*INDEPENDENT AUDITORS' REPORT*

To the Board of Directors  
Project Lazarus

***Opinion***

We have audited the accompanying financial statements of Project Lazarus (the Organization), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Project Lazarus as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Project Lazarus and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Lazarus's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Project Lazarus's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Lazarus's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the

United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2023 on our consideration of Project Lazarus's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Project Lazarus's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Project Lazarus's internal control over financial reporting and compliance.

**NOTE 1 – NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Organization***

The mission of Project Lazarus is to help, heal, and empower people living with HIV/AIDS by focusing on wellness, providing housing and offering important support services. Project Lazarus was formed in 1985 by members of the clergy and lay people in response to the alarming number of young men who were dying of AIDS and had nowhere to live their last days. The Organization was incorporated on January 28, 1988 as a Louisiana corporation. While being a program of the Archdiocese of New Orleans, Project Lazarus maintains its own tax-exempt nonprofit status and has served over 1,000 people in its history. Project Lazarus is the oldest and largest residential facility that provides assisted living to people with HIV/AIDS in the New Orleans Metropolitan Area. The agency, through its history, has acquired significant experience in the provision of housing and supportive services that equip people living with HIV/AIDS with the skills necessary to live a high-quality life and take advantage of the medical treatments available to significantly extend their longevity.

While the Organization's focus for many years was to provide a place for people with HIV/AIDS to die with dignity, Project Lazarus has evolved to keep track of the advances in medical treatment. This evolution is reflected in the increased number of services used to teach individuals how to live "in the positive." To meet the changing needs of the community and to empower participants to live healthy and independent lives, the Project Lazarus clinical program provides transitional housing and supportive services which include case management, medical case management and medication adherence, outpatient substance abuse treatment, individual and group therapies, pastoral counseling, and wellness/life-skills education. Other services include, but are not limited to, 24-hour assistance, nutritious meals, employment readiness training, and referrals.

***Basis of Accounting***

The financial statements of the Organization have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities. Grants are recognized as revenues when the conditions of the grant are considered to have been met. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation (See NOTE 8).

**PROJECT LAZARUS**  
NOTES TO FINANCIAL STATEMENTS - CONTINUED  
June 30, 2023 and 2022

NOTE 1 – NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Basis of Presentation**

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (“US GAAP”), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization’s management and the Board of Directors. All donations and contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors and grantors. Donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. There are no perpetual donor restrictions.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the Statements of Activities and Changes in Net Assets in the reporting period in which the revenue is recognized.

In addition, the Organization is required to present a Statement of Cash Flows.

**Donated Services**

If received, donated services are reflected as “Contributions of non-financial assets” in the Statements of Activities and Changes in Net Assets at their estimated fair values at the date of receipt. Donated services are recognized at fair value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. The estimated value of these donated services and the corresponding expenses for the years ended June 30, 2023 and 2022 was \$0. In addition, a number of volunteers have donated 674 and 999 hours to Project Lazarus’s program and support services for the years ended June 30, 2023 and 2022, respectively. These donations are not reflected in the financial statements since these services do not require special expertise. The Organization did not monetize any contributed nonfinancial assets and contributed nonfinancial assets did not have donor restrictions.

**PROJECT LAZARUS**  
 NOTES TO FINANCIAL STATEMENTS - CONTINUED  
 June 30, 2023 and 2022

NOTE 1 – NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Functional Allocation of Expenses**

Expenses are charged to each program based on direct expenditures incurred. Any program expenditures not directly chargeable are allocated between program services, management and general, and fundraising expenses based on acceptable unit allocation techniques, such as relative cost proportionality and facility/space usage statistics. The major expenses that are allocated include the following:

Expenses	Method of Allocation
Compensation, payroll taxes, employee benefits	Time and effort
Occupancy	Square footage
Insurance	Square footage
Telephone and internet	Square footage
Depreciation and maintenance	Square footage
Utilities	Square footage

**Cash and Cash Equivalents**

For purposes of the Statements of Cash Flows, Project Lazarus considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. Cash equivalents at June 30, 2023 and 2022 include funds on deposit in a pooled cash account at the Archdiocese of New Orleans in the amount of \$1,285,802 and \$1,437,355, respectively, which is not insured by the FDIC.

**Grants Receivable**

Grants receivable are comprised primarily of reimbursements from state and local governmental units. Due to reimbursements being due from state and local governmental units with minimal risks of nonpayment, all amounts due are generally considered collectible at June 30, 2023. Bad debt expense for the years ended June 30, 2023 and 2022 was \$0.

**Property and Equipment**

Property and equipment are recorded at cost. Project Lazarus capitalizes all expenditures for leasehold improvements and equipment in excess of \$5,000; the fair value of donated assets is similarly capitalized.

Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis upon the following estimated useful lives: furniture and equipment – 5 years and vehicles – 5 years. Leasehold improvements are amortized over the shorter of the life of the improvement (20 years) or the remaining term of the related lease. The lease ends October 31, 2029. (See NOTE 8).

*NOTES TO FINANCIAL STATEMENTS - CONTINUED*  
*June 30, 2023 and 2022*

**NOTE 1 – NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Income Taxes***

The Organization operates as a non-profit corporation pursuant to Section 501(c)(3) of the Internal Revenue Code. As such, the Organization is subject to income tax only on unrelated business taxable income. Accounting standards provide detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an entity's financial statements. It requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained on examination. As of June 30, 2023, management of the Organization believes that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Tax years ended June 30, 2020 and later remain subject to examination by the taxing authorities. The June 30, 2023 return has not been filed as of the date of the Independent Auditors' Report.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Project Lazarus's estimates include those regarding the fair value of donated materials and services.

***Concentrations***

Project Lazarus participates in a number of state and federal grant programs, which are governed by various rules and regulations. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that Project Lazarus has not complied with the rules and regulations governing the grants, refunds of any money received and the collectability of any related receivables as of June 30, 2023 might be impaired. In management's opinion, there are no significant contingent liabilities relating to compliance with the rules and regulations governing state and federal grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies. Audits of prior years have not resulted in any significant disallowed costs for refunds. Any costs that would be disallowed would be recognized in the period agreed upon by the grantor agency and Project Lazarus. Government grants represent approximately 44% and 39% of Project Lazarus's total revenue and other support for the years ended June 30, 2023 and 2022, respectively.

Project Lazarus maintains its cash in bank accounts, as well as deposits held by the Archdiocese of New Orleans, which at times may exceed federally insured limits. At June 30, 2023 and 2022 the total bank balances exceeding federal depository insurance limits were \$1,573,450 and \$1,698,933, respectively.

*NOTES TO FINANCIAL STATEMENTS - CONTINUED*  
*June 30, 2023 and 2022*

**NOTE 1 – NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Investments***

Investments in securities with readily determinable fair values are recorded at fair value with gains, losses, and investment expenses included in the Statements of Activities and Changes in Net Assets.

***Fair Value of Financial Instruments***

Fair value estimates, methods and assumptions for the Organization's financial instruments are that the carrying amounts reported in the Statements of Financial Position are a reasonable estimate of fair value for the years ended June 30, 2023 and 2022.

***Liquidity***

Assets are presented in the accompanying Statements of Financial Position according to their nearness of conversion to cash and liabilities according to the nearness of their maturity and resulting use of cash.

***Revenue Recognition – Contributions and Grants***

A substantial amount of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Contributions are reported as increases in net assets with donor restrictions or net assets without donor restrictions depending on the existence and/or nature of any donor-imposed restrictions.

***New Accounting Pronouncements***

For the year ended June 30, 2022, the Organization adopted Accounting Standards Update (ASU) 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. The new guidance requires nonprofit entities to present contributed nonfinancial assets as a separate line item in the statement of activities and changes in net assets, apart from contributions of cash or other financial assets. The standard also increases the disclosure requirements around contributed nonfinancial assets, including disaggregating by category the types of contributed nonfinancial assets a nonprofit entity has received. Adoption of this standard did not have a significant impact on the financial statements, with the exception of increased disclosure.

NOTE 1 – NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(Continued)

***New Accounting Pronouncements – Continued***

In February 2016, the Financial Accounting Standards Board (the “FASB”) issued ASU 2016-02, Leases (Topic 842). Under this accounting standard, lessees are required to recognize a right-of-use asset and a lease liability for virtually all of their leases (other than leases that meet the definition of a short-term lease). The liability is equal to the present value of lease payments. The asset is based on the liability, subject to certain adjustments, such as for initial direct costs. For income statement purposes, a dual model was retained, requiring leases to be classified as either operating or financing leases. Operating leases result in straight-line expense (similar to operating leases under the prior accounting standard), while financing leases result in a front-loaded expense pattern (similar to capital leases under the prior accounting standard). The Organization adopted this new accounting standard on July 1, 2022. Adoption of this standard did not have a significant impact on the financial statements. See NOTE 8 for leasing arrangement that does not qualify under Topic 842.

NOTE 2 – PROPERTY AND EQUIPMENT

Property and equipment consisted of the following at June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Leasehold improvements	\$ 2,043,300	\$ 2,043,300
Furniture and equipment	158,076	158,076

	2,535,696	2,261,280
Less accumulated depreciation	<u>(1,963,084)</u>	<u>(1,914,673)</u>
	<u>\$ 572,612</u>	<u>\$ 346,607</u>

NOTE 3 – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions were \$10,000 and \$49,484 at June 30, 2023 and 2022, respectively. The funds are restricted for program services, facility improvements, and professional development. There were no permanent restrictions on net assets at June 30, 2023 and 2022. Net assets released from restrictions during the years ended June 30, 2023 and 2022 amounted to \$46,984 and \$46,892, respectively.

**NOTE 4 – INVESTMENTS**

Investments totaling \$444,659 and \$410,584 at June 30, 2023 and 2022, respectively, are stated at fair value. Ownership units with a fair value of \$242,408 and \$225,209 at June 30, 2023 and 2022, respectively, are held by the Greater New Orleans Foundation for the benefit of the Organization. Ownership units with a fair value of \$202,251 and \$185,375 at June 30, 2023 and 2022, respectively, are held in the Archdiocesan investment pool at the Catholic Foundation for the benefit of the Organization. Realized and unrealized gains (losses) on investments are reported net of related investment expenses in the Statement of Activities and Changes in Net Assets. Realized and unrealized gain (loss), net consisted of the following at June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Realized and unrealized gain (loss) on investments	\$ 29,640	\$ (47,653)
Investment expenses	(1,465)	(1,958)
Realized and unrealized gain (loss) on investments, net	<u>\$ 28,175</u>	<u>\$ (49,611)</u>

**NOTE 5 – FAIR VALUE MEASUREMENTS**

Under Financial Accounting Standards Board regulations, investments in marketable securities with readily determinable fair values and all investments in debt securities are stated at fair value in the Statements of Financial Position. Unrealized gains and losses are included in the change in net assets in the Statements of Activities and Changes in Net Assets. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Financial Accounting Standards Board regulations establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

*Level 2* – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Organization’s investments were measured using Level 2 inputs, on a recurring basis, at June 30, 2023 and 2022.

**NOTE 6 – FUNDRAISING EXPENSES**

Total fundraising expenses for the year ended June 30, 2023 and 2022 were \$171,900 and \$105,101 which represented 57% and 58% of annual fundraising revenue for the year, respectively. The ratio of expenses to amounts raised is computed using actual expenses and related contributions on an accrual basis.

**NOTE 7 – EMPLOYEE RETIREMENT PLANS**

The Organization offers a 401(k) retirement plan to its employees. Employees electing to participate in the plan are required to contribute a minimum of 3% of their salaries, and may elect to contribute up to a 75% maximum. The plan requires the Organization to contribute 3.5% of the participants' salaries. The retirement plan expense also includes an additional 2% contribution by the Organization to the Employee Benefit Plan to cover administrative costs and employee benefit costs including life insurance, disability insurance and other benefits. Any remaining funds from the additional 2% contribution may be used as a discretionary employer contribution to the plan. The plan administrator is the Archdiocese of New Orleans. The plan trustee is Voya. The Organization contributed \$20,267 and \$20,716 (retirement: \$13,086 and \$13,258, benefits: \$7,181 and \$7,458) for the years ended June 30, 2023 and 2022, respectively.

**NOTE 8 – RELATED PARTY TRANSACTIONS**

Project Lazarus occupies five buildings owned by the Archdiocese of New Orleans. The building lease agreement was made in consideration of the activities being conducted on the leased premises, their benefit to the general public and persons afflicted with AIDS. The estimated fair market value of the lease is \$281,058 annually. This benefit to Project Lazarus is recorded as "Occupancy" expense and corresponding "Contributions of non-financial assets," without donor restrictions, in the Statements of Activities and Changes in Net Assets. The current building lease agreement exists through October 31, 2029.

The Archdiocese of New Orleans, through the operations of its Administrative Offices, serves as a conduit in providing insurance coverage to Project Lazarus. The Administrative Office assesses premiums to Project Lazarus based on relevant factors for each type of coverage. The Organization paid the Archdiocese \$56,536 and \$59,252 for general liability, property coverage, workman's compensation, and vehicle insurances for the years ended June 30, 2023 and 2022, respectively.

In the normal course of operations, the Archdiocese will make available to Project Lazarus specific assistance in the form of internet services. The Organization does not pay the Archdiocese of New Orleans for internet services secured on its behalf.

**NOTE 9 – ARCHDIOCESE OF NEW ORLEANS - REORGANIZATION**

On May 1, 2020 the Archdiocese filed for reorganization under Chapter 11 of the Bankruptcy Code. The filing was precipitated by recurring historical operating losses and pressured operating cash flows for several years further compounded by financial challenges arising from COVID-19 restrictions, which began in March 2020 and efforts to bring an equitable resolution to litigation stemming from alleged decades-old incidents of abuse by clergy and lay employees or volunteers. Project Lazarus is a separately incorporated 501(c)(3) and not a part of the debtor entity, as defined by the United States Bankruptcy Court pursuant to the Chapter 11 filing.

At present management is unaware of any abuse claims being asserted against Project Lazarus; however, abuse claims may be asserted against Project Lazarus in the future. As part of the Archdiocese’s bankruptcy proceedings, Project Lazarus, along with other entities affiliated with the Archdiocese, will seek to participate in a channeling injunction. The channeling injunction will address the Organization’s potential liabilities for claims and lawsuits of past abuse. To participate in the channeling injunction a contribution will have to be made by Project Lazarus to the settlement fund for the abuse claimants. At this time, management is not able to estimate the impact that the Chapter 11 filing will have on its financial statements.

As discussed in NOTE 1, Project Lazarus participates in the Archdiocese investment pool and maintains cash on deposit in the Deposit and Loan Fund at the Archdiocese. Management does not anticipate that the Organization will experience any restrictions on its interest in the pooled investments or encumbrances of its deposits that are held with the Archdiocese.

**NOTE 10 – ECONOMIC DEPENDENCY**

Project Lazarus receives a significant amount of its revenue from government grants that are passed through the City of New Orleans. The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state level, the amount of funds Project Lazarus receives could be reduced significantly, and that would have an adverse impact on its operations.

**NOTE 11 – LIQUIDITY AND AVAILABILITY OF RESOURCES**

As of June 30, 2023 and 2022, the Organization had a working capital surplus of \$1,988,003 and \$2,188,363, respectively. Financial assets available for general expenditures within one year as of June 30, 2023 and 2022, consist of the following:

	<u>2023</u>	<u>2022</u>
Cash and cash equivalents	\$ 1,824,272	\$ 1,947,395
Grants receivable	307,976	290,410
Other	9,095	8,972
Investments – securities at fair value	<u>444,659</u>	<u>410,584</u>
Total Financial Assets	2,586,002	2,657,361

**PROJECT LAZARUS**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**  
*June 30, 2023 and 2022*

**NOTE 11 – LIQUIDITY AND AVAILABILITY OF RESOURCES - Continued**

Less amounts not available to be used within one year:		
Other	9,095	8,972
Net assets with donor restrictions	<u>10,000</u>	<u>49,484</u>
Financial assets not available to be used within one year	<u>19,095</u>	<u>58,456</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 2,566,907</u>	<u>\$ 2,598,905</u>

Other assets have been deemed to not likely be converted into cash within one year, and therefore, are not available to be used to satisfy general expenditures in the following year. Should the Organization have excess cash, the Organization would invest such cash into short-term investments.

**NOTE 12 – GAIN ON EXTINGUISHMENT OF DEBT – PAYCHECK PROTECTION PROGRAM LOAN**

On May 4, 2020, the Organization received loan proceeds in the amount of \$136,380 under the Paycheck Protection Program (“PPP”). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act (“CARES Act”), provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable after eight weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels.

Due to unexpected circumstances, the Organization failed to file for forgiveness within the specified timeframe. The loan was payable over two years at an interest rate of 1%. Monthly payments on the loan commenced on October 6, 2021. On January 3, 2022, the Small Business Administration approved the forgiveness of the remaining portion of the loan, \$131,172. The Organization recognized the Gain on Extinguishment of Debt in the accompanying Statement of Activities and Changes in Net Assets for the year ended June 30, 2022.

**NOTE 13 – SUBSEQUENT EVENTS**

The Organization has evaluated subsequent events through the date the financial statements were available to be issued, which corresponds with the date of the independent auditors’ report. No material subsequent events have occurred since June 30, 2023, that require recognition or disclosure in the financial statements.

***SUPPLEMENTAL INFORMATION***

**INDEPENDENT AUDITORS' REPORT ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON  
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Board of Directors of Project Lazarus  
New Orleans, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Project Lazarus (a nonprofit organization), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 7, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Project Lazarus's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Project Lazarus's internal control. Accordingly, we do not express an opinion on the effectiveness of Project Lazarus's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Project Lazarus's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT ACCOUNTANT'S REPORT  
ON APPLYING AGREED-UPON PROCEDURES

To Mrs. Susanne Dietzel and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2022 through June 30, 2023. Project Lazarus' management is responsible for those C/C areas identified in the SAUPs.

Project Lazarus has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2022 through June 30, 2023. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

*We obtained the Organization's written policies and procedures on receipts/collections and noted no exceptions.*

### **Board or Finance Committee**

---

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
  - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

*The Organization's Board of Directors met quarterly, with a quorum present at each meeting, without exception. We noted that the Board met 9 times throughout the year.*

*Noted the minutes referenced or included the budget-to-actual comparisons mentioned, without exception.*

- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

*This is not applicable, as the Organization is a nonprofit.*

- d) Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

*This is not applicable, as the Organization did not have prior year audit findings.*

### **Bank Reconciliations**

---

- 3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

*Bank reconciliations included evidence that they were prepared within 2 months of the statement closing date, without exception.*

*Noted proper segregation of duties for the responsibilities listed above, without exception.*

- c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

*This is not applicable, as no outstanding items greater than 12 months identified.*

### **Collections (excluding electronic funds transfers)**

*Obtained listing of deposit sites for the fiscal period and management's representation that the listing is complete, without exception.*

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- a) Employees responsible for cash collections do not share cash drawers/registers.

*Noted proper segregation of duties for the responsibilities listed above, without exception.*

- b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.

*Observed insurance policy covering all applicable employees, without exception.*

7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Obtain supporting documentation for each of the 10 deposits and:

- a) Observe that receipts are sequentially pre-numbered.

*Due to the small volume of cash collections received, the Organization does not utilize a system of sequentially pre-numbered receipts for their collections.*

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

*For all deposits examined, traced each to the deposit slip, without exception.*

- c) Trace the deposit slip total to the actual deposit per the bank statement.

*For all deposits examined, traced each to the bank statement, without exception.*

- d) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

*Of those selected, deposit was made within a reasonable period of time and in accordance with the entity's policies and procedures, without exception..*

- e) Trace the actual deposit per the bank statement to the general ledger.

*For all deposits examined, traced each from the bank statements to recording in the general ledger, without exception.*

***Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)***

---

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

*Noted proper segregation of duties for the responsibilities listed above, without exception.*

- b) At least two employees are involved in processing and approving payments to vendors.

*Noted proper segregation of duties for the responsibilities listed above, without exception.*

- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

*Noted proper segregation of duties for the responsibilities listed above, without exception.*
