INDEPENDENT AUDITORS' REPORT

The Honorable Hillar Moore
District Attorney of the Nineteenth
Judicial District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Nineteenth Judicial District (the District Attorney or District Attorney's Office), component unit of the City of Baton Rouge/Parish of East Baton Rouge, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney, as of December 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District Attorney and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

District Attorney's Ability to Continue Providing Public Services at the Current Level

As discussed in Note 12 to the financial statements, the District Attorney's Office has experienced significant deficits in previous years and as a result has initiated an action plan that resulted in a significant reduction of its workforce. This could significantly curtail the District Attorney's ability to continue providing public services at levels comparable to prior years. The District Attorney's evaluation of the events and conditions and plans regarding those matters also are described in Note 12. The financial statements do not include any adjustments as a result of this matter. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4-10, budgetary comparison schedules on pages 40-41, the Schedule of Proportionate Share of the Total Other Post-Employment Benefit Liability on page 42, the Schedule of Proportionate Share of the Net Pension Liability on page 43, and the Schedule of Employer's Contributions to Retirement Systems on page 44, be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney's basic financial statements. The accompanying Schedule of Compensation, Benefits, and Other Payments to Agency Head, the Pretrial Intervention Program – Schedule of Revenues and Expenditures, the Justice System Funding Schedule – Collecting/Disbursing Entity as Required by Act 87 (Cash Basis), the Justice System Funding Schedule – Receiving Entity as Required by Act 87 (Cash Basis), and the Schedule of Expenditures of Federal Awards and related notes, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 16, 2026, on our consideration of the District Attorney's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District Attorney's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District Attorney's internal control over financial reporting and compliance.

DISTRICT ATTORNEY OF THE NINETEENTH JUDICIAL DISTRICT
BATON ROUGE, LOUISIANA

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of District Attorney's annual financial report presents a discussion and analysis of the District Attorney's financial performance during the year that ended on December 31, 2025. Please read it in conjunction with the District Attorney's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- Net position (deficit) of government-wide activities decreased in a negative direction by \$836,952 or 1.7%.
- The liabilities and deferred inflows of the District Attorney exceeded its assets and deferred outflows by \$49,629,256 at December 31, 2025. Of this amount, \$267,824 is net invested in capital assets and \$92,334 is restricted for grant programs. The District Attorney has an unrestricted net deficit of (\$49,989,414) in governmental activities.
- During the year, the District Attorney had expenses of \$17,590,646, which was \$1,043,318 more than the \$16,547,328 of revenue generated by governmental programs during the year comparable to the prior year, when program revenues fell short of program expenses by \$1,289,327.
- The General fund reported an ending unassigned fund balance of \$1,064,708, which is a \$585,810 increase from the prior year ending fund balance of \$478,898.
- Total General fund revenues were \$14,986,187 in the current year, an increase of \$137,206 from prior year revenues. This is primarily due to increases in intergovernmental revenues as a result of additional funding provided by the City of Baton Rouge/Parish of East Baton Rouge (City-Parish). Increases in revenues were offset by a decrease other grant revenue revenues. Total General fund expenditures were \$14,495,776 in the current year, a decrease of \$1,485,212 from prior year expenditures. This is primarily due to decreases in trial expenses, professional services, and personnel services.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District Attorney:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the District Attorney's overall financial status.
- The remaining statements are fund financial statements that focus on individual funds of the District Attorney and reporting the operations in these funds in more detail than the government-wide statements.
 - The governmental funds statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.
 - Fiduciary fund statements provide information about the financial relationships in which the District Attorney acts solely as agent for the benefit of others, to whom the resources being held belong.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The financial statements also include notes that further explain the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

Figure A-1 summarizes the major features of the District Attorney's financial statements, including the portion of the District Attorney's government they cover and the types of information they contain. MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-wide Statements

The government-wide statements report information about the District Attorney as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows, liabilities, and deferred inflows. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District Attorney's net position and change in net position. Net position—the difference between the District Attorney's assets and deferred outflows, and liabilities and deferred inflows—is one way to measure the District Attorney's financial health, or position.

- Over time, increases or decreases in the District Attorney's net position are an indicator of whether its financial health is improving or deteriorating, respectively.

The government-wide financial statements, all of the District Attorney's activities are reported as government activities:

- Governmental activities—most of the District Attorney's basic services are included here. Fines, fees, city, local, and state grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District Attorney's most significant funds—not the District Attorney as a whole. Funds are accounting devices that the District Attorney uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and by bond covenants.

The District Attorney has two kinds of funds:

- Governmental funds—Most of the District Attorney's basic services are included in governmental funds, which focus on (1) cash and other financial assets that are readily converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District Attorney's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, it provides additional information on the subsequent page of each statement that explains the relationship (or differences) between them.
- Fiduciary funds — Custodial Funds are used to account for assets held by the District Attorney as an agent for other governments and/or other funds. The Custodial Fund is custodial in nature. These activities are excluded from the District Attorney's government-wide financial statements because the District Attorney cannot use these assets to finance its operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS OF THE DISTRICT ATTORNEY AS A WHOLE

Governmental Activities

Net position. The District Attorney's combined net position decrease (increase in deficit), by approximately \$837,000 or (1.7%) from the net position of the previous fiscal year. This change is an improvement from the prior year where net position decreased (deficit increased) by approximately \$1.4 million. This was primarily the result of a conscious effort to reduce trial expenses and personnel costs during the fiscal year ended December 31, 2025.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Changes in net position. The District Attorney's total revenues decreased by \$256,542, or 1.5% (See Table A-2). Approximately \$628,000 of that decrease is the result of a decrease in grant revenues from the State of Louisiana pertaining to the special funding situation and the availability of other grant revenues, offset by an increase of approximately \$307,000 in charges for various services. Approximately \$6.6 million or 39.2% of the District Attorney's revenue comes from payments made on behalf of the District Attorney by the State of Louisiana and the City-Parish for payroll related costs. Expenses exceeded revenues by approximately \$837,000 and \$1,148,000 in 2025 and 2024, respectively. The improvement in the change net position is primarily due to cost cutting measures and additional one-time funding adjustments from the City Parish, reduced by decreases in program revenues related to fines, forfeitures, and grant funding.

FINANCIAL ANALYSIS OF THE DISTRICT ATTORNEY'S FUNDS

As the District Attorney completed the year, its governmental funds reported a combined fund balance of \$1,157,042, an increase of \$570,604 from prior year. This was the result of increases in trial expenses, professional services, personnel services and related costs.

MANAGEMENT'S DISCUSSION AND ANALYSIS

General Fund Budgetary Highlights

5. Over the course of the year, the District Attorney amended its general fund budget to reflect changes in estimated revenues and personnel costs. An analysis of the original budgets compared to final amended general fund budget results is reflected in Table A-4:

Table A-4
Original and Final Amended Budget Comparison
General Fund

	Original Budget	Final Amended Budget	Variance
Revenue	\$ 15,062,525	\$ 15,153,240	\$ 90,715

Net change in fund balance	<u>\$ (453,933)</u>	<u>\$ (14,538)</u>	<u>\$ 439,395</u>

6. A comparison of the actual results to the original budget is reflected in Table A-5:

Table A-5
Original Budget Comparison
General Fund

	Original Budget	Final Actual	Variance
Revenue	\$ 15,062,525	\$ 14,986,187	\$ (76,338)

CAPITAL ASSETS

At the end of 2025, the District Attorney had invested \$267,825 in capital assets. (See Table A-6.)

Vehicles	161,392	228,275
Total	<u>\$ 267,824</u>	<u>\$ 383,190</u>

The decrease was primarily due to reduced purchases of capital assets, the loss of a vehicle, and the depreciation in the normal course of the assets' lives.

MANAGEMENT'S DISCUSSION AND ANALYSIS

LONG-TERM LIABILITIES

The District Attorney's long-term liabilities consist of compensated absences, total other post-employment benefits liabilities (OPEB), and net pension liability. The District Attorney had \$1,682,831 in compensated absences payable at year end compared to \$2,146,010 at the previous year end, a decrease of \$463,179, or 21.6%. The decrease in compensated absence balance was directly related to changes in accrued sick leave more likely than not to be used. The District Attorney had \$35,407,561 in total other post-employment benefits payable at year end compared to \$32,256,985 at the previous year end, an increase of \$3,150,576, or 9.8%. As a component unit of City-Parish Consolidated Government of Baton Rouge (City-Parish), the District Attorney participates in the City Parish's OPEB plan along with City-Parish and other participating component units. The District Attorney's portion of the OPEB liability is actuarially determined based on census data relative to the District Attorney's office. The increase in the District Attorney's OPEB liability is consistent with the increase in the OPEB plan as a whole. This increase is primarily the result of a decrease in the discount rate used as part of the actuary calculation. The District Attorney had \$20,021,894 in net pension liability at year end compared to \$20,270,264 at the previous year end, a decrease of \$248,370 or 1.2%. This is primarily due to actuary assumptions inherent in the actuarially determined liability. (See Table A-7.)

Table A-7
District Attorney's Long-Term Liabilities

	Governmental Activities	
	2025	2024
Compensated absences	\$ 1,682,831	\$ 2,146,010
Other post-employment benefits obligation	35,407,561	32,256,985
Net pension liability	20,021,894	20,270,264
Total	<u>\$ 57,112,286</u>	<u>\$ 54,673,259</u>

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District Attorney is dependent on the State of Louisiana and the City-Parish for approximately 77% of its general fund revenues. These entities receive a substantial part of their revenues from taxes. As described in Note 12 to the financial statements, the District Attorney's office has experienced recurring deficits in previous years. As a result, the District Attorney has downsized its workforce and reduced other operating costs as well. This action has contributed to a surplus in the current year. However, the downsizing is expected to significantly curtail its ability to continue providing the same level of governmental services as experienced in prior years.

DISTRICT ATTORNEY OF THE NINETEENTH JUDICIAL DISTRICT
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney of the Nineteenth Judicial District (District Attorney) has charge of every criminal prosecution by the State within its district, is the representative of the State before the grand jury in its district, is legal advisor to the grand jury, and performs other duties as provided by law. The Nineteenth Judicial District encompasses the Parish of East Baton Rouge, Louisiana.

A. Basis of Presentation

The District Attorney's basic financial statements consist of the government-wide statements and the fund financial statements. The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units and promulgated by the Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*.

B. Financial Reporting Entity

For financial reporting purposes, in conformance with governmental accounting standards, the District Attorney is a part of the district court system in the State of Louisiana. However, the District Attorney operates autonomously from the State of Louisiana and independently from the district court system. Therefore, the District Attorney reports as an independent reporting entity.

As the governing authority of the Parish, for reporting purposes, the City-Parish Consolidated Government of Baton Rouge (City-Parish) is the financial reporting entity for East Baton Rouge Parish. The financial reporting entity consists of (a) the primary government (City-Parish), (b) organizations for which the primary government is financially accountable, (c) fiscally dependent, (d) and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental accounting standards established criteria for determining which component units should be considered part of the City-Parish for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The governmental accounting standards have set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the City-Parish to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City-Parish.
2. Organizations for which the City-Parish does not appoint a voting majority but are fiscally dependent on the City-Parish and pose a financial benefit or burden to the City-Parish.
3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

DISTRICT ATTORNEY OF THE NINETEENTH JUDICIAL DISTRICT
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

B. **Financial Reporting Entity** (continued)

The District Attorney is an independently elected official. However, the District Attorney is fiscally dependent on the City-Parish.

Because the City-Parish provides a significant amount of financial revenues, the District Attorney is determined to be a component unit of the City-Parish, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District Attorney and do not present information on the City-Parish, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. **Fund Accounting**

The District Attorney uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain district attorney functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Governmental Funds

Governmental funds account for all of the District Attorney's taxpayer funded activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the District Attorney. The following are the District Attorney's governmental funds:

General Fund

The General Fund was established in compliance with Louisiana Revised Statute (R.S.) 15:571.11 and accounts for the operations of the District Attorney's office.

Special Revenue Fund

The Special Revenue Fund accounts for grants from the Louisiana Department of Social Services, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the Social Security Act. The purpose of the Special Revenue Fund is to account for money to be used to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

C. **Fund Accounting** (continued)

Fiduciary Type Funds – Custodial Funds

Fiduciary fund reporting focuses on resources held for other parties. The only funds accounted for in this category by the District Attorney are custodial funds. Custodial funds are custodial in nature. In accordance with GASB Codification 1300, custodial funds utilize the full accrual basis of accounting and expenditures are accrued when an event has occurred that compels the District Attorney to disburse fiduciary resources in accordance with the codification. The following custodial funds are utilized by the District Attorney:

Narcotic Seizure Fund

The District Attorney's Narcotic Seizure Fund is used to account for assets awarded by court judgments as a result of seizures and forfeitures of property in successfully prosecuted narcotics and other criminal investigations. The proceeds are held in custody by the District Attorney for distribution as provided under applicable Louisiana Statutes.

Defendant Restitution Fund

The District Attorney's Defendant Restitution Fund is used to account for funds awarded to a victim by the court for restitution associated with a defendant's defense. The funds are held in custody by the District Attorney for distribution until the funds are claimed by the respective victim.

D. **Basis of Accounting / Measurement Focus**

Government Wide Financial Statements (GWFS)

The statement of net position and the statement of activities display information about the government (the District Attorney). These statements include the financial activities of the overall government, except for fiduciary activities. Governmental activities are generally financed through fines and forfeitures, intergovernmental revenues and other non-exchange transactions. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District Attorney's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fines and forfeitures (charges) and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

The GWFS are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange or exchange-like transactions are recognized when the exchange occurs regardless of when cash is received or disbursed. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from non-exchange transactions, are recognized in accordance with the requirements of GASB Codification Section N50, Non-exchange Transactions.

DISTRICT ATTORNEY OF THE NINETEENTH JUDICIAL DISTRICT
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

D. **Basis of Accounting / Measurement Focus** (continued)

Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Governmental Funds are accounted for on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become measurable and available to pay current period liabilities. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period or 60 days. Commissions on fines and bond forfeitures are reported in the year they are collected. Revenues resulting from non-exchange transactions, such as grants, are recognized when all applicable eligibility requirements are met and the resources are measurable and available. Interest income on investments is recorded when earned. Substantially, all other revenues are recorded when received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, and general long-term obligations principal and interest payments are recognized only when due. Costs of accumulated unpaid vacation, sick leave, and other employee benefit amounts are reported in the period earned by employees.

Transfers between funds that are not expected to be repaid are accounted for as other financing sources.

E. **Budgets and Budgetary Accounting**

The District Attorney follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The District Attorney prepares operating budgets for the general and special revenue funds at least fifteen days prior to the commencement of the budgetary fiscal year. The operating budgets include proposed expenditures and the means of financing them for the upcoming year.
2. The budgets are available for public inspection for a fifteen-day period prior to a public hearing held to obtain taxpayer comment.
3. The budgets are adopted at the public hearing and are authorized for implementation on the first day of the fiscal year.
4. The budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).
5. The budgets may be revised during the year as estimates regarding revenues and expenditures change.
6. Appropriations lapse at the end of each fiscal year.

DISTRICT ATTORNEY OF THE NINETEENTH JUDICIAL DISTRICT
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

F. **Cash and Cash Equivalents**

Cash includes amounts in demand deposits, interest-bearing demand deposits, and certificates of deposit. Under state law, the District Attorney may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

G. **Receivables**

All receivables are reported at their gross value and consist primarily of grants and fines and forfeitures. The District Attorney expects to collect all balances due to the nature of the receivables and as such no allowance for bad debts has been recorded.

H. **Capital Assets**

All capital assets are capitalized at historical cost or estimated historical costs for assets where actual cost is not available. Donated assets are recorded as capital assets at their estimated acquisition value at the date of donation. The District Attorney maintains a capitalization threshold level of \$1,500 or more.

Capital assets are recorded in the GWFS but are not reported in the FFS. All capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are disposed or sold for an immaterial amount when declared as no longer needed by the District Attorney, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 5 to 7 years.

I. **Compensated Absences**

The District Attorney recognizes a liability for compensated absences for leave that (1) has been earned by employees for services already rendered, (2) vests or accumulates, and (3) is more likely than not to be used for time off or otherwise settled, including upon termination of employment. Accordingly, the District Attorney records liabilities related to vacation leave, compensatory leave, and certain sick leave.

The District Attorney's policy provides for vacation leave to be earned up to a maximum of 180 hours per calendar year. Employees may carry forward up to 80 hours of unused vacation leave to a subsequent year. Upon termination, employees are compensated for up to 80 hours of accrued but unused vacation leave.

In addition, certain employees may earn compensatory leave in lieu of overtime compensation, up to a maximum accumulation of 240 hours. Upon termination, employees are compensated for up to 240 hours of accrued but unused compensatory leave.

Sick leave may be accumulated up to a maximum of 2,080 hours; however, such leave is payable only when used for qualifying medical reasons. Upon termination, accumulated sick leave is not paid; however, it may be recognized by the applicable retirement system as creditable service toward retirement eligibility.

Accrued vacation and compensatory leave are recorded as long-term liabilities in the statement of net position, based on the maximum amounts expected to be paid. In addition, a liability is recognized for the portion of accumulated sick leave that is considered more likely than not to be used for future medical leave. This amount is included with compensated absences in the statement of net position as a long-term liability.

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

J. **Pension Plans**

The District Attorney is a participating employer in two defined benefit pension plans (plans) as described in Note 6. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from each plans' fiduciary net position have been determined on the same basis as they are reported by each of the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within each plan.

K. **Deferred Inflows and Outflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. See Note 5 for additional information on deferred outflows of resources related to other post-employment benefits and Note 6 for additional information on deferred outflows of resources related to defined benefit pension plans.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time. See Note 5 for additional information on deferred inflows of resources related to other post-employment benefits and Note 6 for additional information on deferred inflows of resources related to defined benefit pension plans.

L. **Operating Transfers In and Out**

Advances between funds which are not expected to be repaid are accounted for as transfers. In those cases, where repayment is expected, the transfers are accounted for through the due from and due to accounts.

M. **Use of Estimates**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

N. **Net Position**

For the government-wide statement of net position, net position amount is classified and displayed in three components:

- Net Investment in capital assets – consists of net capital assets reduced by outstanding balances of any related debt obligations, if any, and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- Restricted net position – net position is considered restricted if its use is constrained to a particular purpose. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to the restricted assets.
- Unrestricted net position – consists of all other net position that does not meet the definition of the above two components and is available for general use by the District Attorney.

DISTRICT ATTORNEY OF THE NINETEENTH JUDICIAL DISTRICT
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

O. **Fund Balance of Fund Financial Statements**

Accounting standards require governmental fund balances to be reported in as many as five classifications as listed below:

Nonspendable – represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Spendable

Restricted – represents balances where constraints have been established by parties outside the District Attorney or imposed by law through constitutional provisions or enabling legislation.

Committed – represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the District Attorney's highest level of decision-making authority.

Assigned – represents balances that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned – represents balances that have not been assigned to other funds and that have not been restricted, committed or assigned to be specific purposes within the general fund.

When expenditures are incurred for purposes for which both restricted and unrestricted amounts are available, the District Attorney reduces restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for which committed, assigned and unassigned amounts are available, the District Attorney reduces committed amounts first followed by assigned amounts and then unassigned amounts.

P. **Newly Adopted Accounting Standard**

The District Attorney adopted GASB Statement No. 102, *Certain Risk Disclosures*, which requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units vulnerable to the risk of a substantial financial impact. If certain criteria are met, the concentration or constraint needs to be disclosed in the notes to the financial statements. The adoption of this standard did not have a material impact on the District Attorney's financial statements.

Q. **Current Accounting Standards Scheduled to be Implemented**

As of December 31, 2025, the GASB has issued several statements that are to be implement by the District Attorney in future years. The statements which will have an impact on the District Attorney are as follows:

GASB Statement 103 Financial Reporting Model Improvements

Statement 103 sets forth improvements to the financial reporting model to enhance effectiveness in providing information that is essential for decision making and assessing a government's accountability. The District Attorney is currently evaluating the effects of the new GASB pronouncement scheduled for implementation for the fiscal year ending December 31, 2026.

DISTRICT ATTORNEY OF THE NINETEENTH JUDICIAL DISTRICT
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Q. **Current Accounting Standards to be Implemented** (continued)

GASB Statement 104, *Disclosure of Certain Capital Assets*

Statement 104 requires certain types of capital assets to be disclosed separately in the capital asset note disclosures required by Statement 34, including lease assets, in accordance with GASB Statement 87, *Leases*, intangible assets recognized in accordance with Statement 94 *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, subscription assets recognized under Statement 96, *Subscription-Based Information Technology Arrangements*, and additional disclosures for capital assets held for sale. The District Attorney is currently evaluating the effects of this new GASB pronouncement scheduled for implementation for the fiscal year ending December 31, 2026.

GASB Statement 105, *Subsequent Events*

Statement 105, issued in December 2025, establishes guidance reporting subsequent events occurring after the balance sheet date but before financial statements are issued or available to be issued. The standard distinguishes between recognized subsequent events, which relate to conditions existing at the balance sheet date and require adjustments to the financial statements, and nonrecognized subsequent events, which arise afterward and require disclosure but not adjustment. Governments must disclose the nature of such events and, when possible, provide an estimate of their financial impact. The District Attorney is currently evaluating the effects of this new GASB pronouncement scheduled for implementation for the fiscal year ending December 31, 2027.

2. **CASH AND CASH EQUIVALENTS**

Deposits in financial institutions can be exposed to custodial credit risk. Custodial credit risk is the risk that in the event of a financial institution failure, the District Attorney's deposits may not be returned to them. The District Attorney does not have a deposit policy for custodial credit risk; however, state law is designed to limit this risk. State law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. As of December 31, 2025, the District Attorney's bank balance of demand deposit accounts of \$1,683,538 was fully collateralized or FDIC insured and therefore not exposed to custodial credit risk.

3. **ACCOUNTS RECEIVABLE**

Accounts receivable at December 31, 2025, includes grants revenue of approximately \$210,000, fines and bond forfeiture revenues of approximately \$33,200, intergovernmental revenues of approximately \$50,000, Federal grant revenue of approximately \$216,700, and approximately \$21,300 in other revenues.

Plan Description

The City-Parish OPEB Plan is a single-employer defined benefit plan. The OPEB plan does not issue a stand-alone financial report. Retirees may continue personal health and dental insurance coverage in accordance with Parish Resolution 10179 adopted by the Parish Council on December 13, 1972, and amended by Metropolitan Council Resolution 42912 adopted November 12, 2003. Based on current practices, upon retirement, a totally vested employee may continue his coverage paying the same premiums and receiving the same benefits as active employees.

The Retirement System pays the following percentages of the employer portion of scheduled premiums on employees hired after January 1, 2004.

<u>Years of Service</u>	<u>Vested Percentage</u>
Fewer than 10 years	25%
10-15 years	50%
15-20 years	75%
Over 20 years	100%

Current Funding policy

The contribution requirements are established in the annual operating budget of the City-Parish and may be amended in subsequent years. During the measurement period, the dental plan was funded with employees and retirees contributing 48 percent of the dental premium and the City-Parish contributing 52 percent of the dental premium. One hundred percent of required premiums on the \$5,000 retiree life insurance policy is funded by the employer. The City-Parish's health plan is a self-insured program with a third-party administrator. During the measurement period, employees and retirees contributed 11% - 40% of the annually adopted premium base, dependent on the type of coverage chosen and the number of family members covered. The City-Parish contributed the corresponding 60% - 89% of the premium base. Effective January 1, 2004, the employer portion of pay-as-you-go OPEB insurance premiums are allocated over all employers and funds that participate in the OPEB Plan. There are no assets accumulated in a trust that meets the criteria of paragraph four of GASB Statement 75.

The District Attorney's portion of the annually adopted premium base is paid by the City-Parish on behalf of the District Attorney. These contributions for the year ended December 31, 2025 totaled \$1,241,029.

Total OPEB Liability

For the year ended December 31, 2025, the District Attorney's proportional share (3.062%) of the total OPEB liability of \$35,407,561 was measured as of December 31, 2024 and was determined by an actuarial valuation date of December 31, 2024. The District Attorney's share of collective amounts for sensitivities of net OPEB liability to changes in discount rate and the health care cost trend rates as well as the collective OPEB expense and related deferred inflows and outflows is based on the proportionate share of the collective OPEB liability.

The District Attorney is a participating employer in two cost-sharing defined benefit pension plans. These plans are administered by two public employee retirement systems, the City of Baton Rouge and Parish of East Baton Rouge Employees' Retirement System (CPERS) and the District Attorneys' Retirement System (DARS) (hereinafter referred to cumulatively as Plans or Systems). The Metropolitan Council of the City of Baton Rouge and Parish of East Baton Rouge maintains the authority to establish and amend plan benefits for the CPERS plan. The CPERS plan is a component unit of the City-Parish. Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of DARS to the State Legislature. Each system is administered by a separate board of trustees.

Each of the Systems issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. These reports may be obtained by writing, calling or downloading the reports as follows:

Plan Descriptions:

City of Baton Rouge and Parish of East Baton Rouge Employees' Retirement System (CPERS)

The Retirement System is a cost sharing multiple employer defined benefit pension plan and is governed by a seven-member Board of Trustees. The Board is responsible for administering the assets of the Retirement System and for making policy decisions regarding investments. The Metropolitan Council maintains the authority to establish and amend plan benefits. Substantially all full-time non-police employees of the City-Parish and other member employers are covered by the Retirement System. The Retirement System actuarially determines the contributions required to fund the plan and collects the contributions as a percentage of payroll each payroll period. The Retirement System exists for the sole benefit of current and former employees of the member employers.

District Attorneys' Retirement System (DARS)

The District Attorneys' Retirement System, State of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan and is governed by a Board of Trustees. The pension plan was established in 1956 and was placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. 11, Chapter 3 for district attorneys and their assistants in each parish.

Funding Policy

CPERS plan members contributed a percentage of their annual covered salary, which is stipulated in Part IV, Subpart 2, Sec. 1:264(A) I (b) of the City-Parish Code of Ordinances. Participating employers are required to contribute the remaining amounts necessary to finance the coverage of their employees through periodic contributions at rates annually determined by the CPERS's actuary. The Metropolitan Council of the City of Baton Rouge and Parish of East Baton Rouge has authority over to determine employee contributions to CPERS.

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions to DARS. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee (PRSAC).

Funding Policy (continued)

Contributions to the Plans are required and determined by State statute (which may be amended) and are expressed as a percentage of covered payroll. The blended contribution rates in effect for the year ended December 31, 2025, for the District Attorney and covered employees were as follows:

	District Attorney	Employees
DARS	12.250%	8.00%

6. DEFINED-BENEFIT PENSION PLANS (continued)

Actuarial Assumptions (continued)

The following schedule list the methods used by each of the retirement systems in determining the long term rate of return on pension plan investments:

CPERS	DARS
The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These expected future real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.	The estimated long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 7.80% for the year ended June 30, 2025.

The following table provides a summary of the best estimates of arithmetic/geometric real rates of return for each major asset class included in each of the Retirement Systems target asset allocations as of the measurement period date for each respective plan:

Asset Class	Long-Term Target Asset Allocation		Expected Portfolio Real Rate of Return	
	CPERS	DARS	CPERS	DARS
Equities	50.0%	50.0%	8.0%	8.0%
Fixed income	30.0%	42.5%	3.0%	3.0%
Alternatives	5.0%	7.5%	5.7%	4.5%
Real assets	15.0%	- %	4.5%	- %
Total	100.0%	100.0%		
Nominal Rate of Return				5.3%
Inflation				2.5%
Expected Arithmetic Nominal Return				7.8%

Discount Rate

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for CPERS was 7.00% for the measurement period year ended December 31, 2024 and 2023 respectively. The discount rate used to measure the total pension liability for DARS was 6.10% for the measurement period year ended June 30, 2025, and June 30, 2024, respectively.

Special Funding Situation

A special funding situation is defined as circumstances in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of contributions for which the non-employer entity legally is responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan.

Louisiana Revised Statute 16:10 – 11 stipulates that certain salary amounts for District Attorneys (DAs) and Assistant District Attorneys (ADAs) are payable by the State of Louisiana (State). Further, the total employer contributions allocable to that portion of the respective DAs and ADAs salaries are paid directly to DARS by the State. The State's proportionate share of the collective net pension liability of DARS associated with the District Attorney of the Nineteenth Judicial District Attorney is approximately \$818,248. This allocated share of the State's net pension liability is not recognized in the District Attorney's net pension liability. The State's proportionate share of pension expense associated with the District Attorney is approximately \$368,745, which is recognized as on-behalf support and a corresponding expense in the Statement of changes in Net Position.

7. ON-BEHALF PAYMENTS FOR SALARIES AND FRINGE BENEFITS

In accordance with government accounting standards, the District Attorney recognizes on-behalf payments made by the City-Parish or the State of Louisiana for operational costs of the District Attorney. These costs include salary and fringe benefits, and other operating costs. The District Attorney recognizes these payments as revenue and corresponding expenses in the financial statements.

7. ON-BEHALF PAYMENTS FOR SALARIES AND FRINGE BENEFITS (continued)

For the year ended December 31, 2025, the District Attorney recorded on-behalf payments in the fund financials from the following sources:

City-Parish of East Baton Rouge	
Retirement contributions	\$ 1,157,179

State of Louisiana	
Salaries	\$ 2,528,821
Retirement contributions	309,794

Total	<u>\$ 2,875,283</u>

As a result of a special funding situation described in Note 6, the State of Louisiana incurred additional pension expense totaling approximately \$368,745, on behalf of the District Attorney. The District Attorney recognized this support in the government-wide financials as on-behalf revenue with a corresponding expense.

8. FEDERAL FINANCIAL ASSISTANCE PROGRAM

The District Attorney participates in the United States Department of Health and Human Services Support Enforcement, Title IV-D Program, Assistance Listing No. 93.563. This program is funded by indirect assistance payments, in the form of both incentive payments and reimbursements of a portion of certain expenditures, received from the Louisiana Department of Social Services. For the year ended December 31, 2025, the District Attorney expended \$1,174,730 in reimbursable payments. The reimbursable payments are restricted by a formal agreement between the District Attorney and Department of Social Services and include a budget of expected expenditures for each fiscal year ending December 31. The District Attorney submits reimbursement requests to the Department of Social Services on a monthly basis.

Other programs are funded by the U. S. Department of Justice totaling \$269,037 which are passed through the Louisiana Commission of Law Enforcement, and the U. S. Department of Treasury totaling \$126,912 which was passed through the City-Parish of East Baton Rouge. These programs are funded by reimbursements with certain matching requirements ranging from 0% to 25% to be funded by the District Attorney.

The District Attorney's federal assistance is contingent on the District Attorney maintaining compliance with applicable compliance requirements of the respective grants. Failure to maintain compliance or to correct noncompliance within a specified time period could also result in disallowed costs and could in turn result in amounts owed to the grantor agency.

9. CONTINGENCIES

Various lawsuits are pending against the District Attorney. In the opinion of the District Attorney's management, the potential loss on lawsuits will not be material to the District Attorney's basic financial statements.

10. RISK MANAGEMENT

The District Attorney is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omission; injuries to employees; health insurance for its employees; auto liability; and natural disasters. The District Attorney has purchased commercial insurance for each type of risk to which it is exposed. Settlements have not exceeded insurance coverage in any of the three preceding years.

NOTES TO FINANCIAL STATEMENTS

11. COMPENSATED ABSENCE LIABILITY

At December 31, 2025, employees of the District Attorney have accumulated and vested \$597,338 of employee leave benefits according to the District Attorney's policy and accumulated \$1,085,493 of employee sick leave benefits, which were computed in accordance with GASB Classification Section C60. The following is a summary of the compensated absence liability activity during the year:

	Compensated Absences
Beginning Balance	\$ 2,146,010
Net change	(463,179)
Ending Balance	<u>\$ 1,682,831</u>

The amount of compensated absence liability estimated to be due and payable within one year is \$951,299.

12. UNCERTAINTY AND CURTAILMENT OF PUBLIC SERVICES

The District Attorney's Office has experienced recurring operating pressure in its General Fund in recent years due to revenue levels that have not kept pace with personnel and operating costs. Approximately 60% of the Office's funding is derived from City-Parish appropriations, including reimbursements for certain salary and salary-related costs and direct payments by the City-Parish for certain other employee-related costs, such as health benefits, pension contributions, and other postemployment benefit payments. Once the budgeted reimbursement amounts are fully utilized, the Office must rely on available fund balance or other funding sources to support ongoing operations. Approximately 20% of the Office's funding is provided by the State of Louisiana and is based primarily on statutorily established amounts for the salaries of the District Attorney, assistant district attorneys, and certain victim assistance personnel. Management indicates that, despite increases in service demands and operating costs, City-Parish funding has remained relatively stagnant and State funding has remained substantially unchanged.

For the current year, General Fund revenues exceeded expenditures by approximately \$585,000, compared with a deficit of approximately \$1.0 million in the prior year. According to management, this improvement was attributable primarily to expenditure reductions and one-time appropriation adjustments from the City-Parish totaling approximately \$550,000. In response to ongoing financial pressures, the Office implemented cost-reduction measures, including workforce reductions through layoffs and attrition, reductions in vehicle fleet costs, and cuts to certain other operating expenditures. As a result, General Fund expenditures decreased by approximately \$1.5 million compared with the prior year.

Management has also undertaken additional actions intended to address these conditions, including seeking additional funding from the State, negotiating and advocating for increased funding from the City-Parish, and pursuing litigation involving the funding of the Office's operations. Management further indicates that the Office has used General Fund reserves in prior years to address the gap between available funding and actual salary and benefit costs.

Management reports that workforce reductions have resulted in an approximately 20% decrease in staffing levels. Management also reports that criminal case backlogs are approximately 12,000 cases and believes that reduced staffing and limited financial resources will continue to affect courtroom staffing and the Office's ability to provide services at levels comparable to prior years.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Nineteenth Judicial District (the District Attorney), a component unit of the City of Baton Rouge/Parish of East Baton Rouge, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements, and have issued our report thereon dated June 16, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District Attorney's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, we do not express an opinion on the effectiveness of the District Attorney's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Honorable Hillar Moore
District Attorney of the Nineteenth
Judicial District
Baton Rouge, Louisiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the District Attorney of the Nineteenth Judicial District's (the District Attorney), a component unit of the City of Baton Rouge/Parish of East Baton Rouge, compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District Attorney's major federal programs for the year ended December 31, 2025. The District Attorney's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District Attorney complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District Attorney and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District Attorney's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District Attorney's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District Attorney's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District Attorney's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District Attorney's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District Attorney's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

District Attorney of the Nineteenth Judicial District
Baton Rouge, Louisiana

We have audited the financial statements of the District Attorney of the Nineteenth Judicial District (the District Attorney), a component unit of the City of Baton Rouge/Parish of East Baton Rouge, as of and for the year ended December 31, 2025, and have issued our report thereon. As part of our audit, we evaluated the internal accounting control to the extent we considered necessary to evaluate the system as required by auditing standards generally accepted in the United States of America. Under these standards, the purposes of such evaluations are to establish a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control.

The objective of internal control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of the financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

No matter how good a system, there are inherent limitations that should be recognized in considering the potential effectiveness of internal accounting controls. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the degree of compliance with the procedures may deteriorate. We say this simply to suggest that any system needs to be constantly reviewed and improved where necessary.

During our audit, we became aware of a matter that is an opportunity for strengthening internal controls or operating efficiency. Our comments and suggestions regarding this matter is set forth below. The District Attorney's response to the matter identified below was not subjected to auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it. This letter does not affect our reports dated June 16, 2026, on the financial statements, compliance, and internal controls of the District Attorney.

Also, in accordance with *Government Auditing Standards*, we considered compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

Current Year

MLC 2025-001 Segregation of Duties

Criteria:

Internal controls should be designed to prevent or detect and correct errors and unauthorized transactions. Internal controls should be established to help ensure that all disbursements are authorized, within the governmental purpose of the District Attorney's Office and budgetary appropriations. These control objectives are often accomplished by segregating the incompatible duties of authorizing the transaction, accounting and reconciliation duties and having access to the assets. Segregations of incompatible duties also reduces the potential for fraud or misappropriations.

Condition:

The Finance Director has the authority to initiate a purchase request, approve a purchase, place an order or make the purchase, and mail the payment. Further, the Finance Director also has the ability to add or modify vendor files in the system. Historically, to mitigate this lack of segregation of incompatible duties, the First Assistant District Attorney, who is independent of the above functions, approves invoices for final payment, and all checks require dual signatures by authorized signers who are independent of the above functions. Further, financial reports including budget to actual comparisons are reviewed monthly, by the First Assistant District Attorney.

To address a deteriorating fund balance and liquidity in the General Fund, the District Attorney implemented a plan to reduce operating costs. As a result, the District Attorney's Office experienced a rapid reduction in staff, by way of layoffs and attrition. With the reduction or change in personnel, there is an increased risk that the controls and mitigating controls, that are currently in place, may become secondary or bypassed altogether.

Cause:

The primary cause of the increased risk described above is inconsistent and deficient funding necessary to fund the operations of the District Attorney's Office.

Recommendation:

We recommend that the District Attorney consider the effects of a reduced workforce on internal controls and the segregation of incompatible duties as well as the mitigating controls and consider shifting responsibilities to maintain effective internal controls.

Management's Response:

The District Attorney acknowledges the lack of segregation of incompatible duties as well as the processes put in place to mitigate the lack of segregation of incompatible duties. The District Attorney further acknowledges the deteriorating financial condition and the rapid reduction in staff. The District Attorney will continue to assess the volume and risk, as well as mitigating controls and consider shifting responsibilities to strengthen internal controls by segregating incompatible duties where feasible.

Prior Year

MLC 2024-001 Segregation of Duties

Condition:

The Finance Director has the authority to initiate a purchase request, approve a purchase, place an order or make the purchase, and mail the payment. Further, the Finance Director also has the ability to add or modify vendor files in the system. Historically, to mitigate this lack of segregation of incompatible duties, the First Assistant District Attorney, who is independent of the above functions, approves invoices for final payment, and all checks require dual signatures by authorized signers who are independent of the above functions. Further, financial reports including budget to actual comparisons are reviewed monthly, by the First Assistant District Attorney.

The District Attorney is experiencing a deteriorating financial condition with reserves and liquidity being depleted. As a result, the District Attorney's office will experience a rapid reduction in staff, by way of layoffs and attrition. With the reduction or change in personnel, there is an increased risk that the controls and mitigating controls, that are currently in place, may become secondary or bypassed altogether.

Recommendation:

We recommend that the District Attorney consider the effects of a reduced workforce on internal controls and the segregation of incompatible duties as well as the mitigating controls and consider shifting responsibilities to maintain effective internal controls.

Status:

Management continues to evaluate the internal controls related to proper segregation of duties to maintain effective internal controls. ***This comment is repeated in the current year, see MLC 2025-001.***

We have already discussed many of these comments and suggestions with management, and we will be pleased to discuss them in further detail at your convenience to perform any additional study of these matters, or to assist you in implementing the recommendations. We would also like to thank the District Attorney's staff for their patience and cooperation with us during the performance of the audit.

This report is intended solely for the information and use of the District Attorney of the Nineteenth Judicial District and its management and is not intended to be and should not be used by anyone other than these specified parties.
