Independent Accountant's Review Report

To the Board of Commissioners Recreation District No. 4 of St. Tammany Parish Lacombe, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and the major fund of Recreation District No. 4 of St. Tammany Parish (the District), a component unit of St. Tammany Parish, Louisiana, as of and for the year ended December 31, 2020, and the related notes to the financial statements which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the District. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

The management of the District is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services, issued by the American Institute of Certified Public Accountants, and applicable standards of *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require us to perform procedures to obtain limited assurance as a basis of reporting whether we are aware of any material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

In accordance with standards established by the American Institute of Certified Public Accountants, the *Louisiana Governmental Audit Guide*, and the provisions of state law, we have issued a report dated April 12, 2021 on the results of our agreed-upon procedures.

Required Supplementary Information

Management has omitted the management's discussion and analysis information that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 18 be presented to supplement the basic financial statements. Such information is presented for purposes of additional analysis and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have not audited, reviewed, or compiled the required supplementary information and we do not express an opinion, a conclusion, nor provide any assurance on it.

Other Information

The schedule of governing board on page 20 and the schedule of compensation, benefits, and other payments to agency head, as required by Louisiana Revised Statute (R.S.) 24:513 A(3), on page 21, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management. We have not audited, reviewed, or compiled this supplementary information and we do not express an opinion, a conclusion, nor provide any assurance on it.

A Professional Accounting Corporation

Net Change in Fund Balance - Total Governmental Funds	\$ 112,923
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives through depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.	(66,845)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:	
Change in Deferred Inflows of Resources - Unavailable Ad Valorem Taxes	(8,558)
Change in Net Position of Governmental Activities	\$ 37,520

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

Introduction

Recreation District No. 4 of St. Tammany Parish (the District) was created by the St. Tammany Parish Police Jury on August 6, 1981, pursuant to Louisiana Revised Statute 33:4564. The District has the authority to own and operate facilities and engage in activities which promote recreation. The governing board is made up of seven commissioners appointed by the St. Tammany Parish Council (the Parish Council) who serve four-year terms.

Reporting Entity

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of an entity for financial reporting purposes. The basic criterion for including a potential component unit with the reporting entity is financial accountability. As such, the District has no component units under the criteria established.

The District is a component unit of St. Tammany Parish (the Parish) because the Parish Council appoints all members of the District's governing board and, as such, is financially accountable for the District. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Parish, the general government services provided by that governmental unit, or the governmental units that comprise the financial reporting entity. The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America applicable to governmental entities. Following is a summary of significant accounting policies.

Basis of Presentation

The accompanying basic financial statements of the District have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, issued in June 1999, as amended by GASB Statement No. 63 in June 2011.

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Because of the nature of the District's operations, the District reports only governmental activities.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Government-Wide Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds.

Fund Financial Statements

The District uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The funds of the District are classified as governmental. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the District, or the total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least 10 percent of the corresponding total for all governmental funds.

The District reports the following major governmental fund:

General Fund - The General Fund is the primary operating fund of the District. It accounts for all the financial resources except those that are required to be accounted for in other funds.

Measurement Focus/Basis of Accounting

The government-wide financial statements are accounted for using an economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income and changes in financial position.

The government-wide financial statements are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of the timing of related cash flows.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Measurement Focus/Basis of Accounting (Continued)

The amounts reflected in the governmental fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to the government-wide financial statements.

The amounts reflected in the governmental fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined, and available means collectible within the current period, or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after the fiscal year-end.

Ad valorem taxes are considered to be collected when they are collected by the St. Tammany Parish Sheriff. Ad valorem taxes collected after 60 days are recorded as a deferred inflow of resources on the governmental fund balance sheet. State revenue sharing associated with the current fiscal period is considered susceptible to accrual and so has been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District. Property taxes, intergovernmental revenues, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period.

Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt, which are recognized when payment is due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Budget and Budgetary Accounting

Formal budgetary accounting is employed as a management control device during the year for the General Fund. The budget is adopted for the General Fund on a basis consistent with accounting principles generally accepted in the United States of America. All appropriations which are not expended lapse at year-end.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Cash

Cash includes amounts in interest-bearing demand deposits. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the District may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at market.

Receivables

Receivables are reported net of estimated uncollectible amounts. At December 31, 2020, the allowance for uncollectibles was \$16,999. This represents 4% of the total ad valorem tax assessed. This estimate is based on the District's history of collections within this revenue stream.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$600 and an estimated life in excess of two years. Such assets are recorded at historical cost or estimated cost if historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

Equity Classifications

Government-wide net position is divided into three components:

- a. Net Investment in Capital Assets Consists of capital assets, including restricted assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted Consists of assets that have constraints that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.
- c. Unrestricted All other net position is reported in this category.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District's policy is to apply restricted net position first.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Equity Classifications (Continued)

In the governmental fund financial statements, fund balances are classified as follows:

- Nonspendable Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- Restricted Amounts that can be spent only for specific purposes because of
 constitutional provisions or enabling legislation or because of constraints that are
 externally imposed by creditors, grantors, contributors, or the laws or regulations
 of other governments.
- 3. Committed Amounts that can be used only for specific purposes determined by a formal action of the Board of Commissioners (the Board). The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through formal actions of the Board.
- 4. Assigned Amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. Under the District's adopted policy, only the Board may assign amounts for specific purposes.
- 5. Unassigned All other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements

Note 2. Cash

The following is a summary of cash (book balances) at December 31, 2020:

Demand Deposits per Bank	\$ 283,311
Secured by Federal Deposit Insurance	 (283,311)
Unsecured / Uncollateralized	\$ _

These deposits are stated at cost, which approximates market.

Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits may not be recovered. The District does not a have a deposit policy for custodial credit risk. As of December 31, 2020, none of the District's bank balance was exposed to custodial credit risk.

Note 3. Ad Valorem Taxes

The District's ad valorem tax is levied in October of each year on the assessed value of property within the District's taxing area. Taxes are due and payable by December 31st, and an enforceable lien attaches to the property on January 1st. The taxes are collected on behalf of the District by the St. Tammany Parish Sheriff and then remitted to the District. The District receives most of the ad valorem taxes in February, March, and April. For the year ended December 31, 2020, taxes of 10.61 mills were levied on property within the District.

Notes to Financial Statements

Note 4. Capital Assets

Capital assets activity for the year ended December 31, 2020 was as follows:

	Beginning Balance	In	creases	De	creases	Ending Balance
Capital Assets Being Depreciated						
Recreational Facilities	\$ 1,689,289	\$	-	\$	-	\$ 1,689,289
Total Capital Assets Being Depreciated	1 690 290					1 600 200
Depreciated	1,689,289					1,689,289
Less Accumulated Depreciation for:						
Recreational Facilities	(800,498)		(66,845)		-	(867,343)
Total Accumulated Depreciation	(800,498)		(66,845)		-	(867,343)
Total Capital Assets Being Depreciated, Net	\$ 888,791	\$	(66,845)	\$	-	\$ 821,946

The District recorded \$66,845 of depreciation expense on its capital assets for the year ended December 31, 2020.

Note 5. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended December 31, 2020, the District carried insurance through various commercial carriers to cover all risks of loss. The District had no settled claims resulting from these risks that exceeded its commercial coverage in any of the past three fiscal years.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Commissioners Recreation District No. 4 of St. Tammany Parish Lacombe, Louisiana

We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by the management of Recreation District No. 4 of St. Tammany Parish (the District) and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the District's compliance with certain laws and regulations during the year ended December 31, 2020, included in the accompanying *Louisiana Attestation Questionnaire*. Management of the District is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the Legislative Auditor. Consequently, we make no representation regarding the sufficiency of these procedures described below either for the purpose which this report has been requested or for any other purpose.

The procedures and associated results are as follows:

Public Bid Law

Select all expenditures made during the year for materials and supplies exceeding \$30,000, or public works exceeding \$154,450. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable, and report whether the expenditures were made in accordance with these laws.

Results: A review was made of all disbursements for the year. We noted no purchases of material and supplies that exceeded \$30,000 or public works that exceeded \$150,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

Results: Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the fiscal year.

Results: Management provided us with the required list.

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

Results: None of the individuals included on the list of employees provided by management in agreed-upon procedure (3) appeared on the list provided by management in agreed-upon procedure (2) as immediate family members.

5. Obtain a list of all disbursements made during the year, and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

Results: Management provided the list of disbursements. None of the businesses of board members, employees, and board members' and employees' immediate families appeared as vendors on the list of disbursements.

Budgeting

6. Obtain a copy of the legally adopted budget and all amendments.

Results: A copy of the legally adopted budget was obtained from management. There were no amendments to the 2020 budget.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

Results: We traced the budget adoption and amendment of 2020 budget to the minute book.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceeded budgeted amounts by 5% or more.

Results: No exceptions were noted as budgeted expenditures were below \$500,000 for the year ended December 31, 2020.

Accounting and Reporting

- 9. Randomly select six disbursements made during the period under review and:
 - a. Trace payments to supporting documentation as to proper amount and payee;
 - b. Determine if payments were properly coded to the correct fund and general ledger account; and
 - c. Determine whether payments received approval from proper authorities.

Results: The disbursements were traced to supporting documentation, and we noted that each was coded to the correct general ledger account, and that checks were signed by two board members.

Meetings

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law), and report whether there are any exceptions.

Results: The District did not advertise its meeting dates for 2020. However, it did post the agenda on the door to the District's office.

Debt

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

Results: There were no proceeds from bank loans, bonds, or like indebtedness identified in our review of deposits.

Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

Results: A reading of the minutes of the District for the year indicated no approval of such payments noted. We also inspected the list of payroll disbursements for the year, and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

State Audit Law

13. Report whether the agency provided a timely report in accordance with R.S 24:513.

Results: The District submitted its financial statements for the year ended December 31, 2020 by the June 30, 2020 deadline.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2), and that were subject to the public bid law (R.S 38:2211, et seq.), while the agency was not in compliance with R.S 24:513 (the audit law).

Results: Inquired of management who indicated that there were no contracts that utilized state funds for the year ended December 31, 202.0

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to, and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with laws and regulations. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the management of Recreation District No. 4 of St. Tammany Parish and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

A Professional Accounting Corporation

LOUISIANA ATTESTATION QUESTIONNAIRE (For Attestation Engagements of Governmental Agencies)

Dear Chief Executive Officer:

Attached is the Louisiana Attestation Questionnaire that is to be completed by you or your staff. This questionnaire is a required part of the review/attestation engagement of Louisiana governmental agencies. The completed and signed questionnaire must be presented to and adopted by the governing body, if any, of your organization by means of a formal resolution in an open meeting. Independently elected government officials should sign the document, in lieu of such a resolution.

The completed and signed attestation questionnaire and a copy of the adoption instrument, if appropriate, must be given to the independent certified public accountant at the beginning of the engagement. The CPA will, during the course of his/her engagement, perform certain agreed-upon procedures to the responses in the questionnaire. It is not necessary to return the questionnaire to the Legislative Auditor's office.

Certain portions of the questionnaire may not be applicable to your organization. In such cases, it is appropriate to mark the representation "not applicable." However, you must respond to each applicable representation. A 'yes' answer indicates that you have complied with the applicable law or regulation. A 'no' answer to any representation indicates a possible violation of law or regulation and, as such, should be fully explained. These matters will be reviewed by the CPA during the course of his/her engagement. Please feel free to attach a further explanation of any representation.

Your cooperation in this matter will be greatly appreciated.

Sincerely,

Daryl G. Purpera, CPA, CFE Louisiana Legislative Auditor

St. Tammany Parish Recreation District No. 4
