### **Independent Auditor's Report**

To the Board of Directors New Orleans & Company

#### **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of New Orleans & Company and its subsidiary (the Company) which comprise the consolidated statements of financial position as of December 31, 2020 and 2019, the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, financial statements).

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company, as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of compensation, benefits, and other payments to agency head is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 29, 2021 on our consideration of the Company's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting and compliance.

#### Note 1. Nature of Activities

#### **History and Organization**

New Orleans & Company is a private, non-profit 501(c)(6) organization dedicated to promoting the Greater New Orleans area as a destination for trade shows, conventions, tour groups and individual travelers. During 1999, New Orleans & Company organized the Welcome Center Building, LLC, to purchase and manage the property at the location of its operating center. The center opened and began operating in June 2003. Since New Orleans & Company is the sole member of the Welcome Center Building, LLC, the entity is disregarded from its owner for income tax purposes. On December 31, 2020, the Welcome Center Building was dissolved, and all assets and liabilities were transferred to New Orleans & Company.

New Orleans & Company, Inc., a Louisiana non-profit corporation, was formed on June 30, 2008. On September 16, 2014, New Orleans & Company, Inc. issued a share of its common stock, par value \$0.01 per share, to New Orleans & Company. New Orleans & Company is the sole stockholder of New Orleans & Company, Inc. There has been no activity since New Orleans & Company, Inc.'s formation in 2008.

Support initiative programs consist primarily of external commitment payments to New Orleans Tourism Marketing Corporation, City of New Orleans, Risk Mitigation for British Airways, French Quarter Management District, Riverfront Development, Dick Clark Productions, Louisiana State Police, and Bayou Country. During the year ended December 31, 2020 only Risk Mitigation, British Airways and French Quarter Management District were funded, the remaining external commitments expired during the year ended December 31, 2019 and were not renewed. See Note 9 for further details.

Other program expenses are inclusive of Convention and Leisure Sales and Services, Marketing, Communications, and Public Relations and External Affairs. All programs exist to drive economic growth and support, sustain, evolve, and promote the unique culture of New Orleans for the benefit of our members, visitors, and residents.

#### Note 2. Summary of Significant Accounting Policies

#### Consolidation

The accompanying consolidated financial statements include the accounts of New Orleans & Company and its wholly-owned subsidiary, the Welcome Center Building, LLC (the Company). In consolidation, significant intercompany accounts and transactions have been eliminated.

#### **Basis of Accounting**

The Company prepares its consolidated financial statements in accordance with generally accepted accounting principles, which involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

# **Notes to Consolidated Financial Statements**

# Note 2. Summary of Significant Accounting Policies (Continued)

#### **Basis of Presentation**

Financial statement presentation follows the recommendation of the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) Topic, *Financial Statements of Not-for-Profit Organizations*.

#### **Cash and Cash Equivalents**

For the purposes of the consolidated statements of cash flows, cash and cash equivalents include bank deposits, money market accounts, and certificates of deposit of three months or less.

#### **Accounts Receivable**

Accounts receivable are stated at the amount the Company expects to collect from outstanding balances. As of December 31, 2020 and 2019, management has determined, based on historical experience that all amounts are fully collectible and no allowance for doubtful accounts is necessary.

#### Inventory

Inventory consisting of maps and brochures is valued at the lower of cost (first-in, first-out method) or net realizable value.

#### Investments

The Company records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the consolidated statements of financial position. Net investment return/(loss) is reported in the consolidated statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

#### **Property, Equipment, and Leasehold Improvements**

Property and equipment are stated at cost, net of allowance for accumulated depreciation. Additions, improvements, and betterments to property and equipment in excess of \$500 which extends its useful life or increase its carrying value are capitalized.

Expenditures for maintenance, repairs, and improvements which do not materially extend the useful lives of the assets are charged to expense as incurred. When property and equipment are removed from service, the cost of the asset and the related accumulated depreciation are removed from the books and any resulting gain or loss is credited to or charged against the current period's change in net assets.

#### Property, Equipment, and Leasehold Improvements (Continued)

Depreciation is provided in amounts sufficient to relate the cost of depreciable assets to operations over their estimated useful lives using the straight-line method. Depreciation expense is \$543,700 and \$462,488 for the years ended December 31, 2020 and 2019, respectively. The estimated useful lives used in computing depreciation are as follows:

Buildings and Improvements 5 - 40 Years Furniture, Fixtures, and Equipment 5 - 10 Years Vehicle 5 Years Software 5 Years

#### **Valuation of Long-Lived Assets**

The Company reviews the carrying value of long-lived assets for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The Company recognized no impairment during the years ended December 31, 2020 or 2019.

#### **Deferred Revenue**

Membership dues revenue is recognized when earned over the membership period. Advertising revenue billed in advance is deferred and recorded as income in the period in which the related services are provided.

#### **Net Assets**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* - Net assets available for use in general operations and not subject to donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for operating reserves.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or that can be fulfilled or removed by actions of the Company pursuant to those stipulations. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. As restrictions are met or until released in accordance with the Company's spending policy, assets are reclassified to net assets without donor restrictions.

#### **Revenues and Revenue Recognition**

#### Member Dues

Membership dues from active members, which are generally nonrefundable, are recorded as revenues monthly over the membership period for which they are collected, which is generally one calendar year. The performance obligations consist of being listed on the New Orleans & Company website, being listed in a travel brochure, and being invited to membership events. These performance obligations are fully performed within a membership period. Dues paid in advance are deferred to the membership period to which they relate. During the year ended December 31, 2020 membership dues were suspended as of April 1, 2020 and any prepaid membership dues were given credit towards the 2021 membership year.

Appropriations from Government Agencies and Tourism Support Assessment Revenue The Company receives appropriations from the State of Louisiana as well as a Tourism Support Assessment directly from hotels in the City of New Orleans. Management has made the assessment that under ASC 606 revenue is to be recognized at the point in time in which the Company has been made aware of the amounts to be received under these agreements.

#### Contributions

The Company reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the consolidated statements of activities as net assets released from restrictions.

Gifts of long-lived operating assets such as land, buildings, or equipment are reported as revenue and support without donor restrictions, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as revenue and support with donor restrictions. Absent explicit donor stipulations about how long these long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

#### **Functional Allocation of Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the consolidated statements of activities. The consolidated statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are allocated on a reasonable basis that is consistently applied. When possible, expenses are first allocated by direct identification and then by department by head count. Expenses that are allocated include insurance and all operational expenses.

#### **Vacation and Sick Pay**

All full time regular employees are eligible for five days annually of paid vacation after completion of sixty days of consecutive employment, ten days annually after one year of employment, fifteen days annually after five years of employment, twenty days annually after ten years of employment, and an additional day for each additional year of employment beginning with the sixteenth anniversary. Paid vacation hours are determined by employment anniversary date, adjusted by any leave of absence. All full-time employees are also eligible for up to twenty-five sick days accruing five hours per month after completion of an initial sixty-day introductory period. Vacation time unused at the end of the anniversary date is lost. Upon termination, unused vacation time is paid, and sick time is lost.

### Non-Direct Response Advertising

The Company expenses advertising costs as incurred. Advertising expenses charged to operations totaled \$3,184,782 and \$2,158,003 in 2020 and 2019, respectively.

#### **Uncertain Tax Positions**

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. The Company believes that it has appropriate support for any tax positions taken, and management has determined that there are no uncertain tax positions that are material to the financial statements.

Penalties and interest assessed by income taxing authorities, if any, would be included in income tax expense.

#### Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts recorded in the financial statements. Actual results may differ from these estimates due to information that becomes available subsequent to the issuance of the financial statements or other reasons.

#### **Recent Accounting Pronouncements - Adopted**

The Company has adopted Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*. Analysis of various provisions of this standard resulted in no significant changes in the way the Company recognizes revenue, and therefore no changes to previously issued audited financial statements were required on a retrospective basis. The presentation and disclosures of revenue have enhanced in accordance with the standard.

# **Recent Accounting Pronouncements - Not Yet Adopted**

In January 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-02, *Leases (Topic 842)*. ASU 2016-02 requires that a lessee recognize the assets and liabilities that arise from leases classified as financing or operating leases. A lessee should recognize in the balance sheet a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. In transition, lessees and lessors are required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. ASU 2016-02 is effective for financial statements issued for annual periods beginning after December 15, 2021. Management is currently evaluating the impact ASU 2016-02 will have on the financial statements.

#### Note 3. Concentration of Credit Risk

The Company maintains cash in four commercial banks. The total amount by which cash on deposit in those banks exceeds the federally insured limits is \$15,795,838 as of December 31, 2020. The Company has not experienced any losses and does not believe that significant credit risk exists as a result of this practice.

#### Note 4. Investments

The fair market value of investments is as follows at December 31, 2020 and 2019:

	2020		2019

#### Note 5. Intangible Asset - Internet Domain

On May 2, 2014, the Company purchased ownership of, and all rights related to, the domain names, the websites, and related rights of NewOrleans.com for a purchase price of \$1,200,000. This purchase was capitalized as an intangible asset not subject to amortization due to the indefinite life of the asset. On an annual basis, the Company will test the asset for impairment. There has been no impairment loss recorded as of December 31, 2020 and 2019.

#### Note 6. Debt

On March 16, 2017, the Company signed a non-revolving line of credit with a bank for \$7,000,000 with an interest rate of 3.75%. The note has an initial draw down period requiring interest only payments.

Commencing September 16, 2018, the note converted to an amortizing loan based on a 25 year period with principal and interest payments due monthly until March 16, 2027 at that time all unpaid principal and interest are due. The note is secured by the Welcome Center Building. As of December 31, 2020 and 2019, there was \$-0- and \$3,183,056 outstanding balance under this note payable, respectively.

In June 2020, the Company entered into a debt restructuring agreement with their bank in order to restructure their mortgage notes payable. The Company restructured their note payable into two notes payable. The first note has a principal balance of up to \$6,000,000 with advances under the loan being made during the first six month period ending on December 30, 2020. This loan is secured by a \$6,000,000 certificate of deposit and the interest rate is equal to the certificate of deposit rate plus 1.5%. Interest only payments are required throughout the life of the loan with outstanding principal plus any accrued unpaid interest due at June 30, 2025. The second note has a principal balance of up to \$2,800,000 with advances under the loan being made during the first eighteen month period ending on December 30, 2021. This loan is secured by buildings and equipment of the Company. The interest rate is 3.75%. Interest only payments are required throughout the life of the loan with outstanding principal plus any accrued unpaid interest due at June 30, 2025.

In 2017, the Company adopted FASB ASU 2015-03, *Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs.* This ASU requires debt issuance costs to be presented as a direct deduction from the carrying amount of the debt liability, rather than an asset. For the years ended December 31, 2020 and 2019 there was \$2,480 of amortization expense reported in the accompanying consolidated statements of activities.

#### Note 7. Fair Value Measurements

The Company follows the *Fair Value Measurement* Topic of the FASB ASC 820 which establishes a common definition for fair value to be applied to U.S. generally accepted accounting principles requiring use of fair value establishes a framework for measuring fair value and expands disclosures about such fair value measurements.

The Fair Value Measurement Topic establishes a hierarchy for ranking the quality and reliability of the information used to determine fair values. ASC 820 requires that assets and liabilities earned at fair value be classified and disclosed in one of the following three categories:

- Level 1 Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.
- Level 2 Inputs are based upon quoted process for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The Company endeavors to utilize the best available information in measuring fair value. Financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement.

#### **Recurring Fair Value Measurements**

The fair value of assets and liabilities measured at estimated fair value on a recurring basis, including those items for which the Company has elected the fair value option, are estimated as described in the preceding section.

# Note 8. Tourism Support Assessment Revenue

The Tourism Support Assessment became effective on April 1, 2014. The Tourism Support Assessment is an assessment by the Company on its member hotels within an Assessment Area. The assessment is 1.75% of daily room charges for occupancy and applies only to those room charges that are subject to the state authorized hotel and motel taxes. The assessment, as adopted by the board of directors of the Company, reads as follows: On or before the 20<sup>th</sup> day of each month, each hotel member shall remit to the Company or its designated agent an amount equal to 1.75% of those room charges for occupancy of its hotel rooms in the Assessment Area in the preceding month that are subject to state authorized hotel and motel taxes.

#### Note 8. Tourism Support Assessment Revenue (Continued)

Net proceeds of the assessment (after payment or provision for payment of program expenses) are disbursed to the Company, New Orleans Tourism and Marketing Corporation (NOTMC) and the City of New Orleans monthly as follows: (i) .75% of the 1.75% assessment to the Company for leisure tourism and convention sales marketing and communications and public relations, (ii) .75% of the 1.75% assessment to the NOTMC for leisure tourism marketing and (iii) .25% of the 1.75% assessment to the City of New Orleans for enhancement of the French Quarter and its immediately surrounding area.

On March 9, 2015, the Company entered into a cooperative endeavor agreement with the City of New Orleans and the French Quarter Management District (FQMD). In this agreement it was noted that the Company would reduce the disbursements to the City of New Orleans and remit to the FQMD an amount not to exceed \$50,000 per month until May 31, 2015 and not to exceed \$75,000 per month thereafter. Beginning from June 2017, the Company remits to the FQMD amount not to exceed \$100,000.

Tourism support assessment revenue totaled \$6,904,318 and \$20,000,715 for the years ended December 31, 2020 and 2019, respectively.

#### Note 12. Hotel Tax Statutory Dedication

The Company has arrangements with the State of Louisiana (the State) to promote tourism and economic development in the Greater New Orleans area in exchange for government appropriations. Act 10 of the 2019 Second Extraordinary Legislative Session provides for an annual appropriation of up to \$11,200,000 based on the State's fiscal year end June 30, 2019. Act 10 of the 2019 Regular Session was amended to provide an additional \$978,158, increasing the total annual appropriation of up to \$12,178,158 based on the State's fiscal year end June 30, 2019. Act 1 of the 2020 Regular Legislative Session provides for an annual appropriation of up to \$11,200,000 based on the State's fiscal year end June 30, 2020. The actual appropriation recorded for the calendar years ended December 31, 2020 and 2019, by the Company was \$3,878,479 and \$12,161,034, respectively.

#### Note 13. Defined Contribution Plan

The Company offers full-time employees who have completed sixty days of continuous service participation in its 401(k) plan. Employees may contribute up to the maximum level of deferral allowed by the Internal Revenue Service. The plan provides for employer contributions up to 100% on the first 5% of employee contributions. The employees are 100% vested after completion of two years of service. Matching contributions for the years ended December 31, 2020 and 2019 were \$287,838 and \$271,574, respectively.

During the year ended December 31, 2019 the Company offered the president and CEO a participation in Executive 457(f) plan. The plan provides for employer contributions equal to participant's gross annual bonus received. Contribution for the years ended December 31, 2020 and 2019 were \$203,289 and \$118,626, respectively.

#### Note 14. Donated Services (Unaudited)

The Company has received a significant amount of non-professional donated services from various businesses in and around Greater New Orleans. These services were used in programs designed to promote the local tourism market. Management estimates that approximately \$78,368 and \$475,927 of donated services were received in 2020 and 2019, respectively. However, these services do not meet all of the applicable requirements of ASC 958, *Not-for-Profit Entities*; therefore, no amounts have been reflected in the consolidated financial statements for these donated services.

#### **Notes to Consolidated Financial Statements**

# Note 15. Commitments and Contingencies

At December 31, 2020 and 2019, included in current liabilities is \$125,000 and \$-0-, respectively, and in long-term liabilities is \$1,050,180 and \$1,383,305, respectively, due for this event within five years.

#### Note 17. Cooperative Endeavor Agreements

The Company operates four international offices in the United Kingdom, Germany, France, and China, as well as in "targeted international markets" also referred as "emerging markets" on behalf of the State of Louisiana to promote tourism. The "emerging markets" funding supports tourism promotions in Mexico, Brazil, the Netherlands, Scandinavia, Australia, and Japan. The Louisiana Office of Tourism reimburses the Company for 60-65% of the cost of marketing and operations at these foreign offices with a maximum reimbursement of \$525,000, which decreased to \$524,384 annually beginning July 1, 2018. Included in Louisiana Office of Tourism support on the consolidated statements of activities is \$118,596 and \$474,384 for the years ended December 31, 2020 and 2019, respectively, related to this funding.

On September 4, 2015, there was a cooperative endeavor agreement entered into by the City of New Orleans, the Company, and the New Orleans Ernest N. Morial Convention Center. The Company in conjunction with other tourism partners at the New Orleans Tourism and Marketing Corporation and New Orleans Ernest N. Morial Convention Center will provide funds that will assist in the ongoing placement of a full-time State Police presence in and around the French Quarter. During the years ended December 31, 2020 and 2019, the Company incurred expenses of \$-0- and \$500,000 under this agreement, respectively.

On March 27, 2017, the Company entered into a commercial agreement with an international airline in order to launch and develop a new flight route. In order to mitigate the financial risks inherent in starting new routes and specifically to support the route's revenue performance, the Company agreed to provide a risk mitigation guarantee should the route not achieve its targets. The agreement is in effect until 2019. The Company signed cooperative endeavor agreements with Louisiana Department of Economic Development, City of New Orleans, Jefferson Parish, Ernest N. Morial Convention Center, and Louisiana Office of Tourism to mitigate the risk associated with the quarantee. The Company recorded a net credit of \$199,000 and net expense \$983,000 after reimbursements in the consolidated statements of activities under this agreement for the years ended December 31, 2020 and 2019, respectively. Under this agreement, the Company also provides marketing funds of \$1,000,000 per year, over the three-year agreement. During the years ended December 31, 2020 and 2019, the Company incurred promotion expenses of \$46,457 and \$843,268, respectively, under this agreement. As of December 31, 2020 and 2019, there was \$1,227,000 and \$3,000,000 included in other accrued liabilities for this agreement, respectively.

#### Note 17. Cooperative Endeavor Agreements (Continued)

On November 22, 2017, the Company entered into a cooperative endeavor agreement with the Ernest N. Morial New Orleans Exhibition Hall Authority, the Board of Commissioners for the Port of New Orleans, and the Audubon Commission for cooperative funding for development of the Governor Nicholls and Esplanade Wharves and Riperian Land (the Wharves). Under this agreement, the Company will provide \$2 million during the years of 2018 and 2019 to support Audubon Commission's efforts to plan, build, and operate the Wharves for the use and benefit of both residents and tourists as a park and recreation area. During the year ended December 31, 2018, the Company transferred \$2,000,000 of funds to the designated escrow account, of which \$1,000,000 was recognized and recorded as promotion expense included in the consolidated statements of functional expenses, and \$1,000,000 was recorded as prepaid expenses in the consolidated statement of net position. During the year ended December 31, 2019, the \$1,000,000 in prepaid expenses was expensed. There were no funds recorded in the year ended December 31, 2020.

#### Note 18. Risks and Uncertainties

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern", and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Company, to date, the Company is primarily experiencing interruptions surrounding its live events and programs, which have been converted to virtual or hybrid events. Additionally, it is reasonably possible that estimates made in the financial statements could be impacted in the near-term as a result of these conditions.

#### Note 19. Subsequent Events

Management has evaluated subsequent events through, July 29, 2021, the date which the financial statements were available to be issued. No events were identified that required adjustment to or disclosure within the financial statements.

# Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor's Report

To the Board of Directors New Orleans & Company

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of the New Orleans & Company and its subsidiary (the Company) which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated July 29, 2021.

# **Internal Control over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered the Company's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Company's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
