Independent Accountant's Compilation Report

To the Board of Commissioners
Lake Oaks Subdivision Improvement District
New Orleans, Louisiana

Management is responsible for the accompanying financial statements of Lake Oaks Subdivision Improvement District (the District) as of and for the year ended December 31, 2023, which collectively comprise the District's basic financial statements as listed in the table of contents, and for determining that the modified accrual basis of accounting is an acceptable financial reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

As permitted by the Louisiana Legislative Auditor (for compilation engagements), the financial statements have been prepared in accordance with the modified accrual basis of accounting (as applied to governmental funds excluding recognition of deferred inflows and outflows), which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Management has elected to omit substantially all of the disclosures ordinarily included in financial statements prepared in accordance with the modified accrual basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and change in fund balance. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accompanying supplementary information contained on pages 5 and 6 is presented for purposes of additional analysis and, although not a required part of the basic financial statements, the budgetary schedule on page 5 is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic and historical context. Such information is the responsibility of management. The supplementary information was subject to our compilation engagement. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such information.

Restriction on Use

This report is intended solely for the information and use of management and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public record.
