Independent Accountant's Review Report

Quitman Fire Protection District No. 1
Quitman, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and each major fund of the Quitman Fire Protection District No. 1, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Quitman Fire Protection District No. 1's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the representation of management. We have not audited or reviewed such required supplementary information, and, accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on it.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

Other Information

Act 706 of the Louisiana 2014 Legislative Session requires the Schedule of Compensation, Benefits, and Other Payments to Agency Head, on page 32, to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the representation of management. We have not audited or reviewed such required supplementary information, and, accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on it.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report dated April 28, 2017 on the results of our agreed-upon procedures.

Kenneth D. Follen & Co., CPAs

Jonesboro, Louisiana

**NOTES TO THE
FINANCIAL STATEMENTS**

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

INTRODUCTION

The Quitman Fire Protection District No. 1 of Jackson Parish, a component unit of the Jackson Parish Police Jury, is located in the northern portion of Jackson Parish in northeast Louisiana. As provided by Louisiana Revised Statute 40:1495, the District is governed by a Board of Commissioners consisting of five members: two members are appointed by the Jackson Parish Police Jury; two members are appointed by the Mayor and Board of Aldermen of Quitman, Louisiana; and one member who serves as chairman, is elected by the four appointed board members. Commissioners are residents of the District and serve staggered one and two year terms. The members of the Board of Commissioners do not receive compensation.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District applies all relevant GASB pronouncements, and GAAP, as applicable to governmental entities. Also, the District's financial statements are prepared in accordance with the requirements of Louisiana R.S. 24:513 and Audits of State and Local Government Units, published by the American Institute of Certified Public Accountants.

B. Reporting Entity

GASB Statement No. 14, The Financial Reporting Entity, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. As the governing authority of the parish, for reporting purposes, the Jackson Parish Police Jury is the financial reporting entity for Jackson Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, establishes criteria for determining which, if any, component units should be considered part of the Jackson Parish Police Jury for financial reporting purposes. GASB Statement No. 61 provides additional criteria for classifying entities as component units. The basic criterion for including a potential component unit within the reporting entity is financial accountability, which includes:

1. Appointing a voting majority of an organization's governing body, and:
 - i. The ability of the government to impose its will on that organization and/or
 - ii. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the government.
2. Organizations for which the government does not appoint a voting majority but are fiscally dependent on the government and there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government, or a jointly appointed board.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Jackson Parish Police Jury approves the organization's governing body, and the potential for the organization to provide specific benefits to or impose specific financial burdens on the police jury, the District was determined to be a component unit of the Jackson Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. Government-Wide Financial Statements

The District's government-wide financial statements include the Statement of Net Position and the Statement of Activities. These statements present summaries of the governmental activities for the District. Fiduciary activities of the District are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in Net Position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Quitman Fire Protection District No. 1's governmental activities.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) derive directly from parties outside the District's taxpayers or citizenry, including (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program; program revenues reduce the cost of the function to be financed from the District's general revenues.

Direct Expenses - The District reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function.

Indirect Expenses - The District reports all indirect expenses separately on the Statement of Activities (Statement B). Indirect expenses are those expenses that are not clearly identifiable with a function. Interest on long-term debt is considered an indirect expense.

General revenues are taxes and other items that are not properly included among program revenues.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

D. Fund Financial Statements

The accounts of the Quitman Fire Protection District No. 1 are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, expenditures or expenses, as appropriate, additions, and deductions. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements. Funds of the District are classified into one category: governmental.

Governmental Funds

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide financial statements. The District has presented all major funds.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the Balance Sheets. Amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure. Long-term debts are reported as an other financing source, and repayment of long-term debt is reported as an expenditure. The Statement of Revenues, Expenditures and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balance.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon thereafter to pay liabilities of the current period. Accordingly, revenues are recorded when received in cash and when collected within 60 days after year-end. Expenditures are recorded in the accounting period in which the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized when due.

The Quitman Fire Protection District No. 1 reports the following major governmental funds:

General Fund - The primary operating fund of the District, the General Fund accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to District policy.

Revenues

The governmental funds use the following practices in recording revenues:

Those revenues susceptible to accrual are property taxes, franchise taxes, and charges for services.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

Entitlements and shared revenues are recorded as unrestricted grants-in-aid at the time of receipt or earlier if the susceptible-to-accrual criteria are met. Expenditure-driven grants are recognized when the qualifying expenditures have been incurred, all other grant requirements have been met, and the susceptible-to-accrual criteria have been met.

Interest earnings are recorded when the investments have matured and the interest is available.

Expenditures

The governmental funds use the following practices in recording expenditures:

Purchases of various operating supplies, etc. are recorded as expenditures when the related fund liability is incurred.

Principal and interest on long-term debt are recognized when due.

Other Financing Sources (Uses)

The governmental funds use the following practices in recording other financing sources (uses):

Sales of fixed assets and long-term debt proceeds and payments are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

E. Equity Classifications

The Quitman Fire Protection District No. 1 has implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.

In the Government-Wide Financial Statements, the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources is classified as net position and reported in three components:

Net investment in capital assets: This classification consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of these assets.

Restricted net position: This classification consists of net position with constraints placed on its use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provision or enabling legislation.

Unrestricted net position: Any other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When an expense is incurred for the purposes for which both restricted and unrestricted net position are available, management applies unrestricted net position first, unless a determination is made to use restricted net position. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

The Governmental Fund Financial Statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District did not have any nonspendable funds for the year ended December 31, 2016.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The District did not have any restricted funds for the year ended December 31, 2016.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners. These amounts cannot be used for any other purpose unless the Board of Commissioners removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board typically establishes commitments through the adoption and amendment of the budget. The District did not have any committed funds for the year ended December 31, 2016.

Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Commissioners or through the Board delegating this responsibility to a body or official (Fire Chief) for specific purposes. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The District has no assigned funds for year ended December 31, 2016.

Unassigned: This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts. All funds of the District are designated as unassigned.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

F. Budgets

The Fire Chief prepares a proposed budget and submits it to the Board of Commissioners. The budget is adopted through passage of a formal motion and vote by the Board prior to the commencement of the fiscal year for which the budget is being adopted. The Board of Commissioners may revise or amend the budget at its discretion during legally convened sessions. The District utilizes formal budgetary integration as a management control device for all funds.

The 2016 General Fund budget was published in the official journal and made available for public inspection. The budget was adopted by the Board of Commissioners on November 12, 2015. The budget had one amendment that was adopted by the Board of Commissioners on November 3, 2016.

G. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Quitman Fire Protection District No. 1 may deposit funds in demand deposits in stock-owned federally insured depository institutions organized under the laws of the state of Louisiana or of any other state of the United States, or under the laws of the United States. The District may invest in certificates and time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

For the purposes of the statement of cash flows, cash equivalents include all highly liquid investments with a maturity date of 90 days or less when purchased.

Under state law, the District may invest in United States bonds, treasury notes, or certificates. Those with maturities of 90 days or less would be classified as cash equivalents and all other reported as investments.

H. Investments

The Quitman Fire Protection District No. 1's investments comply with Louisiana Revised Statute 33:2955. Under state law, the District may deposit funds with a fiscal agent organized under the laws of Louisiana, the laws of any other state in the union, or the laws of the United States. The District may invest in United States bonds, treasury notes and bills, or government-backed agency securities or certificates, and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. These deposits are classified as investments if their original maturities exceed 90 days. Investments are stated at fair value except for the following, which are permitted under GASB Statement No. 31:

Investments in non-participating interest earning contracts, such as non-negotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.

The District reports at amortized cost money market investments and participating interest-bearing investment contracts that have a remaining maturity at the time of purchase of one year or less. Interest-earning investment contracts include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts. Money market investments are short-term, highly liquid debt instruments that include U.S. Treasury obligations.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

I. Capital Assets

Capital assets, which include property, plant, and equipment, are recorded in the governmental column of the government-wide financial statements, but are not reported in the governmental fund financial statements. Acquisitions of property and equipment are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

Improvements and replacements of property and equipment are capitalized. Maintenance and repairs that do not improve or extend the lives of property and equipment are charged to expense as incurred. When assets are sold or retired, their cost and related accumulated depreciation are removed from the accounts and any gain or loss is reported in the Statement of Activities.

Furniture, fixtures, equipment	5-10 years
Motor vehicles - fire trucks	15 years
Buildings	40 years

J. Deferred Outflows of Resources

The District reports decreases in net position that relate to future periods as deferred outflows of resources in a separate section of its government-wide and proprietary funds statements of net position. The District did not report any deferred outflows of resources, and no deferred outflows of resources affect the governmental funds financial statements.

K. Deferred Inflows of Resources

The District reports increases in net position that relate to future periods as deferred inflows of resources in a separate section of its government-wide and proprietary funds statements of net position. The District will not recognize the related revenues until a future event occurs. The District did not report any deferred inflows of resources in the government-wide and proprietary fund statements, and no deferred inflows of resources affect the governmental funds financial statements.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

2. Ad Valorem Tax

Ad Valorem taxes are collected by the Jackson Parish Tax Collector (Jackson Parish Sheriff) and remitted to the Quitman Fire Protection District No. 1. Ad Valorem taxes are assessed on a calendar year basis by the Jackson Parish Tax Assessor. Billed taxes become delinquent on December 31 of the current year. Ad Valorem taxes attach as an enforceable lien on property on December 31 of each year. The taxes are generally collected in December of the current year and January and February of the ensuing year. The following is a summary of the authorized and levied Ad Valorem taxes.

This millage was approved by the Board of Commissioners on August 18, 2016. This millage is the maximum millage that can be assessed without the approval of the voters of the District.

	Authorized Millage	Levied Millage	Expiration Date
Maintenance	10.85	10.85	2025

3. Cash, Cash Equivalents, and Investments

At December 31, 2016, the District had cash and cash equivalents (book balances) totaling \$786,409. These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

At December 31, 2016, the District had \$787,799 in deposits (collected bank balances). These deposits are secured from risk by \$250,000 federal deposit insurance, and \$961,361 of pledged securities held in a Federal Reserve pledge account. Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement No. 40, Louisiana Revised Statute 30:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand. Louisiana R.S. 39:1224 requires bonds, or other such instruments furnished as security, to be deposited with the depositing authority or with an unaffiliated bank or trust company, Federal Reserve Bank, or any Federal Home Loan Bank or its successor. This security is deemed to be under the control and in the possession of the public entity and deemed to be held in its name. The Quitman Fire Protection District No. 1 has complied with these requirements of state law.

Cash and investments are categorized to give an indication of the level of risk assumed by the District at December 31, 2016. Deposits are considered to be exposed to custodial credit risk if they are not covered by depository insurance and the deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by the the pledging financial institution's trust department or agent but not in the depositor-government's name. The Quitman Fire Protection District No. 1 has cash and cash equivalents that are covered by \$250,000 of federal depository insurance. The remaining balance is exposed to custodial credit risk because it is uninsured and collateralized with securities held by the pledging financial institution.

At December 31, 2016, the District had no investments.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

4. Receivables

The receivables of \$370,290 at December 31, 2016, are as follows:

	Amount
Taxes	\$ 370,290
Total	\$ 370,290

5. Capital Assets

A summary of changes in capital assets for the year ended December 31, 2016, is as follows:

	Balance, January 01, 2016	Additions	Deletions	Balance, December 31, 2016
Capital assets not being depreciated				
Land	\$ 11,812	\$ -	\$ -	11,812
Construction in progress	-	7,500	-	7,500
Total capital assets not being depreciated	\$ 11,812	\$ 7,500	\$ -	19,312
Capital assets being depreciated				
Buildings	108,156	-	-	108,156
Vehicles	1,455,207	43,825	-	1,499,032
Equipment	510,022	101,689	-	611,711
Total capital assets being depreciated	\$ 2,073,385	\$ 145,514	\$ -	2,218,899
Less accumulated depreciation				
Buildings	\$ 56,593	\$ 3,878	\$ -	60,471
Vehicles	566,623	99,493	-	666,116
Equipment	350,645	26,953	-	377,598
Total accumulated depreciation	973,861	130,324	-	1,104,185
Net capital assets being depreciated	1,099,524	15,190	-	1,114,714
Capital assets, net	\$ 1,111,336	\$ 22,690	\$ -	1,134,026

Depreciation expense of \$130,324 was charged to the public safety function.

6. Payables

The payables of \$19,909 at December 31, 2016, are as follows:

	Amount
Accounts	\$ 6,259
Statutory pension contributions	13,649
Total	\$ 19,909

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

7. Retirement Plans

The District does not participate in any pension or retirement plans.

8. Grants

During the year ended December 31, 2016, the Quitman Fire Protection District No. 1 received a grant of \$6,407 from the Louisiana Department of Agriculture and Forestry. This grant was used for operating equipment.

9. Risk Management

The District is exposed to various risk of loss related to torts, thefts of, damage to, and destruction of assets, errors and omissions, and injuries to employees. To handle such risk of loss, the District maintains commercial insurance policies covering each of these risks of loss. The District believes such coverage is sufficient to preclude any significant uninsured losses to the District. No claims were paid on any of the policies during the past three years, which exceeded the policies' coverage amount.

10. Litigation and Claims

At December 31, 2016, the District was not involved in any lawsuits nor is aware of any outstanding claims, which are not covered by insurance.

11. Impact of Recently Issued Accounting Principles

In June 2012, the GASB issued Statement 67, Financial Reporting for Pension Plans-an amendment of GASB Statement No. 25. The objective of this Statement is to improve the usefulness of pension information in the general purpose financial reports of state and local governmental pension plans. This Statement replaces the requirements of Statement 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans and Statement 50, Pension Disclosures, as they relate to pension plans that are administered through trusts that meet certain criteria. GASB issued Statement 68, Accounting for Financial Reporting for Pensions, at the same time; in addition, GASB Statement 71, Pension Transition for Contributions Made Subsequent to the Measurement Date-an amendment to GASB Statement No. 68, is effective when GASB 68 is implemented. These three Statements are closely related and reference one another. Statement 68 establishes accounting and financial reporting requirements related to pensions for governments whose employees are provided with pensions through pension plans that are covered by the scope of Statement 67, as well as for non-employer governments that have a legal obligation to contribute to those plans. GASB 71 amends paragraph 138 of GASB 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. GASB 67 provisions do not impact the District's current financial statements. GASB 68 and GASB 71 provisions are do not impact these financial statements.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

In February of 2015, GASB issued GASB Statement 72, Fair Value Measurement and Application, which addresses accounting and financial reporting issues related to fair value measurements. GASB 72 generally requires investments to be measured at fair value. Investments are defined as securities or other assets that (a) a government holds primarily for the purpose of income or profit and (b) has a present service capacity based solely on its ability to generate cash or to be sold to generate cash. This Statement requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques; and these disclosures are to be organized by type of asset or liability reported at fair value. The effective date for GASB 72 are for periods beginning after June 15, 2015, and earlier application is encouraged. The provisions of GASB 72 do not impact the District's current financial statements.

In June, 2015, GASB Statement 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB 68, and Amendments to Certain Provisions of GASB 67 and 68, was issued, whose objective is to improve the usefulness of information about pensions included in the general purpose external financial reports. This statement establishes requirements for defined benefit pensions that are not within the scope of GASB Statement 68, and it establishes requirements for defined contribution pensions that are not within the scope of GASB 68. In addition, this statement amends certain provisions of GASB Statement 67 and 68. The requirements of this statement extend the approach to accounting and financial reporting established in GASB 68 to all pensions, with modifications as necessary. The requirements of this statement are effective for years beginning after June 15, 2015. The provisions of GASB 73 do not impact the District's financial statements.

Issued in June of 2015, GASB Statement 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, and GASB Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, aim to improve accounting and financial reporting for OPEB, resulting from a comprehensive review of the effectiveness of existing standards. The requirements of these Statements will improve financial reporting through enhanced note disclosures and schedules of RSI that will be presented by OPEB plans. These Statements establish standards for recognizing and measuring liabilities, deferred outflows and inflows of resources, and expenses/expenditures. GASB 74 is effective for years beginning after June 15, 2016, and GASB 75 is effective for years beginning after June 15, 2017. The provisions of GASB 74 and GASB 75 do not impact the District's financial statements.

GASB Statement 76, the Hierarchy of Generally Accepted Accounting Principles for State and Local Governments, was issued in June of 2015. The objective of this Statement is to identify the hierarchy of generally accepted accounting principles, in the context of the current governmental financial reporting environment. The requirements of this Statement will raise the category of GASB Implementation Guides in the GAAP hierarchy, emphasize the importance of analogies to authoritative literature when the accounting treatment for an event is not specified in authoritative GAAP, and require the consideration of consistency with GASB Concepts Statements when evaluating accounting treatments specified in non-authoritative literature. The effective date for this Statement is for years beginning after June 15, 2015. The provisions of GASB 76 do not impact the District's financial statements.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

GASB Statement 77, Tax Abatement Disclosures, was issued in August of 2015. Financial statement users need information about certain limitations on a government's ability to raise resources, including tax abatements. Tax abatements are used by state and local governments, particularly to encourage economic development. This statement defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to the economic development or otherwise benefits the government or its citizens. GASB 77 requires disclosure of the tax abatement information, whether by the reporting government or by other governments that reduce the reporting government's tax revenues. The information required to be disclosed includes a brief description of the tax abatement agreement, gross dollar amount of taxes abated during the period, and commitments made the governmental entity, other than to abate taxes, as part of the agreement. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. The District's financial statements are not affected by this Statement.

GASB Statement 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans, was issued in December of 2015, and the objective of the statement is to address a practice issue regarding the scope and applicability of Statement 68, Accounting and Financial Reporting for Pensions. This statement amends GASB 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer. GASB 78 further establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information. GASB 78 is effective for periods beginning after December 15, 2015. The District's financial statements are not affected by this Statement.

GASB Statement 79, Certain External Investment Pools and Pool Participants, was issued in December of 2015. This statement establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. Investments by pool participants should be measured in the same way as the external investment pool measures investments. GASB 79 is effective for periods beginning after December 15, 2015. The District's financial statements are not affected by this Statement.

GASB Statement 80, Blending Requirements for Certain Units, an amendment of GASB Statement No. 14, was issued in January of 2016. The statement amends the blending requirements established in GASB 14, The Financial Reporting Entity, as amended. GASB 80 requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The statement is in effected for reporting periods beginning after June 15, 2016. The District's financial statements are not affected by this Statement.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2016

GASB Statement 81, Irrevocable Split-Interest Agreements, was issued in March of 2016, and provides recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. This statement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement; recognize assets representing its beneficial interest in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interest; and recognize revenue when the resources become applicable to the reporting period. GASB 81 is effective for financial statements for periods beginning after December 15, 2016. The District's financial statements are not affected by this Statement.

GASB Statement 82, Pension Issues, an amendment of GASB Statements No. 67, 68, and 73, was issued in March of 2016. This statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for final reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. GASB 82 is effective for reporting periods beginning after June 15, 2016. The District's financial statements are not affected by this Statement.

12. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, April 28, 2017, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Independent Accountant's Report on Applying Agreed-Upon Procedures

Quitman Fire Protection District No. 1
Quitman, Louisiana

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of the Quitman Fire Protection District No. 1 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Quitman Fire Protection District No. 1's compliance with certain laws and regulations during the year ended December 31, 2016 included in the accompanying Louisiana Attestation Questionnaire. Management of Quitman Fire Protection District No. 1 is responsible for its financial records and compliance with applicable laws and regulations. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$30,000, or public works exceeding \$150,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

Two expenditures were noted for materials & supplies exceeding \$30,000, but none for public works exceeding \$150,000. For the purchase of a pick-up truck to haul trailers for \$43,745, the District advertised two weeks in the public journal, satisfying public bid law. The opening of the bids was 15 days or more after the first advertisement. However, the District did not hold a public bid for the purchase of SCBA units that were \$39,624 and were in violation of the public bid law.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the payroll records that listed all employed during the review period.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

The names of the employees provided by management in procedure (3) did not appear on the listing provided by management in procedure (2).

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. The budget was amended once in the fiscal year, and a copy of the amended budget was provided.

6. Trace the budgets adoption and amendments to the minute book.

We traced the adoption of the original budget, for the year ended December 31, 2016, to the minutes of a meeting held on November 12, 2015, which indicated that the budget had been approved by the Board of Commissioners. The December 31, 2016 budget was amended and approved by all the Board of Commissioners at the monthly meeting held November 3, 2016.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budgets to actual revenues and expenditures. Actual revenues were less than budgeted revenues by more than 5%; however, the budget was amended during the year, so there is no violation of local government budget law. Actual expenditures were more than budgeted expenditures by 1%.

Accounting and Reporting

8. Randomly select six disbursements made during the period under examination and:

- (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account; and

The six selected disbursements were properly coded to the correct fund and general ledger account.

- (c) determine whether payments received approval from proper authorities.

The six selected disbursements were traced to the District's meeting minutes where they were approved by the Commissioners.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The Quitman Fire Protection District No. 1 posts a notice of each meeting in the local newspaper, the official journal of the District, and the District posts notice of the meeting on the front door of the fire station.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

We noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

Prior Comments and Recommendations

Our report dated December 31, 2015, did not include any comments or unresolved matters.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Quitman Fire Protection District No. 1 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**LOUISIANA ATTESTATION QUESTIONNAIRE
(For Attestation Engagements of Government)**

01-05-17 (Date Transmitted)

Kenneth D. Folden & Co., CPAs

302 Eighth Street

Jonesboro, Louisiana

In connection with your review of our financial statements as of December 31, 2016 and for the year then ended, and as required by Louisiana Revised Statute (R.S.) 24:513 and the Louisiana Governmental Audit Guide, we make the following representations to you. We accept full responsibility for our compliance with the following laws and regulations and the internal controls over compliance with such laws and regulations. We have evaluated our compliance with the following laws and regulations prior to making these representations.

These representations are based on the information available to us as of 01-05-17 (date of completion/representations).

Public Bid Law

It is true that we have complied with the public bid law, R.S. Title 38:2211-2296, and, where applicable, the regulations of the Division of Administration and the State Purchasing Office.

Yes [] No []

Code of Ethics for Public Officials and Public Employees

It is true that no employees or officials have accepted anything of value, whether in the form of a service, loan, or promise, from anyone that would constitute a violation of R.S. 42:1101-1124.

Yes [] No []

It is true that no member of the immediate family of any member of the governing authority, or the chief executive of the governmental entity, has been employed by the governmental entity after April 1, 1980, under circumstances that would constitute a violation of R.S. 42:1119.

Yes [] No []

Budgeting

We have complied with the state budgeting requirements of the Local Government Budget Act (R.S. 39:1301-15), R.S. 39:33, or the budget requirements of R.S. 39:1331-1342, as applicable.

Yes [] No []

Accounting and Reporting

All non-exempt governmental records are available as a public record and have been retained for at least three years, as required by R.S. 44:1, 44:7, 44:31, and 44:36.

Yes [] No []

We have filed our annual financial statements in accordance with R.S. 24:514, and 33:463 where applicable.

Yes [] No []

We have had our financial statements reviewed in accordance with R.S. 24:513.

Yes [] No []

We have complied with R.S. 24:513 A. (3) regarding disclosure of compensation, reimbursements, benefits and other payments to the agency head, political subdivision head, or chief executive officer.

Yes [] No []

Meetings

We have complied with the provisions of the Open Meetings Law, provided in R.S. 42:11 through 42:28.

Yes [] No []

Debt

It is true we have not incurred any indebtedness, other than credit for 90 days or less to make purchases in the ordinary course of administration, nor have we entered into any lease-purchase agreements, without the approval of the State Bond Commission, as provided by Article VII, Section 8 of the 1974 Louisiana Constitution, Article VI, Section 33 of the 1974 Louisiana Constitution, and R.S. 39:1410.60-1410.65.

Yes [] No []

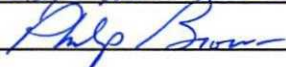

Advances and Bonuses

It is true we have not advanced wages or salaries to employees or paid bonuses in violation of Article VII, Section 14 of the 1974 Louisiana Constitution, R.S. 14:138, and AG opinion 79-729.

Yes [] No []

We have disclosed to you all known noncompliance of the foregoing laws and regulations, as well as any contradictions to the foregoing representations. We have made available to you documentation relating to the foregoing laws and regulations.

We have provided you with any communications from regulatory agencies or other sources concerning any possible noncompliance with the foregoing laws and regulations, including any communications received between the end of the period under examination and the issuance of this report. We acknowledge our responsibility to disclose to you any known noncompliance that may occur subsequent to the issuance of your report.

April 28, 2017

Fire Chief Philip Brown
Quitman Fire Protection District No. 1
Post Office Box 388
Quitman, Louisiana 71268

RE: Management Letter
Review Report – For the Year Ended December 31, 2016

Dear Fire Chief Brown:

We have performed our review of the Quitman Fire Protection District No. 1. As part of those procedures, we have the following information to report to you.

- 1) During the review of credit cards statements, it was noted that 10 of 15 invoices related to credit card purchases were not available for inspection. It is our recommendation that all invoices associated with credit card purchases be retained with the credit card statements as evidence of purchases.

Management's Response: The Quitman Fire Protection District No. 1 will retain all invoices associated with credit card purchases and retain them with the credit card statements.

- 2) The District did not follow the public bid law for the purchase of SCBA units which cost \$39,624. These units were to replace units that had a recall, and the company replaced them at a discount.

Management's Response: Management will follow public bid law for any purchases over \$30,000 for materials and supplies.

Sincerely,

Kenneth D. Folden & Co., CPAs

Kenneth D. Folden & Co., CPAs
