3. Obtain and inspect the board minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- a) Observe that the board met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, or other equivalent document.

The legislation requires the board to meet at least once each calendar quarter to conduct its business, this board met more often than required by legislation and each board meeting had a quorum.

For each of the bank accounts in the listing provided by management, obtain bank statements and reconciliations for all months in the fiscal period and observe that:
- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
Each bank reconciliation included evidence that indicates they were prepared within two months from the related statement closing date.
 - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged);
There is evidence that management is reviewing the bank reconciliation but no evidence of who is preparing them. Management has informed me that staff is reconciling the bank reconciliation and she is reviewing them.
 - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 6 months at the statement closing date; and

- a) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts or license applications received) to the deposit.
The employees that collect cash/deposits is not responsible for reconciling collections documentation.
 - b) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

The staff for this entity that can handle collections and making the deposits is limited. The entity relies on the supervisor that approves the reconciliations to mitigate this issue of segregating these responsibilities.
6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.
Management has informed me employees that handle cash/deposits are insured.

7. Randomly select 5 deposit dates for each of the bank accounts (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 5 deposits for each bank account and:

- There are no written policies and procedures addressing collections; however, there is a process in place that does determine the completeness of all collections. These procedures are being performed by the same person that is responsible for collections then reviewed by the supervisor. Due to the limited number of the staff, this procedure appears adequate.

For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only).
