March 16, 2010

To the Board of Directors Baton Rouge Sickle Cell Anemia Foundation, Inc. Gonzales, Louisiana

I have compiled the accompanying statement of financial position of Baton Rouge Sickle Cell Foundation, Inc. (a Louisiana nonprofit corporation) as of December 31, 2009, and the related statement of activities, functional expenses and cash flows for the year then ended, in accordance with Statement on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Wood Dwille

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Corporation's financial position, results of operation, and cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

NOTE #1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Baton Rouge Sickle Cell Anemia Foundation, Inc. (Organization) is a Louisiana non-profit organization who is in continuous need of support from the community because of the continued efforts for research, medical assistance for those who are affected by the disease, and for community awareness and education.

BASIS OF PRESENTATION

The financial statements are presented in accordance with Statement of Financial Accounting Standards No. 116 (SFAS No. 116), "Accounting for Contributions Received and Contributions Made" and Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations. SFAS No. 116 requires contributions to be recognized as revenue when they are received or unconditionally pledged. SFAS No. 117, which eliminates the utilization of fund accounting for financial reporting purposes, requires net assets to be classified as either 1) unrestricted, 2) temporarily restricted, or 3) permanently restricted depending on limitations placed on the net assets.

CONTRIBUTIONS

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Organization has no temporarily or permanently restricted net assets.

INCOME TAXES

The Organization is a not-for-profit organization that is exempt from income taxes under section 501(c)(3) of the Internal Revenue Code and therefore has not made any provision for federal income taxes in the income taxes in the accompanying financial statements. In addition, the organization has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of Section 509 (a) of the Internal Revenue Code. The Organization had no unrelated business income.

USE OF ESTIMATES:

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

REVENUE RECOGNITION:

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted contributions are reported as increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

CONTRIBUTED SERVICES:

The organization receives a substantial amount of services donated. No amounts have been reflected in the financial statements for those services since they do not meet the criteria for recognition under SFAS No. 116, Accounting for Contributions Received and Contributions Made.

CASH EQUIVALENTS:

Cash equivalents consist of short-term, highly liquid investments which are readily convertible into cash within ninety (90) days of purchase.

PREPAID:

Insurance and similar services which extend over more than one accounting period have been recorded as expense.

FIXED ASSETS:

Acquisitions of property and equipment in excess of \$500 are capitalized. Property and equipment are carried at cost or if donated, at the approximate fair value at the date of donation. Depreciation has not been computed.

CONCENTRATION OF SUPPORT

During the year the Organization derived approximately 57% of its revenue from State and other grants.

NOTE #2. CONCENTRATION OF CREDIT RISK FOR CASH HELD IN BANK

The Organization maintains a bank account at two financial institutions. Accounts at an institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Cash at these institutions did not exceed the Federally insured limits.

NOTE #3. RECEIVABLES AND PAYABLE

A. A Summary of Receivables at year end follows:

State of Louisiana

\$10,250

Accounts receivable are written-off under the direct write-off method whereby bad debts are recorded when a receivable is deemed uncollectible. If they are subsequently collected they are recorded as miscellaneous income. The direct charge-off method is not a material departure from GAAP as it approximates the valuation method.

NOTE #4. FIXED ASSETS

A summary of Fixed Assets at year end is as follows:

	COST	ACCUMULATED DEPRECIATION	BOOK <u>VALUE</u>
Land	\$5,750	\$-0-	\$5,750
Building	27,000	27,000	-0-
Building Improvements	44,808	40,647	4,161
Equipment	46,739	39,082	7,657
Total	124,297	106,729	17,568

NOTE #5. JUDGEMENTS, CLAIMS AND SIMILAR CONTINGENCIES

As of December 31, 2009, there was no litigation pending against the Baton Rouge Sickle Cell Foundation, nor was the Organization aware of any unasserted claims.

No claims or litigation costs were incurred in the current year.

NOTE #6. BOARD OF DIRECTORS' COMPENSATION

The Board of Directors are a voluntary board; therefore, no compensation has been paid to any member.

NOTE #7. ECONOMIC DEPENDENCY

The Organization receives a large portion of its revenues from funds provided through payments administered by the Department of Health And Hospitals. If significant budget cuts are made at the state level the amount of funds the Organization receives could be reduced significantly and have a impact on its operations. Management is not aware of any actions that will adversely effect the amount of funds the Organization will receive in the next year.

NOTE #8. CONTINGENCIES

The Organization received a portion of its revenues from government grants and contracts, all of which are subject to audit by the governments. The ultimate determination of amounts received under these programs generally is based upon allowable cost reported to and are subject to audit by the government. Until such audits, if any, there exists a contingency to refund any amount received in excess of allowable cost. Management is of the opinion that no material liability will result from such audits.

NOTE #9 - RISK MANAGEMENT

The Organization is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Organization has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. There have been no significant reductions in coverage for the prior year. No settlements were made during the year that exceeded the Organization's coverages.

The Organization's management has not purchased commercial insurance or made provision to cover or reduce the risk of loss, as a result of business interruption and certain acts of God, like floods or earthquakes.
