

September 3, 2020

Daryl G. Purpera
Louisiana Legislative Auditor
P.O. Box 94397
Baton Rouge, Louisiana 70804-9397

Dear Mr. Purpera,

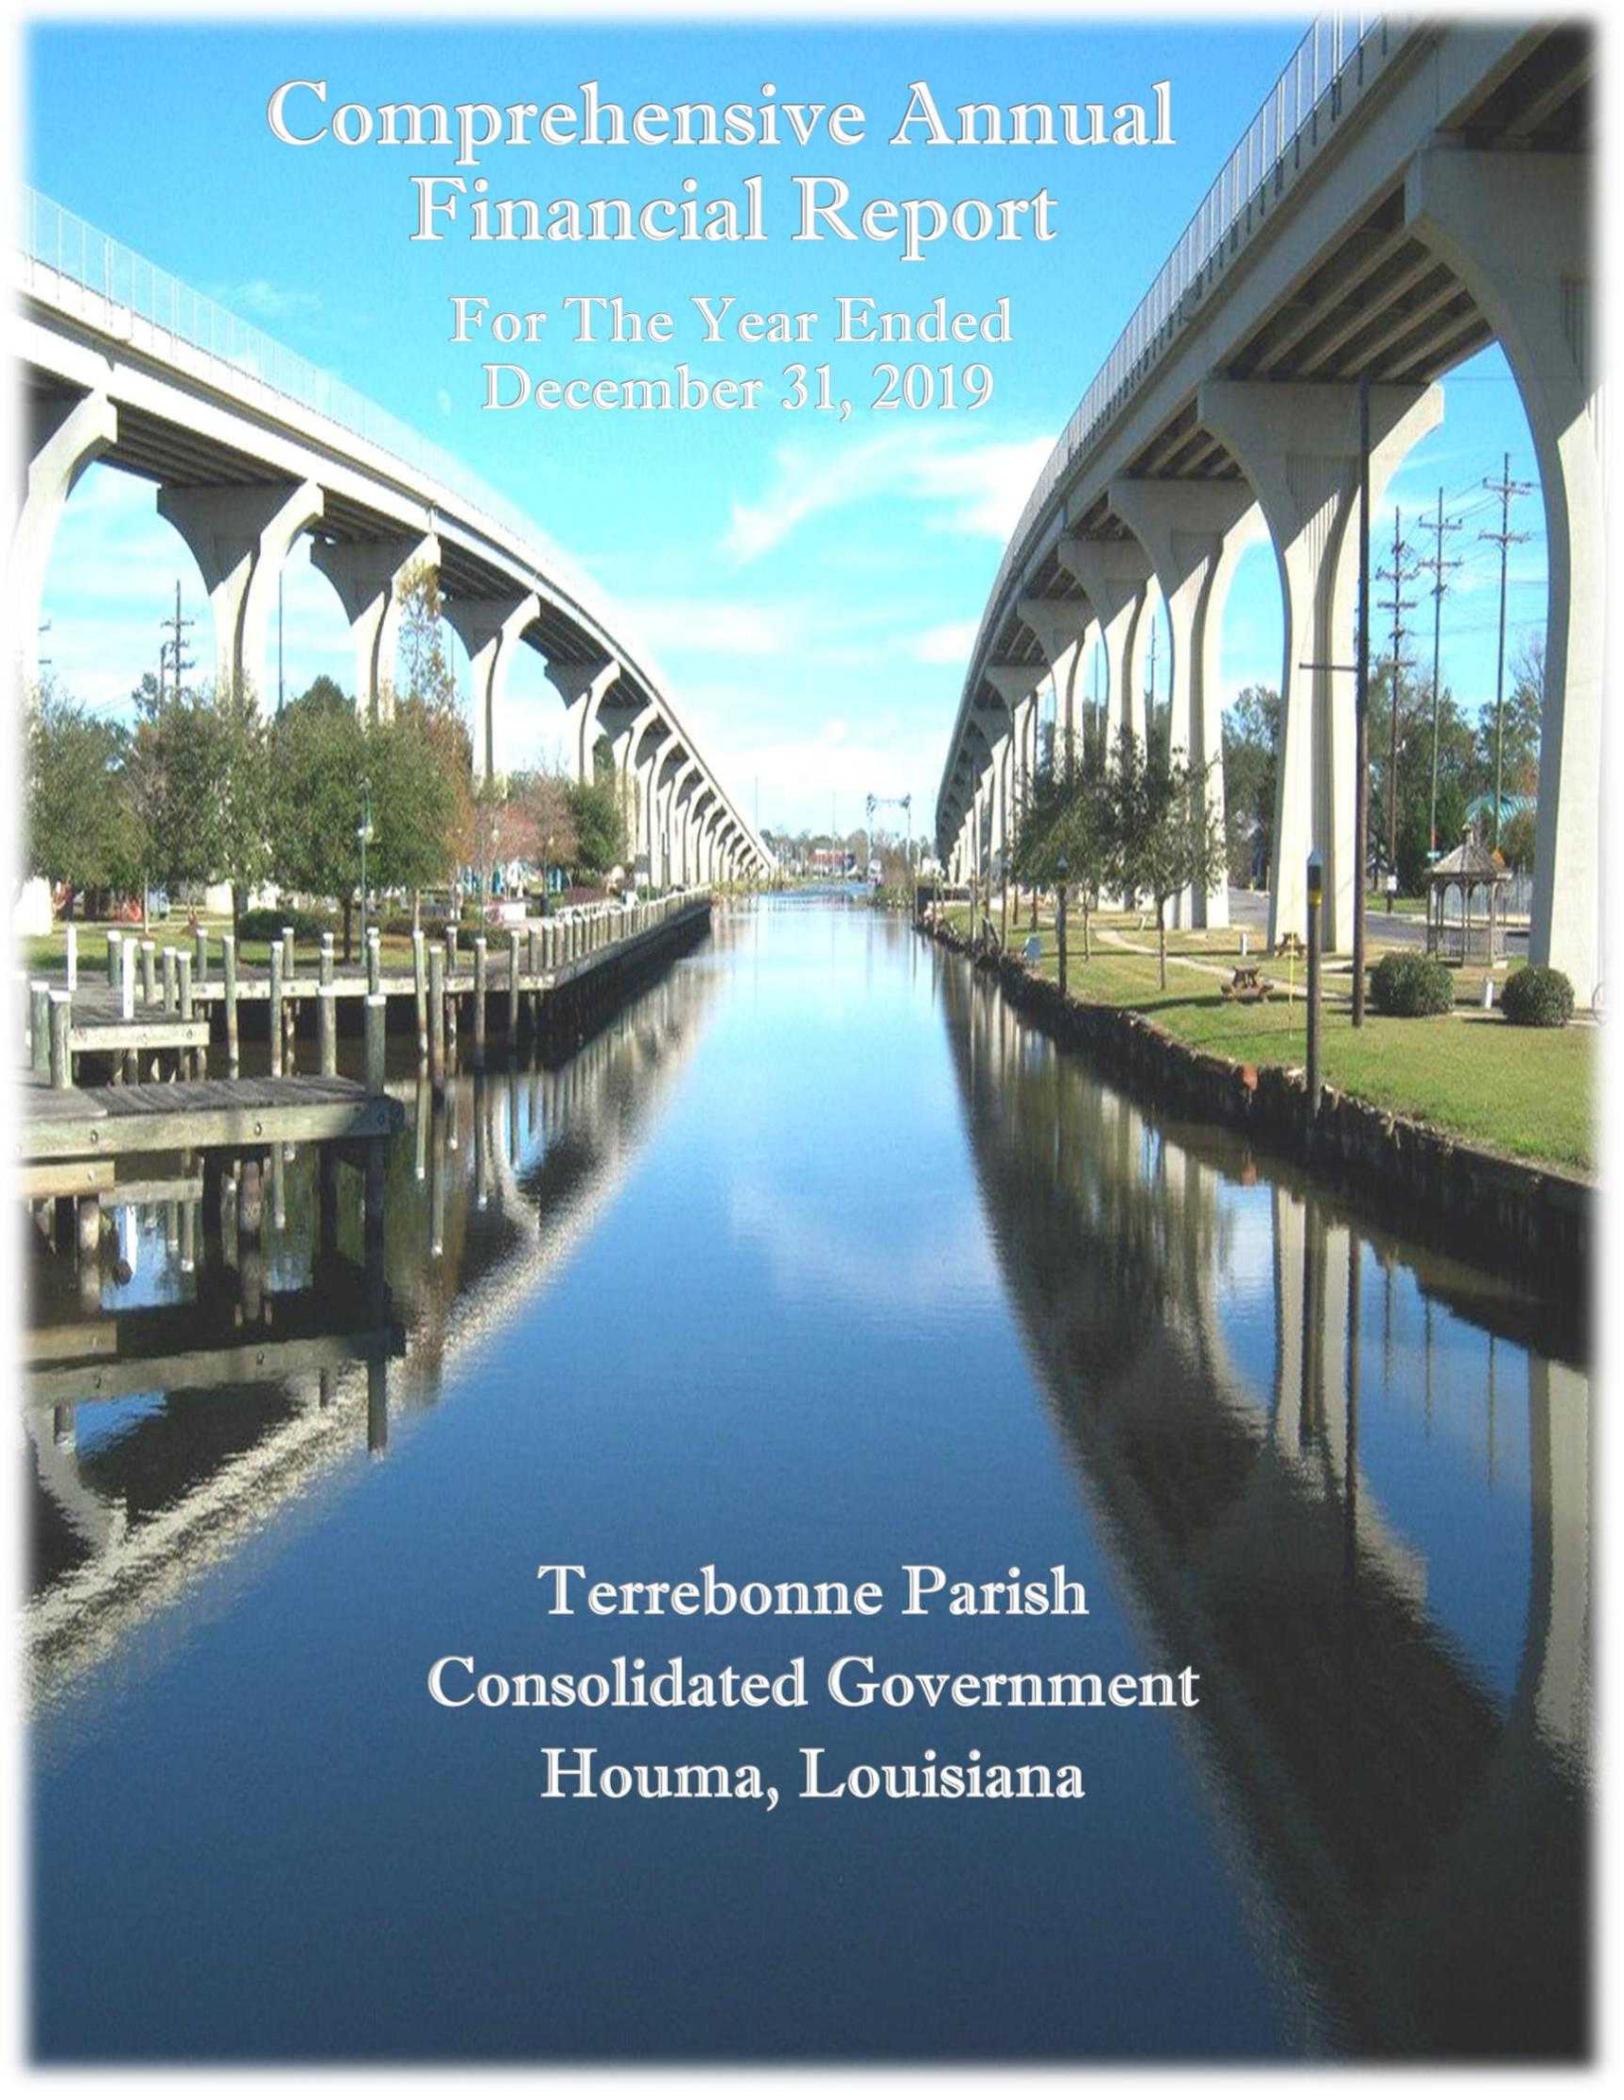

Attached is the revised report for Terrebonne Parish Consolidated Government for the fiscal year end December 31, 2019. We are re-submitting this report to your office, as a correction was made to the Schedule of Expenditures of Federal Awards (SEFA) and the notes to the SEFA. We have revised the amount of federal expenditures for CFDA No. 66.458, Capitalization Grants for Clean Water State Revolving Funds and added an additional note disclosure to detail loan assistance received. This change had no impact on the financial statements or audit procedures performed on the financial statements or SEFA.

Should you have questions, please reach out to me at (985) 868-0139.

Thank you,

Dan Toepfer, CPA
Director

The background of the cover is a photograph of a long, straight canal. On both sides of the canal, there are elevated concrete bridges with multiple arches. The water in the canal is calm and reflects the sky and the bridge structures. The sky is a clear, bright blue with a few wispy clouds. On the left side of the canal, there is a wooden dock structure. On the right side, there is a grassy area with some trees and utility poles. The overall scene is bright and clear, suggesting a sunny day.

TERREBONNE PARISH CONSOLIDATED GOVERNMENT

July 24, 2020

To the Honorable Parish President, Members of the Parish Council
And the Citizens of Terrebonne Parish, Houma, Louisiana

The Comprehensive Annual Financial Report of the Terrebonne Parish Consolidated Government (Parish Government) for the year ended December 31, 2019, is hereby submitted as mandated by the Home Rule Charter. The Home Rule Charter requires that the Council shall provide for an annual independent post audit and such additional audits as it deems necessary, of the accounts and other evidence of financial transactions of the Parish Government, including those of all Parish Government departments, offices or agencies. Audits may be performed by the State or the Council may designate a private auditor to perform such audits.

Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various governmental and business-type activities, funds, and component units of the Terrebonne Parish Consolidated Government in accordance with Generally Accepted Accounting Principles in the United States of America (GAAP). All disclosures necessary to enable the reader to gain an understanding of the Terrebonne Parish Consolidated Government's activities have been included.

The Terrebonne Parish Consolidated Government's and certain component units, financial statements have been audited by Bourgeois Bennett, LLC, a firm of licensed certified public accountants. Component unit financial statements audited by other auditors were furnished to Bourgeois Bennett, LLC, with their opinion, herein, insofar as it relates to the amounts included for these entities is based on the reports of the other auditors. In the opinion of Bourgeois Bennett, LLC, based on their audit and the reports of other auditors, there was a reasonable basis for rendering an unmodified opinion that the Terrebonne Parish Consolidated Government financial statements for the year ended December 31, 2019 are fairly presented in conformity with GAAP. The independent auditor's report is located at the front of the financial section of this report.

The Terrebonne Parish Consolidated Government is required to provide an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations, Part 200, the Uniform Administrative Requirements, Costs Principles and Audit Requirements for Federal Awards (Uniform Guidance). Information related to this single audit, including a schedule of expenditures of federal awards, and the independent auditor's reports on internal controls and compliance with applicable laws and regulations is included in a separately issued Single Audit Supplementary Financial Report.

The Terrebonne Parish Consolidated Government agreed with the Louisiana Legislative Auditor (LLA) to have procedures performed on the control and compliance areas identified in the LLA's Statewide Agreed Upon Procedures for the year ended December 31, 2019. Information related to these procedures, including procedures and associated findings are included in a separately issued Agreed Upon Procedures Report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

The Territorial Legislature defined Louisiana counties in April 1805, where Terrebonne was originally part of the County of Lafourche. On April 6, 1822, at the home of Alexandre Dupre, acting on a petition of 12 inhabitants and an order of election from Parish Judge Francis M. Guyol, there was a meeting to form a Police Jury for Terrebonne Parish. On March 16, 1848, the City of Houma was incorporated. The separate forms of local government continued until the consolidation election of July 11, 1981, when the voters approved a Home Rule Charter form of government, now known as the Terrebonne Parish Consolidated Government. Subject to the Charter, the Parish is authorized to exercise any power and perform any function necessary, requisite or proper for the management of its local affairs. The plan of government provided by this Home Rule Charter is known as the “President-Council” form of government.

Terrebonne Parish is the second largest parish in Louisiana, and is situated in the southern part of the state, in the heart of Cajun country. Terrebonne Parish has a total area of 2,067 square miles consisting of 987 squares miles of land and 1,080 miles of water. The U.S. Census Bureau estimated the 2019 population to be 111,543, an increase of 522 (0.47%) over 2018.

The Terrebonne Parish Consolidated Government includes a full range of services, including police and fire protection within the incorporated city limits of Houma; an urban electric system and parish gas utility system. Parishwide services include public works, coastal restoration and preservation, recreation programs, planning and zoning, public transportation, housing and human services, a civic center, solid waste, sewerage, emergency preparedness, and general administrative services.

The Management: The legislative power of the parish government consists of nine members elected to a four (4) year term, with a maximum of three consecutive terms. One (1) council member is elected from each district. The Parish President is an elected official serving as the chief executive officer over all departments, offices and agencies of the parish government, except as otherwise provided by the Charter. The President is elected at large for a four-year term, with a maximum of two consecutive terms.

For the year ended December 31, 2019, the Parish President appointed department heads subject to the approval of the Parish Council for the following major departments, and served at the pleasure of the President:

Administration	Legal	Coastal Restoration & Preservation
Finance	Parks and Recreation	Risk Management/Human Resources
Civic Center	Public Safety	Housing and Human Services
Utilities	Public Works	Planning and Zoning

LOCAL ECONOMY

Economic Condition and Outlook

Terrebonne Parish has a diverse group of industries working together to boost the local economy. From oil-and-gas services, to retail, to seafood, the Parish has the industry to support its residents. In order to obtain and maintain a strong economy the Parish must have the resources available for business retention and growth. A strong economy requires a healthy population and investment in prevention and wellness to promote a more productive, less stressed employee market. The Terrebonne Economic Development Authority Board has resumed management and with their new staff will continue to partner with the Parish Government to position our Parish among the most progressive and growth focused communities in Louisiana and our region; to develop and implement a clear strategy to support existing businesses as well as seek innovative ways to develop and attract new high growth industries to further diversify our local economy.

Economic Indicators:

Some of the economic indicators below have reflected the past growth and future potential growth of our Parish.

Year	Accounts Registered				Gross	
	Sales Tax Permits	Annual % Growth	Occupational Licenses	Annual % Growth	Sales Tax Collections	Annual % Growth
2009	8,031		6,284		104,636,527	
2010	8,317	3.6%	6,130	-2.5%	98,508,673	-5.9%
2011	8,563	3.0%	6,286	2.5%	100,914,024	2.4%
2012	8,885	3.8%	6,212	-1.2%	107,484,695	6.5%
2013	9,331	5.0%	6,272	1.0%	125,494,304 *	9.2%
2014	9,652	3.4%	6,213	-0.9%	134,604,419 *	13.2%
2015	9,420	-2.4%	6,320	1.7%	125,756,511 *	-6.3%
2016	10,211	8.4%	6,200	-1.9%	115,748,551 *	-7.7%
2017	10,518	3.0%	6,173	-0.4%	116,370,853 *	0.5%
2018	10,752	2.2%	5,926	-4.0%	120,035,296 *	3.1%
2019	11,181	4.0%	5,900	-0.4%	123,900,149 *	3.2%

** In 2013, the Terrebonne Parish Levee and Conservation District levied a ½% sales tax for the Morganza to the Gulf Hurricane Protection System, which has generated gross collections of \$75.8 million from 2013 to the end of 2019. This tax was not included in the formula calculating the annual percentage of growth for this period.*

According to the Louisiana Department of Labor, the annual average rate of local unemployment within Terrebonne Parish decreased to an average of 4.63% in 2019 and the average labor force decreased to 46,285 as reflected in the following table and chart.

Year	Average Labor Force *	Unemployment Rate *
2010	54,300	5.30%
2011	53,749	5.40%
2012	54,664	4.80%
2013	57,050	4.30%
2014	55,001	4.80%
2015	53,135	5.89%
2016	49,199	6.99%
2017	47,103	5.69%
2018	46,433	5.00%
2019	46,285	4.63%

Source: *Louisiana Department of Labor

Major Initiatives in 2019/2018

Terrebonne Parish has several major active initiatives in the Parish, which includes funding carried forward from 2018 and new funding in 2019 and 2020. These projects have been funded through bond proceeds, federal and state grants, sales taxes dedicated to capital improvements and non-recurring excess funds from operations, which will have a significant impact on the quality of life for the citizens of our Parish.

Drainage Improvements: \$62.9 million

The Parish has made an aggressive effort to improve the gravity and forced drainage systems throughout the populated areas. As a parish adjacent to the Gulf of Mexico, essential levee systems in the lower

reaches of the Parish continually need improvements, in lieu of a major hurricane levee system. Also, in the northern part of the parish, high waters occur due to overflow from the Atchafalaya River. The parish is initiating several large drainage pump stations to alleviate these high water events in light of the increasing heavy spring-thaws. Some of the major projects have been in partnership with the Terrebonne Levee and Conservation District.

Road and Bridge Improvements: \$3.5 million

Many of these projects have been funded to add critical roadways, extending thoroughfares and installing major turning lanes to minimize the impact and lessen the inconveniences resulting from our recent population growth; as well as to prepare us for future shifts in population as identified within the Comprehensive Master Plan. In 2018, the Parish added \$4.7 million to road initiatives, which includes Bayou Gardens Extension, Hollywood Road Widening, and Country Drive Widening. In 2018, the Hollywood Road Extension project was complete and continues an exterior roadway loop around the center of Houma. The last remaining project in construction, Country Drive Widening, was completed in the last quarter of 2019.

Government Buildings: \$6.5 million

The Parish of Terrebonne is located in one of the most southern regions of Louisiana, prone to flooding and high winds and storm surge during tropical weather. In 2011, the Parish purchased property to relocate key facilities and strategically consolidate a government campus. The Juvenile Detention Center and the Department of Public Works buildings failed to perform their intended functions during past Hurricanes Gustav and Ike. The Federal government has reached out to the Parish to fund the relocation of these two facilities to our northern campus with a higher flood elevation; both were completed in 2017. The Parish has been successful in obtaining state funds to supplement the construction of a new Emergency Operations Center and two Safe Rooms for first responders. The Emergency Operations Center and both Safe Rooms have been constructed and were completed in 2019.

Long-Term Financial Planning

Morganza-to-the-Gulf Hurricane-Protection Project: On November 17, 2001, the voters of Terrebonne Parish supported a quarter-cent sales tax to fund a hurricane protection project. Collections began July 1, 2002 and have generated about \$90.5 million to date. Terrebonne Parish Consolidated Government and Terrebonne Levee and Conservation District have an Intergovernmental Agreement to provide for the funding of the Morganza to the Gulf Project. This Project is to provide a system of levees and floodgates to protect the citizens of Terrebonne Parish from any tidal surges from tropical weather conditions. The mission of the Terrebonne Levee and Conservation District is to protect lives and property during times of emergency by using the available manpower and equipment in a safe and timely sequence, while maintaining the integrity of the levee systems and flood control structures. The project purpose is to protect infrastructure and the remaining fragile marsh from hurricane storm surge. The area is significantly affected by tides emanating from the Gulf of Mexico. Terrebonne Levee and Conservation District shall engage in flood control works as it relates to hurricane protection, tidal flooding, saltwater intrusion and conservation. The Parish and the District are jointly participating in this project to provide for the acquisition, construction, improvement, maintenance and operation of new and existing facilities for the furtherance of the statutorily authorized purposes of the District.

The proposed project, which recently received congressional authorization, is located in coastal Louisiana approximately 60 miles southwest of New Orleans, and includes portions of Terrebonne and Lafourche Parishes. The area is bounded on the west by Bayou Dularge and State Highway 311 and on the east by Bayou Lafourche with the east and west boundaries forming an apex at Thibodaux, LA. The southern boundary is the Gulf of Mexico. The recommended hurricane protection plan consists of approximately 72-miles of 30ft. high earthen levees with 12-floodgate structures proposed for the navigable waterways, 12-environmental enhancement structures, and a lock structure in the Houma Navigation Canal measuring 200-ft wide by 1200-ft long. The structural features are integrated into the levee alignment to provide flood protection, drainage, environmental benefit, and navigational passage. Construction of this plan is currently estimated to cost in excess of \$888 million and funding is to be shared 65% Federal/ 35% non-

federal with the Louisiana Department of Transportation and Development and the Terrebonne Levee and Conservation District as the local sponsors. It will take 15 to 16 years to build the entire system, which would be maintained by the Terrebonne Levee and Conservation District. The Army Corps of Engineers will likely operate the massive set of locks in the Houma Navigation Canal and Gulf Intracoastal Waterway water control structures.

Coastal Restoration: \$0.5 million

Partnered with the U.S. Department of Commerce through the State of Louisiana's Department of Natural Resources, the Parish has developed policies and programs to achieve a balance between development and conservation, restoration, creation and enhancement of coastal resources. Long term projects include the Falgout Canal Freshwater Enhancement and Lake Boudreaux Diversion (introduces freshwater into the marshes adjacent to the Houma Navigational Canal).

Sewerage Improvements: \$1.3 million

In 2010, the Parish issued \$17.9 million in Sewer Revenue Bonds (Build America Bond and Recovery Zone Economic Development) for the purpose of converting 6 lift stations to submersible pumps, mitigation of 4 lift stations in the South Treatment Plant service area and renovation of 11 other lift stations throughout the Parish and renovations of 2 treatment plants. In early 2014, the Parish approved the sale and issuance of \$2 million of taxable sewer revenue bonds. The proceeds will be used for relocating the discharge point of a wastewater treatment plant. The bonds have been sold to the United States Environmental Protection Agency and do not bear interest. In early 2016, the Parish approved the sale and issuance of \$8.0 million of taxable sewer revenue bonds. The proceeds will be used for the purpose of financing the acquisition and construction of additions, extensions and improvements to the Parish's waste collection and disposal system. The sewerage improvements will enable the receipt of flows from an industrial corridor.

Hurricanes Gustav/Ike Disaster Community Development Block Grant (CDBG) Allocation: In late 2008, Terrebonne Parish was impacted by Hurricanes Gustav and Ike. Terrebonne Parish has been named as a recipient of a Hurricane Gustav/Ike Disaster Community Development Block Grant Allocation. The State of Louisiana was allocated an estimated \$800 million, of which an estimated \$144 million is designated for Terrebonne Parish. The contract for the first allocation of \$77 million was awarded in mid-2009, a second allocation in 2010 for \$57 million and \$10 million in 2012. To date, the Parish has expended \$139.1 million. The following categories are on-going for 2019, with the remaining amounts as indicated:

- **Housing Programs (\$0.1 million):** Prior to Hurricanes Gustav and Ike the rental market was well beyond the available units and the housing prices were above the means of many workforce residents. The hurricanes have exacerbated these challenges. To expedite the growth of the rental market, Terrebonne Parish provided funding for the development of affordable multi-family and single family housing units. Terrebonne Parish also provided funding to first time homebuyers (approved in early 2010), and infrastructure for a mixed-income owner occupied single-family home development to increase the number of affordable housing units available to our residents.
- **Infrastructure (\$33.6 million):** The Parish is using recovery dollars to improve pump stations and increase the effectiveness of the levee system and coastal barriers to surge intrusion and erosion losses. The urgent need for a new Juvenile Detention Facility, Public Works Facility and expansion into the Gray area for sewerage has been addressed in the completion of the Juvenile Detention Facility, Public Works Facility and Sewerage projects in 2016 and there has been significant progress made on several levees and drainage pump stations. Growth plans include encouraging building homes in the northern part of the parish to supply homes for those who are not required to live down the bayou to have quick access to water-dependent industry and assets. These projects will be administered by the Parish rather than opting for state administration.

FINANCIAL INFORMATION

Internal Control

The Parish Administration is responsible for establishing and maintaining an internal control designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: the cost of a control should not exceed the benefits likely to be derived; and the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state and local financial assistance, the Parish is also responsible for ensuring that an adequate internal control is in place to ensure and document compliance with applicable laws and regulations related to these programs.

Budgetary Controls

The Parish maintains extensive budgetary controls, including an encumbrance system for interim periods only, with legal provisions embodied in the annual operating budget and five-year capital outlay budget, approved by the Parish Council. Activities of the General Fund, special revenue funds, Debt Service Fund, Capital Projects Fund, and proprietary funds are included in the annual appropriated operating budget. Capital and long-term projects are prepared for the five-year capital outlay fund budget.

Budget-to-actual comparisons are not presented for the Debt Service and Capital Project Fund in the accompanying financial statements. The budgetary data adopted for the Debt Service Fund is controlled by the provisions of the various bond issues. The Capital Project Fund present cumulative project budgets as opposed to annual budgets.

The level of budgetary control under the Parish President allows the transfer of part or all of any unencumbered appropriation within departments. Any amendment involving the transfer of monies from one department to another or exceeding amounts estimated must be approved by the Council. Further explanations can be found in the Notes to the Financial Statements (No. 2, “Stewardship, Compliance and Accountability”).

Financial Policies

The Parish complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in the Notes to the Financial Statements (Exhibit 20, No. 1, “Summary of Significant Accounting Policies”).

INDEPENDENT AUDIT

The Parish’s Home Rule Charter requires a comprehensive annual audit to be performed by the state or the Council may designate a private certified public accountant or firm of such accountants. The Parish financial statements have been audited by Bourgeois Bennett, L.L.C., a firm of licensed certified public accounts. The financial statements have received an “unmodified opinion” indicating that in all material respects, the Parish’s basic financial statements are presented fairly and in conformity with accounting principles generally accepted in the United States of America.

In addition, the audit also meets the requirements of the Uniform Guidance. The auditor’s reports related specifically to a single audit are issued under separate cover.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Terrebonne Parish Consolidated Government for its comprehensive annual financial report for the fiscal year ended December 31, 2018. This was the twenty-first consecutive year that the Parish has achieved this prestigious award. In order to be awarded a Certificate of Achievement, government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Parish has received the Distinguished Budget Presentation Award from the Government Finance Officers Association of the United States and Canada for the years 2003 through 2019 Annual Operating Budget. In order to qualify for the Distinguished Budget Presentation Award, the Parish's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communication device.

ACKNOWLEDGMENTS

We wish to express our appreciation to all departments of the Parish who assisted and contributed to the preparation of this report. Special acknowledgment is due to the staff of the Accounting and Information Technology Divisions of the Finance Department and audit staff of Bourgeois Bennett, LLC, whose dedicated efforts resulted in the successful completion of this report.

In addition, we express our appreciation to the former Parish President Gordon E. Dove and the 2019 Parish Council Members for their interest and support in planning and conducting the financial affairs of the Parish in a responsible and progressive manner during their terms in office.

Respectfully submitted,

Kandace M. Mauldin, CPA

INDEPENDENT AUDITOR'S REPORT

To the Parish President and the
Terrebonne Parish Council,
Houma, Louisiana.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Terrebonne Parish Consolidated Government, State of Louisiana (the Parish) as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Terrebonne General Medical Center, Houma-Terrebonne Airport Commission, Houma Area Convention and Visitors Bureau, Terrebonne Parish Port Commission, Houma-Terrebonne Regional Planning Commission, Houma-Terrebonne Public Trust Financing Authority, District Attorney of the Thirty-Second Judicial District, Clerk of Court, Assessor, Terrebonne Parish Fire Districts No. 5, 6, 7, 8 and 9, Bayou Cane Fire Protection District, Coteau Fire Protection District, Terrebonne Parish Recreation Districts No. 2/3, 3, 6, 7, and 8, Terrebonne Parish Veterans' Memorial District, Terrebonne Parish Communications District, Firemen's Pension and Relief Fund, Thirty-Second Judicial District Court, Terrebonne Parish Coroner and Terrebonne Economic Development Authority which represent 46.38% of the assets and deferred outflows of resources of the aggregate discretely presented component units. Furthermore, the above listed component units represent 77.20% of the revenues of the aggregate discretely presented component units. In addition, the financial statements of the aforementioned component units represent 100% of the assets and additions to fiduciary trust funds. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for these entities, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Parish's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control. Accordingly, we express no such opinion. An audit includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Parish, as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 4 through 16 and the Schedules of Changes in Parish OPEB Liability and Related Ratios, the Parish's Proportionate Share of Net Pension Liability (Asset), Parish Contributions, Changes in the Parish Net Pension Liability and Related Ratios and Parish Contributions on pages 133 through 141, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Terrebonne Parish Consolidated Government, Louisiana's basic financial statements. The introductory section, supplementary information section (Statements A-1 through I), and statistical information section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information section, Statements A-1 through I, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional audit procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section (pages i through xviii) and statistical information section (pages 210 through 242) have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 24, 2020 on our consideration of the Terrebonne Parish Consolidated Government, Louisiana's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Parish's internal control over financial reporting and compliance.

Certified Public Accountants.

Houma, Louisiana,
July 24, 2020.

TERREBONNE PARISH CONSOLIDATED GOVERNMENT

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Finance Department, Accounting Division is responsible for the overview and analysis of the financial activities of the Terrebonne Parish Consolidated Government (the Parish) for the year ended December 31, 2019. The explanation provided is designed to introduce the financial highlights and offer an overview of our financial statements.

Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and facts known to date. This narrative includes a government-wide financial analysis of revenues, expenses, and changes in the net position. Further detail offers our readers a financial analysis of the Parish's funds consisting of the governmental fund types and proprietary funds. We encourage our readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages vii through xviii of this report.

FINANCIAL HIGHLIGHTS

Assets and deferred outflows of resources of the Parish, the primary government, exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$542.1 (net position).

The Parish's total net position decreased by \$12.9 million during 2019. Governmental activities' net position decreased \$8.6 million during 2019. The business-type net position decreased by approximately \$4.3 million in 2019.

At the end of our current fiscal year, the Parish's governmental funds reported combined ending fund balances of \$98.4 million, a decrease of \$28.9 million in comparison with the prior year. Approximately 54.1% of this total fund balance, \$53.2 million, is funds not restricted or committed for special purposes or in a nonspendable form.

At year-end, the amount of the fund balance not restricted or committed for special purposes in the General Fund was \$9.5 million, or 29.7% of total 2019 General Fund expenditures and transfers out.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Terrebonne Parish Consolidated Government's basic financial statements. The Terrebonne Parish Consolidated Government's basic financial statement comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements reported in Exhibits 1 and 2 are designed to provide readers with a broad overview of the Terrebonne Parish Consolidated Government's finances, in a manner similar to a private-sector business. The statements combine all governmental funds' current financial resources with capital assets and long-term obligations. Also presented in the government-wide financial statements is a total column for the business-type activities of the primary government. Component units are separate legal governmental entities to which the Parish may be obligated to provide financial assistance and are presented as a separate column in the government-wide statements and as individual activities in Exhibits 18 and 19.

The statement of net position reported in Exhibit 1 presents information on all the Parish's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as useful indicator of whether the financial position of the Parish is improving or deteriorating.

The statement of activities reported in Exhibit 2 presents information showing how the government's net position changed during the most recent fiscal year. All changes are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. For example, earned but unused vacation leave result in cash flows for future periods. The focus of the statement of activities is on both the gross and net cost of various activities, which are funded by the government's general tax and other revenues. This is intended to summarize information and simplify the user's analysis of cost of various governmental services and/or subsidy to various activities and component units.

The government wide financial statements distinguish functions of the Parish that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Parish include the financial activities of the General Government (parish legislative and administration services, finance, government buildings, engineering, planning/zoning, risk management/human resources, legal); Public Safety (city police, city fire, juvenile detention, adult jail, emergency preparedness and public transit); Streets and Drainage (public works, centralized fleet maintenance, drainage, roads and bridges); Health and Welfare (human services); Culture and Recreation (parks and recreation programs); Education (agricultural center); Urban Redevelopment and Housing; Economic Development and Assistance; and Conservation and Development. The business-type activities of the Parish include an electric generation and distribution system, a natural gas distribution system, a sewerage collection system, a sanitation maintenance system and operations of the Houma-Terrebonne Civic Center.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Terrebonne Parish Consolidated Government, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Parish can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental major fund presentation in Exhibits 3 through 12 is presented on a modified accrual basis. This is the manner in which the financial budget is typically developed. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements. The Parish has presented the following major funds: General Fund, Public Safety Fund, Grant Fund, Road and Bridge Maintenance Fund, Drainage Maintenance Fund, Terrebonne Levee and Conservation District Fund and Capital Projects Fund.

All nonmajor governmental funds are presented in one column, titled Other Governmental Funds. Combining financial statements of the nonmajor funds can be found in Statement A of the Supplementary Information Section that follows the Required Supplementary Information Section of this report.

Proprietary Funds report both enterprise and internal service funds on the fund financial statements. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statement. The intent is that costs of goods or services provided to the general public on a continuing basis be financed primarily through user charges. The Parish uses enterprise funds to account for its Utility System (electric and gas), Sewer System, Sanitation operations and operations of the Houma-Terrebonne Civic Center. The internal service funds are an accounting device used to accumulate and allocate costs internally among the Parish's various functions. The government uses internal service funds to account for the financing of goods or services provided by the Risk Management (self-insurance, group benefits), Human Resources Administration (self-funded employment plan), Centralized Purchasing/Warehouse, Information Systems and Centralized Fleet Maintenance Departments. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities section in the government-wide financial statements. Combining statements of the individual internal service funds can be found in Statement C of the Supplementary Information Section following the Required Supplementary Information Section of this report.

Fiduciary Funds are used to account for resources held for the benefit of parties outside the Parish. While these funds represent a trust responsibility, these assets are restricted in purpose and do not represent discretionary assets of the government. Therefore, these assets are not presented as part of the government-wide financial statements. The basic fiduciary fund financial statements can be found on Exhibits 16 and 17.

While the total column on the business-type fund financial statements for enterprise funds (see Exhibit 13, 14 and 15) is the same as the business-type column at the government-wide financial statement, the governmental major funds total column requires a reconciliation because of the different measurement focus which is reflected on the page following each statement (see Exhibits 4 and 6). The flow of current financial resources reflects bond proceeds and interfund transfers as other financial sources as well as capital expenditures and bond principal payments as expenditures. The reconciliation eliminates these transactions and incorporates the capital assets and long-term obligations into the governmental activities column in the government-wide statements.

Capital Assets

General capital assets include land, construction in progress, improvements to land, easements, buildings, vehicles, machinery and equipment, infrastructure, and all other tangible assets that are used in operations and that exceed the Parish's capitalization threshold explained in Note 1D, Exhibit 20. The Parish has capitalized all general capital assets. All infrastructure projects completed and acquired since year 1980 have been capitalized.

Other Information

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are a required part of the basic financial statements and can be found in Exhibit 20 of this report.

Required Supplementary Information

The required supplementary information presented immediately following the notes to financial statements in Exhibit 21 presents the Schedule of Changes in the OPEB Liability and Related Ratios for the Parish plan. January 1, 2019 was the date of the (OPEB) Plan's latest actuarial valuation. The Schedules of Parish's Proportionate Share of Net Pension Liability (Asset) for the Parish's participation in statewide pension plans are presented in Exhibits 22 through 24 and the Schedules of Parish Contributions for the Parish's participation in statewide pension plans are presented in Exhibits 25 through 27. Exhibits 28 and 29 present the Schedule of Changes in the Parish Net Pension Liability and Related Ratios and the Schedule of Parish Contributions for the Firemen's Pension and Relief Fund.

Supplementary Information

The combining statements referred to earlier in connection with the nonmajor governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements include Statements A-1 through D-2 of the report. Information on capital assets used in the operations of governmental funds is found in Statements E-1 through E-3. Information required by Federal regulations and state laws is presented in Statements F through H. Additional information on capital assets used in the operations of the Utility Fund is reported in Statement I.

Statistical Information

Tables 1 through 22 are included for additional information and analysis and does not constitute a part of the audited financial statements.

Single Audit

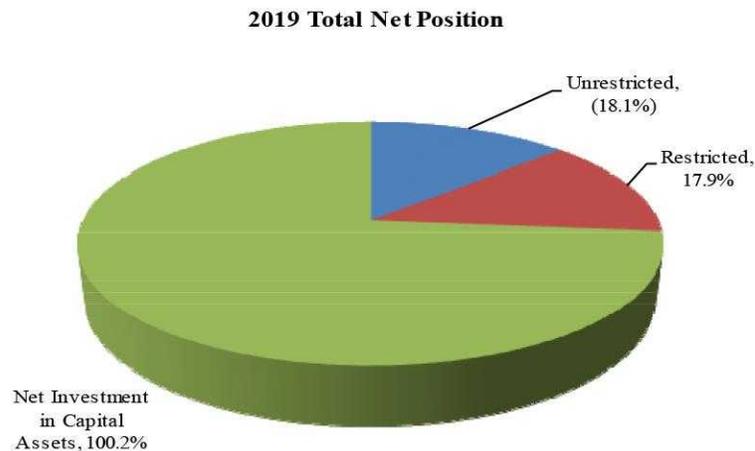

The Uniform Guidance auditor reports, findings and schedules are included in a separately issued Single Audit Supplementary Financial Report.

Government-Wide Financial Analysis

The table below reflects the condensed statement of net position for 2019, with comparative figures from 2018.

Terrebonne Parish Consolidated Government Condensed Statements of Net Position December 31, 2019 and 2018 (in millions)						
	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018
Assets:						
Current and Other Assets	\$ 180.2	\$ 215.9	\$ 55.1	\$ 61.9	\$ 235.3	\$ 277.8
Restricted Assets	0.1	0.1	5.2	4.5	5.3	4.6
Capital Assets	458.3	438.9	168.6	163.5	626.9	602.4
Total Assets	638.6	654.9	228.9	229.9	867.5	884.8
Deferred Outflows of Resources	26.9	10.4	3.6	0.7	30.5	11.1
Liabilities:						
Current Liabilities	36.3	40.4	7.9	7.2	44.2	47.6
Long-term Liabilities	226.9	211.9	28.4	22.6	255.3	234.5
Total Liabilities	263.2	252.3	36.3	29.8	299.5	282.1
Deferred Inflows of Resources	44.3	46.4	12.1	12.4	56.4	58.8
Net Position:						
Net Investment in Capital Assets	389.6	385.7	153.2	150.2	542.8	535.9
Restricted	65.2	59.4	32.0	39.2	97.2	98.6
Unrestricted	(96.8)	(78.5)	(1.1)	(1.0)	(97.9)	(79.5)
Total Net Position	\$ 358.0	\$ 366.6	\$ 184.1	\$ 188.4	\$ 542.1	\$ 555.0

For more detailed information see Exhibit 1, Statement of Net Position.

Approximately 100.2% of the Parish's total net position as of December 31, 2019, reflects the Parish's net investment in capital assets (land, construction in progress, buildings, infrastructure, machinery and equipment net of accumulated depreciation) less any related outstanding debt used to acquire those assets that is still outstanding. The Parish uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Another 17.9% of the government's net position is subject to external restrictions as to their use.

The remaining unrestricted net position resulted in a deficit of \$97.9 million following the recognition of long-term obligations for the other postemployment benefits, \$68.7 million, and the net pension liability of \$23.4 million.

The table below provides a summary of the changes in net position for the year ended December 31, 2019, with comparative figures from 2018:

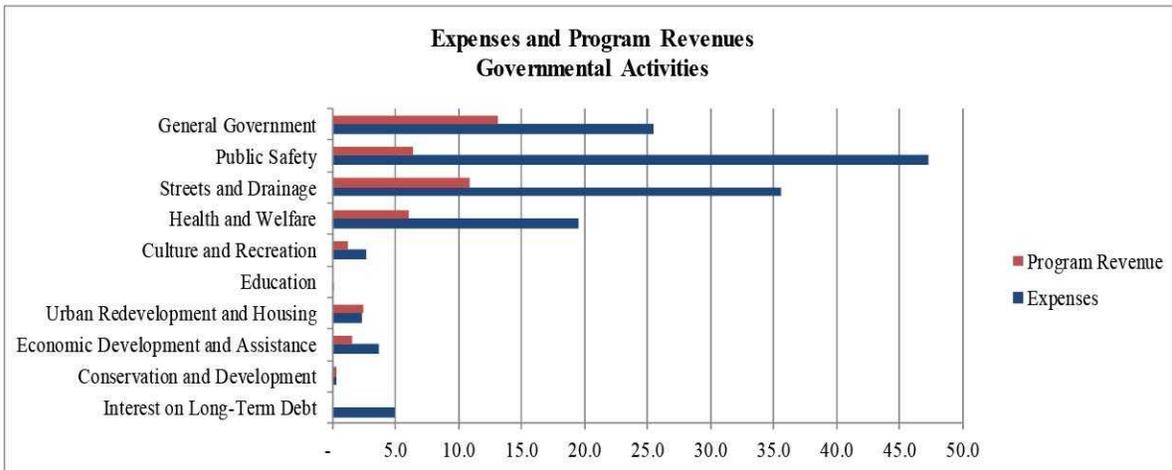

Terrebonne Parish Consolidated Government
Condensed Statements of Changes in Net Position
December 31, 2019 and 2018
(in millions)

	Governmental Activities		Business-Type Activities		Total

Net Position, January 1	<u>366.6</u>	<u>288.3</u>	<u>188.4</u>	<u>180.3</u>	<u>555.0</u>	<u>468.6</u>
Net position, December 31	<u>\$ 358.0</u>	<u>\$ 366.6</u>	<u>\$ 184.1</u>	<u>\$ 188.4</u>	<u>\$ 542.1</u>	<u>\$ 555.0</u>

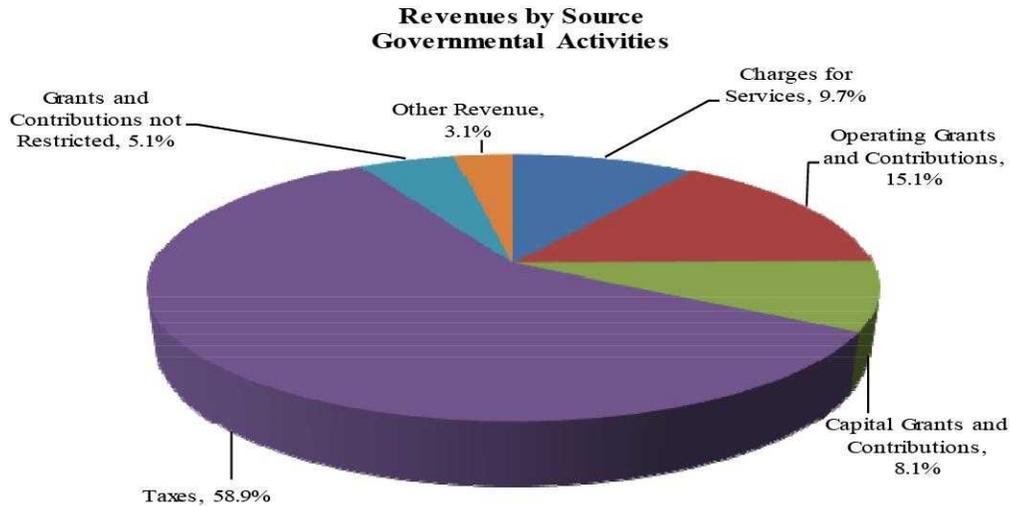

The government's net position decreased by \$12.9 million during the current fiscal year.

Governmental Activities net position decreased \$8.6 million in 2019, a decrease of \$86.9 million from 2018, primarily due to the items listed below:

1. A net decrease in total revenues of \$18.6 million, represented largely by a change in the following areas:
 - Operating grants and contributions, net increase of \$1.6 million. Restricted funds had a net increase in investment earnings of \$2.3 million. In 2019 Hurricane Barry caused some damages to the Parish as well as the Lower Mississippi River Basin Flood. Both of these caused an increase of \$0.8 million in FEMA reimbursements. A multi-year grant for CDBG Disaster Recovery program received \$0.6 million in 2019 and \$2.0 million in 2018. The Parish also has a multi-year grant for hazard mitigation from Hurricane Gustav that received \$0.1 million in 2019 and \$2.3 million in 2018. In 2019, the Parish received \$1.5 million in GOMESA Revenue.
 - Capital grants and contributions, net decrease of \$22.8 million. A multi-year grant with several non-recurring projects from the HUD Recovery Grant received \$4.3 million in 2019 and \$17.2 in 2018. In 2019, the Parish received \$0.8 million from the State for the Emergency Operations Center Safe Room and the Eastside Saferoom and in 2018 received \$1.9 million for said projects. Terrebonne Levee and Conservation District paid the Parish \$0.1 million in 2019 and \$3.6 in 2018 for the Falgout Canal Road Restoration. The Parish received \$3.3 million in 2018 and none in 2019 from the State for the Upper Little Caillou Pump Station. In 2019 the Parish received \$1.0 million Department of Transportation and Development for various sidewalk projects, and \$0.1 million in 2018 for these projects. In 2018, the Parish received \$1.1 million for the Falgout Canal from Coastal Protection and Restoration Authority and none in 2019.
 - The sales tax collections increased by \$1.2 million in 2019.
2. Net increase in expenses of \$69.4 million, the majority represented by changes in the following:
 - During the year ended December 31, 2019, the Parish increased expenses and liabilities related to Postemployment Benefits other than Pensions. The total increase compared to the decrease in prior year in governmental activities resulted in a net increase of \$53.3 million (\$7.3 million General Government; \$34.0 million Public Safety; \$8.9 million Streets and Drainage; \$1.7 million Health and Welfare; \$0.6 million Culture and Recreation; \$0.7 Economic Development and Assistance; \$0.1 million Conservation and Development).
 - During the year ended December 31, 2019, the Parish increased expenses related to the net pension liability. Compared to the 2018 expense the net increase is \$0.6 million (\$0.4 million General Government; \$0.2 million Public Safety (decrease); \$0.3 million Streets and Drainage; \$0.1 million Health and Welfare).
 - All Parish employees received a 2% cost of living adjustment during 2019 and the premiums for group insurance increased as well in 2019.
 - The Parish recognized \$15.2 million in depreciation expense during the year ended December 31, 2019 which was a net increase of \$0.8 million from 2018 (\$0.2 million General Government; \$0.1 million Public Safety (decrease); \$0.7 million Streets and Drainage).
 - Public Safety, \$47.3 million net increase. The Parish increased the per diem rate for keeping of prisoners in 2019 causing an increase of \$1.5 million. Also, in 2019, the Parish increased the levee expenses by \$10.2 million.
 - Streets and Drainage, \$13.8 million net increase. During 2019 the Parish had \$0.8 million in expenses related to the Lower Mississippi River Basin Flood. Various repairs made to streets, bridges and levees accounted for an increase of 0.8 million. The Parish implemented an asphalt overlay project parish wide in 2019 for a total of \$0.4 million.
 - Health and Welfare, \$3.6 million net increase. The Parish granted money to the Terrebonne Council on Aging in 2019 for \$7.2 million and \$6.0 million in 2018.
 - Economic Development and Assistance, \$2.9 million net decrease. The Parish received a non-recurring multi-year grant for elevation of homes that have flooded from previous name storms. In 2019, the Parish expended \$0.9 million and in 2018 \$2.3 million. The Parish also received a multi-year grant for CDBG Disaster Recovery which expended \$0.7 million in 2019 and \$2.3 in 2018.
 - Conservation and Development, \$3.5 million net decrease. In 2018, the Parish had \$3.7 million in expenses for the Falgout Canal Freshwater/Coastal Restoration Program and did not expend any funds in 2019.

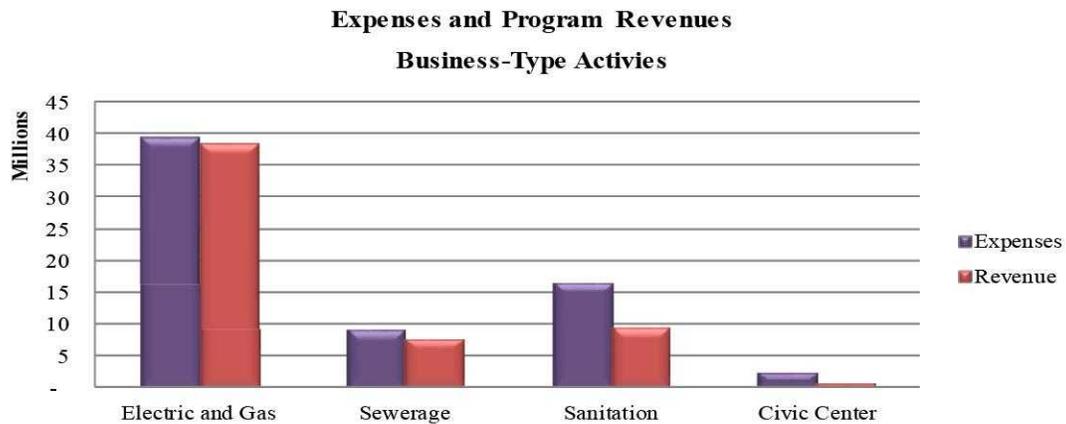

As shown below, 58.9% of the revenues generated by Governmental Activities are taxes, made up primarily of property and sales taxes. Grants represent 28.3% of the total revenue source for Governmental Activities.

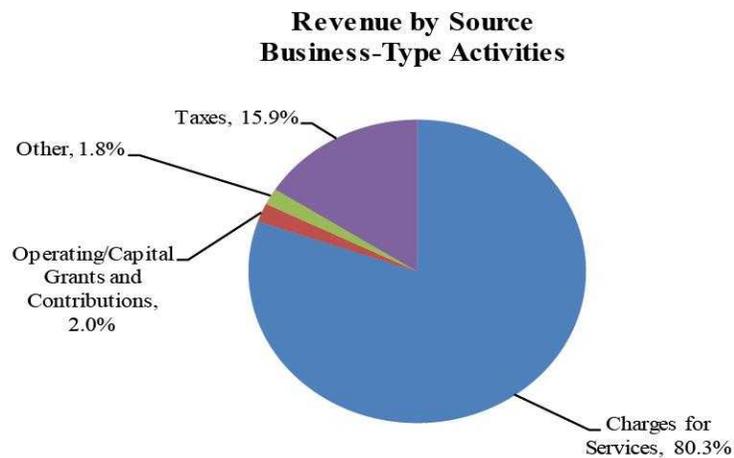

Business-Type Activities decreased by approximately \$11.0 million in 2019 for program revenues and operating expenses, compared to an increase of \$0.5 million for 2018. The primary reasons for the changes in activities were as follows:

- During the year ended December 31, 2019, the Parish increased expenses and liabilities related to Postemployment Benefits other than Pensions. This increase compared to the decrease in the prior year resulted in a net increase of \$8.1 million (\$4.4 million Electric and Gas; \$1.9 million Sewerage; \$1.1 million Sanitation; \$0.7 million Civic Center). The following are the changes without these adjustments:
 - Electric and Gas, \$0.9 million net decrease in activities, compared to \$2.1 million increase in 2018. The decrease is due to the decrease in sales revenue.
 - Sewerage, \$1.1 million net decrease in activities, compared to \$1.7 million increase in 2018. The change is due to increase in personal services in 2019.
 - Sanitation Maintenance, \$6.8 million net decrease in activities, compared to \$6.1 million decrease in 2018. The decrease is due to an increase in garbage disposal and collection fees for 2019. The increase is also due to the implementation of the parish wide litter program and the increase in the mosquito control contract.
 - Civic Center, \$1.7 million net decrease in activities, compared to \$1.9 million decrease in 2018. The decrease is due to the increase in facility rentals in 2019.

The following graph compares program income to the operating expenses of each activity. See Exhibit 2 for a detail of the activity.

The chart below breaks down the business activities revenue by source:

Financial Analysis of the Government's Funds

Governmental Funds: The focus of the Parish's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Parish's financing requirement. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The combined fund balances of the Parish's governmental funds at December 31, 2019 were \$98.4 million as compared to \$127.3 million at January 1, 2019, a decrease of \$28.9 million. Approximately 45.0% of total fund balance represents restricted amounts that can be spent only for specific purposes; 1.2% is committed; 46.6% is assigned; and 7.2% is unassigned. Each of these classifications is defined in Note 1D, Exhibit 20.

The General Fund is the chief operating fund of the Parish, with a \$12.2 million fund balance at the end of 2019 compared to \$13.3 million in 2018. The net decrease of \$1.1 million is due to an increase in total expenditures. An increase in revenues is largely due to the increase in sales tax collections (\$0.2 million) and State Mineral Royalties (\$0.3 million) received in 2019. Expenditures increased in 2019 because of the increase in per-diem rate for keeping of prisoners (\$1.5 million), the expenditures related to the Lower Mississippi River Basin Flood (\$0.8 million) and an increase in capital

outlay (\$0.3 million). Approximately 22.4% of the fund balance represents restricted amounts that can only be used for specific purposes; 19.5% in assigned; and 58.1% in unassigned.

Major funds represented by the Public Safety Fund (Police and Fire within the city limits of Houma), Grant Fund, Road and Bridge Maintenance Fund, Drainage Maintenance Fund, Terrebonne Levee and Conservation District Fund and Capital Projects Fund had a combined net decrease in their fund balances of \$30.6 million. The significant decrease is recognized in the Capital Projects Fund, \$18.1 million, for multi-year projects, which results in fluctuating fund balances depending on the level of construction in progress. The decrease in the Terrebonne Levee and Conservation District Fund is also a part of the total decrease in major funds. The decrease of \$12.6 million is the result of the increase in levee expenses in 2019.

Proprietary Funds: The Parish's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Utilities Fund at December 31, 2019 reflected a balance of \$11.4 million. This fund is used to account for electricity and gas services to certain areas of the Parish. This fund is self-supporting from charges for service revenues. This fund encompasses all operations associated with electric generation and distribution and gas distribution. Net investment in capital assets of the Utility Fund, at the end of the current fiscal year totaled \$51.8 million.

The Sewerage Fund of the Parish had unrestricted net position of \$2.9 million at December 31, 2019. This fund encompasses all assets associated with sewerage operations, maintenance, and capital improvements held by the Parish. Net investment in capital assets of the Sewerage Fund at the end of the current fiscal year totaled \$78.8 million.

The Sanitation Maintenance Fund had unrestricted net position of \$17.6 million. The net investment in capital assets at the end of current fiscal year totaled \$13.0 million. The non-operating revenues include user fees supplemented by an ad valorem tax. Fund revenue includes \$1.9 million of property tax assessed for pay-as-you-go construction and the repayment of limited liability bonds for major liquid waste projects in the future. The remaining property tax revenue, \$8.8 million is assessed to supplement operations

The Civic Center Fund had \$9.6 million of net investments in capital assets. A general fund supplement totaling \$1.0 million in 2019 was required for the operations and maintenance of the facility in addition to the revenues generated by sales and service charges.

General Fund Budgetary Highlights

The difference between the original General Fund budget and the final amended budget was \$0.8 million revenue increase; \$3.2 million expenditure increase and \$0.5 million increase in transfers out to other funds.

During the year, budget amendments were prepared increasing revenues for mineral royalties (\$0.2 million), the First Time Homebuyer program (\$0.2 million), Downtown Development Corporation (\$0.2 million) and donations to the animal shelter (\$0.1 million). Expenditures were also amended to account for the increase in per-diem rate for keeping of the prisoners (\$1.5 million), expenditures related to the First Time Homebuyer program (\$0.2 million); expenditures for Downtown Development Corporation (\$0.2 million) and the increase in capital outlay (\$0.5 million) for new computers, vehicles and repairs to the government tower building.

Material differences between actual results and final budgeted amounts in the General Fund were primarily related to the following:

- \$0.6 million increase in revenues for FEMA Reimbursements.
- \$0.6 million increase in revenue for mineral royalties.
- \$0.4 million decrease in public safety expenditures for the decrease in medication, medical contract and Medical Professional Liability insurance.
- \$0.4 million decrease in economic development and assistance for various festivals/events not held in 2019, the full First Time Homebuyer program not all being used in 2019 and a decrease in expenditures for Downtown Development Corporation.
- \$0.3 million decrease in expenditures for capital outlay.

Capital Asset and Debt Administration

Capital Assets: The Terrebonne Parish Consolidated Government's net investment in capital assets for its governmental and business type activities as of December 31, 2019, amounts to \$626.9 million (net of \$401.5 million in accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and system improvements, machinery and equipment, gas and electric utility systems, civic center, landfill, sewer system facilities, roads, highways, bridges, and drainage systems, consisting of street and drainage projects accepted into the Parish maintenance system. The net increase in the Parish's net capital assets for the current fiscal year was \$24.5 million as compared to the beginning net capital assets. There was a 4.2% net increase for governmental activities capital assets and 3.0% net increase for business-type activities capital assets.

Major capital asset events during the current fiscal year included the following completed projects:

- Various emergency generators, \$0.8 million
- Eastside safe room, \$1.4 million
- Department of Public Works survey and telemetry building, \$0.7 million
- CDBG Falgout Canal with Barge Gate (infrastructure), \$16.9 million
- Bonanza pump station (infrastructure), \$0.9 million
- Ellendale Levee (infrastructure), \$1.5 million
- Emergency Operations Center, \$6.7 million
- Westside Blvd Extension to MLK (infrastructure), \$0.6 million
- Hollywood Road Extension, Valhi to Hwy 182 (infrastructure), \$5.3 million

In addition, the capitalization of major projects still in progress at the end of the year included the following:

- Bayou Country Sports Complex, \$4.4 million
- Systems Channels Project 1-1B Forced Drainage, Various Phases (infrastructure), \$4.4 million
- Suzie Canal North Levee (infrastructure), \$6.2 million
- Ward 7 Levee Elevation (infrastructure), \$21.2 million
- Six-foot ditch levee (infrastructure), \$1.3 million
- Upper Little Caillou pump station (infrastructure), \$5.8 million
- Lower Ward 7 marsh creation project (infrastructure), \$0.7 million
- Petite Caillou Lock Structure (infrastructure), \$7.2 million
- Petite Caillou drainage project (infrastructure), \$1.4 million
- Lake Boudreaux Diversion, \$0.6 million
- Bayou Black Pump Station (infrastructure), \$8.5 million
- Airbase splash park, \$0.7 million
- 1-1A Forced Drainage (infrastructure), \$2.7 million
- Bayou Terrebonne Pump Station (infrastructure), \$0.9 million
- Valhi Drainage with sluice gates (infrastructure), \$3.7 million
- Bayou Terrebonne Lock System (infrastructure), \$1.3 million
- Elliot Jones Pump Station (infrastructure), \$0.8 million
- Government Building safe room at Emergency Operating Center, \$2.7 million
- Hollywood Road (south) 4-Lane (infrastructure), \$24.4 million
- Country Drive Widening (infrastructure), \$8.1 million
- West Park Sidewalks, Royce to Marietta (infrastructure), \$0.6 million

Additional information on the Parish's capital assets can be found in Note 8, Exhibit 20 of this report.

Long-term Debt: At the end of the current fiscal year, the Parish had total bonded debt outstanding of \$141.5 million compared to the prior year of \$145.8 million, which is reflected below.

Terrebonne Parish Consolidated Government
Summary of Outstanding Debt at Year-End
December 31, 2019 and 2018
(in millions)

	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018
Public Improvement	\$ 97.8	\$ 102.4			\$ 97.8	\$ 102.4
General Obligation	9.7	10.7			9.7	10.7
Limited Tax Bonds	2.3	2.5	\$ 3.6	\$ 0.6	5.9	3.1
GOMESA Bonds	16.3	16.9			16.3	16.9
Revenue Bonds			11.8	12.7	11.8	12.7
Total	\$ 126.1	\$ 132.5	\$ 15.4	\$ 13.3	\$ 141.5	\$ 145.8

Additional information on the Parish's long-term debt can be found in Note 10, Exhibit 20 of this report.

Public improvement bonds are funded by the net collections of sales and use taxes levied by the Parish. New bonds cannot be issued if the highest future year's principal and interest payment will exceed 75% of the anticipated revenues of the tax securing the bonds for the year the bonds are sold. Debt service due within one year for Public Improvement Bonds is \$5.1 million, which is 46.6% of the budgeted 2020 Capital Improvement Sales Tax and Morganza to the Gulf Hurricane Protection Sales Tax revenues.

The Parish's general obligation bond debt may not exceed 10% of the assessed value of all property of the Parish for any one purpose. These bonds are secured by unlimited ad valorem taxation. The assessed value of the Parish for 2019 was \$1.2 billion, making the debt limit for 2019 at \$118.6 million. The Parish has issued and outstanding four general obligation bond issues totaling \$9.7 million, which is within 8.2% of the debt limit.

The Parish had \$5.9 million of limited tax bonds outstanding at December 31, 2019. Governmental activities limited tax bonds, \$2.3 million, are secured by a special ad valorem tax of 3.09 mills (1.55 mills in the City of Houma), subject to adjustments every four years for reassessment.

As of December 31, 2019, the Parish bonds are rated by major rating services as follows:

	Underlying Ratings		Insured Ratings
	Standard and Poor's	Fitch Ratings	Standard and Poor's
Public Improvement Bonds:			
1998 B Refunding Certificates	AA	AA-	AA
2003 Public Improvement Refunding Bonds	AA	AA-	AA

2015 Refunding	AA-	AA-	AA-
2016 Sewerage	AA	AA-	AA

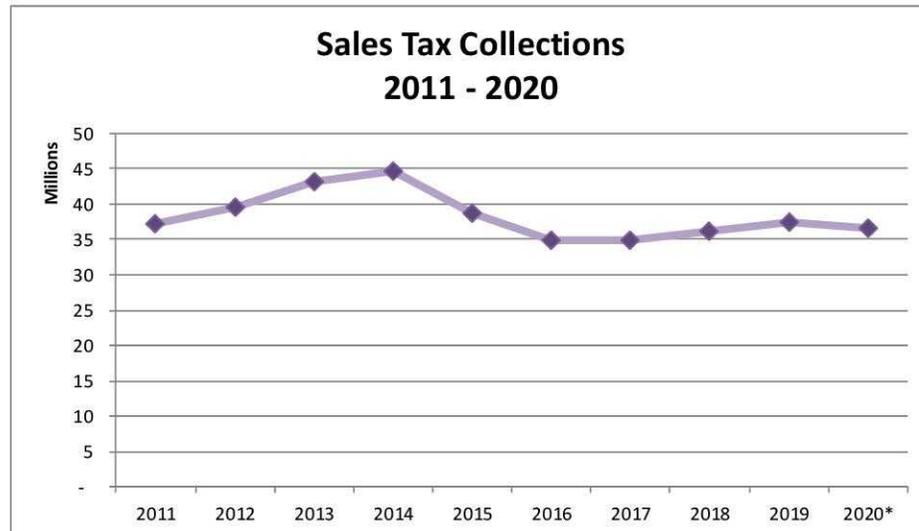

Note: Limited Tax Bonds, GOMESA Bonds and Revenue Bonds are not rated

Economic Factors and Next Year's Budget and Rates

Sales Taxes: The Parish enjoyed a steady flow of sales tax collections from 2010 through 2014. However, beginning in 2015 the Parish has started to see signs of a downward trend due to the decline in the offshore oil and gas industry, which continued in 2017. In 2017 the Parish started to see the revenues steady and in 2018 and 2019 saw a slight increase in collections. For the 2020 Budget, the Parish budgeted sales tax revenue consisted with the 2019 projections at the time the budget was prepared. Below is the past history of the sales tax collections and estimates for 2020.

Sales Tax Collections	
Year	Collections
2011	37,167,712
2012	39,558,956
2013	43,267,880
2014	44,756,816
2015	38,623,468
2016	34,810,158
2017	34,950,737
2018	36,248,137
2019	37,356,920
2020*	36,670,000

*Estimated collections for 2020

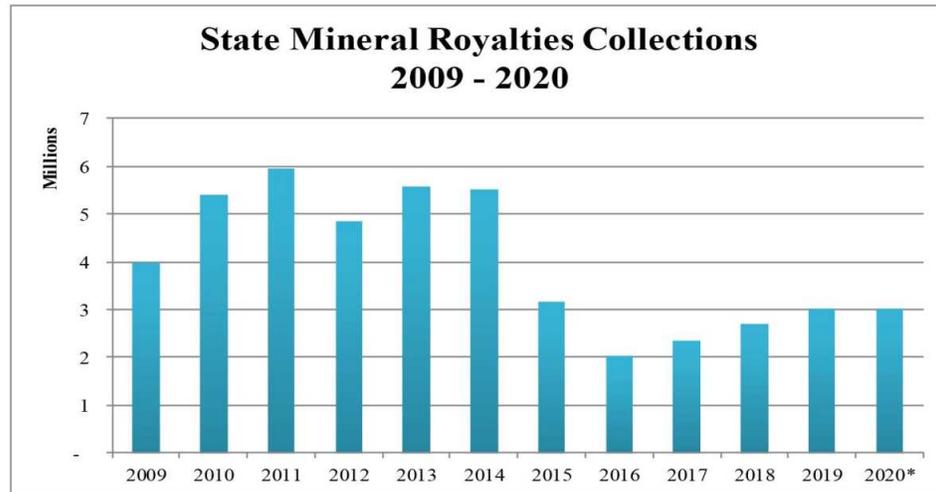

State Mineral Royalties: It has been the practice of Terrebonne Parish to use a portion of State Mineral Royalties for recurring operations and excess funds for non-recurring or special projects. The collections depend on the price of oil, production volume and the number of wells, which have all been heavily influenced by various hurricanes, oil spills and government regulations. Over the last ten years, the Parish has collected as high as \$5.9 million and as low as \$2.0 million. With the decline in the offshore oil and gas industry, the Parish cautiously monitors the current oil and gas market.

Below is a past history of the State Mineral Royalty collections and estimates for 2020.

State Mineral Royalties	
Year	Collections
2009	3,973,217
2010	5,389,015
2011	5,940,899
2012	4,835,883
2013	5,583,113
2014	5,519,760
2015	3,153,303
2016	2,022,458
2017	2,340,528
2018	2,701,695
2019	3,021,730
2020*	3,000,000

*Estimated collections for 2019

General property taxes are expected to continue the modest growth experienced in the last several years. In 2019 the Parish budgeted the Parish wide collections to be the same as 2018 actual collections. The special districts vary in growth depending on the area. The total Parish wide collections for 2020 are estimated to be \$39.3 million.

Property is regularly reassessed every four years, with 2016 the most recent year of regular reassessment. The state can mandate a parish to perform a reassessment in any year between the regular reassessments. In 2019, the state required the Terrebonne Parish Tax Assessor to perform a special reassessment. The next regular reassessment is scheduled for January 1, 2020. Property subject to taxation is assessed as a percentage of its fair market value. Residential properties and all land are assessed at 10%, other property and electric cooperative properties, excluding land, are assessed at 15%, and public service properties, excluding land, are assessed at 25% of fair market value. The assessor completes the current year tax roll after the budget is submitted to the Council for approval with adjustments other than nominal made during the year.

Video Poker Proceeds: Video Poker revenue began in 1993 and has steadily grown from the first year collections of \$332,000 to the collections in 2019 of \$2.1 million. For 2020, the Parish has budgeted \$2.2 million and will continue to watch the monthly collections. Excess collections will be budgeted after assurance of collections and used in 2019 Budget Year.

Labor: The 2019 unemployment rate for Terrebonne Parish averaged 4.63% compared to 5.00% in 2018.

Requests for Information

This financial report is designed to provide a general overview of the Terrebonne Parish Consolidated Government's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, Chief Financial Officer, P. O. Box 2768, Houma, La. 70361. General information relating to the Parish can be found at the Parish website, www.tpcg.org.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION**

Terrebonne Parish Consolidated Government

December 31, 2019

Fund Balances - Governmental Funds \$ 98,359,173

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

Governmental capital assets	\$ 654,993,502	
Accumulated depreciation	<u>(197,398,917)</u>	457,594,585

Deferred outflow of resources used in governmental activities are not financial resources and not reported in governmental funds.

Pensions	9,394,680	
Other postemployment benefit obligation	12,306,590	
Deferred amount of refunding	<u>3,497,772</u>	25,199,042

Other assets used in governmental activities are not financial resources and, therefore, are not reported in governmental funds

Accrued interest receivable		256,608
-----------------------------	--	---------

Unearned revenues represent future collections of revolving loan fund receivables that will be accounted for as increases in net assets in the government-wide financial statements.

2,261,294

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.

Compensated absences payable	(1,184,140)	
Bonds payable	(126,157,854)	
Deferred bond premium/deferred bond discount	(1,520,181)	
Net pension liability	(23,404,038)	
Other postemployment benefit obligations	(68,754,250)	
Accrued interest payable	<u>(1,316,184)</u>	(222,336,647)

Deferred inflows of resources are not due and payable in the current period and are not reported in governmental funds

Pensions	(3,379,543)	
Other postemployment benefit obligation	<u>(3,743,295)</u>	(7,122,838)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and purchasing functions, to individual funds. The assets and liabilities of certain internal service funds are included in governmental activities in the statement of net position.

3,772,174

Net Position of Governmental Activities

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

Terrebonne Parish Consolidated Government

For the year ended December 31, 2019

Net Change in Fund Balance - Total Governmental Funds **\$ (28,954,162)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$ 33,702,716	
Depreciation expense	<u>(15,185,494)</u>	18,517,222

The net effect of various miscellaneous transactions involving capital assets, such as sales, trade-ins and donations, is to increase net assets.

Donated capital assets	966,362	
Other	<u>(64)</u>	966,298

Some revenues reported in the statement of activities do not provide current financial resources and therefore are not reported as revenues in the governmental funds.

Decrease in accrued interest revenue		(47,249)
--------------------------------------	--	----------

Revolving loan transactions are reported as revenue and expenditures in the governmental funds.

In the government-wide financial statements, these transactions are accounted for as increases/ decreases in net position.		120,077
--	--	---------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Principal payments		6,235,000
--------------------	--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Amortization of bond (discounts) premium	353,843	
Amortization of deferred amounts on refunding	(565,941)	
Increase in accrued interest expense	(131,208)	
Pension expense	(1,098,538)	
Other postemployment benefits obligations	(2,894,241)	
Increase in compensated absences payables	<u>(75,684)</u>	(4,411,769)

Internal service funds are used by management to charge the costs of certain activities, such as insurance, human resources, purchasing, information systems and fleet maintenance to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.

		<u>(1,001,867)</u>
--	--	--------------------

Change in Net Position of Governmental Activities		<u>\$ (8,576,450)</u>
--	--	------------------------------

See notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

Terrebonne Parish Consolidated Government

December 31, 2019

Note 1 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Terrebonne Parish Consolidated Government (the Parish) complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

A. Financial Reporting Entity

The Terrebonne Parish Home Rule Charter consolidated the governmental functions of the City of Houma and the Terrebonne Parish Police Jury as the Terrebonne Parish Consolidated Government (the Parish) effective January 1, 1984. The financial reporting entity consists of (1) the primary government (all funds under the auspices of the Parish President and the Parish Council), (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14, *The Financial Reporting Entity*, GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units – an amendment of GASB Statement No. 14 and GASB Statement No. 61, The Financial Reporting Entity: omnibus an amendment of GASB Statements No. 14 and No. 34*, established the criterion for determining which component units should be considered part of the Parish for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
2. Whether the governing authority appoints a majority of the board members of the potential component unit.
3. Fiscal interdependency between the Parish and the potential component unit.
4. Imposition of will by the Parish on the potential component unit.
5. Financial benefit/burden relationship between the Parish and the potential component unit.

Based on the previous criteria, Parish management has included the following component units in the reporting entity:

Blended Component Units

These component units, although legally separate entities, are, in substance, part of the Parish's operations and so audited data as of and for the year ended December 31, 2019 from these units are combined with data of the primary government. The expenditures of these blended component units are provided for in the Parish's operating and capital budgets.

Houma Community Mineral Lease (the "HCML") - The HCML was created to establish the City of Houma, subsequently the Terrebonne Parish Consolidated Government, as an agent of certain property owners to annually distribute mineral royalties collected thru this agency fund. The HCML irrevocably appointed, governing authority is the Parish President and Council Members. Fiscal dependency exists since the Parish provides office space, personnel and related expenditures to this agency fund.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Financial Reporting Entity (continued)

Firemen's Pension & Relief Board - Imposition of will exist because the Board consists of Parish officials (elected and appointed) and employees of the related fire department. In addition, a financial burden exists because the Parish is obligated for the unfunded future liability over the employee/employer's regular contribution, if any. The Parish also provides secretarial and accounting services for the pension trust fund.

Discrete Component Units

The component unit columns in the government-wide financial statements include the audited financial data of the Parish's other component units as of and for the year ended December 31, 2019, unless otherwise noted. They are reported in a separate column to emphasize that they are legally separate from the Parish.

The Louisiana State Constitution provides for independently elected legally separate parish officials. These officials have statutorily defined sources of funds that are used for operating and/or capital purposes. However, the Constitution mandates parish governments fund the operating budgets of these officials. Therefore, parish governments are obligated to cover revenue shortfalls in the operational and/or capital budgets of these officials. There is a significant financial burden/benefit on the Parish. Thus, the Parish is financially accountable for these entities. As a result, fiscal interdependency relationships exist between the Parish and the following officials and entities:

District Attorney of the Thirty-Second Judicial District (the "DA") - The DA is a separately elected official. A financial dependency exists to the extent the Parish provides and maintains offices, salaries and various related expenses as statutorily mandated. These on-behalf payments are approved in the Parish annual budget and are necessary to maintain the DA's current office capacity. The DA's reliance on current office capacity demonstrates financial accountability, places a burden/benefit on the Parish, otherwise it would be misleading to exclude.

Thirty-Second Judicial District Court (the "JDC") - The JDC is part of the operations of the district court system. A fiscal dependency exists to the extent the Parish provides and maintains the Parish courthouse, judges' courtrooms, offices and various related expenses as statutorily mandated. These on-behalf payments are approved in the Parish annual budget and are necessary to maintain the JDC's current office capacity. The JDC's reliance on current office capacity demonstrates financial accountability, places a burden/benefit relationship on the Parish that would be misleading to exclude.

Terrebonne Parish Clerk of Court (the "Clerk") (June 30, 2019) and the Terrebonne Parish Tax Assessor (the "Assessor") - The Clerk and the Assessor are separately elected officials. Fiscal dependency exists since the Parish provides and maintains the offices of the Clerk and Assessor. Title to real property is in the name of the Parish. The substance of the relationship between these officials and the Parish is that the Parish has approval authority over the officials' capital budgets. The Parish is also entitled to fifty percent of any surplus general funds of the Clerk of Court at the end of the Clerk's elected term.

City Court of Houma (the "City Court") - The City Court Judge is a separately elected official within the Houma Municipal Boundaries and is a part of the operations of the statutorily mandated city court system. A financial dependency exists to the extent the Parish provides and maintains the City Courthouse, the judge's courtroom, offices, salaries and various related expenses. These on-behalf payments are approved in the Parish annual budget and are necessary to maintain the City Court's current office capacity. The City Court's reliance on current office capacity demonstrates financial accountability, places a burden/benefit relationship on the Parish that would be misleading to exclude.

Terrebonne Parish Coroner (the "Coroner") - The Coroner is a separately elected official. The Parish is responsible for paying fees to the Coroner for services provided to the public. There is a fiscal dependence since the Parish must approve the rates set by the Coroner.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Financial Reporting Entity (continued)

Terrebonne Parish Port Commission (the "Commission") -The Commission is governed by a separate seven-member board of which five members are appointed by the Parish President and the Parish Council and two members are nominated by the Chamber of Commerce and appointed by the Parish Council. Although the Commission is legally separate, the Parish provides office space, personnel and accounting services.

Terrebonne Parish Sales & Use Tax Department - This separate department of the Parish collects all sales taxes levied in Terrebonne Parish, under the jurisdiction of the Parish. At present, the Parish, Terrebonne Parish School Board, Terrebonne Parish Sheriff and the Terrebonne Levee and Conservation District levy those taxes. The composition of the Advisory Board is made up of equal members from the Parish and Parish School Board, the Sheriff, the Terrebonne Levee and Conservation District and a member from the Terrebonne Parish Library Board of Control. However, the decisions of the Advisory Board are ratified by the Parish Council and as the governing authority the Parish Council can impose its will. In addition, the director is appointed by the Parish President and ratified by the Parish Council. However, this component unit does not provide services entirely, or almost entirely, to the Parish.

Terrebonne Levee and Conservation District (June 30, 2019) – This is a separate political subdivision of the State of Louisiana governed by a separate board of commissioners consisting of nine members appointed by the governor selected from a list of nominations from the following: six (6) appointments from the legislative delegation; two (2) from the Terrebonne Parish President (with approval from the Terrebonne Parish Council); one (1) chosen from five submissions by the local American Legion Posts. A one-quarter percent (1/4%) sales tax is collected by the Parish for the purpose of constructing and maintaining the Morganza to the Gulf Hurricane Protection System. The Parish has the ability to impose its will on the Levee District because the Parish Council can modify or approve the budget for the Morganza to the Gulf project before forwarding the funds to the Levee District. A one-half percent (1/2%) sales tax is collected by the Levee District for the same purposes described above.

Terrebonne Parish Veterans' Memorial District – was created by action of the Louisiana Legislature during the 2008 Regular Legislative Session, under Act No. 231, and by Terrebonne Parish Council on behalf of the Terrebonne Parish Consolidated Government, Ordinance No. 6499 on August 13, 2008. The Board of Directors consist of nine members, all of whom shall be citizens of Terrebonne Parish, and six of whom shall be honorably discharged veterans of a branch of the United States Armed Services. Two members are appointed by the Parish President; four members are appointed by the Parish Council from a list submitted by various veterans organizations domiciled in Terrebonne Parish; one member by the Parish Council from a list of three names submitted by the Regional Military Museum; and two members appointed by the legislative delegation.

The board shall have the powers and duties of a veterans' memorial district governing body as provided by law, with its primary purpose to operate, maintain and supply in Terrebonne Parish a regional military museum and Veterans Memorial Park on Louisiana Highway 311, except that approval of the Terrebonne Parish Council shall first be obtained prior to any of the following actions by the board:

1. Adoption of an annual budget.
2. Purchase, sale or encumbrance of immovable property.
3. Submitting for voter approval any tax proposal.
4. Any other matter or action as determined by ordinance adopted by the Terrebonne Parish Consolidated Government.

Other Special Districts - There are a number of special districts located in the Parish that provide services to a limited number of parish citizens. The Parish appoints all board members of these districts, can remove appointed members of the boards at will and has a financial burden/benefit or dependency relationship with each special district. Therefore, the Parish can impose its will on these districts. While these districts are responsible for obtaining voter approval for the levy of taxes or debt issuance, all related Louisiana State Bond Commission approvals must be obtained through the Parish. Certain agencies have different year-ends as indicated. These agencies are:

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Financial Reporting Entity (continued)

Parish Recreation Districts No. 1 - 11
Parish Fire Protection Districts No. 4A, 5, 6, 7, 8, 9 and 10
Bayou Cane Fire District, Coteau Fire District, Schriever Fire District,
Village East Fire District
Houma-Terrebonne Regional Planning Commission
Terrebonne Parish Library
Terrebonne Parish Communications District
Consolidated Waterworks District No. 1 – June 30, 2019
Terrebonne General Medical Center - March 31, 2019
Houma-Terrebonne Public Trust Financing Authority - March 31, 2019

In addition, there are special districts whose board members are appointed with “special circumstance.” That is, some members may be appointed by separate organizations, or the Parish Council will appoint the members from lists of nominations from separate organizations. Certain special districts have different year-ends as indicated. Each of these special districts has a financial burden or benefit to the Parish and/or a fiscal dependency on the Parish or the Parish can impose its will on the organization.

Houma Area Convention and Visitors Bureau (The Bureau) – created and established by the Parish Council, which appoints the governing authority through which the Parish Council can impose its will on the Bureau.

Terrebonne ARC (TARC) – (June 30, 2019) – organized as a not-for-profit corporation under Internal Revenue Code Section 501(c) 3. The Parish Council levies and collects a 5.21 mill parish-wide ad valorem tax dedicated to TARC for the purposes of operating, maintaining, and constructing facilities to provide for the needs of mentally handicapped individuals. The millage was last renewed in a parish-wide election in 2013 for the ten-year period ending 2027. A contract entered into by the Parish and TARC places a fiscal burden on the Parish and provides TARC with a significant portion of its operating revenues. In addition, the contract requires TARC to follow certain state laws generally limited to local governments, including the approval of TARC’s annual operating and capital budgets by the Parish Council.

Terrebonne Council on Aging, Inc. (TCOA) – (June 30, 2019) – created under state law authorizing the charter of a voluntary council on aging for the welfare of aging people in each parish of the state. The Parish Council annually approves the levy, collects, administers and monitors the use of a 7.34 mill parish – wide ad valorem tax dedicated to the mission of TCOA. The Parish disburses to TCOA the proceeds throughout the year. The millage provides TCOA with a significant portion of its operating revenues and places financial accountability to the Parish on TCOA.

Houma-Terrebonne Airport Commission (HTAC) – created and established by the City of Houma and Terrebonne Parish Police Jury, which consolidated to form the Parish. The Home Rule Charter states the airport is owned jointly by the City and the Parish. HTAC is subject to the imposition of will by the Parish Council through the Council’s appointment of all 8 members of HTAC’s governing authority, and the ownership of the airport property and improvements.

Terrebonne Economic Development Authority (TEDA) – created and established by the Parish Council, TEDA is a public-private partnership. TEDA is governed by a fourteen-member voting board appointed by the Parish Council from nominations received from area business organizations, other local governments, the Parish President and the Parish Council. The Parish Council can impose its will on TEDA through these appointments. Fiscal dependency exists since the Parish supports TEDA financially through an intergovernmental agreement in which TEDA receives a portion of Terrebonne Occupational License revenues.

Complete financial statements of the individual component units may be obtained from their respective administration offices or from the Terrebonne Parish Consolidated Government at the Government Tower, 8026 Main Street, Suite 300, Houma, Louisiana 70360.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Financial Reporting Entity (continued)

Component units generally follow the same accounting policies as the primary government with the exception of the Terrebonne Parish Assessor, which recognizes ad valorem taxes during the year levied. The Primary Government and all other component units, except for the Assessor, budget current year taxes, which are levied for purposes of funding the subsequent year's expenditure, as revenue of the subsequent year. The current tax levy is reported in the current year financial statements as a deferred inflow of resources - unavailable revenue.

Related Organizations

Parish officials are also responsible for appointing members of the boards of other organizations. The Parish's accountability does not extend beyond making the appointments. The Houma Housing Authority is a related organization. The organization's financial statements can be obtained at their administrative offices as follows:

Houma Housing Authority
Nikita Gilton, Executive Director
7491 Park Avenue
Houma, LA 70360

B. Basis of Presentation

The Parish's basic financial statements consist of the government-wide statements on all of the non-fiduciary activities of the primary government and its non-fiduciary component units and the fund financial statements (individual major funds and combined non-major funds).

Government-Wide Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to the rule are payments between various functions of government and the enterprise funds for charges such as electric and gas. The government-wide presentation focuses primarily on the sustainability of the Parish as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

Governmental Activities represent programs, which normally are supported by taxes and intergovernmental revenues.

Business-Type Activities are financed in whole or in part by fees charged to external parties for goods and services.

The primary government is reported separately from the legally separate component units as detailed in section (A) of this note.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect costs are not allocated by function for financial reporting in this statement; however, certain indirect costs have been directly allocated as administrative fees to grants and fund programs. Program revenue include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. This includes internally dedicated resources such as a restricted property tax.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (continued)

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

The daily accounts and operations of the Parish are organized on the basis of individual funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds of the primary government are grouped, into generic fund types and three broad fund categories as follows:

Governmental activities presented as governmental funds in the fund financial statements:

General Fund – The General Fund is the general operating fund of the Parish. The General Fund accounts for and reports all financial resources not accounted for and reported in other funds. The General Fund is always a major fund.

Special revenue funds – special revenue funds are used to account for and report the proceeds of specific revenue sources (other than major capital projects) that are restricted or committed to expenditures for specified purposes. Special revenue funds reported as major funds in the fund financial statements are as follows:

Public Safety Fund – accounts for and reports the proceeds of ad valorem taxes restricted to the City of Houma. Proceeds are used for operating, maintaining and purchasing any necessary equipment for the police and fire departments.

Grant Fund - accounts for and reports the receipts and disbursements of Federal, state and other grants.

Road and Bridge Maintenance Fund – accounts for and reports the proceeds of a dedicated ¼% sales tax and supplemental transfer from the General Fund for the purpose of operating, maintaining, and constructing roads and bridges.

Drainage Maintenance Fund – accounts for and reports the proceeds of a dedicated ¼% sales tax and ad valorem taxes used for the purpose of providing, maintaining and constructing drainage works.

Terrebonne Levee and Conservation District Fund – accounts for and reports the collection and disbursement of a dedicated ¼% sales tax to be used according to a local services agreement between the Parish and the Terrebonne Levee and Conservation District to provide for local matching funds for the construction, acquisition, maintenance and operation, extension and/or improvement of hurricane protection for Terrebonne Parish and more specifically identified as the Corps of Engineers project titled the “Morganza To The Gulf”. The Terrebonne Levee & Conservation District Fund is a major fund.

Debt Service Fund – accounts for and reports financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs. The Debt Service Fund is not a major fund.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (continued)

Capital Projects Fund – accounts for and reports financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of major capital facilities and other capital assets (other than those financed by Proprietary Funds). The Capital Projects Fund is reported as a major fund.

Proprietary Funds:

Enterprise funds – are used to account for and report operations: (a) that are financed and operated similarly to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Enterprise funds are presented in the business-type activities column in government-wide financial statements and the major funds section of the basic financial statements, the four enterprise funds reported as major funds in the fund financial statements are as follows:

Utilities Fund - accounts for and reports electricity and gas services provided to the residents of the City of Houma and gas services to certain outlying areas of Terrebonne Parish. All activities necessary to provide such services are accounted for in the fund, including, but not limited to, administration, operations, construction, maintenance, financing, billing and collection.

Sewerage Fund - accounts for and reports all activities necessary to provide sewer services to Terrebonne Parish, including, but not limited to, operations, construction and maintenance charges. Billing and collection services for sewerage is provided by Consolidated Waterworks District No. 1.

Sanitation Maintenance Fund – accounts for and reports all activities necessary to provide and maintain garbage collection and disposal services, and closure costs of the Parish’s Ashland Landfill. Billing and collection services for residential and small businesses are provided by Consolidated Waterworks District No. 1.

Civic Center Fund – accounts for and reports all activities necessary for the Houma-Terrebonne Civic Center, including, but not limited to, the administration, operations, maintenance and marketing.

Internal Service Funds – account for and report: (1) risk management services, including liability, property and group health insurance, (2) personnel administrative, training and unemployment claim services, (3) central purchasing services, (4) information systems services and (5) centralized fleet management services provided to various departments or agencies of the Parish, or to other governments, on a cost-reimbursement basis. The internal service fund totals are presented as part of the proprietary fund financial statements. Since the principal users of the internal service funds are Parish governmental activities, financial statements of internal service funds are consolidated into the governmental activities column when presented at the government-wide level. To the extent possible, the costs of these services are reflected in the appropriate functional activity.

Proprietary Funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. Operating expenses for Enterprise Funds and Internal Service Funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (continued)

Fiduciary Funds (not included in government-wide statements):

Agency funds – account for and report resources legally held in trust for use by the Houma Community Mineral Lease and The Marshal’s Trust Fund. The Houma Community Mineral Lease Fund accounts for and reports royalties from the production of oil and gas from certain properties within the City of Houma and the distribution of the royalties to the participating property owners. The Marshal’s Trust Fund, governed by a non-trust agreement with the Parish, accounts for and reports the collection of garnishments and seizures and the subsequent disbursement to the appropriate parties (less a collection fee paid to the Parish).

Pension trust fund – accounts for and reports the activities of the Firemen’s Pension and Relief Fund, which accumulates resources to be used for retirement payments to firemen hired prior to January 1, 1980.

Private-purpose trust fund – accounts for and reports bond proceeds held by the Houma-Terrebonne Public Trust Financing Authority and are used to finance residential housing through low interest first mortgage loans and for other purposes as specified by agreement.

C. Basis of Accounting and Measurement Focus

Government-Wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes and the related state revenue sharing (Intergovernmental revenue) are recognized in the year for which levied. Ad valorem tax adjustments and deductions are recognized as expenses for the year in which the related property tax revenue is recognized.

Fund Financial Statements:

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing resources) and decreases (expenditures and other uses) in net current position. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government’s availability criteria (susceptible to accrual). Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. The Parish definition of available means expected to be received within sixty days of the end of the fiscal year. Charges for services, fines and forfeitures and most governmental miscellaneous revenues, including investment earnings are recorded as earned since they are generally not measurable and available.

Nonexchange transactions, in which the Parish receives value without directly giving value in return, included sales tax, property tax, special assessments, grants, entitlements, and donations. Ad valorem taxes and the related state revenue sharing (Intergovernmental revenue) are recognized as revenue of the period for which levied. The current year property taxes are being levied to finance the subsequent year’s budgeted expenditures by Council ordinance and legally are not available for funding current year expenditures, accordingly, property taxes levied in 2019 shall be recognized as revenue in 2020. The 2019 tax levy is recorded as deferred inflows of resources – unavailable revenue in the Parish’s 2019 financial statements.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting and Measurement Focus (continued)

Ad valorem tax adjustments represent unpaid taxes that are recognized as general government expenditures when the related tax levy is recognized as revenue. Ad valorem tax deductions represent withheld amounts to fund expenditures of the Terrebonne Parish Assessor and are also recognized as general government expenditures when the related tax revenue is recognized. Sales and use taxes are considered “measurable” when the underlying transaction occurs and meets the availability criteria. Anticipated refunds of such taxes are recorded as fund liabilities and reductions of revenue when they are measurable and valid. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources can be used.

Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable, except for the following: (1) principal and interest on long-term debt are recorded when due, and (2) claims and judgments, group health claims, arbitrage payable, net pension obligation, and compensated absences and other postemployment benefits are recorded as expenditures in the governmental fund type when paid with expendable available financial resources. Allocations of cost such as depreciation and amortization are not recognized in the governmental funds.

All proprietary and fiduciary funds are accounted for on a flow of economic resources measurement focus. Proprietary funds and fiduciary funds are maintained on the accrual basis of accounting wherein revenues are recognized in the accounting period in which they are earned and become measurable, and expenses are recognized in the period incurred, if measurable. Revenues resulting from transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Agency funds, however, are unlike all other types of funds reporting only assets and liabilities. So agency funds cannot be said to have a measurement focus. They do, however, use the accrual method to recognize receivables and payables.

D. Assets, Liabilities and Equity

Cash, Cash Equivalents and Investments

Cash includes amounts in regular and money market accounts.

For purposes of the statement of cash flows, cash and cash equivalents include certificates of deposit and securities with maturities of three months or less when purchased and deposits in the Louisiana Asset Management Pool.

Investments are reported at fair value except for: (1) short-term and money market investments, consisting primarily of U.S. Treasury obligations with a maturity of one year or less at time of purchase, which are reported at cost, which approximates fair value, and (2) the Louisiana Asset Management Pool (LAMP), which is a local government 2a7-like pool administered by a non-profit corporation organized under State of Louisiana law, which is permitted to be carried at amortized cost.

All investments are traded in a national or international exchange and are valued at the last reported sales price at current exchange rates. There are no investments without an established market. Unrealized gains and losses on investments recorded at fair value are included in investment income.

Investment policies are governed by state statutes and bond covenants.

Accounts Receivable

All trade and property tax receivables are shown net of an allowance for uncollectibles. Trade accounts receivable in excess of 120 days comprise the trade accounts receivable allowance for uncollectibles. The allowances represent approximately 6% and 41% of receivables from governmental and business-type activities, respectively.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (continued)

Inventories and Prepaid Items

Inventories are stated at cost using the average price method. Inventoried items are recorded as expenditures when consumed, rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as other assets (prepaid items) in both government-wide and internal service fund financial statements.

Interfund Transactions

In the financial statements, interfund activity is reported as either loans or transfers. Loans between funds are reported as interfund receivables (due from) and payables (due to) as appropriate. Transfers represent a permanent reallocation of resources between funds. In other words, they are not expected to be paid. For reporting purposes, all interfund transactions between individual governmental funds have been eliminated in the government-wide financial statements. At December 31, 2019, the Parish did not have any non-current interfund loans/borrowing arrangements. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

Restricted Assets

Specific assets are restricted by statute or donors as to use and are identified as restricted assets. Certain bond proceeds and debt service sinking funds of the Parish are legally restricted as to purpose. These assets have been classified as restricted assets on the statement of the net position since the use of these funds is limited by applicable bond resolutions.

Capital Assets

Capital assets, which include land, construction in progress, buildings, equipment, and infrastructure assets (streets, roads, bridges, canals, and sewer and drainage systems) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as follows:

- Movable capital assets with a cost of \$1,000 or more per unit and an estimated useful life in excess of two years.
- Individual purchased infrastructure improvements with a value of \$100,000.
- Donated infrastructure with aggregate systems value of \$250,000.

All assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value at the date of donation. Capital assets with an estimated historical cost amounted to \$63,470,770 or 9.64% of total capital assets used in governmental activities. Changes in estimate are accounted for prospectively. Major outlays for capital assets and improvements are capitalized as projects at completion of construction. At this point the project costs are moved out of construction-in-progress and capitalized.

In accordance with GASB Statement No. 89, the Parish did not capitalize interest cost during the year ended December 31, 2019.

Capital assets of the Parish, as well as component units, are depreciated using the straight-line method over the following estimated useful lives:

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (continued)

<u>Type of Capital Assets</u>	<u>No. of Years</u>
Buildings and Building Improvements	10-50
Utility Plant and Distribution Systems	10-25
Land Improvements-Structure	10
Furniture	10
Machinery and Equipment	5-10
Vehicles	3-15
Infrastructure	25-70

All infrastructure assets purchased by the Parish since 1980 are recorded as capital assets and depreciated accordingly. All donated infrastructure accepted into the Parish's maintenance program since 1980 has been capitalized and depreciated in accordance with the above capitalization policy.

Deferred Outflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources, which represents the consumption of net position that applies to future periods and so will not be recognized as an expense/expenditure until that time. The Parish reports in the government wide financial statement's current refunding and advance refunding resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt as a deferred outflows of resources. In addition, deferred outflows of resources related to pensions and other postemployment benefits are also reported in the government wide financial statements.

Grant Advancements

The Parish reports resources transmitted before eligibility requirements, other than time requirements, in government mandated or voluntary non exchange transactions are met as grant advancements.

Long-Term Debt

In the government-wide statement of net position and the proprietary fund types' financial statements, long-term debt and other long-term obligations are reported as liabilities. In these financial statements, bond premiums and discount are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized as expenses in the current fiscal period incurred.

In the fund financial statements governmental fund types recognize bond premiums, discounts, and bond issuance costs during the current fiscal period incurred. The face amount of the debt issue is reported as "other financing sources." Premiums received on debt issuances are reported as "other financing sources" and discounts on debt are reported as "other financing uses."

Compensated Absences

GASB Statement No. 16, *Accounting for Compensated Absences*, requires governments to accrue compensated absences only to the extent it is probable that the employer will compensate employees for benefits through cash payments conditioned on the employees' termination or retirement. The Parish has recorded liabilities for accumulated vacation, sick leave and the applicable percentages of retirement, social security and medicare associated with the payment of compensated absences as of December 31, 2019.

In the government-wide financial statements and the proprietary fund types fund statements, the total compensated absences liability is recorded as an expense and long-term and current obligations and allocated on a functional basis. A current liability is recorded for the value of one year's accrual of leave. In accordance with GASB Interpretation No. 6, *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, no compensated absences liability is recorded at December 31, 2019 in the governmental fund-type fund financial statements.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (continued)

Employees of the Parish can earn 96 hours or 136 hours of vacation leave, depending on their length of employment. Accumulated vacation leave is due to the employee at the time of termination or death. The vacation policy provides that any unused annual leave, in excess of one year's earnings, remaining on the employee's anniversary date will be transferred to sick leave.

Furthermore, Parish employees earn 56 hours sick leave per year. Upon official retirement from the Parochial Retirement System the retiring employee will be allowed to receive half of whatever, accumulated sick leave time has accrued, up to maximum of 240 hours, by leaving work and remaining on the payroll of the Parish until this 240 hours are exhausted. Retirement from PERS will commence the day after the employee's last day on the Parish payroll. The employee may also elect to be paid for said hours at the time official retirement begins.

Details of the compensated absences liability for the Parish discrete component units can be found in the separately issued audit reports of each component unit.

Other Postemployment Benefits

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, requires governments to accrue postemployment benefits to the extent it is probable the employer will provide benefits conditioned on the employees' retirement. The Parish has recorded liabilities for postemployment health care benefits as of December 31, 2019.

In the government-wide financial statements and the proprietary fund types fund statements, the other postemployment benefits liability is recorded as long-term obligations and allocated to expenses on a functional basis.

In the governmental fund type fund financial statements other postemployment benefit expenditures are recognized in the amount contributed to the plan or expected to be liquidated with expendable available financial resources. Expendable available financial resources generally refer to other postemployment benefit payments due and payable as of the end of the year.

Details of the other postemployment benefit obligations for the Parish's discrete component units can be found in the separately issued audit reports of each component unit.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Parochial Employees' Retirement System, Municipal Police Employees' Retirement System, Firefighters' Retirement System of Louisiana and City of Houma Firemen's Pension and Relief Fund (the Systems) and additions to/deductions from the Systems' fiduciary net positions have been determined on the same basis as they are reported by the Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Accounting for Ashland Landfill Closure and Postclosure Care Costs

Ashland Landfill Closure and Postclosure Care Costs are accrued for in accordance with guidelines recommended by Section L10 of the GASB Codification of Governmental Accounting and Financial Reporting Standards.

The Sanitation Maintenance Fund recognizes a portion of the estimated total current cost of closure and post closure care costs (based on use) as an expense and as a liability in each period that it accepts solid waste. A complete explanation of the liability and its calculation is referenced in Note 20.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (continued)

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and governmental funds balance sheet report a separate section for deferred inflows of resources, which represent acquisition of net position that applies to future periods and so will not be recognized as revenues until that time. The Parish reports deferred inflows of resources in the governmental and proprietary fund financial statements when resources associated with imposed non-exchange revenue transactions are received or reported as a receivable before (a) the period for which property taxes are levied or (b) the period when resources are required to be used or when use is first permitted for all other imposed non-exchange revenues in which the enabling legislation includes time requirements. In addition, the deferred inflows of resources related to non-exchange revenue, the Parish also reports deferred inflows of resources related to pensions and other post employment benefits in its government wide and proprietary fund financial statements.

Equity

Government-wide Statements:

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of assets and deferred outflows of resources less liabilities and deferred inflow of resources (net position) with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net assets that do not meet the definition of “restricted” or net-investment in capital assets.

When both restricted and unrestricted resources are available for use, it is the Parish’s policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as:

- a. Nonspendable – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to maintain intact.
- b. Restricted – amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulation of other governments.
- c. Committed – amounts that can be used only for specific purposes determined by a formal action of the members of the Parish Council. Commitments may be established, modified, or rescinded only through ordinances approved by the members of the Parish Council.
- d. Assigned – amounts that do not meet the criteria to be classified as either restricted or committed but that are intended to be used for specific purposes. Amounts may be assigned by a majority vote of the Parish Council or by the Chief Financial Officer under the authorization of the Parish President. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The Parish reports fund balance in General Fund, special revenue and capital project funds that are not restricted or committed, and are held for purposes of the reporting fund as assigned. Assignment of fund balance conveys that the amounts are intended for a specific purpose narrower than that of the general purposes of the Parish itself.
- e. Unassigned – all other spendable amounts.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (continued)

For the classification of governmental fund balances, the Parish considers an expenditure to be made from the most restrictive first when more than one classification is available. Committed, assigned, or unassigned amounts are considered to have been spent when an expenditure is incurred for purposes for which amount in any of those unrestricted fund balance classifications could be used. The Parish's fund balance was classified as non-spendable, restricted, committed, assigned and unassigned as of December 31, 2019.

Assigned for subsequent year's expenditures are amounts in next year's budget that represents deficiencies of revenues over expenditures. Other assignments are made for specific indicated purposes included in the title and require a council appropriation in subsequent years.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions. Those estimates affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements. They may also affect the reported amounts of revenues and expenses of proprietary funds and the government-wide financial statements during the reporting period. Actual results could differ from these estimates.

E. New GASB Statements

During the year ending December 31, 2019, the Parish implemented the following GASB Statements:

Statement No. 95, "*Postponement for the Effective Dates of Certain Authoritative Guidance*" provides temporary relief to governments and other stockholders in light of the Coronavirus (COVID-19) pandemic. That objective is accomplished by postponing the effective dates of certain Statements and Implementation Guides to those dates reported below.

The GASB has issued the following Statements which will become effective in future years as follows:

Statement No. 83, "*Certain Asset Retirement Obligations*" addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. The requirements of this Statement are effective for reporting periods beginning after June 15, 2019. Management has not yet determined the effect of this Statement on the financial statements.

Statement No. 84, "*Fiduciary Activities*" improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity; and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. This Statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Management has not yet determined the effect of this Statement on the financial statements.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. New GASB Statements (continued)

Statement No. 87, *"Leases"* increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Management has not yet determined the effect of this Statement on the financial statements.

Statement No. 88, *"Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements"* improves the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. The Statement clarifies which liabilities governments should include when disclosing information related to debt. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2019. Management has not yet determined the effect of this Statement on the financial statements.

Statement No. 90, *"Majority Equity Interest"* improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and therefore, the government should report that organization as a component unit. This Statement also requires that a component unit in which a government has a 100% equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100% equity interest in the component unit. Transactions presented in flows statements of the component unit in that circumstance should only include transactions that occurred subsequent to the inflows acquisition. The requirements are effective for reporting periods beginning after December 15, 2019. Management has not yet determined the effect of this Statement on the financial statements.

Statement No. 91, *"Conduit Debt Obligations"* The requirements of this Statement will improve financial reporting by eliminating the existing option for issuers to report conduit debt obligations as their own liabilities, thereby ending significant diversity in practice. The clarified definition will resolve stakeholders' uncertainty as to whether a given financing is, in fact, a conduit debt obligation. Requiring issuers to recognize liabilities associated with additional commitments extended by issuers and to

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. New GASB Statements (continued)

recognize assets and deferred inflows of resources related to certain arrangements associated with conduit debt obligations also will eliminate diversity, thereby improving comparability in reporting by issuers. Revised disclosure requirements will provide financial statement users with better information regarding the commitments issuers the likelihood that they will fulfill those commitments. That information will inform users of the potential impact of such commitments on the financial resources of issuers and help users assess issuers' roles in conduit debt obligations. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged. Management has not yet determined the effect of this Statement on the financial statements.

Statement No. 92, "*Omnibus 2020*" establishes accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance related activities of public entity risk pools, fair value measurements, and derivative instruments. The requirements of this Statement apply to all financial statements of all state and local governments at dates varying from upon issuance to fiscal periods beginning after June 15, 2021. Management has not yet determined the effect of this Statement on the financial statements.

Statement No. 93, "*Replacement of Interbank Offered Rates*" some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR) most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates. The Statement will preserve the consistency and comparability of reporting hedging derivative instruments and leases after governments amend or replace agreements to replace an IBOR. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Management has not yet determined the effect of this Statement on the financial statements.

Statement No. 94, "*Public-Private and Public-Public Partnerships and Availability Payment Arrangements*" improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The requirements of this Statement are effective for years beginning after June 15, 2020. Management has yet to determine the effect on this Statement.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Restatement of Net Position

Net position for some discrete component units were restated at December 31, 2018. The net position for Terrebonne Parish Fire District No. 4A and 5 and Terrebonne Parish Recreation District 2/3 were restated to reflect prior-period adjustments correcting accounting errors.

<u>Component Units:</u>	<u>December 31, 2018 as previously reported</u>	<u>Adjustment</u>	<u>December 31, 2018 Restated</u>
Terrebonne Parish Fire District 4A	\$ 1,015,494	\$ 62,196	\$ 1,077,690
Terrebonne Parish Fire District No. 5	1,337,622	49,807	1,387,429
Terrebonne Parish Recreation District No. 2/3	12,001,855	(200,000)	11,801,855
All other component units	<u>945,822,501</u>		<u>945,822,501</u>
Totals	<u>\$ 960,177,472</u>	<u>\$ (87,997)</u>	<u>\$ 960,089,475</u>

Note 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all government funds except the Capital Projects Fund and Debt Service Fund. The Capital Projects Fund presents project as opposed to annual budget amounts and are therefore not reported in the accompanying financial statements. The Council, who approves each project budget, maintains effective control of costs. The Debt Service Fund does not employ formal budgetary accounting because effective control is alternatively achieved through the indenture provisions of the bonds and certificates.

Encumbrance accounting is not employed in the governmental funds.

The Parish adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- (1) Prior to October 1, the Parish President submits to the Council a proposed operating budget for the year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- (2) The Council conducts public hearings to obtain taxpayer comments.
- (3) All actions necessary to adopt and otherwise finalize and implement the budget for an ensuing year are taken prior to the last regular meeting of the year in progress. The budget is legally enacted through passage of an ordinance.
- (4) Appropriations at year-end normally lapse, except for those projects of a continuing nature which remain open until the projects are completed or abandoned and are shown on the Governmental Fund Balance Sheet as Fund Balance – Committed for Capital Projects.
- (5) The level of budgetary control is at the fund, department or project level and any amendment involving the transfer of monies from one fund, department or project to another or any amendment for amounts exceeding any current expenditure amount budgeted must be approved by the Council. Any transfers of unencumbered appropriations within departments are allowed to be controlled by the Parish President.
- (6) The budget was amended various times during the year.

Note 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

B. Deficit Fund Balance and Net Position of Individual Funds

No deficit fund balances/net positions are presented.

C. Expenditures/Expenses Exceeding Appropriations

No individual funds had actual expenditures exceeding appropriations.

Note 3 - PROPERTY TAXES

Property taxes are levied each November 1 on the assessed value listed as of the prior January 1 for all real property, merchandise and movable property located in the Parish. Assessed values are established by the Terrebonne Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. A reevaluation of all property is required to be completed no less than every four years. The last reevaluation, a special reevaluation, for the list was completed January 1, 2019. The next regular reevaluation is for the list as of January 1, 2020. Taxes are due and payable December 31 with interest being charged on payments after January 1. Taxes can be paid through the tax sale date, which is the last Wednesday in June. The lien date is June 27, 2020 for 2019 property taxes.

Properties for which the taxes have not been paid are sold for the amount of the taxes. The assessed values, upon which the 2019 levy was based, are as follows:

<u>Location</u>	Assessed Value	
	Total Value	Homestead Exemption
City of Houma	\$ 264,678,170	\$ 53,979,970
All other property for local purposes	921,343,274	125,006,965
Totals	\$1,186,021,444	\$178,986,935

The 1974 Louisiana Constitution (Article 7 Section 18) provided that land and improvements for residential purposes be assessed at 10% of fair market value; other property and electric cooperative properties, excluding land, are to be assessed at 15%; and public service properties, excluding land, are to be assessed at 25% of fair market value. Fair market value is determined by the elected Assessor of the Parish on all property subject to taxation except public service properties, which are valued by the Louisiana Tax Commission (LRS 47:1957). The correctness of assessments by the Assessor is subject to the review and certification by the Louisiana Tax Commission.

The Parish and its component units have levied property taxes for payment of principal and interest on long-term debt and for special purposes. The various tax rates for the year ended December 31, 2019 are as follows:

Description	Tax Rate Per \$1,000
Citywide:	
Maintenance	\$ 17.87
Parishwide:	
Debt Service	1.25
Maintenance	39.71
Districts:	
Debt Service	Range 1.00 to 8.00
Maintenance	Range .82 to 23.00

Note 3 - PROPERTY TAXES (Continued)

The maximum millage currently levied in any one District is 112.61 per \$1,000 of assessed valuation on property. This maximum includes 9.27 mills for the Terrebonne Parish School Board, 7.58 mills for the Special Law Enforcement District, 4.89 mills for the Terrebonne Levee and Conservation District, 1.90 mills for the Terrebonne Parish Assessor, .50 for the Terrebonne Parish Memorial Veterans District, and Bayou Lafourche Freshwater District, 2.11 mills. As indicated in Note 1C, property taxes are recorded as revenue by the Parish in the year the taxes finance budgeted expenditures. Property taxes, which are paid under protest, are recorded as revenue in the year the taxes are collected.

Note 4 -DEPOSITS AND INVESTMENTS

Primary Government

The Parish maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is included on the governmental funds balance sheet, statement of net position of proprietary funds and statement of fiduciary net position in "cash and cash equivalents" and "investments".

Bank Deposits:

State Law requires deposits (cash and certificates of deposit) of all political subdivisions to be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana and certain political subdivisions are allowed as security for deposits. Obligations furnished, as security must be held by the political subdivision, or with an unaffiliated bank or a trust company for the account of the political subdivision.

The year-end balances of deposits are as follows:

	Bank Balances	Reported Amount
Cash	\$ 47,928,809	\$ 45,804,096
Certificates of deposit	2,367,169	2,367,169
Totals	\$ 50,295,978	\$ 48,171,265

Custodial credit risk is the risk that in the event of a bank failure, the Parish's deposits may not be returned to it. The Parish does not have written deposit policy for custodial credit risk beyond the requirements of state statute. As of December 31, 2019, \$45,688,718 of the Parish's bank balance of \$50,295,978 was exposed to custodial credit risk. These deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent and by state statute are deemed to be held in the Parish's name.

At December 31, 2019, cash and certificates of deposit in excess of the FDIC insurance were collateralized by securities held by unaffiliated banks for the account of the depositors. The Governmental Accounting Standards Board (GASB), which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities subject to custodial credit risk. Even though the deposits are considered subject to custodial credit risk under the provisions of GASB Statement No. 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Note 4 -DEPOSITS AND INVESTMENTS (Continued)

Primary Government (continued)

Investments:

State statutes authorize the Parish to invest in obligations of the U.S. Treasury, agencies, and instrumentalities; guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations; repurchase agreements; and the Louisiana Asset Management Pool (LAMP).

As of December 31, 2019, the Parish had the following investments and maturities:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>		
		<u>Less Than 1</u>	<u>1-5</u>	<u>5 or more</u>
Federal Farm Credit Bank Notes	\$ 43,487,658	\$ 3,595,176	\$ 31,982,692	\$ 7,909,790
Federal National Mortgage Association (FNMA) Notes	3,494,560	2,496,940	997,620	
Federal Home Loan Mortgage Corporation (FHLMC) Notes	6,290,677	3,497,660	2,793,017	
Federal Home Loan Bank Notes	22,344,822	1,998,110	11,839,521	8,507,191
Federal Farm Mortgage Corporation (FMAC) Notes				
Louisiana Asset Management Pool (LAMP)	28,681,169	28,681,169	-	
Totals	\$ 104,298,886	\$ 40,269,055	\$ 47,612,850	\$ 16,416,981

Because LAMP as of December 31, 2019, had a weighted average maturity of 60 days, it was presented as an investment with a maturity of less than three months.

As described in Note 1 D) the Parish values its investments at fair value and categorizes its fair value measurements within the fair value hierarchy established by generally accepted principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

The Parish has the following recurring fair value measurements as of December 31, 2019:

Obligations of the U.S. Treasury, agencies and instrumentalities are valued using quoted market prices (Level 1 input).

LAMP is a local government 2a7-like pool and permitted to be carried at amortized cost and therefore, is not subject to fair value measurements.

As a means of limiting its exposure to fair value losses arising from interest rates, the Parish's investment policy emphasizes maintaining liquidity to match specific cash flows.

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Parish's investment policy requires the application of the prudent-investor rule. The policy states, *Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived...* The Parish's investment policy limits investments to those allowed under state law, as described

Note 4 -DEPOSITS AND INVESTMENTS (Continued)

Primary Government (continued)

on the previous page. All of the Parish's investments were rated AAA by Standard & Poor's, except LAMP which has a rating of AAAM. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Parish will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Parish does not have a written investment policy for custodial credit risk beyond the investment requirements of state statute, as described on the previous page. Investments in external investment pools are not exposed to custodial credit risk because of their natural diversification and the diversification required by the Securities and Exchange Commission.

LAMP, a local government investment pool, is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana, which was formed by an initiative of the State Treasurer in 1993. While LAMP is not required to be a registered investment company under the Investment Company Act of 1940, its investment policies are similar to those established by Rule 2a7, which governs registered money market funds. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest.

Accordingly, LAMP investments are restricted to securities issued, guaranteed or backed by the U.S. Treasury, the U.S. Government or one of its agencies, enterprises or instrumentalities, as well as repurchase agreements collateralized by those securities. The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. The fair value of investments is determined on a weekly basis to monitor any variances between amortized cost and fair value. For purposes of determining participants' shares, investments are valued at amortized cost. The fair value of participant's position is the same as the value of the pool shares.

LAMP is designed to be highly liquid to give its participants immediate access to their account balances. Investments in LAMP at December 31, 2019 amounted to \$28,681,169 and are classified on the statement of net position as "Cash and Cash Equivalents".

In accordance with GASB Statement No. 31, the Parish recognized the net increase (decrease) in the fair value of investments for the year ended December 31, 2019. The increase (decrease) in the fair value of investments takes into account all changes in fair value (including purchases and sales). For the year ended December 31, 2019, the Parish recognized a decrease in the fair value of investments totaling \$2,391,696; \$2,076,219 in governmental activities and \$315,477 in business activities.

A reconciliation of deposits and investments as shown on the statement of net position for the Primary Government is on the following page:

Note 4 -DEPOSITS AND INVESTMENTS (Continued)

Primary Government (continued)

Cash on hand	\$	42,152
Reported amount of deposits		48,171,265
Reported amount of investments		104,298,886
Totals	\$	152,512,303
Cash and cash equivalents	\$	71,902,055
Cash and cash equivalents-restricted		1,314,413
Investments		72,697,015
Investments-restricted		3,986,980
Fiduciary funds :		
Agency fund cash and cash equivalents (not included in government-wide statement)		746,591
Pension trust fund cash and cash equivalents (not included in government-wide statement)		83,127
Pension trust fund investments (not included in government-wide statement)		1,782,122
Totals	\$	152,512,303

Component Units

The year-end balances of deposits are as follows:

	Bank Balances	Reported Amount
Deposits	\$ 154,795,038	\$ 153,360,389

As of December 31, 2019, \$139,162,347 of the component units' bank balance of \$154,795,038 was exposed to custodial credit risk.

Note 4 -DEPOSITS AND INVESTMENTS (Continued)

Component Units (continued)

At year end the component units had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1-5	6-10	More Than 10
U. S. Treasuries	\$ 33,720,911	\$ 675,290	\$ 15,912,105	\$ 17,133,516	
Government National Mortgage Association (GNMA) Notes	14,000,687		4,698	13,995,989	
Federal Farm Credit Bank Notes	308,498			308,498	
Federal National Mortgage Association (FNMA) Notes	35,527,783	734,351	4,166,437	30,626,995	
Federal Home Loan Mortgage Corporation (FHLMC) Notes	10,484,748	1,698,113	604,727	8,181,908	
Federal Home Loan Bank Notes	3,367,723	701,439	2,666,284		
Small Business Administration	2,091,539		1,112,009	979,530	
Other U.S. Government Securities	54,214,156	9,415,074	19,005,828	25,793,254	
Louisiana Asset Management Pool (LAMP)	37,344,913	37,344,913			
Totals	\$ 191,060,958	\$ 50,569,180	\$ 43,472,088	\$ 97,019,690	

In accordance with GASB Statement No. 31, the Parish and component units recognized the net increase (decrease) in the fair value of investments for the year ended December 31, 2019. The increase (decrease) in the fair value of investments takes into account all changes in fair value (including purchases and sales) and for the year December 31, 2019 is considered immaterial for reporting purposes.

A reconciliation of deposits and investments as shown on the statement of net position for the component units is as follows:

Cash on hand	\$ 8,850
Reported amount of deposits	153,360,389
Reported amount of investments	<u>191,060,958</u>
Totals	\$ 344,430,197
Cash and cash equivalents	\$ 157,014,389
Cash and cash equivalents-restricted	10,126,232
Investments	176,891,151
Fiduciary fund cash and cash equivalents (not included in government-wide statement)	<u>398,425</u>
	\$ 344,430,197

Note 5 - RECEIVABLES

Receivables and the applicable allowances for uncollectibles at December 31, 2019 are as follows:

Totals	\$ 1,503,462	\$ 1,319,089

Note 7 -RESTRICTED ASSETS

Primary Government

Restricted assets in the Grant Fund consist of \$131,387 for Section 8 Vouchers.

The various bond indentures contain significant limitations and restrictions on annual debt service requirements, maintenance of and flow of monies through various restricted accounts, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverages. The Parish is in compliance with all such significant limitations and restrictions. A summary of Enterprise Fund restricted assets at December 31, 2019 is as follows:

	Utilities Fund	Sewerage Fund
Bond sinking accounts		\$ 9,681
Bond reserve accounts		3,986,980
Customer deposits	\$ 1,183,026	
Total	\$ 1,183,026	\$ 3,996,661

Component Units

Restricted assets for Consolidated Waterworks District No. 1 consists of \$10,112,455 representing specific assets that are required to be segregated as to use pursuant to restrictions arising from customer meter deposits and various bond indenture agreements. Also, the Bayou Cane Fire Protection District had restricted assets held for protest taxes.

Note 8 - CHANGES IN CAPITAL ASSETS

Note 10 - LONG-TERM DEBT

Public Improvement Bonds

The Parish issues public improvement bonds to provide for the acquisition and construction of major capital facilities. Public improvement bonds have been issued for governmental activities and are secured with sales and use taxes levied by the Parish, \$18,678,462 for the year ended December 31, 2019. The largest amount of principal and interest due in any single year for new public improvement bonds shall not exceed 75% of anticipated revenue from the tax securing the bonds.

General Obligation Bonds

The Parish issues general obligation bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities and are secured by unlimited ad valorem taxation, \$26,800,539 for the year ended December 31, 2019. The total general obligation bond debt shall not exceed 10% of the assessed value of all property within Terrebonne Parish.

Limited Tax Bonds

The Parish issues limited tax bonds to provide for the acquisition and construction of major capital facilities. Limited tax bonds are issued for governmental activities and are secured by a special ad valorem tax of 3.09 mills (1.55 mills in the City of Houma), \$2,606,350 for the year ended December 31, 2019 subject to adjustment from time to time due to reassessment.

Note 10 - LONG-TERM DEBT (Continued)

During 2016, the Parish issued \$8,000,000 of limited tax bonds for the purpose of financing a portion of the acquisition and construction of additions, extensions and improvements to the sewer system. These limited tax bonds are issued for business-type activities and are secured by an ad valorem tax of 11.21 mills, \$10,654,430 for the year ended December 31, 2019, subject to adjustment from time to time due to reassessment. The bond shall bear interest at .45% annually plus a .5% administrative fee, payable in semi-annual installments beginning March 1, 2018 through March 1, 2030. The purchase price of the bond shall be paid in periodic advances from the Louisiana Department of Environmental Quality (DEQ). As of December 31, 2019, DEQ has advanced the Parish \$3,589,540 for construction costs.

Gulf of Mexico Energy Security Act (GOMESA) Bonds

The Parish issued GOMESA Revenue Bonds for the purpose of (i) paying the costs of additions, acquisitions, repairs and/or expansions needed for coastal restoration, protection and for other activities and endeavors permitted under the provisions of GOMESA, (ii) funding a debt service reserve fund, if any, and (iii) paying costs of issuance and other related costs. GOMESA bonds have been issued for governmental activities and are secured and solely paid with GOMESA revenues, \$1,450,355 for the year ended December 31, 2019. Upon deposit of GOMESA revenues collected with the Bond Trustee, the Parish applies GOMESA revenue first to interest then principal. Revenue deposited in excess of scheduled principal and interest is applied to principal, while principal and interest scheduled in excess of deposited revenue are deferred until collected and deposited. During the year ended December 31, 2019, the Parish deposited \$355,000 in excess of scheduled principal and interest payments.

Revenue Bonds

The Parish also issues revenue bonds for the purpose of providing for the acquisition and construction of major capital projects. Revenue bonds have been issued for business-type activities. The Parish has pledged income derived from the acquired or constructed assets, \$7,360,209 for the year ended December 31, 2019, to pay revenue bond debt service. The pledge of the revenue is for the term of the bonds. Principal and interest paid on the bonds during 2019 amounted to \$1,048,565.

Terrebonne Parish Consolidated Government issued \$19,938,400 in Sewer Revenue Bonds, Series 2010, 2013 and 2014 (Build America Bond and Recovery Zone Economic Development) for the purpose of conversion of 6 lift stations to submersible pumps, mitigation of 4 lift stations in the South Treatment Plant service area and renovations of 11 other lift stations throughout the Parish and renovations of 2 treatment plants.

The 2014 bonds were issued for acquiring, constructing and installing improvements, extensions and additions to the wastewater collection, treatment and disposal system of the Parish. The revenue bonds were issued in the form of a single bond which was purchased by the Louisiana Department of Environmental Quality (DEQ).

The bond shall bear interest at the rate of .45% annually plus a .5% administrative fee, payable in semi-annual installments beginning September 2, 2013 and maturing September 1, 2023 except for the 2014 bonds which are principal forgiven bonds. The bond is secured and payable solely from the income and revenues derived or to be derived by the Parish from the operation of its sewer system, \$7,360,209 for the year ended December 31, 2019. The purchase price of the bond shall be paid in periodic advances of principal by DEQ. As of December 31, 2019, DEQ had advanced the Parish, after principal payments, \$11,352,000 on Series 2010. The Series 2013 Sewer Revenue Bonds have been fully drawn for construction costs.

Note 10 - LONG-TERM DEBT (Continued)

The following is a summary of changes in long-term debt of the Parish:

	Payable January 1, 2019	Obligations Retired	New Issues	Payable December 31, 2019	Due Within One Year
<u>Governmental Activities:</u>

Compensated absences, other postemployment benefits, net pension liability, and landfill closure are described in Notes 1D, 18, 19, and 20, respectively.

Internal service funds serve predominantly the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the totals for governmental activities. At year-end \$250,633, \$548,667 and \$5,112,439 of compensated absences payable, net pension liability and other postemployment benefits respectively for internal service funds are included as governmental activities. These obligations typically have been liquidated by the General Fund, Public Safety Fund, Grant Fund, Road and Bridge Maintenance Fund, Drainage Maintenance Fund and all other governmental funds and proprietary funds that incur personal service costs.

Note 10 - LONG-TERM DEBT (Continued)

The annual requirements to amortize authorized bonded debt outstanding including principal and interest and following the full advance of the 2016 Limited Tax Bond, at December 31, 2019 are presented below.

Maturity	Public Improvement Bonds		General Obligation Bonds		Limited Tax Bonds	
	Principal	Interest	Principal	Interest	Principal	Interest

Note 12 - MAJOR SUPPLIERS - ENTERPRISE FUNDS

The Parish made 10% or more of total energy purchases recognized in the Utilities Fund during the year ended December 31, 2019 from the following suppliers:

	Purchases
Supplier A	\$ 16,866,648
Supplier B	\$ 5,292,231

The Parish made 10% or more of charges for services recognized in the Sanitation Fund during the year ended December 31, 2019 from the following suppliers:

	Purchases
Supplier A	\$ 5,064,584
Supplier B	\$ 3,789,407
Supplier C	\$ 1,661,196

Note 13 - INVESTMENT IN JOINT VENTURE

Investment in joint venture represents The Utility Fund's, formerly City of Houma (Houma), investment in the Louisiana Energy and Power Authority (LEPA), which was established by legislative act in 1979 as a political subdivision of the State of Louisiana. LEPA was created to help participating municipal electric utilities insure adequate, reliable, and economical supply of power and energy by providing for joint planning, financing, development, ownership, or operation of facilities, thus achieving economies and efficiencies which may not be practical for any municipality acting alone. To this end, the act empowers LEPA to provide facilities for the generation and transmission of electric power for the benefit of its members. Seventeen Louisiana municipalities are members.

LEPA's operations consist of three major programs – the 20% ownership of the Rodemacher Unit No. 2 coal-fired generating facility (Rodemacher), 100% ownership of the LEPA Unit 1 combined cycle combustion turbine generation facility (LEPA 1) and the wholesale power sales to member participants (Non-Project).

The Rodemacher Unit No. 2 (Rodemacher) generating plant is located at the Cleco Brame Energy Center near Boyce, Louisiana. Cleco and Lafayette Public Power Authority (LPPA) have ownership interests of 30% and 50%, respectively. Rodemacher Unit No. 2 is a coal-fired steam electric generating plant with a current rated net capacity of 530 MW. The owners' Joint Ownership Agreement provides it will remain in effect as long as the unit is useful for the generation of electricity or until June 30, 2032, whichever is less.

Houma has a Rodemacher Power Sales Contract with LEPA to purchase output from the Rodemacher Unit No. 2 generating facility. Four other Louisiana municipal electric utilities and LEPA members entered into similar agreements. The terms of the agreements are such that each city is required to purchase its respective entitlement share of generated electricity from the facility. The aggregate entitlement shares of all the cities equals 100% of LEPA's 20% ownership interest, 106.0 MW. Houma's share is 21.7% or 22.7 MW. Each city is required to pay monthly for its entitlement share of power capability and energy on a take-or pay basis. Total expenses for Houma's entitlement share of Rodemacher Unit No. 2 capacity and energy for the year ended December 31, 2019 amounted to \$5,001,154.

Houma and LEPA also entered into an Agreement for Load Control and Other Services. This agreement provided primarily for i) inclusion of Houma's electric utility system in LEPA's balancing authority, ii) economic dispatch of Houma's power supply resources by LEPA to service Houma's load, and iii) bi-lateral transactions between LEPA and Houma, including the sharing of regulation resources. By amendment of October 2003, the agreement was continued on a month-to-month basis. During the year ended December 31, 2019, the cost of LEPA load control and other services amounted to \$1,188,048.

On December 19, 2013, LEPA integrated into the Midcontinent Independent System Operator (MISO) regional transmission organization (MISO RTO). LEPA relies on the transmission systems of Entergy and Cleco for supplying transmission service to its members and elected to transition into the MISO RTO simultaneously with Entergy.

MISO is an independent, non-profit regional transmission organization, responsible for maintaining reliable transmission of power in eleven U.S. states and the Canadian province of Manitoba. In the MISO RTO, the efficient use of generation and transmission is managed by MISO primarily through the operation of Day-Ahead Energy and Operating Reserves Market, and Resource Adequacy Market. Real-Time Energy and Operating Reserves Market, Financial Transmission Rights Market, and Resource Adequacy Market. Locational marginal pricing is utilized to manage congestion and price energy at physical nodes on the transmission system. Financial Transmission Rights obtained, either through the conversion of Auction Revenue Rights allocations or by purchase, allow participants to hedge transmission congestion cost risk from serving load or other market transactions.

Upon its integration into MISO, LEPA became a local balancing authority (LBA) in MISO. As a LBA, LEPA is responsible for sending the net actual interchange by interface and the individual tie line inflows to the MISO balancing authority. LEPA is responsible for monitoring member generation systems in real-time and for sending dispatch signals received from the MISO balancing authority to LEPA's generation plants. Through participation in MISO, LEPA and its members should benefit from the MISO wide

Note 13 - INVESTMENT IN JOINT VENTURE (Continued)

dispatch of its generating units in coordination with other generating resources in MISO. During the year ended December 31, 2019, the Houma Power Plant recognized \$2,646,229 in revenue as a result of MISO dispatch activities.

Houma has entered into LEPA Unit 1 Power Sales Contract whereby LEPA bills Houma, and five other Unit 1 participants, monthly for its share of the electric power generated by the LEPA Unit 1, 64 megawatt (MW) combined cycle combustion turbine electric unit and related gas transmission line. Under the LEPA Unit 1 Power Sales Contract, Houma purchases its respective of capacity and energy on a take-or-pay basis, whether or not Unit 1 is operating. Houma's respective share of capacity and energy in Unit 1 was 25.00 MW or 40.90% as of December 31, 2019. To finance construction of Unit 1, LEPA issued \$120,770,000 of Electric Revenue Bonds 2013A. The bonds bear interest at rates ranging from 3.00% - 5.25% annually and are payable through 2044 with total debt service ranging from approximately \$6.8 million to \$8.3 million per year solely from LEPA revenues. As of December 31, 2019, the balance of the bonds outstanding was \$117,235,000. Houma is obligated to establish rates sufficient to pay all of its obligations under the LEPA Unit 1 Power and Sales Contracts. For the year ended December 31, 2019, LEPA Unit 1 charges amounted to \$4,873,865.

In November 2019, LEPA issued a Power Project Revenue Bond Anticipation Note (LEPA Unit No. 1) Series 2019 in the amount of \$6,200,000. The Series 2019 Note was issued for the purpose of (i) providing interim financing for improvements to LEPA Unit No. 1 and (ii) paying costs of issuance of the Series 2019 Note. The Note bears interest at 2.475 percent per annum payable monthly commencing January 1, 2020. The Note will mature on December 31, 2020. LEPA plans to refund the anticipation note with long-term financing prior to the maturity date.

Houma and another Rodemacher participant have entered into Full Requirements Power Sales Contracts (Full Requirements Approach) with LEPA. LEPA bills Houma monthly for its share of the power generated by Rodemacher Unit No. 2 and for certain items to purchase LEPA's 20% interest. However, under the Full Requirements Approach LEPA buys power back to be distributed. For the year ended December 31, 2019, Houma's energy purchases from LEPA under the Full Requirements Approach amounted to \$8,449,809, net \$2,360,654 in Rodemacher Unit No. 2 buy backs.

In addition to the 2013A Series bonds, LEPA also has outstanding \$13,165,000 of 2013 Electric Revenue Bonds issued for the purpose of environmental improvements at the Rodemacher power facility. The bonds are secured by LEPA revenues after payment of operating expenses. The 2013 Series bonds bear interest at rates ranging from 3.00 - 5.00% and are payable through 2023 with total debt service payments of approximately \$3.6 million per year. LEPA issues a publicly available financial report that includes financial statements and other required supplementary information. The report may be obtained by writing to Louisiana Electric Power Authority, 210 Venture Way, Lafayette, Louisiana, 70507-5319.

Note 14 - INTERDEPARTMENTAL - UTILITIES USAGE

The Utilities Fund records at cost the sales and purchases of natural gas between its departments. The Gas Utility Department reports as revenue the sale of natural gas to the Electric Utility Department. The Electric Utility Department records these purchases as operating expenses. For the year ended December 31, 2019, these interdepartmental transactions amounted to \$2,561,896. Interdepartmental sales of electricity and gas to other Parish departments amounted to \$17,758. No consolidating or other eliminating entries were made in arriving at the above figures.

Note 15 - RECONCILIATION OF TRANSFERS

Totals	11,507,775	6,581,324
Grand Totals	\$ 30,303,468	\$ 30,303,468

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service fund from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

In the year ended December 31, 2019, the Parish made a transfer of \$3,969,246 from the Utilities Fund to the General Fund for the payment in lieu of tax (PILOT). The PILOT is a prudent percentage of funds that may be transferred from City Utility System.

Note 16 - OPERATING LEASES

The Parish is a lessee in various operating leases. These operating leases are for property, buildings and boat landings. Some leases are on a daily/as needed basis, some are monthly, and others are on a yearly basis. The longest time period the Parish is under contract is for a lease expiring in the year 2070 for a park at a yearly fee of \$50. Since 1989 the Parish has been providing in-kind services to the Houma-Terrebonne Airport Commission in exchange for property leased by the Parishwide Recreation Fund. The lease, which expired on June 30, 1989, has operated on a month-to-month basis from 1989 to 2019. Management has determined the in-kind services of police and fire protection, roads and drainage have more than compensated for the outstanding liability, and future obligations will be offset by in-kind services from the Parish to the Airport Commission.

Rental expenses for all operating leases for the year ended December 31, 2019 totaled \$241,208.

The minimum annual commitments under non-cancelable operating leases are as follows:

<u>Year Ending December 31</u>	<u>Amount</u>
2020	\$ 192,703
2021	144,710
2022	129,372
2023	31,571
2024	<u>1,200</u>
Total	<u>\$ 499,556</u>

The Parish leases space in its Government Towers to business and other governmental agencies. Some leases are non-cancelable operating leases, and some are operating on a month-to-month basis. The cost of property leased or held for lease to others was \$2,877,072 for the year ended December 31, 2019. Accumulated depreciation on this leased property was \$1,374,844 as of December 31, 2019. As of December 31, 2019, the latest expiring lease in which the Parish was lessor expires in 2021.

Minimum rentals on non-cancelable operating leases for the next three years are as follows:

<u>Year Ending December 31</u>	<u>Amount</u>
2020	\$ 15,972
2021	<u>15,972</u>
Total	<u>\$ 31,944</u>

Several of the leases include rental amounts that are redetermined annually based on formulas prescribed in the individual lease agreements. The future minimum rentals for these leases were determined using the rates in effect at December 31, 2019. Rental income under cancelable and non-cancelable leases for 2019 was \$184,533.

Note 17 - RISK MANAGEMENT

The Parish is exposed to various risks of loss related to general liability, auto liability, workers' compensation, property and group health benefits. Various suits and claims arising from personal injury and property damage, some for substantial amounts, are pending against the Parish, its insurers and others. In accordance with GASB Statement No. 62, the Parish's internal service funds have provided for, in their financial statements, estimated losses from the aforementioned pending suits and claims based on the estimated ultimate cost of settling the claims, considering the effects of inflation, recent claim settlement trends and other social and economic factors, including the effects of specific incremental claim adjustment expenses, salvage and subrogation. The Parish believes the ultimate settlement costs will not materially exceed the amounts provided for the claims.

Under the Parish's limited risk management program, premiums are paid into the internal service funds by all participating funds and are available to pay claims, policy premiums and administrative costs of the program. The total charge by the internal service funds to the other funds is based on an actuarial valuation and adjusted over a reasonable period of time so that internal service fund revenues and expenses are approximately equal.

Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The liability for claims and judgments is reported in the internal service funds.

Insurance coverage for the various loss risks related to general liability, public officials and employees' liability and employment practices, general liability for electric and gas systems, auto liability, workmen's compensation, property, group health, and pollution liability is provided as described below:

General Liability – For the period January 1, 2019 through December 31, 2019, the Parish is self-insured for the first \$500,000 of each claim relating to general liability, with coverage obtained through an independent provider for liability up to \$10,000,000. General liability claims in excess of \$10,000,000, aggregate over \$20,000,000 are paid by the Parish.

Public Officials and Employee's Liability and Employment Practices – For the period January 1, 2019 through December 31, 2019, the Parish was self-insured for the first \$250,000 of each wrongful act relating to public officials and employees' liability. Claims in excess thereof covered up to \$6,000,000 for employer's liability and \$10,000,000 for wrongful acts including public officials, employment practice and sexual harassment. Employer's liability claim in excess of \$6,000,000 and wrongful acts claims in excess of \$10,000,000 are paid by the Parish.

General Liability for Electric and Gas Systems – The Parish is self-insured for the first \$200,000 of each claim relating to general liability of the Electric and Gas Systems, the first \$500,000 related to pollution liability and the first \$200,000 related to the Emergency Assistant Agreement. For liability in excess thereof, the Parish is covered under an insurance contract for up to \$20,000,000, with any individual claims over \$20,000,000 or aggregate over \$40,000,000 to be paid by the Parish.

Automobile Liability - For the period January 1, 2019 through December 31, 2019, the Parish is self-insured for the first \$500,000 of each claim relating to auto insurance. For liability in excess of \$500,000, the Parish is covered under an insurance contract for claims up to \$10,000,000. Auto claims in excess of \$10,000,000 are paid by the Parish.

Workers' Compensation - The Parish is self-insured for the first \$600,000 of each claim relating to workers' compensation insurance, and the first \$750,000 for police and firemen. For liability in excess thereof, the Parish is covered under an insurance contract for claims up to \$25,000,000. Under the workers' compensation policy, employer's liability insurance limits are \$1,000,000.

Note 17 - RISK MANAGEMENT (Continued)

Property Insurance - The Parish is self-insured for the first \$50,000 of each claim relating to property insurance except for wind/named storm losses, which will be two percent (2%) of the value at the time of loss of each separate building, with respect to named storm losses only. If two or more deductible amounts in this policy apply to a single occurrence, the total amount to be deducted shall not exceed the largest deductible applicable. The Parish is covered under insurance contracts for the excess liability up to \$65,000,000. Any claims in excess of \$65,000,000 are to be paid by the Parish.

Pollution Liability – For the period January 1, 2019 through December 31, 2019 the Parish is self-insured for the first \$250,000 of each claim relating to pollution liability. For liability in excess of \$250,000 the Parish is covered under an insurance contract for claims up to \$5,000,000. Pollution liability claims in excess of \$5,000,000 are to be paid by the Parish.

Group Health Insurance - The Parish is self-insured for the first \$175,000 of each claim relating to group health insurance. The aggregate deductible for all group claims relating to group insurance for 2019 was \$16,375,093. The Parish is covered under an insurance contract for the excess liability on individual claims. There is no lifetime maximum claims limit for covered employees.

Settled claims have not exceeded the insurance coverage for the excess liability in any of the past three years.

At December 31, 2019, the amount of liability for unpaid claims was \$12,542,761 for the Insurance Control Fund and \$2,326,378 for Group Health Insurance Fund. These liabilities are the Parish’s best estimate based on available information. Changes in the reported liabilities during the past two years are as follows:

Insurance Control Fund

	Unpaid Claims January 1,	Incurred Claims (Including IBNRs)	Claim Payments	Unpaid Claims December 31,
2018	\$ 8,722,344	\$ 3,586,763	\$ 1,908,091	\$ 10,401,016
2019	\$ 10,401,016	\$ 4,607,953	\$ 2,466,208	\$ 12,542,761

Group Health Insurance Fund

	Unpaid Claims January 1,	Incurred Claims (Including IBNRs)	Claim Payments	Unpaid Claims December 31,
2018	\$ 2,326,378	\$ 14,469,018	\$ 14,469,018	\$ 2,326,378
2019	\$ 2,326,378	\$ 13,496,900	\$ 13,496,900	\$ 2,326,378

Note 18 - POSTRETIREMENT HOSPITALIZATION AND LIFE INSURANCE BENEFITS

General Information about the OPEB Plan

Plan description – The Parish administers a single-employer defined benefit healthcare plan (the Plan). The Plan provides for the payment of medical, dental and life insurance premiums for eligible employees, retirees and dependents. Louisiana Revised Statute 33:5161 provided authority of the Parish to establish and amend benefit terms and financing. Following passage, the Parish established and amended the obligation of the employer, employees and retirees. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 *Postemployment Benefits Other Than Pensions—Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria—Defined Benefit*.

Benefits Provided – Parish employees hired prior to January 1, 2013 and any such employee having at least ten years of permanent, full-time creditable service with Parish Government shall be eligible to continue participation, provided they have participated in the Plan for the immediate 5 continuous years prior to retirement, in group medical insurance coverage under the following vesting schedule: 1 to 15 years of service, 2.75% per year; 16 to 20 years of service, 3.75% per year; and 21 to 30 years of service, 4% per year. The parish will pay up to 80% of the group insurance premium or the maximum percentage of premium paid for active employees; whichever is lesser. For all employees hired on or after January 1, 2013 and who are members of the Municipal Police Employees Retirement System or Firefighters Retirement System, post-retirement benefits will only be available to those eligible retiring employees with twenty-five (25) years of service and who are at least fifty-five (55) years of age. For all other employees who are hired on or after January 1, 2013 and who are members of the Parochial Employees Retirement System, post-retirement benefits shall only be available to eligible retiring employees with a minimum of thirty (30) years of service, who are at least fifty-five (55) years of age at retirement and participated in the Plan for the immediate 5 continuous years prior to retirement. A retired employee may provide dependent hospitalization coverage at applicable dependent rates. A retiree is not allowed to participate in the Plan if not elected when offered such participation upon retirement.

Employees covered by benefit terms – At December 31, 2019, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefit payments	193
Inactive employees entitled but not yet receiving benefit payments	
Active employees	738
	931

Total OPEB Liability

The Parish’s total OPEB liability of \$84,470,483 was measured as of December 31, 2019 and was determined by an actuarial valuation as of January 1, 2018.

Actuarial Assumptions and other inputs – The total OPEB liability in the January 1, 2018 actuarial valuation, measured as of December 31, 2019, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Note 18 - POSTRETIREMENT HOSPITALIZATION AND LIFE INSURANCE BENEFITS (Continued)

Measurement date	December 31, 2019
Actuarial valuation date	January 1, 2018
Inflation	2.50%
Salary increase, include inflation	3.00%
Discount rate	2.75%
Prior year discount rate	3.71%
Healthcare cost trend rates	Medical - 7.00% in year 1 decreasing in decrements of 0.50% per year until 5.00% through year 5.
	Dental - 4.00% in year 1 decreasing in decrements of 0.25% per year until 3.00% through year 5.

Retirees' share of benefit-related costs For employees hired prior to January 1, 2013 and retired on or after January 1, 2015, the Parish subsidizes the premium rates based on years of service beginning at 27.50% with 10 years of services and increases 2.75% per year through 15 years of service then increasing 3.75% per year in years in services 16 through 20 then increasing 4.00% in years in services 21 through 25 where upon the subsidy will not exceed 100% after 25 years of service

For employees hired on or after January 1, 2013, the Parish subsidizes 80% of the premium rates

The discount rate was based on the December 31, 2019 Fidelity General Obligation AA 20-year yield.

Mortality rates for active employees were based on the PubG.H-2010 for general employees and PubS.H-2010 for public safety employees.

Mortality rates for retirees were based on the PubG.H-2010 for general employees and PubS.H-2010 for public safety employees.

Changes in the Total OPEB Liability

	Governmental Activities	Business Activities	Total	Component Units
Balance at December 31, 2018	\$ 57,558,534	\$ 8,089,740	\$ 65,648,274	\$ 35,988,325
Changes for the year:				
Service cost	1,153,338	165,492	1,318,830	1,037,561
Interest	1,572,131	225,584	1,797,715	1,165,334
Differences between expected and actual experience	2,309,351	331,367	2,640,718	(1,883,358)
Changes in assumptions/inputs	13,769,673	1,975,803	15,745,476	6,026,426
Changes in proportionate share	(633,255)	94,710	(538,545)	130,214
Change in benefit terms				
Benefit payments	(1,863,083)	(278,902)	(2,141,985)	(1,046,980)
Net Changes	16,308,155	2,514,054	18,822,209	5,429,197
Balance at December 31, 2019	\$ 73,866,689	\$ 10,603,794	\$ 84,470,483	\$ 41,417,522

Note 18 - POSTRETIREMENT HOSPITALIZATION AND LIFE INSURANCE BENEFITS (Continued)

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the Parish, as well as what the Parish’s total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.75%) or 1-percentage-point higher (3.75%) than the current discount rate:

	1.0% Decrease (1.75%)	Current Discount Rate (2.75%)	1.0% Increase (3.75%)
Total OPEB Liability	\$ 101,679,674	\$ 84,470,483	\$ 71,117,332

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates – The following presents the total OPEB liability of the Business, as well as what the Business’ total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare trend rates:

	1.0% Decrease (1.75%)	Current Discount Rate (2.75%)	1.0% Increase (3.75%)
Total OPEB Liability	\$ 68,720,707	\$ 84,470,483	\$ 103,825,537

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2019, the Parish recognized an OPEB expense of \$3,636,947. At December 31, 2019, the Parish reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Outflows	Inflows
Differences between expected and actual experience	\$ 2,112,574	\$ (434,300)
Changes in assumptions/inputs	12,596,380	(3,030,180)
Change in proportionate share	637,881	(1,061,812)
	\$ 15,346,835	\$ (4,526,292)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years Ending December 31:	
2020	\$ 2,706,701
2021	2,706,700
2022	2,706,700
2023	2,700,442
Total	\$ 10,820,543

Note 19 - PENSION PLANS

Permanent employees of the Parish (except for policemen and firemen of the City of Houma) who work at least 28 hours a week are members of the Parochial Employees' Retirement System (PERS) on the date of employment.

On October 1, 1983, the City of Houma policemen joined the Municipal Police Employees' Retirement System (MPERS) of the State of Louisiana.

Firemen hired after December 31, 1979 are covered under the Firefighters' Retirement System (FRS) of the State of Louisiana. The Parish maintains a Trust (Firemen's Pension and Relief Fund) for firemen hired prior to January 1, 1980. On March 26, 1996, the City of Houma Firemen's Pension Plan entered into a merger agreement with the Firefighter's Retirement System of the State of Louisiana. The merger was effective July 1, 1995 and retirees at that date were transferred to the FRS without a loss in benefits. Firemen hired prior to January 1, 1980 and retiring after June 30, 1995 will have their state retirement supplemented by the City of Houma Firemen's Pension Plan so as they too will not lose benefits under the merger.

Detailed information for each system or plan is as follows:

a.) Parochial Employees' Retirement System

Plan Description - The Parish contributes to Plan B of the Parochial Employees' Retirement System of Louisiana (the System), a cost-sharing multiple-employer defined benefit pension plan established by ACT 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the State of Louisiana or any governing body or parish which employs persons serving the parish. Act 765 of the year 1979, established by the Legislature of the State of Louisiana, revised the System to create Plan A and Plan B to replace the "regular plan" and the "supplemental plan". Plan A was designed for employees out of Social Security. Plan B was designated for those employers that remained in Social Security on the revision date. The Retirement System is governed by Louisiana Revised Statutes, Title 11, Section 1901 through 2025, and other general laws of the State of Louisiana.

Benefits Provided - The System provides retirement, deferred retirement, disability and death benefits. Retirement benefits are generally equal to 2.0% of the member's final average compensation multiplied by the years of creditable service. Members hired prior to January 1, 2007 may retire with full benefits at age fifty-five upon completing thirty years of service, retire at age sixty after completing ten years of service or retire at age sixty-five after completing seven years of service. Members hired after January 1, 2007 may retire with full benefits at age fifty-five after completing thirty years of service, retire at age sixty-two after completing ten years of service or retire at age sixty-seven after competing seven years of service. Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the System. When a member enters DROP their status changes from active to retired even though they continue to work and draw their salary for up to three years. During the three-year period, employer contributions continue but employee contributions cease. The election to participate in DROP is irrevocable once participation begins. Retirement benefits that would be paid, had the person ceased employment, are paid into the DROP account.

Upon termination of employment or end of participation a participant in DROP may receive a lump sum equal to payments into the participant's account, an annuity or a roll over to an Individual Retirement Account. Members hired before January 1, 2007 with five or more years of service who becomes disabled may receive retirement benefits determined in the same manner as retirement benefits. Members hired after January 1, 2007 with seven or more years of service who become disabled may receive retirement benefits in the same manner as retirement benefits. Upon retirement caused by disability a member will receive the lesser of 2% final average compensation multiplied by years of

Note 19 - PENSION PLANS (Continued)

a.) Parochial Employees' Retirement System (continued)

service or normal retirement as of earliest retirement date using current compensation. Survivor benefits are available to members with at least 10 years creditable service and are payable to eligible surviving spouse based on the deceased member's years of creditable service and age compensation. The System provides permanent benefit increases, cost of living adjustments (COLA) as approved by the State Legislature.

Contributions – According to the state statute, contributions for all employers are actuarially determined each year. For the year ending December 31, 2018, the most recent actuarial valuation, the actuarial employer contribution rate was 7.01% of member's compensation. However the actual rate for the fiscal years ending December 31, 2019 and 2018 was 7.50%.

According to state statute, the System also received ¼ of 1% of ad valorem taxes collected within Terrebonne Parish. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Contributions to the System from the Parish were \$1,913,974 for the year ended December 31, 2019.

Actuarial Assumptions – A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2018 are as follows:

Valuation Date:	December 31, 2018
Actuarial Cost Method:	Entry Age Normal
Actuarial Assumptions:	
Expected Remaining	
Service Lives:	4 years
Investment Rate of Return:	6.50%, net of investment expense including inflation
Projected Salary Increases:	4.25%
Inflation Rate:	2.40%
Mortality Rates:	The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. For disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale.

Note 19 - PENSION PLANS (Continued)

a.) Parochial Employees' Retirement System (continued)

Cost of Living Adjustments: The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.00% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.43% for the year ended December 31, 2018.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2018 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Fixed Income	35%	1.22%
Equity	52%	3.45%
Alternatives	11%	0.65%
Real Assets	2%	0.11%
Totals	100%	5.43%
Inflation		2.00%
Expected Arithmetic Nominal Return		7.43%

Discount Rate – The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

Pension Liability – As of December 31, 2019, the Parish reported a liability of \$6,316,275 (\$5,078,840 governmental activities and \$1,237,435 business activities) for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2018 based on an actuarial valuation at that date. The Parish's proportion of the net pension liability was based on a projection of its long-term share of contributions.

Note 19 - PENSION PLANS (Continued)

a.) Parochial Employees' Retirement System (continued)

As of December 31, 2018, the Parish's proportionate share of the PERS net pension liability was 23.3793% which was a decrease of 0.47212% from its proportionate share as of December 31, 2017.

Pension Expense – For the year ended December 31, 2019, the Parish recognized \$3,150,516 (\$2,537,477 governmental activities and \$613,039 business activities) as pension expense due to its participation in PERS.

Sensitivity of the Parish's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate – The following presents the Parish's proportionate share of the collective net pension liability using the discount rate of 6.50% as well as what the Parish's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.50%) or one percentage point higher (7.50%) than the current rate:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Collective proportionate share of the net pension asset (liability)	\$ (16,617,591)	\$ (6,316,275)	\$ 2,289,925

Pension Plan Fiduciary Net Position – The Parochial Employees' Retirement System of Louisiana issued a stand-alone audit report on their financial statements for the year ended December 31, 2018. Access to the audit report can be found on the System's website, www.persla.org or on the Louisiana Legislative Auditor's website, www.la.la.gov.

b.) Municipal Police Employees' Retirement System

Plan Description - The Parish contributes to the Municipal Police Employees' Retirement System of Louisiana (MPERS), a cost-sharing multiple-employer defined benefit pension plan. Membership in MPERS is mandatory for any full-time police officer employed by a municipality of the State of Louisiana and engaged in law enforcement, empowered to make arrests, providing he or she does not have to pay social security and meets the statutory criteria. Benefit provisions are authorized within Act 189 of 1973 and amended by LRS 11:22-11:2233.

Benefits Provided - MPERS provides retirement, deferred retirement, disability and death benefits. Members hired prior to January 1, 2013 can retire providing the member meets one of the following criteria: at any age with twenty-five years of creditable service, at age fifty with twenty years of creditable service, or at age fifty-five with twelve years of creditable service. A member is eligible for early retirement after he has been a member of MPERS for twenty years of creditable service at any age with an actuarially reduced benefit. Retirement benefits are generally equal to 3.33% of the member's final average compensation (average monthly earnings during the highest 36 consecutive months or joined months if service was interrupted) multiplied by the years of creditable service, not to exceed 100% of final salary. Upon the death of an active member, or disability retiree, MPERS provides for surviving spouses and minor children. The benefits range from forty to sixty percent of the member's average final compensation for the surviving spouse. In addition, each child under age eighteen received benefits equal to ten percent of the member's average final compensation or \$200 per month, whichever is greater.

Members hired on or after January 1, 2013 are eligible for regular retirement, disability and survivor benefits based on Hazardous Duty and Non-Hazardous Duty sub plans. Under the Hazardous Duty sub plan, a member is eligible for regular retirement providing the member meets one of the following

Note 19 - PENSION PLANS (Continued)

b.) Municipal Police Employees' Retirement System (continued)

criteria: at any age with twenty-five years of creditable service, or at age fifty-five with twelve years of creditable service. Under the Non-Hazardous Duty sub plan, a member is eligible for regular retirement when it meets one of the following criteria: at any age with thirty years of creditable service, at fifty-five with twenty-five years of creditable service, or at sixty with ten years of creditable years of service. Under both sub plans, a member is eligible for early retirement after he has been a member of MPERS for twenty years of creditable service at any age with an actuarially reduced benefit from age 55.

Under the Hazardous and Non-Hazardous Duty sub plans, the benefit rates are 3.00% and 2.50%, respectively, of average final compensation (average monthly earnings during the highest 60 consecutive months or joined months if service was interrupted) multiplied by the years of creditable service, not to exceed 100 % of final salary. Upon the death of an active member, or disability retiree, MPERS provides for surviving spouses and minor children. The benefits range from twenty-five to fifty-five percent of the member's average final compensation for the surviving spouse. In addition, each child under age eighteen received benefits equal to ten percent of the member's average final compensation or \$200 per month, whichever is greater. If deceased member had less than ten years of service, beneficiary will receive a refund of employee contributions only.

A member is eligible to elect to enter the Deferred Retirement Option Plan (DROP) when he is eligible for regular retirement based on the member's sub plan participation. Upon filing the application for the program, the employee's active membership in MPERS is terminated. At the entry date into DROP, the employee and employer contributions cease. The amount to be deposited into the DROP account is equal to the benefit computed under the retirement plan elected by the participant at date of application. If employment is terminated after the DROP period, the participant may receive his benefits by lump sum payment or a true annuity. If employment is not terminated, active contributing membership into MPERS shall resume and upon later termination, he shall receive additional retirement benefits based on additional service. In 1999, MPERS established an Initial Benefit Option Program. Initial Benefit Option is available to members who are eligible for regular retirement and have not participated in DROP. The Initial Benefit Option program provides both a one-time single sum payment of up to thirty-six months of regular monthly retirement benefit, plus a reduced monthly benefit for life.

MPERS provides permanent benefit increases, cost of living adjustments (COLA) not to exceed 3% to all regular retirees, disability, survivors and beneficiaries. An additional 2% COLA is available to all who are sixty-five years old.

Contributions – According to the state statute, contributions for all employees are actuarially determined each year but cannot be less than 9% of compensation, excluding overtime. The actual employer contribution rate for the period January 1, 2019 through June 30, 2019 was 32.25% and 32.50% for the period July 1, 2019 through December 31, 2019 for employees hired before January 1, 2013, for hazardous duty members hired after January 1, 2013 and for non-hazardous duty members hired after January 1, 2013.

According to state statute, MPERS receives insurance premium tax monies as additional employer contributions. The tax is considered support from a non-contributing entity.

Contributions to MPERS from the Parish were \$1,319,365 for the year ended December 31, 2019.

Actuarial Assumptions – A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2019 are as follows:

Note 19 - PENSION PLANS (Continued)

b.) Municipal Police Employees' Retirement System (continued)

Valuation Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Normal Cost
Actuarial Assumptions:	
Expected Remaining	
Service Lives:	4 years
Investment Rate of Return:	7.125%, net of investment expense
Inflation Rate:	2.50%
Projected Salary Increases:	1 - 2 years of service 9.75%
	3 - 23 years of service 4.75%
	> 23 years of service 4.25%
Mortality Rates:	RP-2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Tables projected to 2029 by Scale AA (set back 1 year for females) for healthy annuitants and beneficiaries. RP-2000 Disabled Lives Table set back 5 years for males and set back 3 years for females for disabled annuitants. RP-2000 Employee Table set back 4 years for males and 3 years for females for active members. The mortality rate assumption used was based upon an experience study performed by the prior actuary for the period July 1, 2009 through June 30, 2014, and review of similar law enforcement mortality. This mortality was then projected forward to the period equivalent to the estimated duration of System liabilities.
Cost of Living Adjustments:	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost-of-living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

Actuarial assumptions reported for the year ended June 30, 2019 reflect an adjustment to reduce the discount rate by 0.075% to 7.125%. Other changes in assumptions for the year ended June 30, 2019 include a reduction in the inflation rate by 0.10% to 2.50%.

The best estimates of arithmetic real rates of return for each major asset class included in MPERS target asset allocation as of June 30, 2019 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Equity	48.50%	3.28%
Fixed Income	33.50%	0.80%
Alternatives	18.00%	1.06%
Other	0.00%	0.00%
Total	100.00%	5.14%
Inflation		2.75%
Expected Arithmetic Nominal Return		7.89%

Note 19 - PENSION PLANS (Continued)

b.) Municipal Police Employees' Retirement System (continued)

Discount Rate – The discount rate used to measure the total pension liability was 7.125%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by Public Retirement Systems' Actuarial Committee, taken into consideration MPERS' actuary. Based on those assumptions, MPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

Pension Liability – As of December 31, 2019, the Parish reported a liability of \$11,749,953 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019 based on an actuarial valuation at that date. The Parish's proportion of the net pension liability was based on a projection of its long-term share of contributions.

As of June 30, 2019, the Parish's proportionate share of the MPERS net pension liability was 1.29% which was a decrease of 0.13% from its proportionate share as of June 30, 2018.

Pension Expense – For the year ended December 31, 2019, the Parish recognized \$1,386,850 as pension expense due to its participation in MPERS.

Sensitivity of the Parish's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate – The following presents the Parish's proportionate share of the collective net pension liability using the discount rate of 7.125% as well as what the Parish's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.125%) or one percentage point higher (8.125%) than the current rate:

	1% Decrease (6.125%)	Current Discount Rate (7.125%)	1% Increase (8.125%)
Collective proportionate share of the net pension asset (liability)	\$ (16,371,555)	\$ (11,749,953)	\$ (7,872,890)

Pension Plan Fiduciary Net Position – The Municipal Police Employees' Retirement issued a stand-alone audit report on their financial statements for the year ended June 30, 2019. Access to the audit report can be found on the System's website, www.lampers.org or on the Louisiana Legislative Auditor's website, www.lla.la.gov.

c.) Firefighters' Retirement System

Plan Description - The Parish contributes to the Firefighters' Retirement System (FRS), a cost-sharing multiple-employer defined benefit pension plan established by Act 434 of 1979. Membership in FRS is a condition of employment for any full-time firefighters who earn at least \$375 per month and are employed by any municipality, parish or fire protection district of the State of Louisiana. Employees eligible for membership must be 18 years of age, and must not be 50 years of age, unless by reason of merger.

Benefits Provided - FRS provides retirement, deferred retirement, disability and death benefits. Members with twenty or more years of service who have attained age 50, or members who have twelve years of service who have attained age 55, or twenty-five years at any age are entitled to annual pension benefits equal to 3.33% of their final average compensation based on the thirty-six consecutive months of highest pay multiplied by their total years of service, not to exceed 100%. Benefits are payable over

Note 19 - PENSION PLANS (Continued)

c.) Firefighters' Retirement System (continued)

the retirees' lives in a monthly annuity, determined by available options. Upon the death of an active member, or disability retiree, FRS provides for surviving spouses and minor children. The benefits range from forty to sixty percent of the member's average final compensation for the surviving spouse. In addition, each child under age eighteen received benefits equal to ten percent of the member's average final compensation or \$200 per month, whichever is greater.

If a member with five years creditable service, is officially certified as disabled by the State Medical Disability Board, he shall receive the greater retirement, if eligible for disability benefits as follows: any member totally disabled from injury received in the line of duty shall be paid, on a monthly basis, an annual pension of 60% of the average final compensation being received at the time of disability. Any member of FRS who has become disabled or incapacitated because of continued illness or as a result of an injury received, but not eligible for retirement may apply for retirement.

A member is eligible to elect to enter the Deferred Retirement Option Plan (DROP) after completing twenty years of creditable service and age fifty or twenty-five years of creditable service at any age for three years. Upon commencement of participating in the deferred retirement option plan, employer and employee contributions to FRS cease. The monthly retirement benefit that would have been payable is paid into the deferred retirement option plan account. Upon termination of employment, a participant in the program shall receive, at his option, a lump-sum payment from the account or an annuity based on the deferred retirement option plan account balance in addition to his regular monthly benefits. If employment is not terminated, the participant resumes regular contributions to FRS. Effective June 16, 1999, members eligible to retire who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to thirty-six months of benefits, with an actuarial reduction of their future benefits.

Contributions – According to the state statute, contributions for all employees are actuarially determined each year. The actual employer contribution rate for the period of January 1, 2019 through June 30, 2019 was 26.50% and for the period July 1, 2019 through December 31, 2019 the rate was 27.75%.

According to state statute, FRS receives insurance premium tax monies as additional employer contributions. The tax is considered support from a non-contributing entity.

Contributions to FRS from the Parish were \$674,855 for the year ended December 31, 2019.

Actuarial Assumptions – A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2019 are as follows:

Valuation Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Normal Cost
Actuarial Assumptions:	
Expected Remaining	
Service Lives:	7 years
Investment Rate of Return:	7.15%, net of investment expense
Inflation Rate:	2.50% per annum
Projected Salary Increases:	Vary from 14.75% in the first two years of service to 4.50% after 25 years
Cost of Living Adjustments:	Only those previously granted

Note 19 - PENSION PLANS (Continued)

c.) Firefighters' Retirement System (continued)

Actuarial assumptions reported for the year ended June 30, 2019 reflect an adjustment to reduce the discount rate by 0.15% to 7.15%. Other changes in assumptions for the year ended June 30, 2019 include a reduction in the inflation rate by 0.20% to 2.50%.

The mortality rate assumption used was set based upon an experience study performed on data for the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. The RP 2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Projected to 2031 using Scale AA was selected for employee, annuitant and beneficiary mortality. The RP 2000 for Disabled Lives set back five years for males and three years for females was used for disabled annuitants. The result of the procedure indicated that the tables used would for females produce liability values approximating the appropriate generational mortality tables.

The estimated long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, 2.75%. The resulting long-term expected rate arithmetic nominal rate of returned was 7.94% as of June 30, 2019. Best estimates of real rates of return for each major asset class included in FRS' target asset allocation as of June 30, 2019, are summarized in the following table:

<u>Asset Class</u>	<u>Long-term Target Asset Allocation</u>	<u>Rates of Return Real</u>
Equity		
U.S. Equity	21.50%	5.98%
Non-U.S. Equity	17.50%	7.52%
Global Equity	10.00%	6.59%
Fixed Income	31.00%	2.17%
Alternatives		
Real Estate	6%	4.14%
Private Equity	4%	10.52%
Multi-Asset Strategies		
Global Tactical Asset Allocation	5%	4.37%
Risk Parity	5%	4.67%
Total	<u>100%</u>	

Discount Rate – The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by Public Retirement Systems' Actuarial Committee, taken into consideration FRS' actuary. Based on those assumptions, FRS' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

Pension Liability – As of December 31, 2019, the Parish reported a liability of \$6,656,861 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019 based on an actuarial valuation at that date. The Parish's proportion of the net pension liability was based on a projection of its long-term share of contributions.

Note 19 - PENSION PLANS (Continued)

c.) Firefighters' Retirement System (continued)

As of June 30, 2019, the Parish's proportionate share of the FRS net pension liability was 1.06% which was a decrease of 0.03% from its proportionate share as of June 30, 2018.

Pension Expense – For the year ended December 31, 2019, the Parish recognized \$831,782 as pension expense due to its participation in FRS.

Sensitivity of the Parish's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate – The following presents the Parish's proportionate share of the collective net pension liability using the discount rate of 7.15% as well as what the Parish's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.15%) or one percentage point higher (8.15%) than the current rate:

	1% Decrease (6.15%)	Current Discount Rate (7.15%)	1% Increase (8.15%)
Collective proportionate share of the net pension asset (liability)	\$ (9,639,586)	\$ (6,656,861)	\$ (4,153,390)

Pension Plan Fiduciary Net Position – The Firefighters' Retirement System issued a stand-alone audit report on their financial statements for the year ended June 30, 2019. Access to the audit report can be found on the System's website, www.lafirefightersret.com or on the Louisiana Legislative Auditor's website, www.lla.la.gov.

d.) City of Houma Firemen's Pension and Relief Fund

Plan Description - The Parish contributes to the City of Houma Firemen's Pension and Relief Fund (the Fund), a single-employer defined benefit pension plan, which is controlled and administered by a separate Board of Trustees. The Fund was established for members of the City of Houma Fire Department in 1973 under the provisions of Act 139 of the Louisiana Legislature. As of January 1, 1980, new firemen of the City of Houma are covered under the Firefighters' Retirement System (FRS) of the State of Louisiana. The Fund covers firemen hired prior to January 1, 1980 and is closed to new members. The Fund entered into a merger agreement with the Firefighter's Retirement System effective July 1, 1995. The Parish has agreed that the members of the Fund would not lose any benefits they had under the Fund because of the merger with FRS. Monies remaining in the Fund after the merger became effective are utilized to make up for any lost benefits. The Fund has made provisions to cover any benefits not provided by FRS that were previously covered by the Fund, which includes retirement, death and disability benefits. The Fund is governed by Louisiana Revised Statutes 11:3101 through 11:3477, specifically, and other general laws of the State of Louisiana. The Fund issues a publicly available financial report that includes financial statements and required supplementary information for the Fund. The report may be obtained by writing to the City of Houma Firemen's Pension and Relief Fund, Terrebonne Parish Consolidated Government, Post Office Box 2768, Houma, Louisiana 70361.

Benefits Provided - The Fund provides retirement, deferred retirement, disability and death benefits. Members retiring after twenty years receive 66.67% of the greater of the member's highest consecutive thirty-six months of compensation or the total monthly compensation of someone in the position held by the member at the time of retirement. An additional 3% is due for each year of service in excess of twenty years up to a total benefit of 96.67% of such compensation. As members reach the age of fifty, the Firefighters' Retirement System (FRS) assumes benefits according to the State's standards. However, as part of the agreement of the merger, the firemen in the City of Houma Pension Fund could not lose any benefits by agreeing to merge with the State. Therefore, the City of Houma

Note 19 - PENSION PLANS (Continued)

d.) City of Houma Firemen’s Pension and Relief Fund (continued)

continues to pay the difference between the amount the City of Houma previously paid in benefits and the amount the State pays now. Death and disability benefits are assumed by FRS and the difference is assumed by the City of Houma.

Employees Covered by Benefit Terms – At December 31, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	17
Inactive employees entitled to but not yet receiving benefits	-
Active employees	-
	17

No new employees have entered into the Fund since the merger with FRS.

Contributions – The Parish contributions are established by an actuary in the valuation report for the Fund. The annual required contribution for the current year was determined to range from \$28,935 to \$30,382 as part of the December 31, 2018 actuarial valuation. Contributions to the Fund from the Parish were \$31,446 for the year ended December 31, 2019.

Actuarial Assumptions – A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2018 are as follows:

Valuation Date:	December 31, 2018
Actuarial Cost Method:	Unit Credit Cost Method, level dollar amortization of the unfunded actuarial accrued liability.
Inflation Rate:	5.00%
Salary Increases:	N/A
Investment rate of return:	5.00%, net of investment expense

Mortality rates were based on the 1983 Group Annuity Table for males and females.

The best estimates of arithmetic real rates of return for each major asset class included in the Fund’s target asset allocation as of December 31, 2018 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return
Cash and Deposits	100%	1.48%

Discount Rate – The discount rate used to measure the total pension liability was 5.0%.

Note 19 - PENSION PLANS (Continued)

d.) City of Houma Firemen’s Pension and Relief Fund (continued)

Changes in the Net Pension Asset (Liability) – The following table summarizes the year’s activity.

	<u>Total Pension Asset (Liability)</u>	<u>Plan Fiduciary Net Position</u>	<u>Net Pension Asset (Liability)</u>
Balance at 12/31/2016	\$ (2,406,460)	\$ 1,837,066	\$ (569,394)
Changes for the years 2017 and 2018:			
Interest cost	(190,908)		(190,908)
Difference between expected and actual experience	(15,958)		(15,958)
Employer contributions		280,244	280,244
Net Investment income		41,464	41,464
Benefit payments and net transfers	289,130	(289,130)	
Administrative expenses		(12,499)	(12,499)
Net changes	<u>82,264</u>	<u>20,079</u>	<u>102,343</u>
Balance at 12/31/2018	<u>\$ (2,324,196)</u>	<u>\$ 1,857,145</u>	<u>\$ (467,051)</u>

Sensitivity of the Parish’s Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate – The following presents the Parish’s proportionate share of the collective net pension liability using the discount rate of 5% as well as what the Parish’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (4%) or one percentage point higher (6%) than the current rate:

	<u>1% Decrease (4%)</u>	<u>Current Discount Rate (5%)</u>	<u>1% Increase (6%)</u>
Collective proportionate share of the net pension asset (liability)	\$ (872,652)	\$ (467,051)	\$ (254,938)

Pension Plan Fiduciary Net Position – The Firemen’s Pension and Relief issued a stand-alone audit report on their financial statements for the year ended December 31, 2019. Access to the audit report can be obtained by calling the Parish’s finance department at 985-873-6448 or on the Louisiana Legislative Auditor’s website, www.la.la.gov.

e) Combined Balances

Pension Liability – At December 31, 2019, the Parish reported a liability of \$25,190,140 for its proportionate share of the net pension liabilities. The net pension liability was measured as of December 31, 2019 for the Firemen’s Pension and Relief Fund and June 30, 2019 for MPERS and FRS. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates. The Parish’s proportion of the net pension liability was based on a projection of the Parish’s long-term share of contributions to PERS, MPERS and FRS projected contributions for all participating employers, actuarially determined.

Note 19 - PENSION PLANS (Continued)

e) Combined Balances (continued)

Pension Expense – For the year ended December 31, 2019, the Parish recognized an aggregate pension expense of \$5,369,148.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At December 31, 2019, the Parish reported deferred outflows of resources and deferred inflows of resources related to pensions from the following resources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience		
PERS		\$ 1,407,255
MPERS	\$ 24,654	361,493
FRS		480,188
Firemen Pension	15,958	
Net difference between projected and actual earnings on pension plan investment		
PERS	4,328,418	
MPERS	763,375	
FRS	447,655	
Changes in proportionate share of contributions		
PERS	418	11,953
MPERS	123,057	840,304
FRS		678,725
Change in assumptions		
PERS	1,754,579	
MPERS	658,446	
FRS	605,612	484
Contributions subsequent to the measurement date		
PERS	1,913,974	
MPERS	668,076	
FRS	351,006	
	\$ 11,655,228	\$ 3,780,402

The Parish reported \$2,933,056 as deferred outflows of resources related to pensions resulting from the Parish's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ending December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Note 19 - PENSION PLANS (Continued)

e) Combined Balances (continued)

For the year ending December 31st,	AMOUNT				TOTALS
	PERS	MPERS	FRS	FERS	
2020	\$ 1,507,018	\$ 358,851	\$ 67,541	\$ 3,192	\$ 1,936,602
2021	642,592	(218,481)	(200,342)	3,192	226,961

2025			(259)		(259)
	<u>\$ 4,664,207</u>	<u>\$ 367,735</u>	<u>\$ (106,130)</u>	<u>\$ 15,958</u>	<u>\$ 4,941,770</u>

Note 20 - LANDFILL CLOSURE AND POSTCLOSURE CARE COST

As required by the Louisiana Department of Environmental Quality (LDEQ), the Ashland Sanitary Landfill ceased accepting solid waste on July 31, 1999. On August 2, 1999, the Parish's Ashland Solid Waste Pickup Station commenced operations and all solid waste has since been transported to landfills located outside of Terrebonne Parish. State and federal laws and regulations governing the closure of the Ashland Sanitary Landfill required the Parish to place a final cover and to perform certain maintenance and monitoring functions at the site for thirty years post-closure.

At December 31, 2019, the Parish reports that the Ashland Landfill Solid Waste Disposal Facility was closed on November 4, 2003 in accordance with the Louisiana Administrative Code, Title 33, Part VII. During an inspection performed on May 30, 2003, Louisiana Department of Environmental Quality representatives noted that the final cover was in place and vegetation had been established in all areas. Certification of final closure was approved by the Department of Environmental Quality on July 14, 2004. An inspection of the groundwater monitoring system on October 18, 2004, indicated that the facility is in compliance with the post-closure requirements established by the facility's approved permit. The Parish reports this closure and post-closure care costs as a liability in the Sanitation Maintenance Fund. The \$782,279 (\$71,116 and \$711,163, due within one year and due after one year, respectively), reported as landfill closure and post-closure care liability at December 31, 2019, represents the total estimated remaining cost of closure and post-closure and post-closure care.

These amounts are based on the present-value cost to perform all closure and post-closure care including costs associated with the LDEQ extension. Actual cost may be higher due to inflation, changes in technology or changes in regulations. The Parish expects that future inflation costs will be paid from interest earnings on these funds. However, if interest earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by future tax revenue.

The landfill recognized \$62,464 in current expenditures which is included in the operating statement captioned repairs and maintenance, other services and charges, and supplies and materials, while recognizing amortization amounting to \$71,116, of the long-term liability.

Note 21 - ON-BEHALF PAYMENTS FOR SUPPLEMENTAL PAY

The Parish recognizes as revenues and expenditures salary supplements, which includes the fire, police and Marshal that the State of Louisiana has paid directly to the Parish's employees. As of December 31, 2019, the total on-behalf payments made amounted to \$779,732.

Note 22 - COMMITMENTS AND CONTINGENCIES

The Parish received funding under grants from various federal and state governmental agencies. The agency grants specify the purpose for which the grant monies are to be used; the grants are subject to audit by the granting agency or its representative. Any costs that would be disallowed would be recognized in the period agreed upon by the grantor agency and management. In management's opinion, there are no significant contingent liabilities relating to compliance with the rules and regulations governing federal and state grants.

The Parish received funding approval in August 2003 from the Federal Emergency Management Agency (FEMA), through the State of Louisiana, HMGP 1437-109-0001, totaling \$18.2 million (\$13.7 million federal, \$4.5 million applicant). The grant was used to elevate or buy-out substantially damaged homes following 2002 Storms Isidore and Lilli. In 2005 the State notified the Parish that 3rd party consulting and management fees of approximately \$1,909,000 were under review for allowability. On August 13, 2010, the State released a partial payment of \$820,294. A portion of the \$1,089,000 remaining balance, \$849,236, represents questioned project management fees. On May 18, 2012, the Section Chief, State Hazard Mitigation Officer for the Disaster Recovery Section, Governor's Office of Homeland Security and Emergency Preparedness provided their "Cost Analysis: Determination of Cost Reasonableness" documents they had submitted to the FEMA Region 6 (Federal Agency). The State has supported the Parish's request for reimbursement of these management fees in prior years, however since collection has not been made during 2019, the Parish has doubts about the collectability. Therefore, an allowance for doubtful accounts has been set up in the General Fund to fully reserve the receivable from the state.

The Parish is a defendant in several lawsuits. While it is not feasible to predict or determine the outcome of these matters, it is the opinion of management that the ultimate outcome will not have a material adverse effect on the financial position of the Parish. Accordingly, no obligation for claims in excess of previously described insurance limits has been recognized by the Parish in the financial statements.

Note 23 – STATE OF LOUISIANA TAX ABATEMENT

Parish property tax revenues for the year ended December 31, 2019 were reduced by \$1,777,275 under the Louisiana Industrial Ad Valorem Tax Exemption Program which were entered into by the State of Louisiana.

Note 24 – SUBSEQUENT EVENTS

Management evaluated events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that effect the financial statements. Subsequent events have been evaluated through July 24, 2020 which is the date the financial statements were available to be issued.

The recent global outbreak of the Coronavirus (COVID-19) has raised concerns regarding business and the financial markets have recently experienced significant volatility. While the Parish has been immediately impacted by the adverse conditions in the financial markets, the long-term impact on the Parish's business is uncertain at this time.

On August 18, 2019 the Terrebonne Parish Veterans' Memorial District (the District) entered into a Cooperative Endeavour Agreement (CEA) with Terrebonne Parish Consolidated Government (TPCG) in connection with the District receiving properties valued at \$22,600 to be used as additional parking space for the museum as a donation from TPCG. The CEA contained certain terms and conditions that had to be satisfied in order for the donation to be finalized. One such term imposed a 240-day time period in which all other requirements were to be fulfilled. Since the terms of the CEA extended beyond year-end and all conditions were not met until 2020, said donation will be recorded in the District's Government-wide financial statements for the year ending December 31, 2020.

Note 24 – SUBSEQUENT EVENTS (Continued)

As of December 10, 2019, the Consolidated Waterworks District No. 1 (Waterworks) anticipated issuing bonds during December 2019 in a plan of refunding. Taxable Water Revenue Refunding Bonds, Series 2019, amounting to \$14,320,000, are being issued for the purpose of refunding the Water Revenue Bonds, Series 2012A payments beginning November 1, 2023, \$12,960,000, and paying the costs of issuance. The Series 2019 bonds will be secured by and payable from the Waterworks's operating income. Management believes, if offered at 100% interest, payable semi-annually May 1 and November 1, at 1.85% to \$1,125,000 due at maturity, November 1, 2037, with interest at 3.248%.

REQUIRED SUPPLEMENTARY INFORMATION

SCHEDULE OF CHANGES IN PARISH
OPEB LIABILITY AND RELATED RATIOS
Terrebonne Parish Consolidated Government

For the year ended December 31, 2019

	2019	2018
Total OPEB Liability		
Service Cost	\$ 1,318,830	\$ 3,038,247
Interest	1,797,715	4,427,015
Difference between expected and actual experience	2,640,718	(656,581)
Changes in assumptions or other inputs	15,745,476	(4,581,081)
Changes of benefit terms		(66,366,938)
Changes in proportionate shares	(538,545)	
Benefit Payments	(2,141,985)	(1,841,618)
Net Change in Total OPEB Liability	18,822,209	(65,980,956)
Total OPEB Liability, beginning of year	65,648,274	131,629,230
Total OPEB Liability, end of year	\$ 84,470,483	\$ 65,648,274
Covered Payroll	\$ 47,553,913	\$ 33,571,094
Total OPEB liability as a percentage of covered payroll	177.63%	195.50%

Notes to Schedule:

Changes of Benefit Terms:

Effective January 1, 2019, a Medicare Advantage plan was introduced as an option for eligible retirees.

Changes of assumptions and other inputs reflected the effects of changes in the discounts rate each period:

3.71%

The schedule is provided beginning with the Parish's year ended December 31, 2018 and is intended to show a ten year trend. Additional years will be reported as they become available.

SUPPLEMENTARY INFORMATION SECTION

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Terrebonne Juvenile Detention Fund - Monies in this Fund are received from the proceeds of ad valorem taxes assessed by the Parish. Proceeds from these taxes shall be used to purchase, acquire, construct, reconstruct, rehabilitate, improve, repair, operate, lease as lessor or lessee, manage and administer or enter into contracts for the management, administration and operation of a Youth Center.

G.I.S. Mapping System Fund - Monies in this fund are primarily from the proceeds of taxes assessed by the Parish. Proceeds from the taxes shall be used for the cost of the completion and implementation of the Terrebonne Geographical Information System map.

Parish Transportation Fund - Monies in this Fund are primarily from the State's Parish Transportation Revenue. Proceeds are used for operating, maintaining and constructing roads and bridges.

Sales Tax Capital Improvement Fund - This Fund accounts for the revenue from the ¼% Capital Improvement sales tax for the retirement of the 1994 Civic and Community Center Bonds and the 1998 Public Improvement Bonds. The ¼% Capital Improvement sales tax has an irrevocable pledge to the outstanding bonds. On a monthly basis a portion of the ¼% tax is transferred to the Debt Service Fund. Monies remaining in the Sales Tax Capital Improvement Fund after debt service requirements are met, may be used by the Parish for the purposes for which the "Capital Improvement Sales Tax" and the "Parish Sales Tax" were authorized.

Road District No. 6 Maintenance Fund - To accumulate funds to maintain the roads in Ward 6. Monies in the fund are primarily from the proceeds of ad valorem taxes assessed by the Parish.

Road Lighting District Maintenance Funds - Monies in these Funds are primarily from the proceeds of ad valorem taxes (in their respective Districts) assessed by the Parish. Proceeds from the taxes shall be used for the purpose of providing and maintaining electric lights on the streets, roads, highways, alleys and public places in said Districts.

Health Unit Fund - Monies in this Fund are received from the proceeds of ad valorem taxes assessed by the Parish. Proceeds from the tax shall be used for the purpose of operating and maintaining the Terrebonne Parish Health Unit.

Terrebonne ARC Fund - Monies in this Fund are primarily from the proceeds of ad valorem taxes assessed by the Parish. Proceeds from the tax shall be used for the purpose of operating, maintaining and constructing schools for the mentally retarded; and to administer to the health and educational requirements of trainable and below trainable mentally retarded individuals in the Parish.

Terrebonne Council on Aging Fund – Monies in this fund are received from the proceeds of ad valorem taxes assessed by the Parish. Proceeds shall be used for operating, maintaining and constructing programs and facilities for senior and disabled citizens of the Parish.

Parishwide Recreation Fund - Monies in this Fund are primarily from the proceeds of ad valorem taxes assessed by the Parish. Proceeds from the tax will be used for the purpose of maintaining and operating recreation programs.

Mental Health Fund - Monies are primarily from the proceeds of ad valorem taxes assessed by the Parish. Proceeds from the tax shall be used for the purpose of operating and maintaining the Terrebonne Regional Mental Health Center.

Recreation District 2/3 Sports Park - Monies are primarily from the proceeds of a 1% hotel/motel tax collected and shall be used for recreation and tourism infrastructure.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

Special Revenue Funds (continued)

Criminal Court Fund - To account for deposited fines and forfeitures which, on motion by the district attorney and approval order of the senior district judge, is used for the following expenses: the criminal courts, petit jury, grand jury, witness fees, parish law library and other expenses related to the judges of the criminal courts and office of the district attorney. In addition, expenses in the trial of indigent persons charged with the commission of felonies.

Debt Service Fund

To account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

SCHEDULE OF COMPENSATION PAID TO COUNCIL

Terrebonne Parish Consolidated Government

For the year ended December 31, 2019

TERREBONNE PARISH COUNCIL

Included in legislative expenditures of the General Fund is the compensation of the members of the Parish Council. In accordance with State of Louisiana Statutes, the Parish has elected monthly payment method of compensation in lieu of per payments. Under this method, the Chairman of the Parish Council received \$1,600 per month and each of the Council members received \$1,422 per month.

Terrebonne Parish Consolidated Government
Statistical Section
December 31, 2019
(Unaudited)

This part of Terrebonne Parish Consolidated Government's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
Financial Trends <i>These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.</i>	210
Revenue Capacity <i>These schedules contain information to help the reader assess the government's most significant local revenue sources.</i>	222
Debt Capacity <i>These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.</i>	227
Demographic and Economic Information <i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.</i>	233
Operating Information <i>These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.</i>	235

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

***Actual Valuation (Market Value) as computed to Assessed Valuation**

Residential properties are assessed at 10% of fair market value; other movable property excluding land are to be assessed at 15%; and public service properties excluding land are to be assessed at 25% of fair market value. The total assessed value is estimated to be 15% of actual market value. Tax rates are per \$1,000 of net assessed value.

**** Exempt Properties Not Included**

Does not include exempt assessed valuations as follows:

- (1) Overlapping rates are those of parish governments that apply to property owners within Terrebonne Parish. Not all overlapping rates apply to all Terrebonne Parish property owners (e.g. the rates of special districts apply only to the proportion of the government's property owners whose property is located within the geographical boundaries of the special district).

"Total Tax Levy" represents the taxpayer portion of the original levy of the Assessor. The amounts to be paid by the taxpayer are ultimately collected in full except for those adjustments due to assessment error or delayed homestead exemptions.

For financial statement reporting, ad valorem taxes represent total tax levy plus delinquent tax collections.

The fiscal year of the levy begins October 1st and ends September 30th of the following year.

- (1) 2009 - 2010 Total Tax Levy was adjusted for the creation of a separate governing authority for Terrebonne Fire Protection District No. 8.
- (2) For the Fiscal Years 2011 and 2012, which reflects greater than 100%, these years include the release of protest taxes previously held in escrow. The levy year for these protest taxes is unknown. Therefore, included in the year the taxes were released.
- (3) The collections in 2012 include protest taxes settled during the year.
- (4) Tax assessments and collections of taxes dedicated to the mission of the Terrebonne Council on Aging, Inc. were included based on a change of entity.

Source: Debt outstanding data provided by Terrebonne Parish School Board

(1) The fiscal year of the Terrebonne Parish School Board and the Terrebonne Levee and Conservation District ends on June 30th. Overlapping debt is based on June 30, 2019 information.

Note: Overlapping governments are those that coincide, at least in part with the geographical boundaries of the Parish. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Terrebonne Parish Consolidated Government. This process recognizes that, when considering the governments' ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

* For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the Parish's boundaries and dividing it by taxable assessed value within the Parish. The applicable percentage of overlapping debt to be repaid from sales and use taxes was estimated by dividing the retail sales applicable to the Terrebonne Parish School Board and Terrebonne Levee and Conservation District by the retail sales applicable to the Parish.

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Parish President and the
Terrebonne Parish Council,
Houma, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Terrebonne Parish Consolidated Government (the Primary Government), State of Louisiana, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Primary Government’s basic financial statements and have issued our report thereon dated July 24, 2020.

Our reports include a reference to other auditors who audited the discretely presented component unit financial statements of the Terrebonne General Medical Center, Houma-Terrebonne Airport Commission, Houma Area Convention and Visitors Bureau, Terrebonne Parish Port Commission, Houma-Terrebonne Regional Planning Commission, Houma-Terrebonne Public Trust Financing Authority, District Attorney of the Thirty-Second Judicial District Court, Clerk of Court, Assessor, Terrebonne Parish Fire Districts No. 5, 6, 7, 8 and 9, Bayou Cane Fire Protection District, Coteau Fire Protection District, Terrebonne Parish Recreation Districts No. 2/3, 3, 6, 7 and 8, Terrebonne Parish Veterans’ Memorial District, Terrebonne Parish Communications District, Firemen’s Pension and Relief Fund, Thirty-Second Judicial District Court, Terrebonne Parish Coroner and Terrebonne Economic Development Authority as described in our report on the Primary Government’s financial statements. These component units have separate boards and accounting systems for which separate reports on compliance and internal control over financial reporting have been issued by those auditors. This report does not include the results of the other auditors’ testing of internal control over financial reporting and on compliance and other matters. Other component units of the Primary Government, which we have audited the discretely presented component unit financial statements,

have separate boards and accounting systems for which separate reports on compliance and internal control over financial reporting have been issued. This report does not include the results of our testing of internal control over financial reporting and on compliance and other matters that we have reported on separately.

Internal Control Over Financial Reporting

In planning and performing our audit of the Primary Government's financial statements, we considered the Primary Government's internal control over financial reporting (internal control) to determine audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the Primary Government's financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Primary Government's internal control. Accordingly, we do not express an opinion on the effectiveness of the Primary Government's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Primary Government's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Primary Government's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Primary Government's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Primary Government's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Bourgeois Bennett, L.L.C.

Certified Public Accountants.

Houma, Louisiana,
August 28, 2020.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM; ON INTERNAL CONTROL OVER COMPLIANCE;
AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

To the Parish President and the
Terrebonne Parish Council,
Houma, Louisiana.

Report on Compliance for Each Major Federal Program

We have audited Terrebonne Parish Consolidated Government (the Primary Government), State of Louisiana’s, compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Primary Government’s major federal programs for the year ended December 31, 2019. The Primary Government’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

The Primary Government’s basic financial statements include the operations of the District Attorney of the Thirty-Second Judicial District, Consolidated Waterworks District No. 1, Terrebonne Council on Aging, Inc. and Terrebonne Levee and Conservation District presented as component units, which received \$4,623,379, \$844,109, \$791,548, and \$13,609,854 respectively, in federal awards which are not included in the schedule for the year ended December 31, 2019. Our audit, described below, did not include the operations of the District Attorney of the Thirty-Second Judicial District, Consolidated Waterworks District No. 1, Terrebonne Council on Aging, Inc. and Terrebonne Levee and Conservation District as these entities were audited under a separate engagement and the results of those audits on compliance have been separately reported. The component units described in Note 1 to the schedule of expenditures of federal awards, excluding those listed above, received federal awards and are not included in the schedule because these entities were audited under separate audit engagements and, in addition, were not subject to the types of compliance requirements described above.

Management’s Responsibility

Management is responsible for compliance with federal statues, regulations, terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Primary Government's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Those standards and the *Uniform Guidance* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Primary Government's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Primary Government's compliance.

Opinion on Each Major Federal Program

In our opinion, the Primary Government complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

Report on Internal Control Over Compliance

Management of the Primary Government is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Primary Government's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the *Uniform Guidance*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Primary Government's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a

timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *Uniform Guidance*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards

We have audited the financial statements of the Primary Government as of and for the year ended December 31, 2019, and the related notes to the financial statements which collectively comprise the Primary Government's basic financial statements. We issued our report thereon dated July 24, 2020, which contained an unmodified opinion on those financial statements. We did not audit the financial statements of the Terrebonne General Medical Center, Houma-Terrebonne Airport Commission, Houma Area Convention and Visitors Bureau, Terrebonne Parish Port Commission, Houma-Terrebonne Regional Planning Commission, Houma-Terrebonne Public Trust Financing Authority, District Attorney of the Thirty-Second Judicial District Court, Clerk of Court, Assessor, Terrebonne Parish Fire Districts No. 5, 6, 7, 8 and 9, Bayou Cane Fire Protection District, Coteau Fire Protection District, Terrebonne Parish Recreation Districts No. 2/3, 3, 6, 7 and 8, Terrebonne Parish Veterans' Memorial District, Terrebonne Parish Communications District, Firemen's Pension and Relief Fund, Thirty-Second Judicial District Court, Terrebonne Parish Coroner and Terrebonne Economic Development Authority. These component units have separate boards and accounting systems whose financial statements and accompanying schedule of expenditures of federal awards, if applicable, were audited by other auditors. Other component units of the Primary Government, which we have audited the discretely presented component unit financial statements, have separate boards and accounting systems for which separate audit reports on their financial statements and their accompanying schedule of expenditures of federal awards, if applicable, have been issued. This report on the Primary Government's schedule of expenditures of federal awards does not include these entities. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Primary Government's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the *Uniform Guidance*, and is not a required part of the Primary Government's basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has

been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects, in relation to the Primary Government's basic financial statements taken as a whole.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Terrebonne Parish Consolidated Government (the Primary Government)

For the year ended December 31, 2019

Note 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Primary Government of the Terrebonne Parish Consolidated Government (the Primary Government) under programs of the federal government for the year ended December 31, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of the Primary Government, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Primary Government.

We did not audit the discretely presented component unit financial statements of the Terrebonne General Medical Center, Houma-Terrebonne Airport Commission, Houma Area Convention and Visitors Bureau, Terrebonne Parish Port Commission, Houma-Terrebonne Regional Planning Commission, Houma-Terrebonne Public Trust Financing Authority, District Attorney of the Thirty-Second Judicial District Court, Clerk of Court, Assessor, Terrebonne Parish Fire Districts No. 5, 6, 7, 8 and 9, Bayou Cane Fire Protection District, Coteau Fire Protection District, Terrebonne Parish Recreation Districts No. 2/3, 3, 6, 7 and 8, Terrebonne Parish Veterans' Memorial District, Terrebonne Parish Communications District, Firemen's Pension and Relief Fund, Thirty-Second Judicial District Court, Terrebonne Parish Coroner and Terrebonne Economic Development Authority. These component units have separate boards and accounting systems whose financial statements and their accompanying schedule of expenditures of federal awards, if applicable, were audited by other auditors. Other component units of the Primary Government, whose discretely presented component unit financial statements have been audited by the auditors of the Primary Government's financial statements, have separate boards and accounting systems for which separate audit reports on their financial statements have been issued. Separate reports, including the accompanying schedule of expenditures of federal awards were issued on Consolidated Waterworks District No. 1, Terrebonne Council on Aging, Inc. and Terrebonne Levee and Conservation District, for the year ended June 30, 2019, and the District Attorney of the Thirty-Second Judicial District for the year ended December 31, 2019, as required under the *Uniform Guidance*.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
(Continued)

Terrebonne Parish Consolidated Government
(the Primary Government)

For the year ended December 31, 2019

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the *Uniform Guidance* and/or OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 - INDIRECT COST RATE

Terrebonne Parish Consolidated Government has not elected to use 10 percent *de minimis* indirect cost rate as allowed under the *Uniform Guidance*.

Note 4 - LOAN ASSISTANCE RECEIVED

The Parish received loan assistance for the following program:

<u>Program</u>	<u>CFDA Number</u>	<u>Outstanding Balance as of 12/31/2019</u>	<u>New Loans Made During the Year Ended 12/31/2019</u>
Capitalization Grants for Clean Water State Revolving Funds	66.458	3,589,540	3,082,813

Section III Management Letter

No management letter was issued during the audit for the year ended December 31, 2019.

INDEPENDENT ACCOUNTANT'S REPORT ON
APPLYING AGREED-UPON PROCEDURES

To the Parish President and the
Terrebonne Parish Council,
Houma, Louisiana.

We have performed the procedures described in Schedule 1, which were agreed to by the Terrebonne Parish Consolidated Government (the Parish) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the year ended December 31, 2019. The Parish's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with the attestation standards established by the AICPA and applicable standards contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures referred to above, either for the purpose for which this report has been requested, or for any other purpose.

The procedures and associated findings are described in Schedule 1.

We were not engaged to, and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on these C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 23:513, this report is distributed by the LLA as a public document.

Bourgeois Bennett, L.L.C.
Certified Public Accountants

Houma, Louisiana,
July 24, 2020.

**Schedule of Procedures and Associated Findings of the
Statewide Agreed-upon Procedures**

Terrebonne Parish Consolidated Government

For the year ended December 31, 2019

The required procedures and our findings are as follows:

Procedures performed on the Parish's written policies and procedures:

1. Obtain the Parish's written policies and procedures and report whether those written policies and procedures address each of the following financial/business functions (or report that the Parish does not have any written policies and procedures), as applicable:

a) Budgeting, including preparing, adopting, monitoring, and amending the budget.

Performance: Obtained and read the written policy for budgeting, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

b) Purchasing, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

Performance: Obtained and read the written policy for purchasing, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

c) Disbursements, including processing, reviewing, and approving.

Performance: Obtained and read the written policy for disbursements, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's written policies and procedures: (Continued)

- d) Receipts/Collections, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

Performance: Obtained and read the written policy for receipts, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- e) Payroll/Personnel, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.

Performance: Obtained and read the written policy for payroll and personnel, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- f) Contracting, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

Performance: Obtained and read the purchasing handbook for contracting, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g. determining the reasonableness of fuel card purchases).

Performance: Obtained and read the written policy for credit cards, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- h) Travel and expense reimbursement, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

Performance: Obtained and read the written policy for travel and expense reimbursement, and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's written policies and procedures: (Continued)

- i) Ethics, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the Parish's ethics policy.

Performance: Obtained and read the written policy for ethics.

Exceptions: The policy did not contain provisions requiring that all employees, including elected officials, annually attest through signature verification that they have read the Parish's ethics policy.

- j) Debt Service, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Performance: Obtained and read the written debt service policy.

Exceptions: There were no exceptions noted.

- k) Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups; (2) storage of backups in a separate physical location isolated from the network; (3) periodic testing/verification that backups can be restored; (4) use of antivirus software on all systems; (5) timely application of all available system and software patches/updates; and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Performance: Obtained and read the written disaster recovery/business continuity policy.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's Council:

- 2. Obtain and inspect the Council minutes for the fiscal period, as well as the Council's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period and:

- a) Observe that the Council met with a quorum at least monthly, or on a frequency in accordance with the Council's enabling legislation, charter, or other equivalent document.

Performance: Obtained and read the written minutes of the Council meetings. The Council is required to meet twice a month. All meetings had a quorum.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's Council: (Continued)

- b) Observe that the minutes referenced or included monthly budget-to-actual comparisons on the General Fund and major special revenue funds, as well as monthly financial statements (or budget-to-actual comparisons, if budgeted) for major proprietary funds.

Performance: Obtained and read the written minutes of the Council meetings. While the meeting minutes do not reference budget-to-actual comparisons, a monthly budget report which shows monthly, cumulative, and budgeted revenues and expenditures is available for the Council no later than 15 working days following the end of the month. This report is available for review by each Council member on the Parish's computer network.

Exceptions: There were no exceptions noted.

- c) Obtain the prior year audit report and observe the unrestricted fund balance in the General Fund. If the General Fund had a negative ending unrestricted fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the general fund.

Performance: Obtained the prior year's audit report and observed the unrestricted fund balance in the General Fund. The General Fund did not have a negative ending unrestricted fund balance.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's bank reconciliations:

- 3. Obtain a listing of the Parish's bank accounts from management and management's representation that the listing is complete. Ask management to identify the main operating account. Select the Parish's main operating account and select 4 additional accounts (or all accounts if less than 5). Select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

Performance: Obtained the listing of bank accounts from management and received management's representation in a separate letter.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's bank reconciliations: (Continued)

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g. initialed and dated, electronically logged);

Performance: Obtained monthly bank reconciliation for the month of December for the operating bank account and 4 additional accounts selected. Inspected management's documentation for timely preparation of the bank reconciliations.

Exceptions: There were no exceptions noted.

- b) Bank reconciliations include evidence that a member of management who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g. initialed and dated, electronically logged); and

Performance: Inspected the Parish's documentation for the December bank reconciliation for the 5 bank accounts selected.

Exceptions: There were no exceptions noted.

- c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Performance: Inspected documents for items outstanding for more than 12 months. A total of 351 checks were outstanding for more than 12 months from the statement closing date. Through inquiry of the client, it was noted that every year the Parish tries to contact the payee on the outstanding checks and reissue checks if possible. If unable to reissue checks, the Parish turns over any check outstanding more than 4 years to the state.

Exceptions: There was one bank account with outstanding checks for more than 12 months dating back to as early as 2008.

Procedures performed on the Parish's collections:

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/check/money order (cash) are prepared and management's representation that the listing is complete. Select 5 deposit sites (or all deposit sites if less than 5).

Performance: Obtained the listing of deposit sites from management, and received management's representation in a separate letter.

Exceptions: There were no exceptions noted.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Select one collection location for each deposit site (i.e. collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

Performance: Obtained the listing of collection locations from management, and received management's representation in a separate letter.

Exceptions: There were no exceptions noted.

- a) Employees that are responsible for cash collections do not share cash drawers/registers.

Performance: Inspected policy manuals, inquired of management and observed receipts and general ledger transactions.

Exceptions: There were no exceptions noted.

- b) Each employee responsible for collection cash is not responsible for preparing/making bank deposits, unless other employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.

Performance: Inspected policy manuals, inquired of management and observed receipts and general ledger transactions.

Exceptions: There were no exceptions noted.

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

Performance: Inspected policy manuals, inquired of management and observed receipts and general ledger transactions.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's collections: (Continued)

- d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

Performance: Inspected policy manuals, inquired of management and observed receipts and general ledger transactions.

Exceptions: There were no exceptions noted.

6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

Performance: Obtained a listing of all employees who have access to cash and inquired of management if these employees are covered by a bond or insurance policy for theft.

Exceptions: There were no exceptions noted.

7. Select two deposit dates for each of the Parish's 5 bank accounts selected for procedures #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates selected and select a deposit if multiple deposits were made on the same day). Obtain supporting documentation for each of the 10 deposits selected and:

- a) Observe that receipts are sequentially pre-numbered.

Performance: Obtained supporting documentation for the selected deposits and observed that receipts were sequentially pre-numbered.

Exceptions: There were no exceptions noted.

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

Performance: Traced supporting documentation to the deposit slip.

Exceptions: There were no exceptions noted.

- c) Trace the deposit slip total to the actual deposit per the bank statement.

Performance: Traced deposit slip total to actual deposit per bank statement.

Exceptions: There were no exceptions noted.

Procedures performed on the Parish's collections: (Continued)

- d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).

Performance: Observed that the deposits tested were made within one business day of receipt.

Exceptions: There were no exceptions noted.

- e) Trace the actual deposit per the bank statement to the general ledger.

Performance: Traced the actual deposit per the bank statement to the general ledger.

Exceptions: There was no exception noted.

Procedures performed on the Parish's non-payroll disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- 8. Obtain a listing of locations that process payments for the fiscal period, and management's representation that the listing is complete. Select 5 locations (or all locations if less than 5).

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the Parish has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

Procedures performed on the Parish's non-payroll disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases): (Continued)

- b) At least two employees are involved in processing and approving payments to vendors.

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

- c) The employees responsible for processing payments are prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

- 10. For each location selected under #8 above, obtain the Parish's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Select 5 disbursements for each location, obtain supporting documentation for each transaction and:

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

- a) Observe that the disbursement matched the related original invoice/billing statement.

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

- b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Performance: Prior year testing resulted in no exceptions related to the Parish's general disbursements. Therefore, testing is not required in the current year.

Procedures performed on the Parish's credit cards, debit cards, fuel cards, p-cards:

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Performance: Prior year testing resulted in no exceptions related to the Parish's credit cards. Therefore, testing is not required in the current year.

12. Using the listing prepared by management, select 5 cards (or all cards if less than 5) that were used during the fiscal period, rotating cards each year. Select one monthly statement or combined statement for each card (for a debit card, select one monthly bank statement), obtain supporting documentation, and:

- a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder.

Performance: Prior year testing resulted in no exceptions related to the Parish's credit cards. Therefore, testing is not required in the current year.

- b) Observe that finance charges and/or late fees were not assessed on the selected statements.

Performance: Prior year testing resulted in no exceptions related to the Parish's credit cards. Therefore, testing is not required in the current year.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing).

- a) For each transaction, report whether the transaction is supported by:

- 1) An original itemized receipt that identifies precisely what was purchased.

Performance: Prior year testing resulted in no exceptions related to the Parish's credit cards. Therefore, testing is not required in the current year.

- 2) Written documentation of the business/public purpose.

Performance: Prior year testing resulted in no exceptions related to the Parish's credit cards. Therefore, testing is not required in the current year.

**Procedures performed on the Parish's credit cards, debit cards, fuel cards, p-cards:
(Continued)**

- 3) Documentation of the individuals participating in meals (for meal charges only).

Performance: Prior year testing resulted in no exceptions related to the Parish's credit cards. Therefore, testing is not required in the current year.

Procedures performed on the Parish's travel and travel-related expense reimbursements:

14. Obtain from management a listing of all travel and related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Performance: Prior year testing resulted in no exceptions related to the Parish's travel-related expense. Therefore, testing was not required in the current year.

- a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

Performance: Prior year testing resulted in no exceptions related to the Parish's travel-related expense. Therefore, testing was not required in the current year.

- b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

Performance: Prior year testing resulted in no exceptions related to the Parish's travel-related expense. Therefore, testing was not required in the current year.

- c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedures #1h).

Performance: Prior year testing resulted in no exceptions related to the Parish's travel-related expense. Therefore, testing was not required in the current year.

- d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving the reimbursement.

Performance: Prior year testing resulted in no exceptions related to the Parish's travel-related expense. Therefore, testing was not required in the current year.

Procedures performed on the Parish's contracts:

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Obtain management's representation that the listing is complete. Select 5 contracts (or all contracts if less than 5) from the listing, and:

Performance: Prior year testing resulted in no exceptions related to the Parish's contracts. Therefore, testing was not required in the current year.

- a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

Performance: Prior year testing resulted in no exceptions related to the Parish's contracts. Therefore, testing was not required in the current year.

- b) Observe that the contract was approved by the governing body/Parish Council, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).

Performance: Prior year testing resulted in no exceptions related to the Parish's contracts. Therefore, testing was not required in the current year.

- c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment.

Performance: Prior year testing resulted in no exceptions related to the Parish's contracts. Therefore, testing was not required in the current year.

- d) Select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Performance: Prior year testing resulted in no exceptions related to the Parish's contracts. Therefore, testing was not required in the current year.

Procedures performed on the Parish's payroll and personnel:

16. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

Performance: Prior year testing resulted in no exceptions related to the Parish's payroll. Therefore, testing was not required in the current year.

Procedures performed on the Parish's payroll and personnel: (Continued)

17. Select one pay period during the fiscal period. For the 5 employees/officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:

- a) Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)

Performance: Prior year testing resulted in no exceptions related to the Parish's payroll. Therefore, testing was not required in the current year.

- b) Observe that supervisors approved the attendance and leave of the selected employees/officials.

Performance: Prior year testing resulted in no exceptions related to the Parish's payroll. Therefore, testing was not required in the current year.

- c) Observe that any leave accrued or taken during the pay period is reflected in the Department's cumulative leave records.

Performance: Prior year testing resulted in no exceptions related to the Parish's payroll. Therefore, testing was not required in the current year.

18. Obtain from management a list of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Select two employees/officials', obtain related documentation of the hours and pay rates used in management's termination payment calculations, agree the hours to the employee/officials' cumulative leave records, and agree the pay rates to the employee/officials' authorized pay rates in the employee/officials' personnel files.

Performance: Prior year testing resulted in no exceptions related to the Parish's payroll. Therefore, testing was not required in the current year.

19. Obtain management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

Performance: Prior year testing resulted in no exceptions related to the Parish's payroll. Therefore, testing was not required in the current year.

Procedure performed on the Parish's ethics:

20. Using the 5 selected employees/officials from procedure #16 under "Procedures performed on the Parish's payroll and personnel", obtain ethics compliance documentation from management and:

- a) Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

Performance: Prior year testing resulted in no exceptions related to the Parish's ethics. Therefore, testing was not required in the current year.

- b) Observe that the documentation demonstrates each employee/official attested through signature verification that he or she has read the Department's ethics policy during the fiscal period.

Performance: Prior year testing resulted in no exceptions related to the Parish's ethics. Therefore, testing was not required in the current year.

Procedures performed on the Parish's debt service:

21. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that the State Bond Commission approval was obtain for each bond/note issued.

Performance: Prior year testing resulted in no exceptions related to the Parish's debt service. Therefore, testing was not required in the current year.

22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants.

Performance: Prior year testing resulted in no exceptions related to the Parish's debt service. Therefore, testing was not required in the current year.

Other procedures performed on the Parish:

23. Obtain a listing of misappropriations of public funds or assets during the fiscal period, and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the Parish reported the misappropriation(s) to the legislative auditor and the district attorney of the Parish in which the Parish is domiciled.

Performance: Inquired of management of any misappropriations of public funds or assets, none were noted.

Exceptions: There were no exceptions noted.

24. Observe that the Parish has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Performance: Inquired and observed such notice posted in the premises.

Exceptions: There were no exceptions noted.

Management's Overall Response to Exceptions:

1. As a response to exception reported at 1i), Management will consider adding the required provision to the existing ethics policy.
2. As a response to exception reported at 3c), Management will begin the process of researching outstanding checks and escheating outstanding funds to the state.
