Management's Discussion and Analysis

For the Year Ended June 30, 2019

This section of Kisatchie-Delta Regional Planning and Development District's annual financial report presents our discussion and analysis of the District's financial performance during the year ended June 30, 2019.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present Kisatchie-Delta's financial position and results of operations from differing perspectives, which are described as follows:

Government –Wide Financial Statements

The government-wide financial statements report information about Kisatchie-Delta as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of Kisatchie-Delta's assets and all of its liabilities (including long-term debt). Expenses incurred in connection with the operation of Kisatchie-Delta's programs are reported as governmental activities. The governmental activities are financed by grants, fees and membership dues.

Fund Financial Statements

Fund financial statements provide detailed information regarding Kisatchie-Delta's most significant activities and are not intended to provide information for Kisatchie-Delta as a whole. Funds are accounting devices that are used to account for specific sources of funds. Kisatchie-Delta's funds are all classified as governmental funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of Kisatchie-Delta's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

FINANCIAL ANALYSIS OF KISATCHIE-DELTA AS A WHOLE

Government-wide financial data for Kisatchie-Delta are presented as follows:

Kisatchie-Delta

Regional Planning and Development District

Notes to Financial Statements

June 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Kisatchie-Delta Regional Planning and Development District, Inc. is a non-profit organization organized under the Laws of the State of Louisiana. The District represents a portion of Central Louisiana that includes eight (8) parishes. Kisatchie-Delta is governed by a Board of Directors and members of the Board are appointed by the governing bodies of various political subdivisions that lie within the boundaries of the District.

Kisatchie-Delta was organized in order to promote economic development and alleviate unemployment. Its activities are financed by Federal and State grants, as well as support from local governmental units. Since Kisatchie-Delta is financed by governmental sources and, since its Board of Directors is appointed by various local governments, Kisatchie-Delta is considered to be a quasi-governmental unit for financial reporting purposes. The accompanying financial statements were prepared in conformity with generally accepted accounting principles for governmental units.

The following is a summary of certain significant accounting policies and practices:

Financial Reporting Entity

Kisatchie-Delta is considered a legally separate stand-alone government as defined by Statement No. 14 of the Governmental Accounting Standards Board. The reporting entity is composed of the activities that are under the direct control of the Board of Directors. Kisatchie-Delta is not financially accountable for any organizations that maintain separate legal standing; therefore, it has no component units.

Basic Financial Statements

All of Kisatchie-Delta's operations are classified as governmental activities. Governmental activities involve government services that are normally supported by intergovernmental revenues and certain fees. The basic financial statements include both government-wide and fund financial statements. The government-wide and fund financial statements present the District's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about Kisatchie-Delta as a whole. The effect of interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, fees, contributions associated with a particular function and most grants.

Notes to Financial Statements

June 30, 2019

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The District's major funds are described as follows:

- General Fund – The general fund is the primary operating fund and is used to account for all governmental activities that are not required to be presented elsewhere.
- Go Biz – Provides assistance and leadership to business enterprise utilizing resources provided by the Delta Regional Authority.
- Restore LA – Assist disaster victims with obtain loans necessary for recovery.
- Restore LA Admin – Accounts for activities associated with administering the Restore LA program.
- EDA – This fund accounts for activity related to regional planning activities supported by EDA grants and local matching funds.
- Delta Regional Authority – Established to account for fees earned in connection with projects funded by the Delta Regional Authority.
- Disaster Recovery – Accounts for services directly related to performing services related to assisting disaster victims.
- Professional Services – Accounts for activities associated with performing services in exchange for fees.
- Tunica-Biloxi – Account for revenue and expenses associated with providing services under a contractual arrangement with the Tunica-Biloxi Tribal Government.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

<u>Financial Statement Presentation</u>	<u>Basis of Accounting</u>	<u>Measurement Focus</u>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered

Kisatchie-Delta

Regional Planning and Development District

Notes to Financial Statements

June 30, 2019

available if it is collected within 90 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as an other financing source and repayment of long-term debt is reported as an expenditure of funds.

Accumulated Unpaid Vacation

The District's employees earn from one to one and a half hours of vacation pay for every twenty hours worked depending upon their length of service. Vacation time not taken may be carried forward to subsequent periods; but upon termination, no more than thirty days of accrued vacation will be paid to the employee. Earned vacation has been charged to the funds based on the same allocation as regular salary.

Capital Assets

Capital assets include significant acquisitions of equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions. Capital assets are depreciated using the straight-line method and useful lives ranging from 3 years to 7 years.

Interfund Receivables and Payables

Amounts of cash held or disbursed by the General Fund on behalf of other funds are recorded as Interfund Payables and Receivables. These Interfund Payables and Receivables are eliminated from the government-wide financial statement presentation.

Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Credit risk associated with bank deposits is limited by requiring fiscal agent banks to pledge securities as required by State Law. Furthermore, interest rate risk associated with certificates of deposits is typically mitigated by purchasing instruments that mature in one year or less.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Kisatchie-Delta

Regional Planning and Development District

Notes to Financial Statements

June 30, 2019

Budgets

As discussed previously, Kisatchie-Delta is organized as a non-profit corporation rather than a political subdivision. Accordingly, Kisatchie-Delta is not required to prepare a formal budget or present budget comparisons with its financial statements.

Fund Balance Classification:

The District's Executive Director is authorized to assign amounts for specific purposes. In situations where it is permissible to spend restricted or assigned resources, the District typically depletes the available restricted or assigned resources before consuming unrestricted resources.

NOTE 5 - ACCOUNTS RECEIVABLE

Accounts receivable at year end consisted entirely of fees earned for providing services. Based on collection experience, no allowance for doubtful accounts was necessary.

NOTE 6 - COMPENSATION OF BOARD MEMBERS

During the year, no compensation was paid to any member of the District's Board of Directors.

NOTE 7 - CASH

At June 30, 2019 the District's cash balances totaled \$135,899 (Book Balance) and \$147,080 (Bank Balance). The bank balance is fully secured by FDIC insurance.

NOTE 8 - RISK MANAGEMENT:

Kisatchie-Delta is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks of loss are covered by a comprehensive commercial insurance policy and workers compensation insurance. Claims resulting from these risks have historically not exceeded insurance coverage.

NOTE 9 – LEASE

The lease agreement executed by Kisatchie-Delta to occupy office facilities necessary for operations has expired. Currently, the facility is rented on a monthly basis. For the year ended June 30, 2019, rent expenditures totaling \$11,700 were incurred and reported as finance and administration expenditures.

NOTE 10 – CONTINGENCES

Contingencies associated with Kisatchie-Delta's operations are described as follows:

Grant Contingences

Kisatchie-Delta receives state and federal assistance through various grant programs and contracts. Management is confident that all significant conditions have been met; however, grantor agencies routinely review grant activity and could request reimbursement if a dispute occurs regarding compliance with grant conditions.

Gain Contingences

Deficits have been accumulated in connection with certain projects that are summarized below:

Restore Louisiana	\$ 211,027
Restore Louisiana Administration	14,355
Disaster Recovery	35,691
<hr/>	
Total	\$ 261,073
<hr/>	

The deficits presented above result from expenditures that were incurred with the expectation of receiving reimbursements from various agencies. Due to a variety of problems with the reimbursement process, the collection of reimbursements and recognition of revenue has been limited. Management is pursuing efforts to collect additional reimbursements and if the efforts are successful revenue will be recognized upon collection. To the extent collection efforts are unsuccessful, unrestricted resources held by other funds will be used to eliminate the deficits.

ACCOUNTING AND REPORTING

9. Randomly select six disbursements made during the period under examination and:

(a) trace payments to supporting documentation as to proper amount and payee.

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account.

All of the payments were properly coded to the correct fund and general ledger account.
