## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Commissioners,  
Lafourche Parish Juvenile Justice Commission,  
Thibodaux, Louisiana.

### **Opinion**

We have audited the accompanying financial statements of the governmental activities and General Fund of Lafourche Parish Juvenile Justice Commission (the "Commission"), a component unit of the Lafourche Parish Council, State of Louisiana, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Commission as of June 30, 2025 and the respective changes in net position and budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4 through 9 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Commission's basic financial statements. The accompanying supplementary information on page 30 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2025 on our consideration of the Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

Certified Public Accountants.

# **MANAGEMENT’S DISCUSSION AND ANALYSIS**

## **Lafourche Parish Juvenile Justice Commission**

Thibodaux, Louisiana

June 30, 2025

The Management’s Discussion and Analysis of the Lafourche Parish Juvenile Justice Commission’s (the “Commission”) financial performance presents a narrative overview and analysis of the Commission’s financial activities for the year ended June 30, 2025. This document focuses on the current year’s activities, resulting changes, and currently known facts. Please read this document in conjunction with the financial statements which follow this section.

### **FINANCIAL HIGHLIGHTS**

The Commission’s assets exceeded its liabilities as of June 30, 2025 by \$2,708,135 (net position), which represents a 28.12% increase from June 30, 2024.

The Commission’s revenue increased \$193,282 (or 4.85%) primarily due to an increase in program revenues due to increase in per diem rates and census.

The Commission’s expenses decreased \$23,334 (or 0.65%) primarily due to decreases in expenses related to personal services.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Commission’s financial statements. The Commission’s financial statements consist of three parts: (1) management’s discussion and analysis (this section) (2) basic financial statements and (3) various governmental compliance reports and schedules by certified public accountants and management.

The financial statements include two kinds of statements that present different views of the Commission:

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Commission’s finances, in a manner similar to a private sector business. The Statement of Net Position presents information on all of the Commission’s assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time,

## **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

increases or decreases in net position may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating. The Statement of Activities presents information showing how the Commission's net position changed during each fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The governmental activity of the Commission is public safety which is comprised of various programs that include Group Home Units which serve as a long-term treatment program for abused and neglected youths and a Detention Unit which provides secure custody ordered by the courts for troubled youth.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Commission maintains one type of fund, governmental.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Commission maintains one governmental fund. Information is presented in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund. The Commission adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The governmental fund financial statements can be found on pages 10 through 16 of this report.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found in Exhibit H of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of the Commission's financial position. As of June 30, 2025, assets exceeded liabilities and deferred inflows of resources by \$2,708,135. A large portion of the Commission's net position (30.38%) reflects its investment in capital assets (buildings, furniture, fixtures, and equipment). Consequently, these assets are not available for future spending.

**Condensed Statements of Net Position**

Total net position	<u>\$ 2,708,135</u>	<u>\$ 2,113,746</u>	<u>\$ 594,389</u>

Current and other assets increased due to an increase of cash, amounts due from other governmental units, and recognition of prepaid expenses for insurance.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)****Governmental Activities**

Governmental activities increased the Commission's net position by \$594,389. Key elements of this increase are as follows:

**Condensed Changes in Net Position**

	June 30,		Dollar	Total
	2025	2024	Change	Percent
<b>Revenues:</b>				
Ad valorem taxes	\$ 2,754,151	\$ 2,924,963	\$ (170,812)	-5.84%

Public safety	<u>3,247,185</u>	<u>3,300,028</u>	<u>(52,843)</u>	-1.60%
Total expenses	<u>3,584,279</u>	<u>3,607,613</u>	<u>(23,334)</u>	-0.65%
Change in net position	594,389	377,773	216,616	57.34%
Net position beginning of year	<u>2,113,746</u>	<u>1,735,973</u>	<u>377,773</u>	21.76%
Net position end of year	<u>\$ 2,708,135</u>	<u>\$ 2,113,746</u>	<u>\$ 594,389</u>	28.12%

The increase in total revenue was primarily due to an increase in charges for services for group homes. Per diem amounts increased from \$330 per day to \$363 per day beginning in September 2024. The decrease in total expenses is primarily due to decreases in personal services due to employee terminations and resignations during the year.

**FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS**

As noted earlier, the Commission uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the Commission's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Commission's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of June 30, 2025, the Commission's governmental fund reported ending fund balance of \$1,932,080, an increase of \$695,803 in comparison to the prior year. The increase was due to increases in group home revenue along with decreases in personal services.

**FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (Continued)****General Fund Budgetary Highlights**

The budget was amended once during the year. The primary reason for amending the budget was to reflect estimated revenues and expenses more accurately. The major differences between the original General Fund budget and the final amended budget were as follows:

**Revenues**

- Increased tax revenues to reflect actual receipts.
- Increased miscellaneous revenues to reflect actual receipts.

**Expenditures**

- Decreased operating services to reflect actual expense.
- Decreased travel and other charges to better reflect actual expense.

During the year, actual revenues exceeded budgetary estimates, and actual expenditures were less than budgetary estimates.

**CAPITAL ASSETS****Capital Assets**

The Commission's investment in capital assets for its governmental activities, net of accumulated depreciation, as of June 30, 2025 and 2024 is as follows:

	<u>2025</u>	<u>2024</u>
Prepaid equipment	\$ -	\$ 4,025
Buildings	687,432	837,849
Furniture, fixtures, and equipment	<u>135,054</u>	<u>119,901</u>
Totals	<u><u>\$ 822,486</u></u>	<u><u>\$ 961,775</u></u>

Capital asset events during the current fiscal year included the following:

- Completion of server project

Additional information on the Commission's capital assets can be found in Note 5, Exhibit H of this report.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

The Board of Commissioners considered the following factors and indicators when setting next year's budget, rates, and fees. These factors and indicators include:

- Consideration of funding to be received from contracts and grants.
- The property tax revenue budgeted, materially consistent in accordance with the Commission's accounting policy, represents the estimated amount for the November 2025 assessment, which the Commission will receive, for the most part, in January 2026.
- Salaries and benefits are based on the number of employees needed to perform necessary services and the related benefits.
- Estimate of operating supplies needed to perform necessary services.
- Services the Commission will provide along with estimated service cost.
- Detailed plan of equipment needed to be purchased.

The Commission receives most of its funding from local taxes and departments of the State of Louisiana. Some of the Commission's grants and contracts are contingent upon the level of service provided by the Commission; therefore, revenues from grants may vary from year to year.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the Commission's finances for all those with an interest in the Commission's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Board of Commissioners of the Lafourche Parish Juvenile Justice Commission, P.O. #### **Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Lafourche Parish Juvenile Justice Commission (the “Commission”) was created in 1978 under the provisions of Article VI, Sections 5 and 15 of the Constitution of the State of Louisiana of 1974, and Article III of the Home Rule Charter of the Parish of Lafourche to acquire and administer a juvenile justice facility or facilities.

The powers of the Commission, control and management of the affairs of the Commission, are vested in a board of commissioners composed of six qualified electors residing in Lafourche Parish. The commissioners are appointed from the North, South and Central regions of the Parish by the Lafourche Parish Council from names submitted by the Seventeenth Judicial District Judges, the Lafourche Parish School Board and by members of the Lafourche Parish Council.

The accounting policies of the Commission conform to accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

#### **a) Reporting Entity**

The Commission is a component unit of the Lafourche Parish Council.

GASB No. 14, “*The Financial Reporting Entity*”, GASB No. 39, “*Determining Whether Certain Organizations Are Component Units-an amendment of GASB Statement No. 14*”, and GASB No. 61, “*The Financial Reporting Entity: Omnibus and amendment of GASB Statements No. 14 and No. 34*” established the criterion for determining which component units should be considered part of the Commission for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**a) Reporting Entity (Continued)**

2. Whether the governing authority appoints a majority of the board members of the potential component unit.
3. Fiscal interdependency between the Commission and the potential component unit.
4. Imposition of will by the Commission on the potential component unit.
5. Financial benefit/burden relationship between the Commission and the potential component unit.

The Commission has reviewed all of its activities and determined there are no potential component units which should be included in its financial statements.

**b) Basis of Presentation**

The Commission's financial statements consist of the government-wide statements on all activities of the Commission and the governmental fund financial statements.

**Government-Wide Financial Statements:**

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for all activities of the Commission. The government-wide presentation focuses primarily on the sustainability of the Commission as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

**Fund Financial Statements:**

The daily accounts and operations of the Commission are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflow of resources, equity, revenues, and expenditures. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The following is the governmental fund of the Commission:

**General Fund** - The General Fund is the general operating fund of the Commission. It is used to account for all financial resources except those that are required to be accounted for in another fund.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**c) Measurement Focus and Basis of Accounting**

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

**Government-Wide Financial Statements:**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized in the year for which they are levied.

**Fund Financial Statements:**

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government’s availability criteria (susceptible to accrual). Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For this purpose, the Commission considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Ad valorem taxes and the related state revenue sharing (intergovernmental revenue) are recognized as revenue in the period for which levied, thus the 2024 property taxes which are being levied to finance expenditures for the 2025 calendar year will be recognized as revenue in the fiscal years ending June 30, 2025 and 2026. Accordingly, one half of the 2024 tax levy is recorded as deferred inflows of resources as of June 30, 2025. Intergovernmental revenues consist of per diem funding received on a per client/unit basis. These funds, along with charges for services, are recorded when earned since they are measurable and available. Miscellaneous revenues are recorded as revenues when received in cash by the Commission or an intermediary collecting agency because they are generally not measurable or available until actually received.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**c) Measurement Focus and Basis of Accounting (Continued)**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is vacation and sick leave which are recognized when paid. Allocations of cost such as depreciation are not recognized in the governmental funds.

**d) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**e) Operating Budgetary Data**

As required by the Louisiana Revised Statute 39:1303, the Board of Commissioners adopted a budget for the Commission's General Fund. The budgetary practices include public notice of the proposed budget, public inspection of the proposed budget and public hearings on the budget prior to adoption. Any amendment involving the transfer of monies from one function to another or increases in expenditures at the functional level must be approved by the Commission. The Commission amended its budget once during the year ended June 30, 2025. All budgeted amounts which are not expended, or obligated through contracts, lapse at year-end.

The General Fund budget is adopted on a basis materially consistent with accounting principles generally accepted in the United States of America.

The General Fund budget is included in the financial statements.

**f) Accounts Receivable**

The financial statements of the Commission contain no allowance for uncollectible accounts. Uncollectible amounts due for ad valorem taxes and other receivables are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operations of the funds.

**g) Capital Assets**

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**g) Capital Assets (Continued)**

**Government-Wide Financial Statements:**

In the government-wide financial statements, fixed assets are accounted for as capital assets. Capital assets purchased or acquired with an original cost of \$500 or more and a useful life greater than one year are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	15 - 40 years
Furniture, fixtures, and equipment	5 - 15 years

**Fund Financial Statements:**

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

**h) Long-Term Obligations**

The accounting treatment of long-term obligations depends on whether they are reported in the government-wide or fund financial statements.

**Government-Wide Financial Statements:**

All long-term obligations to be repaid from governmental resources are reported as liabilities in the government-wide statements. The long-term obligations consist of accrued compensated absences-vacation and compensatory time.

**Fund Financial Statements:**

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**i) Vacation and Sick Leave**

The Commission's policies regarding vacation permit employees to accumulate earned but unused vacation. The liability for these compensated absences is recorded as a long-term obligation in the government-wide statements. In the fund financial statements, governmental funds report only the compensated absence liability.

Eligible personnel will earn credits for annual vacation and sick leave for each month of employment. The number of credits earned is based upon length of service. At the end of each calendar year accumulated vacation and sick leave is carried forward to the new year. At no time can an employee's accumulated vacation balance exceed 15 days more than the rate of accrual. All accumulated vacation vests to the employees; however, all accumulated sick leave lapses at separation of employment.

Compensatory time will be given to those employees not subject to overtime pay. Rate of accrual will be hour for hour with the limitation of ten workdays per calendar year. Compensatory time accrued should be taken within the calendar year in which it is accrued. The Commission will pay up to five days of the unused compensatory time at the close of the year.

**j) Deferred Inflows of Resources**

The Commission reports deferred inflows of resources when resources associated with imposed non exchange revenue transactions are received or reported as a receivable before (a) the period for which property taxes are levied or (b) the period when resources are required to be used or when use is first permitted for all other imposed non exchange revenues in which the enabling legislation includes time requirements.

**k) Fund Equity**

Government-Wide Financial Statements:

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if any. As of June 30, 2025, the Commission had no outstanding borrowings that are attributable to capital assets.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**k) Fund Equity (Continued)**

Government-Wide Financial Statements: (Continued)

- b. Restricted net position - Consists of assets less liabilities and deferred inflow of resources (net position) with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that do not meet the definition of “restricted” or “net investment in capital assets”.

When both restricted and unrestricted resources are available for use, it is the Commission’s policy to use restricted resources first, then unrestricted resources as they are needed. As of June 30, 2025, the Commission did not have restricted resources.

Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

- a. Non-spendable - amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to maintain intact.
- b. Restricted - amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed - amounts that can be used only for specific purposes determined by a formal action of the Commission’s Board. Commitments may be established, modified, or rescinded only through resolutions approved by the Board of Commissioners.
- d. Assigned - amounts that do not meet the criteria to be classified as either restricted or committed but that are intended to be used for specific purposes. Assignments may be established, modified, or rescinded only through a majority vote of the Board of Commissioners.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**k) Fund Equity (Continued)**

Fund Financial Statements: (Continued)

- e. Unassigned - all other spendable amounts. This classification is the residual fund balance for the General Fund. It represents fund balance that has not been restricted, committed, or assigned to specific purposes within the General Fund.

For the classification of governmental fund balances, the Commission considers expenditures to be made from the most restrictive first when more than one classification is available. The Commission's fund balance was classified as assigned and unassigned as of June 30, 2025. Assigned fund balance as of June 30, 2025 is for 2025-2026 budgetary expenditures in excess of budgetary revenues.

**l) New GASB Statements**

During the year ended June 30, 2025, the Commission implemented the following GASB Statements:

Statement No. 101, "*Compensated Absences*" provides guidance to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement did not affect the Commission's financial statements.

Statement No. 102, "*Certain Risk Disclosures*" defines concentrations and constraints. The Statement also requires governments to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact and whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. Additional disclosures are to be included if reporting criteria is met which will provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement did not affect the Commission's financial statements.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**I) New GASB Statements (Continued)**

The GASB has issued the following Statements which will become effective in future years as shown below:

Statement No. 103, “*Financial Reporting Model Improvements*” provides guidance to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. The Statement establishes new or modifies existing requirements related to Management’s Discussion and Analysis (MD&A), unusual or infrequent items, presentation of proprietary fund statement of revenues, expenses, and changes in fund net position, information about major component units in basic financial statements, and budgetary comparison information. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 104, “*Disclosure of Certain Capital Assets*” provides users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in Statement No. 87, and intangible right-to-use assets recognized in accordance with Statement No. 94, should be disclosed separately by major class of underlying asset in the capital asset note disclosure. Subscription assets recognized in accordance with Statement No. 96 also should be separately disclosed. This Statement also requires additional disclosure for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

**Note 2 - DEPOSITS**

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States or any other federally insured investment, certificates of deposit of any bank domiciled or having a branch office in the state of Louisiana, guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations.

**Note 2 - DEPOSITS (Continued)**

State law requires deposits (cash) of all political subdivisions to be fully collateralized at all times. Acceptable collateralization includes FDIC insurance, and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivision.

The year-end balances of deposits as of June 30, 2025 consisted of the following:

	<u>Bank Balances</u>	<u>Reported Amount</u>
Cash	<u>\$ 3,105,135</u>	<u>\$ 3,014,417</u>

Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned to it. The Commission has a written policy for custodial credit risk. As of June 30, 2025, \$2,266,847 of the Commission's bank balances of \$3,105,135 was exposed to custodial credit risk. These deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent and are deemed to be held in the Commission's name as allowed by State Statutes.

As of June 30, 2025, cash in excess of the FDIC insurance was adequately collateralized by securities held by unaffiliated banks for the account of the Commission. The GASB, which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities subject to custodial credit risk. Even though the deposits are considered subject to custodial credit risk under the provisions of GASB Statement No. 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

**Note 3 - PROPERTY TAXES**

Property taxes are levied each November 1 on the assessed value listed as of the prior January 1 for all real property, merchandise and movable property located in the Parish of Lafourche. Assessed values are established by the Lafourche Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. A reevaluation of all property is required to be completed no less than every four years. The last reevaluation was completed during calendar year 2024. Taxes are due and payable December 31 with interest being charged on payments after January 1. Taxes can

**Note 3 - PROPERTY TAXES (Continued)**

be paid through the tax sale date, which is the last Wednesday in June. Properties for which the taxes have not been paid are sold for the amount of the taxes. The tax rate for 2024 was \$3.20 per \$1,000 of assessed valuation on property within Lafourche Parish for the purpose of maintaining and operating the facilities. As indicated in Note 1c, taxes levied in calendar year 2024 are used to fund expenditures in calendar year 2025, therefore one half of the 2024 tax levy was recognized as revenues in the fiscal year ended June 30, 2025 with the balance being recognized in the year ending June 30, 2026. The balance of the taxes levied which was not recognized is reported as deferred inflows of resources as of June 30, 2025.

**Note 4 - DUE FROM OTHER GOVERNMENTAL UNITS**

Amounts due from other governmental units as of June 30, 2025 consisted of the following:

State of Louisiana	
Department of Social Services	<u>\$ 232,046</u>

**Note 5 - CHANGES IN CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2025 was as follows:

**Note 5 - CHANGES IN CAPITAL ASSETS (Continued)**

The Juvenile Justice facility is on a 10 acre tract of land that is owned by the Lafourche Parish Council. The land is being used under an intergovernmental agreement between the Council and the Commission at no cost to the Commission.

Depreciation expense for the year ended June 30, 2025 was allocated to each program as follows:

Detention	\$ 24,126
Residential homes	19,118
Ropes	9,851
Administration	<u>86,194</u>
Total	<u><u>\$ 139,289</u></u>

**Note 6 - ACCOUNTS PAYABLE AND ACCRUED EXPENDITURES**

Accounts payable and accrued expenditures as of June 30, 2025 consisted of the following:

	<u>General Fund</u>
Salaries and benefits	<u><u>\$ 73,532</u></u>

**Note 7 - LONG-TERM OBLIGATIONS**

The following is a summary of the changes in the long-term obligations of the Commission for the year ended June 30, 2025:

	<u>Payable July 1, 2024</u>	<u>Increase/ Earned</u>	<u>Decrease/ Used</u>	<u>Payable June 30, 2025</u>	<u>Due Within One Year</u>

Totals	<u><u>\$ 84,306</u></u>	<u><u>\$ 60</u></u>	<u><u>\$ 5,117</u></u>	<u><u>\$ 79,249</u></u>	<u><u>\$ -</u></u>

**Note 8 - RISK MANAGEMENT**

The Commission is exposed to various risks of loss related to workers' compensation; torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Commission carries commercial insurance. No settlements were made during the year that exceeded the Commission's insurance coverage.

**Note 9 - EMPLOYEE RETIREMENT PLAN**

Employees are offered participation in the Louisiana Deferred Compensation Plan provided by the Commission to provide retirement benefits to the employee pursuant to Section 457 of the Internal Revenue Code. Participating employees may contribute an amount of their compensation not to exceed statutory limits. After six months of employment, the Commission will match dollar for dollar with holdings for full-time employee contributions as follows: not to exceed 6% of compensation for 1-10 years of continuous employment, not to exceed 8% of compensation for 11-15 years of continuous employment, not to exceed 10% of compensation for 16 or more years of continuous employment. During the year ended June 30, 2025, the Commission made contributions to the Louisiana Deferred Compensation Plan totaling \$32,119.

**Note 10 - COMPENSATION OF BOARD MEMBERS**

No compensation was paid to Board Members for the year ended June 30, 2025.

**Note 11 - STATE OF LOUISIANA TAX ABATEMENTS**

The Commission's ad valorem tax revenues for the year ended June 30, 2025 were reduced by \$86,663 under agreements entered into with the State of Louisiana.

**Note 12 - SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that effect the financial statements. Subsequent events have been evaluated through November 10, 2025, which is the date the financial statements were available to be issued.

**SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS**

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners,  
Lafourche Parish Juvenile Justice Commission,  
Thibodaux, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General Fund of Lafourche Parish Juvenile Justice Commission (the “Commission”) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Commission’s basic financial statements, and have issued our report thereon dated November 10, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Commission’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Commission’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses and significant deficiencies may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We have performed the procedures described in Schedule 2 on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA) Statewide Agreed-Upon Procedures (SAUP) for the fiscal period July 1, 2024 through June 30, 2025. Lafourche Parish Juvenile Justice Commission (the "Commission") management is responsible for those C/C areas identified in the SAUPs.

The Commission has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in the LLA's SAUPs for the fiscal period July 1, 2024 through June 30, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purpose. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are described in Schedule 2.

We were engaged by the Commission to perform this agreed-upon procedures engagement and conducted our engagement in accordance with the attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on these C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Exceptions: There were no exceptions noted.

- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Performance: Obtained and read the written policy for sexual harassment.

Exceptions: The policy does not include a provision for annual reporting.

**2. Procedures Performed on the Commission's Board or Finance Committee:**

Prior year testing resulted in no exceptions related to the board or finance committee. Therefore, testing is not required in the current year.

**3. Procedures Performed on the Commission's Bank Reconciliations:**

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

Performance: Obtained the listing of bank accounts from management and received management's representation that the listing is complete in a separate letter.

Exceptions: There were no exceptions noted.

- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

Performance: Obtained monthly bank reconciliation for the month of June for the main operating bank account and 4 additional accounts. Inspected management's documentation for timely preparation of the bank reconciliations.

Exceptions: The bank reconciliations indicated they were not prepared within 2 months.

**3. Procedures Performed on the Commission's Bank Reconciliations: (Continued)**

- ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within one month of the date the reconciliation was prepared (e.g., initialed and dated or electronically logged); and

Performance: Examined the Commission's documentation noting evidence of a member of management's review of the June bank reconciliation within one month of the date of the reconciliation for the 5 bank accounts selected.

Exceptions: The bank reconciliations did not include dates of review.

- iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Performance: Inspected documents and observed items outstanding for more than 12 months from the statement closing date. There were no such items noted.

Exceptions: There were no exceptions noted.

**4. Procedures Performed on the Commission's Collections (excluding electronic funds transfers):**

Prior year testing resulted in no exceptions related to collections. Therefore, testing is not required in the current year.

**5. Procedures Performed on the Commission's Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases):**

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Performance: Obtained a listing of locations that process payments for the fiscal period from management and received management's representation in a separate letter. The Commission only has one location that processes payments.

Exceptions: There were no exceptions noted.

- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that

Performance: Obtained a listing of employees involved in non-payroll purchasing and payment functions and reviewed written policies and procedures related to employee job duties. Observed if the job duties were properly segregated.

Exceptions: There were no exceptions noted.

**5. Procedures Performed on the Commission's Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases): (Continued)**

- i. At least 2 employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;  
Performance: Obtained a listing of employees involved in initiating a purchase request, approving a purchase, and placing an order/making a purchase. Observed that at least 2 employees are involved.  
Exceptions: There were no exceptions noted.
  - ii. At least 2 employees are involved in processing and approving payments to vendors;  
Performance: Obtained a listing of employees involved in processing and approving payments to vendors. Observed at least 2 employees are involved.  
Exceptions: There were no exceptions noted.
  - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;  
Performance: Obtained a listing of employees involved in processing payments to vendors. Observed if any employees would add/modify vendor files.  
Exceptions: There were no exceptions noted.
  - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and  
Performance: Obtained a listing of employees involved with signing and mailing checks.  
Exceptions: There were no exceptions noted.
  - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.  
Performance: Obtained a listing of employees authorized to sign checks and noted that they are the only individuals authorized to approve electronic disbursements.  
Exceptions: There were no exceptions noted.
- C. For each location selected under procedure #5A, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and  
Performance: Obtained the Commission's non-payroll disbursement transaction population and management's representation in a separate letter that the population is complete. Randomly selected 5 disbursements.  
Exceptions: There were no exceptions noted.

**5. Procedures Performed on the Commission's Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases): (Continued)**

- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and

Performance: Observed that the 5 disbursements matched the related original invoice/billing statements and observed supporting documentation indicating deliverables were received.

Exceptions: There were no exceptions noted.

- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B, as applicable.

Performance: Observed the 5 disbursements included evidence of segregation of duties.

Exceptions: There were no exceptions noted.

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. *Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.*

Performance: Observed whether the selected disbursements were approved by authorized persons and the required number of signatures.

Exceptions: 1 of the 5 electronic disbursements was not properly authorized or approved.

**6. Procedures Performed on the Commission's Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (cards):**

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Performance: Obtained a listing of all active credit cards, bank debit cards, fuel cards, and cards from management and management's representation that the listing is complete. Observed all active cards, including the card numbers and the names of the persons who maintain possession of the cards.

Exceptions: There were no exceptions noted.

**6. Procedures Performed on the Commission's Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (cards): (Continued)**

B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and

Performance: Observed evidence that the statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized card holder.

Exceptions: There were no exceptions noted.

- ii. Observe that finance charges and late fees were not assessed on the selected statements.

Performance: Observed whether finance charges and/or late fees were not assessed on the selected statements.

Exceptions: There were exceptions noted as 2 of the selected statements had a late fee and interest charges assessed.

C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by:

- i. An original itemized receipt that identifies precisely what was purchased.

Performance: Observed whether the transactions from the monthly statements were supported by original itemized receipts that identifies precisely what was purchased.

Exceptions: There were exceptions noted as the Commission could not locate supporting documentation for 8 transactions selected.

- ii. Written documentation of the business/public purpose.

**6. Procedures Performed on the Commission's Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (cards): (Continued)**

- iii. Documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Performance: Observed transactions for any meal charges and documentation of the individuals participating in meals.

Exceptions: One meal charge did not include documentation of participants.

**7. Procedures Performed on the Commission's Travel and Travel-Related Expense Reimbursements (excluding card transactions):**

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected.

Performance: Obtained the general ledger for travel and travel-related expense reimbursements and management's representation in a separate letter.

Exceptions: There were no exceptions noted.

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana ([doa.la.gov/doa/ost/ppm-49-travel-guide/](http://doa.la.gov/doa/ost/ppm-49-travel-guide/)) or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));

Performance: Inspected travel and travel-related expense reimbursements and observed per diem rates were the GSA rates.

Exceptions: There were no exceptions noted.

- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

Performance: Inspected travel and travel-related expense reimbursements to observe that expenses using actual costs were supported by an itemized receipt.

Exceptions: There were no exceptions noted.

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and

Performance: Inspected travel and travel-related expense reimbursements to observe that expenses included the business purpose.

Exceptions: There were no exceptions noted.

**7. Procedures Performed on the Commission's Travel and Travel-Related Expense Reimbursements (excluding card transactions): (Continued)**

iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Performance: Observed whether each reimbursement was reviewed and approved, in writing, by someone other than the person receiving the reimbursement.

Exceptions: There were no exceptions noted.
