signatory authority have system access to print checks:

Supply of unused checks are maintained in a locked location, with restricted access from those persons with signatory authority.

13. If a signature stamp or signature machine is used, inquire of the signer whether his or her signature is maintained under his or her control or is used only with the knowledge and consent of the signer. Inquire of the signer whether signed checks are likewise maintained under the control of the signer or authorized user until mailed. Report any exceptions:

The Entity does not utilize a signature stamp or signature machine.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

14. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards), including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete:

Obtained listing of all active credit cards and management provided representation that the listing is complete.

15. Using the listing prepared by management, randomly select 10 cards (or at least one-third of the cards if the Entity has less than 10 cards) that were used during the fiscal period, rotating cards each year. If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner:

The Entity only has one credit card.

Obtain the monthly statements, or combined statements if multiple cards are on one statement, for the selected cards. Select the monthly statement or combined statement with the largest dollar activity for each card (for a debit card, select the monthly bank statement with the largest dollar amount of debit card purchases) and:

- a) Report whether there is evidence that the monthly statement or combined statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]:

Examined supporting documentation for the monthly statement selected noting the statement did not have written evidence of being reviewed and approved.

- b) Report whether finance charges and/or late fees were assessed on the selected monthly statements:

The Entity did not incur finance charges and/or late fees on the selected statement.

16. Using the monthly statements or combined statements selected under #15 above, obtain supporting documentation for all transactions for each of the 10 cards selected (i.e. each of the 10 cards should have one month of transactions subject to testing):

- a) For each transaction, report whether the transaction is supported by:

- An original itemized receipt (i.e., identifies precisely what was purchased):

Two of the fourteen transactions selected for testing were not supported by an original itemized receipt.

- Documentation of the business/public purpose. For meal charges, there should also be documentation of the individuals participating:

Two of the fourteen transactions were not supported by documentation of the business/public purpose.

- Other documentation that may be required by written policy (e.g., purchase order, written authorization.):

No exceptions noted.

- b) For each transaction, compare the transaction's detail (nature of purchase, dollar amount of purchase, supporting documentation) to the Entity's written purchasing/disbursement policies and the Louisiana Public Bid Law (i.e. transaction is a large or recurring purchase requiring the solicitation of bids or quotes) and report any exceptions:

No exceptions noted.

- c) For each transaction, compare the Entity's documentation of the business/public purpose to the requirements of Article 7, Section 14 of the Louisiana Constitution, which prohibits the loan, pledge, or donation of funds, credit, property, or things of value, and report any exceptions (e.g. cash advances or non-business purchases, regardless whether they are reimbursed). If the nature of the transaction precludes or obscures a comparison to the requirements of Article 7, Section 14, the practitioner should report the transaction as an exception:

No exceptions noted.

Travel and Expense Reimbursement

No exceptions noted during the fiscal year ended June 30, 2017 AUP engagement, therefore this section is excluded from testing this fiscal year.

Contracts

No exceptions noted during the fiscal year ended June 30, 2017 AUP engagement, therefore this section is excluded from testing this fiscal year.

Payroll and Personnel

17. Obtain a listing of employees (and elected officials, if applicable) with their related salaries, and obtain management's representation that the listing is complete. Randomly select five employees/officials, obtain their personnel files, and:

Obtained listing of employees with their related salaries and management's representation that the listing is complete.

- a) Review compensation paid to each employee during the fiscal period and report whether payments were made in strict accordance with the terms and conditions of the employment contract or pay rate structure:

Each employee selected was paid in accordance with the terms and conditions of the employment contract or pay rate structure.

- b) Review changes made to hourly pay rates/salaries during the fiscal period and report whether those changes were approved in writing and in accordance with written policy:

Changes to pay rates during the fiscal period for selected employee were approved in writing.

18. Obtain attendance and leave records and randomly select one pay period in which leave has been taken by at least one employee. Within that pay period, randomly select 25 employees/officials (or randomly select one-third of employees/officials if the Entity had less than 25 employees during the fiscal period), and:

- a) Report whether all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.):

Documentation of daily attendance and leave was noted for each employee selected.

- b) Report whether there is written documentation that supervisors approved, electronically or in writing, the attendance and leave of the selected employees/officials:

Documentation of supervisor approval for attendance and leave was noted for each employee selected.

- c) Report whether there is written documentation that the Entity maintained written leave records (e.g., hours earned, hours used, and balance available) on those selected employees/officials that earn leave:

Documentation of written leave records were maintained for employees selected.

19. Obtain from management a list of those employees/officials that terminated during the fiscal period and management's representation that the list is complete. If applicable, select the two largest termination payments (e.g., vacation, sick, compensatory time) made during the fiscal period and obtain the personnel files for the two employees/officials. Report whether the termination payments were made in strict accordance with policy and/or contract and approved by management:

Obtained listing of employees terminated during the fiscal period and management provided representation that the listing is complete.

20. Obtain supporting documentation (e.g. cancelled checks, EFT documentation) relating to payroll taxes and retirement contributions during the fiscal period. Report whether the employee and employer portions of payroll taxes and retirement contributions, as well as the required reporting forms, were submitted to the applicable agencies by the required deadlines:

Required reporting forms relating to retirement contributions were submitted to the applicable agencies by the required deadlines during the fiscal period. However we noted payments for four of twelve months were not submitted by the required deadlines.

Ethics (excluding nonprofits)

21. Using the five randomly selected employees/officials from procedure #22 under “Payroll and Personnel” above, obtain ethics compliance documentation from management and report whether the Entity maintained documentation to demonstrate that required ethics training was completed:

Obtained ethics compliance documentation from management for all employees selected.

22. Inquire of management whether any alleged ethics violations were reported to the Entity during the fiscal period. If applicable, review documentation that demonstrates whether management investigated alleged ethics violations, the corrective actions taken, and whether management’s actions complied with the Entity’s ethics policy. Report whether management received allegations, whether management investigated allegations received, and whether the allegations were addressed in accordance with policy:

No alleged ethics violations were reported to the Entity during the fiscal year.

Debt Service (excluding nonprofits)

No exceptions noted during the fiscal year ended June 30, 2017 AUP engagement, therefore this section is excluded from testing this fiscal year.

Other

No exceptions noted during the fiscal year ended June 30, 2017 AUP engagement, therefore this section is excluded from testing this fiscal year.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
