Independent Auditor's Report

To the Board of Directors
Elan Academy Charter School
New Orleans, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of Elan Academy Charter School (the School), which comprise the statement of financial position as of June 30, 2021, the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is solely to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Elan Academy Charter School as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of board of directors and the schedule of compensation, benefits, and other payments to agency head, as required by Louisiana Revised Statute (R.S.) 24:513 A(3), are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2021, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

Organization

Elan Academy Charter School (the School) was created as a non-profit corporation under the laws of the State of Louisiana on October 23, 2015. On May 17, 2016, the School entered into a Charter School Operating agreement with the Orleans Parish School Board (OPSB) beginning July 1, 2017, whereby the School would operate a Type 1 charter school as defined in Louisiana Revised Statute (R.S.) 17:3971, et. seq. The charter agreement currently expires on June 30, 2022. The School also entered into a Local Educational Agency (LEA) agreement maintaining OPSB as the School's LEA. The School is currently approved to serve eligible students in kindergarten through sixth grade in Orleans Parish.

A summary of the School's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Net Asset Presentation

The School reports information regarding its financial position and activities according to two classes of net assets:

Net Assets Without Donor Restrictions - Net assets for general use that are not subject to donor-imposed restrictions.

Net Assets With Donor Restrictions - Net assets whose use is limited by donor-imposed time and/or purpose restrictions. Once expended for their restricted purpose, these restricted net assets are released to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restriction.

Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported on the financial statements. The financial statements of the School are prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**ELAN ACADEMY CHARTER SCHOOL
NEW ORLEANS, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Functional Expenses

The costs of providing the program services and other activities have been summarized on a functional basis in the statement of activities and changes in net assets. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are allocated on a reasonable basis that is consistently applied.

When possible, expenses are first allocated by direct identification and then by allocation if an expenditure benefits more than one program or function. The expenses that are allocated are allocated on the basis of estimates of time and effort. There were no such allocated expenses during the year ended June 30, 2021.

Advertising

Advertising costs, which are included in management and general expenses, are expensed as incurred.

Revenues and Support

State Public School Funding

The School's primary source of funding is through the State Public School Fund. The School receives funding per eligible student in attendance on October 1st, payable in monthly installments. The October 1st student count is audited by the Louisiana Department of Education. Adjustments are made in the following year.

Federal and State Grants

Federal and state grants are on a cost reimbursement basis. An accrual is made when eligible expenses are incurred.

Private Grants and Contributions

Private grants and contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. The School will not recognize a conditional promise to give until the conditions on which the promise depends are substantially met. Contributions are reported as increases in net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions. When restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions. Contributions expected to be collected in less than one year are reported at net realizable value. Those expected to be collected in more than one year are recorded at fair value at the date of the promise and are discounted at an appropriate discount rate. Future amortization of the discount will be included in contribution revenue. Management closely monitors outstanding balances and writes off any balances deemed uncollectible.

**ELAN ACADEMY CHARTER SCHOOL
NEW ORLEANS, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Revenues and Support (Continued)

Other Income

Revenue from other sources, including student activities and fees, fundraisers, facility rentals, and after-care tuition, are recorded and recognized as revenue in the period in which the School provides the service at the amount that reflects the consideration to which the School expects to be entitled for providing the service or good.

Contracts vs. Contributions

The School utilizes the guidance in Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2018-08 in the assessment of whether a revenue is an exchange transaction (contract) or contribution (non-contract) and considers factors including commensurate value received, reciprocity, and donor-imposed conditions. Performance obligations are determined based on the nature of the services provided by the School. Revenue from performance obligations satisfied over time is recognized based on actual time incurred in relation to the total expected period of providing the service, which is deemed to be the school year, which is simultaneous with the fiscal year. The School believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to student activities and fees and tuition. The School measures the performance obligation throughout the school year. Revenue for performance obligations satisfied at a point in time, which include mainly income from meals and are generally immaterial, are recognized when services are provided. The School determines the transaction price based on standard charges for goods or services provided to students, which are predetermined by management. Fees are generally nonrefundable, and total refunds issued annually are considered negligible.

Cash and Restricted Cash

During the year, cash may consist of both unrestricted and restricted balances. Unrestricted cash balances represent cash available for general operating purposes. Restricted cash balances consist of amounts credited to the School's bank accounts from donations received from individuals or entities who specified the use of the contribution. At June 30, 2021, the restricted cash balance totaled \$38,400.

Statement of Cash Flows

For purposes of the statement of cash flows, the School considers all investments purchased with an original maturity of three months or less to be cash equivalents. At June 30, 2021, the School had no cash equivalents.

**ELAN ACADEMY CHARTER SCHOOL
NEW ORLEANS, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Property, Plant, Equipment, and Depreciation

Property, plant, and equipment are recorded at historical cost, or estimated historical cost if historical cost is not available. Betterments that naturally add to the value of related assets or materially extend the useful lives of assets are capitalized. Normal building maintenance and minor equipment purchases are included as expenses of the School. Depreciation expense for the year ended June 30, 2021 was \$48,612. Depreciation of property, plant, and equipment is calculated using the straight-line method over the estimated useful lives of the assets. The following are the estimated useful lives of the property, plant, and equipment of the School:

Assets	Useful Lives
Building Improvements	5 Years
Machinery and Equipment	3 - 5 Years

Income Taxes

The School is recognized by the Internal Revenue Service (IRS) as a Section 501(c)(3) tax-exempt organization. However, income from certain activities not directly related to the School's tax-exempt purpose is subject to taxation as unrelated business income.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. The School believes that it has appropriate support for any tax positions taken, and management has determined that there are no uncertain tax positions that are material to the financial statements. Penalties and interest assessed by income taxing authorities, if any, would be included in income tax expense.

Compensated Absences

The Board of Directors of the School grants all contracted employees of the School a total of five (5) days of sick pay and three (3) personal days per year, pro-rated based on date of hire. Sick days may not be accumulated from year-to-year. Personal days may be accumulated from year-to-year, not to exceed 5 days. Personal days and sick leave are not compensable and are forfeited upon termination. As such, at June 30, 2021, the School had no accrued compensated absences.

Concentrations of Risk

The School received 66% of its revenues for the year ended June 30, 2021 from the State of Louisiana and OPSB, subject to its charter agreement with the State.

**ELAN ACADEMY CHARTER SCHOOL
NEW ORLEANS, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Concentrations of Risk (Continued)

Custodial credit risk is the risk that in the event of a bank failure, the School's deposits may not be recovered. The School periodically maintains cash in one financial institution located in northern Louisiana in excess of insured limits. As of June 30, 2021, the School's bank balances were \$1,350,210. Balances insured by the Federal Deposit Insurance Corporation (FDIC), which covers the total balance of accounts up to \$250,000 per financial institution, totaled \$250,000. Deposits of \$1,110,210 were uninsured and subject to custodial credit risk at June 30, 2021. The School has not experienced any losses and does not believe that significant credit risk exists as a result of this practice.

Reversionary Interest in Funds and Assets

All funds received from the Louisiana Department of Education, United States Department of Education, or other state or federal agencies are funds earned by the School to be used for the purpose for which they were acquired. Those agencies, however, have a reversionary interest in those funds, as well as any assets acquired with those funds. Should the charter agreement not be renewed, those funds and assets will transfer to the appropriate agency.

Recent Accounting Pronouncements - Not Yet Adopted

In January 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. ASU 2016-02 requires that a lessee recognize the assets and liabilities that arise from leases classified as finance or operating. A lessee should recognize in the statement of financial position a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. In transition, lessees and lessors are required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. ASU 2016-02 is effective for financial statements issued for annual periods beginning after December 15, 2021. Management is currently evaluating the impact of adopting the new revenue standard on its financial statements.

Liquidity and Availability

The School's objective is to maintain liquid financial assets without donor restrictions sufficient to cover 60 days of program expenditures. The School regularly monitors liquidity required to meet its operating needs and other contractual commitments. Expenditures are generally met within 30 days, utilizing the financial resources the School has available. In addition, the School operates with a budget to monitor sources and uses of funds throughout the year.

**ELAN ACADEMY CHARTER SCHOOL
NEW ORLEANS, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Liquidity and Availability (Continued)

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash	\$ 1,243,326
Grants Receivable	<u>376,465</u>
Total	<u><u>\$ 1,619,791</u></u>

Note 2. Cash

The School's cash (book balances) at June 30, 2021 was \$1,281,726, which is stated at cost and approximates market.

Note 3. Grants Receivable

As of June 30, 2021, grants receivable consisted of amounts due from the following sources:

Grants	Amount
Title I	\$ 150,970
CARES/ESSER/GEERF	83,275
LA-4	64,099
Other	52,004
School Food Service	16,869
Title IV	5,380
Title II	2,230
Title III	<u>1,638</u>
Total	<u><u>\$ 376,465</u></u>

All amounts listed above are considered fully collectible.

**ELAN ACADEMY CHARTER SCHOOL
NEW ORLEANS, LOUISIANA**

Notes to Financial Statements

Note 4. Accrued Expenses

Accrued expenses as of June 30, 2021 were as follows:

Accrued Salaries	\$	10,000
Accrued Wages and Payroll Taxes		<u>5,729</u>
Total	\$	<u>15,729</u>

Note 5. Payroll Protection Program Loan (PPP Loan)

On May 6, 2020, the School entered into a U.S. Small Business Association (SBA) Payroll Protection Program loan (PPP Loan) with Liberty Bank in the amount of \$211,330, at an interest rate of 1.00% per annum, with the first six months of interest deferred, has a term of two years, and is unsecured and guaranteed by the SBA.

The School's PPP Loan was fully forgiven by the SBA on July 14, 2021. See Note 10.

Note 6. Retirement Plan

The School sponsors a 403(b) plan for all eligible employees. Eligible employees are vested upon completing one (1) year of service with the School. Eligible employees may contribute up to the maximum allowed by the IRS. The School matches 100% of all eligible employee contributions up to a maximum of 3% of the eligible employee's compensation. The School's match for the year ended June 30, 2021 totaled \$16,011.

Note 7. School Facilities Operating Lease

Effective July 1, 2017, the School entered into an agreement with the OPSB, which allows the School to use the facilities and its contents located at 709 Park Boulevard, New Orleans, Louisiana, or any other locations as may be approved by the School and the OPSB. The agreement was renewed during June 2021 and currently terminates on June 30, 2022.

The School is responsible for all necessary maintenance to ensure that the facilities comply with all state and local health and safety standards and other applicable laws, regulations, and rules. Improvements made to the facilities become property of the OPSB.

**ELAN ACADEMY CHARTER SCHOOL
NEW ORLEANS, LOUISIANA**

Notes to Financial Statements

Note 7. School Facilities Operating Lease (Continued)

Use of the property is not recorded as an in-kind contribution from the OPSB, nor as a related rent expense. The value of the use of the land and building is not readily determinable. The agreement is classified as an exchange transaction because both parties receive significant value from this arrangement. Accordingly, the present value of the benefit to be received in future years has not been recorded.

Note 8. Risks and Uncertainties

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern", and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the School operates.

While it is unknown how long these conditions will last and what the complete financial effect will be to the School, at this time the School is experiencing moderate disruptions, including conversions to digital learning options, additional costs related to sanitization and technology supplies, and reductions in enrollment due to alternative school options. The School's concentrations due to significant state and federal funding make it reasonably possible that the School is vulnerable to the risk of a near-term significant impact. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near-term as a result of these conditions.

Note 9. Net Assets With Donor Restrictions

Net assets with donor restrictions are restricted by donors for time and specific programmatic purposes. At June 30, 2021, net assets with donor restrictions were available to be used for the following purposes:

Student Social Emotional/Mental Health Support	\$	30,000
Instructional Quality Initiatives, Amplify Science and Illustrative Mathematics		<u>8,400</u>
Total	\$	<u>38,400</u>

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Independent Auditor's Report

To the Board of Directors
Elan Academy Charter School
New Orleans, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Elan Academy Charter School (the School), which comprise the statement of financial position as of June 30, 2021, the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 29, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

A handwritten signature in cursive script that reads "LaForte".

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors
Elan Academy Charter School
New Orleans, Louisiana

We have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of Elan Academy Charter School (the School) for the year ended June 30, 2021. The School's management is responsible for its performance and statistical data.

The School has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of determining whether the specified schedules are free of obvious errors and omissions, in compliance with Louisiana Revised Statute 24:514 I. Additionally, the Louisiana Department of Education and the Louisiana Legislative Auditor have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of the report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)

1. We selected a sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:
 - Total General Fund Instructional Expenditures
 - Total General Fund Equipment Expenditures
 - Total Local Taxation Revenue
 - Total Local Earnings on Investment in Real Property
 - Total State Revenue in Lieu of Taxes
 - Nonpublic Textbook Revenue
 - Nonpublic Transportation Revenue

Findings: None.

An Independently Owned Member, RSM US Alliance
RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each is separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Class Size Characteristics (Schedule 2)

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced a sample of 10 classes to the October 1st roll books for those classes and observed that the class was properly classified on the schedule.

Findings: We noted that four (4) of the ten (10) classes sampled from the listing did not agree with the roll books. We noted that one (1) of the ten (10) classes sampled from the listing was for a homeroom that was identified by management as not being a class.

Education Levels/Experience of Public School Staff (NO SCHEDULE)

3. We obtained October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's education level and experience was properly classified on the PEP data or equivalent listing prepared by management.

Findings: We noted that one (1) employee reported under functional code 112 - Teachers held less than a bachelor's degree.

Public School Staff Data: Average Salaries (NO SCHEDULE)

4. We obtained June 30th PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

Findings: None.

We were engaged by the School to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the School, as required by Louisiana Revised Statute 24:514 I, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
