## DEPARTMENT OF FINANCE

CYNTHIA LEE SHENG  
PARISH PRESIDENT

TIMOTHY J. PALMATIER, JD, CPA  
DIRECTOR

The Honorable Parish President, Honorable Councilmembers,  
and Citizens of Jefferson Parish, Louisiana

State law and the Office of the Louisiana Legislative Auditor, Louisiana Governmental Audit Guide, Section 500-1210, require Jefferson Parish publish its December 31, 2022 audited financial statements on or before December 31, 2023 in conformity with generally accepted accounting principles ("GAAP"). Pursuant to those provisions, we hereby issue the Annual Comprehensive Financial Report of Jefferson Parish, Louisiana for the year ended December 31, 2022, for your review.

This report, which complies with all applicable legal requirements of the Jefferson Parish Charter, has been combined and condensed wherever possible to provide meaningful and accurate financial data for all of the operations of the Parish (the Reporting Entity) for which the Parish Council members have been determined to be accountable. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentations, including all disclosures, rests with the Parish's Administration. We believe the data, as presented, is accurate in all material respects and presented in a manner which fairly sets forth the financial position and results of operations of the Parish. Furthermore, we believe that all disclosures necessary to enable the reader to gain an understanding of the Parish's financial activities have been included.

The Parish's independent certified public accountants, Postlethwaite & Netterville, have examined the accompanying financial statements and issued an unmodified (or "clean") opinion that the financial statements for the year ended December 31, 2022, of Jefferson Parish, Louisiana, are fairly presented in conformity with GAAP. The independent auditor's report is located at the front of the financial section of this report.

The independent auditors also performed a "Single Audit" of all federal grant awards deemed major programs for conformance with the provisions of the Single Audit Act and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Information related to this single audit is provided in a separate report which may include comments and recommendations on compliance or internal controls over compliance relative to the major federal programs audited. These recommendations will be evaluated by the Parish's Administration and will be implemented, as applicable, to improve compliance and internal controls over compliance on the federal programs.

*Management's Discussion and Analysis ("MD&A")* immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis to accompany the basic financial statements. The MD&A complements this letter and should be read in conjunction with it.

## **PROFILE OF THE PARISH OF JEFFERSON**

Jefferson Parish, Louisiana was established in 1825 and was named in honor of President Thomas Jefferson, commemorating his role in purchasing the Louisiana territory from France in 1803. The Parish originally extended from present day Felicite Street in New Orleans, Louisiana, to the St. Charles Parish line. As Orleans Parish grew, it annexed from Jefferson Parish such established areas as the Garden District, Lafayette, Jefferson, and Carrollton. The present boundary was set in 1874, and in 1884 the seat of Parish government was transferred to Gretna, where it remains to this day.

The Parish straddles the Mississippi River and encompasses some 359 square miles of land from Lake Pontchartrain on the north to the Gulf of Mexico on the south.

Future job growth in Jefferson Parish is expected to be concentrated heavily in the construction and service industries, especially in professional services such as law, medicine, accounting engineering, information technology, and financial services.

Jefferson Parish offers some of the finest medical care in the nation with world-renowned institutions staffed by pioneering physicians which provides a full range of services including acute care as well as specialized services. The Parish Council, as governing authority, approved an Asset Purchase Agreement by and Among Louisiana Children's Medical Center; LCMC Health Holdings, Inc. and Jefferson Parish Hospital Service District No. 2, Parish of Jefferson, State of Louisiana, d/b/a, East Jefferson General Hospital. As governing authority of Jefferson Parish Hospital Service District No. 2 and pursuant to La. R.S. 33:4341, La. R.S. 46:1064.2 and other constitutional and statutory authority, the Parish Council submitted to the voters of Jefferson Parish Hospital Service District No. 2, on August 15, 2020, a proposition to approve the sale of the hospital facility and all land, equipment and appurtenances known as "East Jefferson General Hospital". The citizens of Hospital Service District No. 2, Parish of Jefferson, State of Louisiana, overwhelmingly, at 94.98 percent, approved the sale of East Jefferson General Hospital. The sale transaction was culminated September 30, 2020. The remaining 2022 financial activities of Hospital Service District No. 2 are contained in the accompanying financial statements.

In addition, Jefferson Parish Hospital Service District No. 1 ("District") d/b/a, West Jefferson Medical Center executed a forty-five-year Master Hospital Lease with LCMC, effective October 1, 2015, for the lease of the West Jefferson Medical Center and all other real property owned by the District that is used in connection with the business, control and operations of the facilities. The 2022 financial activities of Hospital Service District No. 1 are contained in the accompanying financial statements.

There are no local, personal, or corporate income taxes in Jefferson Parish. Furthermore, there are no state ad valorem (property) taxes, and local property taxes and the water rates in Jefferson Parish continue to be among the lowest in the nation.

## **REPORTING ENTITY AND ITS SERVICES**

The Parish of Jefferson's system of government was established by its Home Rule Charter which became effective in 1958 with charter amendments in 1996, 2002, 2011, and 2014. Pursuant to Home Rule Charter, Section 6.08, which provides for the automatic review of the Charter at least once every ten years through appointment of a Charter Advisory Committee, the Council appointed a Charter Advisory Committee which conducted public meetings throughout 2021. The Charter Advisory Committee has submitted its Report of Recommendations for Charter Amendments to the Council and those Recommendations are available on the Jefferson Parish website. The Parish operates under a president-council form of government with seven Councilmembers and a Parish President who are each elected for four-year, concurrent terms.

The Parish President is the Chief Administrative Officer of the Parish. The Parish President is responsible to the Parish Council for carrying out policies adopted by the Council, and is the supervisor of all Parish departments and offices. The Parish President has the power to appoint and remove, subject to the provisions of the Charter, all administrative officers and employees responsible to the Parish President. The Parish President submits the Parish budget to the Council for approval at least sixty days before the end of the calendar year.

The Parish Council is the legislative body of the Parish and may adopt such ordinances and resolutions as may be needed to function. The Council consists of two Councilmembers-At-Large who are elected parish-wide and five Councilmembers elected in geographic districts of the Parish. The Council elects one at-large member to be designated Council Chair and another councilmember to serve as Vice-Chair. The present Council was inaugurated in January 2020 and will serve for four years.

The Council may levy and collect taxes, special assessments, service charges, license charges, fees, and other revenues, and borrow money subject to limitations as provided by state law. The government provides many services including garbage services, fire protection services, construction and maintenance of highways, streets, and infrastructure, recreational activities, library services, animal control, and mass transit.

As required by GAAP, the financial statements of the reporting entity present the primary government (the Parish) and its component units. Component units are defined as legally separate organizations for which the Parish Council is financially accountable, and additional information on all of the component units (either as blended or discretely presented) can be found in the notes to the financial statements. See Note A - Reporting Entity.

Current Louisiana law provides for the creation of various Districts for the provision of certain services on a parish-wide level. Examples include the Jefferson Parish Public School Board, Sheriff, District Attorney, Clerk of Court, Assessor, and Coroner. Each of these Districts is legally separate from the Parish and is governed by independently elected officials. The Parish is not considered to be accountable for these Districts due to the inability of the Parish Council to impose its will over the operations of these entities. Those officials prepare their own budgets, designate their own management teams, and levy their own taxes or fees. While some financial burdens are placed upon the Parish by these Districts, their financial statements are not included here.

There are six municipalities located within Jefferson Parish with varying degrees of dependence upon the Parish. However, each municipality has its own charter and elected officials, and the results of their operations are, therefore, not included in this report. The voters of the incorporated towns and cities (Grand Isle, Gretna, Harahan, Kenner, Lafitte, and Westwego) participate in the election of their officials, and their citizens are eligible to run for election to Jefferson Parish offices.

## **YEAR IN REVIEW, STRATEGIC GOALS AND PRIORITIES**

The following strategic goals and priorities provide a framework for the public and the Parish to provide a link between its long-term financial plans, its budget and its funding priorities:

- o Providing efficient and effective government including developing and supporting E-Government services and operations to bring the provision of those services and operations to the "Next Level" in offering new, innovative services and ideas. Our organizational chart has been reconfigured into governmental services "Clusters" to assemble the best management team to implement "Next Level" initiatives.
- o Improving customer service and citizen accessibility to their government.
- o Employing, developing, and nurturing a diverse workforce capable of responding to the changing needs of the citizens and the workplace.
- o Implementing innovation and creativity in providing public service also requires an effective government organization which must strategically evolve to meet continuing economic, social and institutional challenges, including pandemics such as COVID-19 and named Hurricanes such as Cristobal, Delta, Laura, Sally, and Zeta in 2020 and Ida in 2021. We welcome the developing demands and expectations of the public with creative strategic thinking, innovation, cutting edge technology and more efficient processes.
- o Promoting fiscal accountability and responsibility in all departments through the preparation of, and adherence to, budgets and financial reports that comply with the best recognized principles of governmental finance.
- o Maintaining our excellent bond ratings with rating agencies to allow for the issuance of the lowest cost debt for capital improvement programs.
- o Refinancing debt at lower interest rates to provide lower debt service requirements and increased funds for additional capital improvement projects.
- o Issuing Revenue Bonds as appropriate to provide funds for improvements including, and not limited to, a Twenty-Fourth Judicial District Court Drug Court.
- o Continuing to maintain adequate fund balance reserves.
- o Continuing innovative "Next Level" business and strategic economic growth and development.

Noted below are 43 "Next Level" initiatives, accomplishments and strategic goals started, completed or ongoing during 2022 in support and furtherance of the strategic priorities, strategic goals, and ongoing long-term financial plans for the years 2023 through 2027, the next five years:

- 1) Water and Sewer Improvements. Continued Implementation of the three-pronged Water and Sewer Systems improvement plan, with forward looking technologically sophisticated vision, to comprehensively upgrade and modernize the Sewer and Water Systems of Jefferson Parish. The

third prong, the issuance of bonded indebtedness was completed in 2022. (See C below, Incurred Debt). The comprehensive upgrade, and modernization plan include, and is not limited to:

- a. \$137 million for a new East Bank Water Treatment Plant with construction to begin in 2024;
- b. \$88.1 million for an Automated Water Meter Reading Program to eliminate the need for manual reading and to provide customers with accurate billing, allowing them to manage usage in real time with implementation scheduled for 2023-2026;
- c. \$9 million for the rehabilitation of 11 Water Towers with completion by 2025;
- d. Water Line replacement projects throughout Jefferson Parish to replace outdated water infrastructure with \$215 million in design and construction costs during 2022-2030 and an additional \$575 million for ongoing design and construction from 2027 through 2041. The Water Department currently responds to 350 waterline breaks per week;
- e. \$7 million for the East Bank Mississippi River Water Intake Facility Rehabilitation project completed in 2022;
- f. \$5 million for a state-of-the-art New Water Testing Lab which was bid in 2022 with construction completion planned for 2025;
- g. \$1.5 million for the West Bank Treatment Plant Backup Generator Replacement which was bid in 2022 with construction underway;
- h. \$1.5 million for the Lafourche to Grand Isle Pump Station Emergency Connection completed in 2022 to provide Grand Isle with an alternative source of water during emergencies;
- i. \$4.2 million for the Grand Isle Chenier Pump Station which was bid in 2022, with construction in 2023, to secure the ability to distribute water across Grand Isle;
- J. \$39 million in replacement of 13 lift stations and the rehabilitation of 23 lift stations;
- k. \$20.5 million in design and construction of 26 lift station back-up generators, from 2022 through 2025 with all stations equipped with SCADA equipment so that remote monitoring can advise our personnel when there is a problem with a station prior to overflow;
- l. \$8 million for the Treatment Plant New Safehouse and Headworks project in Marrero;
- m. \$10 million for a new Rosethorne Treatment Plant in Jean Lafitte under construction; and,
- n. Sewer Line Replacement and Lift Station Upgrades throughout Jefferson Parish including \$224 million in design and construction from 2022 through 2031 and an additional \$576 million for the ongoing design and construction from 2028 to 2041.

### Water System

The Jefferson Parish Water System consists of two water treatment plants, 1,787 miles of pipe, 23,732 valves, 8 towers, and 18,000 hydrants. The East Bank production capacity is 87 million gallons per day. The West Bank production capacity is 61 million gallons per day. The Jefferson Parish Water Department continued its partnership with Money Gram and Check Free to provide more than 100 collection locations throughout Jefferson Parish for residents to pay water and utility bills at their convenience.

### Sewer System

The Jefferson Parish Sewer System consist of five major treatment plants with a combined design capacity to treat approximately 50 million gallons of wastewater daily. The collection system consists of over 500 lift stations, each having 2-7 pumps, over 1300 miles of gravity pipe and about 100 miles of force main pipe conveying wastewater from homes and businesses to the treatment plants. The system also includes over 21,000 manholes.

The Three-Pronged Water and Sewer Systems Improvement Plan:

The Plan provides in excess of \$1.1 billion and \$1.3 billion in capital funding, for the Waterworks and Sewer Systems, respectively, for the twenty-year period, 2022 through 2041;

A. Millage

On March 20, 2021, the voters of Jefferson Parish approved the following two millages and dedications as follows:

- i. Consolidated Waterworks District No. 2 of Jefferson Parish for the purpose of acquiring, constructing, improving, maintaining and/or operating Waterworks facilities within the District. Presently levied at 3.33 mill with voter approval in an amount not to exceed 5.0 mill effective 2023.
- ii. Consolidated Sewerage District No. 1 of Jefferson Parish for the purposes of acquiring, constructing, improving, maintaining and/or operating sewerage facilities within the District. Presently levied at 3.36 mill with voter approval in an amount not to exceed 5.0 mill effective 2023.

B. User Rates

WATER

The Council of Jefferson Parish, the Governing Authority, on September 15, 2021 adopted Ordinance No. 26298 which provides, in pertinent part, the following twenty-year, through 2041, Waterworks rate schedule including Consumer Price Index adjustments:

- i. On January 1, 2022, and on each anniversary thereafter, through January 1, 2031, inclusive, the billing cycle base consumption charges in effect as of December 31 of the preceding year shall be increased by one dollar and eighty-eight cents (\$1.88) for customers billed in two (2) month cycles, and ninety-four cents (\$0.94) for customers billed monthly. Additionally, the rate per one thousand (1,000) gallons consumed in excess of the amount included in the base charges shall be increased by sixty-six cents (\$0.66).
  - ii. On January 1, 2032, and on each anniversary thereafter, through January 1, 2041, inclusive, the billing cycle base consumption charges in effect as of December 31 of the preceding year shall be increased by sixty-two cents (\$0.62) for customers billed in two (2) month cycles, and thirty-one cents (\$0.31) for customers billed monthly. Additionally, the rate per one thousand (1,000) gallons consumed in excess of the amount included in the base charges shall be increased by twenty-two cents (\$0.22).
111. Consumption charges and service charges are adjusted annually every January 1 based on the percentage change in the Consumer Price Index.

## SEWER

The Council of Jefferson Parish, the Governing Authority, also on September 15, 2021 adopted Ordinance No. 26299 which provides, in pertinent part, the following twenty-year, through 2041, Sewer rate schedule including Consumer Price Index adjustments:

- I. On January 1, 2022, and on each anniversary thereafter, through January 1, 2031, inclusive, the billing cycle base charges in effect as of December 31 of the preceding year shall be increased by one dollar and eighty-six (\$1.86) for residential customers, and ninety-three cents (\$0.93) for commercial customers. Additionally, the rate per one thousand (1,000) gallons consumed in excess of the amount included in the base charges shall be increased by one dollar and thirty-five cents (\$1.35).
- II. On January 1, 2032, and on each anniversary thereafter, through January 1, 2041, inclusive, the billing cycle base charges in effect as of December 31 of the preceding year shall be increased by ninety-two cents (\$0.92) for residential customers, and forty-six cents (\$0.46) for commercial customers. Additionally, the rate per one thousand (1,000) gallons consumed in excess of the amount included in the base charges shall be increased by sixty-eight cents (\$0.68).
- III. Sewerage usage fees are adjusted annually every January 1 based on the percentage change in the Consumer Price Index.

### C. Incurred Debt

On December 8, 2021 the Council of Jefferson Parish adopted Ordinance No. 25783 authorizing the issuance of Consolidated Waterworks District No. 2, Revenue and Refunding Bonds, Series No. 2022, and Ordinance No. 25784 authorizing the issuance of Consolidated Sewerage District No. 1, Revenue Bonds, Series No. 2022. The bonds securing the authorized debt were issued March 2022. The Project Funds generated are \$198 million for the Consolidated Waterworks District No. 2, and \$105 million for Consolidated Sewerage District No. 1.

- 2) Recreation Reimagined. This initiative is an innovative forward looking "Next Level" plan to fill the playgrounds again through better and additional programming, including tennis, soccer all-stars, swimming, basketball, softball, more intramural all-star opportunities, and expanded competitive programming for all age groups to ensure the children are receiving the quality programming they richly deserve. Increased and better technology will be implemented such as a streamlined registration process, improved communication via a mobile app and new website, a recreation guide in Spanish, etc. Jefferson Parish contains 27 playgrounds. The plan will focus on repurposing 6 low participation and underutilized playgrounds to create unique recreational opportunities for a larger cross section of Jefferson Parish residents' activities by reimagining programs and facilities to increase meaningful participation and competition at the playground and Parish level. The Plan will also increase participation, the utilization of the facilities, the quality level of choices and type of sports available, and the number of supervisors and potential volunteers to be directly involved in playground programming.

- 3) Hurricane Preparedness. In response to Hurricane Ida, Jefferson Parish extensively reexamined its hurricane preparedness and in May 2022 produced a forty-two page After Action Report/Improvement Plan using the Department of Homeland Security - Homeland Security Exercise and Evaluation Program (HSEEP) processes to further bolster and improve Jefferson Parish's hurricane preparedness through planning, organization, equipment, training and other state of the art implementations. In addition, Jefferson Parish continues to work with its State and Federal partners relative to all areas of hurricane preparedness.
- 4) Millage Renewals. The Jefferson Parish Council, and the voters, in 2021 and 2022 approved the following eight millage renewal initiatives at the originally authorized amount to continue each revenue stream through a ten-year term, and one Old Metairie Security Enhancement District Tax, also for a ten-year term:
  - ▶ Consolidated Waterworks District No. 2 of Jefferson Parish for the purpose of acquiring, constructing, improving, maintaining, and/or operating waterworks facilities within the District. Election March 20, 2021.
  - ▶ Consolidated Sewerage District No. 1 of Jefferson Parish for the purposes of acquiring, constructing, improving, maintaining, and/or operating sewerage works and facilities within the District. Election March 20, 2021.
  - ▶ The Jefferson Court and Judicial Services Fund, and The Jefferson Community Park and Cultural Service Fund, to be split evenly between those two funds to provide, maintain, administer, and operate judicial services in the criminal justice system of Jefferson Parish; and, to provide, maintain, administer, and operate cultural and park facilities and programs in Jefferson Parish. Election December 11, 2021.
  - ▶ The Special Services District with 40 percent dedicated to support, maintain, administer, and operate judicial services in the criminal justice system; 20 percent to provide, maintain, administer, and operate cultural and park facilities and programs (split equally, i.e., 10 percent to Culture and 10 percent to Parks); 20 percent dedicated to promote industry, trade, and commerce by providing economic and planning assistance to business enterprises; 20 percent dedicated to provide, assist, administer, and maintain services and programs for the elderly. Election December 11, 2021.
  - ▶ Road Lighting District No. 7, Grand Isle, for the purpose of acquiring, constructing, improving, maintaining, and operating road lighting facilities. Election December 11, 2021.
  - ▶ Ambulance Service District No. 2, Grand Isle, for the purpose of acquiring, constructing, improving, maintaining, and operating ambulance service facilities. Election December 11, 2021.
  - ▶ Old Metairie Security Enhancement Tax, for the purpose of purchasing, acquiring, constructing and improving, or leasing, maintaining, and operating machinery and equipment and other facilities to be used, and paying other expenses incurred, or contracting for services to be rendered in connection with providing security enhancement services to the District. Election December 11, 2021.
  - ▶ Jefferson Parish Consolidated Road Lighting District dedicated for the purpose of acquiring, constructing, improving, maintaining and operating road lighting facilities. Election April 30, 2022.

- ▶ Fire Protection District No. 5 for the purpose of acquiring, constructing, improving, maintaining, or operating fire protection facilities, vehicles and equipment, including both movable and immovable property to be used in fire protection services. Election April 30, 2022.

5) Ochsner Hospital and Health Systems.

- a. Ochsner has announced plans to construct a state-of-the-art Neuroscience Center near its main campus, and continues its construction of the three story Ochsner Super Clinic at the Clearview City Center converting the Clearview Mall into an open air, mixed residential and commercial site. The Clearview Civic Center project is a \$115 million mixed-use development with a \$123 million economic impact creating 1,608 total jobs during construction and 420 permanent jobs with an estimated annual economic impact of \$26 million. The Clearview Civic Center will also include The Metro, a \$55 million residential project including 260 luxury apartments, a 14,000 sq. ft. green space 100,000 sq. ft. commercial office space and the 185,000 sq. ft. Ochsner Health Systems "Super Clinic" creating 200 direct jobs with an average salary of \$70,000.
- b. As part of its broader strategy of shifting patients away from stays and toward less costly outpatient settings, the Ochsner Super Clinic will offer primary and wellness care, labs and testing facilities, outpatient surgery services and retail outlets, including a spa and pharmacy with 650 patients expected per day. The specialty medical practices housed in the Super Clinic include cardiology, eye care, digestive health care, and ear, nose and throat.
- c. In addition, Ochsner continues its multi-year \$620 million (\$380 million from Ochsner; \$240 million from joint venture partners) expansion of its main campuses with the addition of seven floors to the medical center west tower, the expansion of the Gayle and Tom Benson Cancer Center, the construction of an outpatient Imaging Center, and the development of a west campus along Jefferson Highway including the construction of a Rehabilitation Hospital, a Physical and Occupational Therapy Clinic, and the new Chamberlain University College of Nursing all to accomplish a mixed-use corridor with destination healthcare at its core. The construction and operations create some 3,500 jobs, while removing blighted areas and reinvesting millions to produce major economic development. Ochsner also employs 6,600 people with plans to add over 3,000 more employees in the next ten years. The Parish also created a TIF (Tax Incentive Fund) District (the Jefferson Highway Economic Development District) in dedicating certain incremental sales tax revenues to these and associated endeavors.

- 6) American Rescue Plan Act ("ARPA"). Through the American Rescue Plan Act (ARPA) Jefferson Parish has been awarded and has received \$84 million in Coronavirus State and Local Fiscal Recovery Funds ("SLFRF"). The Jefferson Parish Council, has applied these funds through Ordinance No. 26613, adopted on April 26, 2023, to the General Fund of Jefferson Parish for salary and related benefits incurred to recover from the COVID-19 Pandemic.

- 7) Elmwood Redevelopment. Continued to transform the 100-acre retail and commercial market into a mixed-use development with new apartments, retail, and dining options. The ten-year phased construction project includes 500 apartment units, updating to the intersection of Citrus and Elmwood West Drive, storm water management, more green space, and integration and compatibility with the Jefferson Edge 2025 and the Housing Stock Enhancement Strategic Plans to provide a variety of housing options for residents and potential residents. All with the goal to make the community more desirable for both businesses and residents alike, in addition to generating more sales tax revenues. The Parish created a TIF (Tax Incentive Fund) District (The Elmwood Economic Development District) in dedicating certain incremental sales tax revenues to these and associated endeavors to transform the site into a vibrant, progressive mixed-use town center with walkable corridors, and numerous residential and commercial offerings.
- 8) Lakeside Shopping Center. The largest retail mall in the New Orleans metropolitan area, is the premier shopping destination in Jefferson Parish with more than 120 stores anchored by JC Penney, Dillard's and Macy's. Its sales tax collections through November 2022 are up 18.7% over the 2021 same period collections.
- 9) Avondale Global Gateway formerly Avondale Marine, a joint venture between T. Parker Host and Hilco Redevelopment Partners, has pending a \$445 million sale of the facility to the Port of South Louisiana with T. Parker Host continuing to manage the operations of the facility. To date 300 jobs have been created and the new venture is predicted to generate thousands of jobs and \$32 billion in economic output. The venture is consistent with Jefferson Parish's economic growth vision as established in Jefferson Parish's "Envision Jefferson 2040" plan. Over one million tons of cargo have been transported since 2020. At one time, Avondale Shipyard was the State of Louisiana's largest employer but had been dormant for many years. The Avondale Global Gateway site is 256 acres with 8,000 feet of deep-water riverfront access and the largest intermodal transportation system in the South. It is envisioned as a global logistics hub with value-added advanced manufacturing at its core with break-bulk cargo and warehousing, and distribution facilities. In 2020 the State of Louisiana committed \$1.5 million in capital outlay to construct a new state-of-the-art gate complex, and Jefferson Parish applied to MARAD (U.S. Department of Transportation, Maritime Administration) and received a Port Infrastructure Development Grant in the amount of \$9.9 million. The total Port Infrastructure Development Grant Project cost is \$21.1 million with T. Parker Host contributing the remaining \$11.2 million to convert a former shipyard dock wharf into a modern cargo dock which will extend further into the Mississippi River to accommodate larger vessels. Meetings with MARAD are ongoing including the impact, if any, of the pending sale on the MARAD project.
- 10) Fuji Vegetable Oil Co. A specialty oil and fat producer held its Grand Opening in April 2022 of a new processing facility creating 45 direct jobs with an average salary of \$77,000 while investing \$70 million into the project. In addition, International-Matex Tank Terminals invested \$45 million for the installation of new pipelines to transport raw materials to seven storage tanks adjacent to the Fuji facilities.

- 11) The Treasure Chest Casino project replaces a riverboat casino with a land-based casino on the shore of Lake Pontchartrain. A \$95 million expansion with a 47,000 sq. ft. single level casino with sports betting (permitted in Jefferson Parish though recent local referendum), 10,000 sq. ft. of convention space with meeting rooms, and several new restaurants. The casino is planned to open in 2023.
- 12) The Five-year Road and Sewer Bond program continues with major improvements undertaken in 2022. In 2019 the Parish issued in excess of \$280 million in Special Tax Revenue bonds for road and sewerage projects. As part of the Parish's five-year long-term capital plan, in 2017, as a result of the voters renewing a 7/8 cents sales tax for an additional twenty years through 2042, the Parish refinanced and restructured its debt through a bond issue to provide \$120 million in additional funds for road and sewerage projects without an increase in annual debt service. The revenue stream through 2042 will provide funding for improvements in streets, drainage, and sewerage including, but not limited to, the Causeway Corridor Improvements which will provide a widened Causeway Boulevard between West Napoleon and Airline and will provide a full interchange of all directions at Causeway Boulevard and the Earhart Expressway without leaving Jefferson Parish. The improvements will also include improved regional connections to and from the new Louis Armstrong International Airport and the extension of Dickory Boulevard, improving access to and from the businesses in the Elmwood area. The revenues and proceeds will also be used to fund the design of a new bascule bridge along Lapalco Boulevard over the Harvey Canal to expand Lapalco Bridge from a single 4-lane bascule bridge to two (2) 3-lane bascule bridges creating a 6-lane Lapalco crossing of the Harvey Canal. Jefferson Parish Capital Improvement Department completed 24 Capital projects (ranging from \$450,000 to \$4.7 million) in 2022 and started 13 more (ranging from \$98k to \$6m) in 2022.
- 13) The Terrytown Model Home Program is a collaboration between the 501 (c) 3 non-profit New Orleans Education League of the Construction Industry (NOEL) and the Jefferson Parish Finance Authority (JPFA). Its mission is to enhance the housing stock of Jefferson Parish through the construction of new model homes and the renovation of existing homes in a way that complements surrounding architectural styles while featuring contemporary interior and exterior designs that are in demand by today's homebuyers. 80% of the housing in Jefferson Parish was built prior to 1980. The Parish recognizes the desire of future generations for homes that are modern and attractive. The program was developed in 2019 with support from the Jefferson Parish Council, Jefferson Parish Administration, JEDCO, Tulane Small Center for Collaborative Design, and HBAGNO following the recommendations of the Jefferson Parish Housing Stock Enhancement Strategic Plan and Terrytown Neighborhood Revitalization Study Strategic Plan. It strives to both encourage new homeownership in Jefferson Parish as well as support existing homeowners seeking to modernize their homes.
- 14) Again, as part of its five-year plan, Jefferson Parish dedicated Economic Development funds to U.S. Foods in Marrero for the expansion of the F. Christiana distribution center. The expansion increased the facility from 70,000 sq. ft. to 200,000 sq. ft. The company retained 140 jobs while creating 45 direct jobs at an average annual salary of \$46,000 serving approximately 250,000 restaurants and food service operators across the Gulf South.

- 15) The Ecosystem and Coastal Management Department was awarded \$25 million in Federal Funds to implement Flood Mitigation Assistance Programs.
- 16) Distributed 4,324 Emergency Rental Assistance Payment totaling \$17.1 million.
- 17) The Purchasing Department has placed narrated tutorials on the Jefferson Parish website, to guide vendors in doing business with Jefferson Parish and to welcome them to Jefferson Parish.
- 18) The City of Gretna continues its implementation of its Gretna Downtown 2020 plan to develop a more attractive, walkable and vibrant community to preserve the City's historic appeal, and has developed new ways to market the City.
- 19) The City of Kenner continues its economic engine with the implementation of the 2030 Plan and continued development along Lake Pontchartrain.
- 20) The Jefferson Parish Transit Department partnered with a local advocacy non-profit organization, Lighthouse Louisiana, in utilizing the "Mo Mobility Assistance Card Program" to increase the accessibility of bus and paratransit systems for people with sensory disabilities. In addition, on November 28, 2022 Transit issued a Notice to Proceed to Ratcliff Construction for \$7.8 million for improvements to the 118 David Dr. East Bank Operations and Maintenance Facility; purchased two New Digital Kiosk which are self-contained, free standing, plain visibility, and ADA accessible; and, committed \$4.48 million to retire and replace existing vehicles.
- 21) The Diversity and Inclusion Board of Jefferson Parish has ramped up programming with many events planned for 2023 recognizing the need for even greater awareness and acceptance of those whose cultures and ethnicities are different from our own.
- 22) The Consolidated Garbage District continued its multimillion-dollar infrastructure investments resulting in major reductions in odor complaints, increased capacity for gas generation, increases in gas royalties, and overall increases in efficiencies in operations of the Landfill.
- 23) The 94-acre John Alario, Jr. Sports Complex received a \$5 million commitment for new basketball courts, scoreboards, a reconfiguration to provide for Mardi Gras ball celebrations, and the addition of festival grounds with amphitheater and stage. The Complex played an integral role in response to the COVID-19 pandemic housing 800 National Guard troops as a testing and vaccination site. It has now returned to its primary role as a sports and entertainment venue responsible for generating tourism dollars and to serve as an economic driver for Jefferson Parish and the surrounding New Orleans Metropolitan Area.
- 24) Recognizing our employees as valued and important resources to the success of Jefferson Parish and the provision of the highest level of service to its citizens and in attempt to keep our wages competitive and consistent with our strategic long-term goal to recruit and retain high quality workers, the 2023 budget includes a 5% merit-based increase in salary for those

employees whose performance meets expectations. In addition, Jefferson Parish has contracted with The Archer Company, LLC, to perform a market-based Pay Plan Study for its Judicial, Executive, Classified and Firefighter pay plans.

- 25) Jefferson Parish has encouraged Congress to pass marketplace fairness legislation (MFA, Marketplace Fairness Act) to allow for the collection of state and local taxes from remote online sellers. In addition, Jefferson Parish worked with the Louisiana Legislature to establish the Louisiana State Sales and Use Tax Commission for Remote Sellers, Act, 274, Regular Session, 2017, and through passage of H.B. No. 17, Act No. 5, Second Extraordinary Session, 2018, provided criteria for the definition of "dealer", i.e., individuals or businesses not physically present in Louisiana that sell over \$100,000 of goods or services into the state, engage in 200 or more separate transactions with Louisiana customers, or voluntarily register to collect and remit remote sales taxes. All in recognition of the United States Supreme Court decision in *South Dakota v. Wayfair*. As a result of these efforts, the Sales and Use Tax Commission for Remote Sellers has experienced increased remote sales tax collections as well as increase in participant remitters from 1,331 vendors as of July 2020 to 7,767 vendors as of November 2022 with much of the growth through voluntary participation of vendors in the submission of their sales tax collections.
- 26) Jefferson Parish contracted with Berry Dunn a professional consulting firm with proven consulting experience including overall project management; business process identification, mapping, planning and, modernization; and, business improvement strategies to provide professional consulting services relative to development and implementation of an ERP (Enterprise Resource Planning) and BPIP (Business Process Improvement Project) to upgrade from an AS400 environment to a more user-friendly environment with greater functionalities and to allow more interdepartmental electronic communication.
- 27) Continuing, improving and expanding the Jefferson Parish website with mobile and social media users in mind to provide for easy access, in more than 100 different languages, to Jefferson Parish news content and information with links to a variety of Jefferson Parish Government services, as well as helpful and urgent information such as access to Parish *News Releases and Special Notices*, LIVE JPTV, *Jefferson Parish Government Access Television*, which includes live broadcasts of Jefferson Parish Council meetings, urgent Jefferson Parish news conferences, special events, and regular JPTC programming with immediate access to a comprehensive list of helpful services allowing users to:
- Apply for a permit,
  - Pay a Jefferson Parish water bill,
  - Report a code violation,
  - Access information related to road closures,
  - Access a directory of all Jefferson Parish departments, municipalities and agencies.
- 28) Jefferson Parish continued its social media presence in 2022 with its interactive Facebook (6 million impressions), Twitter (300,000 impressions), Instagram (715,000 impressions) and You Tube social media platforms. As part of Jefferson Parish Public Information Office "Next

Level" initiatives, the Meltwater & TVYs (to monitor and analyze online, print, social media and broadcast coverage and social media mentions) and Hootsuite (to better manage all Jefferson Parish media accounts in one place) were implemented.

- 29) \$7 million has been committed to transform the Hope Haven facility (a beautiful and historic property left vacant for decades) into a 40,800 sq. ft. aquatic center, walking, health and fitness park, and an open field for concerts to offer expanded and more convenient services to the public. Design and construction are underway.
- 30) Jefferson Parish Council adopted Resolution No. 141120, dated January 4, 2023, authorizing an estimated \$15.6 million for the design and construction of the new animal shelter with location on the east bank of Jefferson Parish reflecting the progressive direction of animal welfare in Jefferson Parish.
- 31) Jefferson Parish routinely reviews its bonded debt portfolio for refinancing opportunities. Jefferson Parish continues to maintain its "AA" bond rating providing for continued low borrowing costs.
- 32) Tax Incentive Funds (TIF) Districts have been established to stimulate growth and enhance target areas that were deemed to have the potential of increasing future revenue.
- 33) All Department's reserve fund balances are maintained at 15 percent in the 2023 budget. Jefferson Parish maintains its goal of 15 percent reserve fund balances for all departments and has directed Department Directors to maintain the 15 percent reserve fund balance.
- 34) Jefferson Parish continues its operation of a \$150 million Pump to the River project which was funded 65% by the U.S. Corps of Engineers. The Pump to the River project now online alleviates drainage congestion by pumping rain water from areas of Jefferson Parish to the Mississippi River taking water off the street and moving it south to the river.
- 35) The East Bank Consolidated Fire Department completed the construction of a new fire station in 2022, started construction of a new fire station for completion in 2023, and will repair/rebuild damage to stations caused by Hurricane Ida. The Fire Department maintained its Class 1 rating with an even higher score and the highest score in the State of Louisiana.
- 36) Continued, and monitoring a \$15.1 million Energy Conservation Project along with Siemens Industries to provide energy savings in seventeen facilities with the savings to materialize from increased efficiencies in electricity, HVAC equipment, and water consumption.
- 37) The Jefferson Parish Performing Arts Center, a state-of-the-art municipal theater, continues to provide Jefferson Parish with a much-needed venue for cultural functions seating 1,100 people. The Center continues to provide excellent theater and cultural events to the public.
- 38) The beautification of major thoroughfares and entrances to the Parish through its Commercial Parkway Zone ("CPZ") program continues to take place. The Regional Planning Commission

completed, and the Parish Council adopted, a Master Plan to construct a \$75 million Bike Path throughout the Parish. The Plan received the "Excellence Award for a Plan" award by the American Planning Association. The Award recognizes that the Plan represents excellence of thought, analysis, writing, and graphics throughout the plan, implementation, strategy, and process, regardless of budgetary limitations. 18 Bicycle Network Projects have been undertaken including two major projects:

- I. West Bank from the Mississippi River to Parc De Familles
- II. East Bank from the Mississippi River to Lake Pontchartrain

In addition, the CPZ issued refunding and revenue bonds generating and committing \$3.6 million for beautification projects along Veterans Boulevard while reducing its annual debt service. The pledged revenue included right-of-way lease revenue from businesses along and near Veterans Boulevard.

- 39) Jefferson Parish Economic Development Commission (JEDCO), an independent yet complementary arm of Jefferson Parish Government, serves to proactively influence the Jefferson Parish economy through the retention and creation of quality jobs, entrepreneurship and investment in Jefferson Parish through maintaining a Business Innovation Center to attract technology-based startup companies and an Innovation Loan and Technical Assistance Program (ITLAP) to provide economic growth through low interest loans. JEDCO is responsible for the funding of 23 loans to support \$6.4 million in total project costs.
- 40) Jefferson Edge 2025 is Jefferson Parish's long-term economic development strategic plan to focus on resiliency, social equity, competition, talent and workforce, innovation, and industry to promote sustainability, job growth, and investment in Jefferson Parish through a two-tiered approach with focus on targeted industry clusters (industries with the most potential and opportunities for growth, e.g., health care and IT systems industries) and identifying crosscutting issues to ensure success. The Plan provides a roadmap for sustainability, job creation, investment and opportunity in Jefferson Parish.
- 41) JEDCO engaged a team of experts to provide a phased in approach to improving Churchill Park with infrastructure updates and the development of a Strategic Business Plan to guide JEDCO's business decisions, and its work in implementation of the Master Plan for the Churchill Technology & Business Park, a 480-acre site of developable land which will become a catalyst for jobs and investment in Jefferson Parish and across the region. The Plan includes shared and integrated storm water management, shared parking, mixed-use development including residential, office, flex space, institutional and research and office equipment, urban core, green space, walking paths, water management and a vision for progressive infrastructure.
- 42) JEDCO was awarded a \$600,000 grant from the U.S. Environmental Protection Agency for Brownfield assessment on the Westbank of Jefferson Parish to revitalize dormant industrial sites.

43) Again, as part of its five-year plan, the Parish continues to enhance Parc de Familles, a 610-acre park with an 18-hole disc golf course, soccer and football fields, and walking trails. It sponsored disc golf tournament events and the second annual dog show among other recreational activities. In addition, Jefferson Parish on December 23, 2020 issued refunding and revenue bonds generating more than \$4 million for new projects at the park while reducing its annual debt service. The funds have been committed in 2021 and 2022 and implementation is underway including a visitor information and reception facility, fishing pier and kayak launch, a mountain/obstacle trail, a splash park, a dog park, and enhanced landscaping. The pledged revenue included the already existing \$1.25 per month Operation and Construction Fee and Service Charge per dwelling within the District.

All of the above initiatives are accomplished through current year funding, state capital outlay, federal grants, bond issues, or one-time revenues.

## **FINANCIAL POLICIES**

The Jefferson Parish Council has established and adopted the following comprehensive financial policies to improve the Parish's financial stability and assist the Parish in fiscal planning. These policies set forth consistent guidelines for fiscal planning and performance, and support the Parish's commitment to sound financial management and fiscal stability. These practices enable the Parish to maintain a favorable credit rating and achieve a low cost of capital.

### FISCAL MANAGEMENT AND PLANNING POLICIES

- The annual budget process includes review of the budget and programs by staff, management, the Parish Council, and citizens of the Parish.
- The Finance Department evaluates services provided and projects the revenue generated and expenses of each department. The departments provide input to the Finance Department and Administration, and they participate in meetings with the Parish Council.
- Through the budget process, all requests for Parish resources are evaluated with consideration given to needs, costs, and benefits.
- The budget process emphasizes the use of current revenues to fund current operations.
- Revenue sources of the Parish are analyzed annually to maintain stability.
- All user fees and charges are examined annually to ensure the rates of recovery of the costs of services are at acceptable levels.
- Parish funds are managed with a focus on safety of principal, liquidity, and return on investment, in that order, and in accordance with investment policy.

### RESERVE POLICIES

- All departments and funds maintain a fund balance at least equal to 10% of the budgeted expenditures to provide financial and operational stability to the Parish.

- Equipment and capital purchases, including office equipment; commercial equipment, vehicles, fire equipment, etc. are generally conducted on a "pay-as-you-go" basis and are funded from annual operations or reserves within the applicable fund.
- The Parish regularly evaluates its debt service reserves to determine the most cost-effective method of maintaining or utilizing these reserves, in a manner consistent with and allowed by the governing bond documents.

#### CAPITAL POLICIES

- A five-year capital plan is updated annually for capital needs and anticipated funding sources.
- Whenever possible, all capital purchases are funded from current operations including the access of grant funds whenever available.
- For major infrastructure projects such as road, drainage, water, and sewerage projects, separate plans are developed that include the priority of the projects, estimated costs, and expected sources of debt and revenue funding.

#### DEBT POLICIES

- Maintain/improve bond rating to minimize borrowing costs and preserve access to capital.
- General Obligation debt, or other debt supported by property tax, is utilized only as authorized by the voters of the Parish.
- Debt secured by sales tax revenue is utilized by the Parish for purposes approved by the voters. The Parish targets a ratio of maximum annual debt service to projected tax collections of less than 75% in accordance with Louisiana law.
- The Parish reviews its existing and proposed debt to maintain a level of debt per capita that is consistent with the guidelines set forth by the rating agencies for local governments of comparable demographics or with a similar credit rating.
- The Parish conducts an analysis of new bond issues to show the impact to the Parish's debt service requirements and debt capacity. That analysis includes a review of the revenue source pledged to be used to service the debt, and reflects other debt paid from such revenue.
- Fees and charges for proprietary funds are maintained to ensure the revenues produced are sufficient to meet operating needs as well as the debt service secured by such revenues as necessary to meet the coverage ratios required by the bond ordinances.
- Refinancing of debt is considered when savings exceed the costs of refinancing, unless restructuring or revisions are necessary in order to provide services or issue additional debt.
- Other forms of debt, leases, or project financing are analyzed on a case-by-case basis and utilized only when they provide an economic savings or efficiency to the Parish.

#### REPORTING POLICIES

- Accounting and Financial Reporting is maintained in accordance with state and federal laws, GAAP, standards of the Government Accounting Standards Board ("GASB"), and the Government Finance Officers Association ("GFOA").

- An annual audit is performed by an independent public accounting firm and completed within six months of year end.
- The Parish prepares an annual Popular Report and Budget in Brief.
- The Annual Comprehensive Financial Report is submitted to the Louisiana State Legislative Auditor in accordance with all state law requirements and to the GFOA for consideration.
- The annual budget of the Parish is submitted to the GFOA for consideration.

## **ACCOUNTING SYSTEM AND BUDGETARY CONTROL**

The Finance Department is responsible for providing all Parish financial services including financial accounting and reporting, payroll and accounts payable disbursement functions, cash and investments management, debt management, budgeting, purchasing, contract administration, and special financial analyses for Parish management. The Finance Department is also responsible for the establishment and maintenance of an internal control structure to provide reasonable, but not absolute, assurance regarding: 1) the safeguarding of assets against loss from unauthorized use or disposition and 2) the reliability of financial records for preparing financial statements and maintaining accountability for assets.

In addition to the internal accounting controls noted above, the Parish maintains budgetary controls designed to ensure compliance with the legal provisions embodied in the annual operating budget. The budget, as proposed by the Parish President and adopted by the Parish Council, includes the activities of the general fund, special revenue funds, and the water and sewer districts' proprietary funds. Management control of the Operating Budget is maintained at the fund/departamental level. Further details on the budgetary process and control are explained in the Notes to the Financial Statements.

## **PROSPECTS FOR THE FUTURE**

### **Major Issues and Budget Outlook**

As we move forward in 2023, in addition to the on-going initiatives including fund balance reserve maintenance and increases as appropriate and prudent, additional refinancing savings, and continued economic growth, we do have one additional challenge, the General Fund. With modestly increasing sales tax revenues as a major source of funding, together with State Mandated costs continuing to rise and cutbacks in State funding, additional revenue sources and expenditure cut backs may need to be considered to balance the General Fund in future years. In 2023, the State mandated appropriations amount to approximately 41% of the General Fund's budget with a net cost impact on the General Fund of approximately \$50.7 million.

Sales tax account for a substantial portion of the General Fund budget. While General Fund Sales taxes have shown moderate increases, considering the uncertainties as to inflation, supply chain concerns, and the strength of the general economy, Jefferson Parish will closely monitor and control spending whenever practical in future years to maintain a healthy fund balance reserve in the General Fund.

Jefferson Parish is conservative in its revenue projections, including sales taxes. Sales taxes are expected to modestly exceed or remain flat with these projections with similar very modest growth in the coming year.

In addition, we expect a number of revenue streams to continue to be challenged in 2023 including Hotel/Motel Taxes, License and Permit Fees, and Fines and Forfeitures.

Jefferson parish has also submitted to FEMA more than \$100m in Hurricane Ida claims.

Our financial policies are based on investing public resources towards the strategic results Jefferson Parish seeks to achieve.

Jefferson Parish Government's overreaching goal and vision is to put the public first by striving to provide the highest level of service across all aspects of our government. Jefferson Parish provides services, leadership, and vision to improve the quality of life in Jefferson Parish through continued, controlled, and well-planned growth, economic development, including attracting business and industry, and environmental planning. As to budgeting, the budget of Jefferson Parish is balanced, strong, and departmental budgets are based on investing public resources towards the strategic results Jefferson Parish seeks to achieve rather than the traditional budgeting system of incremental changes to the previous year's budget level.

The leadership of the executive and legislative branches of Jefferson Parish governments, along with responsible citizen and business development, has enabled Jefferson Parish to prosper for many years. The Parish continues to concentrate efforts on quality of life issues as well as functioning as the region's economic engine, by focusing on and leading its economy and development. We are optimistic that this cooperation, along with the return of strong rates of commercial occupancy and per capita and median family income levels that are above the state average, will help Jefferson Parish in its future challenges to provide for future growth, economic development, environmental planning and higher quality of life.

We hold foremost: It is a high honor and distinct privilege to serve the citizens of Jefferson Parish, and recognize that the respect of the public can never be anticipated if not first earned.

In conclusion, Jefferson Parish remains strong financially with innovative and "Next Level" plans which will make it even more resilient, economically attractive, and best poised to thrive in a post-pandemic world. Our Bond ratings have remained stable, our fund balances at 15 percent are healthy and Jefferson Parish is poised to continue to be the rebuilding block and economic engine for the entire region and the future business and commercial hub of the Gulf South.

## **AWARDS AND ACKNOWLEDGEMENTS**

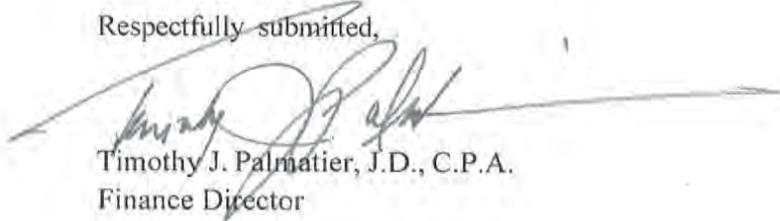

The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to Jefferson Parish for its annual comprehensive financial report for the year ended December 31, 2021. This was the 36<sup>th</sup> consecutive year the Parish has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized

Annual Comprehensive Financial Report. This report must satisfy both GAAP as well as the reporting requirements of the GFOA.

In addition, Jefferson Parish also received the GFOA's Distinguished Budget Presentation Award for its 2022 Annual Budget. This was the 29<sup>th</sup> consecutive year the Parish has achieved this prestigious award. In order to qualify for the award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this Report on a timely basis could not have been accomplished without the dedicated services of the highly qualified staff of the Accounting Department, a division of the Finance Department. I express my sincere appreciation to all members of the Accounting Department who assisted and contributed to the preparation of this report. Credit also must be given to our Parish Council and Parish President for their unfailing support for maintaining the highest standards of professionalism in the management of the financial operations of Jefferson Parish.

## **INDEPENDENT AUDITORS' REPORT**

The Honorable Parish President and Members of the Council  
of Jefferson Parish, Louisiana:

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Jefferson Parish, Louisiana (the Parish) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Jefferson Parish, Louisiana as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Jefferson Parish Economic Development Commission, Jefferson Facilities, Inc., Jefferson Redevelopment, Inc., and Jefferson Parish Finance Authority, which represent 100% of assets and 100% of revenue of the aggregate discretely presented component units; nor the Employees' Retirement System Pension Trust Fund, which represents 5.7% of the assets and (1.7)% of the revenues of the aggregate remaining fund information as of and for the year ended December 31, 2022. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for Jefferson Parish Economic Development Commission, Jefferson Facilities, Inc., Jefferson Redevelopment, Inc., Jefferson Parish Finance Authority, and the Employees' Retirement System Pension Trust Fund, are based solely on the reports of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Parish, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Parish's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Parish's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 15; the schedules of net pension liability, contributions and changes in net pension liability on pages 90 through 95; the schedules of cost sharing pension plan contributions and proportionate share of net pension liability on pages 96 and 97; the schedule of changes in total OPEB liability and related ratios on page 98; the budgetary comparison information on pages 99 through 101; and the notes to required supplementary information on page 102 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the

required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Parish's basic financial statements. The combining and individual nonmajor fund financial statements; schedules of capital assets used in the operation of governmental funds; general fund budgetary schedule; combining schedule of net positions – pension trust funds; combining schedule of changes in net position – pension trust funds; schedule of compensation, benefits, and other payments to agency head or chief executive officer; schedule of councilmember's compensation; and justice system funding schedules on pages 105 through 219 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, this information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2023, on our consideration of the Parish's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Parish's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Parish's internal control over financial reporting and compliance.

**JEFFERSON PARISH, LOUISIANA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**Year Ended December 31, 2022**

As financial management of Jefferson Parish (the Parish), we offer readers of these financial statements a narrative overview and analysis of the financial activities of the Parish for the fiscal year ended December 31, 2022. Please read it in conjunction with the Letter of Transmittal and the Parish's financial statements. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

**FINANCIAL HIGHLIGHTS**

- Total net position of the Parish was \$2,596,116 in 2022 compared to \$2,396,524 in 2021, representing an increase of \$199,592 or 8.3%. The unrestricted net position for Business-type Activities was \$199,929. Additional information can be found in Note H – Lessor Leases and Investment in Joint Venture on page 50 of this report. Governmental-type Activities had an unrestricted net position of \$176,626.
- At the close of 2022, the Parish's total governmental funds reported ending fund balances of \$1,025,361 compared to \$1,084,532 in 2021, a net decrease of \$59,171 or 5.5%, of which, \$30,974 and \$24,870, respectively, are available for spending at the government's discretion (unassigned fund balance).
- At the end of 2022, the Parish's total fund balance for the general fund was \$47,864 compared to \$38,715 in 2021 representing an increase of \$9,149 or 23.6%. Of these amounts, \$46,079 and \$36,905, respectively, are unrestricted (the total of committed, assigned and unassigned components of fund balance) or 44.3% and 36.5%, respectively, of total General Fund expenditures. Fiscal policies require a minimum fund balance of 10% of budgeted operating expenditures.
- The Parish's total outstanding debt for governmental activities decreased to \$843,128 from \$940,311 representing a decrease of \$97,183 or 10.3% from the prior year. This change is primarily due to an increase in principle paid on outstanding debts in the amount of \$111,062 for 2022 compared to \$54,823 for 2021 and a decrease in debt issued in the amount of \$31,982 for 2022 compared to \$53,165 for 2021.
- The Parish drew down \$4,209 in proceeds from the loan agreement with the Louisiana Department of Environmental Quality (Clear Water State Revolving Fund) for improvements to the Marrero Waste Water Treatment Plant, as well as improvements to a number of lift stations located in the Parish.
- The Parish has received an allocation of \$84,006 from the Treasury Department from the American Rescue Plan Act. The Parish received the first half of these funds in 2021 which are reported as unearned revenues on the Federal and State Grants Major Governmental funds. The Jefferson Parish Council has applied these funds through Ordinance No. 26613, adopted on April 16, 2023, to the General Fund of Jefferson Parish for salary and related benefits incurred to recover from the COVID-19 Pandemic.
- Hurricane Ida struck Jefferson Parish in August of 2021. In May of 2022, as a response to Hurricane Ida, Jefferson Parish extensively reexamined its hurricane preparedness and produced a forty-two page After Action Report/Improvement Plan using the Department of Homeland Security – Homeland Security Exercise and Evaluation Program (HSEEP) process to further bolster and improve Jefferson Parish's hurricane preparedness through planning, organization, equipment, training, and other state of the art implementations. Additionally, Jefferson Parish continues to work with the State and Federal partners relative to all areas of hurricane preparedness.
- The Parish implemented GASB 87 by reporting certain lease liabilities on its financial statements which enhances comparability of its financial statements among other governments reporting under a single model. This will also enhance the decision-usefulness of the information provided to financial statement users by presenting notes to the financial statements related to the timing, the significance, and the purpose of the Parish's leasing arrangements.

**JEFFERSON PARISH, LOUISIANA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)  
Year Ended December 31, 2022**

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The discussion and analysis provided here are intended to serve as an introduction to the Parish's basic financial statements which consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) the notes to financial statements. This report also includes supplementary information intended to furnish additional detail to support basic financial statements themselves.

**Government-wide financial statements:** The *government-wide financial statements* are designed to provide readers with a broad overview of the Parish's finances in a manner similar to private-sector businesses.

The *statement of net position* presents financial information on all of the Parish's assets and liabilities, and deferred inflows/outflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Parish is improving or deteriorating.

The *statement of activities* presents information showing how the Parish's net position changed during the most recent year.

Both of the government-wide financial statements distinguish functions of the Parish that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). Governmental activities include general government, public safety, roads and streets, and recreation. The business-type activities of the Parish include three enterprise activities—a water system, a sewer system and a hospital service district.

The *government-wide financial statements* include not only the Parish itself (known as the primary government), but also four component units (see pages 29-31):

- Jefferson Parish Economic Development and Port District (JEDCO),
- Jefferson Facilities Inc. (JFI),
- Jefferson Redevelopment Inc. (JRI), and
- Jefferson Parish Finance Authority

Financial information for these component units is reported separately from the financial information presented for the primary government itself. Complete financial statements of these entities, which include separate Management's Discussion and Analysis Reports, may be obtained directly from the respective administrative offices.

Government-wide financial statements can be found on pages 17-19 of this report.

**Fund financial statements:** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Parish, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Parish funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

*Governmental funds* account for similar functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund reporting focuses on near-term inflows and outflows of spendable sources, as well as on balances of spendable resources available at the end of the year. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance, provide a reconciliation to facilitate its comparison between governmental funds and governmental activities.

The basic governmental fund financial statements can be found on pages 20-23 of this report.

**JEFFERSON PARISH, LOUISIANA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**Year Ended December 31, 2022**

Proprietary funds encompass both *enterprise and internal service funds*. Enterprise funds involve providing goods or services to outside parties similar to *business-type activities*. Internal service funds accumulate and allocate costs internally among the Parish's various functions (e.g. self-insurance, fleet maintenance, and electronic information systems). The services provided by these funds have been included within *governmental activities* in the government-wide financial statements and are included in the combining and individual fund statements following the basic financial statements.

The basic proprietary fund financial statements can be found on pages 24-26 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the Parish's own programs.

The fiduciary fund financial statements can be found on pages 27-28 of this report.

**Notes to the financial statements:** Notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages of this report 35-87.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the Parish's progress in funding its obligation to provide pension and Other Post-Employment Benefits ("OPEB") to its employees.

Required supplementary information can be found on pages 90-102.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds can be found on pages of this report 105-172 and 174-177, respectively.

The combining fiduciary fund statements can be found on pages 180-187.

**Parish's Net Position**

Governmental total net position increased to \$2,049,858 from \$1,849,477, representing an increase of \$200,381 or 10.8%.

The largest portion of the Parish's net position is its net investment in capital assets which amounted to \$1,282,009 in 2022 and \$1,839,860 in 2021 representing a decrease of \$557,851 or 30.3%. This investment in capital assets represented 62.5 and 76.8% of total net position in 2022 and 2021, respectively. These capital assets, reported net of related debt, are used to provide services to citizens and are not available for future spending.

Governmental restricted net position increased to \$591,223 from \$580,694 representing an increase of \$10,539 or 1.8%. These restricted amounts are only available for spending as required by law and/or contract and grant agreements. Governmental unrestricted net position increased to \$176,626 from \$18,427 representing an increase of \$158,199 or 858.5%. This increase is due to decreased liabilities compared to prior year and a decrease in expenditures related to Hurricane Ida.

The remaining portion of net position is considered to be unrestricted. Any positive amounts for unrestricted net position could be used to meet the Parish's ongoing obligations to its citizens and creditors. This year the Parish's unrestricted net position surplus was \$376,555.

The following table reflects the condensed Statement of Changes in Net Position for 2022, with comparative figures from 2021:

Governmental Activities: Sales taxes increased to \$208,725 from \$193,852 in 2021 representing an increase of \$14,873 or 7.7%. The increase in sales tax is attributable to additional funds in circulation due to COVID-19 stimulus programs as well as spending related to disaster recovery from Hurricane Ida. Ad valorem (property) taxes increased to \$227,807 from \$221,560 representing an increase of \$6,247 or 2.8%.

Charges for Services increased to \$79,179 from \$73,348 representing an increase of \$5,831 or 7.9%.

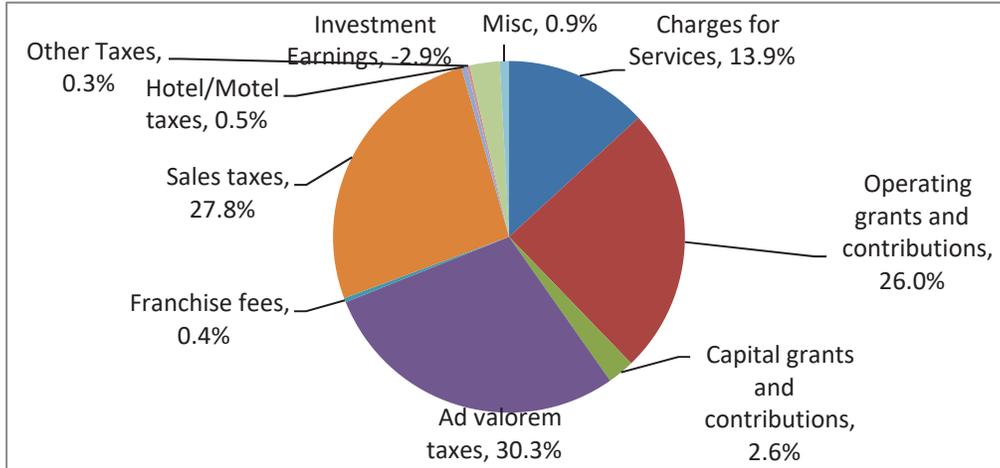

Operating Grants and Contributions increased to \$195,516 from \$88,264 representing an increase of 121.5%. This increase is due to the increase in grant awards and grant funding year over year. Miscellaneous revenues increased to \$5,503 from \$5,147 representing an increase of \$356 or 6.9%.

Public works expenses decreased to \$113,563 in 2022 from \$229,351 in 2021, representing a decrease of \$115,788 year over year. This decrease is primarily attributable to disaster recovery costs incurred in the prior year as a result of Hurricane Ida, which devastated large parts of Jefferson Parish and southeastern Louisiana.

Urban Redevelopment and Housing expenses increased to \$45,658 in 2022 from \$6,454 in 2021, representing an increase of \$39,204 year over year. This change is attributable to increased Housing Choice Vouchers program expenditures as a result of using new grant funding in the current year.

The Statement of Activities, located in the financial statements, shows the cost of program services net of charges for services and grant funding. In the table below, total and net cost are presented allowing the taxpayer to see the portion which is left to be funded from general sources such as taxes.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)  
Year Ended December 31, 2022**

The General Fund is the chief operating fund of the Parish. Unassigned fund balance of the general fund in 2022 was \$31,919 as compared to \$25,440 in 2021 representing an increase of \$6,479 or 25.5%.

Total fund balance of the general fund increased to \$47,864 from \$39,030 in 2022 representing an increase of \$9,149 or 23.6%.

As a measure of the general fund's liquidity, it may be useful to compare both unassigned general fund balance and total general fund balance to total general fund expenditures which were \$104,005 and \$100,962 in 2022 and 2021, respectively.

The general funds' unassigned fund balance and total fund balance was approximately 30.7% and 46.0%, respectively, of total general fund expenditures in 2022 compared to 25.2% and 38.3% in 2021.

**Business-Type Activities:** Expenses for the Sewer Department for 2022 in the amount of \$56,826 increased \$4,943 or 9.5% from \$51,883 in 2021. This increase is primarily attributable to labor, material and equipment expenses for the Rosethorne Wastewater Treatment Plant project approved in August 2021 per Ordinance No. 26256 (Resolution No. 138117). The Water Department operating expenses increased \$7,841 or 17.7% from \$44,422 in 2021 to \$52,263 in 2022 primarily due to the cost of acquiring and constructing additions, extensions and improvements to the drinking water system and the costs of bond issuance. In 2022, charges for services for the Sewer District increased \$10,323 or 38.8% to \$36,908 from \$26,585 in 2021. Charges for services for the

Water Department increased by \$11,298 or 32.8% from \$34,463 in 2021 to \$45,761 in 2022. These increases in charges for services and due to the Consumer Price Index (CPI) increasing significantly from January of 2021 to January 2022. In accordance with Parish ordinance, the base rates of monthly service charges are adjusted annually based on the percentage change of the CPI.

Expenditures for Hospital District No. 1 increased to \$9,470 in 2022 from \$5,704 in 2021. Correspondingly, revenues increased slightly to \$5,030 in 2022 from \$4,932 in 2021.

### **Financial Analysis of the Government's Funds**

#### Governmental Funds

The focus of the Parish's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. In particular, unassigned fund balance serves as a useful measure of net resources available for spending at the end of the year.

At December 31, 2022, the Parish's total fund balance for the governmental funds was \$1,025,361 compared to \$1,084,532 in 2021, representing a decrease of \$59,171 or 5.5%. This decrease is primarily driven by increased operating costs related to inflation, including costs related to Hurricane IDA. Please see below for detail on the fund balance for each major fund.

Of the \$1,025,361 fund balance, \$30,974 remains unassigned.

#### Major Funds

The Parish has presented the following as major funds which are funds comprising at least 10% of the assets, liabilities, revenues, or expenditures of the relevant fund category and at least 5% of the total governmental and enterprise funds combined:

1. General Fund,
2. Federal and State Grants,
3. East Bank Consolidated Fire District,
4. Drainage and Pump Station Capital Improvements Fund
5. Road & Sewerage Sales Tax Capital Improvements Fund, and

All other governmental funds are presented in one column, titled *Other Governmental Funds*.

- The General Fund is the primary operating fund of the Parish and a budgetary comparison statement has been provided to demonstrate compliance with the annually adopted budget. At the end of the current fiscal year, the General Fund's fund balance is \$47,864 compared to \$38,715 at the end of 2021 representing an increase of \$9,149 or 23.6%. This increase is primarily driven by an increase in sales tax collected year over year as a result of economic recovery from Hurricane Ida. Of the \$47,864 and \$38,715 fund balances in 2022 and 2021, respectively, \$46,079 and \$36,905, respectively, are unrestricted (the total of committed, assigned and unassigned components of fund balance) or 44.3% and 38.9% respectively, of total General Fund expenditures. Fiscal policies require a minimum fund balance of 10% of budgeted operating expenditures.
- The Federal and State Grants Special Revenue Fund reported a fund balance of \$27,961 compared to \$26,834 in 2021 representing an increase of \$1,127 in fund balance for the year ended December 31, 2022. The increase is primarily due to the increase in intergovernmental revenues exceeding the increase in expenditures year over year.
- The East Bank Consolidated Fire District reported a fund balance of \$13,905 compared to \$18,149 in 2021 representing a \$4,244 decrease or 23.4%. The East Bank Consolidated Fire District completed the construction of a new fire station in 2022 and started construction of a new fire station in 2023.

**JEFFERSON PARISH, LOUISIANA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)  
Year Ended December 31, 2022**

- The Drainage and Pump Station Capital Projects Fund reported a fund balance of \$117,135 compared to \$119,512 in 2021 representing a decrease of \$2,377 or 2.0%. The Parish invested in new drainage infrastructure in 2022.
- The Road & Sewer Sales Tax Capital Improvements Fund reported a fund balance of \$297,207 compared to \$337,372 in 2021 representing a decrease of \$40,165 or 11.9% primarily due to expenditures for the purpose of constructing, improving or maintaining sewerage, road and drainage projects located in the Parish.

#### Proprietary Funds

The Parish accounts for the following enterprise funds which are a type of proprietary fund:

- *Consolidated Sewerage District No. 1* total Net position was \$378,776 compared to \$367,852 in 2021 representing an increase of \$10,924 or 3.0% due to operating revenues that are in excess of operating expenses. Most of this fund's net position are capital assets net of related debt in the amount of \$383,508. Unrestricted Net position amounts to negative \$7,417 with the remaining \$2,685 restricted for pension benefits.
- *Consolidated Waterworks District No. 1* total Net position was \$246,317 compared to \$249,807 in 2021 representing a decrease of \$3,490 or 1.4% primarily due to conservative fiscal policy to budget for forecasted capital expenditure requirements. Most of this fund's net position is in net investment in capital assets in the amount of \$138,321. Unrestricted net position amounts to \$102,269 with \$2,433 restricted for future capital improvements and \$3,294 restricted for pension benefits.
- *Hospital Service District No. 1* total Net deficit was \$78,835. Most of this fund's assets are net investments in capital assets in the amount of \$140,621. The remaining net position is restricted for health and welfare in the amount of \$30,000 and \$150 is restricted for investment in joint venture. Unrestricted negative net position amounts to \$249,606.

#### **General Fund Budgetary Highlights**

***Original budget compared to final budget.*** The Parish's operating budget is prepared according to Louisiana law. During the course of the year, the Parish revises its budget to take into consideration significant changes in revenues and expenditures. Louisiana Revised Statute 39:1311 requires that the budget be revised if either expected revenues are less or anticipated expenditures are in excess of budgetary goals by five percent (5%) or more.

Information showing the Parish's original and final budget compared with actual operating results is provided in the financial statements. The General Fund's final budgeted revenues were more than the original budgeted revenues by \$1,853 primarily due to the fact that the Parish budgets very conservatively for its original budgeted revenues and makes adjustments during the year to more closely align to actual revenue collection which is the case with sales tax collections.

The General Fund's final budgeted expenditures were less than the original budgeted expenditures by \$4,433. Expenditures are budgeted to account for all possible costs. This is primarily due to budgeted positions going unfilled.

***Final budget compared to Actual.*** The General Fund's actual revenues exceeded the final budgeted revenues by \$13,891 or 14.0%.

The General Fund's actual expenditures were less than the final budgeted expenditures by \$7,828 or 6.8%.

#### **Capital Assets and Debt Administration**

The Parish's total investment in capital assets as of December 31, 2022 amounts to \$1,589,776 (net of accumulated depreciation) compared to \$2,213,295 at December 31, 2021, representing an increase of \$623,519

Seen below are the significant long-term debt transactions for the year:

1. On December 8, 2021, the Council of Jefferson Parish adopted Ordinance No. 25783 authorizing the issuance of Consolidated Waterworks District No. 2, Revenue and Refunding Bonds, Series 2022, and Ordinance No. 25784 authorizing the issuance of Consolidated Sewerage District No. 1, Revenue Bonds, Series No. 2022. The Bonds securing the authorized debt were issued March 2022. The Project Funds generated are \$198 million for the Consolidated Waterworks District No. 2, and \$105 million for the Consolidated Sewerage District No. 1.

Jefferson Parish maintains an "A+" rating from Standard & Poor's.

Additional information on the Parish's long-term debt can be found in Note I – Long Term Debt can be found on pages 52-59 of this report.

**Economic Factors and Next Year's Budgets and Rates**

During the course of the year, the Parish revises its budget to take into consideration significant changes in revenues and expenditures. Louisiana Revised Statute 39:1311 requires that the budget be revised if either expected revenues are less or anticipated expenditures are in excess of budgetary goals by five percent (5%) or more.

The 2023 Budget was adopted by the Parish Council on November 16, 2022 with parish-wide revenues of \$814,122 and parish-wide expenditures of \$850,068, the Parish continued its fiscal policy of conservative revenue projections. The proposed shortfall will be adequately supported by fund balance.

Since sales tax serves as a major revenue source for the General Fund and two special revenue funds of the Parish, a conservative budget approach was used with the assumption of 0% growth of 2020 actual. Property tax projections were based on current taxable assessments and average percent collection in each taxing district.

**JEFFERSON PARISH, LOUISIANA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)  
Year Ended December 31, 2022**

On the expenditure side, per the Parish budget practices, expenditures are budgeted in anticipation of all possible costs and projects. However, departments were asked to budget within their current revenues where reasonably possible to reduce the impact to the department's available fund balance.

Conservative fiscal policies and adequate fund balances are imperative to handling the challenges incumbent in a balanced budget while maintaining the same level of service to the Jefferson Parish citizens.

**Requests for Information**

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES**

**For the Year Ended December 31, 2022**  
(in thousands of dollars)

Amounts reported for governmental activities in the statement of activities are difference because:	<u>Primary Government</u>
Net change in fund balance - total governmental funds	\$ (59,171)
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.</p>	
Capital outlays	\$ 174,739
Depreciation expense	<u>(66,978)</u>
	107,761
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations).	(18,001)
Revenues earned but not available for certain grant revenues.	63,202
<p>The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal consumes current financial resources. Neither transaction, however, has any effect on net position. Governmental funds also report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas those amounts are deferred and amortized in the statement of activities.</p>	
The following itemizes the differences in the treatment of long-term debt and related items.	
Proceeds from long-term debt	\$ (10,358)
Principal payments	19,968
Changes in net pension asset/liabilities	79,278
Change in total post-employment benefit liability	7,875
Increase in judges annuities	(25)
Increase in compensated absences payable	533
Increase in landfill post-closure care costs	<u>(1,447)</u>
	95,824
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	10,931
Internal service funds are used by management to charge the cost of fleet maintenance, telephone, electronic information systems, engineering, environmental and water quality, public works administration and self insurance to individual funds.	(1,211)
The net effect of certain activities of internal service funds is reported with governmental activities.	<u>1,046</u>
Change in net position of governmental activities	<u>\$ 200,381</u>

**NOTES TO THE  
FINANCIAL STATEMENTS**

**JEFFERSON PARISH, LOUISIANA**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2022**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Jefferson Parish, Louisiana have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant of the government's accounting policies are described below.

**1. REPORTING ENTITY**

Jefferson Parish, Louisiana's (the Parish) system of government was established by its Home Rule Charter which became effective in 1958 and was revised effective for 2012. The Parish operates under a president-council form of government. As required by generally accepted accounting principles, the financial statements of the reporting entity present the primary government (the Parish) and its component units. Component units are defined as legally separate organizations for which the elected officials of the primary government (the Parish) are financially accountable. The criteria used in determining whether financial accountability exists include the appointment of a voting majority of an organization's governing board, the ability of the primary government to impose its will on that organization or whether there is a potential for the organization to provide specific financial benefits or burdens to the primary government. Fiscal dependency may also play a part in determining financial accountability. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The component units discussed below are included in the Parish's reporting entity either as blended component units or as discretely presented component units because of the significance of their operational or financial relationships with the Parish.

**a. Blended Component Units**

A component unit is blended if any one of the following criteria are met 1) The component unit's governing body is substantively the same as the governing body of the primary government and there is a financial benefit or burden relationship between the primary government and the component unit or management of the primary government has operational responsibility for the component unit, 2) The component unit provides services exclusively, or almost exclusively, to the primary government or otherwise exclusively, or almost exclusively, benefits the primary government even though it does not provide services directly to the primary government, or 3) The component unit's outstanding debt is expected to be repaid entirely or almost entirely with resources of the primary government.

1. The following are legally separate entities from the Parish. The entities, however, are governed by the same elected council that governs the Parish and the Parish has operational responsibilities. For financial reporting purposes, these entities are reported as if they were part of the Parish's operations.

Community Justice Agency	Garbage District
Ambulance District	Drainage District
Emergency Communications District	Playground & Recreation Districts
Fire Districts	Sewerage District
Road Lighting Districts	Waterworks District
Hospital District No. 1	Special Tax Development Districts
Hospital District No. 2	Housing Services Development District

2. The Employees' Retirement System of Jefferson Parish, an entity legally separate from the Parish, is governed by a seven-member board of trustees. Only one of the trustees is appointed by the Parish Council. The other six trustees are employees of the Parish, three of which serve on the board based on their positions with the Parish and three of which are elected at large by the membership. For financial reporting purposes, the Employees' Retirement System of Jefferson Parish is reported as if it were part of the Parish's operations because its purpose is to finance and provide a retirement system for the employees of the Parish and provides services exclusively to the Parish.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Discretely Presented Component Units

The component units' columns in the combined financial statements include the financial data of the Parish's four other component units. These units are reported in separate columns apart from the primary government to emphasize that they are legally separate from the Parish.

Jefferson Parish Economic Development and Port District (JEDCO): The District was created to oversee and promote economic development activities within the Parish under the name Jefferson Parish Economic Development and Port District. In accordance with its bylaws, it operates under the name Jefferson Parish Economic Development Commission (JEDCO). JEDCO is governed by a 21-member board. The Parish Council appoints seven members, the Parish President appoints one member and thirteen members are appointed by various business and civic associations in the Parish. JEDCO is considered to be fiscally dependent on the Parish as its major funding source for operations comes from the Parish's dedication of a portion of occupational license tax revenues annually. JEDCO must also submit an annual budget to the Parish Council for approval.

Jefferson Facilities Inc. (JFI): Jefferson Facilities Inc. is a non-profit economic development corporation created in accordance with state statutes with its jurisdiction limited to the West Bank of the Parish. The corporation entered into a cooperative endeavor agreement with the Parish to facilitate the development, design, financing, construction and operation of a parking garage at the "Jefferson Parish Courthouse Campus". The corporation is governed by a three-member board of directors appointed by the Parish Council. Jefferson Facilities Inc. is considered to be fiscally dependent on the Parish as the Parish will guarantee any shortfall in debt service owed on the bonds issued to build the facility should net revenues of the parking garage be insufficient for such purpose. See Note Q – Commitments and Contingencies.

Jefferson Redevelopment, Inc. (JRI): Jefferson Redevelopment, Inc. is a non-profit public benefit corporation created in accordance with state statutes authorized to transact business in the State of Louisiana. The corporation entered into a lease agreement with Jefferson Parish for a certain tract of land situated in Jefferson Parish, Louisiana with obligation to sub-lease the same plot of land to Jefferson Facilities, Inc. for the purpose of design, construction and operation of a parking garage. The corporation is governed by a three-member board of directors appointed by the Parish Council.

Jefferson Parish Finance Authority: The Jefferson Parish Finance Authority is a public trust created in accordance with state statutes with the Parish named as the beneficiary. The Authority is authorized to undertake various programs to assist in the financing and development of home ownership in the public interest within the Parish boundaries. The eight trustees of the Authority are appointed by the Parish Council and may be removed at will. Although the Parish does not have the authority to approve or modify the operational and capital budgets of the Authority, the Parish does have the authority to veto, overrule or modify certain decisions of the trustees.

Presented in the report are condensed financial statements of each of the four discretely presented component units. Complete financial statements of the individual component units can be obtained directly from their administrative offices, as listed below.

c. Related Organizations

The Parish Council is also responsible for appointing the members of the boards of other organizations, but the Parish's accountability for these organizations does not extend beyond making the appointments. The Parish Council appoints the board members of the Jefferson Parish Human Services Authority. In 2022, the Parish provided \$2,165,000 in financial support to the Jefferson Parish Human Services Authority, but there is no fiscal dependency on the Parish as the majority of funding comes from the State.

d. Jointly Governed Organizations

The Parish, in conjunction with Orleans, Plaquemines, St. Tammany, St. Bernard, St. Charles, St. John and Tangipahoa Parishes has created the Regional Planning Commission (RPC). The RPC's board is composed of members from each of participating Parishes plus the Director of the State Department of Highways. The Parish appropriated \$150,479 as an operating grant to the RPC for 2022.

2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

In accordance with Statement No. 34 of the Governmental Accounting Standards Board (GASB), "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments", included in the Parish's Annual Comprehensive Financial Report for the year ended December 31, 2022 are the Management Discussion and Analysis (MD&A) and government wide financial statements which include the Statement of Net Position and the Statement of Activities.

The Statement of Net Position and the Statement of Activities include the governmental and business type activities of the Parish and also the component units for which the Parish is financially accountable. These government wide statements for governmental activities begin with the governmental funds financial statements balances and adjust them to incorporate the Parish's capital assets, long term debt and internal service funds. These adjustments are detailed in the financial statements in the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Changes in Revenues Expenditure and Fund Balance to the Statement of Activities. For the most part the effect of interfund activity has been removed from the government wide statements. Additional explanation for these adjustments can be found in the following section on measurement focus. The Statement of Activities presents financial information in a manner that shows the income and expenses generated by each individual governmental function or unit. Taxes are reported as general revenues along with other items that cannot be properly included in program revenues.

Separate financial statements are provided for governmental funds, proprietary funds, fiduciary funds, and component units. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Governmental funds are used to account for the majority of government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of capital assets (capital projects funds), and the servicing of general long-term debt (debt service funds). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds). The internal service funds charge these other funds or agencies on a cost-reimbursement basis.

Fiduciary funds include custodial funds and are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government. When these assets are held under the terms of a formal trust agreement, a trust fund is established. The pension trust fund accounts for the assets of the Employees' Retirement System, West Jefferson Medical Center Employee Retirement Plan and the East Jefferson General Hospital Retirement Plan. These funds are excluded from the government-wide financial statements.

The Parish Implemented the following accounting standards for the year ended December 31, 2022:

- a. GASB Statement No. 87, *Leases* establishes a single approach to accounting and reporting leases.
- b. GASB Statement No. 92, *Omnibus 2020* enhances comparability in accounting and financial reporting and to improve consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB statements.
- c. GASB Statement No. 97, *Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans* addresses reporting of fiduciary component units, and Internal Revenue Code Section 457 deferred compensation plans that meet the definition of a pension plan and for benefits provided through those plans.

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied after they are received. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these fund's present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds and pension trust fiduciary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund- type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. Agency funds measurement focus is custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The modified accrual basis of accounting is used by all governmental fund types. Under this method, revenues are recognized when susceptible to accrual (i.e., when they became both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within 60 days or soon enough thereafter to be used to pay liabilities of the current period. The Parish considers grant revenues available if collected within 180 days of year end. The Parish considers ad valorem (property) taxes revenue in the year for which they are levied. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

Those revenues susceptible to accrual are chain store taxes, franchise taxes, special assessments, licenses, fines, interest revenue, and charges for services. In accordance with GASB Statement No. 33, sales taxes collected and held by merchants and the intermediary collecting governments at year end on behalf of the Parish government also are recognized as revenue. Permits are not susceptible to accrual because generally they are not measurable until received in cash.

The accrual basis of accounting is utilized by proprietary fund types and trust funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The Parish reports deferred outflows/inflows of resources on the Statement of Net Position and Balance Sheet. Deferred outflows of resources represent a consumption of net assets that applies to future periods. Deferred inflows of resources represent an acquisition of net assets that applies to future periods.

Ad valorem (property) taxes revenue levied for the subsequent year are reported as a deferred inflow on the Balance Sheet and Statement of Net position as taxes levied for a future year. In the subsequent period, the deferred inflow is removed from the Balance Sheet/Statement of Net Position and revenue is recognized. Total taxes levied for a future year reported on the Statement of Net Position are \$201,223, of which \$177,650 is related to government type activities and \$23,573 for business type activities.

A deferred charge on refunding is the result of the difference between the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized as an adjustment to interest expense over the shorter of the life of the refunded or the refunding debt. The Parish reports the unamortized portion of these deferred charges as a deferred inflow on the Statement of Net Position. The Parish also reports deferred inflows/outflows of resources related to pensions in recognition of changes in the net pension liability. Further information can be found in Note S – Pension Plans.

Unearned revenues arise when resources are received by the Parish before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. Unearned revenue is presented as a liability on both the Statement of Net Position and the Governmental Funds Balance Sheet.

Unavailable revenues are reported in the deferred inflows section of the Governmental Funds Balance Sheet. In subsequent periods, when both revenue recognition criteria are met, or when the Parish has a legal claim to the resources, the deferred inflow for Unavailable revenue is removed from the Balance Sheet and revenue is recognized. For the year ended December 31, 2022, the Parish reported unavailable revenues in the amount of \$94,928 in the Governmental Funds Balance Sheet which consists of \$90,345 of unavailable grant revenues and \$4,583 of unspent federal loan proceeds.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (Continued)

The government reports the following major governmental funds:

The General Fund is the Parish's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Federal and State Grants account for grant reimbursements received from the Federal and State governments to fund such programs as:

Federal Emergency Management Grants	Labor Grants
Health and Human Services Grants	Miscellaneous Grants
Housing and Urban Development Grants	Transit Grants

The East Bank Consolidated Fire District Special Revenue Fund accounts for the proceeds of restricted ad valorem tax revenue within the district to cover the cost of providing fire protection including rescue, fire prevention, arson investigation, and hazardous material responses.

Drainage & Pump Stations Improvements Capital Projects Fund accounts for sales taxes, federal grants and transfers from other Parish funds necessary to improve the drainage canals and pump stations in the Parish.

The Road and Sewer Sales Tax Capital Improvements Capital Projects Fund accounts for bond proceeds, taxes, intergovernmental revenues, and transfers from Parish funds for constructing and improving public roads, streets, sewerage and other capital projects consistent with the use of the tax within the Parish.

The government reports the following proprietary funds:

Enterprise Funds:

Consolidated Sewerage District No. 1 accounts for the provision of sewer services and sewerage treatment services to the residents of the Parish. All activities accounted for in this fund which are necessary to provide such services include, but are not limited to administration, operations, maintenance, and billing and collections of a sewer user fee.

Consolidated Waterworks District No. 1 accounts for the provision of water services to the residents of the Parish. Waterworks District No. 1 of the Town of Grand Isle was consolidated as a sub-district of Consolidated Waterworks District No. 1 effective July 13, 2005. All activities are accounted for in this fund which is necessary to provide such services, including but not limited to administration, operations, maintenance, and billing and collections of a water user fee.

Hospital District No. 1 was organized in accordance with state statutes to provide the citizens of the Parish with acute care hospital services. Hospital District No. 1 services the West Bank of the Parish and is governed by the Parish Council. Hospital District No. 1 also provides a single-employer defined benefit pension plan for hospital employees which is also governed by the Parish Council.

Internal Service Funds:

Internal service funds account for fleet maintenance, telephone, electronic information systems, engineering, environmental, public works administration and warehouse, and self-insurance services to other departments or agencies of the government, or other governments, on a cost reimbursement basis. Since the primary users of the internal service funds are the Parish governmental funds, financial statements of internal service funds are consolidated into the governmental activities column when presented at the government-wide level. To the extent possible, the costs of these services are reflected in the appropriate functional activity.

Additionally, the government reports the following fiduciary funds:

The pension trust fund accounts for activities of the Employee's Retirement System of Jefferson Parish, Hospital District No. 1 and Employees Retirement Plan and Hospital District No. 2 Employees Retirement Plan, which accumulates resources for pension benefit payments to qualified participants of these plans employees.

Custodial funds are used to account for assets held by the government as an agent for the District Courts, First and Second Parish Courts, Juvenile Court, District Attorney and the East Bank Consolidated Firefighters' Emergency Relief Fund.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (Continued)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interest income and intergovernmental revenues derived from providing services to entities outside the primary government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Consolidated Sewerage District No. 1, Consolidated Waterworks District No. 1, and Hospital District No. 1 enterprise funds, and of the internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include personnel services, contractual services, supplies, materials, depreciation on capital assets, and claims. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Parish's policy to use restricted resources first, then unrestricted resources as they are needed

4. BUDGETARY ACCOUNTING

Formal budgetary accounting is employed as a management control device during the year for the General Fund, Special Revenue Funds and Proprietary Funds. Annual budgetary data is presented for the Federal and State Grant Special Revenue Funds as required by State law, though budgetary control is over the life of the respective grant. Budgetary data for the Capital Project Funds are not presented since these funds are budgeted over the life of the respective project or grant and not on an annual basis. Formal budgetary accounting is not presented for Debt Service Funds because effective control is alternatively achieved through the indenture provisions of the bonds and certificates.

The level of budgetary control is at the department level and expenditures may not exceed budgeted appropriations. Appropriations which are not expended lapse at year end.

Budgets for the General Fund, Special Revenue Funds, and Proprietary Funds are legally adopted through council "ordinance" on a basis consistent with generally accepted accounting principles (GAAP), except that 1) shared revenues received from other governments are recognized when received in cash, 2) expenditures represented by unpaid invoices which are received after the year-end budgetary cut-off are accrued, 3) losses resulting from claims and litigation are recorded when paid instead of when the liability arises, and 4) advances are recognized as operating transfers when made.

5. ENCUMBRANCES

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary accounting in the General Fund and Special Revenue Funds. Encumbrances lapse at year-end however, it is the Parish's intention to honor these encumbrances under authority provided in the subsequent year's budget. Encumbrances outstanding at December 31, 2022 represented by purchase orders, contracts and other commitments were approximately \$16,866,015. These encumbrances are recorded as follows: General Fund \$2,792,169, and Other Governmental Funds \$14,073,846.

6. CASH, INVESTMENTS AND POOLED ASSETS

The Parish follows the practice of pooling its cash and investments in order to maximize earnings potential. All funds of the Parish participate in the pool except for the Employees' Retirement System Pension Trust.

Total cash, investments, and accrued interest on investments of the Pool are reported in all funds as "Share of Pooled Assets". Funds with a negative "Share of Pooled Assets" report the advance as an interfund payable and the General Liability Internal Service Fund, which has been determined to be the receivable fund by management, reports an off-setting interfund receivable. Interest earned on pooled cash and investments is allocated to each individual fund based on its month end "Share of Pooled Assets" balance.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**December 31, 2022**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**6. CASH, INVESTMENTS AND POOLED ASSETS (Continued)**

Cash and cash equivalents reported on the Combined Balance Sheet include amounts in demand deposits and certificates of deposit with a maturity date within three months of the date purchased, whether restricted or unrestricted. For purposes of the statement of cash flows of the proprietary funds, each fund's "Share of Pooled Assets" is also considered to be a cash equivalent.

Investments are stated at fair value in accordance with the hierarchy established with GASB Statement No. 72 "Fair Value Measurement and Application". The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

The investments of the pension trust funds are reported at fair value. Short-term investments are reported at cost which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established fair value are reported at estimated fair value.

Louisiana statutes permit the Parish to invest in United States bonds, treasury notes, or other obligations of the U. S. Government and agencies of the U. S. Government, which are federally sponsored. Other permitted investments include: bonds, debentures, notes or other indebtedness issued by a state of the U. S., investment grade commercial paper of domestic U. S. corporations, certificates of deposit and mutual or trust funds, which are registered and have underlying investments limited to securities of the U. S. Government or its agencies. The Parish investment policy does not include derivative instruments as authorized investments, and as part of the daily monitoring of investment transactions, the Finance Department looks for any unauthorized investments such as derivatives. The Parish did not have any investments in derivative instruments for the year ending December 31, 2022.

**7. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the Combined Balance Sheet.

**8. INVENTORIES**

Governmental and proprietary fund type inventories are stated at average cost. The costs of governmental and proprietary fund type inventories is recorded when purchased rather than when consumed.

**9. PREPAID ITEMS**

Payments made to vendors for services that will benefit periods beyond December 31, 2022 are recorded as prepaid items.

**10. ADVANCES TO OTHER FUNDS**

Noncurrent portions of long-term interfund loan receivables are reported as advances and are offset equally by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and therefore are not available for appropriation. The Parish did not have any long-term interfund loan receivables as of December 31, 2022.

**11. RESTRICTED ASSETS**

Included in restricted assets of the enterprise funds are: 1) The "Customer Deposits" account, which is used to segregate water meter deposits used to pay any outstanding water bills when customers discontinue service, 2) The "Construction Fund" account, which is used to segregate those resources accumulated by collection of sewer availability fees and transfers from the operating fund to be used for capital improvements and renovations, and 3) Hospital District No. 1 restricted assets to be used for funding of retirement plans, account for advance portion of prepaid rent under lease agreement and an escrow fund that has been set up for performance consideration. Those restricted assets are included in cash and cash equivalents, share of pooled assets and receivables in the Statement of Net Position of the enterprise funds. See Note F – Restricted Asset.

**12. CAPITAL ASSETS**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of and similar items, and capital assets received in a service concession arrangement are reported at acquisition value.

JEFFERSON PARISH, LOUISIANA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

12. CAPITAL ASSETS (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed and put into service.

Intangible assets include easements, computer software, patents, copyrights, trademarks and goodwill. The Parish does not currently have any reportable intangible assets that meet the capitalization threshold for intangible assets.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The estimated useful lives may be found in Note G.

13. COMPENSATED ABSENCES

The Parish accrues accumulated unpaid vacation and sick leave and associated employee related costs when earned by the employee. For governmental funds, a liability for unpaid compensated absences is only recorded if they have matured, for example, as a result of employee's resignation or retirement. These amounts are recorded in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reported. The governmental funds had no unpaid liability for compensated absences relating to terminated employees at year end. In proprietary funds, the entire amount of compensated absences is reported as a fund liability. In the government-wide financial statements, the entire compensated absence liability is reported.

14. LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. In accordance with GASB 65, bond issuance costs are expensed as incurred.

15. FUND EQUITY

The Parish investment policy states that all funds will maintain a fund balance equal to 10% of the budgeted expenditures to provide financial and operational stability to the Parish.

The Parish Council is the highest level of decision-making authority for the Parish that can, by adoption of an ordinance prior to the fiscal year end, commit fund balance.

Non spendable fund balance represents resources that are not in a spendable form. The non spendable category would include items such as inventories, prepaid expenses, and amounts that were legally or contractually required to remain intact.

Restricted fund balance must be set aside for a specific purpose as stipulated by the legislative authority of the Federal, State or Parish government. This would include funds receiving tax revenues dedicated for a specific purpose authorized by a voter election. Other legally enforceable restrictions of fund balance would include amounts that are restricted by bond covenants or by creditors.

Committed fund balance must be used as determined by Parish Council budget ordinance such as the formally adopted budget as described above in the Budgetary Accounting policy. Additional Parish Council ordinance is required to remove the constraint of committed funds.

Assigned fund balance classifications are for funds intended for specific purposes that do not have the constraints required to be classified as restricted or committed. Authority to assign fund balance is granted by the Parish Council by budget ordinance.

Unassigned fund balance is the residual classification for the General Fund and negative fund balances in other governmental funds.

JEFFERSON PARISH, LOUISIANA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

15. FUND EQUITY (Continued)

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance are available, the Parish considers restricted amounts to have been spent first. When expenditures are incurred for which committed, assigned, or unassigned fund balance amounts are available, the Government considers committed fund balance to have been spent first, followed by assigned, then unassigned.

This Statement also provides guidance for classifying stabilization amounts on the face of the balance sheet and requires disclosure of certain information about stabilization arrangements in the notes to the financial statements. The Parish did not have any stabilization agreements for the year ended December 31, 2022.

16. INTERFUND TRANSACTIONS

On fund financial statements, long-term interfund loans are classified as "advances to/from other funds" on the balance sheet and are equally offset by a fund balance reserve account which indicates that they do not constitute available expendable resources. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues with the exception of interfund transfers.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

17. INDIRECT COSTS

Indirect costs fees are based on a study conducted annually by a nationally recognized consulting firm. A Central Services Cost Allocation Plan is generated which allocates support services (purchasing, accounting, personnel, building maintenance, etc.) provided by the General Fund to the various Parish departments/funds. These costs are recorded as expenditures in the other funds and as a revenue in the General Fund. Support services allocated for 2022 amounted to \$785,658 for grant programs and \$20,965,843 for other funds.

18. USE OF ESTIMATES

The Parish uses estimates and assumptions in preparing the financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenditures. Actual results could vary from the estimates that were used.

19. LEASES

At the commencement of a lease, the Parish initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured at the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized in revenue over the life of the lease term.

Key estimates and judgments include how the Parish determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

The Parish uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The Parish monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

**1. BUDGET**

The procedures used by the Parish in establishing the budgetary data reflected in the financial statements are as follows:

- a. Not less than 60 days before the end of the fiscal year, the Parish President recommends to the Parish Council a proposed operating budget. The budget is prepared by fund, function, and activity, and includes information on the past year, current year estimates, and requested appropriations for the ensuing fiscal year.
- b. The proposed budget is summarized and advertised and, within 30 days thereafter, public hearings are conducted to obtain citizens' comments.
- c. The operating budget is then legally adopted through Council "ordinance" at the fund/department level.
- d. The Administration may make supplemental budget adjustments within a fund/department with Finance Director approval as long as the adjustment is less than \$20,000 and the total appropriations of the fund/department are not changed. If the adjustment is greater than \$20,000 or it changes the bottom-line of a department (i.e. the legal level of control), the Council must approve the change through an "ordinance". During the year, several supplementary appropriations were made. A reconciliation of the originally adopted budget to the revised budget (including supplemental appropriations through December 31, 2022) is presented below in thousands:

- e. The accompanying Statement of Revenues, Expenditures, and Changes in Fund Balances-Actual and Budget (Budgetary Basis) - General Fund, Federal and State Grants, and East Bank Consolidated Fire District present comparisons of the legally adopted budget, with actual data on the budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present financial statements in conformity with generally accepted accounting principles (GAAP), a reconciliation of the resulting basis, timing, and entity differences in excess (deficiency) of revenues and other financing sources over expenditures and other financing uses for the year ended December 31, 2022, is presented below (in thousands of dollars):

2. INDIVIDUAL FUND DISCLOSURE

The Parish did not have any funds or departments within funds that had expenditures in excess of appropriations for the year ended December 31, 2022.

3. DEFICIT FUND BALANCES

The following fund had a deficit fund balance at fiscal year-end December 31, 2022 (in thousands of dollars):

*Consolidated Road Lighting District* – The Consolidated Road Lighting District had a deficit fund balance of \$946 at December 31, 2022. This deficit was the result of timing differences in when expenditures are incurred and revenues recognized.

NOTE C - DEPOSITS AND INVESTMENTS

DEPOSITS

At year-end, the carrying amount of the Parish's deposits was \$142,921,208. The bank balance of the deposits was \$145,920,269 and is categorized as follows:

Amount insured by the FDIC or collateralized by pledged securities	\$ 38,008,638
Cash held in trust	<u>107,911,631</u>
Total Bank Balance	<u>\$ 145,920,269</u>

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Parish's deposits may not be returned to it. At year end, the Parish's deposits were not exposed to any custodial credit risk. Cash held in trust represents the balance of cash yet to be invested held in Capital One Wealth Management, Bank of New York Trust and Regions Trust. The remaining cash held in trust represents the unspent portion from proceeds of certain Public Improvement Revenue bonds held in Whitney Trust.

INVESTMENTS

Custodial Credit Risk – Investments

Custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the Parish will not be able to recover the value of the investment. The Parish investment policy requires that all repurchase agreement investments be fully collateralized and held by the counterparty's trust department or agent in the Parish's name. Investments in external investment pools, mutual funds, and other pooled investments are not exposed to custodial credit risk because of their natural diversification and the diversification required by the Securities and Exchange Commission. At year end the Parish's investments were not exposed to any custodial credit risk.

INVESTMENTS (Continued)

The Parish categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Level 2 inputs include trade prices for identical assets in markets where there isn't sufficient range or volume or observable inputs from trade prices of similar assets in active markets. Level 2 inputs other than quoted prices that are observable for the asset(s) may include observable and commonly quoted interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, default rates, inputs that are derived principally from or corroborated by observable market data, and others. A Level 2 requires that all inputs and/or adjustments are observable and documentable in the marketplace. A Level 3 is assigned for items which have no observable trades or items are too unique to have strong comparable.

**INVESTMENTS (Continued)**

Credit Risk and Concentration of Credit Risk – The credit risk of investments is the risk that an issuer or other counterparty will not meet its obligations. This credit risk is measured by credit quality ratings as described by ratings agencies such as Standard & Poor’s (S&P), Moody’s and Fitch. The ratings in the table below are listed based on the availability of ratings by each of these agencies, respectively. The concentration of credit risk is the risk of loss that may occur due to the amount of investments in a single issuer (not including investments issued or guaranteed by the U.S. government, investments in mutual funds, or external investment pools).

The Parish has an investment policy relating to credit risk and concentration of credit risk. The policy does not allow for investments in any one issuer (other than those issued or guaranteed by the U.S. government) to equal more than 5% of its total investments.

The investment policies of the pension plans prescribe the level of credit risk and concentration of credit risk to which their investments in debt securities are exposed. There were no investment holdings that exceeded the pension plans concentration of credit risk investment policies.

The following table illustrates the Parish’s investment exposure to credit risk as of December 31, 2022 (excludes investments held by the retirement plans for Hospital District No. 1, Hospital District No. 2 and Jefferson Parish Employees Retirement Plan):

**NOTE E - RECEIVABLES**

All receivables are considered collectible as of December 31, 2022, accordingly, an allowance for estimated uncollectible is not considered necessary.

The Consolidated Sewerage District No. 1 and the Consolidated Waterworks District No. 1 consider unbilled receivables at year end to be those amounts for services received by customers in the current year, but not actually billed by the Districts until the following year. Unbilled receivables amounted to \$ 2,517,859 and \$ 2,076,583 on December 31, 2022 for each respective District.

**NOTE H – LESSOR LEASES AND INVESTMENT IN JOINT VENTURE**

Governmental fund-types:

The Parish is a lessor for noncancelable leases for various cell phone towers and offices in Parish owned buildings. The terms of these leases vary from 4 to 45 years with payments being made monthly. The Parish recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

Total revenues received from leasing activities, including variable payments and payments not previously included in the lease receivable were \$1,399,796 for the year ended December 31, 2022.

Proprietary fund-types:

The Parish is a lessor for noncancelable leases for various cell phone towers and offices in Parish owned buildings. The lease terms are for 25 years, which commenced in 2002 and 2003. The Parish recognizes a lease receivable and a deferred inflow of resources in the government-wide and proprietary fund financial statements. These leases are accounted for in the same manner as the Parish's governmental funds.

Total revenues received from leasing activities, including variable payments and payments not previously included in the lease receivable were \$5,246,735 for the year ended December 31, 2022.

NOTE H – LESSOR LEASES AND INVESTMENT IN JOINT VENTURE (Continued)

Hospital District No. 1 (Service District) entered into a cooperative endeavor and lease agreement with Louisiana Children's Medical Center (LCMC) for operation of the West Jefferson Medical Center and facilities. This partnership will allow for healthcare delivery on a more efficient and cost effective basis. The term of the lease agreement is for a period of 45 years.

Effective October 1, 2015, the financial statements of the Service District no longer contain the operations of the Facilities, including and not limited to, net patient accounts receivable, hospital inventory, investments in joint ventures, net patient service revenue, salaries, wages, and benefits of hospital employees, along with any other items related to the operations of the Facilities. The employees of West Jefferson Medical Center are not employees of the Service District.

The lease agreement terms included payment by LCMC in the amount of \$200,000,000 for prepaid rent under the master hospital lease. The Parish has reported a liability in the amount of \$165,682,425 for the unamortized portion of the advanced lease and other payments related to the CEA in the Proprietary Funds Statement of Net Position on page 24.

Hospital District No. 1 and LCMC have created a Louisiana Partnership known as the Community Services Collaborative (CSC) to provide a vehicle to allow the parties to collaboratively monitor and address any service needs by the residents of the West Bank Community. The CSC has been initially funded with equal contributions of \$150,000, with each partner having a fifty percent (50%) vote in the governance of the Partnership.

The Parish's current equity interest in the joint venture remains equal to the originally contributed amount of \$150,000 and is reported in the Proprietary Fund Statement of Net Position. Any increase or decrease in the Parish's equity interest will be reported in the Statement of Revenues, Expenses and Changes in Net Position

NOTE I - LONG-TERM DEBT (Continued)

At December 31, 2022, the combined total of \$413,395,000 of all Special Sales Tax Bonds remained outstanding and \$27,729,056 was available in the various Debt Service Funds to service the debt. In the event of default, such as non-payment of principal and interest or other default in the performance of the terms in the Bond Ordinances, the Trustee shall mail notice to all Bondholders within 30 days. Upon continuance of default, the Bondholders have the legal right to file suit to recover any expenses, liabilities, principal or interest due and payable.

2. Hotel Occupancy Tax Bonds

In 2017 the Parish issued \$7,020,000 of East Bank Hotel Occupancy Tax Refunding & Improvement Bonds – Series 2018. The Series 2018 Bonds were issued as direct placement for the purpose of refunding \$130,000 aggregate principal amount of the East Bank Occupancy Refunding & Improvement Bonds Series 1997, \$1,880,000 aggregate principal amount of the Louisiana Local Government Environmental Facilities and Community Development Authority (LCDA) Series 2009B Bonds, and \$4,060,000 aggregate principal amount of the LCDA Series 2009C Bonds. The 2009B and 2009C LCDA bonds were issued to fund the costs of construction and equipping the Jefferson Parish Performing Arts Center. This refunding was undertaken to reduce total debt service by \$414,710 and resulted in an economic impact of \$347,803.

The East Bank Hotel Occupancy Tax Refunding & Improvement Bonds Series 2018 are secured by and payable from a one percent hotel occupancy tax levied and collected on the occupancy of hotel rooms located on the East Bank of the Mississippi River within the Parish of Jefferson. Any event of default, including failure to make punctual principal and interest payments, and failure to observe any of the terms of the indenture agreement related to the Occupancy Tax allows the Trustee to sue for any and all costs, expenses, unpaid principal, interest and moneys adjudged or decreed to be payable. At December 31, 2022, \$5,505,000 of such bonds remained outstanding and \$1,399,055 was available in the Debt Service Fund to service the debt.

3. Public Improvement Revenue Bonds

In 2014, the Parish issued \$4,010,000 of Second Parish Court Revenue Refunding Bonds for the purpose of redeeming \$3,885,000 aggregate principal amount of the series 2003 Second Parish Court Revenue Bonds. This refunding was undertaken to reduce total debt service payment by \$319,982 and resulted in an economic impact of \$232,799. If an event of default occurs, such as non-payment of indentured obligations to the Trustee or paying agent, and when not less than 25% of the aggregate principal is outstanding, the Trustee notifies bondholders of the claim to file suit for recovery in an appropriate court of jurisdiction. At December 31, 2022, \$2,625,000 of such bonds remained outstanding.

The Second Parish Court Building Series 2014 bonds are secured by a charge for each criminal case brought to the Second Parish Court of Jefferson which results in a criminal conviction, a guilty plea, or bond forfeiture. The maximum permitted Judicial Expense Fund Revenues charge per case will be \$15. In addition for all cases over which the Second Parish Court has jurisdiction a service charge of \$7 per filing will be imposed. Also, in each proceeding where a fine is imposed or court costs are ordered to be paid a service charge of \$7 shall be collected. The \$7 filing charge and service charges are considered Parish Court Building Revenues. If sufficient funding is not generated from these service charges, then revenues generated in the 'Second Parish Court Expense Fund are pledged.

In 2014 the Parish issued \$9,010,000 of 24<sup>th</sup> Judicial District Court Revenue Refunding Bonds for the purpose of redeeming \$8,385,000 aggregate principal amount of the 24<sup>th</sup> Judicial District Court Series 2004 Revenue Bonds. This refunding was undertaken to reduce total debt service payment by \$846,549 and resulted in an economic impact of \$734,223. The 24<sup>th</sup> Judicial District Court Series 2014 Revenue Bonds are secured by an irrevocable pledge and dedication of the 24<sup>th</sup> Judicial District Revenues and, to such extent that 24<sup>th</sup> Judicial District Revenues are insufficient, any legally available funds of the Parish. Events of default arising from non-payment of principal, interest or other default in the performance according to the terms in the Bond Ordinance(s) would entitle bondholders, or the Trustee to act on their behalf, to file suit to recover any and all expenses, liabilities, principal and interest due and payable. At December 31, 2022, \$6,125,000 of such bonds remained outstanding and \$915,876 was available in a Debt Service Fund to service the debt.

The Taxable Sewer Revenue Bonds Series 2013 issued by the Louisiana Department of Environmental Quality (LDEQ) authorized a loan amount of \$15,250,000. The Taxable Sewer Revenue 2013 Bonds are secured by and payable from a pledge and dedication of revenues derived from the sewerage system and user fees of the Proprietary Fund Consolidated Sewerage District No. 1. As of December 31, 2020, the principal amount of \$8,501 was forgiven and reported as a gain on extinguishment of debt. Since 2013 the total principal forgiven is \$1,934,634. As of December 31, 2022, \$14,756,913 were drawn down and \$7,892,279 remain outstanding.

The Taxable Sewer Revenue Bonds 2014 Series issued by the Louisiana Department of Environmental Quality (LDEQ) authorized a loan amount of \$20,000,000. The Taxable Sewer Revenue 2014 Bonds are secured by and payable from a pledge and dedication of revenues derived from the sewerage system and user fees of the Proprietary Fund Consolidated Sewerage District No. 1. As of December 31, 2022, total loan proceeds of \$19,948,222 were drawn down and \$14,554,221.60 remain outstanding.

The Taxable Water Revenue Bonds 2014 Series issued by the Louisiana Department of Health and Hospitals (LDHH) Drinking Water Revolving Loan authorized a loan amount of \$3,550,000 to provide funds for improvements and extensions to the Jefferson Parish water system. The Taxable Water Revenue 2014 Bonds are secured by and payable from a pledge and dedication of revenues derived from the drinking water system and user fees of the Proprietary Fund Consolidated Waterworks District No. 1. In 2019 the principal of \$83,486 was forgiven and reported as a gain on extinguishment of debt. Since 2014 the total principal forgiven is \$943,084. As of December 31, 2022, \$3,143,616 were drawn down and \$0 remain outstanding.

The Taxable Drainage Revenue Bonds 2014 Series issued by the Louisiana Department of Natural Resources (LDNR) authorized a loan amount of \$2,118,040 to provide funds for improvements to Lake Cataouatche No.1 Pumping Station. The Taxable Drainage Revenue 2014 Bonds are secured by and payable from a pledge and dedication of revenues derived from the drainage system and user fees of the Proprietary Fund Consolidated Drainage District No. 2. As of December 31, 2022, \$2,118,040 were drawn down and \$423,608 remain outstanding.

In 2018, the Parish executed a loan agreement with the Louisiana Public Facilities Authority (Louisiana Department of Natural Resources Flex Fund Revolving Loan) in the amount of \$1,728,000 to provide funds for energy efficiency upgrades and improvements to the street lighting at the Causeway and at Green Acres Road. The loan is secured by the pledge of revenues of the Consolidated Road Lighting District. As of December 31, 2022, \$1,088,000 remain outstanding.

In 2018, the Parish executed a loan agreement with the Louisiana Public Facilities Authority (Louisiana Department of Natural Resources Flex Fund Revolving Loan) in the amount of \$3,270,000 to provide funds for energy efficiency upgrades and improvements to the street lighting on the East Bank at Metairie Road and West Metairie Avenue and the West Bank at Jamie Boulevard, Cousins Boulevard, and Medical Center Boulevard. The loan is secured by the pledge of revenues of the Consolidated Road Lighting District. As of December 31, 2022, \$2,260,000 remain outstanding.

4. Special Assessment Debt

These certificates are collateralized by and are payable from, the irrevocable pledge and dedication of the funds to be derived from the collection of the assessments, in annual installments, levied on the real property improved, using the funds derived from the sale of certificates. In case of property owner default, the certificates would be backed by the full faith and credit of the Parish. Therefore, in accordance with the Criteria set forth by GASB Statement No. 6 the governing authority of the Parish has been deemed to be "obligated in some manner".

In 2013, the Consolidated Sewerage District No. 1 issued interest bearing Sewerage Certificates in the principal amount of \$663,442 to represent the assessments or deferred payments to cover the unpaid cost of constructing sewerage improvements on and along certain streets within the corporate limits of the District. At December 31, 2022, \$66,345 of such certificates remained outstanding and \$0 was available in the Proprietary Fund Consolidated Sewerage District No. 1 to service the debt.

5. Loan Programs - Louisiana Community Development Authority

The Louisiana Community Development Authority (LCDA) Series loans are authorized by Council Ordinance. Events of default occur from non-payment of indentured obligations to the Trustee or for any other nonperformance event as outlined in the loan agreement. If continuance of default is remedied within 30 days and before final decree of court suit, the Trustee has the option to annul such declaration of default, provided all amounts due and payable sufficiently remedy the event of default. However, upon an Event of Default, the Trustee can notify the Authority and the Parish and declare the Bonds then outstanding immediately due and payable.

In 2008, the Parish executed two loan agreements with the LCDA. The LCDA Revenue Refunding Bonds Series 2008-A Bonds authorized a loan amount of \$6,770,000. The LCDA Revenue Refunding Bonds Series 2008-B Bonds authorized a loan amount of \$6,455,000 to provide for advance refunding of the Issuer's Outstanding Fixed Rate Revenue Bonds (LCDA Loan Financing

Program) 2001 Series-D Bonds. Disclosure of future debt principal and interest payments have been established based at an assumed interest rate of 3.83% and 2.87 % and repaid over the next 22 years. At December 31, 2022 \$3,015,000 of the LCDA Series 2008A remain outstanding with \$346,440 available in the Debt Service Fund to service the debt.

In 2016, the Parish issued \$43,010,000 LCDA Revenue Refunding Bonds Series 2016 for the purpose of advance refunding a portion of the LCDA Revenue Refunding 2009A Series. The Revenue Refunding Series 2009A authorized a loan amount of \$63,850,000 to provide funds for the refunding of the Authority's Prior Bonds, LCDA Series 1999 and LCDA Series 2000A, and refinance the Borrower's Notes for Safehouse Series 2006 and Safehouse Series 2007. At December 31, 2022, \$34,045,000 of the LCDA Series 2016 Bonds remain outstanding.

In 2020, the Parish executed a loan agreement with the Louisiana Local Governmental Environmental Facilities and Community Development Authority (the "LDCA") for an aggregate principal amount of \$3,270,000 to provide for the current refunding of the outstanding LCDA Series 2010 CPZ Beautification Bonds. The refunding was undertaken to reduce total debt service payments by \$133,204 and resulted in an economic impact of \$170,077. The Series 2010 CPZ Bonds were issued to finance the Jefferson CPZ beautification improvements within the Parish. At December 31, 2022 \$3,010,000 remained outstanding of the LCDA Series 2020 CPZ Beautification Project loan.

In 2020 the Parish issued West Jefferson Park and Community Center and Playground District Revenue and Refunding Series 2020 loan (Parc Des Families Project) for an aggregate principal amount of \$8,245,000 to refund the 2014 LCDA Series 2014 loan. The bonds are secured by revenues received by the District from the service charge levied monthly and bi-monthly on every dwelling receiving water service. At December 31, 2022, \$7,555,000 remained outstanding of the Series 2020 West Jefferson Park and Community Center and Playground District (Parc Des Families) Bonds.

In 2015, the Parish issued \$11,320,000 LCDA Revenue Refunding Bonds (Recreation and Cultural Projects) Series 2015 by direct borrowing for the purpose of redeeming \$10,265,000 aggregate principal amount of the Series 2007 LCDA Revenue Bonds. This was undertaken to reduce total debt service payment by \$731,617 and resulted in an economic impact of \$644,622. At December 31, 2022, \$5,830,000 of the LCDA Revenue Refunding Bonds Series 2015 remained outstanding and \$2,865 was available in the Debt Service Fund to service the debt.

In 2019, the Parish authorized a loan agreement in the amount of \$23,500,000 for Louisiana Local Government Environmental Facilities and Community Development Authority (the "LCDA") Revenue Bonds (Jefferson Parish GOMESA Project) Series 2019. The loan was acquired for the purpose of financing capital projects as authorized by the Gulf of Mexico Energy Security Act, Public Law 109-432, to provide funds for GOMESA eligible projects for the Barataria and Lake Pontchartrain Basins, including Grand Isle and Lafitte. Under the agreement, the Parish receives annual GOMESA revenues from a portion of federal funds collected from offshore lease bonuses, royalties and rentals. At December 31, 2022, \$21,610,000 of the LCDA GOMESA Series 2019 remain outstanding with \$1,804,410 available in the Debt Service Fund to service the debt.

In 2022, the Parish executed a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority (the LCDA). The LCDA Revenue Bonds – Series 2022 (Culture and Parks Project) authorized a loan amount of \$10,358,000 for the purpose of acquiring, constructing, replacing, improving, and maintaining capital improvement in the Parish. NOTE I - LONG-TERM DEBT (Continued)

GENERAL DEBT

Compensated Absences

All full-time classified employees of the Parish hired prior to April 26, 1986 are permitted to accumulate and carry forward from one calendar year to the next a maximum of 90 days of accrued vacation (annual leave) and an unlimited number of days of accrued sick leave. Upon termination of employment, an employee is paid for his accumulated annual leave and, after 7 years' employment, receives retirement credits for one half of accumulated (vested) sick leave and cash payment for the other half. Any employee who has a current balance of 90 or more days of annual leave may be reimbursed for any number up to, but not in excess of, 30 days. In addition, employees with less than 90 days, but more than 40 days of annual leave accrued may elect a one-time per year option to sell up to 13 days. For budgetary purposes, requests for reimbursement must be submitted to the Finance Department in writing not later than July 1 of the year preceding the year in which reimbursement is to be made.

Full-time classified employees hired after April 26, 1986, are permitted to carry forward no more than 40 days of accrued vacation (annual leave) and an unlimited number of days of accrued sick leave. These employees also have the one time annual option to sell leave as described above. Upon termination of employment an employee is paid for his accumulated annual leave and, after 7 years' employment, is paid up to 40 days of accumulated (vested) sick leave. Any unpaid leave can be converted to retirement credits, if applicable.

Salary related costs (i.e. Medicare, Social Security) have been accrued as of December 31, 2022 in accordance with GASB Statement No. 16 for those employees hired after April 1, 1986.

At December 31, 2022, the amount of accumulated annual and sick leave and salary-related costs was \$24,946,051 for all governmental funds. The current liability related to annual and sick leave for 2022 is \$984,051. These funds are provided through budget appropriations in the General Fund, Special Revenue Funds, Enterprise and Internal Service Funds. As internal service funds predominantly serve governmental funds, accordingly, at year end \$2,721,305 of internal service funds compensated absences is included in the total for all governmental funds.

Judges' Annuities

The parish is responsible for paying retirement benefits to First and Second Parish Court judges, and their surviving spouses, who served on the bench prior to 1987, and who were not participants in the State Retirement System. These benefits are paid from the General Fund. At the discretion of the Parish, it anticipates funding the benefits from the anticipated income on the previously purchased annuities. Based on estimates made, \$2,295,313 is required as of December 31, 2022. The Parish has \$510,478 in accumulated value of previously purchased annuities as of December 31, 2022 leaving an unfunded amount of \$1,784,835.

Landfill Closure and Post closure Care

The Parish opened the Jefferson Parish Landfill in 1981. The landfill was divided into four phases, with each phase being further divided into "cells". Phase I initially stopped accepting waste in 1988. Phase II was opened and accepted waste from August 1988 to September 1993. Upon closure of Phase II, Phase I was reopened through a "vertical" expansion. The Phase I expansion ceased operations on December 31, 1997 and is considered to be at 100% capacity. Phase III of the landfill commenced operations January 2, 1998 and is now at 100% capacity. Phase IV was permitted by LADEQ on January 22, 2010. At December 31, 2022, the combined post closure costs for all phases are estimated to be \$38,264,742 and will be recognized as the remaining estimated capacity is filled. The estimated remaining useful life as of December 31, 2022 is 18 years.

State and Federal laws and regulations require the owners and operators of municipal landfills to apply final covers to the landfills upon closure and to perform certain maintenance and monitoring functions at the site for 30 years after closure. These rules are applicable to the Parish for all phases. While the Parish owns the landfill, the task of operating the landfill has been contracted out to a private firm. Under the terms of the agreement, the Parish has effectively transferred the responsibility for providing closure in conformity with State and Federal laws and regulations to the operator. The responsibility for post closure maintenance and monitoring remains with the Parish. Thus, under GASB Statement No. 18, the Parish is only recording a liability for the estimated post closure care costs.

Although the post closure care costs will not be paid until near or after the date of closure, the Parish is required to report a portion of these costs as a liability at December 31, 2022 based on the amount of landfill capacity used. Because the Parish reports its landfill operations in a governmental fund, the modified accrual basis of accounting is applied to the recognition of expenditures relating to the amortization of the post closure care liability. Accordingly, no liabilities are due within the next year.

**NOTE I - LONG-TERM DEBT (Continued)**

Landfill Closure and Post closure Care

The \$26,082,779 post closure care liability on phases in operation at December 31, 2022 is made up of the following:

	<u>PHASE I</u>	<u>PHASE II</u>	<u>PHASES III</u>	<u>PHASE IV</u>	<u>TOTAL</u>
Area (acres)	75	78	117	200	470
Percentage	16%	17%	25%	42%	100%
Total estimated postclosure care costs	\$ 6,122,359	\$ 6,505,006	\$ 9,566,186	\$ 16,071,191	\$ 38,264,742
Estimated capacity used	100%	100%	100%	24%	
Liability at year end	\$ 6,122,359	\$ 6,505,006	\$ 9,566,186	\$ 3,889,228	\$ 26,082,779

The amounts noted above are based on what it would have cost to perform all post closure care in 2022. Actual costs may be higher due to inflation, changes in technology, or changes in laws and regulations.

The Parish is currently operating under financial assurance guidelines established by The Environmental Protection Agency (EPA) Resource Conservation and Recovery Act. While Phase II is not subject to these requirements, the Parish has established a trust account to accumulate monies to pay for the post closure care costs. At December 31, 2022, \$199,607 is in escrow for these purposes.

NOTE L - AD VALOREM TAX

The Parish levies an ad valorem tax on real property as of November 15 of each year to finance the budget for the following year. The tax is due and becomes an enforceable lien on the property on the first day of the month following the filing of the tax rolls by the assessor with the Louisiana Tax Commission (usually December 1). The tax is delinquent 30 days after its due date. Taxes are levied based on property values determined by the Jefferson Parish Assessor's office. All land and residential improvements are assessed at 10 percent of fair market value, and other property at 15 percent of fair market value. Taxes are billed and collected by the Jefferson Parish Sheriff's Department which receives a certain millage for its services. The taxes remitted by the Sheriff's Department to the Parish are net of assessor's commission and pension fund contribution. Ad valorem taxes are recorded as revenue of the period for which levied, thus the 2021 property tax which was levied to finance the budget for 2022 and was recorded as revenue for the year 2022. The 2022 property tax which was levied to finance the budget for 2023 will be recorded as revenue in 2023.

**NOTE M - SALES TAX**

At December 31, 2022, the total sales tax levied in Jefferson Parish was 9.2 percent. The state sales tax is 4.45 percent of these 9.2 percent. Sales taxes, except sales tax on motor vehicles and remote seller taxes, are collected by the Sheriff of Jefferson Parish (a separate entity) who receives commission of 9 1/2 to 11 percent of the amount collected. The sales taxes on motor vehicles are collected by the State of Louisiana which remits to the Parish its share.

NOTE M - SALES TAX (Continued)

The remaining 4 3/4 percent collected in Jefferson Parish is distributed as follows:

1 1/2 percent is levied by the Jefferson Parish School Board. The Jefferson Parish School Board is a separate legal entity for which the Parish is not accountable and is not included in this report.

1/4 percent is levied by the Jefferson Parish Sheriff. The Jefferson Parish Sheriff is a separate legal entity for which the Parish is not accountable and is not included in the report.

3 percent is levied by the Jefferson Parish Council. Of the 3 percent levied by the Jefferson Parish Council, 1/2 percent is dedicated to the Jefferson Parish School Board and 1/8 percent is dedicated to the Jefferson Parish Sheriff. The Parish of Jefferson has effective use of 2 3/8 percent sales taxes, minus the 11% commission retained by the Sheriff. The taxes are described below and are included in this report.

1954 1/2 percent sales tax collected from unincorporated areas is dedicated solely for the purpose of constructing and maintaining public roads, highways and bridges within the unincorporated areas of the Parish.

1966 1/2 percent sales tax collected from unincorporated areas is for general purposes determined by the Council.

1981 1/2 percent sales tax is collected and distributed as follows:

1/3 of 1/2 percent collected parishwide is dedicated for operation and maintenance of Parish drainage facilities.

2/3 of 1/2 percent collected from unincorporated areas is dedicated for operation, maintenance, and capital improvements of drainage and sewerage facilities.

1984 1 percent sales tax is collected and distributed as follows:

Of the one percent collected in unincorporated areas (with the exception of the Town of Jean Lafitte), 7/8 percent and all of the tax collected within the Town of Jean Lafitte was dedicated to the purchase, construction, acquisition and improvement of the Sewer Capital Program. In 1998, a rededication and extension of this tax was approved to dedicate revenues to the cost of maintenance and replacement of sewerage facilities, and the construction, improvement or maintenance of public roads, streets, or highways located in Jefferson Parish, including the cost of reconstruction, rehabilitation, base stabilization, drainage, adjustments and related sidewalks and curbs. The proceeds of the tax collected within the boundaries, as presently constituted, of each municipality within the Parish shall be returned to each municipality to be used for any lawful purpose. The remaining 1/8 percent of tax collected within the unincorporated areas of the Parish is paid over to the Jefferson Parish Sheriff to provide funds for law enforcement purposes. The Jefferson Parish Sheriff is a separate legal entity and is not included in this financial report.

2007 Ordinance #23155 dated October 17, 2007, was adopted by the Parish Council establishing the Terrytown Redevelopment & Restoration District. The district is comprised of that portion of Jefferson Parish lying within the West Bank Expressway in Jefferson Parish, Highway 23, the Plaquemines Parish line and the Orleans Parish line. This district is considered a tax increment financing district (TIF) whereby a baseline of specific revenue collected in a specific area is determined and any revenues collected in this district over and above that baseline should now be accounted for in that district. Ordinance #23177 dated November 14, 2007 established the baseline of this district to be \$423,796. This baseline includes a portion of the Sales and Use Tax levied and collected by the State of Louisiana, in an amount equal to a 1/2% Sales and Use Tax; and 1/2% Sales and Use tax levied by the Parish of Jefferson pursuant to an election approving the levy and collection of said Sales and Use Tax held on May 3, 1966. The specific revenue is undedicated 1/2 penny of sales taxes (General Fund) that are collected in an area in and around Oakwood shopping center. The ordinance established a 2006 baseline of \$211,898 as the Parish's share and any sales tax received over this amount should be credited to the established fund.

2007 Ordinance # 23179 dated November 14, 2007, was adopted by the Parish Council establishing the Churchill Economic Development District. The district is comprised of that portion of property bounded by Segnette Boulevard, Canal A, Outer Cataouatche Canal, Main Canal Extension, Avondale Canal, Highway 90, and the Westbank Expressway in Jefferson Parish. The district is considered a tax increment financing district (TIF) whereby a baseline of specific revenue collected in a specific area is determined and any revenues collected in this district over and above that baseline should now be deposited in a special trust fund, and are dedicated to the District solely for the purpose of promoting economic development throughout the District, including but not limited to the Churchill Technology and Business Park and other business and industries, and commercial, industrial, residential and recreational developments situated within the District; and for any other authorized purpose of the District. This baseline includes a portion of the Sales and Use Tax, a 1/2 % Sales and Use Tax levied by the Parish of Jefferson pursuant to an election approving the levy and collection of said Sales and Use Tax held on May 3, 1966. Ordinance # 24101 dated August 31, 2011 established an annual baseline of \$80,485 and any sales tax received over this amount should be credited to the established fund.

**NOTE M - SALES TAX (Continued)**

- 2008 Ordinance # 23449 dated December 10, 2008, was adopted by the Parish Council establishing the Metairie CBD Economic Development District No 1. The district is comprised of that portion of unincorporated property in Jefferson Parish bounded by Causeway Boulevard, West Esplanade Avenue, Division Street and Veterans Boulevard. This district is considered a tax increment financing district (TIF) whereby a baseline of specific revenue collected in a specific area is determined and any revenues collected in this district over and above that baseline should now be deposited in the special trust fund, and are dedicated to the District solely for the purpose of paying the costs of infrastructure and economic development projects in the area within the described boundaries, or for the payment of debt service on bonds or other indebtedness incurred for economic development projects. This baseline includes a portion of the Sales and Use Tax levied and collected by the State of Louisiana, in an amount equal to a ½% Sales and Use Tax; and ½% Sales and Use tax levied by the Parish of Jefferson pursuant to an election approving the levy and collection of said Sales and Use Tax held on May 3, 1966. Ordinance # 23507 dated March 18, 2009 established a baseline of zero as the Parish's share, as no sales taxes were collected within the boundaries of the District during the 2007 fiscal year, and any sales tax received over this amount should be credited to the established fund.
  
- 2016 Ordinance # 25143 dated April 20, 2016 was adopted by the Parish Council establishing the Jefferson Highway Economic Development District, a Tax Incentive District (TIF), to leverage Ochsner Medical Center Expansion Project. The geographical boundaries beginning at the point on the bank of the Mississippi River located at the intersection of the River Road and the Jefferson Parish line; then north along the Parish line to the intersection of the Parish line and Earhart Expressway; then west along the Earhart Expressway to the intersection of North Causeway Boulevard and the Earhart Expressway; then south along North Causeway Boulevard to the point on the bank of the Mississippi River located at the intersection of North Causeway Boulevard and River Road; then east along the bank of the Mississippi River to the point of the beginning. Any revenues collected in this district over and above the baseline are dedicated to the District solely for providing significant infrastructure improvements and economic development projects in the area. This baseline includes a portion of the Sales and Use Tax levied and collected by the State of Louisiana, in an amount equal to a ½% Sales and Use Tax; and ½% Sales and Use tax levied by the Parish of Jefferson pursuant to an election approving the levy and collection of said Sales and Use Tax held on May 3, 1966.

**NOTE N - TAX ABATEMENTS**

As of December 31, 2022, the Parish provides tax abatements primarily through one program - the Payment in Lieu of Tax (PILOT) program. In addition, the State of Louisiana offers a number of programs that provide tax abatements within the Parish, including the Restoration Tax Abatement (RTA) Program, the Industrial Tax Exemption Program (ITEP), and the Enterprise Zone (EZ) Program. Details of each program follow.

- The Parish enters into ad valorem (property) tax abatement agreements with local businesses through its economic development arm - the Jefferson Parish Economic Development and Port District (JEDCO). JEDCO is authorized under LRS 34:2021 *et seq*, as well as LRS 39:991 to 1001, inclusive, and other constitutional and statutory authority to acquire, own, lease, rent, repair, renovate, improve, finance, sell and dispose of facilities that are determined by JEDCO to be instrumental to the removal of blight, the redevelopment of distressed areas, or to promote economic development through the creation of jobs, or to enhance the tax base of Jefferson Parish through the construction, renovation, or rehabilitation of improvements, other than for public utility facilities. JEDCO utilizes a Payment in Lieu of Tax (PILOT) program, which includes a sale-leaseback agreement on targeted facilities whereby JEDCO, a political subdivision exempt from property taxes, takes title to the property and leases the property back to the business. Rent or lease payments are then made to the local governments in lieu of ad valorem (property) taxes on the property. The amounts of the payments under the agreements are negotiated between JEDCO and the business and can result in partial or total tax abatements. The payments are then made over an agreed-upon number of years (typically anywhere from 3 to 20 years). JEDCO typically sets dollar investment thresholds, as well as job creation or retention goals within the agreement. Failure to comply with these thresholds can affect the amount of tax abatement on a go forward basis. There are currently six active PILOT programs in the Parish. Payments received or due at December 31, 2022 under these PILOT agreements amounted to \$1,611,626 and were allocated to the following agencies:

<u>Taxing Agency</u>	<u>2022 Pilot Payments</u>
Jefferson Parish	\$ 932,097
Jefferson Parish School Board	369,904
Jefferson Parish Sheriff's Office	188,719
West Jefferson Levee District	90,636

NOTE N - TAX ABATEMENTS (Continued)

- The **Restoration Tax Abatement (RTA) program** is an economic development incentive created for use by municipalities and local governments to encourage the expansion, restoration, improvement, and development of existing commercial and residential properties in Downtown Development Districts, Economic Development Districts, or Historic Districts. The Parish has several eligible districts on both the east and west banks of the river. The program is authorized under LRS 47:4311-4319 and is administered by the Louisiana Department of Economic Development (LED). Abatements are obtained through application by the property owner, subject to approval by the Governor, the Louisiana Board of Commerce and Industry, and the local governing authority (i.e., the Parish), which includes proof that the property is in a targeted district and that the improvements have been made. The program allows the owner the right for five (5) years, to pay ad valorem taxes based on the assessed valuation of the property for the year prior to the commencement of the project. Thus, the RTA abatement is equal to 100 percent of the additional ad valorem (property) tax resulting from the increase in assessed value as a result of the improvements. The contract may be eligible for renewal, subject to the same conditions, for an additional five (5) years, if approved. Under this program, the amount of the improvements (i.e., the "contract value") is not included in the tax assessment until the abatement period has ended and the property is assessed with the improvements taken into account. Because the Parish Assessor does not reassess the value of the property until the abatement period has expired, it is not possible to calculate the true amount of taxes abated in any one year. The amounts shown are the estimated maximum amount of taxes that would be abated if the full contract value as adjusted for depreciation were added to the assessed value (which would hardly ever be the case). The actual amount of taxes abated can be substantially less than what is noted. There are 11 active RTA abatement contracts in the Parish.
- The **Industrial Tax Exemption Program (ITEP)** is a full, 100 percent exemption from local ad valorem (property) taxes as authorized in the Louisiana Constitution of 1974, Article VII, Part 2, Section 21(F), as amended by the Governor's Executive Order No. JBE 2016-26. Participating companies are eligible to receive an initial five (5) year exemption, plus the opportunity for a five (5) year renewal, for a total of ten (10) years of full exemption from local property taxes. The program is available only to manufacturers. Manufacturing businesses are defined as those with a North American Industry Classification System (NAICS) code of 31, 32, or 33. General categories include food manufacturers and manufacturers of durable and non-durable goods. The types of specific businesses eligible to receive ITEP exemptions are varied, including fertilizer and pesticide manufacturers, petrochemical manufacturers, industrial equipment and machinery manufacturers, and even breweries. Up until now, Louisiana has had no job creation or capital investment thresholds required for eligibility. The exemption applies to all improvements to land, buildings, machinery, equipment, and any other property that is part of the manufacturing process. Maintenance capital (i.e., property replacements and refurbishments) is also eligible for the exemption. The land on which the manufacturing establishment is located is not eligible for the exemption. An advance notification of intent to apply for the tax exemption is filed with the Louisiana Office of Economic Development (LED) Office of Business Development. The LED then presents the application to the Louisiana Board of Commerce and Industry for review and approval. The applicant files an annual report with the Parish Assessor listing the exempted property so that it may be separately listed on the tax rolls. While the ITEP program is still available and being used, the recent Governor's Executive Order has placed several limitations and new criteria on the ITEP program until the statute could be revisited. There are 82 active ITEP abatements in the Parish

The amount of tax abatements granted during 2022 under each program is as follows:

Source/Tax Abatement Program	Type of Tax	Total Amount of Taxes Abated	Parish's Share of Abated Taxes

**NOTE P - RISK MANAGEMENT**

**GENERAL LIABILITY INSURANCE**

The Parish is exposed to various risks of loss related to tort, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. To account for and finance its uninsured risks of loss, the Parish has established a General Liability Fund (an internal service fund). Under this program, the General Liability Fund provides coverage for up to a maximum of \$1,000,000 per each general liability claim and automobile claim subsequent to May 1, 2005 and \$500,000 prior to this date. Additionally, the General Liability Fund provides coverage for up to a maximum of \$2,000,000 per each workers' compensation claim subsequent to May 1, 2015; \$1,000,000 per each workers' compensation claim between May 1, 2005 and April 30, 2015, and \$500,000 prior to this date. The Parish also purchases commercial insurance for claims in excess of coverage provided by the fund. There have been no significant reductions in insurance coverages from the prior year nor has the Parish had any claims settled in excess of its insurance coverage over the past three years.

All funds of the Parish, except for The Employees' Retirement System of Jefferson Parish, participate in the program and make payments to the fund based on management's estimates of the amounts needed to pay prior and current year claims. These interfund "premiums" are reported as interfund services provided and used. At December 31, 2022, the outstanding claims liability was \$28,119,283, which includes an estimated liability for incurred but not reported claims of \$14,488,908. The estimated claim liability is determined by the third-party administrator based on historical information, anticipated payments and actuarial calculations. These liabilities are based on the requirements of Governmental Accounting Standards Board Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues" which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable and the amount of the loss can be reasonably estimated.

The Fund's claim liability at December 31, 2022 is included on the Statement of Net Position. The current portion of the liability is \$8,955,636 and the noncurrent portion is \$19,163,647. The Parish also recorded \$1,253,480 in recoveries from the Second Injury Fund as revenues in 2022. Changes in the Fund's claims liability amount for the years ended December 31, 2020, 2021 and 2022 were:

	BEGINNING OF YEAR LIABILITY	CURRENT YEAR CLAIMS AND ESTIMATES	CLAIM PAYMENTS	BALANCE AT YEAR END
2020	\$ 26,160,336	\$ 6,457,670	\$ (6,733,886)	\$ 25,884,119
2021	25,884,119	10,330,923	(8,447,584)	27,767,458
2022	27,767,458	9,815,513	(9,463,688)	28,119,283

**HEALTH INSURANCE**

The Parish provides health and accident insurance to its employees exclusively through health-maintenance organizations (HMO's) and point-of-service organizations (POS's). Under these types of programs, the Parish pays initial premiums based on the level of the employee's participation and has no further liabilities on any claims.

**UNEMPLOYMENT COMPENSATION**

The Parish is self-insured for unemployment claims filed with the state. To account for and finance these claims, the Parish has established an Unemployment Compensation Fund (an internal service fund) whereby each fund contributes .20 percent of its annual payroll into the fund. These interfund "premiums" are reported as interfund services provided and used.

The Fund's claim liability at December 31, 2022 is shown on the Statement of Net Position. The current portion of the liability is \$17,166 and the noncurrent portion is \$8,583. Changes in the Fund's claims liability amount for the years ended December 31, 2020, 2021 and 2022 were:

	<u>BEGINNING OF YEAR LIABILITY</u>	<u>CURRENT YEAR CLAIMS AND ESTIMATES</u>	<u>CLAIM PAYMENTS</u>	<u>BALANCE AT YEAR END</u>
2020	\$ 159,983	\$ (81,402)	\$ (16,295)	\$ 62,286

2022	35,264	9,896	(19,411)	25,749

**NOTE Q - COMMITMENTS AND CONTINGENCIES**

**FUTURE COMMITMENT - CORPS OF ENGINEERS**

In 1996, the Parish entered into an agreement with the United States Army Corps of Engineers to conduct a study to alleviate rainfall flooding and improve its drainage and pump stations through partnership in funding. The total cost of the project is estimated to be \$950,000,000. Because of differences in Federal authorizations for this program, the Parish has been required to pay 25% of some work, 0% for some work and 35% of other work. The Parish has been allowed to contribute a percentage of its share in the form of in-kind services and the remaining amount is paid to the Federal Government in cash. The Parish has disbursed \$196,000,000, inclusive of \$66,535,021 paid to the Corps of Engineers as the Parish's match. After Hurricane Katrina, \$100,000,000 of the total project cost was 100% federally funded. Since the \$100,000,000 post Katrina funding was exhausted, the remaining cost of the work is cost shared 35% and 65%.

**FUTURE COMMITMENT – JEFFERSON FACILITIES INC (JFI)**

In 2001, the Parish entered into a lease agreement with JFI for 200 parking spaces in the parking garage located at the Parish Courthouse Campus. The lease agreement stipulates that the obligation of the Parish is to make lease payments equal to the amount of any shortfall in debt service owed on the bonds issued by the issuer (JFI) to finance construction of the facility should the net revenues of the facility be insufficient. The total amount of the bonds issued on August 1, 2001 was \$ 9,315,000. The Parish will appropriate in its annual budget submitted each year to the Council an amount estimated to be sufficient to pay such lease payment and shall expend only as much of the amount appropriated as is necessary to pay such shortfall. For the year ended December 31, 2022 the Parish made a payment in the amount of \$548,325 for debt service based on this agreement and an amount of \$544,300 has been appropriated for debt service for 2023.

**LITIGATION**

The Parish is a defendant in a number of claims and lawsuits resulting principally from personal injury, property damage, and construction claims. The Parish Attorney and the outside administrator of the Parish's Risk Management Fund have reviewed these claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the Parish and to arrive at an estimate, if any, of the amount or range of potential loss to the Parish. As a result of such review, the various claims and lawsuits have been categorized into "probable," "reasonably possible," and "remote" contingencies, as defined in National Council on Governmental Accounting Statement 4 for Claims and Judgments.

**ARBITRAGE REBATE**

In accordance with the Tax Reform Act of 1986 any interest earnings on borrowed funds since August 31, 1986 in excess of the interest costs are required to be rebated to the federal government. The Parish has determined that there was no material liability at December 31, 2022. Additional rebate calculations are scheduled to be performed in 2023.

**ON-BEHALF PAYMENTS FOR SALARIES AND BENEFITS**

Supplemental salary payments are made by the State directly to fire employees. The Parish is not legally responsible for these salaries. Therefore, the basis for recognizing the revenue and expenditure (expense) payments is the actual contribution made by the State. Also, funding is received from the State for retirement supplemental reimbursements for parish court judges and supplemental pay for justices of peace and constables. These funds are remitted first to the Parish, then to the employees.

NOTE R – POST-EMPLOYMENT BENEFITS

HEALTH AND LIFE INSURANCE

Plan Description. The Parish provides health care and life insurance benefits to its employees upon retirement as authorized by Resolution No. 74791. Health coverage includes a fully insured group health maintenance organization plan (HMO) together with Medicare 65 plans for those eligible. Life insurance coverage is continued after retirement but at a reduced amount of coverage. There are no assets accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement 75.

Medical benefits are provided to employees upon retirement according to the retirement eligibility provisions as follows: for employees hired prior to January 1, 2007, 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service basis; for employees hired after January 1, 2007, age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service basis. The plan is a fully insured, single-employer defined benefit plan.

Life insurance coverage is provided in the amount of \$10,000 for retirees under age 70 and \$5,000 for retirees age 70 and older.

A summary of members participating in the plan at January 1, 2022 is as follows:

	<u>Plan membership</u>
Retirees and beneficiaries currently receiving benefit	
Payments	1,797
Active employees	<u>2,733</u>
Total	<u>4,530</u>

Funding Policy. In 2022, The Parish's portion of health care contributions for retired employees totaled \$7,419,326 and the life insurance totaled \$395,005.

The Parish has set up an internal service fund as a dedicated reserve for the post-employment benefit obligation. As of December 31, 2022, \$45,976,757 has been dedicated in the Internal Service Fund Post-Employment Benefits for this purpose.

Total OPEB Liability. The Parish's total OPEB liability of \$133,657,190 was measured as of December 31, 2022, and was determined by an actuarial valuation as of January 1, 2022.

HEALTH AND LIFE INSURANCE (Continued)

Actuarial Methods and Other Inputs. The total OPEB liability in the January 1, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Salary increase	2.50 percent
Discount rate	4.31% per annum based on the S&P Municipal Bond 20 Year Rate Index as of December 30, 2022
Healthcare cost trend rates	6.50% graded uniformly to 5.20% over 3 years and following the Getzen model thereafter to an ultimate rate of 3.94% in the year 2075.
Retirees' share of benefit-related costs	Retiree medical premium is determined according to a "vesting" schedule based on the number of years of service at retirement date. There are different schedules for retiree coverage and for dependent coverage. Contributions are assumed to increase at the health care cost trend rates.

For active employees, mortality rates were based on the PUB-2010 General Employee Headcount-weighted Mortality Tables with Pre and Post Commencement Rates and projected mortality improvement under Projection Scale MP-2021 (male and female scales). For retirees, the PUB-2010 Generational Retiree Mortality Headcount-weighted Mortality Tables with Pre and Post Commencement Rates and projected mortality improvement under Projection Scale MP-2021 (male and female scales) and for beneficiaries, the PUB-2010 Generational Contingent Survivor Headcount-weighted Mortality Tables with Pre and Post Commencement Rates and projected mortality improvement under Projection Scale MP-2021 (male and female scales).

**COST OF LIVING PLAN**

In addition to the health care and life insurance benefits noted above, the Parish also provides a supplement to retirees' pensions as authorized by Ordinance No. 18176. This benefit is available to retirees participating in either the Employees' Retirement System of Jefferson Parish or the Parochial Employees' Retirement System of Louisiana who have been retired for at least one year. This additional benefit is paid once a year and is calculated as 2% of the monthly benefit times the number of months the person has been retired including partial years. The minimum additional payment is \$350 and the maximum payment is \$1,200. Any additional payment due to the retiree per these calculations is further reduced by any cost of living adjustment benefits paid by the Parochial Employees' Retirement System of Louisiana (not available to all plan participants). A total of 93 retirees received the cost of living adjustment from the Parish in 2022. The total calculated benefits to be paid to the Parish retirees in 2022 were \$111,582. This amount was reduced by \$23,552 in cost of living adjustments paid by the Parochial Employees' Retirement System of Louisiana, leaving the Parish to make \$88,030 in cost of living adjustment payments.

**NOTE S – PENSION PLANS**

Jefferson Parish participates in five cost-sharing defined benefit pension plans each administered by separate public employee retirement systems.

**PLAN DESCRIPTIONS**

THE EMPLOYEES' RETIREMENT SYSTEM OF JEFFERSON PARISH (The Parish Plan)

The Employees' Retirement System (System) of Jefferson Parish Board of Trustees (The Board) administers The Employees' Retirement System of Jefferson Parish (the Parish Plan), a single-employer defined benefit pension plan created by Jefferson Parish Ordinance 11027. The Parish Plan covers employees who were hired prior to December 15, 1979. As of that date, the Parish Plan became a closed plan and was merged with the Parochial Employees' Retirement System of Louisiana (The State Plan) whereby members of the Parish Plan continued to be members of the State Plan.

THE EMPLOYEES' RETIREMENT SYSTEM OF JEFFERSON PARISH (The Parish Plan) (Continued)

The System governing body is comprised of a 7-member Board of Trustees, as follows: (1) The Parish's Finance Director is automatically a member. (2) The Parish's Clerk of Court is automatically a member and remains on the Board until the Parish Council appoints a new Clerk. (3) The Parish Council can appoint an additional seat on the Board. (4) The Personnel Director serves as ex-officio and is appointed by the personnel board and remains on the Board until retirement. (5, 6 & 7) Three Board members are retirees, and are elected by retirees of the System. They serve four-year terms.

The following employee membership data is actuarially determined and is a categorized listing of the total number of members on whom the System retains liability as of December 31, 2022:

Retired plan members or beneficiaries currently receiving benefits	288
Retired plan members with contingent survivor benefits	178
Inactive plan members entitled to but not yet receiving benefits	15
Active plan members	3
	484
Total	484

The Board issues a publicly available financial report that includes financial statements and required supplementary information for the Parish Plan. The financial report for year ended December 31, 2022 may be obtained by writing to: The Employees' Retirement System of Jefferson Parish, 3331 Metairie Road, Metairie, LA 70001 or by calling 504-831-4040.

Employees who are members of the Parish Plan only receive benefits equal to one percent of the highest three-year average annual compensation plus two percent of the first \$1,200 of average compensation for each year of service. The benefits for employees who are members of the Parish Plan only, with less than 20 years of service, are reduced by three percent per year for each year participants receive benefits below the age of 62. Parish Plan participants who are also members of the State Plan receive benefits equal to three percent of the highest three-year average annual compensation for each year of service reduced by any amounts paid by the State Plan. The total combined payments of both plans may not exceed 100 percent of the member's final average compensation. Retirement benefits are payable monthly for the life of the retiree. Under certain conditions, upon the retiree's death, benefits are payable by the Parish Plan to the retiree's surviving spouse and minor children.

PAROCHIAL EMPLOYEES' RETIREMENT SYSTEM OF LOUISIANA (The State Plan)

The Parochial Employees' Retirement System Board of Trustees (The Board), an Administrative Director, an Actuary and Legal Counsel administer the Parochial Employees' Retirement System (the State Plan), a cost-sharing multiple-employer defined benefit plan established by the Louisiana legislature as of January 1, 1953, by Act 205 of 1952. The State Plan was revised by Act No. 765 of 1979, effective January 1, 1980, to create the Plan A and Plan B fund to replace the "regular plan" and the "supplemental plan". Plan B Fund replaced the "regular plan" (the Parish does not have any participants in this plan). The State Plan is operating pursuant to LSA-R.S. 11:1901 through 11:2015. The State Plan covers employees who were hired subsequent to December 15, 1979.

Under the State Plan, for employees hired prior to January 1, 2007, a member is eligible for normal retirement if the participant has at least 30 years of creditable service regardless of age, or 25 years of creditable service and is at least 55 years old, or 10 years of creditable service and is at least 60 years old or 7 years of creditable service and is at least 65 years old. For employees hired after January 1, 2007, a member is eligible for normal retirement if the participant has at least 30 years of creditable service and is at least 55 years old, or 10 years of creditable service and is at least 62 years old or 7 years of creditable service and is at least 67 years old. The monthly retirement benefit is equal to three percent of the member's average monthly compensation for any 36 months of consecutive service in which compensation was highest, multiplied by years of creditable service, not to exceed 100 percent of the member's final compensation. Retirement benefits are payable monthly for the life of the retiree. Under certain conditions, upon the retiree's death, benefits are payable to the retiree's surviving spouse and minor children.

The State Plan issues a publicly available financial report that includes financial statements and required supplementary information. The financial report for the year ended December 31, 2022 may be obtained by writing to: The Parochial Employees' Retirement System, P. O. Box 14619, Baton Rouge, LA 70808. As of the date of this report, the Parochial Employees' Retirement System financial report was not available. The financial information presented below is based on the financial report for the year ended December 31, 2022.

FIREFIGHTERS' RETIREMENT SYSTEM

The Firefighters' Retirement System Board of Trustees administers the Firefighters' Retirement System, a cost-sharing multiple-employer, defined benefit pension plan covering firefighters employed by a municipality, parish, or fire protection district of the State of Louisiana. The plan was created under the provisions of LRS 11:2251 through 11:2269.

Employees with 20 or more years of service who have attained age 50 or employees who have 12 years of service who have attained age 55 or 25 years of service at any age, are entitled to annual pension benefits equal to 3 1/3% of their average final compensation based on the 36 consecutive months of highest pay multiplied by their total years of service, not to exceed 100 percent. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. Employees terminating before rendering 12 years of service forfeit the right to receive accumulated plan benefits attributable to their employer's contributions. Benefits are payable over the employees' lives in the form of a monthly annuity.

HOSPITAL DISTRICT NO. 1

West Jefferson Medical Center operates under the jurisdiction of the Parish Council of Jefferson Parish, Louisiana (the "Parish") as Jefferson Parish Hospital Service District No. 1. A Louisiana Attorney General opinion empowers hospital service districts to create pension plans for officers and employees and to fund the plan with district funds. The Retirement Plan for Employees of West Jefferson Medical Center (the "Plan") is a single-employer, non-contributory, defined public employee retirement system (PERS). The Plan covers certain employees of West Jefferson Medical Center (the Employer) who meet certain length of service requirements and is funded through employer contributions and investment earnings. Employees or former employees who were not participants in the Plan as of December 31, 2005 are not eligible to participate in the Plan after December 31, 2005. Active participants in the Plan as of December 31, 2005 made a one-time, irrevocable election to either continue as an active participant in the Plan effective January 1, 2006, earning future benefit accruals under the applicable provisions of the Plan, or to instead become a participant effective January 1, 2006 in a Defined Contribution Plan. Any participant of the Plan that elected to participate effective January 1, 2006 in the Defined Contribution Plan would not accrue further benefits under the Plan for service or earnings after December 31, 2005. As a governmental entity, the Plan provides disclosures required by the Governmental Accounting Standards Board (GASB).

The following employee membership data is actuarially determined and is a categorized listing of the total number of members on whom the System retains liability as of December 31, 2022.

Retired plan members or beneficiaries currently receiving benefits	909
Terminated employees entitled to but not yet receiving benefits	440
Active plan members	-
Total	<u>1,349</u>

An employee was eligible to participate in the Plan as of the date they had completed one year of service of 1,000 hours or more and attained the age of 21. No new entrants are allowed to participate in the Plan after December 31, 2005.

The Plan provides retirement benefits as well as death and disability benefits. Prior to July 1, 2002, all benefits were fully vested after 10 years of credited service. Effective July 1, 2002, all employees become fully vested after 5 years of credited service. The basic annual retirement benefit at age 65 is a benefit payable for life in an amount equal to the number of years of credited service up to 30 years, multiplied by the sum of (1) 1.2 percent of final average monthly compensation and (2) .65 percent of final average monthly compensation in excess of "covered" compensation, which is defined as the average of the Social Security Taxable Wage Base for the 35-year period ending in the year in which social security normal retirement age is attained. Final average monthly compensation is defined as the monthly compensation of a participant averaged over the 5 consecutive calendar years which produces the highest monthly average within the last 10 calendar years preceding the earlier of retirement or termination of employment. Employees with 10 years of credited service may elect to receive a reduced benefit beginning at age 55.

A Plan member leaving employment after 10 years of credited service but before attaining retirement age or who ceases active employment because of total and permanent disability after 10 years of credited service but before attaining retirement age is eligible for deferred benefits or may elect to receive reduced benefits beginning on the early retirement date.

The survivor benefit provided under the Plan is a death benefit for a vested participant in the form of a survivor annuity. Such annuity payments are generally equal to 50 percent of the amount which would be payable to the participant if he or she had survived and elected to commence receiving a retirement income at the earliest date allowed under the Plan. The Parish has the right under the Plan to discontinue its contributions at any time and to terminate the Plan.

Effective October 1, 2015, Jefferson Parish Hospital Service District No. 1 and Jefferson Parish entered into a long-term agreement to lease West Jefferson Medical Center to Louisiana Children's Medical Center (LCMC). Effective October 1, 2015, the employees of West Jefferson Medical Center are employees of LCMC, and are no longer employees of Jefferson Parish Hospital Service District No. 1.

Hospital District No. 1 issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. The financial report for year ended December 31, 2022 may be obtained by writing to: Jefferson Parish Hospital Service District No. 1, c/o Jefferson Parish General Government Building, 200 Derbigny St, Suite 6700, Gretna, LA 70053 or by calling 504-364-2626.

HOSPITAL DISTRICT NO. 2

The Pension Committee is the administrator of the East Jefferson General Hospital Retirement Plan (The East Jeff Plan) and, under Louisiana R.S. 46:1068, is authorized to establish and maintain actuarially sound pension and retirement systems making contributions from hospital service district funds. The East Jeff Plan Committee is the administrator of a single-employer defined benefit retirement plan and hospital sponsored defined contribution savings plans. The Plan was established for the purpose of providing retirement benefits for substantially all employees of East Jefferson General Hospital.

Method Used to Value Investments – Investments of the East Jeff Plan are reported at fair value based on quoted market prices, short-term investments are reported at cost and insurance contracts at contract value, which approximates fair value.

Concentrations of Credit Risk – There is no concentration of credit risk in investments held by the East Jeff Plan.

Funding Policy - The Plan provides for actuarially determined periodic employer contributions at rates that, for individual employees, remain fairly constant over time so that sufficient assets will be available to pay benefits when due. The contribution rate for normal cost is determined using the Unit Credit actuarial cost method. The Plan is being funded based on its normal cost, as actuarially determined, reduced by amounts sufficient to amortize an over funded amount from prior years over a ten-year period.

The East Jefferson General Hospital Retirement Plan issues a publicly available financial report that includes financial statements and required supplementary information.

Defined Benefit Retirement Plan

All full-time employees hired or re-hired prior to January 1, 2005 who are at least age 21 with at least one year of credited service are eligible to participate in the Defined Benefit Retirement Plan (the "Plan"). Plan benefits vest after 5 years of credited service. Employees who retire at, or after, age 62 with 5 years of credited service are entitled to an annual retirement benefit, payable monthly for life, unless the present value amount of accumulated benefits are under \$15,000. In these instances, the employer has the option to distribute benefits to the employee in a lump sum payment. The Plan also provides early retirement benefits at reduced amounts at age 55 with 10 years of service. The Plan also provides death benefits depending upon the payment option elected. This benefit provision and all other requirements are established by the Plan.

In January 2005, a resolution was adopted to freeze the Defined Benefit Plan effective April 1, 2005. Non-vested employees hired prior to January 1, 2005 will continue to vest in the Plan, pending continual employment through the vesting date.

An employee was eligible to participate in the Plan as of the date they had completed one year of service of 1,000 hours or more and attained the age of 21. No new entrants are allowed to participate in the Plan after December 31, 2005.

Plan Termination

Effective April 22, 2020, the plan was amended to offer a lump-sum window program in a phased approach to certain Plan participants. Phase one was offered to participants who were actively employed by the Employer who were at least the age of 59 ½. Phase two offered to vested terminated participants regardless of age.

During 2022, the Jefferson Parish Hospital Service District Number 2 contributed approximately \$52.9 million to facilitate the termination of the Plan in order to have adequate funds to carry out the termination. All beneficiaries/retirees were provided the option to select an annuity or receive a lump sum distribution. If neither option was selected, the funds were deposited into an IRA in the participant's name. During the fiscal year ended December 31, 2022, all plan retiree/beneficiary obligations were settled through either lump sum distributions or annuity purchase, resulting in no plan participants remaining and the net pension liability was eliminated. The remaining assets are expected to be disbursed through liability payments through 2023.

As of December 31, 2022, the Plan had no members due to the completion of the Plan termination.

Basis of Accounting – The East Jeff Plan's financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized in the period in which the employee is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Interest and dividend income are recognized when earned.

**CONTRIBUTIONS**

Employee and employer contributions for the Employees Retirement System of Jefferson Parish (JPERS) are actuarially determined. Member contribution rates may be amended only by the Jefferson Parish Council. Employer contribution rate changes can be recommended by the system Board of Trustees but the Jefferson Parish Council must approve the change. Employees who are members of JPERS contribute 6.05% of pay. Employees who are members of both JPERS and Parochial Employees'

Retirement System or the Firefighters' Retirement System (PERS/FRS) contribute an additional 4% of all monthly earnings over \$100; JPERS receives the excess, if any, of these contributions over 9.25% of pay.

Employer contributions for the Retirement Plan for Employees of West Jefferson Medical Center are actuarially determined.

Employee contributions for the Parochial Employees Retirement System of Louisiana and the Firefighters' Retirement System are established by State Statute. According to State statute, contributions for all employers are actuarially determined each year.

In addition, according to State statute, the Parochial Employees Retirement System of Louisiana also receives ¼ of 1% of ad valorem taxes collected within the respective parishes except for Orleans and East Baton Rouge Parish. The system also receives revenue sharing funds each year as appropriated by Legislature. According to state statute Firefighters Retirement System receives insurance premium tax funds from the State of Louisiana. This additional source of income is used as an additional employer contribution and is reported as a non-employer contribution.

These additional sources of revenues are considered to be support from non-contributing entities.

The following table provides information concerning actuarial assumptions used in the determination of the total pension liability for each of the defined benefit pension plans in which the Parish is a participating employer:

<u>Defined Benefit Pension Plan</u>	<u>Active Member Contribution Percentage</u>	<u>Employer Contribution Percentage</u>	<u>Amount from Non-employer Contributing Entities (in Thousands)</u>	<u>Amount of Parish Contributions (in Thousands)</u>

**NET PENSION LIABILITY/ASSET**

The Parish's net pension liability/asset at December 31, 2022 is comprised of the entire net pension liability/asset relating to the Parish's single employer plans for the Employees' Retirement System of Jefferson Parish and the Parish's proportional share of the net pension liability/asset related to the cost sharing plans in which the Parish is a participating employer, Parochial Employees' Retirement System of Louisiana and Firefighters' Retirement System. The Parish's net pension liability for each plan was measured as of December 31, 2021 and June 30, 2022, respectively. The total pension liability used to calculate the net pension liability/asset was determined by an actuarial valuation as follows shown below.

Changes in actuarial assumptions since the prior measurement date are as follows:

For the Parochial Employees' Retirement System of Louisiana, the investment rate of return net of pension plan investments including inflation remained 6.40% and the inflation rate remain 2.3%. For Hospital District No. 2, inflation 2.2% per annum, compounded annually. The Firefighters Retirement System had a no change in investment rate of return and no changes in Salary. For Hospital District No. 2, inflation rate 2.3% in 2021 and 2.3% in 2022 and a change in discount rate.

**DISCOUNT RATE**

The discount rate used to measure the total pension liabilities is equal to the long-term expected rate of return on pension plan investments that are expected to be used to finance the benefits. The discount rate for each of the Parish's defined benefit pension plans administered by each system and the sensitivity of the net pension liability to changes in the discount rate (in thousands of dollars) is shown below:

**TARGET ALLOCATION**

**The Employees Retirement System of Jefferson Parish** gave consideration to several factors in determining the valuation interest rate. First, consensus estimates of rates of return, standard deviations, and correlation coefficients for asset classes derived from various asset consulting firms were developed. These factors were used to derive forward estimates of the Fund's portfolio earnings rate. Given recognition to the expected variance in returns, the assumed rate of return for the valuation was set at 4.75%. The salary increase rate for the report was based on forward estimates of future increases in pay resulting from three sources; inflation, merit, and productivity. An inflation rate of 2.10% was implicit in both the assumed rate of return and rate of salary increases. Based on updated experience, the overall salary scale was set at 5.0%.

The rates of return on assets were calculated by assuming uniform distribution of income and expense throughout the fiscal year. The rates of return based on the above assumption are as follows:

	<b>Fair Value</b>	<b>Actuarial Value</b>
2013	21.80%	10.70%
2014	5.90%	12.60%
2015	1.40%	8.80%
2016	4.1%	3.00%
2017	14.3%	6.10%
2018	-4.2%	4.40%
2019	17.0%	8.30%
2020	11.3%	8.00%
2021	12.7%	13.70%
2022	-13.2%	3.2%

**TARGET ALLOCATION (Continued)**

The market rate of return gives a measure of investment return on a total return basis and includes realized and unrealized capital gains and losses as well as interest income. This rate of return gives an indication of performance for an actively managed portfolio where securities are bought and sold with the objective of producing the highest total rate of return. During 2022, the fund earned \$1,127,487 of dividends, interest and other recurring income. During the same period, the Fund had net realized and unrealized capital gains on investments and non-recurring income of \$8,491,568. The fund had investment expenses of \$181,235.

The actuarial rate of return is presented for comparison to the assumed long-term rate of return of 4.75% used for the valuation. This rate is calculated based on the actuarial value of assets and the fair value income adjusted for actuarial smoothing. Investment income used to calculate this yield is based upon a smoothing of investment income above or below the valuation interest rate over a three year period subject to constraints. The difference between rates of return on an actuarial and fair value basis results from the smoothing utilized. Yields in excess of the 4.75% assumption will reduce future costs; yields below 4.75% will increase future costs. For fiscal 2022, the system experienced net actuarial investment earnings of \$805,992 below the actuarial assumed earnings rate of 4.75% which produced an actuarial loss and increased the interest-adjusted amortization payments on the system's UAL by \$100,750 or 0.06% of total Parish projected payroll.

**The Parochial Employees' Retirement System of Louisiana** determined the long-term expected rate of return on pension plan investments by using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.10% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.00% for the year ended December 31, 2022.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Portfolio Real Rate of Return</u>
Fixed income	33%	0.85%
Equity	51%	3.23%
Alternatives	14%	.71%
Real assets	2%	.11%
Totals	100%	4.90%
Inflation		2.10%
Expected Arithmetic Nominal Return		7.00%

The discount rate used to measure the total pension liability was 6.40%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**The Firefighters' Retirement System** determined the estimated long-term expected rate of return on pension plan investments by using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class for years before 2021. Starting in 2022, the long-term expected real rate of return presented information from the System's actuary. The actuary's method uses information from consultants and investments firms regarding future expected rates of return, variances, and correlation coefficients for each asset class. The actuary's method integrate various sources to produce average values thereby reducing reliance on a single data source.

**TARGET ALLOCATION (Continued)**

Best estimates of arithmetic real rates of return for each major asset class included in FRS' target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Asset Type	Target Asset Allocation	Long-Term Expected Real Rate of Return 2022
Fixed income	U.S. Core Fixed Income	18.00%	0.84%
	U.S. TIPS	3.00%	0.51%

	Real Assets	3.00%	4.89%
Multi-Asset Strategies	Global Tactical Asset Allocation	0.00%	3.14%
	Risk Parity	0.00%	3.14%

The discount rate used to measure the total pension liability was 6.9%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer entities will be made at the actuarially determined rates approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee, taking into consideration the recommendation of FRS' actuary. Based on these assumptions, FRS' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following is a summary of Component Unit investments (in thousands of dollars):

	<u>CARRYING AMOUNT</u>
Louisiana Asset Management Pool (LAMP)	\$ 4,187
Others	<u>8,049</u>
Total Investments	<u>\$ 12,236</u>
Per Combined Balance Sheet	
Current Assets - Investments	\$ 12,236
Total per Combined Balance Sheet	<u>\$ 12,236</u>

The \$4,187 invested in LAMP is owned by JEDCO. The \$8,049 in other investments is owned by the J P Finance Authority. These amounts are not evidenced by securities that exist in physical or book entry form. The Authority is subject to credit risk for each of the financial institutions ability to pay the guaranteed investment contracts. The Authority requires its trust indentures relating to its debt issues that the financial institutions meet a minimum credit rating. Failure of the financial institutions to meet minimum credit ratings requires the institutions to provide collateral to support the investment contract. At year end, the financial institutions met the investment rating requirements and, as a result no collateral is currently pledged for any program.

Interest Rate Risk – The Component Units limit interest rate risk by limiting the maturities of its investments to less than one year. The J P Finance Authority’s investments in guaranteed investment contracts are not subject to interest rate risk since the financial institutions guarantee the principal and interest on the investment.

Credit Risk and Concentration of Credit Risk – The credit risk of investments is the risk that the issuer will not meet its obligations. This credit risk is measured by credit quality ratings as described by ratings agencies such as Standard & Poor’s (S&P) and Moody’s. Obligations of the U.S. government are not considered to have credit risk and do not require disclosure of credit quality. The individual J P Finance Authority investment contracts are unrated. The concentration of credit risk is the risk of loss that may occur due to the amount of investments in a single issuer (not including investments issued or guaranteed by the U.S. government, investments in mutual funds, or external investment pools).

**2. MORTGAGE LOANS RECEIVABLE**

At year end, the J P Finance Authority had \$5,784 in mortgage loans receivable relating to its single-family mortgage programs. These mortgages take the form of whole mortgages or fully modified mortgage pass-through certificates (GNMA and FNMA certificates). A breakdown of the receivable by program year is as follows (in thousands of dollars):

<u>PROGRAM YEAR</u>	<u>TYPE</u>	<u>RATE</u>	<u>RECEIVABLE</u>
1991	GNMA & FNMA Certificates	7.125	\$ 393
2009ACF	GNMA & Certificates	3.40	<u>5,391</u>
			<u>\$ 5,784</u>

The principal and interest payments for all of the programs are either secured by first liens on single family residential property, GNMA/FNMA certificates backed by certain qualifying mortgage loans for single-family residences within the Parish or are guaranteed by the U. S. Government or the Federal National Mortgage Association.

Durr Heavy Construction

In 2008, the State of Louisiana authorized JEDCO to issue \$4.5 million in Variable Rate Taxable Revenue Bonds. The Bonds were issued in 2009 for the purpose of financing the acquisition, installation of equipment of a manufacturing facility on behalf of a local corporation at its manufacturing plant located in Jefferson Parish. JEDCO's obligations under the Series 2009 Bonds are limited. These special obligations are payable solely from lawfully available funds from payments made by the corporation and certain funds held by the Trustee pursuant to the Trust Indenture. The bonds do not constitute a debt or pledge of faith and credit of JEDCO and, accordingly, have not been reported in their financial statements. No other assets are available for payment of the principal or interest on the bonds. Under the agreement with JEDCO, the company has agreed to the payment of rent in lieu of ad valorem taxes (PILOT Rent). Beginning in the 2019 tax year and for the remaining term of the PILOT lease, the company must remit to the tax collector a payment equal to the amount of property tax that the company would be subject, if the project were owned by the company and not exempt. For the 2022 tax year, the company owed a Base PILOT rent payment to the Jefferson Parish Sheriff's Office, as tax collector of Jefferson Parish, totaling \$41,397, and the amount of ad valorem taxes that would have been recognized by Jefferson Parish on the assessed value for 2022 totaled \$41,397. Additionally, as the business resides in the City of Harahan, taxes were due. The company made a PILOT Rent payment to the City of Harahan totaling \$11,296. Ad valorem taxes that would have been recognized by the City of Harahan for 2022 totaled \$11,296. Therefore, the total 2022 ad valorem property taxes abated equaled \$0.

Dyno Nobel

On December 1, 2014, JEDCO entered into a Lease Agreement and Agreement to Issue Bonds (the Lease Agreement) with a private company to issue taxable revenue bonds of up to \$850,000,000. The bonds are for the purpose of financing the acquisition, construction and equipping of an ammonia manufacturing facility, on behalf of a local company located in Jefferson Parish. As of December 31, 2020, no bonds have been issued for the Project. During 2016, construction of the Project was completed and the company conveyed all of the Project's assets (buildings, machinery, equipment and personal property associated with the Project) to JEDCO. As a result of this conveyance, the Project's assets are not subject to ad valorem taxes. However, the Lease Agreement providing for the payment of rent in lieu of ad valorem taxes (PILOT Rent) became effective.

Unless extended, the Lease Agreement expires on December 31, 2035. For the effective term of the Lease Agreement and for the duration for which the Project's assets are owned by JEDCO, the Project shall be exempt from ad valorem tax. In return, the company agrees to make annual PILOT Rent payments commencing on or before December 31, 2016 and continuing through December 31, 2035.

Kenner Discovery Health Sciences Academy

In 2018, JEDCO issued \$43,895,000 million in tax-exempt revenue bonds (Kenner Discovery Health Sciences Academy Project, Series 2018A) and \$915,000 in taxable revenue bonds (Kenner Discovery Health Sciences Academy Project, Series 2018B). The tax-exempt and taxable bonds (together, the Series 2018 Bonds), the proceeds of which JEDCO will loan to Friends of Discovery Health Sciences Foundation, Inc. (the Borrower), were issued for the purposes of (a) financing the acquisition, construction, improvement and equipping of the first phase of the Project (the School Facility); (b) funding deposits to a subaccount of the Debt Service Reserve Fund; (c) funding capitalized interest during construction; (d) refinancing of certain outstanding indebtedness of the Borrower and Discovery Health Sciences Foundation, Inc.; and (e) paying all or a portion of the costs of issuance of the Series 2018 Bonds. The School Facility is to be leased by JEDCO to the Borrower pursuant to a lease agreement between JEDCO and the Borrower. JEDCO's obligations under the Series 2018 Bonds are limited. The Series 2018A bonds shall be subject to optional redemption prior to maturity in whole or in part on any date commencing June 15, 2028, of the maturity selected by the Borrower, at a redemption price equal to 100% of the principal amount to be redeemed, plus accrued interest to the redemption date. The Series 2018B bonds are not subject to optional redemption.

OMC West JV, LLC

On December 1, 2018, JEDCO entered into a Lease Agreement and Agreement to Issue Bonds (the Lease Agreement) with OMC West JV, L.L.C. in an aggregate principal amount of up to \$42,100,000 in taxable or tax-exempt Revenue Bonds to finance all or a portion of a 130,000 square foot medical facility building located at 2614 Jefferson Highway. As of December 31, 2020, no bonds have been issued for the Project. The purpose of the Lease Agreement is to provide for the reimbursement to the company of up to \$6,400,000 to offset the costs of certain public infrastructure improvements, including street, sidewalk, beautification and utility infrastructure improvements. Under the agreement with JEDCO, the company has agreed to the payment of rent in lieu of ad valorem taxes (PILOT Rent). JEDCO did not recognize the \$1 Base PILOT rent for the 2018 tax year by December 31, 2018, however the company remitted the combined base PILOT rent for all years of the term to JEDCO in 2019 for a total of \$10.

US Foods, Inc.

On January 1, 2019, JEDCO entered into a Lease Agreement and Agreement to Issue up to \$51,900,000 in Taxable Revenue Bonds. The bonds are for the purpose of the acquisition and construction of a new food warehouse and distribution facility, including related equipment and information technology costs. As of December 31, 2021, no bonds have been issued for the Project. The Lease Agreement also provides for Targeted Employment Claw Back Rent for each year in which either the Project's full-time employment or full-time payroll does not meet the minimum amounts established in the Lease Agreement.

Avondale Marine LLC

On July 1, 2019, JEDCO entered into a Lease Agreement to Issue up to \$150,000,000 in Taxable and/or Tax-Exempt Revenue Bonds. The bonds are for the purpose of renovating and rehabilitating a 254-acre site on the west bank of the Mississippi River and putting that site back into commerce as a mixed-use industrial and commercial property that generates employment and economic activity in Jefferson Parish. As of December 31, 2021, no bonds have been issued for the Project. In accordance with the Lease Agreement, the company must remit a Base PILOT Payment to the Jefferson Parish Sheriff's Office.

Resolution No. 143157 adopted on November 8, 2023 approving the Subaward Agreement for elevation of flood-prone structures with the Governor's Office of Homeland Security and Emergency Preparedness through the Federal emergency Management Agency with federal funding of \$2,137,032.13 and a property owner matching amount of \$189,603.37, for a total agreement cost of \$2,326,635.50 and to authorize the Director of the Department of Floodplain Management and Hazard Mitigation to sign any and all documents required in the administration of the grand funding.

Unfavorable river conditions caused by the ongoing drought allowed saltwater to enter the Mississippi River from the Gulf of Mexico. There was a potential negative impact on Jefferson Parish's water supply and on September 19, 2023, Proclamation Number 10 CLS 2023 was Issued declaring a state of emergency to exist within and throughout Jefferson Parish as a result of that Mississippi River Saltwater Intrusion which created emergency conditions expected to allow saltwater to advance upstream and negatively impact Jefferson Parish's water supply. The Director of the Department of Water declared an emergency pursuant to Jefferson Parish Code of Ordinances, Sec. 2-910 and La. R.S. 38:22.

**STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE**

1. The accompanying Statement of Revenues, Expenditures, and Changes in Fund Balances-Actual and Budget (Budgetary Basis) - General Fund, Federal and State Grants, and East Bank Consolidated Fire District present comparisons of the legally adopted budget, with actual data on the budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present financial statements in conformity with generally accepted accounting principles (GAAP), a reconciliation of the resulting basis, timing, and entity differences in excess (deficiency) of revenues and other financing sources over expenditures and other financing uses for the year ended December 31, 2022, is presented below (in thousands of dollars):

2.

**OTHER GOVERNMENTAL  
FUNDS**

## NON MAJOR GOVERNMENTAL FUNDS

### SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenues (other than special assessments, expendable trusts, or revenues for major capital projects) that are legally restricted to expenditures for specific purposes.

#### PUBLIC SAFETY

Ambulance District #2 accounts for the proceeds of restricted revenue to fund the cost of emergency medical transportation in the district.

Juvenile Services account for the proceeds of restricted revenue to fund the cost of providing a range of juvenile correctional services designed to protect the community, hold youths accountable for their actions and assist them in developing skills to become responsible, contributing citizens.

Emergency Communications District accounts for the special service charge collected in Jefferson Parish for an enhanced 911 system, a computer aided telephone dispatch system that processes incoming requests for emergency assistance and first aid instructions to a caller.

Security Enhancement Districts account for the proceeds of restricted revenue to provide for enhanced security service within the districts.

24<sup>th</sup> Judicial District Court Commissioners account for the proceeds of restricted revenue to provide judicial services. The Commissioners, whose powers are listed in LA R.S. 13:71, have jurisdiction over civil matters (domestic and family law) and criminal matters.

Fire District #3 accounts for the proceeds of restricted revenue to maintain fire protection service within the district.

Fire District #4 accounts for the proceeds of restricted revenue to maintain fire protection service within the district.

Fire District #5 accounts for the proceeds of restricted revenue to maintain fire protection service within the district.

Fire District #6 accounts for the proceeds of restricted revenue to maintain fire protection service within the district.

Fire District #7 accounts for the proceeds of restricted revenue to maintain fire protection service within the district.

Fire District #8 accounts for the proceeds of restricted revenue to maintain fire protection service within the district.

Fire District #9 accounts for the proceeds of restricted revenue to maintain fire protection service within the district.

Criminal Justice accounts for a portion of a special property tax levy for the Jefferson Parish Special Services District used for providing, maintaining, administering, and operating judicial services in the criminal justice system.

## PUBLIC SAFETY (Continued)

Inspector General provides a full-time program of investigation, audit, inspections and performance review of parish government operations to assist in improving operations and deterring and identifying fraud, corruption, waste, mismanagement, or misconduct in government operations.

Off Duty Witness Fees accounts for fees collected under Act 737 on all traffic violations to defray the costs to off-duty police officers for their attendance in court for traffic cases.

## PUBLIC WORKS

Streets Department accounts for the proceeds of the restricted one half cent sales tax revenue to maintain and improve public streets and roads within the unincorporated area of the parish and major streets in the municipalities. The department also provides all necessary services, including but not limited to, mowing, gardening, litter and trash pick-up on Parish roads of the unincorporated area of the Parish, major streets in the municipalities and rights-of-way to beautify the Parish.

Comprehensive Zoning Overlay accounts for the proceeds of the restricted revenue to maintain and sustain beautification improvements along the Veterans Boulevard corridor in conjunction with the CPZ program.

Consolidated Road Lighting District accounts for the proceeds of restricted revenue to provide adequate lighting of public streets within the district.

Road Lighting District #7 accounts for the proceeds of restricted revenue to provide adequate lighting of public streets within the district.

Consolidated Garbage District #1 accounts for the special property tax levy and service charges collected to provide garbage collection and disposal services within the district. The district also accounts for service charges collected at the landfill, and provides all necessary services for the operation and maintenance of the Jefferson Parish Landfill.

## INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Central Fleet Maintenance maintains motorized and heavy equipment, provides motor fuels for all departments, and maintains and stocks tires and provides record keeping regarding tire usage for all Parish vehicles.

Central Telephone provides all in-house telephone installation, repairs, and maintenance.

Electronic Information Systems monitors, administers and maintains the Parish's computer system and provides adequate training to departmental personnel for application to computer hardware and software and encoding for the graphic and non-graphic data necessary to operate the Geographic Information systems.

Engineering provides engineering design, construction supervision and project management to the operational departments of Public Works. It also maintains and installs traffic signs, roadway lane stripes and traffic signals on streets of the unincorporated area of the parish and major streets in the municipalities.

Environmental monitors and regulates industrial discharges to the sewer system and chemical and bacteriological purity of the drinking water to comply with federal environmental regulations for the benefit of the sewer and water enterprise funds.

Public Works Administration and Warehouse provides services for ordering, receiving, stocking and distributing all materials used by the Sewerage, Drainage and Water departments field maintenance crews.

### SELF INSURANCE

General Liability accounts for premium payments received from various Parish departments for the payment of claims, premiums and administrative costs under the automobile, general liability, property damage and worker's compensation insurance plans maintained by the Parish. It also accounts for risk management costs to administer a security program committed to the prevention of injury, illness and property damage throughout Jefferson Parish to reduce claims.

Unemployment Compensation accounts for premium payments received from various Parish departments for payment of claims.

Post Employment Benefits accounts for premium payments received from various Parish departments to satisfy the postemployment benefit liability.

## CUSTODIAL FUNDS

Custodial funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

First Parish Court Custodial Funds account for fines and fees generated by court orders to defray the expenses of the administration of various judicial programs which include DWI, probation supervision and community programs.

Expense Fund accounts for fines collected under Act 301 to defray the operational expenses of the Court.

DWI Programs Fund accounts for fees collected on all DWI cases to defray the costs of such programs as Community Service, Driving Improvement School and Substance Abuse Clinics.

Off Duty Officer Witness Fund accounts for fees collected under Act 737 on all traffic violations to defray the costs to off-duty police officers for their attendance in court for traffic cases. These fees are now accounted for as a Special Revenue fund.

Section 894 Probation Fund accounts for fees assessed to the defendant to enter a plea under Article 894 and forego sentencing and be placed on probation. These fees defray the costs of administering this probation program of the court.

Section 895 Probation Fund accounts for probation fees collected under Section 895 to defray the costs of the Probation Supervision Department.

Traffic Light Enforcement accounts for fees collected to defray the operational expenses in connection with traffic light enforcement.

Second Parish Court Custodial Funds account for fines and fees generated by court orders to defray the expenses of the administration of various judicial programs which include DWI, probation supervision and community programs.

Section 894 Probation Fund accounts for probation fees collected under Section 894 to defray the costs of the Probation Supervision Department.

Expense Fund accounts for fines collected under Act 301 to defray the operational expenses of the Court.

DWI Programs Fund accounts for fees collected on all DWI cases to defray the costs of such programs as Community Service and Substance Abuse Clinics.

Section 895 Probation Fund accounts for probation fees collected under Section 895 to defray the costs of the Probation Supervision Department.

Driving School Fund accounts for fees collected on DWI cases to defray costs of administering a DWI Driving School.

Traffic Light Enforcement accounts for fees collected to defray the operational expenses in connection with traffic light enforcement.

District Court Custodial Funds account for fees generated by court orders to defray the expenses of the administration of various judicial programs.

District Court Custodial Funds (Continued)

Indigent Transcript Fund accounts for fees collected under Act 178 to compensate court reporters for the preparation of transcripts for indigent defendants arising from criminal proceedings.

District Attorney Grants Fund accounts for Federal and State grant reimbursements for those grants under the District Attorney's control.

Computer Cost Fund accounts for fees collected to defray the operational costs of the court computer system administered by the Community Justice Agency.

Flexible Spending Fund accounts for money collected from employees for various health expenses.

East Bank Consolidated Firefighter's Emergency Relief Fund accounts for the financial assistance through donations and proceeds from fundraising events to benefit employees who suffer loss due to emergencies, illness or injury that result in financial hardship.

Note: Overlapping government are those that coincide, at least in part, with the geographic boundaries of the parish. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Jefferson Parish. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

The Honorable Parish President and Members of the Council  
Jefferson Parish, Louisiana:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Jefferson Parish, Louisiana (the Parish), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements and have issued our report thereon dated December 29, 2023. Our report includes a reference to other auditors who audited the financial statements of Jefferson Parish Economic Development and Port District, Jefferson Facilities Inc., Jefferson Redevelopment Inc., Jefferson Parish Finance Authority, and the Employees' Retirement System Pension Trust Fund as described in our report on the Parish's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. This report also does not include the results of our testing of internal control over financial reporting or compliance and other matters for the Retirement Plan for Employees of West Jefferson Medical Center and the East Jefferson General Hospital Retirement and Savings Plan that we report on separately.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Parish's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control. Accordingly, we do not express an opinion on the effectiveness of the Parish's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a material weakness.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Parish's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2022-002.

### **Parish's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Parish's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Parish's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE**  
**FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL**  
**OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE SCHEDULE OF**  
**EXPENDITURES OF FEDERAL AWARDS**

The Honorable Parish President and Members of the Council  
Jefferson Parish, Louisiana:

**Report on Compliance for Each Major Federal Program**

***Opinion of Each Major Federal Program***

We have audited Jefferson Parish, Louisiana's (the Parish) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Parish's major federal programs for the year ended December 31, 2022. The Parish's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The Parish's basic financial statements include the operations of Jefferson Parish Economic Development and Port District, Jefferson Facilities Inc., Jefferson Redevelopment Inc., Jefferson Parish Finance Authority, and the Employees' Retirement System Pension Trust Fund, which are not included in the Parish's schedule of expenditures of federal awards during the year ended December 31, 2022. Our audit, described below, did not include the operations of these component units because the component units engaged other auditors to perform an audit of compliance.

In our opinion, the Parish complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Parish and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Parish's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Parish's federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Parish's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Parish's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Parish's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Parish's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2022-002 and 2022-003. Our opinion on each major federal program is not modified with respect to this matter.

*Government Auditing Standards* requires the auditor to perform limited procedures on the Parish's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Parish's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-001 to be a material weakness.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2022-003 and 2022-004 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the Parish's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The Parish's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Parish, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements, except for the component units identified on page 3 which were audited by other auditors. We issued our report thereon dated December 29, 2023, which contained unmodified opinions on those financial statements based on our audit and the reports of other auditors. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**JEFFERSON PARISH, LOUISIANA**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEAR ENDED DECEMBER 31, 2022**

(1) **Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) presents the activity of the federal awards of Jefferson Parish, Louisiana (the Parish). The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). All federal financial assistance received directly from federal agencies is included on the schedule, as well as federal financial assistance passed through other agencies. Because the Schedule presents only a selected portion of the operations of the Parish, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Parish.

(2) **Summary of Significant Accounting Policies**

The Parish's Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note 1 to the Parish's financial statements for the year ended December 31, 2022.

(3) **De Minimus Cost Rate**

During the year ended December 31, 2022, the Parish did not elect to use the 10% de minimus cost rate as covered in §200.414 of the Uniform Guidance.

(4) **Relationship to Financial Statements**

The Schedule of Expenditures of Federal Awards (SEFA) was prepared from the same accounting records as were used to prepare the financial statements. Differences between amounts reported in the SEFA and the financial statements may exist due to different accounting bases used for financial reporting.

(5) **Loans from Federal Programs**

The Parish entered into an agreement with the Louisiana Department of Environmental Quality (LDEQ) whereby the LDEQ has committed to loan the Parish up to \$55,250,000 to fund improvements to the waste water treatment plants, as well as improvements to a number of lift stations located in the Parish. The loan proceeds are provided to the Parish in incremental amounts as project costs are incurred. A portion of the loan proceeds are funded by the federal Clean Water State Revolving Fund (CWSRF) program. The indebtedness to the LDEQ is evidenced through the LDEQ Taxable Sewer Revenue Bonds, Series 2013, 2014, and 2017. Principal payments are due annually continuing through February 1, 2034 for Series 2013, February 1, 2035 for Series 2014, and February 1, 2038 for Series 2017. Interest on the bonds is incurred at the rate of 0.45%, and the LDEQ administrative fee rate is 0.5%. Interest and administrative fee payments are due semi-annually. As of December 31, 2022, \$38,374,839 is included in bonds payable on the financial statements. Total 2022 drawdowns on the loan were \$4,208,697. Of this amount, \$655,478 was funded by the CWSRF program which is the amount included on the Schedule. This is not a federal loan or loan guarantee program, and as a result, the outstanding liability is not included on the Schedule.

**JEFFERSON PARISH, LOUISIANA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**YEAR ENDED DECEMBER 31, 2022**

**B. Findings related to the financial statements in accordance with *Government Auditing Standards***

**2022-001) Internal Control Over Financial Reporting and Preparation of the Schedule of Expenditures of Federal Awards**

Criteria: Jefferson Parish should have systems of internal accounting control which ensures the basic financial statements are presented in accordance with U.S. generally accepted accounting principles (U.S. GAAP) and the schedule of expenditures of federal awards (SEFA) is presented in accordance with the Title 1 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) on a timely basis.

Condition: Jefferson Parish did not have adequate policies and procedures in place to prepare accurate and complete financial statements or SEFA on a timely basis.

Cause: Jefferson Parish endured substantial turnover in key management and accounting positions during and after the fiscal year ended.

Effect: Jefferson Parish experienced an extended closing process due to the substantial turnover in key management and accounting positions resulting in delays as new staff required time to review the systems and all processes and documents to ensure that financial statements were presented in accordance with U.S. generally accepted accounting principles.

Questioned Costs: For the purposes of this finding, there were no questioned costs.

Identification of a repeat finding: This is not a repeat finding.

Recommendation: The Parish should develop and implement policies and procedures, and related internal controls over account reconciliations and preparation of the financial statements and SEFA to ensure that accounts are reconciled timely and prepared in accordance with U.S. GAAP and the Uniform Guidance.

Management Response: The cause of this condition is a direct result of staff turnover in key agency personnel in that our Accounting Operations Manager left Jefferson Parish service just prior the December 31, 2022 year-end, and our Accounting Director resigned effective February 2023. Our accounting team is being rebuilt with excellent accounting staff and we have recently hired an Accounting Director and Assistant Accounting Director. In addition, Jefferson Parish has contracted with a Certified Public Accounting firm to assist in the preparation of the Jefferson Parish Annual Comprehensive Financial Report (ACFR). Staff turnover in key agency personnel is beyond management control and such key agency personnel turnover requires time to review the systems and all processes and documents assuring accuracy and completeness prior to audit submission.

**JEFFERSON PARISH, LOUISIANA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**YEAR ENDED DECEMBER 31, 2022**

**B. Findings related to the financial statements in accordance with *Government Auditing Standards* (continued)**

**2022-002) Timely Submission of Audit Reports**

Criteria: Under Louisiana statute (LA R.S. 24:513), Jefferson Parish is required to have an annual audit of its financial statements prepared in accordance with U.S. GAAP and to complete the audit and file it with the Louisiana Legislative Auditor (LLA) within six months after year-end.

In accordance with the Uniform Guidance, Jefferson Parish is required to submit the annual audit reporting package and Data Collection Form to the Federal Audit Clearinghouse within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

Condition: Jefferson Parish did not meet the June 30, 2023 deadline for reporting to the LLA for the year ended December 31, 2022. The Parish filed for and was approved for extensions with the LLA through December 31, 2023.

In addition, Jefferson Parish did not meet the September 30, 2023 deadline for reporting to the Federal Audit Clearinghouse.

Cause: Jefferson Parish endured turnover in key management and accounting positions during and after the fiscal year ended.

Effect: Jefferson Parish is non-compliant with the state audit law and Uniform Guidance with respect to timeliness of submissions.

Questioned Costs: For the purposes of this finding, there were no questioned costs.

Identification of a repeat finding: This is not a repeat finding.

Recommendation: We recommend that Jefferson Parish implement policies and procedures to ensure that the 2023 audit report is submitted to the appropriate parties by the regulated deadlines.

Management Response: See Management Response to Audit Finding 2022-001 above.

**2022-003) Financial and Special Reporting**

**United States Department of Health and Human Services – 93.600 Head Start**

Grant No(s): 06HE000754-01, 06CH011990-01, 06CH011990-02, 06HP000184-03, 06HP000184-04

Criteria: DHHS regulations and grant awards set the criteria for DHHS Financial Reports. These reports are due quarterly, semi-annually, and annually from Head Start grantees. Financial Reports must be submitted and reviewed within a certain timeframe based upon the end of the budget period. DHHS regulations and grant awards set the criteria for DHHS Annual Special Reports (OMB No. 4040-0016). This report is due annually from Head Start grantees. Annual Special Reports must be submitted and reviewed within a certain timeframe based upon the end of the budget period. Reports should be supported by applicable accounting and performance records.

Universe/Population: The universe/population for Financial Reporting is four SF-425 Semi-Annual Financial Reports and four SF-425 Annual Financial Reports. P&N selected two out of the four SF-425 Semi-Annual Financial Reports and two out of the four SF-425 Annual Financial Reports for testing of reporting compliance requirements applicable to the program. The universe/population for Special Reporting is two annual *SF-429 Real Property Status Reports and SF-429A General Reporting* (OMB No. 4040-0016). P&N selected one out of the two Annual Special Reports for testing of reporting compliance requirements applicable to the program.

Condition: Of the reports selected for testing, Jefferson Parish did not submit one of the two SF-425 Annual Financial Reports by the grantee submission deadlines. The SF-425 Annual Financial Report had a submission deadline of July 30, 2022 and was submitted on February 24, 2023. Jefferson Parish also did not submit the one Annual Special Report by the grantee submission deadline. The *SF-429 Real Property Status Report and SF-429A General Reporting* had a submission deadline of July 30, 2022 and was submitted on March 15, 2023. In addition, some amounts in both of the SF-425 Semi-Annual Financial Reports selected for testing did not agree to applicable accounting and performance records.

Cause: Jefferson Parish lacks an established control monitoring timely submission of Financial and Special Reports.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**YEAR ENDED DECEMBER 31, 2022**

**C. Findings and questioned costs related to federal awards (continued)**

**2022-003) Financial and Special Reporting (continued)**

Effect: Failure to comply with the reporting requirements may result in sanctions, including: temporary withholding of cash payments, whole or partial suspension of the Federal award, suspension, debarment or limited denial of participation in Department of Health and Human Services programs pursuant to 45 CFR 75.971.

Questioned Costs: None determined.

Identification of a repeat finding: This is a repeat finding from the previous audit, 2021-002.

Recommendation: Jefferson Parish should establish a formalized control to monitor timely submission of Financial and Special Reports.

Management Response:

In response to the sole December 31, 2022 Audit finding related to JeffCAP, the finding was corrected for Head Start Birth to Five Program Year 2022-2023. The department requested and obtained extensive training and professional development from the Office of Head Start related to reporting. Policies and procedures were reviewed and updated to include developing a timeline for submitting all reports and supporting documentation. Additionally, training with the Parish Accounting Department and Information Technology Department to obtain fiscal data and documentation to prepare necessary reports. The department has solicited services from a third-party entity to assist with all fiscal matters and support compliance related to reporting.

JeffCAP Head Start Governing Board and Policy Council reviewed and approved all policies and procedures related to Fiscal Reporting and Account Set Up and Emergency Preparedness: Fiscal Reporting, Reimbursement, and Receipt Verification. The Head Start Fiscal Policy and Procedure was written per Head Start Performance Standards 1302.102(d)123 and local, state, and federal (45CPR 75.400 and 2 CPR, Part 200) standards and compliance regulations. In addition, Head Start Emergency Preparedness Policy and Procedure was written following US Department of Agriculture (USDA) 7CFR Part 226, Food & Nutrition Service (FNS) 796-2, LA Department of Education- CACFP Training Module 7, and local, state and federal (45CFR, Part 74 and 2 CPR, Part 200) standards and compliance regulations.

**2022-004) Eligibility**

**Department of Housing and Urban Development (HUD) – 14.871 Housing Choice Vouchers and 14.879 Mainstream Voucher Program**

Grant No(s): HUD FY2022 Annual Contributions Contract (ACC)

Criteria: HUD regulations and grant awards set the criteria for program participant eligibility determinations. Participant eligibility determinations should be supported by applicable records and supporting documentation.

Universe/Population: The universe/population for Eligibility is 47,147 Housing Assistance Payments (HAPs) made to landlords on behalf of program participants during the year ending December 31, 2022. The sample included 60 HAPs for testing of eligibility compliance requirements applicable to the program.

Condition: Of the 60 HAPs selected for testing, Jefferson Parish could not provide eligibility determination records or supporting documentation for 20 tenants. In addition, Jefferson Parish could not provide records or supporting documentation to determine that the rent to owner was reasonable at the time of initial leasing for 5 tenants.

Cause: Jefferson Parish outsourced management functions of the Housing Choice Vouchers and Mainstream Voucher Programs during part of the year ending December 31, 2022. The outsourced management company maintained the records and supporting documentation. Jefferson Parish was not able to retrieve these documents and provide them to the auditors.

Effect: Failure to comply with the reporting requirements may result in sanctions, including: temporary withholding of cash payments, whole or partial suspension of the Federal award, suspension, debarment or limited denial of participation in Department of Housing and Urban Development programs.

Questioned Costs: None determined.

Identification of a repeat finding: This is not a repeat finding.

Recommendation: Jefferson Parish should establish a formalized control to monitor maintenance of participant eligibility determination records and supporting documentation.

Management Response: The Housing Services Development District (HSDD) had previously been attempting to reconstruct, where feasible, the client files received from the previous management contractor. We have continued on this effort in an attempt to eliminate the audit finding moving forward. It should be noted, that files effected under the HSDD Management did not contain this deficiency. As such, audit files selected for the 2023 audit year will contain all relevant monitoring documentation.

**INDEPENDENT ACCOUNTANTS' REPORT  
ON APPLYING AGREED-UPON PROCEDURES**

To the Honorable Parish President and Members of the Council of Jefferson Parish  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated in Schedule A on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) of Jefferson Parish for the fiscal period January 1, 2022 through December 31, 2022. Jefferson Parish's management is responsible for those C/C areas identified in the SAUPs.

Jefferson Parish has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of performing specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2022 through December 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures we performed, and the associated findings are summarized in the attached Schedule A, which is an integral part of this report.

We were engaged by Jefferson Parish to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs of Jefferson Parish for the fiscal period January 1, 2022 through December 31, 2022. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Jefferson Parish and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

The procedures performed and the results thereof are set forth below. The procedure is stated first, followed by the results of the procedure presented in italics. If the item being subjected to the procedures is positively identified or present, then the results will read “*no exception noted*” or for step 13 “*we performed the procedure and discussed the results with management*”. If not, then a description of the exception ensues.

***1) Written Policies and Procedures***

---

A. Obtain and inspect the entity’s written policies and procedures and observe whether they address each of the following categories and subcategories (if applicable to public funds and the entity’s operations):

i. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

*No exception noted.*

ii. ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

*No exception noted.*

iii. ***Disbursements***, including processing, reviewing, and approving

*No exception noted.*

iv. ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management’s actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

*No exception noted.*

v. ***Payroll/Personnel***, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.

*No exception noted.*

vi. ***Contracting***, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

*No exception noted.*

vii. ***Travel and Expense Reimbursement***, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- viii. ***Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)***, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

*No exception noted.*

- ix. ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

*No exception noted.*

- x. ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

*No exception noted.*

- xi. ***Information Technology Disaster Recovery/Business Continuity***, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

*No exception noted.*

- xii. ***Prevention of Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

*No exception noted.*

**2) Board or Finance Committee**

---

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
- i. Observe whether the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget- to-actual, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*

*No exception noted.*

- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

*No exception noted.*

- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

*Exception noted. Jefferson Parish did not provide evidence that the Parish Council received written updates of the progress of resolving the audit finding, according to management's corrective action plan at each meeting until the finding is considered full resolved.*

**3) Bank Reconciliations**

---

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

*A listing of bank accounts was provided and included a total of 55 bank accounts. Management identified the entity's main operating account. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we selected five bank accounts (one main operating and four randomly) and obtained the bank reconciliations for the month ending December 31, 2022, resulting in five bank reconciliations obtained and subjected to the below procedures.*

- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

*Exception noted. For three out of the five bank reconciliations selected for testing, the reconciliations provided have no evidence supporting the date prepared; therefore, it could not be reasonably determined that the bank reconciliations were completed within 2 months of the related statement closing date. For the other two bank reconciliations selected for testing, no exceptions noted.*

- ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

*Exception noted. For three out of the five bank reconciliations selected for testing, the reconciliations provided did not include written evidence that a member of management or a board member reviewed each bank reconciliation. For the other two bank reconciliations selected for testing, no exceptions noted.*

- iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

*No exception noted.*

**4) Collections (excluding electronic funds transfers)**

---

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

*A listing of deposit sites was provided and included a total of 14 deposit sites. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we randomly selected five deposit sites and performed the procedures below.*

- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

*A listing of collection locations for each deposit site selected in procedure #4A was provided and included a total of five collection locations. No exceptions were noted as a result of performing this procedure.*

*From each of the listings provided, we selected the one collection location for each deposit site. Review of the Entity's written policies and procedures or inquiry with employee(s) regarding job duties was performed in order to perform the procedures below.*

- i. Employees responsible for cash collections do not share cash drawers/registers;

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit;

*No exception noted.*

- iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

*No exception noted.*

- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, is (are) not also responsible for collecting cash, unless another employee verifies the reconciliation.

*No exception noted.*

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

*No exception noted.*

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

*We randomly selected two deposit dates for two of the five bank accounts selected in procedure #3A. We noted that the other three bank accounts selected in procedure #3A did not have any deposits during the fiscal period. We obtained supporting documentation for each of the four deposits and performed the procedures below.*

- i. Observe that receipts are sequentially pre-numbered.

*Exception noted. For two of the four deposits selected for testing, sequentially pre-numbered receipts were not provided. No exceptions noted for the other two deposits selected for testing.*

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

*No exception noted.*

- iii. Trace the deposit slip total to the actual deposit per the bank statement.

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

*Exception noted. For one of the four deposits selected for testing, the deposit was over \$100 and was not deposited within one business day of receipt. No exceptions noted for the other three deposits selected for testing.*

- v. Trace the actual deposit per the bank statement to the general ledger.

*No exception noted.*

**5) Non-payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)**

---

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

*The listing of locations that process payments for the fiscal period was provided and included a total of one location. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we selected the one location and performed the procedures below.*

- B. For each location selected under #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that:

*The listing of employees involved with non-payroll purchasing and payment functions for the payment processing location selected in procedure #5A was provided. No exceptions were noted as a result of performing this procedure.*

*Review of the Entity's written policies and procedures or inquiry with employee(s) regarding job duties was performed in order to perform the procedures below.*

- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;

*No exception noted.*

- ii. At least two employees are involved in processing and approving payments to vendors;

*No exception noted.*

- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

*No exception noted.*

- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

*No exception noted.*

- C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and

*A listing of non-payroll disbursements for the payment processing location selected in procedures #5A was provided related to the reporting period. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we randomly selected 5 disbursements and performed the procedures below.*

- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice, and that supporting documentation indicates that deliverables included on the invoice were received by the entity, and

*No exceptions noted.*

- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

*No exception noted.*

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

*No exception noted.*

***6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)***

---

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management’s representation that the listing is complete.

*A listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period was provided. No exceptions were noted as a result of performing this procedure.*

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and

*From the listing provided, we randomly selected five cards used in the fiscal period. We randomly selected one monthly statement for each of the five cards selected and performed the procedures noted below.*

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported; and

*No exception noted.*

- ii. Observe that finance charges and late fees were not assessed on the selected statements.

*No exception noted.*

- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

*We randomly selected ten transactions, or all transactions if less than ten from each statement and obtained supporting documentation for the transactions. For each transaction, observed that it was supported by (1) an original itemized receipt that identified precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). No exceptions noted.*

**7) *Travel and Travel-Related Expense Reimbursements (excluding card transactions)***

---

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

*The listing of travel and travel-related expense reimbursements was provided for the fiscal period. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we randomly selected five reimbursements and performed the procedures below.*

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));

*No exception noted.*

- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

*No exception noted.*

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by "Written Policies and Procedures", procedure #1A(vii); and

*No exception noted.*

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

*No exception noted.*

**8) *Contracts***

---

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

*A listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period was provided. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we randomly selected five contracts and performed the procedures below.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

*No exception noted.*

- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter);

*No exception noted.*

- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

*No exception noted.*

- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

*No exception noted.*

**9) Payroll and Personnel**

---

- A. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

*A listing of employees/elected officials employed during the fiscal year was provided. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we randomly selected five employees/officials and performed the specified procedures.*

- B. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and

*We randomly selected one pay period during the fiscal period and performed the procedures below for the five employees/officials selected in procedure #9A.*

- i. Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;

*No exception noted.*

- iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

*No exception noted.*

- iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

*No exception noted.*

- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

*A listing of employees/officials receiving termination payments during the fiscal period was provided. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we randomly selected two employees/officials and performed the specified procedures.*

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

*No exception noted.*

**10) Ethics**

---

- A. Using the 5 randomly selected employees/officials from procedure "Payroll and Personnel" procedure #9A, above obtain ethics documentation from management, and

- i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

- ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

*No exception noted.*

- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

*No exception noted.*

***11) Debt Service***

---

- A. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued as required by Article VII, Section 8 of the Louisiana Constitution.

*No exception noted.*

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

*A listing of bonds/notes outstanding at the end of the fiscal period was provided. No exceptions were noted as a result of performing this procedure.*

*From the listing provided, we randomly selected one bond/note and performed the specified procedures. No exception noted.*

***12) Fraud Notice***

---

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

*Management represented that there were no misappropriations of public funds or assets during the fiscal period.*

- B. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

*No exception noted.*

AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

***13) Information Technology Disaster Recovery/Business Continuity***

---

A. Perform the following procedures:

- i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.

*We performed the procedure and discussed the results with management.*

- ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

*We performed the procedure and discussed the results with management.*

- iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

*We performed the procedure and discussed the results with management.*

B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidenced that the selected terminated employees have been removed or disabled from the network.

*We performed the procedure and discussed the results with management.*

***14) Prevention of Sexual Harassment***

---

A. Using the 5 randomly selected employees/officials from "Payroll and Personnel" procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

*No exception noted.*

B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

*No exception noted.*

**JEFFERSON PARISH  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
DECEMBER 31, 2022**

Schedule A

C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:

- i. Number and percentage of public servants in the agency who have completed the training requirements;

*No exception noted.*

- ii. Number of sexual harassment complaints received by the agency;

*No exception noted.*

- iii. Number of complaints which resulted in a finding that sexual harassment occurred;

*No exception noted.*

- iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

*No exception noted.*

- v. Amount of time it took to resolve each complaint.

*No exceptions noted.*

**JEFFERSON PARISH  
MANAGEMENT'S RESPONSE AND CORRECTIVE ACTION PLAN  
DECEMBER 31, 2022**

Schedule B

***Management corrective action plan:***

---

2) Board or Finance Committee

This procedure was added to the Statewide Agreed Upon Procedures on November 16, 2022, just prior to the year ended 2022, for fiscal years 12/31/2022 through 11/30/2023, and will be considered in future years.

3) Bank Reconciliations

The Accounting Department experienced turnover in key agency personnel right before, and just after, year-end 2022, in that our Accounting Operations Manager left Jefferson Parish service just prior the December 31, 2022 year-end, and our Accounting Director resigned effective February 2023. Our Accounting team is being rebuilt with excellent accounting staff and we have recently hired an Accounting Director and Assistant Accounting Director. Staff turnover in key department personnel is beyond management control. Bank reconciliations are now reviewed and approved by members of management who do not handle cash, post ledgers, or issue checks and will be properly documented.

4) Collections

Postlethwaite and Netterville selected two payments mailed to the Central Finance Office. One from the Jefferson Parish Department of Parks and Recreation and one from the Jefferson Parish Sheriff's Office. Consideration will be given to providing sequentially pre-numbered receipts for the receipts of checks, if practicable.

Postlethwaite and Netterville selected one deposit in the amount of \$102 which Jefferson Parish received Tuesday of the week of Thanksgiving. As Jefferson Parish recognizes both Thursday, Thanksgiving Day, and Friday as holidays, the \$102 check was kept in a locked safe within the Accounting Department and deposited the Monday immediately following the holidays.
