INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Redesign Schools of Louisiana
Baton Rouge, Louisiana

Opinion

We have audited the accompanying financial statements of Redesign Schools of Louisiana (“RSL”), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Redesign Schools of Louisiana as of June 30, 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RSL and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RSL's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RSL's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The combining financial statements and schedule of compensation, benefits and other payments to agency head or chief executive officer are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedules Required by State Law, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2023 on our consideration of RSL's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering RSL's internal control over financial reporting and compliance.

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements Year Ended June 30, 2023

Note 1 – Background and Summary of Significant Accounting Policies

Background

Redesign Schools of Louisiana (RSL) previously is a non-profit public benefit corporation organized under the laws of the State of Louisiana under the name of Celerity Schools Louisiana. During the year ended June 30, 2020, RSL changed its name to Redesign Schools of Louisiana (RSL). RSL commenced operations during the 2014-2015 fiscal year. RSL currently operates a Network Office and three charter schools. Crest worth Middle School's building is maintained by RSL without the operation of a School under an arrangement with the Louisiana Department of Education. The term and sponsoring agency for each of the charter schools is as follows:

<u>Charter Name</u>	<u>Term of Charter</u>	<u>Sponsoring Agency</u>
Crestworth Middle School	5 years	Louisiana Department of Education
Lanier Elementary School	5 years	Louisiana Department of Education
Dalton Elementary School	5 years	Louisiana Department of Education
Glen Oaks Middle School	4 years	Louisiana Department of Education

The mission of RSL is to provide schools where at-risk students will thrive in an atmosphere of high expectations and engaging curriculum with challenging learning activities.

Principles of Accounting

The financial statements of RSL are prepared in accordance with accounting principles generally accepted in the United States of America and on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Organization to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Funding

RSL receives its primary funding from the State of Louisiana's Minimum Foundation Program, pass-through awards, as well as other direct funding from the Federal Emergency Management Agency.

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements (continued)
Year Ended June 30, 2023

Property and Equipment

RSL follows the practice of capitalizing at cost, all property and equipment acquisitions with a unit cost of \$5,000 and over. Depreciation is computed under the straight-line method for all depreciable assets over their respective estimated useful lives. RSL depreciates property and equipment over a five (5) to ten (10) year period.

Donations of property and equipment are recorded as contributions at their fair value at date of donation. Such donations are reported as without donor restriction contribution unless restricted by donor.

Amortization is recorded at rates designed to amortize cost over estimated useful lives.

Property and equipment acquired under grants vest subject to use, management and disposition requirements.

Capital leases and related liabilities are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset.

Use of Restricted Resources

It is the practice of RSL to use restricted resources based on donor restrictions and consistent with its mission. See page 11 for additional discussion with regards to presentation of donor and/or without donor restrictions.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among instructional and supporting services in the accompanying statement of functional expenses.

The expenses that are allocated include the following:

<u>Expenses</u>	<u>Method of Allocation</u>
Salaries and related benefits	Time and effort
Occupancy	Square footage
Professional fees	Full time equivalent
Depreciation	Square footage
Other	Time and effort

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements (continued)
Year Ended June 30, 2023

Statement of Cash Flows

For purposes of the statement of cash flows, RSL considers all investments with original maturities of three months or less to be cash equivalents. At June 30, 2022, RSL had no cash equivalents.

Financial Statement Presentation

Under Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) Section 958-605, *Not-For-Profit Entities, Revenue Recognition*, RSL must recognize contributions received as revenue, including unconditional promises to give, in the period received at their fair value. At the same time, contributions made, including unconditional promises to give, must be recognized as expenses in the period made at their fair value.

Presentation of Financial Statements

RSL's financial statements are presented in accordance with requirements established by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) as set forth in FASB ASC 958 and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit Guide for Not-for-Profit Organizations" (the Guide) update No. 2016-14. ASC 958-205 was effective January 1, 2018. Under provisions of the Guide net assets of RSL are classified to present the following based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of RSL are classified as follows:

- Net assets without donor restrictions are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of RSL's. RSL's board may designate assets without restrictions for specific operational purposes from time to time. Some donor restrictions are temporary in nature; those restrictions will be met by actions of RSL or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.
- Net assets with donor restrictions include grants and contributions for which donor-imposed time and/or purpose restrictions have not been met.

Measure of Operations

The statement of activities reports all changes in net assets, including changes in net assets from operating and non-operating activities. Operating activities consist of those items attributable to RSL's ongoing activities. Non-operating activities are limited to resources that generate return from investments, financing costs, and other activities considered to be a more unusual or nonrecurring nature.

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements (continued)
Year Ended June 30, 2023

Fair Value of Financial Instruments

The estimated fair value of all significant financial statement amounts have been determined by RSL using available market information and appropriate valuation methodologies.

RSL considers the carrying amounts of cash, other and grants receivables, prepaid items, and amounts and other payables to be at fair market.

Budgetary Data

RSL formally adopts a budget. The budgetary data are submitted to the State of Louisiana for approval.

Inter program Activities

All inter program transactions, except quasi external transactions, advances and reimbursements are reported as transfers. Nonrecurring and permanent transfers of equity are reported as residual equity transfers. All other inter program transfers are reported as operating transfers and recognized at the time the underlying event occurs. Inter program activities are netted at the combined financial statements level.

Total Memorandum Only

The total column on the accompanying combining financial statements is captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Such data is not comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) Standards Update - 2016-02, *Leases* (ASU 2016-02). ASU 2016-02 requires a lessee to recognize a lease asset representing its right to use the underlying asset for the lease terms, and a lease liability for the payments to be made to lessor, on its balance sheet for all operating leases greater than twelve (12) months. The requirements of this statement have been postponed for reporting periods beginning after December 15, 2021. RSL has not assessed the potential impact of this guidance on its financial statements.

New Accounting Standards

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, which supersedes existing guidance in *Topic 840, Leases*. The FASB subsequently issued the following additional ASUs, which amend and clarify Topic 842: ASU 2018-01, *Land Easement Practical Expedient for Transition to Topic 842*; ASU 2018-10, *Codification Improvements to Topic 842, Leases*; ASU 2018-11, *Leases (Topic 842): Targeted Improvements*; ASU 2018-20, *Narrow-scope*

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements (continued) Year Ended June 30, 2023

Improvements for Lessors; ASU 2019-01, Leases (Topic 842): Codification Improvements; ASU 2020-05, Leases (Topic 842): Lessors—Certain Leases with Variable Lease Payments; and ASU 2021-09, Leases (Topic 842): Discount Rate for Lessees That Are Not Public Business Entities. Topic 842 amends both lessor and lessee accounting with the most significant change being the requirement for lessees to recognize right-to-use (ROU) assets and lease liabilities on the statement of financial position for operating leases.

The Organization adopted the leasing standards effective July 1, 2022, using the modified retrospective approach with July 1, 2022 as the initial date of application. The Organization elected to use all available practical expedients provided in the transition guidance. These allowed the Organization to not reassess the identification, classification and initial direct costs of lessor agreements and to use hindsight in lessee and lessor agreements for determining lease term and right-of-use asset impairment. As of July 1, 2022, adoption of Topic 842 did not result in any material adjustments to statement of financial position accounts related to lessor accounting, but it did result in an increase in operating lease ROU assets of \$51,000, an increase in operating lease liabilities of \$51,000, and an increase in other current and long-term liabilities of \$51,000 related to lessee accounting.

Note 2 -Cash

RSL maintains its bank accounts in one operating account with interfund transactions to account for the cash receipts and disbursements by fund. As of June 30, 2023 the collected bank balance was \$1,418,279 and a book balance of \$1,419,669. The use of interfund accounts must be taken into account when reviewing book balance of cash accounts in determining the cash position of each fund.

Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). RSL maintains its cash in bank deposit accounts that at times may exceed federally insured limits. RSL does not have a deposit policy and has not experienced any losses in such accounts. At June 30, 2023, RSL has a total collected bank balance of \$1,168,279 in excess of the FDIC insured limit.

Note 3 - Cash Restricted

At June 30, 2023, restricted cash of \$0 consisted of funds held for student related activity.

Note 4 - Grants Receivable

At June 30, 2023, grants receivable consisted of costs incurred in excess of funds reimbursed for pass-through programs funded by the Departments of Education and Agriculture. A detail by funding source follows:

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements (continued) Year Ended June 30, 2023

	Lanier Elementary School	Dalton Elementary School	Glen Oaks Middle School	Total
U.S. Department of Education	\$ 1,510,126	\$ 1,491,030	\$ 677,500	\$3,678,656
Total grants receivable	\$ 1,510,126	\$ 1,491,030	\$ 677,500	\$3,678,656

Management believes all receivables to be collectible and therefore, no allowance for doubtful accounts is recorded.

Note 5 -Liquidity

RSL's financial assets available within one year of the statement of financial position date for general expenses are as follows:

Cash	\$ 1,419,669
Grants receivable	3,678,656
Total financial assets	\$ 5,098,325
Less:	
Accounts payable	\$ 428,555
Accrued salaries payable	225,806
Currebnt portion of lease obligation	24,490
Financial assets available to meet expenses over the next twelve months	\$ 4,419,474

RSL's financial assets have been reduced by amounts not available for general use because of donor-imposed restrictions within one year of the financial position.

As part of RSL's liquidity management, it has a policy to structure its financial assets to be available as its general expenses, liabilities, and other obligations come due. In addition, RSL invests cash in excess of projected requirements in investments.

Note 6 -Other Receivables

At June 30, 2023 there were no other receivables reported.

Note 7 -Fair Value of Instruments

RSL has a number of financial instruments, none of which is held for trading purposes. RSL estimates that the fair value of all financial instruments at June 30, 2023 does not differ materially

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements (continued) Year Ended June 30, 2023

from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The estimated fair value amounts have been determined by RSL using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value and accordingly, the estimates are not necessarily indicative of the amounts that RSL could realize in a current market exchange. The recorded values of cash and cash equivalents, accounts receivable, prepaid expenses, accounts payable, and accrued expenses approximate their fair values based on their short-term nature.

Note 8 - Income Taxes

RSL is a non-profit entity under Section 501(c) (3) of the Internal Revenue Code and accordingly, is exempt from federal and state income taxes. However, RSL is subject to income tax on unrelated business taxable income. RSL had no unrelated business income for the year ended June 30, 2023, and no provision for income taxes is included in the accompanying financial statements.

Note 9 - Contingencies and Commitments

RSL is a recipient of funding from the State of Louisiana's Minimum Foundation Program to include other grants received through the State of Louisiana. The funding is governed by various guidelines, regulations and contractual agreements. The administration of the program and activities funded is under the control and administration of RSL and is subject to audit and/or review by the applicable funding source. Any funds found to be not properly spent in accordance with the terms, conditions and regulations of the funding sources may be subject to recapture.

Note 10 - Risk Management

RSL is exposed to various risk of loss related to torts, theft of, damage to and destruction of assets for which RSL carries commercial insurance. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated.

Note 11 - Concentration of Support Source

RSL receives primarily all of its support from public funds. If the amount of support received should fall below award budgeted levels, RSL's operating results could be adversely affected.

Note 12 - Concentration of Credit Risk

Financial instruments which potentially subject RSL to concentrations of credit risk consist principally of cash. See note 2 for additional discussion.

REDESIGN SCHOOLS OF LOUISIANA

Notes to The Financial Statements (continued)
Year Ended June 30, 2023

Note 13 - Per Diem to Board of Directors

During the year ended June 30, 2023, no board member received per diem in his or her capacity as director.

Note 14 -Prepaid Items

At June 30, 2023, prepaid items consisted of the following:

Security deposit	\$ 19,386
Prepaid insurance	112,044
Prepaid supplies and services	<u>77,235</u>
	<u>\$ 208,665</u>

Note 15 -Retirement

Effective January 1, 2015, RSL established an employee 403(b) plan (the Plan). Generally, the Plan is available to employees upon being hired. Full- time certified employees (teachers, principal and curriculum specialists), once enrolled, are eligible to receive 5% of their compensation in the Plan. Currently, unclassified employees of RSL are not eligible to receive benefits from the Plan. For the year ended June 30, 2023, employer contribution expense was \$47,787.

Note 16 -Related Party

There were no related party transactions observed during fiscal year ended June 30, 2023. The agreement with REFONTE expired in fiscal year ended June 30, 2022.

Note 17 -Lease

RSL maintains operating leases for equipment. The operating leases for equipment automatically renew annually, unless RSL opts-out of continuation. Operating lease expense for the year ended June 30, 2023 totaled \$49,591. The operating leases will expire within one year.

Note 18 -Subsequent Events

RSL is required to evaluate events or transactions that may occur after the Statement of Financial Position date for potential recognition and/or disclosure in the accompanying financial statements. RSL performed such an evaluation through December 21, 2023, the date on which the accompanying financial statements were available to be issued, and noted no subsequent events or transactions that occurred requiring recognition and/or disclosure.

**INDEPENDENT ACCOUNTANT' REPORT
ON
APPLYING AGREED-UPON PROCEDURES**

To the Board of Directors
Redesign Schools of Louisiana
Baton Rouge, Louisiana

We have performed the procedures enumerated below as required by State of Louisiana R.S. 24:514 and listed in the Louisiana Governmental Audit Guide accompanying the annual financial statements of Redesign Schools of Louisiana (“RSL”) as of the year ended June 30, 2023.

The procedures were agreed to by management of Redesign Schools of Louisiana the Louisiana Department of Education, and the Legislative Auditor for the State of Louisiana, solely to assist users in evaluating management’s assertions about the accompanying performance and statistical data and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (“BESE”) Bulletin in compliance with Louisiana revised Statute 24:514. RSL’s management is responsible for the completeness of the performance and statistical data.

This agreed-upon engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable Standards of *Government Auditing Standards* issued by the Comptroller General of the United States of America. The sufficiency of these procedures is solely the responsibility of the specified users of the report.

Consequently, we make no representation regarding the sufficiency of the following procedures described either for the purpose for which this report has been requested or for any other purpose.

The procedure performed, our findings and management’s response as applicable related to the accompanying schedules (Schedules 1 and 2), are summarized as follows:

General Fund Instructional and Support Expenditures (Schedule 1)

1. Procedure

We selected a random sample of twenty-five (25) transactions and reviewed supporting documentation to determine if the sampled expenditures are classified

correctly and reported in the proper amounts for each of the following amounts reported on the Schedule:

- o Total General Fund Instructional Expenditures; and
- o Total General Fund Equipment Expenditures

Finding

The results of the procedure performed on the selected instructional and support expenses revealed that the twenty-five (25) sampled transactions were correctly classified and reported.

Class Size Characteristics (Schedule 2)

2. Procedure

We obtained a list of classes by school, school type and class size as reported on the schedule. We then traced a random sample ten (10) classes to the October 2, 2023 roll books for those classes and determined if the classes were properly classified on the schedule.

Finding

For the ten (10) classes selected for proper classified on Schedule 2, revealed that the sampled transactions were correctly classified and reported.

Education Levels/Experience of Public School Staff (No Schedule)

1. Procedure

We obtained the October 2, 2023 Profile of Educational Personnel (PEP) data submitted to the Department of Education including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. We then selected a sample of twenty-five (25) individuals, traced to each individual's personnel file, and observed that each individual's education level and experience were properly classified in the PEP data.

Finding: 2 out of 25 employees had education level reflected on October 2023 PEP and 3 out of 25 employees had education level not accurately reported on the October PEP report.

Response: RSL will implement procedures so that when staff education is changed and updates are made in PowerSchool, we contact Ed Ops and check and balances before reports are submitted.

Public School Staff Data: Average Salaries (No Schedule)

1. Procedure

We obtained the October 2, 2023 PEP data submitted to the Department of Education of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of twenty-five (25) individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included in the PEP data.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

RSL's response to the findings in our agreed-upon procedures is described in this report under the caption "Management's Response." We did not perform any procedures on RSL's response and, accordingly, we express no opinion on it.

This report is intended solely for the use of management, Board of Directors, the Louisiana Department of Education, BESE, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the LA Legislative Auditor as a public document.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Director of
Redesign Schools of Louisiana
Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Redesign Schools of Louisiana (the “RSL”, a nonprofit organization), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated, December 21, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the RSL’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the RSL’s internal control. Accordingly, we do not express an opinion on the effectiveness of the RSL’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the RSL's financial statements are free from misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Director of
Redesign Schools of Louisiana
Baton Rouge, Louisiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Redesign of School Louisiana (“RSL”) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Redesign Schools of Louisiana’s major federal programs for the year ended June 30, 2023. RSL’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, RSL complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of RSL and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of RSL’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to RSL's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on RSL's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about RSL's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding RSL's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of RSL's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of RSL's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over

compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.
