NOTES TO FINANCIAL STATEMENTS -1-June 30, 2024

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations – East Baton Rouge Truancy Assessment, Inc. (the Organization) is a Louisiana non-profit organization incorporated February 21, 2001, operating in East Baton Rouge parish, for the purpose of identifying children who have exhibited truant tendencies, assessing the causal problems for these tendencies, and providing services or referring the identified children and their families to necessary services to eliminate or alleviate the causal problems for the truant behavior.

The organization operates the following programs: Truancy Assessment Service Center (TASC).

TASC provides early identification, rapid assessment, and intensive truancy reduction services to at-risk students in grades kindergarten through fifth grade. The TASC program targets children that are most in need of services as well as "high-risk" schools. TASC is funded by the Louisiana Commission on Law Enforcement.

<u>Basis of Presentation</u> — The financial statements were prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. The statement of activities presents expenses of the Organization functionally by program services, fundraising, and management and general.

Financial Statement Presentation — The Organization reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions. Net assets with donor restrictions are subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, such as those that the donor stipulates resources be maintained in perpetuity. Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations. When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reporting in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions. The Organization does not have any net assets with donor restrictions for the year ended June 30, 2024.

<u>Estimates</u> – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Estimates are used primarily when accounting for the allowance for doubtful accounts, depreciation, prepaid assets, accrued liabilities, and non-financial contributions.

<u>Cash and Cash Equivalents</u> – For purposes of the statements of cash flows, the Organization considers all highly liquid investments, both restricted and unrestricted, with an initial maturity of three months or less to be cash equivalents.

Receivables – Bad debts are charged to operations in the year in which the account is determined uncollectible. If the reserve method of accounting for uncollectible accounts were used, it would not have a material effect on the financial statements. No amounts for an allowance for bad debts have been established as the Organization expects to collect the balance in full. The Organization does not require any collateral for its receivables. The Organization had no receivables at June 30, 2024.

NOTES TO FINANCIAL STATEMENTS -2-June 30, 2024

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue and Revenue Recognition – Revenue is recognized when earned. Program service fees and payments under cost-reimbursable grants or contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively. Contributions are recognized when cash, or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises are not recognized until the conditions on which they depend have been substantially met or the donor has explicitly released the restriction.

Non financial contributions of assets and services are reflected as contributions at their estimated fair value at the date of donation. The Organization reports gifts of land, buildings, equipment and other nonmonetary contributions as unrestricted support unless explicit donor stipulations specify how the donated assets must be used.

Revenue With and Without Donor Restrictions – Contributions received are recorded as increases in net assets without donor restrictions and net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

<u>Property and Equipment</u> – Purchased property and equipment is recorded at cost. Acquisitions of land, buildings, and improvements, furniture and equipment in excess of \$500 are capitalized. Depreciation is calculated using the straight-line method over the estimated useful life of the assets. Estimated useful lives range from 3 to 15 years for most furniture, equipment, and major improvements and 39 years for buildings. Depreciation expense was \$825 for the year ended June 30, 2024.

Repair and maintenance costs are expensed as incurred. When property and equipment are retired or otherwise disposed, the cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is included in the results of operations for the respective year.

Income Taxes – The Organization has been recognized by the Internal Revenue Service as a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes. Accordingly, no provision for income taxes has been made; however, if the Organization should engage in activities unrelated to the purpose for which it was created, taxable income could result. The Organization had no unrelated business income for the year ended June 30, 2024.

<u>Expense Allocation</u> – Directly identifiable expenses are charges to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of periodic time and expense studies. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Cash and cash equivalents (book balances) include the following:

At June 30, 2024, property and equipment was as follows:

| Total | \$ 825 | \$ 1,080 | \$ - | \$ 1,905 |

NOTE 4: RELATED PARTY TRANSACTIONS

During the year, the Organization borrowed funds from related parties. From time to time, the Organization borrows funds from the East Baton Rouge Parish School System and other parties to fill funding gaps. These loans do not have a maturity date, interest rate, or required monthly payments. As of June 30, 2024, these loans totaled \$28,067.

NOTE 5: CONCENTRATIONS

The Organization receives revenue through grants and contracts administered by the State of Louisiana. The grant contract amounts are appropriated each year by the state government. If significant budget cuts were to be made at the state level, the amount of funds received by the organization could be reduced by an amount that could adversely impact its operations. Management is not aware of any actions that will adversely affect the amount of grants and contracts the organization will receive in the next fiscal year.

NOTE 6: DONATED SERVICES AND MATERIALS

The Organization receives non-financial contributions of donated facilities and services. The facilities are donated by the parish and the value is determined using the fair market value. The Organization has a staff member whose salary is paid by another entity. At June 30, 2024, the value of the donated facilities was \$23,760 and the donated services was \$70,000.

NOTE 7: LIQUIDITY OF ASSETS AND LIABILITIES

The following reflects the Organization's financial assets as of the statement of financial position date, reduced by any amounts not available for general use within one year of the statement of financial date because of contractual or donor-imposed restrictions for internal designations.

NOTE 8: UNCERTAIN TAX POSITIONS

The Organization follows FASB Accounting Standards Codification, which provides guidance on accounting for uncertainty in income taxes recognized in an organization's financial statements. The guidance prescribes a recognition and measurement of a tax position taken or expected to be taken in a tax return and also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. As of June 30, 2024, the Organization had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Generally, the tax years prior to June 30, 2021, are no longer subject to examination by federal, state, or local taxing authorities.

NOTE 9: SUBSEQUENT EVENTS

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through December 30, 2024, the date the financial statements were available to be issued.
