INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Commissioners
Coulee Des Jonc Drainage District
Vermilion Parish, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and the major fund of the Coulee Des Jonc Drainage District (the District), a component unit of the Vermilion Parish Police Jury, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA, and the standards applicable to review engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 22 and 23 be presented to supplement the basic financial statements. Such information is presented for purposes of additional analysis and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic or historical context. Management has omitted the management's discussion and analysis information that the Governmental Accounting Standards Board requires to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have not audited, reviewed, or compiled the required supplementary information and we do not express an opinion, a conclusion, nor provide any assurance on it.

Notes to Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the Coulee Des Jonc Drainage District (the District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of these notes.

A. Financial Reporting Entity

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Oversight responsibility by the Police Jury is determined on the basis of the following criteria:

1. Appointment of governing board
2. Designation of management
3. Ability to significantly influence operations
4. Accountability for fiscal matters
5. Scope of public service

Because the Police Jury created the District and appoints its board of commissioners, the District was determined to be a component unit of the Vermilion Parish Police Jury, the governing body of the parish and the governmental body with oversight responsibility. The accompanying financial statements present information only on the fund maintained by the District and do not present information on the Police Jury, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

The District was created under the authority of Louisiana Revised Statute 38:1751-1802. The District is situated in North-Central Vermilion Parish and was created on April 1, 1912, for the purpose of opening and maintaining all natural drains in the district, where drainage is accomplished using natural forces of gravity. This may be accomplished by cutting and opening new drains, ditches, and canals. As provided by Louisiana Revised Statute 38:1758, the District is governed by five commissioners. These five commissioners are referred to as the board of commissioners and are appointed by the Vermilion Parish Police Jury. The District is a component unit of the Vermilion Parish Police Jury, the governing body of the Parish and the governmental body with oversight responsibility.

Notes to Basic Financial Statements

B. Basis of Presentation

Government-Wide Financial Statements (GWFS)

The statement of net position and the statement of activities display information about the reporting government as a whole. These statements include all the funds of the reporting entity. The District has no business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of services offered by the District, and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements (FFS)

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The fund of the District is classified as governmental. The emphasis on fund financial statements is on major governmental. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- a. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

COULEE DES JONC DRAINAGE DISTRICT
Vermilion Parish, Louisiana

Notes to Basic Financial Statements

The major fund of the District is described below:

Governmental Fund –

General Fund – This fund is the primary operating fund of the District and it accounts for the operations of the District. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the District’s policy.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide statement of net position and the statement of activities, governmental activities are presented using the “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with its activities are reported. Government-wide fund equity is classified as net position.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate. The governmental fund utilizes a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on the balance sheet. The operating statement presents sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of the District operations.

Basis of Accounting

In the government-wide statement of net position and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

COULEE DES JONC DRAINAGE DISTRICT
Vermilion Parish, Louisiana

Notes to Basic Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after the fiscal period, with the exception of state revenue sharing funds. For state revenue sharing funds the period is extended to 150 days after the fiscal year. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Revenues

Intergovernmental revenues and fees, charges and commissions for services are recorded when the District is entitled to the funds.

Ad valorem taxes are recorded in the year taxes are due and payable. Ad valorem taxes are assessed in November, by the Parish Assessor, based on the assessed value and become due on November 15 of each year. The taxes become delinquent on January 1. An enforceable lien attaches to the property as of January 1. The taxes are generally collected in December, January, and February of the fiscal year. Property tax revenues are accrued at fiscal year-end to the extent that they have been collected but not received by the Vermilion Parish Tax Collector's Office. Such amounts are measurable and available to finance current operations.

Interest on interest-bearing deposits is recorded or accrued as revenues when earned. Substantially all other revenues are recorded when received.

Expenditures

The District's primary expenditures include salaries and insurance, which are recorded when the liability is incurred. Capital expenditures and purchases of various operating supplies are regarded as expenditures at the time purchased.

The District uses unrestricted resources only when restricted resources are fully depleted.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Equity

Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand deposits, saving accounts, and certificates of deposits of the District.

COULEE DES JONC DRAINAGE DISTRICT
Vermilion Parish, Louisiana

Notes to Basic Financial Statements

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include ad valorem taxes.

Prepaid Lease

In the government-wide and fund financial statements, prepaid lease consist of annual lease payments paid during the current fiscal year that benefit the next fiscal year.

Capital Assets

Capital assets, which include furniture, fixtures, and equipment, are reported in the governmental activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. The District maintains a threshold level of \$1,000 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

	<u>Estimated Useful Lives</u>
Machinery and Equipment	5-10 years
Buildings	20-25 years

In the fund financial statements, capital assets used in government fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Compensated absences

Full-time employees of the District with more than one year of service are allowed two weeks of vacation leave each year; full-time employees with one year's service or less are allowed one week of vacation leave each year. Sick leave is granted on an individual basis as the need occurs. Vacation and sick leave may not be accumulated and carried into future years.

COULEE DES JONC DRAINAGE DISTRICT
Vermilion Parish, Louisiana

Notes to Basic Financial Statements

Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position and or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has no deferred outflows of resources.

In addition to liabilities, the statement of net position and or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has no deferred inflows of resources.

Equity classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of net capital assets reduced by outstanding balances of any debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- b. Restricted net position – Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Constraints may be placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – Net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in either of the other two categories of net position.

In the fund statements, governmental fund equity is classified as fund balance as follows.

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

COULEE DES JONC DRAINAGE DISTRICT
Vermilion Parish, Louisiana

Notes to Basic Financial Statements

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of the District board members. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by Board members.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only Board members may assign amounts for specific purposes.

Unassigned – all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless Board members have provided otherwise in its commitment or assignment actions.

E. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(2) Cash and Interest-Bearing deposits

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The District may invest in United States bonds, treasury notes, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

These deposits are stated at cost, which approximates market. Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the District's deposits may not be recovered or will not be able to recover the collateral securities that are in the

COULEE DES JONC DRAINAGE DISTRICT
Vermilion Parish, Louisiana

Notes to Basic Financial Statements

possession of an outside party. The District does not have a policy for custodial credit risk; however, under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the pledging financial institution. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the financial institution. These securities are held in the name of the pledging financial institution in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) are as follows:

Bank balances	<u>\$ 120,797</u>
Insured deposits	<u>\$ 120,797</u>

(3) Capital Assets

Capital asset activity was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 15,000	\$ -	\$ -	\$ 15,000
Other capital assets:

Notes to Basic Financial Statements

(4) Compensation, Benefits, and Other Payments to President

A detail of compensation, benefits, and other payments paid to President Harold Marceaux is as follows:

<u>Purpose</u>	<u>Amount</u>
Salary	\$ 1,950
Truck allowance	4,200
	<u>\$ 6,150</u>

(5) Compensation Paid Board of Commissioners

A summary of compensation paid to the board of commissioners is as follows:

Melvin Faulk, Sr.	\$ 1,950
Ronald Dubois (May - December)	1,350
Conley Frederick	1,950
Glenray Trahan	1,950
Larry Trahan (January - March)	150
Total	<u>\$ 7,350</u>

(6) Litigation

There was no litigation pending against the District at December 31, 2020.

(7) Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There have been no significant reductions in the insurance coverage during the year. The District has had no settled claims resulting from these risks that exceeded its commercial coverage in any of the past three years.

(8) Subsequent events

In February 2021, the District entered into a five year lease-purchase agreement for the purchase of equipment valued at \$201,228.

(1) Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- b. The budget is employed as a management control device during the year that assists its user in financial activity analysis.
- c. Any changes in the proposed annual operating budget require a majority vote of the Board of Commissioners.
- d. No later than the last regular meeting of the fiscal year, the Board of Commissioners adopts the annual operating budget for the ensuing fiscal year.
- e. All budget appropriations lapse at year-end. The budgets presented are the originally adopted budget and the final amended budget.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Commissioners
Coulee Des Jonc Drainage District
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below, which were agreed to by the Coulee Des Jonc Drainage District (the District), and the Louisiana Legislative Auditor (the specified parties), on the District's compliance with certain laws and regulations contained in the accompanying *Louisiana Attestation Questionnaire* during the fiscal year ended December 31, 2020, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The District's management is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Public Bid Law

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1755 (the state procurement code) or RS 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

No purchases were made during the year for materials and supplies exceeding \$30,000. There were no public works exceeding \$250,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain a list of the immediate family members of each board member as defined by RS 42:1101-1124 (the ethics law).

Management provided us with the requested information.

3. Obtain a list of all employees paid during the fiscal year.

Management provided us with the requested information.

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

None of the employees included on the list provided by management for agreed-upon Procedure 3 appeared on the list provided by management for agreed-upon Procedures 2.

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

Management provided the requested information. None of the businesses of board members, employees, and board members' and employees' immediate families appeared as vendors on the list of disbursements.

Budgeting

6. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original and amended budgets.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

We traced adoption of the original budget to documentation in the minutes of the meeting of the District's commissioners held on November 19, 2019. We traced adoption of the amended budget to documentation in the minutes of the meeting of the District's commissioners held on December 15, 2020.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues exceeded budgeted revenues. Expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- a. Report whether the six disbursements agree to the amount and the payee in the supporting documentation.

Each of the six selected disbursements agreed with the amount and payee in the supporting documentation.

- b. Report whether the six disbursements are coded to the correct fund and general ledger account.

The six disbursements were properly coded to the correct fund and general ledger account.

- c. Report whether the six disbursements were approved in accordance with management's policies and procedures.

The District's policies and procedures state that the chairman of the District's Board of Commissioners must approve all disbursements, with subsequent approval by the full board. Documentation supporting each of the six selected disbursements included the signature of the chairman of the Board of Commissioners. In addition, approval by the full commission for each of the disbursements was traced to the District's minute book.

Meetings

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

Management represented that the Drainage District is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. Although, management has asserted that such documents were properly posted, we could find no evidence supporting such assertion other than an unmarked copy of the notices and agendas.

Debt

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loan, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

We scanned copies of all bank deposit slips for the fiscal year, and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

We scanned payroll disbursements and read the meeting minutes of the District's board of commissioners for the fiscal year. We found no payments or approval for payments to employees that would constitute bonuses, advances, or gifts.

State Audit Law

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513

The District's report is due on June 30, 2021.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

Management represented that the District was not on the noncompliance list at any time during the fiscal year.

Prior-Year Comments

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

Our prior year report, dated June 16, 2020, did not include any suggestions, exceptions, recommendations, or comments.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to, and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
