**INDEPENDENT AUDITOR'S REPORT**

Board of Directors,  
Water Works District No. 1 of Evangeline Parish,  
State of Louisiana  
Pine Prairie, Louisiana

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the business-type activities of the Water Works District No. 1 of Evangeline Parish, Louisiana, a component unit of the Parish of Evangeline, State of Louisiana, as of and for the years ended October 31, 2025 and 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Water Works District No. 1 of Evangeline Parish, Louisiana, as of October 31, 2025 and 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Water Works District No. 1 of Evangeline Parish, Louisiana and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Water Works District No. 1 of Evangeline Parish, Louisiana's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Water Works District No. 1 of Evangeline Parish, Louisiana's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Water Works District No. 1 of Evangeline Parish, Louisiana's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

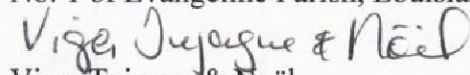

The Water Works District No. 1 of Evangeline Parish, Louisiana has not presented management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Water Works District No. 1 of Evangeline Parish, Louisiana's basic financial statements. The accompanying schedule of compensation, benefits, and other payments to agency head, and the schedule of expenditures of federal awards, as required by Title, 2 U.S. *Code of Federal Regulations Part 200, Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits, and other payments to agency head, and the schedule of expenditures of federal awards, as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 21, 2026, on our consideration of the Water Works District No. 1 of Evangeline Parish, Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Water Works District No. 1 of Evangeline Parish, Louisiana's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Water Works District No. 1 of Evangeline Parish, Louisiana's internal control over financial reporting and compliance.

WATER WORKS DISTRICT NO. 1 OF PARISH OF  
EVANGELINE, LOUISIANA  
NOTES TO FINANCIAL STATEMENTS  
October 31, 2025 AND 2024

Introduction

The Water District is governed by eight commissioners who are resident property taxpayers of the district. These eight commissioners are collectively referred to as the board of commissioners and are appointed by the Evangeline Parish Police Jury and the City of Pine Prairie. Vacancies are filled by the bodies making the original appointments. The water district was created to provide water within the district. The water district is a component unit of the Evangeline Parish Police Jury. The system has approximately 820 customers and employs 5 people. It is economically dependent upon the district it serves.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Evangeline Parish Water District have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Evangeline Parish Police Jury is the financial reporting entity for Evangeline Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Codification Section 2100 defines criteria for determining which component units should be considered part of the Evangeline Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

WATER WORKS DISTRICT NO. 1 OF PARISH OF  
EVANGELINE, LOUISIANA  
NOTES TO FINANCIAL STATEMENTS  
October 31, 2025 AND 2024 (Continued)

B. REPORTING ENTITY (Continued)

1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints a majority of the district's governing body, the district was determined to be a component unit of the Evangeline Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general governmental services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. GOVERNMENT-WIDE FINANCIAL STATEMENTS (GWFS)

The Statements of Net Position display information on all of the non-fiduciary activities of Evangeline Parish Water District, as a whole. They include the proprietary fund of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Fiduciary funds are not included in GWFS.

D. FUND ACCOUNTING

The Evangeline Parish Water District is organized and operated on a fund basis whereby a self-balancing set of accounts (proprietary fund type) is maintained that comprises its assets, liabilities, net position, revenues, and expenses. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

WATER WORKS DISTRICT NO. 1 OF PARISH OF  
EVANGELINE, LOUISIANA  
NOTES TO FINANCIAL STATEMENTS  
October 31, 2025 AND 2024 (Continued)

E. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Proprietary fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the statement of net position. The Proprietary fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. On the proprietary funds financial statements, operating revenues are those that flow directly from the operations of the activity, i.e. charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide those goods or services. Non-operating revenues and expenses are items such as investment income, property taxes and interest income that are not a result of the direct operations of the activity. When an expense is incurred for purposes for which there are both restricted and unrestricted net position available, it is the District's policy to apply those expenses to restricted net position to the extent such are available and then to unrestricted net position.

F. CASH AND CASH EQUIVALENTS

The cash and cash equivalents of the Water Works District No. 1 of Parish of Evangeline, Louisiana are subject to the following risk:

*Custodial Credit Risk:* Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the District's name.

At October 31, 2025, the District had cash in bank in the amount of \$3,771,276 and insurance and security pledges of \$4,347,648. At October 31, 2024, the District had cash in bank in the amount of \$3,625,913 and insurance and security pledges of \$4,375,693.

G. PREPAID ITEMS

Payments made to insurance companies for insurance that will benefit future periods beyond October 31, 2025 and 2024, are recorded as prepaid insurance.

EVANGELINE, LOUISIANA  
NOTES TO FINANCIAL STATEMENTS  
October 31, 2025 AND 2024 (Continued)

H. RESTRICTED ASSETS

Customer Security Deposits are recorded as restricted assets and the accompanying liability as a payable from restricted assets.

I. PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Depreciation expense totaled \$70,548 and \$52,637 for the years ended October 31, 2025 and 2024, respectively. The cost of maintenance and repairs is charged to operations as incurred. Major renewals, betterments, and additions are capitalized. Interest costs during construction periods are capitalized. When capital assets are retired or disposed of, the cost of the asset and accumulated depreciation is eliminated from the accounts and the resulting gain or loss from such disposition is credited or charged to income, except that the gain or loss on assets traded in for new equipment is applied as an adjustment to the cost of the asset acquired. The capitalization limit is \$500. The estimated useful lives of these assets are as follows:

Equipment	5-10 years
Building	15-31.5 years
Water Works System	40-50 years

J. COMPENSATED ABSENCES

Employees of the Water District are entitled to one week of vacation after their first year of employment, increasing in increments of five days for each additional 5 years worked. Each full time employee is allocated 5 days of sick leave per year, accumulating up to 15 days for additional years worked, however all accrued sick leave is not a vested benefit and accordingly no liability has been recorded. Vacation that is unused at December 31<sup>st</sup> of each year is paid to the employee. Accrued vacation at October 31, 2025 and 2024 totaled \$12,947 and \$8,585 and is included in accrued expenses payable.

K. ALLOWANCE FOR DOUBTFUL ACCOUNTS

No allowance for doubtful accounts has been established because management believes all accounts receivable will be collected.

L. LONG-TERM LIABILITIES

Long-term liabilities are recognized within the Enterprise Fund.

M. NET POSITION

Net position comprises the various net earnings from operating income, nonoperating revenues and expenses, and capital contributions. Net positions are classified in the following three components: Invested in capital assets, net of related debt- This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – This component of net position consists of net positions that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

The district’s policy is first to apply unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Note 2: RESTRICTED ASSETS

Restricted Assets consists of the following:

	<u>2025</u>	<u>2024</u>
Customer Deposits	\$ 48,246	\$ 50,159
Total Restricted Assets	\$ 48,246	\$ 50,159

Note 3: AD VALOREM TAXES

Ad Valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the district in September or October and are actually billed to the taxpayers in November or December. Billed taxes become delinquent on January 1, of the following year. The district bills and collects its property taxes using the assessed values determined by the tax assessor of Evangeline Parish. For the year ended October 31, 2025 and 2024, taxes of 12.81 mills were levied.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

Water Works District No. 1  
of Evangeline Parish  
Pine Prairie, Louisiana 70576

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Water Works District No. 1 of Evangeline Parish, State of Louisiana, a component unit of the Parish of Evangeline, State of Louisiana, as of and for the years ended October 31, 2025 and 2024, and the related notes to the financial statements, which collectively comprise Water Works District No. 1 of Evangeline Parish, State of Louisiana's basic financial statements and have issued our report thereon dated April 21, 2026.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Water Works District No. 1 of Evangeline Parish, State of Louisiana's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Water Works District No. 1 of Evangeline Parish, State of Louisiana's internal control. Accordingly, we do not express an opinion on the effectiveness of Water Works District No. 1 of Evangeline Parish, State of Louisiana's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs, as item 2025-001, that we consider to be a significant deficiency.

### **Report on Compliance and Other Matters**

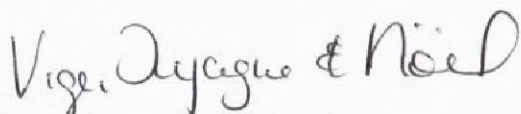

As part of obtaining reasonable assurance about whether Water Works District No. 1 of Evangeline Parish, State of Louisiana's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Water Works District No. 1 of Evangeline Parish, State of Louisiana's Response to Findings**

Water Works District No. 1 of Evangeline Parish, State of Louisiana's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Water Works District No. 1 of Evangeline Parish, State of Louisiana's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

Water Works District No. 1  
of Evangeline Parish  
Pine Prairie, Louisiana 70576

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Water Works District No. 1 of Evangeline Parish, Louisiana's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Water Works District No. 1 of Evangeline Parish, Louisiana's major federal programs for the year ended October 31, 2025. Water Works District No. 1 of Evangeline Parish, Louisiana's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Water Works District No. 1 of Evangeline Parish, Louisiana complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended October 31, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Water Works District No. 1 of Evangeline Parish, Louisiana and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Water Works District No. 1 of Evangeline Parish, Louisiana's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Water Works District No. 1 of Evangeline Parish, Louisiana's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Water Works District No. 1 of Evangeline Parish, Louisiana's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Water Works District No. 1 of Evangeline Parish, Louisiana's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Water Works District No. 1 of Evangeline Parish, Louisiana's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Water Works District No. 1 of Evangeline Parish, Louisiana's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Water Works District No. 1 of Evangeline Parish, Louisiana's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

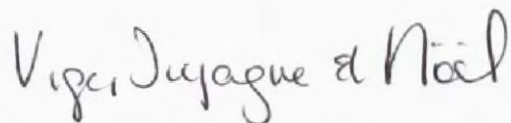

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned

functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

YEAR ENDED October 31, 2025

Section II. Financial Statement Findings

#2025-001 - Segregation of Duties

Condition: The Water Works District No. 1 of Evangeline Parish did not have adequate segregation of functions within the accounting system.

Criteria: SAS109, *Understanding the Entity and its Environment and Assessing the Risks of Material Misstatement*, AU314.43 defines internal control as follows:

“Internal control is a process, affected by those charged with governance, management, and other personnel, designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.”

Additionally, Statements on Standards for Attestation Engagements (SSAE) AT501.03 states:

“An entity’s internal control over financial reporting includes those policies and procedures that pertain to an entity’s ability to record, process, summarize, and report financial data consistent with the assertions embodied in either annual financial statements or interim financial statements, or both.”

Cause: The cause of the condition is the fact that the District does not have a sufficient number of staff performing administrative and financial duties so as to provide adequate segregation of accounting and financial duties.

Effect: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

Recommendation: Due to the size of the operation and the cost-benefit of additional personnel, it may not be feasible to achieve complete segregation of duties.

Response: It is not cost effective to achieve complete segregation of duties within the accounting function. No corrective action is considered necessary.

Condition: There is lack of segregation of duties in all areas of the financial cycle.

Recommendation: Water Works District No. 1 of Evangeline Parish is aware of this problem and we are in agreement with them that it would not be cost beneficial or possible with the limited resources available to create a segregated accounting environment.

Status: This finding is repeated for the year ended October 31, 2025, and is described in #2025-001 in the schedule of findings and questioned costs; however, Water Works District No. 1 of Evangeline Parish has segregated as much as it can, based on available resources.

#2024-002 – Late Audit Submission

Condition: The audit was not complete or submitted within six months of the close of the entities fiscal year end.

Recommendation: The District should provide the necessary information to the auditor in a timely manner to ensure that the audit is complete and submitted by the required deadline.

Status: This finding is cleared for the year ended October 31, 2025.
