Parish President

**Grant M. Dussom, CPA**  
Chief Financial Officer

June 30, 2026

To the Honorable Parish President, Council Members, and Citizens of the Parish of St. Charles:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Parish of St. Charles (the Parish) for the fiscal year ended December 31, 2025.

This report consists of management's representations concerning the finances of the Parish. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the Parish has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Parish's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Parish's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Parish's financial statements have been audited by Carr, Riggs & Ingram, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Parish for the fiscal year ended December 31, 2025, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Parish's financial statements for the fiscal year ended December 31, 2025, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Parish was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in this annual comprehensive financial report.

The Parish prepares the Annual Comprehensive Financial Report (ACFR) using the financial reporting requirements as prescribed by the GASB Codification Section 2100 – 2900 Financial Reporting. This GASB Codification requires that management provide a narrative introduction, overview, and analysis to accompany the Basic Financial Statements in the form of a Management’s Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Parish of St. Charles**

The Parish is located approximately 25 miles upriver from New Orleans. It has an estimated population of 52,549. The Parish is bisected by the Mississippi River, bordered by Lake Pontchartrain on the north, Lake Salvador on the south, Jefferson Parish on the east and by Lake Des Allemands, Lafourche Parish, and St. John the Baptist Parish on the west.

The Parish’s present system of government was established by its Home Rule Charter, which became effective in 1978. The Parish operates under a president-council form of government with the Parish President, seven district Council Members and two at-large Council Members, each elected for a four-year term.

The Parish President is the chief executive officer of the Parish, responsible for carrying out policies adopted by the St. Charles Parish Council (the Council) and for the administration, direction, and supervision of all parish departments, offices, agencies, and special districts, the heads of which are appointed by him.

The Council is the governing authority for the Parish, a political subdivision of the State of Louisiana authorized by the Constitution of the State of Louisiana. The Council consists of nine members of which two members are elected parish wide to represent the entire parish and seven members are elected to represent each of the seven districts. The Council elects from among its members a chairman and a vice-chairman who serve at its pleasure. The Council may levy and collect taxes, special assessments, service charges, license charges, fees and other revenues, and borrow money subject to limitations provided by state law.

The Parish President submits an operating and capital budget to the Council for approval at least seventy-five days before the beginning of each fiscal year. Formal budgetary accounting is employed as a management control device during the year for the general fund, special revenue funds, debt service funds, capital projects funds, and proprietary funds.

The level of budgetary control is at the fund/departmental level and expenditures may not exceed budgeted appropriations. The Public Works Department, Recreation Department, and the Parish Council are examples of legal levels of budgetary control within a fund, even though budgetary data may be presented at lower levels within the department. Budget amendments at the department/fund level must be approved by the Parish Council. Budget amendments below the department/fund level, known as executive orders, may be approved by the Parish President. Generally, all appropriations for operating activities lapse at year end.

Budgets for the general, special revenue, debt service, and capital projects funds are adopted on a modified accrual basis of accounting. Budgets for the proprietary funds are adopted on an accrual basis.

## **Debt Administration**

All the Parish's existing long-term debt is scheduled to be retired within 25 years.

## **Capital Assets**

The capital assets of the Parish are those capital assets used in the performance of general governmental functions. As of December 31, 2025, the capital assets of the Parish amounted to \$498,627,945, net of accumulated depreciation. The amount represents the total historical cost or estimated historical cost, if historical cost is not available.

## **Independent Audit**

The Revised Statutes of the State of Louisiana require an audit of the book of accounts, financial records and transactions of all funds of the Parish. This year's audit was performed by Carr, Riggs & Ingram, LLC.

## **Financial Forecast**

2025 is best described as a year of expansion and progress and the future looks very bright, multiple large expansion projects on the horizon from several of our largest taxpayers. Sales taxes for 2025 continued to increase to their highest collection on record. The Parish finished 2025 just under 6% higher in terms of sales tax revenue versus 2024. Ad Valorem taxes also reached record highs for 2025, and the assessed value of the Parish has St. Charles Parish ranked as the eighth largest taxable assessed value in the State of Louisiana.

The assessed value of taxable property for 2025 fiscal year increased just over 1% from the prior year. The driving factor for this increase was due to items coming off ten-year exemption combined with numerous heavy industrial expansions taking place during the year, which will carry into fiscal years 2026. We anticipate a slight decrease in 2027, followed by moderate increase in 2028 through 2029.

The Parish's 2025 average annual Unemployment Rate was 3.5%, a decrease of .02% from 2024, and still under the 4% rate posted by the State. Importantly, the number of residents employed and the size of the labor force in 2025 reached pre-COVID levels.

One hundred (100) residential permits were issued by the Department of Planning and Zoning, up 25 from 2024, a significant increase from 2024. The local Commercial Construction sector saw a slight decrease with 30 permits issued compared to 28 issued in 2024. Fifty-eight (58) Home Occupation permits were issued in 2025, down (11) from the total registered in 2024. There were seventy (67) Change of Use/Occupancy (COU) permits issued, 10% higher than the previous year.

The capital assets of the Parish are those capital assets used in the performance of general governmental functions. As of December 31, 2025, the capital assets of the Parish amounted to \$498,627,945, net of accumulated depreciation. The amount represents the total historical cost or estimated historical cost, if historical cost is not available.

## **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Distinguished Budget Presentation Award to the Parish of St. Charles for its 2026 Consolidated Capital and Operation Budget. This was the fourteenth consecutive year that the government has received this prestigious award. This award represents a significant achievement by the Parish. It reflects the commitment of the governing body and staff to meet the highest principles of governmental budgeting. To receive the budget award, the entity had to satisfy nationally recognized guidelines for effective budget presentation.

The Government Finance Officers Association of the United States and Canada (GFOA) also awarded a Certificate of Achievement for Excellence in Financial Reporting to the Parish of St. Charles for its annual comprehensive financial report for the fiscal year ended December 31, 2024. This was the twenty-ninth consecutive year that the government has achieved this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report satisfies both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation to all members of the department who assisted and contributed to the preparation of this report. I would also like to thank the Parish President and Parish Council Members for their support and interest in the financial operations of the Parish. I sincerely appreciate their continuing support.

Respectfully submitted,

## **INDEPENDENT AUDITOR'S REPORT**

To the Honorable President  
and Members of the Council  
St. Charles Parish Council  
Hahnville, Louisiana

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the St. Charles Parish Council (the Parish), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Parish, as of December 31, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Parish and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Parish's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Parish's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-14, OPEB Schedules and Budgetary Comparison Information on Pages 100-111, Schedule of Proportionate Share of Net Pension Liability on page 112, and Schedule of Employer Contributions to Pension Funds on Page 113 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Parish's basic financial statements. The accompanying combining and individual fund statements and schedules, the schedule of compensation paid to board members and parish president, the schedule of compensation, benefits and other payments, and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules, the schedule of compensation paid to board members and parish president, the schedule of compensation, benefits and other payments, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon, and the justice system funding schedules. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2026, on our consideration of the Parish's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Parish's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Parish's internal control over financial reporting and compliance.

HAHNVILLE, LOUISIANA  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

As financial management of the Parish, we offer readers of this financial statement an overview and analysis of the financial activities of the Parish of St. Charles Consolidated Government. This narrative is designed to assist the reader in focusing on significant financial issues, identify changes in the government's financial position, identify any material deviations from the approved budget documents, and identify individual fund issues or concerns.

The Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes, and currently known facts. It should be read in conjunction with the Letter of Transmittal and the financial statements that begin with Exhibit A-1.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of resources of the Parish exceeded its liabilities and deferred inflows of resources at the close of 2025 by \$616.4 million. Of this amount, \$438.9 million is invested in capital assets including infrastructure. Infrastructure assets are only of value to the Parish and cannot be sold. A total of \$65.8 million is restricted while \$111.7 million is unrestricted and may be used to meet the government's ongoing needs. In total, the Net Position of the Parish increased \$26.4 million from 2024.
- As of December 31, 2025, Unassigned fund balance for the General fund was a negative \$3.6 million, while the other categories of Non-spendable, Committed, and Assigned held balances of \$1.2 million, \$7 million, and \$47.7 million respectively, providing an overall 3% decrease from the prior year 2024 ending fund balance. This decrease is primarily attributable to decreases in grant revenues received in 2025 coupled with increased capital expenditures over the prior year.
- As of the close of the current year, the Parish's governmental funds reported a combined ending fund balance of \$162 million, an increase of \$6.5 million from prior year 2024, which is primarily attributed to significant increases in both ad valorem and sales tax collections during 2025 and an overall reduction in capital expenditures in 2025 particularly in Roads and Drainage and Recreation.
- As of December 31, 2025, the Parish has contributed a total of \$15.9 million to the St. Charles Parish Retiree Benefits Funding Trust. Because of this total funding, the Net OPEB Liability of the Parish is \$15 Million as of December 31, 2025, down \$2.5 million from 2024.
- Sales Tax collections for 2025 were the highest on record for St. Charles Parish, exceeding \$47 million. Increased consumer spending coupled with large plant expansions at various industrial sites throughout the Parish help make 2025 another banner year.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

Governmental Accounting Standards Board Codification outlines greatly changed a government's presentation of financial statement. The statements focus on the government as a whole (government-wide) and the major individual funds. Both perspectives (government-wide and major fund) allow the reader to address relevant questions, broaden a basis for comparison (year to year or government to government) and should enhance the Parish's accountability.

**Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the Parish's finances, in a manner similar to private-sector business.

**PARISH OF ST. CHARLES  
HAHNVILLE, LOUISIANA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

The *Statement of Net Position* (Exhibit A-1) presents information on all the government's assets, deferred outflows, liabilities, and deferred inflows with the difference between the two reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the Parish is improving or deteriorating.

The *Statement of Activities* (Exhibit A-2) presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future fiscal periods. For example, uncollected taxes result in cash flows for future periods. The focus of the Statement of Activities is on both the gross and net cost of various activities that are funded by the government's general tax and other revenues. This is intended to summarize information and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities and component units.

The government-wide financial statements include not only the Parish itself (known as the primary government), but also three component units: St. Charles Parish Communications District, St. Charles Parish Library Service District No. 1, and St. Charles Parish Hospital Service District. Financial information for the St. Charles Parish Hospital Service District is reported separately from the financial information presented for the primary government itself.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar. The focus is now on major funds, rather than generic fund types.

**Governmental Funds** are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The Governmental Major Fund presentation (see Exhibits A-3 and A-5) is presented on a modified accrual basis of accounting. This is the way the financial plan is typically developed excluding certain timing differences between the budget basis and the generally accepted accounting principles (GAAP) basis. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements. The Parish has presented the General Fund, Road and Drainage M&O Fund, Flood Protection Fund, and the Recreation M&O Fund as major governmental funds. All other governmental funds are presented in one column, titled Non-major Governmental Funds. Combining financial statements of the non-major funds can be found in the Combining and Individual Fund Statements and Schedules that follow the basic financial statements.

**Proprietary Funds** encompass enterprise funds on the fund financial statements. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements.

While the total columns on the proprietary fund financial statements for enterprise funds (see Exhibits A-7 through A-9) is the same as the business-type activities columns on the government-wide financial statements, the governmental major funds total column requires a reconciliation because of the different measurement focus which is reflected on the page following each statement (see Exhibits A-4 and A-6).

The flow of current financial resources will reflect bond proceeds and inter-fund transfers as other financing sources and will show capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations into the Governmental Activities column in the government-wide statements.

**Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Exhibit A-14 contains the notes to the financial statements. They are a required part of the basic financial statements.

**PARISH OF ST. CHARLES****HAHNVILLE, LOUISIANA****MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)****Other Information**

The combining statements referred to earlier in connection with the non-major governmental funds are presented after the notes to the financial statements. Combining and individual fund statements and schedules include Exhibits B -1 through B - 2 of this report.

Certain supplementary financial information can be found in Exhibits D-1 through D-20 of this report. These schedules in the Statistical Section are included for additional information and analysis and do not constitute a part of the audited financial statements.

Also included in the report are the auditor's reports, findings, and schedules that comply with the U. S. Office of Management and Budget Uniform Guidance. This information can be found under the Single Audit section.

**PARISH OF ST. CHARLES**

**HAHNVILLE, LOUISIANA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

The Parish continues to maintain a stable current ratio. The current ratio compares current assets to current liabilities and is an indication of the Parish's ability to pay current obligations. The current ratio for governmental activities is 14.72.

Approximately 71% (\$439 million) of the Parish's Net Position as of December 31, 2025 reflects the government's investment in capital assets (land, buildings, infrastructure, machinery and equipment) less any related outstanding debt used to acquire those assets. The Parish uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Another 11% (\$65 million) of the Parish's net position is subject to external restrictions on how those assets may be used, such as property tax approved by the electorate for specific purposes. The remaining 18% of net position, referred to as unrestricted (\$112 million), may be used to meet ongoing obligations of the government to citizens and creditors.

The following table provides a summary of the changes in Net Position for the year ended December 31, 2025, with comparative figures from 2024. As you will notice, with Sales and Ad Valorem taxes being the primary revenues for Governmental Activities, the increases in Ad Valorem caused by the 2.6% increase in assessed value of the Parish and the increase in Sales Tax revenue for 2025 as a result of increased consumer spending as well as heavy industrial plant expansions helped increase the Parish Net Position from 2025. Operating Grants and Contributions did however decrease in 2025 mainly due to funding associated with Hurricane IDA in 2025 versus 2024. Expenditures for 2025 increased over 2024 due to increased capital spending, with numerous public works and recreation projects being completed in 2025. See the table below for further changes:

For 2025, the Waterworks Utility System reported operating income of \$2.6 million, and the Wastewater Utility System reported operating loss of \$272 thousand. The Solid Waste Collection and Disposal fund, a small business-type activity fund, reported an operating loss of \$404 thousand. This means that of the business-type funds, the Wastewater Utility System and the Solid Waste Collection and Disposal Fund were not self-sufficient and are operating at a loss each year. Rates will need to be adjusted in 2026 to account for the operating losses. Cost of Living Rate increases go into effect starting January of each year for Wastewater and Waterworks, while Solid Waste Cost of Living increases go into effect June of each year. Additionally, the Wastewater Utility System now has access to the Wastewater Facility Millage rate, which generated an additional \$5.1 million in revenue for 2025 which has helped support operations, while also allowing for capital improvements.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

As noted earlier, the Parish uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

*Governmental Funds:* The focus of the Parish's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Parish's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current year, the primary government's governmental funds reported combined ending fund balances of \$162 million, an increase of \$6.5 million in comparison with the prior year. Note the *unassigned fund balance*, which is available for spending at the government's discretion, was a negative \$3.6 million. The remainder of fund balance is broken down into the categories of GASB Codification Section 1800, to indicate that is not available for new spending because it has already been committed: (1) Non-spendable (\$1.2 million), (2) Restricted (\$51.7 million), (3) Committed (\$64.9 million), and (4) Assigned (\$47.7 million).

The General Fund is the chief operating fund of the Parish. At the end of the current fiscal year, unassigned fund balance of the General Fund was a negative \$3.6 million versus \$10 million as reported as of December 31, 2024. The primary reason for this was due to an increase in Assigned Fund balance due to expected transfers from the General Fund to Public Works, Wastewater, and Recreation to fund crucial capital projects.

The Road & Drainage Maintenance & Operation Fund is the second largest governmental fund. At the end of the current fiscal year, total fund balance of the Road & Drainage M&O Fund was \$31.8 million. Compared with total fund balance of \$21.8 million at the end of 2024, fund balance increased approximately \$10 million during 2025. This change was due primarily to decreased capital expenditures during 2025 versus 2024.

The Flood Protection Fund is the third largest governmental fund. At the end of the current fiscal year, fund balance of the Flood Protection Fund was \$48.3 million, a decrease of \$1.6 million from 2024. This is a newer fund brought about by the creation of the new 4 mill ad valorem tax. As construction of the levee has begun, we anticipate the balance herein to fluctuate from year to year.

The Recreation Maintenance and Operation Fund is the fourth largest governmental fund. At the end of the current fiscal year, total fund balance of the Recreation M&O Fund was \$7.2 million. Compared with total fund balance of \$7.8 million at the end of 2024, fund balance decreased approximately \$700 thousand 2024 driven by decreased grant revenues from prior year.

*Proprietary Funds:* The Parish's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Solid Waste Collection and Disposal Fund on December 31, 2025, was \$1.1 million, an increase of \$600 thousand from December 31, 2024. This fund's sole source of funding is the monthly garbage fee charged to our residents. Consumer Price Index (CPI) increases go into effect early June of each year.

Unrestricted net position of the Wastewater Utility System was \$6 million on December 31, 2025. This fund encompasses all assets associated with sewerage operations, maintenance, and capital improvements held by the Parish. The net investment in capital assets totaled \$62.1 million reflecting the heavy investment in capital assets, while restricted net position totaled \$4.7 million.

Unrestricted net position of the Waterworks Utility System was \$2.8 million on December 31, 2025. This fund encompasses all assets associated with waterworks operations, maintenance, billing & collection, distribution, and capital improvements held by the Parish. The net investment in capital assets totaled \$47.8 million, with restricted net position totaling \$5.4 million.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

##### General Fund Budgetary Highlights

The Parish's operating budget is prepared according to Louisiana law. During the year, the Parish revises its budget to take into consideration significant changes in revenues and expenditures. Louisiana Revised Statute 39:1311 requires that the budget be revised if either expected revenues are less or anticipated expenditures are in excess of budgetary goals by five percent (5%) or more. The original budget for the Parish's operations was adopted as submitted and became effective January 1, 2025 and the Parish Council adopted the final revisions to the budget on December 15, 2025.

A summary showing the Parish's original and final budget is provided in the ACFR at Exhibit A-18. The Parish's year-end actual results were better than had been budgeted, as conservative budgetary practices are customary. Revenues are forecast conservatively and expenditures are budgeted in anticipation of all possible costs and projects.

The General Fund actual revenues were equal to final budget projections.

Unfortunately, while classified as unrestricted, the net position is earmarked by voter referendum to be used for specific activities within the Parish. Thus, while the Parish as a whole is financially healthy, there are individual funds which are financially strapped.

##### Capital Asset and Debt Administration

###### Capital Assets

The Parish's investment in capital assets for its governmental and business type activities as of December 31, 2025, amounts to approximately \$498.6 million (net of accumulated debt and depreciation). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, wastewater treatment facilities, waterworks facilities, roads, highways, bridges, and drainage systems. The total increase in the Parish's investment in capital assets for the current fiscal year was approximately \$27.3 million (a \$21 million increase for governmental activities and a \$6.3 million increase for business-type activities).

Additional information on the Parish's capital assets can be found in Note 7 of this report.

**Economic Factors and Next Year's Budget**

Many factors were considered by the Parish administration during the process of developing the fiscal year 2026 budget. The local economy and the impact of current economic conditions nationally greatly influenced the development of the 2026 budget. Our primary sources of revenue have been Sales and Ad Valorem Taxes. The Parish's sales tax collections for 2025 were \$47.6 million, which was a positive increase of 6% from 2024's sales tax collections of \$45 million, the highest sales tax collection in St. Charles Parish history. Ad valorem taxes increased 6% over 2024 collections, again a record year for St. Charles Parish. The Parish has continued discussions with the St. Charles Parish Assessors office, and this trend is likely to continue, which is a definite positive for the Parish.

The Parish's elected and appointed officials considered these and many other factors when preparing and adopting the 2026 budget. The priorities are as follows:

All Parish employees will work in a safe environment where each department is adequately staffed, trained, and equipped to effectively carry out their missions.

Drainage, streets, road lighting, and other infrastructure will be well maintained.

The water and sewer system will meet the environmental needs of the Parish.

The Parish's Judicial System, prison and volunteer fire departments will be adequately supported to provide a safe community for our citizens.

Parish parks will be maintained to provide recreational opportunities for our citizens.

Development of business enterprises will be encouraged to provide economic opportunities for our citizens.

To the extent permitted by our remaining resources, quality-of-life projects will be pursued.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Parish of St. Charles (the "Parish") have been prepared in conformity with generally accepted accounting principles ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The government's significant accounting policies are described below.

**A. FINANCIAL REPORTING ENTITY**

St. Charles Parish Council (the "Council") is the governing authority for the Parish, a political subdivision of the State of Louisiana, as authorized by the Constitution of the State of Louisiana. The Council consists of nine members of which two members are elected parish wide to represent the entire parish and seven members are elected to represent each of the seven districts. The Parish President, elected by the voters of the Parish, is the chief executive officer of the Parish and is responsible for carrying out the policies adopted by the Council and for administering all Parish departments, offices, agencies, and special districts.

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for basic financial statements is financial accountability. Financial accountability includes appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship between the primary government and the other organization. In addition, an organization that is fiscally dependent on the primary government or has a potential to provide specific financial benefits to the primary government should be included in the reporting entity.

As required by generally accepted accounting principles, the financial statements of the reporting entity present the primary government (the Parish) and its component units. The component units discussed below are included in the Parish's reporting entity because of the significance of their operational or financial relationships with the Parish.

***Blended Component Unit***

Based on the previous criteria, the fact that the Parish has operational responsibility of these component units, including managing day to day operations and the fact that the Parish has also provided substantial financial benefits for these component units and must provide funding should the component units' outstanding debt obligations not be met in a given year, it has therefore been determined that the following component units should be included in the reporting entity of the Parish. For financial reporting purposes, these entities are reported as if they were part of the Parish's operations:

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

***Blended Component Unit (Continued)***

**Consolidated Waterworks and Wastewater District No. 1**

On March 4, 1991, in accordance with the provisions of Chapters 22 and 22A of Title 33 of the Louisiana Revised Statutes of 1950, as amended, the Consolidated Waterworks and Wastewater District No. 1 the District was created by Parish ordinance No. 91-3-2. The District was created to operate, maintain, and administer a combined wastewater and waterworks system within the parish-wide boundaries. The District separates financial reporting of its operations into two funds, the Waterworks Utility System fund and the Wastewater Utility System fund. The District is governed by the same elected Council that governs the Parish and is therefore included in the Parish's financial report as a blended component unit. Both funds of the District are reported as blended proprietary funds. The District does not issue separate financial statements. The District has a fiscal year ending December 31.

***Discretely Presented Component Unit***

The component units' column in the government-wide financial statements includes the financial data of the Parish's discretely presented component units. These units are reported in separate columns apart from the primary governments to emphasize that they are all legally separate from the Parish.

**St. Charles Parish Communications District**

The Communications District was established by parish ordinance on August 4, 1986, under the provisions of Louisiana Revised Statute 33:9101-9106. The Communications District was established to maintain and operate a 911 emergency telephone system for St. Charles Parish. Funding is provided by local grants and an emergency telephone service charge not to exceed five percent (5%) of the highest tariff rate for local telephone service supplied within the Communications District. A seven-member board of control governs the Communications District. Only one elected Parish Council member serves on this board. The Communications District's board is not the same as the elected Parish Council, and it does not provide services only to the Parish government. It is fiscally dependent because it cannot levy taxes, set rates or charges, or issue bonded debt without approval of the primary government. It is reported as a discretely presented component unit. The Communications District does not issue separate financial statements. It has a fiscal year ending December 31. The Parish administers the Communication District's ad valorem revenue, maintaining all the accounting records, handles all investments, as well as processing and paying all of the Communication District's bills from the ad valorem taxes dedicated to the Communications District.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

***Discretely Presented Component Unit (Continued)***

**St. Charles Parish Library Service District No. 1**

The Library Service District was established by parish ordinance on November 9, 1948, under the provisions of Louisiana Revised Statute 25:211. Funding is provided from ad valorem taxes, state aid, state grants, and book fines. Expenditures are restricted to library services. A five-member board of control, appointed by the same elected Council that governs the Parish, governs the library. The Library Service District's board is not the same as the elected Parish Council, and it does not provide services only to the Parish government. The Library Service District is fiscally dependent upon the Parish Council because it cannot levy taxes or issue bonded debt without approval by the Parish Council. It is reported as a discretely presented component unit. The Library Service District does not issue separate financial statements. It has a fiscal year ending December 31. The Parish administers the Library Service District's ad valorem revenue, maintains all accounting records, handles all investments, and processes and pays the bill with from the ad valorem taxes dedicated to the Library Service District.

**St. Charles Parish Hospital Service District**

This special district provides hospital services to St. Charles Parish citizens. The Council appoints the board members of the Hospital Service District and can remove them at will. While the Hospital Service District is responsible for obtaining voter approval for the levy of taxes or debt issuance, all related Louisiana State Bond Commission approvals must be obtained through the Parish, which creates fiscal dependence. For these reasons, the Parish has the ability to impose its will on the Hospital Service District, hence the Hospital Service District has a financial benefit from the Parish since these approvals must first be obtained through the Parish. The Parish however has no liability with respect to any of the Hospital Service District's bonds. The Hospital Service District is a separate legal entity. The Parish's only connection with the bonds was the approval of the bond election and the approval of the issuance of the bonds in the event of an election carried. The resolutions of the Council giving those approvals expressly denied any liability of the Parish's connection with the bonds.

St. Charles Parish Hospital Service District has a fiscal year ending on December 31. Separate audited financial reports containing additional information that may be required of the Hospital Service District, can be obtained from the Hospital Service District.

**Other Related Organizations**

The Council is also responsible for appointing the members of the boards of other organizations, including the board members of the St. Charles Parish Housing Authority, however, the Parish's accountability for this organization does not extend beyond making the appointments. The St. Charles Parish Housing Authority did not receive any financial support from the Parish during 2025.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. BASIS OF PRESENTATION**

In accordance with GASB Codification, included in the Parish's Annual Comprehensive Financial Report for the year ended December 31, 2025 we have incorporated the Management's Discussion and Analysis ("MD&A") and government-wide financial statements which include the Statement of Net Position and the Statement of Activities.

**Government-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities include the governmental and business-type activities of the Parish and the discretely presented component units. These government-wide statements focus on the change in aggregate financial position resulting from the activities of the fiscal period and the ability of the Parish to maintain itself as an entity. The government-wide statements for governmental activities begin with the governmental funds' financial statement balances and adjust them to incorporate the Parish's capital assets and long-term debt. Details of these adjustments can be found in the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Changes in Revenues, Expenditures, and Fund Balances to the Statement of Activities. As a general rule, interfund services provided and used are not eliminated in the process of consolidation. Additional explanations for these adjustments are included in the following section on measurement focus. The Statement of Activities presents financial information in a manner that shows the income and expenses generated by each governmental function. Taxes are reported as general revenues along with other items that cannot be properly included in program revenues. Program revenues of the government-wide financial statements include licenses and permits; intergovernmental revenues; fees, charges and commissions; and fines and forfeitures.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary fund, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. BASIS OF PRESENTATION (CONTINUED)**

**Fund Financial Statements**

The fund financial statements are very similar to the traditional government fund statements as presented by governments prior to the issuance of GASB Codification on the financial presentation. Emphasis is now on the major funds in either the governmental or business-type categories. Non-major funds (by category) are summarized into a single column. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The major governmental funds of the primary government are as follows:

*General Fund* – The General Fund is the general operating fund of the Parish. It is used to account for and report all financial resources not accounted for and reported in another fund. The General Fund is always a major fund.

*Road and Drainage Maintenance and Operation Fund* – This fund is dedicated for the purpose of constructing, acquiring, imposing, operating, and maintaining drains, drainage canals, pumps, and pumping plants, dykes and levees, and related machinery and equipment; and opening, constructing, maintaining, and improving roads, streets, and bridges and purchasing road machinery and equipment within the Parish. Ad valorem and sales taxes provide the majority of financing.

*Flood Protection Fund* – The Flood Protection Fund is dedicated to the maintenance, operation, and construction of the Westbank hurricane protection levee in the Parish. Ad valorem taxes provide major financing.

*Recreation Maintenance & Operations Fund*– The Parish Recreation Fund is dedicated for the purpose of acquiring, constructing, improving, maintaining, and/or operating the recreation facilities and equipment in an for the St. Charles Parish. Financing is provided primarily by ad valorem taxes, registration fees, federal and state grant funding, as well as investment earnings.

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. BASIS OF PRESENTATION (CONTINUED)**

**Fund Financial Statements (Continued)**

Proprietary funds account for operations that are financed and operated similarly to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Proprietary funds are presented in the business-type activities column in government-wide financial statements and the major funds section of the basic financial statements. All three proprietary funds of the Parish are reported as major funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The following is a description of the proprietary funds of the Parish:

*Waterworks Utility System Fund* – Reports all activities necessary to provide water services to residents in the Consolidated Waterworks and Wastewater District No. 1 including but not limited to, administration, operations, maintenance, financing, and related debt service. The major source of funding is fees charged for services.

*Wastewater Utility System Fund* – Reports all activities necessary to provide wastewater services to residents in the Consolidated Waterworks and Wastewater District No. 1 including but not limited to, administration, operations, maintenance, financing, and related debt service. The major source of funding is fees charged for services.

*Solid Waste Collection & Disposal Fund* – This fund accounts for the collection and disposal of solid waste in the Parish. The Parish does not own or operate a solid waste landfill. Financing is provided by a parish wide user charge dedicated for collection and disposal of solid waste.

Fiduciary funds are used to report assets held in a trustee or custodial capacity for others and therefore cannot be used to support the Parish's own programs. The fiduciary fund categories within this ACFR include two Custodial Funds and one Other Post-Employment Benefits Fund.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. BASIS OF PRESENTATION (CONTINUED)**

**Fund Financial Statements (Continued)**

The Parish has an Other Post-Employment Benefits Fund, which falls under the category of Pension and Other Employee Benefit Trust Funds. This type of fund is used to report resources required to be held in trust for the members and beneficiaries of the St. Charles Parish Retiree Benefits Funding Trust, which was established in 2014 for the purpose of providing post-employment retiree medical benefits for the Parish's eligible retirees. The financials for the aforementioned fiduciary funds can be found beginning with Exhibit A-10.

Custodial funds are used to report resources held by the agency in a purely custodial capacity (assets held for others that cannot be used to support the agency's own programs). Custodial funds typically involve only the receipt, temporary investment and remittance of fiduciary resources to individuals, private organizations or other governments. GAAP requires the use of an custodial fund to account for debt service transactions involving special assessment debt for which the parish is not obligated in any manner. There are two fund types that make up the Total Custodial Funds reported in the Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position, one of which is an Ad Valorem Tax Custodial Fund and one is a Sales Tax Custodial Fund. All funds represent ad valorem taxes/and or sales collected by the Parish and subsequently distributed to the appropriate taxing districts. Those fund types, including a description of the specific nature of their activities are:

*Council on Aging Fund* - The Council On Aging fund is dedicated for the purpose of paying the cost of programs administered by the Council on Aging. Financing is provided by ad valorem taxes and investment earnings.

*Fire Protection Fund* - The Fire Protection Fund is dedicated for the purpose of acquiring, constructing, improving, maintaining, and/or operating fire protection facilities and equipment in and for St. Charles Parish. Financing is provided primarily by ad valorem, sales, and use taxes. As the Fire Protection District also receives a 1/8 Sales Tax each year, this fund is split between the Ad Valorem Tax Custodial Fund and the Sales Tax Custodial Fund.

*Health Unit Fund* - The Health Unit accounts for the financial activities related to improving, maintaining, operating, and supporting public health facilities in the Parish. Financing is provided by ad valorem taxes and investment earnings.

*The ARC Fund* - The ARC of St. Charles fund is dedicated for the purpose of operating, maintaining, and constructing facilities and for providing services associated with the ARC of St. Charles for all people with intellectual and developmental disabilities in St. Charles Parish.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. BASIS OF ACCOUNTING AND MEASUREMENT FOCUS**

**Government-Wide Financial Statements**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized in the year for which they are levied. Grants and other similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Fund Financial Statements**

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets, deferred inflows of resources, current liabilities, and deferred outflows of resources generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria (susceptible to accrual). Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Charges for services, fines and forfeitures, and most governmental miscellaneous revenues, including investment earnings are recorded as earned since they are measurable and available. The Parish's definition of available means expected to be received within one hundred twenty days of the end of the fiscal year.

Nonexchange transactions in which the Parish receives value without directly giving value in return include sales tax, property tax, special assessments, grants, entitlements, and donations. Property taxes are considered measurable in the calendar year of the tax levy if collected soon enough to meet the availability criteria. Sales taxes and gross receipts business taxes are considered "measurable" when the underlying transaction occurs and meets the availability criteria. Anticipated refunds of such taxes are recorded as fund liabilities and reductions of revenue when they are measurable and valid. Special assessments are recognized as revenues only to the extent that individual installments are considered current assets in the governmental fund types. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources can be used.

Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable, except for the following: principal and interest on long-term debt are recorded when due, and claims and judgments, group health claims, arbitrage payable, net pension obligation, and compensated absences are recorded as expenditures in the governmental fund type when paid with expendable available financial resources. Allocations of cost such as depreciation and amortization are not recognized in the governmental funds.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. BASIS OF ACCOUNTING AND MEASUREMENT FOCUS (CONTINUED)**

**Fund Financial Statements (Continued)**

All proprietary funds are accounted for on a flow of economic resources measurement focus. Proprietary funds are maintained on the accrual basis of accounting wherein revenues are recognized in the accounting period in which they are earned and become measurable, and expenses are recognized in the period incurred, if measurable. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

**D. BUDGETARY DATA**

Formal budgetary accounting is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, and Proprietary Funds.

The level of budgetary control is at the fund/department level and expenditures may not exceed budgeted appropriations. Appropriations that are not expended lapse at year-end.

Budgets for the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project Funds are adopted on a modified accrual basis of accounting. Proprietary funds are adopted on a basis consistent with GAAP.

**E. ENCUMBRANCES**

The Parish does not use an encumbrance accounting system.

**F. CASH AND CASH EQUIVALENTS AND INVESTMENTS**

The Parish's cash and cash equivalents are considered to be cash on hand, demand deposits, money market accounts, certificates of deposit, and short-term investments with a maturity date within three months of the date of purchase. For purposes of the Statement of Cash Flows, the Proprietary Funds consider the same items to be cash and cash equivalents.

Under state law, the Parish may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. Certain pledged securities are held by the Parish's agent in the Parish's name.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**F. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)**

State laws permit the Parish to invest in United States bonds, treasury notes or certificates, or other obligations of the U. S. Government and agencies of the U. S. Government that are federally insured, and certificates of deposit of state banks and national banks having their principal office in the state of Louisiana, or in mutual or trust fund institutions which are registered and which have underlying investments limited to securities of the U. S. Government or its agencies. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool (LAMP), a cooperative endeavor formed by an initiative of the State Treasurer and organized under the laws of the State of Louisiana, which operates as an investment pool.

Cash and cash equivalents are stated at cost, which approximates market. Investments are stated at fair value except for short-term and money market investments; consisting primarily of U.S. treasury obligations with a maturity of one year or less at the time of purchase, and LAMP investments which are stated at fair value based on quoted market values. The fair values of investments are determined on a weekly basis to monitor any variances between amortized costs and fair values.

The Parish uses a clearing account to make disbursements for all funds of the Parish. Funds with a "Due to Clearing Account" report the advance as an interfund payable and the General fund, which has been determined to be the receivable fund by management, reports an off-setting fund receivable.

**G. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

Short-term cash borrowing between funds is reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business type activities are reported in the government-wide financial statements as "internal balances."

**H. INVENTORY**

Inventories reported by governmental funds are stated at cost using the specific identification method. Proprietary fund type inventories of supplies are stated at cost. Inventoried items are recorded as expenditures at the time of purchase, with ending inventories recorded as assets, offset by a non-spendable fund balance, since such assets are not available for future appropriations. There are no inventories held for resale in any governmental or proprietary funds.

**I. PREPAID ITEMS**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**J. RESTRICTED ASSETS – PROPRIETARY FUNDS**

Included in restricted assets are the “Customer Deposits” account and the “Connection Fees” account. The “Customer Deposits” account is used to segregate water meter deposits used to pay any outstanding water bills when customers discontinue service. The “Connection Fees” account is used to segregate those resources accumulated by collection of sewer connection fees for capital improvements and renovations.

Certain proceeds of proprietary fund revenue bonds, as well as certain resources set aside for their repayment are also classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. The “Revenue Bond Sinking” account is used to segregate resources accumulated for debt service payments over the next twelve months. The “Revenue Bond Reserve” account is used to report resources set aside to make up potential future deficiencies in the “Revenue Bond Sinking” account. The “Capital Additions and Contingencies” account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements. The “Cash with Fiscal Agent” account is used to report resources that have been transferred to a trustee, which are designated for repayment of bonds in January.

**K. CAPITAL ASSETS**

Capital assets which include land, buildings, improvements other than buildings, machinery and equipment, leased assets, right-of-use assets and infrastructure assets (roads, bridges, canals, levees, curbs, fire hydrants, and sewer and drainage systems), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Parish as having an initial, individual cost of \$5,000 or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of arts and similar items received in service concession arrangement are recorded at acquisition value rather than fair value.

The Parish does not capitalize the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset’s life. Capital asset improvements are capitalized and depreciated over the remaining useful lives of the related capital asset, if applicable.

Major outlays for capital assets and improvements are capitalized at completion of construction projects. For capitalization purposes, projects are considered substantially complete when 100% of the project has been constructed. At this point, the project costs are moved out of construction work in progress and capitalized.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**K. CAPITAL ASSETS (CONTINUED)**

Depreciation on all capital assets, excluding land, is calculated on the straight-line method over the following estimated useful lives:

| <u>Type of Capital Asset</u>     | <u>Number of Years</u> |
|----------------------------------|------------------------|
| Buildings                        | 10-40                  |
| Improvements Other Than Building | 10-40                  |
| Machinery and Equipment          | 4-12                   |
| Infrastructure                   | 25-70                  |

Infrastructure assets purchased by the primary government are recorded as capital assets and have been depreciated accordingly. Depreciable infrastructure assets include roads, bridges, underground pipe (other than related utilities), traffic signals, etc. Non-depreciable infrastructure assets include canals and levees. These infrastructure assets are likely to be the third largest asset class of the Parish.

**L. COMPENSATED ABSENCES**

The Parish recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee or payment to an employee flex spending account) during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences – annual and sick leave. Annual leave and sick leave liabilities are included in long-term liabilities on the statement of net position and allocated as an expense on a functional basis on the statement of activities.

**M. LONG-TERM OBLIGATIONS**

In the government-wide Statement of Net Position and in the proprietary fund types' financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums, discounts, and gains (losses) on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable costs are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and bond issuance costs during the current period. The face amount of the debt issue is reported as "other financing sources." Premiums received on debt issuances are reported as "other financing sources" and discounts on debt are reported as "other financing uses."

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**N. LEASES**

As lessee, the Parish recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements and recognizes lease liabilities with an initial, individual value of \$5,000 or more. At the commencement of a lease, the Parish initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life. Key estimates and judgments related to leases include how the Parish determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments. The Parish uses the risk free rate at the lease commencement date as the discount rate. The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the Parish is reasonably certain to exercise. The Parish monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the Statement of Net Position.

**O. NET POSITION**

Net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net position investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any debt proceeds used for the acquisition, construction, or improvements of those assets. Net position is reported as restricted when there are limitations imposed on its use by external parties such as creditors, grantors, laws or regulations of other governments.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources, as they are needed.

**P. INTERFUND TRANSACTIONS**

On fund financial statements, long-term interfund loans are classified as "due to/from other funds" on the Balance Sheet and are equally offset by a fund balance reserve account which indicates that they do not constitute available expendable resources. These amounts are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for any residual amounts due between governmental and business-type activities, which are presented as internal balances.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**P. INTERFUND TRANSACTIONS (CONTINUED)**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**Q. USE OF ESTIMATES**

The Parish uses estimates and assumptions in preparing the financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenditures. Actual results could vary from the estimates that were used.

**R. FUND BALANCE**

The Parish has adopted GASB Codification Section 1800 Classification and Terminology, Fund Balance Reporting and Governmental Fund Type Definitions, which defines the reporting of fund balance in the Balance Sheets of governmental type funds.

In the fund financials, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Parish is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund Balance is reported in five components- non-spendable, restricted, committed, assigned and unassigned.

Non-spendable- This component includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted- This component consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the Parish to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled) by external parties that those resources be used only for specific purposes stipulated in the legislation.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**R. FUND BALANCE (CONTINUED)**

Assigned- This component consists of amounts that are constrained by the Parish's intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the Parish Council, as the governing authority of the Parish.

Unassigned- This classification represents amounts that have not been restricted, committed, or assigned to specific purposes within the general fund. When both restricted and unrestricted resources are available for use, it is the Parish's policy to use restricted resources first, then unrestricted resources (committed, assigned, and unassigned) as they are needed. When unrestricted resources (committed, assigned, and unassigned) are available for use it is the Parish's policy to use committed resources first, then assigned, and then unassigned as they are needed. The General Fund is the only fund that reports a positive unassigned fund balance.

The Parish adheres to a policy (Ordinance 10-11-15) to maintain a General Fund Balance that represents at least 5% of all Parish expenditures, excluding Enterprise Funds, and in no case shall the minimum General Fund balance be less than \$7,000,000 upon enactment of the balanced budget ordinance or at any time during the fiscal year. As of December 31, 2025, the General Fund's fund balance was \$52,354,524, which is 41% of all expenditures, excluding the Enterprise funds.

**S. DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future periods and so will not be recognized as an expense or expenditure until then. The Parish has several items that meet this criterion – deferred loss on bond refunding and deferrals related to pension and OPEB. In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as revenue until then. The Parish has several items that meet the criteria for this category – deferred gain on bond refunding, deferrals related to pension and OPEB and advances.

**T. PENSIONS**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Parochial Employees' Retirement System of Louisiana (the "Parochial System") and the Registrar of Voters Employees' Retirement System of Louisiana (the "Registrar's System") and additions to/deductions from these retirement system's fiduciary net positions have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**U. OTHER POST-EMPLOYMENT BENEFITS**

The fiduciary net position of the Parish Retiree Benefits Plan (the "OPEB Plan") has been determined using the flow of economic resources measurement focus and full accrual basis accounting. This includes the purposes of measuring the net OPEB Liability, deferred outflow of resources, and deferred inflow of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from the OPEB Plan's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**V. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through the date that the financial statements were available to be issued, June 30, 2026, and determined there were no events, except as noted below, that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

**W. ACCOUNTING PRONOUNCEMENTS**

**Implemented in Current Year**

GASB Statement No. 102, Certain Risk Disclosures. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The Parish has implemented this Statement as of and for the year ended December 31, 2025. The implementation of this standard did not result in any cumulative effect of change in accounting principle.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**W. ACCOUNTING PRONOUNCEMENTS (CONTINUED)**

**Upcoming in Future Years**

The Governmental Accounting Standards Board has issued statements that will become effective in future years. These statements are as follows:

GASB Statement No. 103, Financial Reporting Model Improvements. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. This Statement requires that the information presented in MD&A be limited to the related topics discussed in five sections: (1) Overview of the Financial Statements, (2) Financial Summary, (3) Detailed Analyses, (4) Significant Capital Asset and Long-Term Financing Activity, and (5) Currently Known Facts, Decisions, or Conditions. Furthermore, this Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed. This Statement describes unusual or infrequent items as transactions and other events that are either unusual in nature or infrequent in occurrence.

This Statement requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses. In addition to the subtotals currently required in a proprietary fund statement of revenues, expenses, and changes in fund net position, this Statement requires that a subtotal for operating income (loss) and noncapital subsidies be presented before reporting other nonoperating revenues and expenses. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

GASB Statement No. 104, Disclosure of Certain Capital Assets. The objective of this Statement is to establish requirements for certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments. It also establishes requirements for capital assets held for sale, including additional disclosures for those capital assets. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

GASB Statement No. 105, *Subsequent Events*. The objective of this Statement is to enhance the consistency with which the standards for reporting subsequent events are applied, thereby better meeting the information needs of financial statement users. The Statement defines subsequent events as transactions or other events that occur after the date of the financial statements but before the date the financial statements are available to be issued (that is, when the financial statements are complete in a form and format that complies with generally accepted accounting principles and approvals necessary for issuance have been obtained), rather than the date the financial statements are issued. The date through which subsequent events have been evaluated should be disclosed.

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**W. ACCOUNTING PRONOUNCEMENTS (CONTINUED)**

**Upcoming in Future Years (Continued)**

A recognized subsequent event provides evidence of conditions that existed at the financial statement date that inform accounting estimates reported as of the financial statement date and should be reflected in those estimates. A nonrecognized subsequent event results in a significant effect (favorable or unfavorable) that is recognized or disclosed in the basic financial statements in the reporting period in which the event occurs and is one of the following: a debt-related transaction; government combination or a disposal of government operations; a change to the legally separate entities that compose the financial reporting entity; or a transaction or other event that is of such a nature that disclosure is essential to a user's analysis for making decisions or assessing accountability. Governments will be required to disclose a description of the nonrecognized event and its effect and an estimate of the amount of the effect (or the reason why an estimate cannot be made).

The Parish is evaluating the requirements of the above statements and the impact on reporting.

**Note 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**BUDGETS**

The procedures used by the Parish in establishing the budgetary data reflected in the financial statements are as follows:

At least 75 days before the beginning of each fiscal year, the Parish President submits a balanced consolidated line item operating and capital budget on a modified accrual basis of accounting, in accordance with the Louisiana Local Government Budget Act and in a format established by the Parish. The Parish President also submits, with the budget, a budget message containing recommendations concerning the fiscal policy of the Parish, a description of the important factors of the budget, and an explanation of all major increases and decreases of budget as compared with expenditures of prior years. After the ordinance has been introduced, the Council shall cause the ordinance, or a summary thereof to be published in the official Parish journal at least once together with a notice of the date, time, and place, when and where it will be given a public hearing and be considered for final passage. The publication shall be at least one week prior to the time advertised for the hearing. The Council is required to hold three public hearings and to adopt the budget not less than 30 days before commencement of the coming year. The Council may amend the budget before adoption, except that in no event shall the Council cause the total proposed expenditures to exceed means of financing. Budgets shall be amended only during the public hearings before adoption. If the Council fails to act on the budget within the time limit provided, it shall be adopted as submitted by the Parish President. The budget constitutes an appropriation of funds for all purposes contained therein. The budget ordinance becomes effective on the first day of the fiscal year unless otherwise provided therein. The Parish President may transfer part or all of any unencumbered appropriation balance among programs within a department or office of the Parish. Before the Council may transfer part or all of any unencumbered appropriation balance from one department or office to another, a written request is required from the Parish President.

**Note 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)**

**BUDGETS (CONTINUED)**

No appropriation for debt service may be reduced or transferred, and no appropriation may be reduced below any amount required by law to be appropriated or by more than the amount of the unencumbered balance thereof. The ordinance authorizing a supplemental appropriation, or a reduction or transfer of appropriations may be made effective immediately upon adoption but may not be adopted at the same meeting as introduced.

The Council adopted budgets on all of its funds. Governmental funds are adopted on a modified accrual basis of accounting and proprietary fund budgets are adopted on an accrual basis.

**Note 3 – CASH, CASH EQUIVALENTS, AND INVESTMENTS**

The Parish maintains a consolidated cash management pool that is available for use by all funds except those specifically prohibited by law. Each fund type's portion of the consolidated cash pool is displayed on the Statement of Net Position as "Cash and cash equivalents" or "Investments". The Parish's primary government and all discretely presented component units have adopted GASB Codification Sections C20 Cash Deposits with Financial Institutions and I50 Investments.

**A. CASH AND CASH EQUIVALENTS**

Deposits (including demand deposit accounts and certificates of deposits) at December 31, 2025, for the Parish's primary government are summarized as follows:

| <u>Carrying Amount</u> | <u>Bank Balance</u> |
|------------------------|---------------------|
| \$ 18,266,810          | \$ 19,166,821       |

All deposits are either insured by FDIC or collateralized with securities held by the Parish or its agent in the Parish's name. The Parish does not have a written policy for custodial credit risk for deposits. As of December 31, 2025, the Parish's bank balances were not exposed to custodial credit risk; \$500,000 of deposits were secured by federal deposit insurance coverage, while the remaining \$18,666,821 of deposits were secured by the pledge of securities held by the fiscal agent bank, funds held in trust, and cash equivalents not exposed to custodial credit risk.

**Note 3 – CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**B. INVESTMENTS**

*Credit Risk:* Local governments in Louisiana are restricted to investment types authorized by Louisiana Revised Statutes 39:1211-1245 and 33:2955. The Parish's investment policy further limits its investment choices by not allowing investment grade commercial paper. Accordingly, the Parish may invest in the following:

1. United States Treasury Bonds
2. United States Treasury Notes
3. United States Treasury Bills
4. United States Treasury Strips
5. Obligations of the U.S. Government Agencies, including such instruments as Federal Home Loan Bank bonds, Government National Mortgage Association bonds, or a variety of "Federal Farm Credit" bonds.
6. Fully collateralized certificates of deposit issued by qualified commercial banks and savings and loan associations located within the State of Louisiana
7. Fully collateralized repurchase agreements
8. Fully collateralized interest-bearing checking accounts
9. Mutual or Trust Fund institutions which are registered with the Securities and Exchange Commission under the Security Act of 1933 and the Investment Act of 1940, and which have underlying investments consisting solely of and limited to securities of the United States Government or its agencies
10. Louisiana Asset Management Pool (LAMP)

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Parish's investment policy limits investments to those discussed above, obtained under the "Prudent Person" rule, exercising judgment and care, under circumstances then prevailing, which people of prudence, discretion and intelligence exercise in the management of their own affairs – not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The Parish's investments in U.S. Agency Securities were rated AAA by Standard & Poor's and Aaa by Moody's Investors Service. LAMP has a Standard & Poor's Rating of AAAm.

*Custodial Credit Risk:* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Parish will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools, mutual funds and other pooled investments are not exposed to custodial credit risk because of their natural diversification and the diversification required by the Securities and Exchange Commission. All other Parish investments are insured or registered, with securities held by the Parish or its agent in the Parish's name. The Parish's investment policy requires that securities purchased from any bank or broker/dealer including appropriate collateral should be placed with an independent third-party fiduciary for custodial safekeeping as evidenced by safekeeping receipts.

**Notes to Financial Statements**

**Note 3 – CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**C. INVESTMENTS (CONTINUED)**

LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The Parish's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.

Parish investments for the primary government at December 31, 2025, are itemized as follows:

| <b><u>Investment Type</u></b>          | <b><u>Carrying Amount</u></b> | <b><u>Fair Value</u></b> |
|----------------------------------------|-------------------------------|--------------------------|
| Certificate of Deposit                 | \$ 250,000                    | \$ 250,000               |
| U.S. Agency Securities                 | 64,287,736                    | 62,716,111               |
| Louisiana Asset Management Pool (LAMP) | 101,282,279                   | 101,467,268              |
| Total                                  | <u>\$ 165,820,015</u>         | <u>\$ 164,433,379</u>    |

| <b><u>Investment Type</u></b> | <b><u>Investment Maturities (in Years)</u></b> |                      |

|                               | <b><u>Less than 1</u></b>                      | <b><u>1-5</u></b>    |
| Certificate of Deposit        | \$ 250,000                                     | \$ -                 |
| U.S. Agency Securities        | 16,806,316                                     | 45,909,795           |
| Total                         | <u>\$ 17,056,316</u>                           | <u>\$ 45,909,795</u> |

*Concentration of credit risk:* Pooled investments are excluded from the 5 percent disclosure requirement.

*Interest Rate Risk:* The Parish's investment policy limits investments to three years as a means of managing its exposure to fair value losses arising from increasing interest rates.

LAMP, a local government investment pool, is administered by a non-profit corporation, Louisiana Asset Management Pool, Inc., which was organized under the laws of the State of Louisiana and is not required to be a registered investment company under the Investment Company act of 1940; however, its investment policies are similar to those established by Rule 2a7, which governs registered money market funds. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP is governed by a board of fifteen members elected by the pool's participants each year and is not subject to additional oversight. LAMP's primary objective is to maintain a stable net position value while increasing its participant's liquidity and yield. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating variable rate investments. The WAM for LAMP's total investments is 80 (from LAMP's monthly Statement of Net Position) as of December 31, 2025.

**St. Charles Parish Council, Louisiana**  
**Notes to Financial Statements**

**Note 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

The fair values of LAMP's investments are determined on a weekly basis. The fair value of the Parish's portion in LAMP is the same as the net asset value of the pool shares.

The following is a reconciliation of the carrying amount of deposits and investments to restricted and unrestricted "Cash and cash equivalents" and "Investments" on the Statement of Net Position:

The Parish categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

- Louisiana Asset Management Pool (LAMP) is valued using prices quoted in active markets for those securities of the pool (Level 1 inputs).
- U. S. Agency Securities classified in Level 2 are valued using quoted prices for similar securities in active markets.

**St. Charles Parish Council, Louisiana**  
**Notes to Financial Statements**

**Note 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

The Parish's measurements of fair value are made on a recurring basis and their valuation techniques for assets and liabilities recorded at fair value are as follows:

**Note 4 – RECEIVABLES**

All receivables, except for ad valorem taxes are considered collectible as of December 31, 2025; accordingly, an allowance for uncollectible is not considered necessary. Ad valorem taxes receivable are recorded net of an estimated uncollectible of three percent (3%) of gross taxes listed on the assessment roll. Of the total \$61,319,500 ad valorem taxes receivable, \$57,098,554 was collected by the Sheriff in December 2025 and remitted to the Parish in January 2026.

The Consolidated Waterworks and Wastewater District, along with the Solid Waste Collection and Disposal Fund, considers unbilled receivables at year-end to be those amounts for services received by customers in the current year, but not actually billed by the District until the following year. Unbilled receivables amounted to \$720,493 for the Waterworks Utility System, \$514,212 for the Wastewater Utility System, and \$200,770 for the Solid Waste Collection and Disposal Fund.

**Opioid Litigation Settlement Receivable**

The State of Louisiana along with other states settled claims that certain prescription drug companies and pharmaceutical distributors engaged in misleading and fraudulent conduct in the marketing and sale of opioids and failed to monitor for, detect, and prevent diversion of the drugs. Due to the State's settlement of these claims, the Parish will receive payments from the Defendant companies over the next fourteen years. The Parish is required to use these funds for approved purposes related to treatment and support for citizens affected by substance use disorders. As of December 31, 2025, the Parish recognized \$4,271,968 in the General Fund-Other accounts receivable, net of an allowance for doubtful accounts of \$1,067,992 based on relevant circumstances.

**Note 5 – DUE FROM OTHER GOVERNMENTS**

Due from other governments by governmental agencies for the primary government at December 31, 2025, consists of the following:

The West Bank Hurricane Protection Levee (WBHPL) project is a 33-mile earthen levee alignment which includes parish construction of 8.7 miles from Magnolia Ridge Levee on western flank in Paradis to the Davis Pond Freshwater Diversion West Guide Levee to the east in Luling. The West Bank Levee Initiative's long-term objective is to construct a flood protection system to achieve 100-year level of protection by building a system to a +12.5-foot elevation. The interim goal is to provide protection to a +7.5 foot elevation to significantly reduce flood risk for a large portion of Southeast Louisiana that is currently vulnerable.

**Construction work in progress for the governmental activities of the primary government is composed of the following (continued):**

Parish administration continues to work with our Congressional Delegation, Coastal Protection Restoration Authority (CPRA) and the Army Corp of Engineers on the Upper Barataria Risk Reduction System Study with an end result of a final Chief's Report from the Army Corp of Engineers. Currently, the Corp has stayed with the CPRA State Master Plan alignment, but has screened out the 100-year levee height and is modeling and doing cost estimates for 50-year levee heights. (The estimated Construction cost for the West Bank 100 Year Flood Protection is \$650 Million in Construction with a total cost of \$940 Million to include all related Engineering, Land Acquisition, Permitting and other associated requirements.)

To date, St. Charles Parish has spent nearly \$72.1 million on the WBHPL for Engineering, Land Acquisition, Mitigation, Permitting, Surveying, Utility Relocation, and Construction expenses. Of those expenses, St. Charles Parish has been receiving grant funding from a mixture of sources including:

- Coastal Protection and Restoration Authority's (CPRA) Surplus funding
- State of Louisiana Department of Transportation and Development's Statewide Flood Control Program
- State of Louisiana Facility Planning and Control's Capital Outlay Program
- Gulf of Mexico Energy Security Act (GOMESA) funding
- Federal Emergency Management Agency's Hazard Mitigation Grant Program
- Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act) Direct Component Funding
- CPRA-Parish RESTORE Act Matching Opportunities Program
- CPRA Gulf of Mexico Energy Security Act funding
- Delta Regional Authority States' Economic Development Assistance Program
- Parish Restore

Local funds have been provided by the General Fund, Public Works Roads & Drainage Fund, and an Ad Valorem tax dedicated to outer flood protection that began in 2015 to support the Parish's Flood Protection Fund.

Public improvement and general obligation bonds accounted for in the Debt Service Funds are serviced through the collection of parish ad valorem taxes and sales taxes. The revenue bonds accounted for in the Enterprise Funds are serviced by revenues from operations. On June 6, 2021, the Parish received approval for a new \$8 million, 0.95% 20 year loan with the Department of Environmental Quality for vital sewer improvements. The principal and interest on this loan will be paid from the West Bank Hurricane

**Arbitrage Liability**

Section 148 of the Internal Revenue Code of 1986, as amended, requires that issuers of tax-exempt debt make arbitrage calculations annually on bonds issued after August 31, 1986, to determine whether an arbitrage rebate liability exists between the issuer and the U.S. Department of the Treasury. Arbitrage is the difference (or profit) earned from borrowing funds at tax-exempt rates and investing the proceeds in higher yielding taxable securities. Arbitrage rebate calculations made on December 31, 2025 for the Parish shows that there were no arbitrage rebate liabilities due the U.S. Department of Treasury.

**Note 14 – PROPERTY TAXES**

Ad valorem taxes are levied on real property as of November 15th of each year to finance the budget for the following year. The tax is due and becomes an enforceable lien on the property after being filed with the Louisiana Tax Commission by the St. Charles Parish Assessor's office (usually November 15th). The tax becomes delinquent on December 31st. Taxes are billed and collected by the St. Charles Parish Sheriff's office.

Therefore, 2025 property tax that was levied to finance the budget for 2025 is recorded as revenue for the 2025 fiscal year. The property taxes that are measurable, but not available, are recorded net of estimated uncollectible amounts. The 2025 tax levy, which was levied to finance the budget for 2025, is recorded net of adjustments, as advances.

Property taxes are levied each November 15th on the assessed value listed as of the prior January 1st for all real property, merchandise, and movable property located in the Parish. Assessed values are established by the St. Charles Parish Assessor's office and the Louisiana Tax Commission at percentages of actual value, as specified by the Louisiana law. An assessment of all property is required to be completed no less than every four years. The taxable assessed value, upon which the 2025 levies are based, was \$2,566,719,804 and the Homestead Exemption was \$742,265,115. The total 2025 assessed value was \$3,308,984,919.

**Note 15 – SALES AND USE TAXES**

The Parish levies one percent, one-half percent, three-eighth percent, and one-eighth percent sales and use taxes. The Parish and the St. Charles Parish School Board have entered into an agreement in which the School Board collects the Parish's sales and use taxes for a stipulated fee. The School Board remits the proceeds of the sales and use taxes to the Parish on a monthly basis. The amount due from the School Board at December 31, 2025 was \$5,461,854.

The one percent sales and use tax ordinance stipulates that the proceeds derived from the tax must be used for the purpose of constructing, acquiring, improving, operating, and maintaining drains, drainage canals, pumps, and pumping plants, dykes, and levees, and related machinery and equipment; and opening, constructing, maintaining, and improving roads, street, and bridges, and purchasing machinery and equipment in connection therewith. The proceeds are subject to funding negotiable bonds for any of the above described capital purposes and providing for reserves in connection therewith. The one-half percent and three-eighth percent sales and use taxes ordinances stipulate that the proceeds derived from the taxes must be used for any lawful public purpose and for funding of bonds for constructing, acquiring and developing capital improvements in the Parish and providing for reserves in connection therewith. The one-eighth percent sales and use tax is to be used for fire protection in the Parish, including but not limited to constructing, maintaining, and operating the Parish's fire protection facilities and for funding bonds for the purpose of acquiring buildings, machinery, and equipment for the Parish and for funding appropriate reserve requirements.

The Parish collects sales and use tax on behalf of the Parish Fire Departments. Of the \$3,343,028 collected by the Parish, \$28,754 is related to commissions and fees on tax collections.

**Notes to Financial Statements**

**Note 16 – RISK MANAGEMENT**

The Parish is exposed to various losses related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Parish purchases commercial insurance for claims in excess of \$250,000 per occurrence with no aggregate max pay out for property, employee, automobile and general liability coverage. The General fund has an assigned fund balance for these claim liabilities on the Governmental fund Balance Sheet. On the fund financials, the expenditures are recorded as the claim is paid. All Funds of the Parish, except for the capital projects and debt service funds participate in the account and make payments to it based on management's estimates of the amounts needed to pay prior and current year claims. The balance is approximately \$7,767,810 at December 31, 2025. There were no significant reductions in insurance coverage from that of the prior year. The amount of settlements did not exceed the commercial insurance coverage in any of the past three fiscal years.

The claims liability of \$7,767,810 (which includes an estimated liability for claims incurred but not reported of \$1,817,726) is reported on the Statement of Net Position at December 31, 2025. These liabilities are based on requirements of the GASB Codification Section C50 Claims & Judgements, which require that a liability for claims be reported if information prior to the issuance of the financial statements and the amount of loss can be reasonably estimated. GASB Codification Section P20 Public Entity Risk Pool requires that specific, incremental claim adjustment expense and estimated recoveries be considered in calculating the claims liability.

Changes in the balances of claims liabilities during years 2023 through 2025 were as follows:

|                                              | <b>2023</b>        | <b>2024</b>        | <b>2025</b>        |

**Note 17 – COMMITMENTS AND CONTINGENCIES**

**A. LITIGATION**

The Parish is a defendant in a number of claims and lawsuits resulting principally from personal injury, property damage, and construction claims. These claims are outside of the insurance coverage discussed in the Risk Management note to the financial statements. The Parish Attorney has reviewed these claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the Parish and to arrive at an estimate, if any, of the amount or range of potential loss to the Parish. As a result of such review, the various claims and lawsuits have been categorized into "probable", "reasonably possible", and "remote" contingencies, as defined in GASB Codification Section C50 Claims & Judgements. There were no loss contingencies categorized as "probable"; therefore, none have been accrued as liabilities on the Statement of Net Position as claims payable.

**Note 17 – COMMITMENTS AND CONTINGENCIES (CONTINUED)**

**A. LITIGATION (CONTINUED)**

The Parish is also a defendant in various lawsuits categorized as “reasonably possible”, for which the Parish Attorney has indicated that estimates of potential losses are unavailable. In the opinion of management, the ultimate liabilities, if any, resulting from these lawsuits will not have a material adverse effect on the Parish’s operations or financial condition.

**B. FEDERALLY ASSISTED PROGRAMS**

The Parish receives significant assistance from numerous federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specific to the grant agreements. The programs are audited in accordance with Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). They are also subject to further examination by the grantor agency.

**C. INTERGOVERNMENTAL AGREEMENTS**

The Council adopted ordinance number 99-9-25 approving and authorizing the execution of an intergovernmental agreement between the Parish and the St. Charles Parish Law Enforcement (the District) for funding the St. Charles Parish Correctional Center and ordinance number 18-8-8 amending the fee paid per day. The Council adopted a resolution number 6800 to approve and authorize the execution of a cooperative endeavor agreement between the State of Louisiana Department of the Treasury and the State of Louisiana, and St. Charles Parish for funding in the amount of \$150,000 to be utilized for the Primrose Canal Bank Stabilization Phase I Project.

The Council adopted a resolution number 6801 to approve and authorize the execution of a cooperative endeavor agreement between the State of Louisiana Department of the Treasury and the State of Louisiana, and St. Charles Parish for funding in the amount of \$50,000 to be utilized for Municipal Mowing in District II.

The Parish entered into an agreement with Randa Corporation in 2002 set to end in 2024 to promote economic development in the Parish. The agreement required the Parish to issue economic development revenue bonds to provide financial assistance to Randa Corp., which is not a part of the Parish's financial reporting entity. The bonds, used for the acquisition and construction of Randa's corporate headquarters and distribution facility, are included in the amount reported as conduit debt. As a part of the agreement to attract this project, the Parish has agreed to provide a cash incentive to Randa based on an average number of St. Charles Parish residents employed at the project on a full time basis. When certain conditions are met, the Parish will be required to provide \$185,000 the sixth through tenth year and no annual credit years eleven through twenty-two. The project entered the tenth year in 2012.

**Note 18 – CONDUIT DEBT OBLIGATIONS**

From time to time, the Parish has issued environmental improvement and industrial development revenue bonds to provide financial assistance to private-sector entities that are not a part of the Parish's financial reporting entity. The bonds are used for the acquisition and construction of environmental improvement, industrial and commercial facilities deemed to be in the public interest. They are secured by the property financed, separate pledges of income and revenues, or monies derived from sale of the applicable projects.

**Note 18 – CONDUIT DEBT OBLIGATIONS (CONTINUED)**

Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the Parish, nor the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2025, there were two series of industrial development revenue bonds outstanding, with an aggregate amount payable of \$130,000.

**Note 19 – POST-EMPLOYMENT HEALTHCARE AND LIFE INSURANCE BENEFITS**

**OTHER POST-EMPLOYMENT BENEFITS (OPEB) PLAN DISCLOSURES**

**Plan Description**

*Plan Administration* – The St. Charles Parish (the Parish) provides certain continuing health care and life insurance benefits for its retired employees. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Parish under LRS 42:801-883. These benefits, and similar benefits for active employees, are provided through (a) the self-insured health plans for medical and dental coverage, and (b) the fully insured plans for vision and life insurance. These are single-employer defined “substantive plans” as understood by past practices of the Parish and its employees. Substantially all of the Parish’s employees become eligible for these benefits if they reach normal retirement age while working for the Parish.

*Plan Membership* – At December 31, 2025, the Plan’s membership consisted of the following:

|                                                                             |                 |
|-----------------------------------------------------------------------------|-----------------|
| Inactive plan members or beneficiaries currently receiving benefit payments | 131             |
| Inactive plan members entitled to but not yet receiving benefit payments    | -               |
| Active plan members                                                         | 465             |
|                                                                             | <hr/> 596 <hr/> |

*Benefits Provided* – Medical benefits are provided through a comprehensive medical plan and are made available to employees upon actual retirement. Employees are covered by a retirement system whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service. The eligibility provisions for employees hired on and after January 1, 2007 are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service.

**OTHER POST-EMPLOYMENT BENEFITS (OPEB) PLAN DISCLOSURES (CONTINUED)**

**Plan Description (Continued)**

*Contributions* – The Parish has the authority to establish and amend the contribution requirements of the Parish and the plan members. The employer pays the following percentages of the retiree premium: 85% of medical, 75% of dental, 100% of life insurance (\$5,000) and 100% of vision for employees hired before January 1, 2010 (medical and life insurance) and January 1, 2011 (dental and vision). For employees hired on or after those respective dates, the following employer payment applies. The contributions made after the measurement date of the net OPEB liability but before the end of the employer's or governmental non-employer contributing entity's reporting period will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period rather than in the current fiscal period.

Medical: The percentage of premium paid by the employer is based on a graded schedule based on years of service with the Parish, as follows:

0 but less than 10 years, 20%  
10 but less than 15 years, 40%  
15 but less than 20 years, 60%  
20 years or more, 85%

Dental: The percentage of premium paid by the employer is based on a graded schedule based on years of service with the Parish, as follows:

0 but less than 10 years, 20%  
10 but less than 15 years, 25%  
15 but less than 20 years, 50%  
20 years or more, 75%

Life Insurance:

0 but less than 20 years, no life insurance  
20 years but less than 30 years, \$5,000  
30 years or more, \$10,000

Vision:

less than 20 years, no insurance  
20 years or more, employer pays 100%

Member contributions are not accounted for in the OPEB trust.

**Investments**

Investment policy –The Plan’s policy regarding the allocation of invested assets is established and may be amended by the Board of Trustees. It is the policy of the Board of Trustees to invest trust funds in accordance with the provisions of Louisiana Revised Statutes 33:5162. The following was the asset allocation policy as of December 31, 2025:

| <b>Asset Class</b> | <b>Target Allocation</b> |
|--------------------|--------------------------|
| Corporate Bonds    | 60.4%                    |
| Agency Bonds       | 37.2%                    |
| Cash & Reserves    | 2.3%                     |

Concentrations – The Trust has over 5% invested in the following funds; Federal Farm Credit Bank 23.68%, Federal Home Loan Bank 11.41%.

Rate of Return – For the year ended December 31, 2025, (A-17) the annual money-weighted rate of return on investments, net of investment expense, was 6.69%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of December 31, 2025 are summarized in the following table:

| <b>Asset Class</b> | <b>Long-Term Expected<br/>Real Rate of Return</b> |
|--------------------|---------------------------------------------------|
| Domestic Equity    | 6.0%                                              |
| Corporate Bonds    | 3.0%                                              |
| Agency Bonds       | 2.2%                                              |
| Cash               | 2.0%                                              |

**Net OPEB Liability of St. Charles Parish**

The components of the net OPEB liability of St. Charles Parish at December 31, 2025, were as follows:

|                                                                         |                      |
|-------------------------------------------------------------------------|----------------------|
| Total OPEB liability                                                    | \$ 30,928,452        |
| Plan fiduciary net position                                             | <u>15,894,425</u>    |
| St. Charles Parish's net OPEB liability                                 | <u>\$ 15,034,027</u> |
| Plan fiduciary net position as a percentage of the total OPEB liability | 51.39%               |

Actuarial Assumptions – The total OPEB liability was determined by an actuarial valuation as of January 1, 2025, using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

|                             |                                                    |
|-----------------------------|----------------------------------------------------|
| Inflation                   | 2.5%                                               |
| Salary increases            | 4.8% ,including inflation                          |
| Discount rate               | 3.5% annually (As of End of Year Measurement Date) |
| Healthcare cost trend rates | 5.5% annually                                      |

Mortality rates were based on the Employee/Healthy Annuitant RP-2014 Table without projection. Projected future mortality improvement has not been used since it is our opinion that this table contains a substantial conservative margin for the population involved in this valuation.

The actuarial assumptions used in the January 1, 2025 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2006 to December 31, 2025 in addition to the OGB assumptions.

Discount Rate – The discount rate used to measure the total OPEB liability was 3.5%. The projection of cash flows used to determine the discount rate assumed that St. Charles Parish contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

|                    | <b>1.0% Decrease<br/>(2.5%)</b> | <b>Current Discount<br/>Rate (3.5%)</b> | <b>1.0% Increase<br/>(4.5%)</b> |
|--------------------|---------------------------------|-----------------------------------------|---------------------------------|
| Net OPEB liability | \$ 17,920,782                   | \$ 15,034,027                           | \$ 12,482,592                   |

**Note 20 – STATE REQUIRED DISCLOSURES**

**Communication District Wireless E911 Service**

Act 1029 of the 1999 state legislative session (the "Act") amended the revised statutes relative to communications districts. The Act authorizes the levy of an emergency telephone service charge on certain wireless communication systems to cover the costs associated with implementing the Federal Communications Commission (FCC) ordered enhancements to emergency 911 systems. Wireless service charges amounting to \$710,318 were recorded during 2025. The Parish implemented the second phase of the E911 Wireless Service on May 24, 2011. The Parish has entered into seven agreements with wireless vendors offering services to the Parish. The Parish expended \$7,103 during 2025.

**Note 21 – SELECTED DISCLOSURES FOR DISCRETELY PRESENTED COMPONENT UNIT**

Financial reporting standards require footnote disclosure on discretely presented component units considering both the unit's significance relative to the total discretely presented component units and the nature and significance of the unit's relationship to the primary government (the Parish). As such, the following disclosures are presented.

**A. CASH, CASH EQUIVALENTS, AND INVESTMENTS**

**Cash and Cash Equivalents**

The discretely presented component units are required to invest idle funds within the same state statute as the primary government. Component unit deposits at their respective year-end are categorized below:

|                                              | <b>Total Carrying<br/>Amount</b> | <b>Bank Balance</b>  |
|----------------------------------------------|----------------------------------|----------------------|
| St. Charles Parish Communications District   | \$ 34,112                        | \$ 34,112            |
| St. Charles Parish Library Service District  | 5,528                            | 5,528                |
| St. Charles Parish Hospital Service District | 54,485,219                       | 54,461,978           |

Under state law, these deposits must be secured by either Federal deposit insurance or by the pledge of securities owned by a fiscal agent bank. The market value of the pledged securities plus the Federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent bank.

All component unit deposits were either FDIC insured or collateralized by securities pledged by the bank and held for the benefit of the component unit thereby eliminating their custodial credit risk.

**C. UNCOMPENSATED SERVICES**

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collections of amounts determined to qualify as charity care, they are not reported as revenue. The Hospital maintains records to identify and monitor the level of charity care it provides to all of its qualifying patients. These records include the amounts of charges forgone for services and supplies furnished under its charity care policy.

The Hospital gross revenue for its cost of charity care for the year ended December 31, 2025 totaled \$1,074,614.

**Multi-Employer Defined Benefit Pension Plan and 2013 Withdrawal** – Substantially all employees of the Hospital had been members of the Parochial Employees' Retirement System of Louisiana (System), a cost sharing, multiple-employer public employee retirement system, controlled and administered by a separate board of trustees. The Hospital formally terminated its participation in the Plan effective December 31, 2013.

**Note 21 – SELECTED DISCLOSURES FOR DISCRETELY PRESENTED COMPONENT UNIT (CONTINUED)**

**E. PENSIONS (CONTINUED)**

**St. Charles Hospital Service District (Continued)**

Per Louisiana Revised Statute 11:1903, if an employer terminates its agreement for coverage of its employees, the employer shall remit to the System that portion of the unfunded actuarial accrued liability, which is attributable to the employer's participation in the System. The amount required to be remitted shall be determined as of December thirty first immediately prior to the date of termination. The amount due shall be determined by the actuary employed by the System and shall either be paid in a lump sum or amortized over ten years in equal monthly payments with interest at the System's actuarial valuation rate, at the option of the employer.

In planning for the termination of participation in the Parochial Employees' Retirement System of Louisiana, the Hospital established a deferred compensation 457(b) plan and a defined contribution 401(a) retirement plan for eligible employees.

**Section 457(b) Deferred Compensation Plan** – Effective July 1, 2013, the Hospital offered to its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457(b). The plan is available to all Hospital employees as of the first enrollment date following the date they become an employee and permits them to defer a portion of their salary until a future year. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

**F. POST RETIREMENT HEALTHCARE AND LIFE INSURANCE BENEFITS**

**St. Charles Parish Library Service District No. 1**

Substantially all employees of the St. Charles Parish Library Service District No. 1 are covered by the Parish's post-retirement healthcare and life insurance benefits policy. For a detailed description, see the Parish's note on Post Retirement and Healthcare and Life Insurance Benefits. Expenditures of \$71,697 were recognized for post-retirement healthcare in 2025. Retired employees paid premiums of \$6,128 for post-retirement healthcare in 2025. There were three participants in the District's post-retirement benefits program as of December 31, 2025.

**Note 22 – RETIREMENT SYSTEMS**

**RETIREMENT SYSTEM FOOTNOTE**

Substantially all employees of the Parish are members of one of the following statewide retirement systems: Parochial Employees' Retirement System of Louisiana (the "Parochial System"), or the Registrar of Voters Employees' Retirement System of Louisiana (the "Registrar's System"). These systems are cost-sharing multiple-employer, defined benefit pension plans administered by separate boards of trustees.

Pertinent information relative to each plan follows:

**General Information about the Pension Plans**

**Plan Descriptions/Benefits Provided**

**The Parochial System**

Parochial Employees' Retirement System of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan. The System was established and provided for by R.S.11:1901 of the Louisiana Revised Statute (LRS).

Act 765 of the year 1979, established by the Legislature of the State of Louisiana, revised the System to create Plan A and Plan B to replace the "regular plan" and the "supplemental plan". Plan A was designated for employers out of Social Security. Plan B was designated for those employers that remained in Social Security on the revision date. The Parish participates in Plan A.

The Parochial System provides retirement benefits to employees of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system, and which elects to become members of the System.

All permanent parish government employees (except those employed by Orleans, Lafourche and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the Parochial System.

**Note 22 – RETIREMENT SYSTEMS (CONTINUED)**

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty (30) or more years of creditable service.
2. Age 55 with twenty-five (25) years of creditable service.
3. Age 60 with a minimum of ten (10) years of creditable service.
4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service.
2. Age 62 with 10 years of service.
3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

**The Registrar's System**

The Registrar's System is a cost-sharing multiple-employer defined benefit pension plan established in accordance by Act 215 of 1954, under Revised Statute 11:2032 to provide retirement allowances and other benefits for registrars of voters, their deputies and their permanent employees in each parish of the State of Louisiana.

The Registrar's System was established on January 1, 1955 for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. Title 11:2032, as amended, for registrars of voters, their deputies and their permanent employees in each parish. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Any member hired prior to January 1, 2013 is eligible for normal retirement after he has 20 years of creditable service and is age 55 or has 10 years of creditable service and is age 60. Any member with 30 years of creditable service regardless of age may retire. Regular retirement benefits for members hired prior to January 1, 2013 are calculated at 3.33% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

**Note 22 – RETIREMENT SYSTEMS (CONTINUED)**

Any member hired on or after January 1, 2013 is eligible for normal retirement after he has attained 30 years of creditable service and is age 55; has attained 20 years of creditable service and is age 60; or has attained 10 years of creditable service and is age 62. Regular retirement benefits for members hired on or after January 1, 2013 are calculated at 3.00% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation. Retirement benefits for members hired on or after January 1, 2013 that have attained 30 years of creditable service with at least 20 years of creditable service in the System are calculated at 3.33% of the average annual compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member whose withdrawal from service occurs prior to attaining the age of sixty years, who shall have completed ten or more years of creditable service and shall not have received a refund of his accumulated contributions, shall become eligible for a deferred allowance beginning upon his attaining the age of sixty years.

**Disability Benefits**

*The Parochial System*

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to three percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age sixty.

*The Registrar's System*

Disability benefits are provided to active contributing members with at least 10 years of service established in the System and who have been officially certified as disabled by the State Medical Disability Board. The disabled member who has attained the age of sixty years shall be entitled to a regular retirement allowance. The disabled member who has not yet attained age sixty shall be entitled to a disability benefit equal to the lesser of three percent of his average final compensation multiplied by the number of creditable years of service (not to be less than fifteen years) or three and one third percent of average final compensation multiplied by the years of service assuming continued service to age sixty. Disability benefits may not exceed two-thirds of earnable compensation.

**Note 22 – RETIREMENT SYSTEMS (CONTINUED)**

**Survivor Benefits**

*The Parochial System*

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined in the statutes.

Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit, as outlined in the statutes.

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

*The Registrar's System*

If a member who has less than five years of credited service dies due to any cause other than injuries sustained in the performance of his official duties, his accumulated contributions are paid to his designated beneficiary. If the member has five or more years of credited service, and is not eligible to retire, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option 2 factors used as if the member had continued in service to earliest normal retirement age. If a member has no surviving spouse and the member has five or more years of creditable service, the surviving minor children under 18 or disabled children shall be paid 80% of the accrued retirement benefit in equal shares until the age of majority or for the duration of the handicap for a handicapped child. Upon the death of any former member with 10 or more years of service, automatic option 2 benefits are payable to the surviving spouse. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

**Deferred Retirement Option Plan benefits (DROP)**

*The Parochial System*

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement.

In lieu of terminating employment and accepting a service retirement, any member of Plan A who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

**Note 22 – RETIREMENT SYSTEMS (CONTINUED)**

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account.

Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

**The Registrar's System**

In lieu of terminating employment and accepting a service retirement allowance, any member with ten or more years of service at age sixty, twenty or more years of service at age fifty-five, or thirty or more years of service at any age may elect to participate in the Deferred Retirement Option Plan (DROP) for up to three years and defer the receipt of benefits. Upon commencement of participation in the plan, membership in the Registrar's System terminates. During participation in the plan, employer contributions are payable, but employee contributions cease. The monthly retirement benefits that would have been payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP fund. This fund does not earn interest. In addition, no cost-of-living increases are payable to participants until employment which made them eligible to become members of the Registrar's System has been terminated for at least one full year.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the plan may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or any other method of payment if approved by the Board of Trustees. The monthly benefits that were being paid into the Deferred Retirement Option Plan fund will begin to be paid to the retiree. If the participant dies during participation in the plan, a lump sum equal to his account balance in the plan fund shall be paid to his named beneficiary or, if none, to his estate. If employment is not terminated at the end of the three years, payments into the plan fund cease and the person resumes active contributing membership in the Registrar's System.

**Note 22 – RETIREMENT SYSTEMS (CONTINUED)**

**Cost-of-Living Adjustments (COLAs)**

*The Parochial System*

The Board is authorized to provide a cost-of-living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

*The Registrar's System*

Cost of living provisions for the System allows the board of trustees to provide an annual cost of living increase of 2.0% of the eligible retiree's original benefit if certain funding criteria are met. Members are eligible to receive a cost of living adjustment once they have reached the age of sixty and have been retired at least one year. Funding criteria for granting cost of living adjustments is dependent on the funded ratio.

**Contributions**

*The Parochial System*

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2025, the actuarially determined contribution rate was 7.52% of member's compensation for Plan A. However, the actual rate for the fiscal year ending December 31, 2025 was 11.00% for Plan A.

According to state statute, the System also receives  $\frac{1}{4}$  of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities. Contributions to the pension plan from the Parish were \$4,048,670 for the year ended December 31, 2025.

*The Registrar's System*

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2025, the actual employer contribution rate was 18.00%.

**St. Charles Parish Council, Louisiana**  
**Notes to Financial Statements**

**Note 22 – RETIREMENT SYSTEMS (CONTINUED)**

In accordance with state statute, the System also receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended June 30, 2025. Contributions to the pension plan from the Parish were \$12,350 for the year ended December 31, 2025.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At December 31, 2025, the Parish reported a liability of (\$4,701,174) for its proportionate share of the Net Pension Liability (NPL) of the Parochial System and a liability of (\$4,704) for its proportionate share of the Net Pension Liability (NPL) of the Registrar's System. The NPL for each system was measured as of December 31, 2024 and June 30, 2025, respectively, and the total pension asset/liability used to calculate the NPL was determined based on an actuarial valuation as of that date. The Parish's proportion of the NPL was based on a projection of the Parish's long-term share of contributions to the pension plan relative to the projected contribution of all participating employers, actuarially determined. As of the most recent measurement date, the Parish's proportionate share for each system was:

The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Note 22 – RETIREMENT SYSTEMS (CONTINUED)**

During the year ended June 30, 2025, mortality assumptions were set after reviewing an experience study performed on plan data for the period from July 1, 2014 through June 30, 2019. The data was assigned credibility weightings and combined with a standard table to produce current levels of mortality.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return was 8.37% as of June 30, 2025.

Best estimates of real rates of return for each major asset class included in the Registrar's System's target asset allocation as of June 30, 2025 are summarized in the following table:

| <b>Asset Class</b>                 | <b>Target Asset Allocation</b> | <b>Long-Term Expected Portfolio Real Rate of Return</b> |
|------------------------------------|--------------------------------|---------------------------------------------------------|
| Domestic Equities                  | 37.50%                         | 2.81%                                                   |

The discount rate used to measure the total pension liability was 6.25% as of June 30, 2025. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by the Public Retirement Systems' Actuarial Committee, taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Proportionate Share of the NPL to Changes in the Discount Rate**

The following presents the Parish's proportionate share of the Net Pension Liability using the discount rate, as well as what the Parish's proportionate share of the Net Pension Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

**Support of Non-employer Contributing Entities**

Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The Parish recognizes revenue in an amount equal to their proportionate share of the total contributions to the pension plan from these non-employer contributing entities. During the year ended December 31, 2025, the Parish recognized revenue as a result of support received from non-employer contributing entities of \$503,732. The Parochial System and Registrar's System paid out \$488,154, and \$15,578, respectively, for their participation in the Parish's Pension and Relief Fund.

**Pension Plan Fiduciary Net Position**

The Parochial System and the Registrar's System issue publicly available financial reports that include financial statements and required supplementary information for the systems. Detailed information about each system's fiduciary net position is available in these separately issued financial reports. These reports may be obtained by visiting the Louisiana Legislative Auditor's website at [www.la.la.gov](http://www.la.la.gov) and searching under the Reports section.

**Note 23 – TAX ABATEMENTS**

St. Charles Parish negotiates property tax abatement agreements on an individual basis. Each agreement was negotiated for a variety of economic development purposes, including business relocation, retention, and expansion. The Parish has tax abatement agreements with twenty-five entities as of December 31, 2025:

Twenty-one (21) manufacturing companies, through an agreement negotiated with Louisiana Economic Development (LED) and ratified by the Louisiana Board of Commerce & Industry, participate in the Industrial Tax Exemption Program. The Industrial Tax Exemption Program may be granted to manufacturers located within Louisiana. The Industrial Tax Exemption Program abates a manufacturer's local property taxes for up to ten (10) years, for any new investment and annual capitalized additions related to the company's manufacturing project. Below are the twenty-five manufacturing companies, their taxable assessed values, and the Parish portion of their exempt taxes.

St. Charles Parish (the Parish), through the Parish Council and the St. Charles Parish Industrial Development Board (IDB), negotiates Payment-In-Lieu-Of-Tax (PILOT) agreements. The Louisiana Constitution provides that public land and property used for a "public purpose" is exempt from Ad Valorem property tax. Certain public bodies that are given economic development powers (there are some in virtually all jurisdictions) may acquire property in connection with authorized economic development undertakings and the authorizing acts permitting the acquisition recognize that the acquisition and ownership of the property serves a public purpose and is exempt from Ad Valorem property tax. Each of the laws that recognize this result provide that the public body may require a PILOT in an amount not exceeding the amount that would be paid in taxes if the property were to be subject to Ad Valorem property taxes. Each agreement was negotiated for a variety of economic development purposes, including business relocation, retention, and expansion. The Parish has PILOT agreements with three (3) entities as of December 31, 2025:

**Note 23 – TAX ABATEMENTS (CONTINUED)**

St. Charles Parish utilized, among other incentives, a PILOT agreement to successfully recruit a men's accessories company. The calculation of the PILOT includes a property tax exemption on the company's newly constructed logistical headquarters and freezes Ad valorem tax liability at the pre-sale assessed value of \$13,172. In today's value, considering the depreciation of the twenty-year-old building, the abatement is valued at approximately \$124,000. In exchange for the abatement, the Parish also receives the SUT taxes during the construction and equipping of the facility, the full payment due on the company's personal property and the tax revenue benefits of the local hiring and payroll requirements that are detailed in the PILOT or lease agreement with the company. It should be noted, this company currently pays over \$700,000 in property taxes, making it one of the top non-industrial taxpayers in St. Charles Parish.

An RV Sales and Service Center also participates in a PILOT agreement in order to receive a discounted property tax liability. The PILOT was a means to induce further development in St. Charles Parish and to enhance the drainage system around the company's project. Under the agreement, the company's PILOT equals \$200/year or the estimated tax owed on the land prior to purchase. The land was part of a larger parcel of previously classified wetlands that was unmitigated and out of commerce. Under the agreement the company is expected to spend approximately \$3,000,000 to construct a recreation vehicle sales and service center and upon completion, fully pay all personal property taxes owed on the new facility and furniture, fixtures, and equipment within; fully pay all taxes owed on all inventory; and pay full property taxes owed on the adjoining land that was optioned and subsequently purchased for future development. Other Parish benefits derived from the company's project include increased SUT collections from parts and accessories sales and service and the benefits of the local hires employed by the company. Project construction was completed in the summer of 2020.

The Parish also utilized a PILOT agreement to retain and induce the expansion of a maritime servicing firm. At risk of losing the company to a community with a lower millage rate, the PILOT agreement secured the company's long-term commitment to the Parish, retained the company's 105 employees with a \$10 million plus payroll, and induced the construction and equipping of an \$18 million multi-story office and training facility. In exchange, the company's PILOT includes a graduated discount on the tax liability owed on the land and office building. For 2025, the PILOT was \$101,248. Under the PILOT agreement, the Parish receives the full benefits of the SUT generated by the purchases during construction and essential for equipping the facility; the benefits derived from the mandated employment and payroll growth and the associated local hiring requirements; the "claw back" payments for failure to satisfy the employment and payroll requirements; and a \$17,000 administrative rent paid to the St. Charles Parish IDB.

**Note 23 – TAX ABATEMENTS (CONTINUED)**

St. Charles Parish entered into an Economic Development Agreement with IMTT, a leader in the handling and storage of bulk liquid products in North America. The purpose of the Agreement was to ensure the retention and growth of the company's terminal in St. Charles Parish rather than expanding one of its other sixteen (16) terminals in the U.S. or Canada. As a result of the Agreement, the company is investing up to \$500 million over a 10-year period in St. Rose. Under the agreement, the company transfers title of certain new assets to the St. Charles Parish Industrial Development Board. Because the project is in the name of a public agency, it is not subject to ad valorem tax. However, to insure that each taxing agency receives ad valorem tax revenues, the Parish is requiring IMTT to remit a PILOT to the St. Charles Parish Finance Department equal to the same amount as it would have under an Industrial Tax Exemption (ITE) arrangement over the 10-year period. The Parish's Finance Department will distribute the PILOT proceeds according to the percentage of millage levied by each agency.

NONMAJOR GOVERNMENTAL FUNDS DESCRIPTIONS  
For the Year Ended December 31, 2025**

***SPECIAL REVENUE FUNDS***

Special Revenue Funds account for the proceeds of specific revenues (other than special assessments, expendable trusts, or revenues for major capital projects) that are legally restricted to expenditures for specific purposes.

**Governmental Buildings Fund** - The Governmental Buildings Fund is dedicated for the purpose of improving, maintaining, and/or operating public buildings of the Parish and acquiring, constructing, improving, maintaining, and/or operating a 911 emergency telephone system, including the payment of necessary dispatch personnel

**Parish Transportation Fund** - The Parish Transportation Fund accounts for the construction, maintenance, and operation of Parish roads and drainage, and assists in the cost of providing public transit. Financing is provided by the State Transportation Act.

**Road Lighting District No. 1 Fund** - The Road Lighting Fund accounts for the maintenance and operation of public lighting within the boundaries of District No. 1. Financing is provided by a specific ad valorem tax and state revenue sharing funds. In addition, the fund received miscellaneous revenues from fees and investment earnings.

**Mosquito Control Fund** - The Mosquito Control Fund is dedicated for the purpose of abatement, control, eradication, and study of mosquitoes and other anthropods and all activity incidental thereto. Financing is provided by ad valorem taxes and investment earnings.

**Retired Senior Volunteer Program Fund** - The Retired Senior Volunteer Program Fund accounts for the financial activities of the program operating under the authority of Title II, Part A, Section 201 of the Domestic Volunteer Service Act of 1973. Financing is provided by transfers from the General Fund, federal, state, local, and United Way Grant funds.

**Workforce Investment Act SDA 14 Fund** - St. Charles Parish is the grant recipient and administrative entity for the Workforce Investment Act local service delivery area No. 14 which encompasses the Parishes of St. Charles, St. John The Baptist, and St. James. The Workforce Investment Act was established by Public Law 105-220 on August 7, 1998. Funding is provided by grants from the United States Department of Labor through the Louisiana Department of Labor.

**Criminal Court Fund** - The Criminal Court Fund was established under Section 571.11 of Title 15 of the Louisiana Revised Statutes of 1950, which provides that fines and forfeitures imposed by district courts and district attorney's conviction fees in criminal cases be transferred to the parish treasurer and deposited into a special "Criminal Court Fund" account, to be used for the expenses of the criminal court of the Parish. The statutes also requires that one half of the fund balance remaining in the Criminal Court Fund at December 31 of each year be transferred to the Parish General Fund.

## SELECTED COMPONENT UNITS

### **St. Charles Parish Communications District**

The Communications District was established by parish ordinance on August 4, 1986 under the provisions of Louisiana Revised Statute 33:9101-9106. The district was established to maintain and operate a 911 emergency telephone system for St. Charles Parish. Funding is provided from an emergency telephone service charge not to exceed five percent (5%) of the highest tariff rate for local telephone service supplied within the district. The district is governed by a seven-member board of control. Only one elected Parish council member serves on this board. Since the district's board is not the same as the elected Parish council, and it does not provide services only to the Parish government, it is reported as a discretely presented component unit. The Communications District does not issue separate financial statements. The district has a fiscal year ending on December 31.

### **St. Charles Parish Library Service District No. 1**

The Library Service District was established by parish ordinance on November 9, 1948, under the provisions of Louisiana Revised Statute 25:211. Funding is provided from ad valorem taxes, state aid, state grants, and book fines. Expenditures are restricted to library services. The library is governed by a five-member board of control, appointed by the same elected council that governs the Parish. Since the district's board is not the same as the elected Parish council, and it does not provide services only to the Parish government, it is reported as a discretely presented component unit. The library does not issue separate financial statements. The Library Service District has a fiscal year ending December 31.

### **St. Charles Parish Hospital Service District**

*The St. Charles Hospital Service District is also a discretely presented component unit of the Parish. This component unit issues separate financial statements. The St. Charles Parish Hospital Service District financial statements may be obtained directly from their administrative offices as listed below:*

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the parish. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of St. Charles Parish. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable President  
and Members of the Council  
St. Charles Parish Council  
Hahnville, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of St. Charles Parish Council (the Parish), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Parish’s basic financial statements and have issued our report thereon dated June 30, 2026.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Parish’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Parish’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Parish’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Parish’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify

any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Parish's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2023-001 and 2023-002.

### **Parish's Response to Findings**

*Government Auditing Standards* required the auditor to perform limited procedures on the Parish's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Parish's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Parish's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Parish's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON  
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Honorable President  
and Members of the Council  
St. Charles Parish Council  
Hahnville, Louisiana

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Parish's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Parish's major federal programs for the year ended December 31, 2025. The Parish's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Parish complied in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Parish and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Parish's compliance with the compliance requirements referred to above.

**ST. CHARLES PARISH COUNCIL**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**For the Year Ended December 31, 2025**

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Parish's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Parish's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Parish's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Parish's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Parish's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**ST. CHARLES PARISH COUNCIL**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**For the Year Ended December 31, 2025**

**Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose

**ST. CHARLES PARISH COUNCIL**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**For the Year Ended December 31, 2025**

**NOTE 1 - GENERAL**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the St. Charles Parish Council (the "Parish"). The Parish reporting entity is defined in Note 1 to the basic financial statements for the year ended December 31, 2025. All federal financial assistance received directly from federal agencies is included on the schedule, as well as federal financial assistance passed-through other government agencies. There were no federal loans with ongoing compliance requirements, no federally funded insurance, and no noncash assistance.

**NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Expenditures of Federal Awards has been prepared on the modified accrual basis of accounting. Federal expenditures consist of federal financial assistance and local expenditures consist of all local expenditures incurred in the operations of the program, which would include state and parish portions. The Parish has elected not to use the de minimis indirect cost rate allowed under Uniform Guidance.

**NOTE 3 – AMOUNT RECEIVED FOR EXPENDITURES IN A PRIOR YEAR**

Revenue was received from the following grant programs for amounts expended in prior years. These amounts received have not been reported on a previous Schedule of Federal Expenditures.

**SECTION II – FINANCIAL STATEMENT FINDINGS**

**Finding 2025-001      Noncompliance – BUDGET FINDING (Originated in 2023)**

Criteria:            Per Louisiana Revised Statute 39:1311, the Parish is required to amend their budgets when budgeted revenues do not meet actual revenues and/or budgeted expenditures exceed actual expenditures by more than five percent.

Condition:        The Flood Protection Fund had budgeted expenditures that exceeded actual expenditures by more than five percent.

Cause:            The Parish did not appropriately amend the budget to comply with LA Revised Statute 39:1311.

Effect:            The Parish is not in compliance with Louisiana Revised Statute 39:1311.

Recommendation: It is recommended that the Parish amend budgets when the budgeted amount exceeds projected and actual amounts by more than five percent.

Management response: See corrective action plan on page 189.

**SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

RE: Management's Response to Schedule of Findings and Questioned Costs  
Parish of St. Charles, Louisiana

Dear Sirs and Madams:

In response to finding 2025-001, in the past, St. Charles Parish has adopted its final budget amendment in April/May of the following year per guidance provided by our audit team; however, in late November of 2023 our auditors informed us that the final budget amendment must be approved prior to yearend. Given the timing of invoices related to the Flood Protection fund in question, when the final budget was approved in December of 2025, these items were received after year end, however they were still related to 2025 but unfortunately were not included in the final budget amendment when it was approved causing the subsequent finding. For 2026, the Parish will ensure that our final budget amendment is adopted prior to yearend and that our budgeted revenues and expenditures fall within the five percent compliance requirement.

Sincerely,

## INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Members of  
St. Charles Parish Council  
Hahnville, Louisiana  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. St. Charles Parish Council's management is responsible for those C/C areas identified in the SAUPs.

St. Charles Parish Council (the entity) has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated results are as follows:

### ***1) Written Policies and Procedures***

---

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

- i. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

**Results:** No exceptions noted in performing this procedure.

- ii. ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

**Results:** No exceptions noted in performing this procedure.

- iii. ***Disbursements***, including processing, reviewing, and approving.

**Results:** No exceptions noted in performing this procedure.

- iv. ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).  
**Results:** No exceptions noted in performing this procedure.
- v. ***Payroll/Personnel***, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rate of pay or approval and maintenance of pay rate schedules.  
**Results:** No exceptions noted in performing this procedure.
- vi. ***Contracting***, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.  
**Results:** No exceptions noted in performing this procedure.
- vii. ***Travel and Expense Reimbursement***, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.  
**Results:** No exceptions noted in performing this procedure.
- viii. ***Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)***, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).  
**Results:** No exceptions noted in performing this procedure.
- ix. ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.  
**Results:** No exceptions noted in performing this procedure.
- x. ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.  
**Results:** No exceptions noted in performing this procedure.
- xi. ***Information Technology Disaster Recovery/Business Continuity***, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates,

and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

**Results:** No exceptions noted in performing this procedure.

- xii. ***Prevention of Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

**Results:** No exceptions noted in performing this procedure.

## **2) Board or Finance Committee**

---

- A. Obtain and inspect the Council/finance committee minutes for the fiscal period, as well as the Council's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and

- i. Observe that the Council/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

**Results:** No exceptions noted in performing this procedure.

- ii. Review the minutes from all regularly scheduled Council/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds.

**Results:** Exceptions noted. The Board minutes did not reference monthly budget-to-actual comparisons on the general fund or any major funds in 6 of 12 months.

- iii. Obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

**Results:** No exceptions noted in performing this procedure.

- iv. Observe whether the Council/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

**Results:** No exceptions noted in performing this procedure.

### **3) Bank Reconciliations**

---

A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

**Results:** No exceptions noted in performing this procedure.

- ii. Bank reconciliations include evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month that the date of the reconciliation was prepared (e.g., initialed and dated, electronically logged); and

**Results:** No exceptions noted in performing this procedure.

- iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

**Results:** Not applicable as there were no reconciling items outstanding for more than 12 months from the statement closing date.

### **4) Collections (excluding electronic funds transfers)**

---

A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

**Results:** No exceptions noted in performing this procedure.

B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that

- i. Employees responsible for cash collections do not share cash drawers/registers.

**Results:** No exceptions noted in performing this procedure.

- ii. Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.

**Results:** No exceptions noted in performing this procedure.

- iii. Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

**Results:** No exceptions noted in performing this procedure.

- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

**Results:** No exceptions noted in performing this procedure.

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

**Results:** No exceptions noted in performing this procedure.

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Obtain supporting documentation for each of the 10 deposits and

- i. Observe that receipts are sequentially pre-numbered.

**Results:** No exceptions noted in performing this procedure.

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

**Results:** No exceptions noted in performing this procedure.

- iii. Trace the deposit slip total to the actual deposit per the bank statement.

**Results:** No exceptions noted in performing this procedure.

- iv. Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

**Results:** Exception noted. 4 of 10 deposits were not made within one business day of receipt at the collection location.

- v. Trace the actual deposit per the bank statement to the general ledger.

**Results:** No exceptions noted in performing this procedure.

**5) *Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)***

---

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

**Results:** No exceptions noted in performing this procedure.

- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that

- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase;

**Results:** No exceptions noted in performing this procedure.

- ii. At least two employees are involved in processing and approving payments to vendors.

**Results:** No exceptions noted in performing this procedure.

- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

**Results:** No exceptions noted in performing this procedure.

- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

**Results:** No exceptions noted in performing this procedure.

- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

**Results:** No exceptions noted in performing this procedure.

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and

- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity, and

**Results:** No exceptions noted in performing this procedure.

- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

**Results:** No exceptions noted in performing this procedure.

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was

- a. Approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and

**Results:** No exceptions noted in performing this procedure.

- b. Approved by the required number of authorized signers per the entity's policy.

**Results:** No exceptions noted in performing this procedure.

#### **6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)**

---

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

**Results:** No exceptions noted in performing this procedure.

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder; and

**Results:** No exceptions noted in performing this procedure.

- ii. Observe that finance charges and late fees were not assessed on the selected statements.

**Results:** No exceptions noted in performing this procedure.

- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the

practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

**Results:** No exceptions noted in performing this procedure.

- D. Using the list of terminated employees obtained in Payroll and Personnel procedures #9C identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employee’s authorization has been removed.

**Results:** No exceptions noted in performing this procedure.

## **7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)**

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management’s representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected

- i. If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));

**Results:** Not applicable. Per diem reimbursement is not used.

- ii. If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

**Results:** No exceptions noted in performing this procedure.

- iii. Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and

**Results:** No exceptions noted in performing this procedure.

- iv. Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

**Results:** No exceptions noted in performing this procedure.

## 8) Contracts

---

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and
- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.  
**Results:** No exceptions noted in performing this procedure.
  - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).  
**Results:** No exceptions noted in performing this procedure.
  - iii. If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval).  
**Results:** No exceptions noted in performing this procedure.
  - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.  
**Results:** No exceptions noted in performing this procedure.

## 9) Payroll and Personnel

---

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.  
**Results:** No exceptions noted in performing this procedure.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #9A above, obtain attendance records and leave documentation for the pay period, and
- i. Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);  
**Results:** No exceptions noted in performing this procedure.
  - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;  
**Results:** No exceptions noted in performing this procedure.

- iii. Observe any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

**Results:** No exceptions noted in performing this procedure.

- iv. Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.

**Results:** No exceptions noted in performing this procedure.

- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee or official's cumulative leave records, agree the pay rates to the employee or official's authorized pay rates in the employee or official's personnel files, and agree the termination payment to entity policy.

**Results:** No exceptions noted in performing this procedure.

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

**Results:** No exceptions noted in performing this procedure.

## **10) Ethics**

---

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and

- i. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

**Results:** No exceptions noted in performing this procedure.

- ii. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

**Results:** No exceptions noted in performing this procedure.

- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

**Results:** No exceptions noted in performing this procedure.

### ***11) Debt Service***

---

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

**Results:** No exceptions noted in performing this procedure.

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

**Results:** No exceptions noted in performing this procedure.

### ***12) Fraud Notice***

---

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the entity in which the entity is domiciled as required by R.S. 24:523.

**Results:** No exceptions noted in performing this procedure.

- B. Observe the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

**Results:** No exceptions noted in performing this procedure.

### ***13) Information Technology Disaster Recovery/Business Continuity***

---

Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management":

- A. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.

**Results:** We performed the procedure and discussed the results with management.

- B. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

**Results:** We performed the procedure and discussed the results with management.

- C. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

**Results:** We performed the procedure and discussed the results with management.

- D. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network

**Results:** We performed the procedure and discussed the results with management.

- E. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have been completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
  - a. Hired before June 9, 2020 – completed the training; and
  - b. Hired on or after June 9, 2020 – completed the training within 30 days of initial service or employment.

**Results:** We performed the procedure and discussed the results with management.

#### ***F. Prevention of Sexual Harassment***

---

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

**Results:** No exceptions noted in performing this procedure.

- B. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

**Results:** No exceptions noted in performing this procedure.

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:

**Results:** Exception noted. Sexual harassment report for the current fiscal period was not dated on or before February 1.

- i. Number and percentage of public servants in the agency who have completed the training requirements;

**Results:** No exceptions noted in performing this procedure.

- ii. Number of sexual harassment complaints received by the agency;

**Results:** No exceptions noted in performing this procedure.

- iii. Number of complaints which resulted in a finding that sexual harassment occurred;

**Results:** No exceptions noted in performing this procedure.

- iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

**Results:** No exceptions noted in performing this procedure.

- v. Amount of time it took to resolve each complaint.

**Results:** No exceptions noted in performing this procedure.

We were engaged by the Council to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Council and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
