## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors of  
Terrytown Fifth District Volunteer Fire Department Inc.

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of Terrytown Fifth District Volunteer Fire Department Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Terrytown Fifth District Volunteer Fire Department Inc. as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Terrytown Fifth District Volunteer Fire Department Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Terrytown Fifth District Volunteer Fire Department Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Terrytown Fifth District Volunteer Fire Department Inc's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about Terrytown Fifth District Volunteer Fire Department Inc's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Compensation, Benefits and Other Payments to Agency Head, as required by Louisiana Revised Statute, and the Schedule of Revenues and Expenditures – Public Funds are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Schedule of Compensation, Benefits and Other Payments to Agency Head and Schedule of Revenues and Expenditures – Public Funds are fairly stated, in all material respects, in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2025 on our consideration of Terrytown Fifth District Volunteer Fire Department Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Terrytown Fifth District Volunteer Fire Department Inc.'s internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Terrytown Fifth District Volunteer Fire Department Inc.'s internal control over financial reporting and compliance.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A summary of the Terrytown Fifth District Volunteer Fire Department, Inc.'s (the Fire Department's) significant accounting policies applied in the preparation of the accompanying financial statements follows:

Nature of Activities

Terrytown Fifth District Volunteer Fire Department, Inc. (the Fire Department) is a nonprofit organization dedicated to providing the citizens of the Fifth Fire Protection District of Jefferson Parish (which includes Terrytown and adjoining unincorporated portions of Jefferson Parish) with fire protection and related services and facilities. The Fire Department is under contract with the Parish of Jefferson to provide these services by administering the daily activities of this district. The Fire Department is also supported by donor contributions and other miscellaneous fees and charges. The majority of the Fire Department's revenues are derived from the Parish contract.

Basis of Presentation

The financial statements of the Fire Department have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the Fire Department to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Fire Department's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Fire Department or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the fund be maintained in perpetuity and used only for a specified purpose.

Donor restricted contributions are reported as increases to net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities. The funds received from the Parish for fire protection services under the cooperative endeavor contract are considered donor restricted.

Measure of Operations

The statement of activities reports all changes in net assets, including changes in net assets from operating and non-operating activities. Operating activities consist of those items attributable to the Fire Department's ongoing fire protection services in the Fifth District of Jefferson Parish and the provision of support and community services to the firefighters and volunteers who provide services. Non-operating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or non-recurring nature.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Measure of Operations (continued)

Amounts received under the contract with Jefferson Parish are accounted for as a conditional contribution under ASU 2018-08. Revenue is recognized as barriers to entitlement are overcome, which generally occurs as eligible fire protection services are provided during the contract period.

Contributions

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished) net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activity as net assets released from restrictions.

Contributed property and equipment are recorded at fair value at the date of donation. Contributions with donor-imposed stipulations regarding how long the contributed assets must be used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions. The Fire Department considers all property and equipment purchased with Parish contracted funds (i.e., "public funds") to be donor restricted.

Fees charged for services are accounted for under ASC 606. Revenue is recognized when performance obligations are satisfied, which is generally as services are provided or at a point in time upon delivery.

Donated Services, Goods and Facilities

The Fire Department's policy is to recognize contributed services that (a) create or enhance nonfinancial assets or (b) require specialized skills that would typically need to be purchased if not provided by donation. No contributed nonfinancial assets or services meeting these criteria were recognized during the year. The Fire Department utilizes certain facilities and equipment owned by the Fifth Fire Protection District; management cannot reasonably estimate the fair value of this use, and accordingly, no amounts are recognized in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of support and expenses during the reporting period. Actual results could differ from those estimates.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in checking accounts, savings accounts, or certificates of deposit and are carried at cost. Funds deposited from the ad valorem tax millage are placed into a "special" fund and can only be disbursed for operating expenses of the Fire Department (i.e., for the public purpose of providing fire protection services).

Cash and cash equivalents, for cash flow statement purposes, include investments in highly liquid instruments with an initial maturity of three months or less to be cash equivalents.

Supplemental Disclosure of Cash Flow Information

During the year, the Fire Department did not make any cash payments for interest or income taxes. Accordingly, no amounts are reported for such items in the accompanying Statement of Cash Flows.

The Fire Department had no noncash investing or financing activities during the period. Noncash activities, if any, would include transactions such as donated property or equipment, or the acquisition of assets through financing arrangements rather than cash payments.

Certificate of Deposits and Investments

The Fire Department's policy is to exclude certificates of deposit from cash and cash equivalents when their original maturities exceed three months. Certificates of deposit with maturities greater than three months are reported separately as short-term investments on the Statement of Financial Position and are not included in cash and cash equivalents for purposes of the Statement of Cash Flows. As of the fiscal year end, the Fire Department's investments consist solely of certificates of deposit, which are stated at cost and approximate fair value. The Fire Department held no marketable securities or other investments measured under the fair value hierarchy defined in FASB ASC 820.

Prepaid Expenses

Items that benefit a future period are recorded as prepaid at year end, if deemed material. These amounts are recognized as expenditures in the period that they benefit.

Property and Equipment

Property and equipment, consisting primarily of fire stations and residences, furniture, fixtures, and equipment, are recorded at cost when purchased and at fair market value when received as a donation. The Fire Department capitalizes property and equipment purchases over \$1,000 and expenses those purchases under \$1,000. Expenditures for maintenance, repairs, and minor renewals are charged against earnings as incurred. Depreciation is computed using the straight-line method over the useful lives of the assets. The lives range from 3 to 39 years.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Property and equipment does not include fire trucks and vehicles donated by the Fire Department to the Fifth Fire District of Jefferson Parish. Historically, the Fire Department has received subsidies from the Fifth Fire District of Jefferson Parish for the purchase of fire trucks. The trucks are then purchased by the Fire Department and donated back to the Fifth Fire District of Jefferson Parish. This is done because the funding source of these subsidies is parish ad valorem taxes and the property must stay in the “public domain”. The fire trucks and vehicles are utilized by the Fire Department, but they are insured by and titled in the name of the Parish of Jefferson. These fire trucks are reported for in the financial statements of the Parish of Jefferson.

Compensated Absences

The Fire Department allows employees who work more than 50 hours per week to earn annual leave at the rate of 0 to 360 hours per year depending on length of continuous service. Annual leave is awarded on the first day of the next pay period after an employee’s anniversary date. Employees are allowed to carry-over up to 300 hours from one year to the next. Upon separation, the annual leave is paid to the employee at 100 percent of its current value.

Income Taxes

The Fire Department is exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code, which exempts volunteer fire departments, and from state income taxes under Section 121(5) of Title 47 of the Louisiana Revised Statutes of 1950.

Uncertain Tax Positions

The Fire Department follows the provisions of the *Accounting for Uncertainty in Income Taxes* Topic of the FASB Accounting Standards Codification. The implementation of this Topic has had no impact on the statement of financial position and the statement of activities and changes in net assets. The federal and state tax returns of the Fire Department are subject to examination by taxing authorities for the years ended June 30, 2025, 2024 and 2023. All tax returns have been appropriately filed by the Fire Department. The Fire Department’s tax filings are subject to audit by various taxing authorities. As of June 30, 2025, management evaluated The Fire Department’s tax position and concluded that The Fire Department has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance.

Recent Accounting Pronouncements

The Fire Department adopted no new accounting standards in the current year that had a material effect on the financial statements. Standards issued but not yet effective in the current year are not expected to have a material effect upon adoption.

Subsequent Events

The Fire Department’s management has evaluated subsequent events through November 15, 2025, which is the date the financial statements were available to be issued.

Bank India New York	3/5/2026	117,000	
Goldman Sachs Bank	12/31/2025		109,000
Total Certificates of Deposit		\$ 430,834	\$ 190,685

**Custodial risk**

Custodial risk is the risk that, in the event of a bank failure, the Fire Department’s deposits might not be recovered. The Fire Department’s policy for custodial credit risk conforms to state law, which includes the use of federal deposit insurance and securities pledged by the bank.

As noted above, the Fire Department maintains cash balances and certificates of deposit at several financial institutions in the New Orleans area. Accounts at each financial institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Interest bearing accounts with balances in excess of FDIC insurance at a financial institution are also secured by pledged securities held in joint custody at the Federal Reserve Bank, New Orleans in the Fire Department’s name. At June 30, 2025, the book balances of cash and cash equivalents totaled \$2,322,642 and the bank balances of \$2,343,623 were entirely secured by FDIC insurance and pledged securities.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

---

**NOTE 3 – HEALTH INSURANCE PROGRAM RECEIVABLE**

The Fire Department maintains a self-funded health insurance program to provide medical coverage for fire department personnel. The program is administered through a third-party administrator and funded by contributions from the Fire Department and participating employees.

As of the year-end, the Fire Department recorded a receivable of \$45,411, representing the settlement refund due from excess premium and administrative charges under the program for the year ended. The settlement represents a recovery of health insurance costs and has been recognized as a reduction of current-year employee benefits expense in the accompanying Statement of Activities.

**NOTE 4 - PROPERTY AND EQUIPMENT**

Property and equipment at June 30, 2025 consisted of the following:

<u>Asset Category</u>	<u>June 30, 2024</u>	<u>Additions</u>	<u>Deletions</u>	<u>Donations</u>	<u>June 30, 2025</u>
<b>Non Depreciable Assets</b>					
Land	\$ 33,928	\$ -	\$ -	\$ -	\$ 33,928
Vehicles and Fire Trucks	-	-	-	-	-
Total Non Depreciable Assets	<u>33,928</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>33,928</u>
<b>Depreciable Assets</b>					
Buildings and Improvements	3,519,286	153,360	-	-	3,672,646
Machinery and Equipment	1,081,370	84,266	-	-	1,165,636
Furniture and Fixtures	<u>253,558</u>	<u>30,687</u>	<u>-</u>	<u>-</u>	<u>284,245</u>
Total Depreciable Assets	<u>4,854,214</u>	<u>268,313</u>	<u>-</u>	<u>-</u>	<u>5,122,527</u>
Total Property and Equipment	4,888,142	268,313	-	-	5,156,455
Less Accumulated Depreciation	(3,291,498)	(193,377)	-	-	(3,484,875)
Net Property and Equipment	<u>\$ 1,596,644</u>	<u>\$ 74,936</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,671,580</u>

Depreciation expense for the year ended June 30, 2025, was \$193,377.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

---

**NOTE 5 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS**

The Fire Department had the following financial assets available to meet cash needs for general expenditures within one year:

<u>Financial assets:</u>	
Cash	\$ 1,701,123
Certificates of Deposit	621,519
Health Insurance Program Receivable	45,411
	<u>\$ 2,368,053</u>

As part of the Fire Department’s liquidity management, it invests cash in excess of daily requirements in short-term investments (typically CDs). The Fire Department does not maintain any open letters of credit with its fiscal agent bank; therefore, it must monitor its short-term cash needs closely to ensure that its cash balances are adequate to cover current expenditures. The contract with the Parish provides a monthly allocation in about the third week of each month based on 1/12<sup>th</sup> of the annual estimated revenue from the ad valorem taxes for that year. These allocations are taken into account when monitoring cash-flows.

**NOTE 6 - COMPENSATED ABSENCES**

Compensated absences payable at June 30, 2025, totaled \$164,769.

**NOTE 7 - RESTRICTIONS ON NET ASSETS**

At June 30, 2025, net assets without donor restrictions totaled \$690,115 and the amount of net assets with donor restrictions totaled \$3,443,671. The net assets without donor restrictions are essentially made up of the private cash accounts (the regular account and the ladies auxiliary account, along with any related investments in CDs). The amounts held as net assets with donor restrictions are made up of the funds received from the Parish and deposited into the Special Account or the Payroll account, any related CDs, and any property and equipment purchased with those funds and dedicated to providing fire protection services under the contract, net of any related payables and accrued liabilities.

**NOTE 8 - INTERGOVERNMENTAL CONTRACTED SERVICES**

The Fire Department is under contract with the Parish of Jefferson to provide fire protection services within the Fifth Fire Protection District. The current contract is effective from May 1, 2018 through December 1, 2027. Afterwards, the contract will be month-to-month until a new one is negotiated. The contract calls for the Fire Department to provide fire protection services to the Fifth District of Jefferson Parish in exchange for funding from the Parish. To fund the contract, the Parish levied an ad valorem tax of 25.00 mills in December 2024 and 2023 on the assessed valuation of properties within the Fifth Fire District to fund these operations (the millage rate was renewed by the voters on April 30, 2022 for 10 years). The taxes received by the Parish are passed through to the Fire Department under this cooperative endeavor agreement in monthly installments, which represent the 1/12<sup>th</sup> of the estimated net proceeds of the millage levied annually.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

---

**NOTE 9 – CONCENTRATION OF SUPPORT**

Substantially all of the Fire Department's support is derived from funds provided by the contract with the Parish of Jefferson. The revenues from this operating contract amounted to \$4,047,000 for the fiscal year and made up a substantial portion (92.2 percent) of the Fire Department's total revenues. Management is not aware of any plans on the part of the Parish of Jefferson to terminate this contract.

**NOTE 10- FUNCTIONAL ALLOCATION OF EXPENSES**

The costs of providing the various firefighting programs, administrative activities, and other general activities have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and support activities based on management's estimates of time devoted by the Fire Department's staff.

**NOTE 11 - ADVERTISING COSTS**

Advertising costs are expensed as incurred. For the year ending June 30, 2025, advertising expense totaled \$1,661.

**NOTE 12 - PENSION PLAN**

The Fire Department has a non-standardized 401k Profit Sharing Plan. The plan allows individuals employed over six months who have completed 1,000 hours of service and have reached the age of 21 to defer up to 10 percent of their compensation, subject to limitations. The Fire Department makes non-forfeitable contributions of 5 percent of the compensation for those eligible employees that elect to participate in the plan by making salary reduction contributions. Employee contributions to the pension plan for the year ended June 30, 2025, were \$197,965. The cost to the Fire Department for the year ended June 30, 2025, was \$186,126.

**NOTE 13 - EXPENSES PAID BY OTHERS**

The full-time firefighters of the Fire Department who meet certain requirements receive supplemental pay from the State of Louisiana under the provisions of LRS 33:2002. The State pays this supplemental pay directly to the firefighters; therefore, the expense does not pass through these financial statements. State supplemental payments made to Fire Department employees totaled \$203,480 for the fiscal year ended June 30, 2025. The supplemental pay is included in the taxable income of the firefighters so that federal and state taxes may be applied.

**NOTE 14 – LEGAL AND ADMINISTRATIVE EXPENSES**

The Fire Department periodically engages external legal counsel to assist with general administrative, governance, and employment-related matters. These services are undertaken in the normal course of operations and are not associated with any litigation or claims expected to have a material effect on the Fire Department's financial position, changes in net assets, or cash flows. Management has evaluated the nature of these matters and determined that no loss contingencies are probable or estimable; therefore, no liability has been recorded in the accompanying financial statements.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors of  
Terrytown Fifth District Volunteer Fire Department Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Terrytown Fifth District Volunteer Fire Department Inc. (a non-profit entity), which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 15, 2025.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit, we considered Terrytown Fifth District Volunteer Fire Department Inc.’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Terrytown Fifth District Volunteer Fire Department Inc.’s internal control. Accordingly, we do not express an opinion on the effectiveness of Terrytown Fifth District Volunteer Fire Department Inc.’s internal control

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. We identified deficiencies in internal control, as described in the accompanying schedule of findings and responses as items 2025-1 and 2025-2, which we consider to be significant deficiencies.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Terrytown Fifth District Volunteer Fire Department Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Terrytown Fifth District Volunteer Fire Department Inc.'s Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Terrytown Fifth District Volunteer Fire Department Inc.'s response to the findings identified in our audit and described in the accompanying schedule of findings and responses. Terrytown Fifth District Volunteer Fire Department Inc.'s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Terrytown Fifth District Volunteer Fire Department Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Under the Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

*Camnetar & Co.*

Camnetar & Co., CPAs  
a professional accounting corporation  
Gretna, Louisiana  
November 15, 2025

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**For the Year Ended June 30, 2025**

**Section I – Summary of Auditor’s Report**

1. Type of auditors’ report issued on the financial statements: Unmodified opinion
2. Internal Control over financial reporting:
  - a. Material Weakness No
  - b. Significant Deficiency Yes
  - c. Compliance Material to the Financial Statements No
  - d. Other Matters No

3. Federal Awards

The Fire Department did not expend \$750,000 or more in federal awards during the fiscal year ended June 30, 2025. Accordingly, the Fire Department was not subject to the audit requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

**Section II – Financial Statement Findings**

**Finding 2025-1 - Segregation of Duties (Significant Deficiency)**

**Criteria:** Internal control is a process affected by those charged with governance, management, and other personnel designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

**Condition:** The Fire Department’s Treasurer is charged with most of the responsibilities relating to the cash receipts, cash disbursements, payroll and financial reporting cycles. The Fire Department does, however, have various controls in place which tend to mitigate this problem, including (1) having another person review and initial all bank reconciliations, (2) requiring dual signatures on all checks, (3) requiring the presentation of actual versus budget reports on a monthly basis.

**Cause:** The size of the Fire Department’s operations is too small to provide for an adequate segregation of duties.

**Effect:** The lack of segregation of duties in the accounting function constitutes a weakness in the internal control over financial reporting.

**Recommendation:** Although hiring additional personnel to achieve complete segregation of duties may not be cost-beneficial for a small organization, the Board should remain aware of this inherent limitation and continue to strengthen compensating controls where feasible.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**For the Year Ended June 30, 2025**

**Section II – Financial Statement Findings**

**Finding 2025-1 - Segregation of Duties (Significant Deficiency)**

Management's Response      Management is aware of the condition; however, the Fire Department is not currently in a financial position to fully address the segregation of duties limitations. The Board acknowledges the issue and will continue to monitor the Fire Department's financial activity in a timely manner.

**Finding 2025-2 - Preparation of Financial Statements by Auditor (Significant Deficiency)**

Criteria:                      Financial reporting controls should provide reasonable assurance that financial statements are prepared in accordance with generally accepted accounting principles (GAAP) and that management maintains appropriate oversight over the financial reporting process.

Condition:                    The Fire Department does not have adequate internal controls to oversee its financial reporting function or to prepare GAAP-compliant financial statements. As is common with small governmental entities, management has intentionally chosen to rely on the auditor to prepare the annual financial statements due to cost constraints that limit the ability to develop internal GAAP reporting expertise.

Cause:                         Statement of Auditing Standards (SAS) 115 requires that we report the above condition as a control deficiency. SAS 115 does not provide exceptions to reporting deficiencies that are mitigated with non-audit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

Effect:                         The Fire Department engages the auditor to prepare its annual financial statements.

Recommendation:        Although SAS 115 requires reporting of this significant deficiency regardless of cost-benefit considerations, the Fire Department's small size and limited resources make it impractical to establish full internal financial reporting capabilities. Implementing internal GAAP preparation would not be cost-effective, and no additional corrective action is recommended at this time.

Management's Response:    The Fire Department's staff is familiar with the day-to-day accounting requirements and the monthly cash basis reporting requirements; however, due to limited staffing and funding, we do not consider it practical to provide sufficient training to our staff in order to eliminate this condition and can only continue to rely on the auditor to prepare the financial statements at this time.

**TERRYTOWN FIFTH DISTRICT VOLUNTEER FIRE DEPARTMENT, INC.**

**INDEPENDENT ACCOUNTANT'S REPORT**  
**ON APPLYING AGREED-UPON PROCEDURES**

To the Board of Directors of Terrytown Fifth District Volunteer Fire Department and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 01, 2024 through June 30, 2025. The Fire Department's management is responsible for those C/C areas identified in the SAUPs.

The Fire Department has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 01, 2024 through June 30, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**1) Written Policies and Procedures**

---

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories (or report that the entity does not have any written policies and procedures), if applicable to public funds and the entity's operations:
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
  - ii. **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.
  - iii. **Disbursements**, including processing, reviewing, and approving.

- iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rates of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- viii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

**Results: We did not observe written policies that address disbursements, collections, payroll, contracting, credit cards, and information technology disaster recovery.**

## **2) Board or Finance Committee**

---

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
- i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
  - ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds.  
  
Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.
  - iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
  - iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

**This section not performed. No year one exceptions identified.**

## **3) Bank Reconciliations**

---

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
  - ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated or electronically logged); and

- iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

**This section not performed. No year one exceptions identified.**

**4) Collections (excluding electronic funds transfers)**

---

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

**Results: Procedures performed. No exceptions noted.**

- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
  - i. Employees responsible for cash collections do not share cash drawers/registers;
  - ii. Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
  - iii. Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and
  - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not also responsible for collecting cash, unless another employee/official verifies the reconciliation.

**Results: Procedures performed. No exceptions noted.**

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

**Results: Procedures performed. No exceptions noted.**

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under “Bank Reconciliations” above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:
- i. Observe that receipts are sequentially pre-numbered.
  - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
  - iii. Trace the deposit slip total to the actual deposit per the bank statement.
  - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
  - v. Trace the actual deposit per the bank statement to the general ledger.

**Results: Exceptions were noted for item (D) of Collections. The Fire Department does not have a receipt log in place to determine the receipt date of collections to determine if deposits were not made within one business day.**

**5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)**

---

- A. Obtain a listing of locations that process payments for the fiscal period and management’s representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under procedure #5 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that
- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
  - ii. At least two employees are involved in processing and approving payments to vendors;
  - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
  - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
  - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
  - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

**This section not performed. No year one exceptions identified.**

**6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)**

---

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
  - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
  - ii. Observe that finance charges and late fees were not assessed on the selected statements.

- C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

**This section not performed. No year one exceptions identified**

**7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)**

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management’s representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));
  - ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
  - iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1A(vii)); and
  - iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

**This section not performed. No year one exceptions identified.**

**8) Contracts**

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management’s representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner’s contract, and
- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

**This section not performed. No year one exceptions identified.**

## **9) Payroll and Personnel**

---

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
  - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
  - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
  - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
  - iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

**This section not performed. No year one exceptions identified**

### **10) Ethics**

---

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
  - i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
  - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

**This section not performed. This section is not applicable for nonprofits.**

### **11) Debt Service**

---

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

**This section not performed. This section is not applicable for nonprofits**

### **12) Fraud Notice**

---

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

**This section not performed. No year one exceptions identified**

**13) Information Technology Disaster Recovery/Business Continuity**

---

- A. Perform the following procedures, **verbally discuss the results with management, and report “We performed the procedure and discussed the results with management.”**
- i. Obtain and inspect the entity’s most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government’s local server or network, and (c) was encrypted.
  - ii. Obtain and inspect the entity’s most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
  - iii. Obtain a listing of the entity’s computers currently in use and their related locations, and management’s representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in Payroll and Personnel procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.
- C. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency’s information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
- Hired before June 9, 2020 - completed the training; and
  - Hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.

**We performed the procedure and discussed the results with management.**

**14) Prevention of Sexual Harassment**

---

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity’s premises if the entity does not have a website).

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
- i. Number and percentage of public servants in the agency who have completed the training requirements;
  - ii. Number of sexual harassment complaints received by the agency;
  - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
  - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
  - v. Amount of time it took to resolve each complaint.

**This section not performed. This section is not applicable for nonprofits.**

**15) Management's Response:**

The Fire Department concurs with the exceptions and is working to address the items identified.

We were engaged by The Fire Department to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of The Fire Department and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
