INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Terrebonne Parish Recreation District No. 10
Theriot, Louisiana

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of the governmental activities and each major fund of the Terrebonne Parish Recreation District No. 10 (the District), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Terrebonne Parish Recreation District No. 10 as of December 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 8, the Budgetary Comparison Schedule on page 33, the Schedule of Employer's Share of Net Pension Liability (Asset) on page 34, the Schedule of Employer Contributions on page 35, and the Schedule of Changes in Net OPEB Liability and Related Ratios on page 36 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate

operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to the District Director on page 37 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits, and Other Payments to the District Director is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Management's Discussion and Analysis
Year Ended December 31, 2025

This discussion and analysis of the Terrebonne Parish Recreation District No. 10's financial performance provides an overview of the financial activities as of and for the fiscal year ended December 31, 2025. Please read it in conjunction with the financial statements and the accompanying notes to the financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Government-Wide Financial Statements (Statement of Net Position and the Statement of Activities) provide information about the governmental activities as a whole and present a longer-term view of the finances. The Fund Financial Statements (Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Fund) tell how services were financed in the short term as well as what remains for future spending. Fund financial statements also report the operations in more detail than the Government-Wide statements by providing information about the most significant funds.

Our auditors have provided reasonable assurance in their independent auditor's report that the financial statements are fairly stated. With regards to the Required Supplemental Information and the Supplementary Information, the auditor is providing varying degrees of assurance. A user of this report should read the Independent Auditor's Report carefully to ascertain the level of assurance being provided for each of the parts in the Annual Financial Report.

Government-Wide Financial Statements

One of the most important questions asked about finances is, "Is Terrebonne Parish Recreation District No. 10 as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information as a whole and about activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the net position and changes in them. You can think of net position—the difference between assets and liabilities—as one way to measure the financial health, or financial position. Over time, increases or decreases in net position are one indicator of whether its financial health is improving or deteriorating. To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's property tax base and factors that affect the District's programs.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds—not as a whole. Some funds are required to be established by State laws.

Terrebonne Parish Recreation District No. 10 utilizes the governmental type of fund, which focuses on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in the reconciliations on pages 13 and 14.

FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year's operations:

- Net position of our governmental activities increased by \$185,858 or 9.1%.
- During the year, the District had governmental expenses of \$715,010 that were \$185,858 less than the \$900,868 generated in program and general revenues.
- The governmental funds reported total ending fund balance of \$820,300. This compared to the prior year ending fund balance of \$570,591 results in an increase of \$249,709.

The Statement of Net Position and the Statement of Activities reports all transactions as governmental activities. All of the basic governmental services are reported as this type. Property taxes and charges for services finance most of these activities.

End of the year	\$ 2,223,796	\$ 2,037,938	\$ 185,858	9.1%

Total expenditures related to the District's operations decreased by \$68,061. Total revenues decreased by \$62,340 from the prior year. These decreases are primarily attributable to the cleanup costs and associated funding related to Hurricanes Ida and Francine, resulting in less activity in the current year. The District received \$122,504 in federal funding from the Federal Emergency Management Agency under Assistance Listing Number 97.036 during year.

FINANCIAL ANALYSIS OF INDIVIDUAL FUNDS (FFS)

Terrebonne Parish Recreation District No. 10 uses funds to help it control and manage money for particular purposes. Looking at individual funds helps you consider whether the District is being accountable for the resources provided to it but may also give you more insight into the overall financial health.

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Terrebonne Parish Recreation District No. 10 (the District) is a governmental entity that owns, operates, and maintains public recreational facilities in Theriot and Dularge, Louisiana. Because the Terrebonne Parish Consolidated Government appoints the governing board and thusly can impose its will, the District was determined to be a component unit of the Terrebonne Parish Consolidated Government, the governing body of the parish and the governmental body with financial accountability. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Consolidated Government, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

Note 1 – Summary of Significant Accounting Policies

A. Financial Reporting Entity

The accompanying financial statements present information only on the funds maintained by Terrebonne Parish Recreation District No. 10.

The District has reviewed all of its activities and determined that there are no potential component units that should be included in its financial statements.

B. Basis of Presentation

GASB Statements establish standards for external financial reporting for all state and local governmental entities which includes a statement of net position and a statement of activities. It requires the classification of net position into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 1 – Summary of Significant Accounting Policies (Cont.)

Unrestricted – This component of net position consists of net position that does not meet the definition of restricted or net investment in capital assets.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the District considers restricted funds to have been spent first.

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied. It establishes fund balance classifications that comprise hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. These classifications are defined as follows:

Nonspendable – This component of fund balance includes amounts that cannot be spent due to form, including inventories and prepaid amounts. Also included are amounts that must be maintained intact legally or contractually.

Restricted – This component of fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed – This component of fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board of Commissioners must vote on commitments.

Assigned – This component of fund balance is intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. The Board of Commissioners can vote on applicable assigned amounts.

Unassigned – This component of fund balance is the residual classification for the District's general fund and includes all spendable amounts not contained in the other classifications.

Stabilization Funds – This component of fund balance covers such things as revenue shortfalls, emergencies, or other purposes. The authority to set aside resources often comes from a statute, ordinance, or constitution.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Commissioners have provided otherwise in its commitment or assignment actions.

Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 1 – Summary of Significant Accounting Policies (Cont.)

The District's basic financial statements consist of the government-wide statements on all activities of the District and the governmental fund financial statements.

Government-wide Financial Statements:

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for all activities of the District. The government-wide presentation focuses primarily on the sustainability of the District as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Governmental activities generally are financed through taxes, intergovernmental revenues, and charges for services.

Fund Financial Statements:

The daily accounts and operations of the District are organized on the basis of a fund and account groups, each of which is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The governmental fund of the District is:

General Fund – The general fund is the general operating fund of the District. It is used to account for all financial resources.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Government-wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized in the year for which they are levied.

The government-wide financial statements display information as a whole. These statements include all the financial activities. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed).

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 1 – Summary of Significant Accounting Policies (Cont.)

Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

Program Revenues – Program revenues included in the Statement of Activities are derived directly from users as a fee for services; program revenues reduce the cost of the function to be financed from the general revenues.

Fund Financial Statements:

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, generally only current assets and current liabilities are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria (susceptible to accrual). Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Ad valorem taxes and the related state revenue-sharing (intergovernmental revenue) are recognized as revenue in the year for which they are levied.

Charges for services are recorded when earned since they are measurable and available. Miscellaneous revenues are recorded as revenues when received in cash by the District because they are generally not measurable until actually received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Allocations of cost such as depreciation are not recognized in the governmental funds.

D. Budgets

Budgets are adopted on a basis consistent with generally accepted accounting principles. An annual appropriated budget is adopted for the general fund. All annual appropriations lapse at fiscal year-end. Formal budgetary integration is employed as part of the accounting system, and the budget is amended by supplemental appropriations as needed to comply with State law.

Note 1 – Summary of Significant Accounting Policies (Cont.)

E. Cash and Cash Equivalents

The District considers all highly liquid investments purchased with an initial maturity of ninety days or less to be cash equivalents.

F. Bad Debts

The financial statements of the District contain no allowance for bad debts. Uncollectible amounts are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. Management has concluded that these amounts are not considered to be material in relation to the financial position or operation of the District.

G. Capital Assets

The accounting treatment over capital assets depends on whether the assets are reported in the government-wide or fund financial statements.

In the government-wide financial statements, fixed assets are accounted for as capital assets. Capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their acquisition value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position.

Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of assets is as follows:

<u>Category</u>	<u>Life</u>
Buildings	5 - 40 years
Improvements other than buildings	7 - 30 years
Machinery and equipment	5 - 20 years
Furniture and equipment	5 - 12 years
Vehicles	6 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Note 1 – Summary of Significant Accounting Policies (Cont.)

H. Compensated Absences

The District's policies regarding vacation and sick leave permits employees to accumulate earned but unused vacation and sick leave. The liability for these compensated absences is recorded as a current and/or long-term obligation in the government-wide statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources.

Employees of the District can earn 96 hours or 136 hours of vacation leave, depending on their length of employment. Accumulated vacation leave is due to the employee at the time of termination or death. The vacation policy provides that any annual leave, in excess of one year's earnings, remaining on the employee's anniversary date will be transferred to sick leave. Hours forfeited are transferred to retirement for participants of the Parochial Employees' Retirement System (Plan B).

Employees of the District earn 56 hours sick leave per year and are permitted to accumulate a maximum of 480 hours. Upon retirement, sick leave is paid to employees at one half of their accumulated sick leave to a maximum of 240 hours.

Amounts recorded are based on current pay rates and historical leave data. As of December 31, 2025, the District accrued \$12,021 of compensated absences payable, no change from the prior year.

I. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

J. Recent Pronouncements

The following is a summary of accounting standards adopted by the Governmental Accounting Standards Board (GASB) that have been or are scheduled to be implemented in the future that may affect the District's financial report:

GASB Statement No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This standard is effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The District has implemented the standard, resulting in no material impact on its financial statements.

Note 1 – Summary of Significant Accounting Policies (Cont.)

GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. This standard is effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The effect of implementation on the District's financial statements has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This standard is effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The effect of implementation on the District's financial statements has not yet been determined.

GASB Statement No. 105, *Subsequent Events*. The objective of this Statement is to improve the financial reporting requirements for subsequent events, thereby enhancing consistency in their application and better meeting the information needs of financial statement users. This standard is effective for fiscal years beginning after June 15, 2026, and all reporting periods thereafter. The effect of implementation on the District's financial statements has not yet been determined.

Note 2 – Deposits

Under state law, the Commission may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of another State of the Union, or the laws of the United States Treasury.

State law requires that deposits (cash and certificates of deposits) of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivisions. The year end balances of deposits are as follows:

	<u>Bank Balance</u>	<u>Reported Amount</u>
Cash and cash equivalents	\$ 852,802	\$ 836,388

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a written policy for custodial credit risk. As of December 31, 2025, \$352,802 of the District's bank balances were exposed to credit risk. These deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 2 – Deposits (Cont.)

Cash was adequately collateralized in accordance with State law by securities held by unaffiliated banks for the accounts of the District. The Governmental Accounting Standards Board (GASB), which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities subject to custodial credit risk. Even though the pledged securities are considered subject to custodial credit risk under the provisions of GASB Statement 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Note 3 – Property Taxes

Property taxes are levied each November 1 on the assessed value listed as of the prior January 1 for all real property, merchandise and movable property located in the Parish. Assessed values are established by the Terrebonne Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. A statewide reevaluation of all property is required to be completed no less than every four years. The last statewide reevaluation was completed for the list of January 1, 2024. Taxes are due and payable December 31 with interest being charged on payments after January 1. Taxes can be paid through the tax sale date, which is the last Wednesday in June. Properties for which the taxes have not been paid are sold for the amount of the taxes. The tax rate for the year ended December 31, 2025 was \$11.45 per \$1,000 of assessed valuation on property within the District for the purpose of maintaining and operating recreational facilities within the District. Taxes levied November 1, 2025 are for budgeted expenditures in 2026 and will be recognized as revenues in 2026. The 2025 tax assessment, less deductions for the assessor's retirement, has been reported as deferred inflows of resources as of December 31, 2025.

Note 4 – Due from Other Governments

As of December 31, 2025, the District has \$300,958 due from other governmental units, all of which are ad valorem taxes receivable from Terrebonne Parish's tax collector.

Note 5 – Capital Assets

Depreciation expense in the amount of \$113,430 was recorded as cultural and recreational expenses for the year ended December 31, 2025.

Note 6 – Hurricanes Ida & Francine

On August 29, 2021, Hurricane Ida made landfall near Port Fourchon, Louisiana as a Category 4 storm, with winds in excess of 150 miles per hour. On September 11, 2024, Hurricane Francine made landfall in the Parish of Terrebonne, Louisiana as a Category 2 storm, with winds in excess of 100 miles per hour. These natural disasters caused significant wind-related and water-related damage to homes and businesses throughout Terrebonne Parish, to which property owned and operated by Terrebonne Parish Recreation District No. 10 was no exception.

During the year, the District filed a claim with its insurer related to the damages suffered as a result of Hurricane Francine. As of December 31, 2025, the District has received \$56,658 in connection with this claim, which has been reported on the Statement of Activities and the Statement of Revenues, Expenditures and Changes in Fund Balances – General Fund. As of year-end, it is unclear as to whether further insurance proceeds will be received in connection with damages caused by Hurricane Francine.

Year Ended December 31, 2025

Note 6 – Hurricanes Ida & Francine (Cont.)

During the year, \$68,785 was spent on the damages sustained as a result of these natural disasters. In connection with these expenditures, the District applied for reimbursement from the Department of Homeland Security through FEMA's Disaster Grants – Public Assistance program. As of December 31, 2025, the District has recognized \$122,504 in federal funding under Assistance Listing Number 97.036. The District has several pending reimbursements from FEMA in connection with these damages, and many required repairs cannot be made until funding is received. As such, the District has sought funding in the form of Hurricane Recovery Revenue Bonds in order to make the necessary repairs prior to receiving FEMA grant revenues. See Note 11 regarding subsequent events for further details.

Note 7 – Pension and Retirement Plans

Terrebonne Parish Recreation District No. 10 contributes to the Parochial Employees' Retirement System of Louisiana (PERS), under Plan B, which is a cost-sharing, multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the State of Louisiana or any governing body or a parish which employs and pays persons serving the parish. Plan B was designated for employees that remained in Social Security on the revision date. Sections 1901 through 2025 of Title 11 of the Louisiana Revised Statutes (LA R.S. 11:1901-2025) and other general laws of the State of Louisiana govern PERS.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System, which can be obtained at www.persla.org.

Plan Descriptions: For the year ended December 31, 2024, there were 209 contributing municipalities in Plan A and 56 in Plan B. The District is a participant in Plan B only.

The following is a description of the plan and its benefits and is provided for general information purposes only.

All permanent District employees who work at least 28 hours per week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

Any member of Plan B who was hired before January 1, 2007 can retire providing the member meets one of the following criteria:

1. Age 55 with thirty (30) or more years of creditable service.
2. Age 60 with a minimum of ten (10) years of creditable service.
3. Age 65 with a minimum of seven (7) year of creditable service.

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 7 – Pension and Retirement Plans (Cont.)

Eligibility for retirement for Plan B members hired on or after January 1, 2007 is as follows:

1. Age 55 thirty (30) or more years of creditable service.
2. Age 62 with ten (10) or more years of creditable service.
3. Age 67 with seven (7) or more years of creditable service.

Generally, the monthly amount of the retirement allowance for any member of Plan B shall consist of an amount equal to two percent of the member's final average compensation multiplied by his years of creditable service. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts.

Plan B members need ten (10) years of service credit to be eligible for survivor benefits. Upon the death of any member of Plan B with twenty (20) or more years of creditable service who is not eligible for normal retirement, the plan provides for an automatic Option 2 benefit for the surviving spouse when he/she reaches age 50, and until remarriage, if the remarriage occurs before age 55. A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

In lieu of terminating employment and accepting a service retirement allowance, any member of Plan B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) for up to three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund. Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date. For individuals who become eligible to participate in DROP on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the system, the funds may be credited to the self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state of the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

For Plan B, a member shall be eligible to retire and receive a disability benefit if he/she was hired prior to January 1, 2007 and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement, and has been officially certified as disabled by the State Medical Disability Board.

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 7 – Pension and Retirement Plans (Cont.)

Upon retirement caused by disability, a member of Plan B shall be paid a disability benefit equal to the lesser of an amount equal to two percent of the member's final average compensation multiplied by his/her years of service, not to be less than fifteen, or an amount equal to what the member's normal benefit would be based on the member's current final compensation but assuming the member remained in continuous service until his earliest normal retirement age.

Employer Contributions: Employer contributions are actuarially-determined each year. For the year ended December 31, 2025, employer contributions were 5.50%.

Non-Employer Contribution: In accordance with state statute, the System also receives ¼ of 1.0% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue-sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Pension Liability, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources: As of December 31, 2025, the District reported an asset in its government-wide financial statements of \$8,690 for its proportionate share of the net pension asset of the System. The net pension asset was measured as of December 31, 2024 by an actuarial valuation performed of the retirement system as of that date. The District's proportion of the net pension asset was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. As of December 31, 2024, the District's proportionate share of the System was 0.050920%, which was a decrease of 0.012773% from its proportion measured as of December 31, 2023.

For the year ended December 31, 2025, the District recognized a pension revenue of \$921 in its governmental activities related to its participation in the System.

As of December 31, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following resources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,769	\$ 139
Changes in assumptions	594	-
Changes in proportion	834	1,445
Difference between projected and actual investment earnings on pension plan investments	-	3,753
Employer contributions subsequent to the measurement date	4,371	-
Total Deferred Outflows and Inflows	\$ 8,568	\$ 5,337

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 7 – Pension and Retirement Plans (Cont.)

Deferred outflows of resources of \$4,371 related to pensions resulting from the District's contributions to the System subsequent to the measurement date will be recognized as an addition to the net pension asset in the year ended December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year	
2025	\$ 2,243
2026	4,371
2027	(5,311)
2028	(2,443)
Total	\$ (1,140)

A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2025 is as follows:

Valuation Date	December 31, 2024
Actuarial Cost Method	Entry Age Normal Cost
Expected Remaining Service Lives	4 years
Investment Rate of Return	6.40%, per annum (net of fees)
Inflation Rate	2.30% per annum
Salary Increase	4.25%
Cost of Living Adjustments	Benefits currently being paid and those previously granted
Mortality	Pub-2010 Public Retirement Plans Mortality Table for Health Retirees, General Employees, and General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality (Health Retirees) and disabled annuitants (General Disabled Retirees).

The discount rate used to measure the total pension liability was 6.40% for Plan B. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee.

Terrebonne Parish Recreation District No. 10
Theriot, Louisiana
Notes to Financial Statements
Year Ended December 31, 2025

Note 7 – Pension and Retirement Plans (Cont.)

Based on those assumptions, the System’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to Changes in Discount Rate: The following presents the net pension liability/(asset) of the participating employers calculated using the discount rate of 6.40%, as well as what the employer’s net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower (5.40%) or one percentage point higher (7.40%) than the current rate as of December 31, 2024.

	Changes in Discount Rate:		
	1% Decrease 5.40%	Current Discount Rate 6.40%	1% Increase 7.40%
Net Pension Asset (Liability)	\$ (21,665)	\$ 8,690	\$ 34,111

Support of Non-Employer Contributing Entities: Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The District recognizes revenue in an amount equal to its proportionate share of the total contributions to the pension plan from these non-employer contributing entities. During the year ended December 31, 2025, the District recognized revenue as a result of support received from the non-employer contributing entities of \$672 for its participation in the System.

Pension Plan Fiduciary Net Positions: Detailed information about the pension plan’s fiduciary net position is available in the separately issued financial report for the System available at www.persla.org.

Note 8 – Other Post-Employment Benefits

The District administers a single employer defined benefit healthcare plan (the "Plan"). The Plan provides for the payment of medical, dental and life insurance premiums for eligible employees, retirees and their dependents as approved by the Board of Commissioners. Louisiana Revised Statute 33:5161 grants the authority to establish and amend the benefit terms and financing requirements to the Board of Commissioners. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. Eligible retirees can continue their health coverage by an election at retirement. Retirees are not eligible to rejoin at any other time. For employees retiring before January 1, 2005 the District funds the entire premium for all benefits on employees retiring with at least ten years of service upon retiring from the formal retirement systems.

Note 8 – Other Post-Employment Benefits (Cont.)

District employees retiring on or after January 1, 2005 and before January 1, 2014, with at least ten years of permanent full-time creditable service with the District shall be eligible to participate in the Plan approved by the Board of Commissioners under the following vesting schedule: 11 to 15 years of service, 27.50% plus 2.75% per year; 16 to 20 years of service, 41.25% plus 3.75% per year; 21 years or more of service, 64.00% plus 4.00% per year of service, limited to 80% of the premium. Employees hired after December 31, 2013 with at least 30 years of permanent full-time creditable service, age 55 and 5 years of participation in the District's group health insurance plan immediately prior to retirement shall be eligible to participate in the Plan with benefits limited to 80% of premiums. A retired employee may provide dependent hospitalization coverage at applicable dependent rates. To be eligible for coverage after retirement, retired employees must be eligible for retirement under the Parochial Employees' Retirement System, see Note 7. The District currently has one active employee and no retirees in the Plan. The District does not issue a publicly available financial report on the Plan.

The District's total OPEB liability of \$59,531 was measured as of December 31, 2025 and was determined by an actuarial valuation as of January 1, 2025.

Funding Policy

The District fully funds required premiums based on pay-as-you-go financing requirements. For the fiscal year 2025 the District did not pay any premiums for the retirees.

Total OPEB Liability

Actuarial Assumptions and Other Inputs

The total OPEB liability as of December 31, 2025 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless, otherwise specified:

Measurement Date	December 31, 2025
Actuarial Valuation Date	January 1, 2025
Inflation	2.50%
Salary Increases, Including Inflation	3.00%
Discount Rate	4.43%
Prior Year Discount Rate	4.28%
Healthcare Cost Trend Rates	Medical - 6.00% in year one decreasing in decrements of 0.25% per year until 4.50% through year seven. Dental - 3.50% in year one decreasing in decrements of 0.25% per year until 2.50% through year five and beyond.

Notes to Financial Statements
Year Ended December 31, 2025

Note 8 – Other Post-Employment Benefits (Cont.)

The discount rate was based on the December 31, 2025 S&P Municipal Bond 20-Year High-Grade Index Yield.

Mortality rates for active employees were based on the PubG.H-2010 (general) and PubS.H-2010 (public safety) Employee Mortality Tables, Generational with Projection Scale MP-2021 for males or females, as appropriate.

Mortality rates for retirees were based on the PubG.H-2010 (general) and PubS.H-2010 (public safety) Healthy Annuitant Mortality Table, Generational with Projection Scale MP-2021 for males or females, as appropriate.

Annual OPEB Expense (Benefit)

The District's annual other post-employment benefit (OPEB) expense is calculated based on an amount actuarially-determined in accordance with the parameters of GASB Statement 75. The total OPEB benefit for the year ending December 31, 2025 is \$2,705.

The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the District's net OPEB obligation:

Service cost	\$ 801
Interest cost	2,528
Changes in assumptions/inputs	(897)
Difference between expected and actual experience	181
Changes in proportion	3,594
Benefit payments and net transfers	<u>(2,705)</u>
Net change in total OPEB liability	3,502
Total OPEB liability - beginning of year	<u>56,029</u>
Total OPEB liability - end of year	<u>\$ 59,531</u>

Sensitivity of the total OPEB liability to Changes in Discount Rate

The following presents the OPEB liability calculated using the discount rate of 4.43%, as well as what the employer's OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.43%) or one percentage point higher (5.43%) than the current rate as of December 31, 2025.

	<u>Changes in Discount Rate:</u>		
	1% Decrease 3.43%	Current Discount Rate 4.43%	1% Increase 5.43%
Net OPEB Liability	<u>\$ 69,150</u>	<u>\$ 59,531</u>	<u>\$ 51,829</u>

Note 8 – Other Post-Employment Benefits (Cont.)

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare trend rates that are 1% lower or 1% higher than the current healthcare trend rates:

1.00% Decrease	Current Healthcare Cost Trend Rates	1.00% Increase
\$ 50,610	\$ 59,531	\$ 71,007

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

As of December 31, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and experience	\$ 3,811	\$ -
Changes in assumptions	1,460	6,035
Changes in proportion	19,610	2,765
Total Deferred Outflows and Inflows	\$ 24,881	\$ 8,800

The net amounts of deferred outflows/inflows of resources attributable to fiscal year ended December 31, 2025 will be recognized in OPEB expense in future years as follows:

Year	
2026	\$ 390
2027	7,276
2028	7,313
2029	1,102
Total	\$ 16,081

Note 9 – Risk and Insurance

The District is exposed to various risks of loss related to tort; theft of, damage to, or destruction of assets; errors and omissions; and injuries to the public; and natural disasters. To protect against these risks, the District has purchased commercial or other insurance for the losses to which it is exposed.

Subsequent events were evaluated through April 15, 2026, which is the date the financial statements were available to be issued, and it was determined that an event occurred that requires disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

On February 26, 2026, the District issued \$1,770,000 of Hurricane Recovery Revenue Bonds, Series 2026. The bonds are initially issued in the form of two, fully registered term bonds numbered R-1 and R-2. Bond R-1 in the denomination of \$1,327,500 is payable in installments on March 1 each year until maturity on March 1, 2029. Bond R1 bears an interest rate of 4.00% per annum, payable in semi-annual installments on March 1 and September 1 each year until maturity. Bond R-2 in the denomination of \$442,500 is payable in installments on March 1 each year until maturity on March 1, 2029. Bond R2 bears an interest rate of 2.00% per annum, payable in semi-annual installments on March 1 and September 1 each year until maturity. These bonds are intended to be repaid with federal funding received from Federal Emergency Management Agency in connection with damages sustained related to Hurricanes Ida and Francine as discussed in Note 6.

REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
Terrebonne Parish Recreation District No. 10
Theriot, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Terrebonne Parish Recreation District No. 10 (the District), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated April 15, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES**

To the Board of Commissioners
Terrebonne Parish Recreation District No. 10
Theriot, Louisiana and
Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. Terrebonne Parish Recreation District No. 10's management is responsible for those C/C areas identified in the SAUPs.

Terrebonne Parish Recreation District No. 10 has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are described on pages 45-62.

We were engaged by Terrebonne Parish Recreation District No. 10 to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Terrebonne Parish Recreation District No. 10 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
