## **Independent Auditor's Report**

To the Board of Directors  
Southeastern Louisiana Area Health Education Center  
Hammond, Louisiana

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the financial statements of Southeastern Louisiana Area Health Education Center (the Center), which comprise the statement of financial position as of June 30, 2025, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Center as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Center and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Center's ability to continue as a going concern within one year after the date that the financial statements are issued.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Center's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and other schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2025 on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

# SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER

## Notes to Financial Statements

---

### Note 1. Summary of Significant Accounting Policies

#### Organization

Southeastern Louisiana Area Health Education Center (the Center), formerly known as Southeastern Louisiana Area Health Education Foundation, is a Louisiana non-profit organization originally chartered on June 22, 1989. Its purpose is to operate an area health education center in southeastern Louisiana, in order to plan for additional clinical educational opportunities in rural and underserved communities. The Center provides the following program activities: serves as a bridge between Schools of Health Professions, health providers, and communities; conducts "needs assessments" to determine health care manpower needs and help communities fill those through a "grow your own approach"; organizes linkages with others to provide clinical training sites for students in medicine, nursing, allied health, and dentistry; recruits and retains health care professionals in rural and underserved areas; educates and attracts students, especially those under-represented, to careers in medicine, nursing, dentistry, and allied health fields; sponsor adult and student health career fairs, summer health career camps, and elementary school health education programs; and presents affordable, high quality educational seminars and community education on health care issues for professionals and the public.

#### Federal Income Taxes

The Center is exempt from federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code.

#### Basis of Accounting

The Center prepares its financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), involving the application of accrual accounting; consequently, revenues and gains are recognized when earned and expenses and losses are recognized when incurred.

#### Basis of Presentation

The Center follows the provisions of the *Not-for-Profit Organizations* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under the *Not-for-Profit Organizations* Topic of the FASB ASC, the Center is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. Net assets without donor restrictions include those net assets available for use in general operations and not subject to donor restrictions. Net assets with donor restrictions are those net assets subject to donor-imposed restrictions. As of June 30, 2025, there are no net assets with donor restrictions.

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER

## Notes to Financial Statements

---

### Note 1. Summary of Significant Accounting Policies (Continued)

#### **Contributions**

Contributions received are recorded as with or without donor restrictions depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions. Once expended for their restricted purpose, these restricted net assets are released to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Contributed property and equipment is recorded at fair value at the date of donation. In the absence of donor-imposed stipulations regarding how long the contributed asset must be used, the Center has adopted a policy of implying a time restriction on contributions of such assets that expires over the assets' useful lives.

#### **Donated Goods and Services**

Organizations are required to recognize as revenue and related expense, services received if the organization would typically need to purchase the services if not received as donations. No amounts have been reflected in the financial statements for donated goods and services because there was either no objective basis available to measure their value or the value given was immaterial to the financial statements taken as a whole.

#### **Revenue and Expenses**

Support for the Center is provided primarily by the Louisiana State University and Agricultural and Mechanical College, acting on behalf of the Louisiana State University Medical Center (LSUMC), by federal grants received either directly from federal agencies or passed through state and local governmental agencies, and by contracts and agreements signed with various state agencies to provide support personnel. Interest income is also generated by the Rural Loan Fund Program (see Note 3).

Expenditures pertaining to the funding provided by LSUMC are to be made in accordance with a budget, which has been adopted and made a part of the cooperative endeavor with LSUMC. The Center is to be reimbursed by LSUMC for costs incurred in carrying out the provisions of the agreement. For federal and state grants administered on a cost-reimbursement basis, revenue is recognized as allowable expenditures are incurred. Contract revenue is recognized over the life of the contract and represents the Center's administrative fee.

#### **Grants Receivable**

Grants receivable represents amounts earned but not yet collected as of June 30, 2025, from the various grants awarded to the Center. Management believes that the amounts are fully collectible, and no provision for uncollectible accounts is considered necessary. Grants receivable totaled \$12,734,580 as of July 1, 2024.

# SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER

## Notes to Financial Statements

---

### Note 1. Summary of Significant Accounting Policies (Continued)

#### **Fixed Assets**

Effective with the October 1, 1994 cooperative endeavor between LSUMC and the Center, title to equipment purchased with these funds is to remain with the Center. Prior to October 1, 1994, title to equipment purchased with these funds was to remain with LSUMC. Therefore, equipment purchased with funds provided by LSUMC have been capitalized and recorded in the statement of financial position. In addition, the costs of automobiles, furniture, and office equipment purchased with funds provided by federal award programs have been capitalized and recorded in the statement of financial position. Acquisitions of property and equipment in excess of \$1,000 and an economic useful life greater than one year are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets as follows: building and building improvements - 30 years, furniture and equipment - 5 to 7 years, and vehicles - 3 to 5 years.

#### **Notes Receivable**

Notes receivable (related to the Rural Loan Fund) are stated at their principal balances outstanding. Interest income on notes receivable is recognized using the interest method. An allowance is established in an amount that management believes will be adequate to absorb possible losses on existing notes that may become uncollectible, based on evaluation of the collectability and prior loss experience. The evaluations take into consideration such factors as current economic conditions that may affect the borrowers' ability to pay.

#### **Cash Flow Information**

The Center considers all short-term investments with an original maturity of three months or less to be cash equivalents.

#### **Functional Expenses**

The cost of providing the Center's various programs and supporting services have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Expenses are first allocated by direct identification and then allocation if an expenditure benefits more than one program or function. As of June 30, 2025, all expenses were allocated by direct identification and not allocated.

#### **Advertising Costs**

Advertising costs are expensed as incurred. The Center did not incur any advertising costs during the year ended June 30, 2025.

# SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER

## Notes to Financial Statements

---

### Note 1. Summary of Significant Accounting Policies (Continued)

#### Leases

The Center determines if an arrangement is or contains a lease at inception, which is the date on which the terms of the contract are agreed to, and the agreement creates enforceable rights and obligations. A contract is or contains a lease when (i) explicitly or implicitly identified assets have been deployed in the contract, and (ii) the Center obtains substantially all of the economic benefits from the use of that underlying asset and directs how and for what purpose the asset is used during the term of the contract. The Center also considers whether its service arrangements include the right to control the use of an asset.

For the year ended June 30, 2025, the Center had no operating or finance leases applicable to Topic 842. The Center did have operating leases for equipment with terms of 12 months or less, which is accounted for under its accounting policy election for short-term leases (see Note 9).

### Note 2. Concentration of Credit Risk

The Center periodically maintains cash in bank accounts in excess of the federally insured limits. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per financial institution. At June 30, 2025, approximately \$3,370,000 of cash and cash equivalents were uninsured. The Center has not experienced any losses and does not believe that significant credit risk exists as a result of this practice.

### Note 3. Notes Receivable

The Center operates the Rural Loan Fund Program to assist rural health clinics and hospitals obtain low-interest loans to assist in obtaining necessary equipment and facilities to enhance their ability to provide high-quality health care to residents in rural areas of the State of Louisiana.

At June 30, 2025, the Center had 16 notes outstanding totaling \$975,180. At June 30, 2025, all 14 notes were classified as current. The 14 notes have interest rates of approximately 4% to 7%, with maturities through 2034.

During the year ended June 30, 2025, the Center conducted a review of its notes receivable and has recorded an allowance for credit losses of \$18,500.

# SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER

## Notes to Financial Statements

---

### Note 4. Fixed Assets

As of June 30, 2025, fixed assets consisted of the following:

Buildings	\$	615,581
Office Equipment		142,793
Office Furniture		51,582
Vehicles		277,851
		<u>1,087,807</u>
Less: Accumulated Depreciation		<u>(734,815)</u>
<b>Total</b>	<b>\$</b>	<b><u>352,992</u></b>

All capitalized assets are depreciated using the straight-line basis over the estimated useful lives of the assets. Depreciation expense for the year ended June 30, 2025, totaled \$47,929.

Not included in fixed assets is approximately \$460,000 of medical reference books and journals which were donated to the Center during the year ended June 30, 2015. No value has been recorded within the financial statements for this donation as these items have been accepted for their potential future use in scientific and educational research.

### Note 5. Note Payable

The Center had a \$250,000 note payable from the Louisiana Public Facilities Authority (LPFA). The note was non-interest bearing, and paid down in full during the year ended June 30, 2025.

### Note 6. Retirement Plan

The Center established an employer sponsored 403(b) annuity plan (the Plan) effective October 1, 1990, to provide retirement benefits for employees of the Center and the payment of benefits to employees and their beneficiaries. The Center's contribution was 7% of the employees' salaries during the year ended June 30, 2025. Additionally, an amount determined by resolution of the Board of Directors of the Center may be contributed to the Plan. The contribution to the Plan for the year ended June 30, 2025, amounted to \$1,012,612.

In October 2014, the Center established a 457(b) deferred compensation plan covering the CEO, CFO, and certain senior staff. In June 2016, the Center approved to add Directors to the Plan. The contribution to the Plan for the year ended June 30, 2025 amounted to \$171,000. The only eligible employees are the CEO, CFO, and certain board approved senior staff.

# SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER

## Notes to Financial Statements

---

### Note 7. Uncertain Tax Positions

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. The Center believes it has appropriate support for any tax positions taken, and management has determined that there are no uncertain tax positions that are material to the financial statements. Penalties and interest assessed by income taxing authorities, if any, would be included in income tax expense.

### Note 8. Liquidity and Availability

The Center regularly monitors liquidity required to meet its operating needs and other contractual commitments. Expenditures are generally met within 30 days, utilizing the financial resources the Center has available.

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, consisted of the following:

Cash and Cash Equivalents	\$	4,158,601
Grants Receivable		<u>8,730,254</u>
<b>Total</b>	<b>\$</b>	<b><u>12,888,855</u></b>

### Note 9. Commitments and Contingencies

The Center receives financial assistance directly from federal agencies which are subject to compliance audits under Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and monitoring review by the granting agencies. As a result, amounts might be subject to disallowance upon acceptance of the audits and monitoring reviews by the federal granting agencies.

The Center, in the ordinary course of business, may be involved in various legal proceedings. It is the opinion of the Center's management that the disposition or ultimate resolution of such proceedings would not have a material effect on the Center's financial position or the results of operations. The Center has operating leases for equipment that fall under the Center's accounting policy election for leases with a term of 12 months or less.

Lease expense for all short-term operating leases, including taxes and fees, for the year ended June 30, 2025 was \$2,280.

At June 30, 2025, the Center's future commitment under its non-cancelable operating leases, as determined under Topic 840, was \$6,600.

## **SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER**

### **Notes to Financial Statements**

---

#### **Note 10. Subsequent Events**

Management has evaluated subsequent events through the date that the financial statements were available to be issued, December 8, 2025, and determined that no events occurred that require disclosure. No subsequent events occurring after this date, have been evaluated for inclusion in these financial statements.

## **SUPPLEMENTARY INFORMATION**

**SOUTHEASTERN LOUISIANA AREA HEALTH EDUCATION CENTER**  
**Supplementary Information**  
**Schedule of Compensation, Benefits, and Other Payments to Agency Head**  
**For the Year Ended June 30, 2025**

**Note 1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards includes the grant activity of Southeastern Louisiana Area Health Education Center (the Center) and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance.

**Note 2. De Minimus Cost Rate**

The Center has elected to use the indirect cost rate as specified under the grant agreement.

**REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Independent Auditor's Report

To the Board of Directors  
Southeastern Louisiana Area Health Education Center  
Hammond, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Southeastern Louisiana Area Health Education Center (the Center), which comprise the statement of financial position as of June 30, 2025, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 8, 2025.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Center's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

**REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Independent Auditor's Report

To the Board of Directors  
Southeastern Louisiana Area Health Education Center  
Hammond, Louisiana

**Report on Compliance for the Major Federal Program**

***Opinion on the Major Federal Program***

We have audited Southeastern Louisiana Area Health Education Center's (the Center) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the Center's major federal program for the year ended June 30, 2025. The Center's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2025.

***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibility under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Center and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Center's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Center's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Center's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Center's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Center's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Center's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## AGREED-UPON PROCEDURES REPORT

Southeastern Louisiana Area Health Education Center

Independent Accountant's Report  
On Applying Agreed-Upon Procedures

For the Period July 1, 2024 - June 30, 2025

To the Board of Directors  
Southeastern Louisiana Area Health Education Center  
and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the Southeastern Louisiana Area Health Education Center's (the Center) control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2024 through June 30, 2025. The Center's management is responsible for those C/C areas identified in the SAUPs.

The Center has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in the LLA's SAUPs for the fiscal period July 1, 2024 through June 30, 2025. Additionally, the LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### ***1) Written Policies and Procedures***

---

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
- i. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.
  - ii. ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

- iii. **Disbursements**, including processing, reviewing, and approving.
- iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

**Results:** Exceptions were noted for procedure #1A(xi): Exception related to the following reasons: Policy does not include the periodic testing/verification that backups can be restored (3) and the identification of personnel, processes, and tools needed to recover operations after a critical event (6).

## **2) Bank Reconciliations**

---

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
  - ii. Bank reconciliations include written evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and
  - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

**Results:** Exceptions were noted for procedure #2A(ii): LaPorte could not verify that management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date.

## **3) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)**

---

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
  - ii. Observe that finance charges and late fees were not assessed on the selected statements.

- C. Using the monthly statements or combined statements selected under #3B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

**Results:** Exceptions were noted for procedure #3C. Of the 26 transactions selected for testing; (2) did not contain written documentation of the business/public purpose of the charge, and (1) did not contain documentation of individuals participating in meals.

We were engaged by the Center to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Center and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

RE: SAUP Agreed-Upon Procedures 24-25

The management of the S.E. Louisiana Area Education Center wishes to provide the following responses relative to the results of the 24-25 statewide agreed-upon procedures engagement:

- 1) In response to the results of the data backup can be restored and procedure for recovery. Our IT company, Microland, has been notified to provide requested information and policy.
- 2) In response to monthly bank statement reconciling outstanding item over 12 months, the accounting department is verifying these outstanding checks.
- 3) In response to credit cards procedures, the credit card policy was updated to state all receipts shall have business purpose. The accounting department will send policy to all Employees.

Sincerely,

Cheryl Tanner, CGFM  
CFO  
Southeastern Louisiana Area Health Education Center
