Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southeastern Louisiana University Alumni Association, Inc. as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Note 1. Summary Of Significant Accounting Policies

General

The Southeastern Louisiana University Alumni Association, Inc. (the Association) is a Nonprofit Organization exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code. The mission of the Association is to preserve and strengthen the bonds of friendship existing among Southeastern Louisiana University's former students; to foster, preserve and perpetuate the University's ideals and traditions so as to enhance its prestige as an institution of learning; and establish strong ties between the University and its former students in order to promote its educational and physical growth.

The Southeastern Louisiana University Alumni Association, Inc. was incorporated December 5, 1948, under provisions of Louisiana Revised Statues 12:101-155 as a non- profit corporation.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting. Accordingly, revenues are recognized when earned and expenses are recognized when incurred.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) 958-210-50-3, *Financial Statements of Not-for-Profit Organizations*. Under FASB ASC 958-210-50-3, the Association is required to report information regarding its financial position and activities according to two classes of net assets:

Net Assets Without Donor Restrictions – Those net assets whose use is not restricted by donors

Net Assets With Donor Restrictions – Those net assets whose use by the Association has been limited by donors (1) to later periods of time or after specified dates, or (b) to specific purposes.

Note 1. Summary Of Significant Accounting Policies (continued)

Revenue Recognition

Revenues are reported as increases in net assets without donor restrictions and net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions. All donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Expenses are reported as decreases in net assets without donor restrictions.

Contributions made, including unconditional promises to give, are recognized as expenses in the period made at their fair values.

Accounts Receivables

Accounts receivable are recorded as cost, net of an allowance for doubtful accounts. A general allowance for doubtful accounts is based on management's estimate of the collectability of accounts receivable according to prior experience. Management considers accounts receivable delinquent based on contractual terms. Receivables are presented net of an allowance for doubtful accounts of \$7,000 at June 30, 2020.

The non-current portion of the receivable balance of \$7,567 has scheduled payments over the following fiscal years based on agreed upon terms with contributors as follows:

2022	\$ 5,388
2023	1,879
2024	300

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received as assets, decreases of liabilities, or expense depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Note 1. Summary Of Significant Accounting Policies (continued)

Contributed Services

Contributed professional services are recorded at the fair value of the services provided by professional if the services create or enhance non-financial assets and/or require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. The approximate fair value of contributed services for the year ended June 30, 2020 of \$7,066 is recorded as contributions and as an expense in the accompanying statement of activities.

The Association also received donated service from unpaid volunteers who perform a variety of tasks that support the Association's activities. No amounts have been recognized for these services in the statement of activities since the criteria for recognition under FASB 958-605, *Revenue Recognition*, have not been satisfied.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposit, and all highly liquid debt instruments with original maturities of three months or less.

Property and Equipment

Property and equipment are recorded at cost except for donated property. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicated restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained the Association reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Association reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-lined method.

Notes To Financial Statements Year Ended June 30, 2020

Note 1. Summary Of Significant Accounting Policies (continued)

Deferred Revenues

Deferred revenue represents dues collected but not earned as of June 30, 2020.

Cost Allocation

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include compensation and benefits, which are allocated on the basis of estimates of time and effort and occupancy, which are allocated on a square footage basis.

Income Taxes

The Association is exempt from income taxes under IRC Section 501(c)(3) as a nonprofit entity and, accordingly, the financial statements do not reflect a provision for income taxes.

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Association may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on technical merits of the position. There were no unrecognized tax benefits identified or recorded as liabilities for the year ended June 30, 2020.

Also, the Association's federal income tax returns are subject to possible examination by the taxing authorities until the expiration of the related statues of limitations on those returns. In general, both the federal and state income tax returns have a three year statue of limitations.

Concentration of Credit Risk

The Association maintains its cash in bank deposit accounts at high credit quality financial institutions. The balances, at times, may exceed federally insured limits. At June 30, 2020, all of the Association's bank deposits were insured by the Federal Deposit Insurance Corporation.
