## **INDEPENDENT AUDITOR'S REPORT**

Members of the Board of Commissioners  
Tangipahoa Communications District Number One  
Amite, Louisiana 70422

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of the Tangipahoa Communications District Number One, a component unit of the Tangipahoa Parish Government, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Tangipahoa Communications District Number One's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Tangipahoa Communications District Number One, as of December 31, 2024, and the respective changes in financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tangipahoa Communications District Number One and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter – Change in Accounting Principle***

As described in Note 14 to the financial statements, in 2024, the District adopted GASB Statement No. 101, *Compensated Absences*. The cumulative effect of the change to the newly adopted accounting principle on prior periods is reported by restating beginning net position of the governmental activities in the December 31, 2024 financial statements. Our opinion is not modified with respect to this matter.

### ***Emphasis of Matter - Adjustment to Prior Period Financial Statements***

As discussed in Note 15 to the financial statements, in 2024 the District restated its fund financial statements for the year ending December 31, 2023 to correct compensated absences. The effect of this change is recorded in the beginning fund balance of the general fund in the December 31, 2024 financial statements. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Tangipahoa Communications District Number One's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tangipahoa Communications District Number One's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tangipahoa Communications District Number One's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tangipahoa Communications District Number One's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4-11 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Tangipahoa Communications District Number One's basic financial statements. The accompanying supplementary information listed as Other Supplementary Information in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed as Other Supplementary Information in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed as Other Supplementary Information in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2025, on our consideration of the Tangipahoa Communications District Number One's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tangipahoa Communications District Number One's internal control over financial reporting and compliance.

Respectfully submitted,

*Hannis T. Bourgeois, LLP*

Denham Springs, Louisiana  
June 25, 2025

**REQUIRED SUPPLEMENTARY INFORMATION**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**

# **TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

DECEMBER 31, 2024

### **Introduction**

The Tangipahoa Communications District Number One (the District) is pleased to present its Annual Financial Statements developed in compliance with Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - For State and Local Governments* (GASB 34) as amended, and with current standards as more fully described in the financial statement footnotes as Note 1- *Summary of Significant Accounting Policies*.

The Management's Discussion and Analysis (MD&A) for the District, offers readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended December 31, 2024. This MD&A is designed to provide an objective and easy to read analysis of the District's financial activities based on currently known facts, decisions, or conditions.

The District's MD&A is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District's financial position, (d) identify any significant variations from the District's financial plan, and (e) identify individual fund issues or concerns.

Since MD&A is designed to focus on the current year's activities, resulting changes, and currently known facts, please read it in conjunction with the District's financial statements which follow this section.

### **Financial Highlights**

- At December 31, 2024, the District's assets of \$6,717,617 exceeded its liabilities of \$1,506,347 by \$5,211,270 (net position). Of this amount, \$4,432,998 (unrestricted net position) may be used to meet the District's ongoing obligations to its citizens.
- For the year ended December 31, 2024, the District's total net position decreased by \$29,086
- At December 31, 2024, the District's sole fund, the General Fund, reporting ending fund balance of \$4,577,018 an decrease of \$377,444 for the year. Of the ending fund balance, \$2,004,409 is unassigned.
- For the year ending December 31, 2024, General Fund revenues decreased \$73,042, expenditures increased \$1,894,433 and other financing sources increased \$1,490,862.
- At December 31, 2024, the Communication District Services expenses in the General Fund, excluding capital outlay and debt service, decreased by \$45,013 totaling \$2,361,415 at year-end. Capital outlays increased \$1,647,867 to \$1,790,542 at year-end and debt service increased \$291,579 to \$291,579.

### **Overview of the Annual Financial Report**

The financial statement focus is on both the District as a whole and on the major individual funds. Both perspectives, government-wide and major funds, allow the user to address relevant questions, broaden a basis for comparison, and enhance the District's accountability. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The MD&A is intended to serve as an introduction to the District's basic financial statements, which consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

## **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on the District's assets and liabilities using the accrual basis of accounting, in a manner similar to the accounting used by private business enterprises. The difference between the assets and liabilities is reported as net position. Over time, the increases or decreases in net position and changes in the components of net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year, focusing on both the gross and net costs of various activities. This is intended to summarize and simplify the reader's analysis of the cost of various governmental services.

In both of the government-wide financial statements, the District's activities are a single type:

Governmental activities - All of the District's basic services are reported here and are supported primarily by telephone charges and intergovernmental revenue to provide 911 services.

The government-wide financial statements include only the Tangipahoa Communications District Number One (a component unit of the Tangipahoa Parish Government) and can be found on pages 12 and 13.

## **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related and legal requirements. The District uses a single category of funds to account for financial transactions: governmental funds. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar.

Governmental funds are used to account for most of the District's basic services. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds and the balances that are left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The fund financial statements begin on page 14 of this report.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, there are differences in the information presented for government funds and for governmental activities in the government-wide financial statements. Review of these differences provides the reader of the financial statements insight on the long-term impact of the District's more immediate decisions on the current use of financial resources. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The reconciliations can be found on pages 15 and 17.

## Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 19.

### Government-Wide Financial Analysis

As stated earlier, net position may serve over time as a useful indicator of a government's financial position. The following table provides a summary of the District's net position for the current year as compared to the prior year. For more detailed information, see the Statement of Net Position in this report.

#### Condensed Statement of Net Position 2024 and 2023

|                                   | <b>Governmental Activities</b> |              |
|-----------------------------------|--------------------------------|--------------|
|                                   | <b>2024</b>                    | <b>2023</b>  |
| Assets:                           |                                |              |
| Current and Other Assets          | \$ 4,674,129                   | \$ 5,051,289 |
| Capital Assets                    | 2,043,488                      | 393,034      |
| Total Assets                      | 6,717,617                      | 5,444,323    |
| Liabilities:                      |                                |              |
| Long-Term Liabilities Outstanding | 1,076,722                      | -            |
| Other Liabilities                 | 429,625                        | 137,655      |
| Total Liabilities                 | 1,506,347                      | 137,655      |
| Net Position:                     |                                |              |
| Net Investment in Capital Assets  | 778,272                        | 393,034      |
| Restricted                        | -                              | -            |
| Unrestricted                      | 4,432,998                      | 4,913,634    |
| Total Net Position                | \$ 5,211,270                   | \$ 5,306,668 |

The information presented for 2023 has not been restated for the adoption of GASB 101 and is therefore not consistent with the 2024 presentation. See further on GASB 101 below and in Note 14 to the financial statements.

Approximately 15% of the District's net position reflects investment in capital assets (land, buildings, equipment, and improvements) net of any outstanding related debt used to acquire those capital assets. The capital assets are used to provide communication district services and do not represent resources available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

Approximately 85% of the District's net position is unrestricted and may be used to meet the District's ongoing obligations.

During the year ending December 31, 2023, the District adopted GASB Statement No 96, Subscription-Based Information Technology Arrangements (SBITAs). The result of implementation is the addition of a SBITA greater than 12 months recorded as a right-of-use asset, a subscription asset, categorized as a capital asset, along with a subscription payable in the governmental activities. The subscription liability is measured at the present value of payments expected to be made during the subscription term. The subscription asset is measured at the initial measurement of the lease liability, plus any payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term and capitalizable initial implementation costs, less

any SBITA vendor incentives. The subscription asset is amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets. The District uses the straight-line method for amortizing subscription assets. The District entered into two arrangements in the current year that constituted SBITAs. Capital Assets increased \$1,650,454, of which \$336,333 related to these SBITAs. Long Term Liabilities Outstanding increased \$1,076,722, of which \$265,422 relates to these SBITs. Other Liabilities increased \$291,970 of which \$62,088 relates to these SBITAs.

During the year ending December 31, 2024 the District entered into a purchase/finance agreement to purchase radio equipment. Capital Assets increased \$1,650,454, of which \$1,104,194 related to the purchase of this radio equipment. Long Term Liabilities Outstanding increased \$1,076,722, of which \$766,609 relates to the note on this financed purchase. Other Liabilities increased \$291,970 of which \$171,097 relates to the note on this financed purchase.

During the year ending December 31, 2024, the District adopted GASB Statement No 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Governmental activities compensated absences payable for the year ending December 31, 2024 was increased \$66,312 for the cumulative effect on prior periods of adoption of GASB 101. This cumulative effect is also reported as an adjustment to beginning net position of the governmental activities in the December 31, 2024 financial statements. The information presented for 2023 has not been restated for the adoption of this standard and is therefore not consistent with the 2024 presentation. See further on GASB 101 in Note 14 to the financial statements.

Long Term Liabilities Outstanding increased \$1,076,722, of which \$44,691 relates to the net increase in compensated absences in the current year. Other Liabilities increased \$291,970 of which \$33,005 relates to the net increase in compensated absences in the current year.

Accrued interest on the notes and subscriptions increased Other Liabilities \$48,392.

Accounts payable partially offset the above increases to Other Liabilities by \$21,800.

“Current and Other Assets”, decreased by \$377,160 or 7% primarily related to decreases in investments used primarily to fund current year payments on the lease purchase and SBITAs noted above.

“Capital Assets”, increased by \$1,650,454 or 420% primarily related to the financed purchase and SBITAs noted. Total capital expenditures in the current year of \$1,790,542 was partially offset by depreciation and amortization recorded on capital assets of \$140,088.

In order to further understand what makes up the changes in net position, the following table provides a summary of the results of the District's activities for the current year as compared to the prior year.

**Condensed Statement of Changes in Net Position**  
**For the years ended December 31, 2024 and 2023**

|                                    | <b>Governmental Activities</b> |                     | <b>Variance</b>    |                   |
|------------------------------------|--------------------------------|---------------------|--------------------|-------------------|
|                                    | <b>2024</b>                    | <b>2023</b>         | <b>Dollar</b>      | <b>Percentage</b> |
| Revenues:                          |                                |                     |                    |                   |

The information presented for 2023 has not been restated for the adoption of GASB 101 and is therefore not consistent with the 2024 presentation. See further on GASB 101 above and in Note 14 to the financial statements.

Total Revenues decreased \$39,195 compared to a \$174,069 increase in the prior year. The most significant decrease in the current year was the decrease of \$77,953 in charges for services.

At December 31, 2024, the District's program expenses increased 5% or \$116,467 compared to a 11% increase of \$249,222 in the prior year. Current year increases in several program expense classes (primarily interest expense and amortization of subscription assets) were partially offset by decreases in other program expenses (primarily salaries and wages and equipment maintenance expense).

Beginning Net Position for the current year was restated for the adoption of GASB 101 as noted above.

"Total Net Position" (total assets less total liabilities) decreased by \$29,086 (\$95,398 from reported prior year ending net position) for the fiscal year ending December 31, 2024. At the end of the current fiscal year, the District was able to report positive balances in all categories of net position, both for the District as a whole, as well as for governmental activities. The same held true for the prior fiscal year.

## **Fund Financial Analysis**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has only one fund type – governmental fund.

### **Governmental Funds**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the year.

At the end of the current year, the District's sole governmental fund reported an ending fund balance of \$4,577,018. The District recorded an decrease of \$377,444 in fund balance. Revenues decreased \$73,042, expenditures increased \$1,894,433 and other financing sources increased \$1,490,862. The most significant revenue decrease was charges for services – telephone that decreased \$77,953. At December 31, 2024, the Communication District Services expenses in the General Fund, excluding capital outlay and debt service, decreased by \$45,013 totaling \$2,361,415 at year-end. Capital outlays increased \$1,647,867 to \$1,790,542 at year-end primarily related to the previously noted financed purchase and SBITAs recorded in capital expenditures in the current year, which also increased other financing sources for proceeds recorded on these transactions. Debt service increased \$291,579 to \$291,579 in the current year primarily related to debt payments on the financed purchase note and SBITAs.

At December 31, 2024, fund balance was as follows: non-spendable \$72,609; committed \$2,500,000; and unassigned \$2,004,409. In a prior fiscal year and remaining for the fiscal year ending December 31, 2024, the Board of Commissioners of the Tangipahoa Communications District Number One had committed a total of \$900,000 for future infrastructure and technology. During the year ending December 31, 2016 and remaining for the fiscal year ending December 31, 2024, the Board of Commissioners committed an additional \$1,000,000 for future infrastructure and technology. During the year ending December 31, 2020 and remaining for the fiscal year ending December 31, 2024, the Board of Commissioners committed an additional \$600,000 for future building expansion.

During the year ending December 31, 2024, the District restated its financial statements for the year ending December 31, 2023 to correct compensated absences in the general fund. The adjustment removed the compensated absences liability in the general fund and recorded a prior period adjustment for the portion of the liability pertaining to years prior to 2023. The adjustment to restate the 2023 financial statements are reflected in the current year as a prior period adjustment to beginning fund balance. See further in Note 15 to the financial statements.

### **General Fund Budgetary Highlights**

Tangipahoa Communications District Number One adopts an annual operating budget in accordance with the requirements of the Local Government Budget Act. The budget provides an estimate for the current fiscal year of the proposed expenditures and the revenues that will finance the operation of the District. The operating budget is adopted before the end of the prior fiscal year, and is amended by the Board of Commissioners after review of monthly budget-to-actual reports. There was no budget amendment for the year ending December 31, 2024. The analysis of budget variances refers to Schedule 1 included as Required Supplementary Information, following the notes to the financial statements.

As required by state law, actual revenues and other sources were within five percent of budgeted revenues. However actual expenditures and other uses exceeded budgeted expenditures and other uses by five percent which results in an apparent violation of the Local Government Budget Act for the year ended December 31, 2024.

## Capital Assets and Debt Administration

### Capital Assets

The District's investment in capital assets for its governmental activities as of December 31, 2024 amounts to \$2,043,488 (net of depreciation and amortization) reflecting an increase of \$1,650,454 from the prior year. "Capital Assets" increase relates to the purchases of capital assets in the current year of \$1,790,542 partially offset by depreciation recorded on capital assets of \$86,853. The most significant capital asset additions included \$1,104,194 for the financed purchase of radio equipment recorded in construction in progress, \$294,464 incurred to complete the addition to the HVAC system, and two SBITAs in the current year. There were no current year disposals.

The following table provides a summary of the District's capital assets (net of depreciation) at the end of the current year as compared to the prior year. For more detailed information, see Note 6 to the financial statements in this report.

#### Capital Assets (Net of Depreciation) 2024 and 2023

| Capital Assets                 | Governmental Activities |             |
|--------------------------------|-------------------------|-------------|
|                                | 2024                    | 2023        |
| Construction in Progress       | \$ 1,104,194            | \$ 77,429   |
| Furniture and Equipment        | 2,368,768               | 2,346,452   |
| Vehicles                       | 121,154                 | 121,154     |
| Leasehold Improvements         | 437,709                 | 85,816      |
| Maps                           | 66,413                  | 66,413      |
| Subtotal                       | 4,098,238               | 2,697,264   |
| Less: Accumulated Depreciation | (2,391,083)             | (2,304,230) |
| Subscription Assets            | 389,568                 | -           |
| Less: Accumulated Amortization | (53,235)                | -           |
| Capital Assets, Net            | \$ 2,043,488            | \$ 393,034  |

### Long-Term Debt

At December 31, 2024, the District has long term debt outstanding from a note payable on a financed purchase, subscriptions payable and compensated absences of \$1,385,337. Of this amount, \$308,615 is due within one year and \$1,076,722 is due within greater than one year. The following table provides a summary of the District's outstanding debt at the end of the year compared to the prior year.

#### Outstanding Debt 2024 and 2023

|                        | Governmental Activities |           | Total        |           |
|------------------------|-------------------------|-----------|--------------|-----------|
|                        | 2024                    | 2023      | 2024         | 2023      |
| Notes Payable          | \$ 937,706              | \$ -      | \$ 937,706   | \$ -      |
| Subscriptions Payable  | 327,510                 | -         | 327,510      | -         |
| Compensated Absences   | 120,121                 | 42,425    | 120,121      | 42,425    |
| Total Outstanding Debt | \$ 1,385,337            | \$ 42,425 | \$ 1,385,337 | \$ 42,425 |

Increases in total outstanding long-term debt primarily relates to the financed note, SBITAs, and increase compensated absences related to adoption of GASB 101, as noted above.

### **Other Factors Affecting the District**

The Tangipahoa Communications District Number One's management approach is conservative. When possible, the Board attempts to provide mandated services while consistently showing a budget surplus. The funds committed to the development of a new "911" communication facility were accumulated since the origination of the District and demonstrate a long-term commitment to serving users and providing quality services.

### **Contacting the District's Financial Management**

This financial report is designed to provide the District's citizens and taxpayers with a general overview of the District's finances and show the District's accountability for the money it receives. Questions regarding this report or requests for additional information should be addressed to the Tangipahoa Communications District Number One at Post Office Box 505, Amite, Louisiana 70422, telephone (985) 747-0911.

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE GOVERNMENT-WIDE FINANCIAL STATEMENT OF NET POSITION

AS OF DECEMBER 31, 2024

|  |                     |
|--|---------------------|
| <b>Fund Balances, Total Governmental Funds (Statement C)</b> | <b>\$ 4,577,018</b> |
|--|---------------------|

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and are therefore not reported in the governmental funds. These assets consist of:

|   |           |
|---|-----------|
| Governmental capital assets, net of accumulated depreciation      | 1,707,155 |
| Governmental subscription assets, net of accumulated amortization | 336,333   |

Telephone charges and intergovernmental revenue amounts collected after year-end, but not within 60 days are not available soon enough to pay for current expenditures and, therefore, are reported as deferred inflows of resources in the governmental funds

|   |        |
|---|--------|
| Deferred Inflows of Resources - Intergovernmental | 24,993 |
|---|--------|

Long-term liabilities not due and payable from current resources are not reported in the governmental funds. These liabilities consist of:

|                              |           |
|------------------------------|-----------|
| Accrued Interest             | (48,892)  |
| Compensated Absences Payable | (120,121) |
| Note Payable                 | (937,706) |
| Subscription Payable         | (327,510) |

|  |                     |
|--|---------------------|
| <b>Net Position, Governmental Activities (Statement A)</b> | <b>\$ 5,211,270</b> |
|--|---------------------|

The accompanying notes are an integral part of this statement.

| <b>Total Other Financing Sources (Uses)</b>                     | <u>1,490,862</u>           |
| <b>Net Change in Fund Balance</b>                               | <u>(377,444)</u>           |
| <b>Fund Balance, Beginning (Before Prior Period Adjustment)</b> | 4,912,037                  |
| <b>Prior Period Adjustment (Note 15)</b>                        | <u>42,425</u>              |
| <b>Fund Balance, Beginning (After Prior Period Adjustment)</b>  | <u>4,954,462</u>           |
| <b>Fund Balance, Ending</b>                                     | <u><u>\$ 4,577,018</u></u> |

The accompanying notes are an integral part of this statement.

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED DECEMBER 31, 2024

**Net Change in Fund Balances, Governmental Funds (Statement E)** \$ (377,444)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

|                                      |                 |           |
|--------------------------------------|-----------------|-----------|
| Expenditures for capital assets      | 1,400,974       |           |
| Expenditures for subscription assets | 389,568         |           |
| Less:                                |                 |           |
| Current year depreciation            | (86,853)        |           |
| Current year amortization            | <u>(53,235)</u> | 1,650,454 |

Some revenues in the statement of activities do not provide current financial resources and are not reported as revenue in the governmental funds:

|  |  |        |
|--|--|--------|
| Change in deferred inflow of resources for revenue collected after year end, but not available soon enough to pay current year expenditures. |  | 23,396 |
|--|--|--------|

Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not recorded as expenditures in the governmental funds.

|  |               |          |
|--|---------------|----------|
| Change in compensated absences                                   | (77,696)      |          |
| Add back change in accounting principal for compensated absences | <u>66,312</u> | (11,384) |
| Change in accrued interest                                       |               | (48,892) |

Repayment of note and subscription principal is an expenditure in governmental funds but the repayment reduces long-term liabilities in the statement of net position. Proceeds received from notes and subscriptions are recorded as other financing source in governmental funds, but as increases in long term liabilities in the statement of net position.

|                                   |               |             |
|-----------------------------------|---------------|-------------|
| Proceeds from note                | (1,101,294)   |             |
| Proceeds from subscriptions       | (389,568)     |             |
| Principal Payment - note payable  | 163,588       |             |
| Principal Payment - subscriptions | <u>62,058</u> | (1,265,216) |

**Change in Net Position, Governmental Activities (Statement B)** \$ (29,086)

The accompanying notes are an integral part of this statement.

**BASIC FINANCIAL STATEMENTS**  
**NOTES TO THE FINANCIAL STATEMENTS**

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024

### **Introduction**

The Tangipahoa Communications District Number One (the "District") was created by an ordinance of the Tangipahoa Parish Council on June 10, 1986, pursuant to the provisions of Louisiana Statute (LSA-RS) 33:9101-9106. The Communication District was organized to acquire and maintain the facilities and equipment necessary to provide emergency telephone response service (911) to residents of the entire parish of Tangipahoa, Louisiana. As a result of a three-year study of the proposed "911" emergency service, it was recommended that the District's Board of Commissioners be appointed, and that an election call be made. On August 13, 1990, the Tangipahoa Parish Council adopted Ordinance No. 26 of 1990 amending Ordinance 86-6A Section III, establishing a Communication District and providing for appointment of one member by the following sources to the Board of Commissioners:

- The Parish governing authority
- The Tangipahoa Parish Sheriff's Office
- The Parish hospitals
- The Municipal Law Enforcement Agencies
- The Rural Fire Protection Districts
- The City Fire Protection Districts
- The Ambulance Services

On November 6, 1990, the voters of the District approved a levy not to exceed 5% of the tariff rate for local telephone service supplied within the District necessary to implement and maintain Emergency 911 (E911) services to citizens of Tangipahoa Parish. During the year ending December 31, 2017, the District's Board voted to increase rates effective April 1, 2017 to cover the increase in costs of operating the 9-1-1 system (Business lines were \$1.63/month, raised to \$2.50/month, with a maximum of 100 lines per business location; residential lines were \$0.61 per line per month, raised to \$1.25 per month). The new rates are less than 5% of the tariff rate.

Additionally, pursuant to Act 1029 of the Regular Session of the 1999 Legislature, the District is authorized to establish an emergency telephone service charge of \$0.85 per wireless user/per month for users of CMRS (Commercial Mobile Radio Service) who can access the 911 telephone system. The purpose of the Act is to provide a funding mechanism to cover the costs of implementing enhancements to the emergency 911 telephone system for cellular and other wireless telephone users as provided by the Federal Communication Commission in Matter #94-102. Phase I of the FCC Matter requires the implementation of necessary enhancements that will automatically provide the wireless telephone number and wireless tower location of the wireless caller to the communication district (911 communications center) when such a caller accesses the 911 system. Phase II requires the implementation of necessary enhancements that will provide the location within a certain area of the wireless caller. Proceeds from the monies collected pursuant to Act 1029 will be used first for payment of wireless service suppliers' and the District's costs associated with the implementation of enhancements required in Phase I, allowing the District to receive the telephone number of the device accessing the 911 system. As delineated within the Act, each district shall enter a cooperative endeavor agreement with each wireless service supplier to implement the enhancements required by FCC Matter 94-102. The District has completed Phase I and Phase II of implementation. The District notified each service supplier by certified letter that the Board of Commissioners, by resolution, had levied the emergency telephone service charge. As of December 31, 2024, four providers have executed the required cooperative agreements. The service suppliers have been remitting

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

the wireless service charges collected from the wireless CMRS, but service charges have not been paid to service suppliers that have not executed a cooperative agreement, since no district shall make payment of a service suppliers' costs associated with the implementation of Phase I enhancements required by such an order unless there is a cooperative endeavor agreement between the district and supplier. Act 665 of the Regular Session of the 2016 Legislature amended the prior Act to include Interconnected Voice over Internet Protocol (VoIP) and to increase the maximum rate to one dollar and twenty five cents (\$1.25) per month per wireless commercial radio service (CMRS) connection or the rate which the district levies or is authorized to levy on CMRS users on August 1, 2016, whichever is higher. During the year ending December 31, 2017, the District's Board voted to increase the CMRS charge to \$1.25 per CMRS user/month effective April 1, 2017 to cover the increase in costs of operating the 9-1-1 system.

Act 51 of the Regular Session of the 2009 Legislature imposed a fee on prepaid wireless services that have the ability to access 9-1-1 services. The fee of 2% of the amount of the retail transaction was effective on January 1, 2010. The fee is remitted to the state and distributed to the communications districts. ACT 590 of the Regular Session of the 2016 Legislature amended Act 531 to increase the fee to 4% of the amount of the retail transaction. The district began receiving the increased fees for the quarter ending June 30, 2017.

As of December 31, 2024, the Communication District has twenty full-time employees, and two part-time employees.

GASB Statement No. 14, as amended, establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the District is considered a component unit of the Tangipahoa Parish Government. As a component unit, the accompanying financial statements are to be included within the reporting of the primary government, either blended within those financial statements or separately reported as a discrete component unit. Under provisions of this statement, there are no component units of the District.

### **1. Summary of Significant Accounting Policies -**

#### **A. Basis of Presentation**

The accompanying basic financial statements of the Tangipahoa Communications District Number One have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. These financial statements are presented in accordance with GASB Statement No. 34, *Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments*, as amended. Statement No. 34 established standards for financial reporting, with presentation requirements originally including a statement of net position (or balance sheet), and a statement of activities. The definition and composition of these statements, as originally defined in GASB Statement No. 34, are as amended by GASB Statements, some of which are included in the following paragraphs. The District has also adopted the provisions of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, that requires capital contributions to the District to be presented as a change in net position.

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, effective for financial statement periods ending after December 15, 2012, provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. Concepts Statement No. 4,

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

*Elements of Financial Statements*, introduced and defined *Deferred Outflows of Resources* as a consumption of net position by the government that is applicable to a future reporting period, and *Deferred Inflows of Resources* as an acquisition of net position by the government that is applicable to a future reporting period, respectively. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. GASB Concepts Statement 4 identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The definition and reporting of net position is further described in Note 11 – Net Position and Fund Balance.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

At December 31, 2024, the District has deferred inflows of resource recorded in the general fund of \$24,993 related to revenue not collected within the period of availability. The District does not have any deferred outflows of resources at December 31, 2024.

#### **B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, a primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The District does not have any business-type activities and reports only governmental activities. The District has only one fund and as such, there is no interfund activity. The District has no component units.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. All individual funds are reported in separate columns in the fund financial statements. The District only reports a single fund for the year ending December 31, 2024: a governmental fund: the General Fund.

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

### **C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, when applicable, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

User charges for telephone service, intergovernmental and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants, if any, are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or is considered available for this revenue source. Substantially all other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental fund:

- The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund (none in the current year).

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) program specific operating grants and contributions, and 3) program specific capital grants and contributions, including special assessments. The primary source of program revenues are telephone user charges to support "911" communication services. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes, if any.

### **D. Cash, Cash Equivalents and Investments**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, time deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law limits the District to deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law or national banks having principal offices in Louisiana.

In accordance with state law, the District limits its investments to those allowed under R.S. 33:2955. Certificates of deposit are classified as investments if their original maturities exceed 90 days.

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

Investments are reported at fair value, except nonparticipating investment contracts which are reported at cost.

### **E. Receivables and Revenue**

Telephone service fees are recorded in the year the fees are charged. Telephone service fees are charged monthly to the customer's telephone bill by various telephone companies. The telephone companies remit the collections to the District in the subsequent month or quarter. Receivables are shown net of any allowance for uncollectible.

### **F. Inventories and Prepaid Items**

All inventories are valued at cost using the first-in/first-out method. Inventories of the governmental funds are recorded as expenditures when consumed rather than when purchased. The District did not have any inventory at December 31, 2024. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

### **G. Capital Assets**

Capital assets, which include machinery, equipment, vehicles and facility improvements, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their historical cost or acquisition value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

| <u>Description</u>      | <u>Estimated Lives</u> |
|-------------------------|------------------------|
| Leasehold Improvements  | 7 - 20 Years           |
| Furniture and Equipment | 5 - 12 Years           |
| Vehicles                | 5 - 7 Years            |
| Maps                    | 10 Years               |

### **H. Compensated Absences**

The District has the following policy related to vacation and sick leave:

All full-time employees are entitled to annual vacation leave as follows:

|  | <u>Minimum Years of Service Completed</u> |           |            |            |
|--|---|-----------|------------|------------|
|  | <u>1</u>                                  | <u>2</u>  | <u>5</u>   | <u>10+</u> |
| Vacation Leave - Hours Earned per Year | <u>40</u>                                 | <u>80</u> | <u>120</u> | <u>160</u> |

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

Vacation leave is accrued during the year through the anniversary date. Per policy of the District, vacation leave isn't to be carried forward and should be taken in the anniversary year following when it was accrued. Additionally, vacation can be paid out upon termination.

Employees earn four hours of sick leave per pay period worked until a maximum of 1,440 hours have been accumulated. As standard procedure of the District, sick leave may be earned after ninety days of employment. Sick leave is not paid to the employee under any circumstances.

The cost of leave privileges is computed in accordance with GASB Codification Section C60. During the year ending December 31, 2024, the District implemented GASB Statement No. 101, *Compensated Absences*. In accordance with GASB 101 and the District's compensated absences policies, the District's compensated absences liabilities in the government-wide financial statements are recognized as earned for vacation and as earned and determined more likely than not to be used for time off for sick leave. In the governmental funds financial statements, compensated absences are recognized as current year expenditures when leave is taken.

### **I. Other Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are now expended in the period incurred under GASB 65. The District had no bonds or bond issuance costs in the year ending December 31, 2024.

### **J. Net Position and Fund Balance**

GASB Statement No. 34, *Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments*, required reclassification of net position into three separate components. GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, revised the terminology by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. GASB Statement No. 63 requires the following components of net position:

- **Net Investment in Capital Assets Component of Net Position.** The *net investment in capital assets* component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount should not be included in the calculation of net investment in capital assets. Instead, that portion of the debt or deferred inflows of resources should be included in the same net position component (restricted or unrestricted) as the unspent amount.
- **Restricted Component of Net Position.** The *restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported. Net position should be reported as restricted when constraints placed on net position use are either: (a) Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) Imposed by law through constitutional provisions or enabling legislation.

- **Unrestricted Component of Net Position.** The *unrestricted* component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

In the fund statements, governmental fund equity is classified as fund balance. As such, fund balances of governmental funds are classified as follows:

- **Nonspendable.** These are amounts that cannot be spent either, because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- **Restricted.** These are amounts that can be spent only for specific purposes, because of constitutional provisions, enabling legislation or constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- **Committed.** These are amounts that can be used only for specific purposes determined by a formal decision of the Board, which is the highest level of decision making authority for the District.
- **Assigned.** These are amounts that do not meet the criteria to be classified as restricted or committed, but are intended to be used for specific purposes based on the discretion of the Board. Assigned fund balance includes (a) all remaining amounts (except for negative balances,) that are reported in governmental funds, other than the general fund, that are not classified as nonspendable and are neither restricted nor committed and (b) amounts in the general fund that are intended to be used for a specific purpose based on the discretion of the Board. The District has only one governmental fund, the general fund.
- **Unassigned.** These are amounts that have not been assigned to other funds and amounts that have not been restricted, committed, or assigned to specific purposes within the general fund. Also, within other governmental funds, these include expenditure amounts incurred for specific purposes which exceed the amounts restricted, committed or assigned for those purposes. The District has only one governmental fund, the general fund.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

When restricted, committed, assigned, or unassigned fund balances are available for use, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds as needed, unless it has been provided for otherwise in the restriction, commitment, or assignment action.

# **TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE**

## **NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**

DECEMBER 31, 2024

### **K. Comparative Data/Reclassifications**

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation. However, the prior year data has not be restated for the adoption of GASB Statement 101. See Note 14 for further on adoption of GASB 101.

### **L. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the district, which are either unusual in nature or infrequent in occurrence.

### **M. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates, and as such, differences may be material.

### **N. Reconciliations of Government-Wide and Fund Financial Statements**

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position is presented in Statement D of the basic financial statements. Explanation of certain differences between the governmental fund statement of revenues, expenses, and changes in fund balances and the government-wide statement of activities is presented in Statement F of the basic financial statements.

## **2. Stewardship, Compliance and Accountability -**

The District prepares its budget on the modified accrual basis of accounting in accordance with generally accepted accounting principles (GAAP). The budget is legally adopted and amended, as necessary, by the board of commissioners. The annual budget was not amended for the fiscal year 2024. A summary of the budget practices of the District is as follows:

1. The District's treasurer prepares the annual budget and submits the proposed budget to the Board of Commissioners no later than fifteen days prior to the beginning of the next fiscal year. The budget for the fiscal year 2024 was presented to the Board of Commissioners on November 16, 2023.
2. A summary of the proposed budget is published in the official journal and the public is notified that the proposed budget is available for inspection. At the time the proposed budget is published, a public hearing is also scheduled. The proposed budget was published on December 7, 2023.
3. A public hearing, at least ten days subsequent to publishing the notice, is held on the proposed budget. The public hearing date was December 21, 2023.
4. After holding the public hearing and taking all action necessary to finalize and implement the budget for the ensuing year, the proposed budget is formally adopted by the Board of Commissioners. The proposed budget was adopted by the Board of Commissioners on December 21, 2023.

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

5. Amendments to the budget follow the same procedures as adopting the original budget. There were no amendments to the 2024 budget.

All expenditure appropriations lapse at year end. Unexpended appropriations and any excess of revenues over expenditures are carried forward to the subsequent year as beginning fund balance.

The general fund did not have actual revenues and other sources under budgeted revenues and other sources greater than five percent but did have actual expenditures and other uses over budgeted amounts resulting in an unfavorable variance greater than five percent that would result in a violation of the Local Government Budget Act for the year ended December 31, 2024.

### **3. Cash and Cash Equivalents -**

At December 31, 2024, the District has cash and cash equivalents (book balances) as follows:

|  |                            |
|--|----------------------------|
| Interest-bearing Demand Deposits                         | \$ 236,476                 |
| Louisiana Asset Management Pool Funds (LAMP)             | 3,764,923                  |
| Total Cash and Cash Equivalents                          | <u>4,001,399</u>           |
| Certificates of Deposit Held as Investments (See Note 4) | 250,000                    |
| Total Deposits   | <u><u>\$ 4,251,399</u></u> |

The demand deposits and certificates of deposit are stated at cost, which approximates market. The deposits in LAMP are stated at fair value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Even though the pledged securities may be considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

Custodial credit risk as it relates to cash deposits is the risk that in the event of bank failure, the government's deposits may not be returned. The District does not have a formal policy for custodial credit risk. At December 31, 2024, the District has \$488,207 (collected bank balances) other than Lamp, consisting of \$238,207 in interest-bearing demand deposits and one certificates of deposit with one financial institutions totaling \$250,000, held as investments. The demand deposits are each secured from risk by \$250,000 of federal deposit insurance. The certificates of deposits totaling \$250,000 at one financial institution is secured from risk by \$250,000 of federal deposit insurance.

### **4. Investments -**

Investments are categorized into these three categories of credit risk:

1. Insured or registered, or securities held by the District or its agent in the District's name

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

2. Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the District's name
3. Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the District's name

The District's investments are carried at fair value, except nonparticipating investment contracts which are reported at cost.

*Interest Rate Risk:* The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value arising from increasing interest rates.

The only investments held by the District at December 31, 2024 are certificates of deposit held as investments and deposits in LAMP carried as cash and cash equivalents as noted in Note 3. The District reports its investments in LAMP (See Note 3) as cash due to the highly liquid nature of these deposits.

LAMP is administered by LAMP, Inc., a non-profit organized under the laws of the State of Louisiana. Only local government entities contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA-R.S. 33:2955.

GASB Statement 40, *Deposit and Investment Risk Disclosure*, requires disclosure of credit risk, custodial credit risk, concentration of credit risk interest rate risk, and foreign currency risk for all public entity investments.

LAMP is an investment pool that, to the extent practical, invests in a manner consistent with GASB Statement No. 79. The following facts are relevant for investment pools:

1. Credit risk: LAMP is rated AAAM by Standards and Poor's.
2. Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
3. Concentration of credit risk: Pooled investments are excluded from the five percent disclosure requirement.
4. Interest rate risk: LAMP is designed to be highly liquid to give participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is 68 days (from LAMP's monthly Portfolio Holding) as of December 31, 2024.
5. Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company. If you have any questions, please feel free to contact LAMP administrative offices at 800-249-5267.

### 5. Receivables -

The District had only one major class of receivables at December 31, 2024, totaling \$307,755, consisting of telephone charges due from cellular and land line providers. A total of \$19,487 was also recorded at December 31, 2024 as due from local fire departments and \$22,779 due from other governments. All receivable amounts are current.

### 6. Capital Assets -

Capital assets and depreciation and amortization activity as of and for the year ended December 31, 2024 for governmental activities is as follows:

|  | <u>Beginning<br/>Balance</u> | <u>Increases</u>    | <u>Decreases</u>    | <u>Ending<br/>Balance</u> |
|--|------------------------------|---------------------|---------------------|---------------------------|
| <b>Governmental Activities Capital Assets:</b>           |                              |                     |                     |                           |
| Capital Assets Not Being Depreciated:                    |                              |                     |                     |                           |
| Construction in Progress                                 | \$ 77,429                    | \$ 1,398,658        | \$ (371,893)        | \$ 1,104,194              |

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

During the year ending December 31, 2023, the District adopted GASB Statement No 96, Subscription-Based Information Technology Arrangements (SBITAs). The result of implementation was the addition of SBITA greater than 12 months recorded as a right-of-use asset, a subscription asset, categorized as a capital asset, along with a subscription payable in the governmental activities. The subscription liability is measured at the present value of payments expected to be made during the subscription term. The subscription asset is measured at the initial measurement of the lease liability, plus any payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term and capitalizable initial implementation costs, less any SBITA vendor incentives. The subscription asset is amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets. The District uses the straight-line method for amortizing subscription assets.

Increase in Capital Assets relates to capital outlay in the current year of \$1,790,542 partially offset by depreciation recorded on capital assets of \$86,853. The most significant capital asset additions included \$1,104,194 for the financed purchase of radio equipment recorded in construction in progress, \$294,464 incurred to complete the addition to the HVAC system, and two SBITAs in the current year. Both prior year construction in progress projects were completed in 2024 and \$371,893 was transferred from construction in progress to capital assets being depreciated in 2024. There were no current year disposals.

#### **7. Deferred Compensation and Pension Plan -**

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code 457, the Tangi 911 Center 457(b) Plan. This plan, available to all full-time District employees, after ninety days of full employment, permits them to defer a portion of their salaries until future years. No portion of this deferred compensation is paid by the District.

The deferred compensation benefits are not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are the sole ownership of the participants. The District has no financial or fiscal responsibility to the deferred compensation plan.

In conjunction with the deferred compensation plan, the District offers its employees a match under a defined contribution plan created in accordance with Internal Revenue Code 401, the Tangi 911 Center 401(a) Plan (the "plan"). The plan, available to all full-time employees after 90 days of full-time employment electing to participate in the 457 deferred compensation plan, receive a match of their elected deferral of up to seven percent of their salary. The plan does not accept rollover contributions. Employees are fifty percent vested in the plan after one year and one hundred percent vested after two years. Regardless of vesting schedule, employees are immediately vested upon death, total and permanent disability, or normal age retirement of 65. Benefits forfeited may be used to satisfy required contributions or to pay plan expenses for the plan year in which the forfeiture occurs. The District may make amendments to the plan by approval of the Board and execution of amendment in writing subject to limitations in the plan document. The District's contributions to the plan and recorded pension expense for the year ending December 31, 2024 were \$63,122. There was no liability outstanding at year end 2024. There are no forfeitures reflected in pension expense for the year ending December 31, 2024.

**TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE**

|                   | <b>Governmental Activities</b> |                              |                             | <b>Total Long-Term Obligations</b> |
|-------------------|--------------------------------|------------------------------|-----------------------------|------------------------------------|
|                   | <b>Notes Payable</b>           | <b>Subscriptions Payable</b> | <b>Compensated Absences</b> |                                    |
| Current Portion   | \$ 171,097                     | \$ 62,088                    | \$ 75,430                   | \$ 308,615                         |
| Long-Term Portion | 766,609                        | 265,422                      | 44,691                      | 1,076,722                          |
|                   | \$ 937,706                     | \$ 327,510                   | \$ 120,121                  | \$ 1,385,337                       |

The general fund liquidates the obligations in the governmental activities.

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

Notes Payable as of December 31, 2024 is as follows:

|   | <u>Notes Payable<br/>End of Year</u> | <u>Due Within One<br/>Year</u> |
|---|--------------------------------------|--------------------------------|
| Governmental Activities:  |                                      |                                |
| During 2024, the District entered into a purchase/finance agreement to purchase radio equipment and a subscription based information technology arrangement for related software/licenses for a total contract amount of \$1,430,480 at an interest rate of 4.59%. The total contract is payable in six \$278,145 annual payments of principal and interest due on the fifteenth day of June. The purchase of the radio equipment totaled \$1,101,294 and is payable in six annual payments of \$214,138 due on the fifteenth day of June. The radio equipment is currently recorded within the governmental activities in construction in progress. It will be placed into service in 2025 and depreciated over its estimated useful life of ten years. The financed purchase agreement of the radio equipment is recorded within the governmental activities as a note payable. | \$ 937,706                           | \$ 171,097                     |
|   | <u>\$ 937,706</u>                    | <u>\$ 171,097</u>              |

Interest incurred and expensed for the notes payable during the year ending December 31, 2024 totaled \$90,004.

During the year ending December 31, 2023, the District adopted GASB Statement No 96, Subscription-Based Information Technology Arrangements (SBITAs). There result of implementation was the addition of SBITA greater than 12 months recorded as a right-of-use asset, a subscription asset, categorized as a capital asset, along with a subscription payable in the governmental activities. The subscription liability is measured at the present value of payments expected to be made during the subscription term. The subscription liability is reduced as payments are made on the subscription.

Subscriptions Payable as of December 31, 2024 are as follows:

|   | <u>Subscriptions<br/>Payable End of<br/>Year</u> | <u>Due Within One<br/>Year</u> |
|---|--|--------------------------------|
| Governmental Activities:  |  |                                |
| During 2024, the District entered into a purchase/finance agreement to purchase radio equipment and a subscription based information technology arrangement (SBITA) for related software/licenses for a total contract amount of \$1,430,480 at an interest rate of 4.59%. The total a contract is payable in six \$278,145 annual payments of principal and interest due on the fifteenth day of June. The SBITA totaled \$329,186 and is payable in six annual payments of \$64,007 due on the fifteenth day of June. The subscription asset is recorded within the governmental activities as a capital asset and is being amortized over the term of the SBITA. The SBITA is recorded within the governmental activities as a subscription payable. | \$ 279,527                                       | \$ 50,904                      |
| During 2024, the District entered into an agreement constituting a subscription based information technology arrangement (SBITA) related to 911 communications software. The agreement includes five annual payments of \$13,434 payable on the first day of March 2024-2028. The subscription asset is recorded within the governmental activities as a capital asset and is being amortized over the term of the SBITA. The SBITA is recorded within the governmental activities as a subscription payable.   | 47,983   | 11,184                         |

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

#### **10. Intergovernmental Agreements -**

On June 25, 2015, Tangipahoa Communication District Number One entered into an intergovernmental agreement with the St. Helena Parish 911 Communications District, the St. Helena Parish Police Jury, and the St. Helena Parish Sheriff for the provision of emergency 911 services. The contract provided for a period of one year beginning on July 1, 2015 and terminating at mid-night on June 30, 2016. Upon expiration of this agreement, the terms continued on a month-to-month basis until February 2018 when a new contract was executed. In February 2018, Tangipahoa Communications District Number One entered into an intergovernmental agreement with the St. Helena Parish 911 Communications District, the St. Helena Parish Police Jury, and the St. Helena Parish Sheriff for the provision of emergency 911 services. The contract provided for the following:

1. This agreement shall be for a period of one year beginning on March 1, 2018 and terminating at mid-night on February 28, 2019.
2. The Tangipahoa Communications District Number One will act as a public safety answering point for St. Helena Parish Communications District and will take appropriate action as defined in this document.
3. The Tangipahoa Communication District Number One shall transfer all law enforcement emergency calls to the St. Helena Parish Sheriff's Office for handling by the St. Helena Parish Sheriff's Department and such other appropriate law enforcement agencies as the St. Helena Parish Sheriff's Department deems appropriate.
4. The Tangipahoa Communication District Number One shall dispatch all fire and/or rescue calls to the proper fire district serving the geographical area of the alarm following the mutually agreed upon dispatch procedures. St. Helena Parish Communication District is responsible for providing addressing and geographical information as well as fire district response areas. The Tangipahoa Communication District Number One bears no liability for incorrect addressing, geographical information, or fire district response areas.
5. The Tangipahoa Communication District Number One shall transfer all emergency medical calls to Acadian Ambulance Service, Inc.
6. The Tangipahoa Communication District Number One shall transfer all emergency calls relating to hazardous material, state road closure and/or accidents on state highways not involving either injury, fire or the need for immediate response to the Louisiana State Police Troop "L". In the event of a hazardous material spill or other emergency, the St. Helena Parish Sheriff's Department will be notified and the appropriate fire district will be dispatched.
7. The only agencies that the Tangipahoa Communication District Number One will be one button transferring emergency 911 calls for the St. Helena Parish 911 Communications District are the St. Helena Parish Sheriff's Department, Acadian Ambulance Service, Inc. and Louisiana State Police Troop "L". The only agencies that the Tangipahoa Communication District Number One will be dispatching emergency 911 calls for are the St. Helena Parish 911 Communications District and the St. Helena Parish Fire Districts.
8. The St. Helena Parish 911 Communications District shall be responsible for assuring that the St. Helena Parish Sheriff's Department, St. Helena Fire Districts, Acadian Ambulance Service, Inc. and Louisiana State Police Troop "L" answer the transferred calls and shall be responsible for assuring that these agencies properly handle the response to these calls.
9. The St. Helena Parish Sheriff shall at no cost or expense accept all responsibility for answering emergency 911 calls transferred to it by the Tangipahoa Communication District Number One on an

## TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

around the clock basis. Furthermore, in addition to being available to answer these calls twenty-four (24) hours a day, seven (7) days a week, the St. Helena Parish Sheriff agrees to be responsible for responding to these calls.

10. The St. Helena Parish 911 Communications District agrees to pay for two (2) additional trunk lines to handle the Century Telephone Company telephone lines. All cost for these telephone trunk lines will be reimbursed by the St. Helena Parish 911 Communications District.
11. The St. Helena Parish 911 Communications District and the St. Helena Parish Police Jury shall be responsible for naming, signing and addressing all of the roads in St. Helena Parish, Louisiana.
12. The St. Helena Parish 911 Communications District shall be responsible for maintaining data on road names and addresses and for providing this information and regular updates thereof to the Tangipahoa Communications District Number One.
13. Each party agrees to provide to the other any and all necessary information requested by the other within a reasonable period of time, not to exceed seven (7) days.
14. The St. Helena Parish 911 Communications District agrees to hold harmless, indemnify and protect the Tangipahoa Communications District Number One from any and all liability and responsibility arising out of it providing the services outlined herein excepting for its own failure to act or respond specifically including but not limited to liability caused by the St. Helena Parish 911 Communications District, St. Helena Fire District, and/or the St. Helena Parish Sheriff's Department.
15. In consideration of the aforementioned terms outlined in this agreement and contract the St. Helena Parish Communications District agrees to pay all costs identified in Appendix 1 of the contract (\$89,060 total). All expenses and costs provided for in Appendix 1 of the agreement may be subject to renegotiation should this contract be renewed.

Upon expiration of this agreement, the terms are automatically renewed one year at a time until execution of a new agreement or termination of current agreement.

The District earned and recorded \$89,060 in the current year under this intergovernmental agreement. Receivable amount at year end December 31, 2024 related to this agreement was \$7,422.

On July 1, 2015 the District entered into intergovernmental agreements with 10 local fire departments for answering all emergency 911 lines and radio dispatch on behalf of the fire departments for a term of 1 year. The fire departments are also component units of the Tangipahoa Parish Government. The fire departments agreed to pay their share of the equipment lease, CAD maintenance, radio maintenance, charges and employee cost, based on their percentage of the prior year call volume of all fire departments being dispatched by the District and a portion of CAD maintenance and radio maintenance funded by the Tangipahoa Sheriff as outlined in an attachment to the agreement. Upon expiration of the agreements, new contracts were not immediately signed and instead the terms of the agreements continued on a month to month basis. The contracts continued on a month to month basis through June 30, 2019 at which time new agreements were executed with 12 local fire departments for answering all emergency 911 lines and radio dispatch on behalf of the fire departments. The contract provided for a one-year term with automatic renewal unless cancelled by either party to the contract with ninety days written notice. The fire departments are also component units of the Tangipahoa Parish Government. The fire departments agreed to pay their share of the equipment lease, CAD maintenance, radio maintenance charges and employee cost, based on their percentage of the prior year call volume of all fire departments being dispatched by the District as outlined in an attachment to the agreements.

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

The District earned and recorded \$65,002 in revenue in the government-wide financial statements in the current year under these agreements. This revenue is reduced in the general fund for the change from prior year in deferred inflow of resources related to amounts not received within the period of availability. Receivable amount at year end December 31, 2024 related to these agreements was \$19,487. Of this receivable amount, \$9,636 was not collected in the period of availability and was recorded as a deferred inflow of resources in the general fund and as such. The District earned and recorded a total of \$56,963 in revenue in the general fund in the current year under this agreement

### **11. Fund Balance -**

At December 31, 2024, the District had nonspendable fund balance of \$72,609 created from prepaid expenses. In a prior fiscal year and remaining for the fiscal year ending December 31, 2024, the Board of Commissioners of the Tangipahoa Communications District Number One had committed a total of \$900,000 for future infrastructure and technology. During the year ending December 31, 2016 and remaining for the fiscal year ending December 31, 2024, the Board of Commissioners committed an additional \$1,000,000 for future infrastructure and technology. During the year ending December 31, 2020 and remaining for the fiscal year ending December 31, 2024, the Board of Commissioners committed an additional \$600,000 for future building expansion. These commitments represent an internally imposed restriction made by the highest decision-making body of the District, the board. As such, at December 31, 2024, the District had committed fund balance of \$2,500,000. As it relates to communication equipment, the policy of the board is to commit the funds for future purchases of communication equipment and not to reduce the commitment as unrestricted funds are expended for communications equipment. The remaining fund balance of \$2,004,409 was unassigned at December 31, 2024.

### **12. Risk Management -**

The District is exposed to various risks of loss related to theft, damage, or destruction of assets, torts, injuries, natural disasters, and many other unforeseeable events. The District purchases commercial insurance policies and bonds for any and all claims related to the aforementioned risks. The District's payment of the insurance policy deductible is the only liability associated with these policies and bonds. There has been no significant decrease in insurance coverage from the prior year, and the amount of settlements has not exceeded the insurance coverage for the past three fiscal years.

### **13. Contingent Liabilities -**

At December 31, 2024, the District was not involved in any outstanding litigation or claims.

### **14. New Accounting Principles Adopted –**

During the year ending December 31, 2024, the District adopted GASB Statement No. 100, *Accounting Changes and Error Corrections*. This Statement establishes accounting and financial reporting requirements for (a) accounting changes and (b) the correction of an error in previously issued financial statements (error correction). The implementation of this standard did not have a material impact on the District's financial statements as of December 31, 2024.

During the year ending December 31, 2024, the District also adopted GASB Statement No 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2024

attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Governmental activities compensated absences payable for the year ending December 31, 2024 was increased \$66,312 for the cumulative effect on prior periods of adoption of GASB 101. This cumulative effect is also reported as an adjustment to beginning net position of the governmental activities in the December 31, 2024 financial statements as follows:

| Governmental Activities                                       |    | 2024      |
|---|----|-----------|
| Beginning Net Position, Before Prior Period Adjustment        | \$ | 5,306,668 |
| Cumulative Effect of Applying GASB 101 - Compensated Absences |    | (66,312)  |
| Beginning Net Position, After Prior Period Adjustment         | \$ | 5,240,356 |

### 15. Adjustment to Prior Period Financial Statements -

During the year ending December 31, 2024, the District restated its financial statements for the year ending December 31, 2023 to correct compensated absences in the general fund. The adjustment removed the compensated absences liability in the general fund and recorded a prior period adjustment for the portion of the liability pertaining to years prior to 2023. The adjustment to restate the 2023 financial statements are reflected in the current year as a prior period adjustment to beginning fund balance.

| General Fund   |    | 2024      | 2023         |
|--|----|-----------|--------------|
| Beginning Fund Balance, Before Prior Period Adjustment | \$ | 4,912,037 | \$ 4,807,736 |

## INDEPENDENT AUDITOR'S REPORT

Members of the Board of Commissioners  
Tangipahoa Communications District Number One  
Amite, Louisiana 70422

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Tangipahoa Communications District Number One, a component unit of the Tangipahoa Parish Government, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Tangipahoa Communications District Number One's basic financial statements, and have issued our report thereon dated June 25, 2025.

### ***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Tangipahoa Communications District Number One's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tangipahoa Communications District Number One's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tangipahoa Communications District Number One's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as Finding 2024-001 that we consider to be significant deficiencies.

### ***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Tangipahoa Communications District Number One's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying schedule of findings and responses as Finding 2024-002.

### **Tangipahoa Communications District Number One's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on Tangipahoa Communications District Number One's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. Tangipahoa Communications District Number One's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

*Hannis T. Bourgeois, LLP*

## SCHEDULE OF FINDINGS AND RESPONSES

DECEMBER 31, 2024

### Section II: Financial Statement Findings

#### **Finding Number: 2024-001 Lack of Proper Segregation of Duties (Significant Deficiency)**

Criteria: Proper segregation of incompatible duties requires that there be different individuals responsible for authorizing transactions, recording transactions and maintaining custody of related assets.

Condition: Duties throughout the financial reporting process, which are considered incompatible, are being performed by the District's CPA/CLERK or Director. Specifically included, but not limited to:

- Individual that prepares and makes deposits also records transactions and adjustments into the GL and reconciles bank accounts.
- Individual who prepares disbursement checks and disburses funds electronically (electronic payments and payroll direct deposit) also records transactions and adjustments into the general ledger, mails payments and reconciles bank accounts.
- Vendors are added and removed by the individual responsible for processing payments.

Compensating controls include, but are not limited to: monthly financial statements and other financial information review by Board and Director; review and approval of check register and electronic payments by Director and Board as part of monthly financial review; review and approval (initial) of bank reconciliations by Board Member; dual signatures on checks and review of invoices by Director and Board; leave approval and review by Director; time entry system and review and approval of all time by Director; Board involvement in the budget process.

Cause: Due to the size and nature of the District, there are few administrative employees and as such, some incompatible duties are not adequately segregated.

Effect: Inadequate segregation of duties exposes the District to several risks, including, but not limited to misappropriation of assets and inaccurate or fraudulent financial reporting.

Recommendation: Management should remain vigilant in identifying compensating controls and ensuring that those implemented are operating effectively.

Management's Response: The District continues to be vigilant in ensuring compensating controls are operating. Additional compensating controls will be further reviewed and implemented where possible and the District will implement auditor recommendations as possible.

Contact Person:  
Kevin Spansel, Director  
(985) 747-0911

#### **Finding Number: 2024-002 Local Budget Act (Noncompliance)**

Criteria: LRS 39:1310 requires amending the budget when the governing authority has received notification pursuant to R.S. 39:1311 (when total revenue and other sources plus projected revenue and other sources for the remainder of the year, within a fund, are failing to meet total budgeted revenues and other sources by five percent or more; when total actual expenditures and other uses plus projected expenditures and other uses for the remainder of the year, within a fund, are exceeding the total budgeted expenditures and other uses by five percent or more; or when actual beginning fund balance, within a fund, fails to meet estimated beginning fund

balance by five percent or more and fund balance is being used to fund current year expenditures), or there has been a change in operations upon which the original budget was developed.

Condition: The District's actual expenditures and other uses were more than the total budgeted expenditures and other uses by five percent or more.

Cause: After year end, the District obtained additional information on two transactions entered into during the year which aided them determining that one is a financed purchase and they both meet the definition of a SBITA. The District then applied the appropriate guidance including the guidance in GASB 96, Subscription-Based Information Technology Arrangements (SBITAs). This application required that expenditures and other financing sources be recorded related to these SBITAs. The net effect to change in fund balance was zero as the application of appropriate accounting treatment required an increase in expenditures that nets to zero with the increase in other financing sources. However, the increase in expenditures created an unfavorable variance in expenditures and other uses.

Effect: Apparent noncompliance with the above referenced statutes.

Recommendation: The District should continue to monitor its budget and amend in accordance with statutes.

Management's Response: : We will continue to monitor budget compliance and amend the budget as required.

# TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

## SCHEDULE OF PRIOR YEAR FINDINGS AND RESPONSES

DECEMBER 31, 2024

### Financial Statement Findings

#### **Finding Number: 2023-001 Lack of Proper Segregation of Duties (Significant Deficiency)**

Criteria: Proper segregation of incompatible duties requires that there be different individuals responsible for authorizing transactions, recording transactions and maintaining custody of related assets.

Condition: Duties throughout the financial reporting process, which are considered incompatible, are being performed by the District's CPA/CLERK or Director. Specifically included, but not limited to:

- Individual that prepares and makes deposits also records transactions and adjustments into the GL and reconciles bank accounts.
- Individual who prepares disbursement checks and disburses funds electronically (electronic payments and payroll direct deposit) also records transactions and adjustments into the general ledger, mails payments and reconciles bank accounts.
- Vendors are added and removed by the individual responsible for processing payments.

Compensating controls include, but are not limited to: monthly financial statements and other financial information review by Board and Director; review and approval of check register and electronic payments by Director and Board as part of monthly financial review; review and approval (initial) of bank reconciliations by Board Member; dual signatures on checks and review of invoices by Director and Board; leave approval and review by Director; time entry system and review and approval of all time by Director; Board involvement in the budget process.

Cause: Due to the size and nature of the District, there are few administrative employees and as such, some incompatible duties are not adequately segregated.

Effect: Inadequate segregation of duties exposes the District to several risks, including, but not limited to misappropriation of assets and inaccurate or fraudulent financial reporting.

Recommendation: Management should remain vigilant in identifying compensating controls and ensuring that those implemented are operating effectively.

Management's Response: The District continues to be vigilant in ensuring compensating controls are operating. Additional compensating controls will be further reviewed and implemented where possible and the District will implement auditor recommendations as possible.

**Current Year Status:** Lack of segregation of duties is a continuing issue with smaller entities. The District continues to look for opportunities to implement compensating controls. This finding has been reassessed and again reported as a significant deficiency in the current year as 2024-001.

PROUDLY SERVING LOUISIANA SINCE 1924

Independent Accountant's Report  
on Applying Agreed-Upon Procedures  
For the Year Ended December 31, 2024

Members of the Board of Commissioners of  
Tangipahoa Communications District Number One  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2024 through December 31, 2024. Tangipahoa Communications District Number One's (the District) management is responsible for those C/C areas identified in the SAUPs.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2024 through December 31, 2024. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

***1) Collections (excluding electronic funds transfers)***

---

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).  
– **No exceptions noted.**
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that

- i. Employees responsible for cash collections do not share cash drawers/registers;  
– **No exceptions noted.**
  - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;  
– **No exceptions noted.**
  - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and  
– **No exceptions noted.**
  - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.  
– **No exceptions noted.**
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.  
– **No exceptions noted.**
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
- i. Observe that receipts are sequentially pre-numbered.  
– **Due to the nature of the collections, no receipt is issued. Alternate procedures performed by the District. 911 fee checks are mailed to the District along with a remittance report. Collections, per customer reports, are prepared by the clerk for 911 fee collections and reconciled to collections and to the general ledger. Intergovernmental revenue collection checks are mailed to the District and maintained with the check stub and invoice. Detailed billing reports are prepared for intergovernmental revenue by the Clerk and reconciled to collections and to the general ledger. A detailed deposits slip is also prepared by the clerk which includes the payor name and payment amount. Deposit slips are reconciled to collections data and the general ledger.**

***Management's Response: Due to the nature of the collections, no receipt is necessary. The current procedures are deemed adequate.***

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.  
– **No exceptions noted.**
- iii. Trace the deposit slip total to the actual deposit per the bank statement.  
– **No exceptions noted.**
- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).  
  
– **Actual collection date is unknown prior to July 2024, which was one of 2 selections. 1 exception, actual collection date is unknown. 911 fees - Prior to July 2024, reporting period of the collection per the remittance is logged on the collection records as well as the deposit date. It is noted that the payments are due to the District by the 20th of the month. Noted deposits prior to that date for the 911 fees. Intergovernmental Revenue - The billing period and the deposit date are logged on the collection records. Beginning July 2024, collections started being stamped as received.**  
  
*Management's Response: The District has updated the collection procedures and as of July 2024 is stamping reports with the date received.*
- v. Trace the actual deposit per the bank statement to the general ledger.  
– **No exceptions noted.**

**5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)**

---

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).  
– **No exceptions noted.**
- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that  
– **See each item to follow.**
  - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;  
– **Recurring purchases and non-recurring purchases below the Director's approval limit do not require involvement of at least two employees.**

*Management's Response: Limited segregation of duties exist due to the size of the District and limited accounting personnel. Compensating controls include, but are not limited to dual signature on checks and review of invoices by the Director and*

***Board, subsequent approval of electronic payments by the Director and Board, and financial information review by the Director and the Board***

- ii. At least two employees are involved in processing and approving payments to vendors;  
– **No exceptions noted.**
- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;  
– **The individual responsible for processing payments is not prohibited from adding vendors. However, supporting invoices are signed by multiple individuals, including the Director and Board members and checks are dual signed.**

***Management's Response: Limited segregation of duties exist due to the size of the District and limited accounting personnel. Compensating controls include, but are not limited to dual signature on checks and review of invoices by the Director and Board, subsequent approval of electronic payments by the Director and Board, and financial information review by the Director and the Board.***

- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and  
– **The individual responsible for processing payments mails checks.**

***Management's Response: Limited segregation of duties exist due to the size of the District and limited accounting personnel. Compensating controls include, but are not limited to dual signature on checks and review of invoices by the Director and Board, subsequent approval of electronic payments by the Director and Board, and financial information review by the Director and the Board.***

- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.  
– **No exceptions noted.**

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and

– **No exceptions noted.**

- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and  
– **No exceptions noted.**
- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

– **Documentation included evidence of those duties that are segregated, but noted some duties that were not adequately segregated in #5B above.**

***Management's Response: Limited segregation of duties exist due to the size of the District and limited accounting personnel. Compensating controls include, but are not limited to dual signature on checks and review of invoices by the Director and Board, subsequent approval of electronic payments by the Director and Board, and financial information review by the Director and the Board.***

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. *Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.*
- **No exceptions noted.**

## **10) Ethics**

---

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
- i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
- **No exceptions noted.**
- ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- **No exceptions noted.**
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.
- **No exceptions noted.**

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Respectfully submitted,

*Hannis T. Bourgeois, LLP*
