Independent Auditors' Report

To the Board of Directors
Cyberspace Innovation Center, Incorporated

Report on the Financial Statements

We have audited the accompanying financial statements of Cyberspace Innovation Center, Incorporated (a nonprofit organization), which comprise the statements of financial position as of December 31, 2013 and 2012, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cyberspace Innovation Center, Incorporated, as of December 31, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 11, 2014, on our consideration of *Cyberspace Innovation Center, Incorporated's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters*. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering *Cyberspace Innovation Center, Incorporated's internal control over financial reporting and compliance*.

Cyberspace Innovation Center, Incorporated
Notes to Financial Statements
December 31, 2013 and 2012

(1) Summary of Significant Accounting Policies

A. Nature of Activities

Cyberspace Innovation Center, Incorporated (CIC) is a nonprofit corporation organized under the laws of the State of Louisiana. The primary purpose of the CIC is to engage in activities to promote, facilitate, encourage, coordinate and aid scientific investigations, research, education, training and allied supportive services dedicated to the development of cyberspace technology, including technology to be utilized by the United States Air Force for the benefit of the United States and the general public. The CIC, including administrative offices, is located in Bossier City, Louisiana.

The CIC leases property located at 6300 East Texas Street, Bossier City, Louisiana from the City of Bossier City and the Parish of Bossier. The primary consideration for the lease is the CIC's agreement to assist the City, Parish and State goal of developing a high quality research park in close proximity to Barksdale Air Force Base which will enhance existing and future missions at Barksdale and create economic development and educational opportunities in the Bossier area. The CIC is responsible for the full development, operations, and maintenance of the property and shall sublease the property in order to advance the City, Parish and State goal. All revenues derived by the CIC in excess of reasonable expenses from the property are to be used solely for the development, operations and maintenance of such property and fulfilling the CIC's primary purpose.

B. Basis of Accounting

The financial statements of the CIC have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

C. Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB). Under those standards the CIC is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

- a. Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.
- b. Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the CIC and/or passage of time. This classification includes gifts, annuities, and unconditional promises to give for which the ultimate purpose of the proceeds is not permanently restricted.
- c. Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the CIC.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or

(Continued)

Cyberspace Innovation Center, Incorporated
Notes to Financial Statements
December 31, 2013 and 2012
(Continued)

by law. Expiration of temporary restrictions on net assets (i.e. the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) is reported as reclassifications between the applicable classes of net assets.

Contributions are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their fair value.

D. Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents includes all cash on hand and cash on deposit with maturities of less than three months.

E. Property and Equipment

The CIC capitalizes property and equipment over \$2,000. Lesser amounts are expensed. Purchased property and equipment are capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the CIC reports expirations of donor restrictions when the donated or acquired assets are placed in service. The CIC reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-line method over estimated useful lives.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Income Taxes

The CIC is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. Accordingly, no provision for income taxes has been made. However, should the CIC engage in activities unrelated to its exempt purpose, taxable income could result. The CIC had no unrelated business income for the years ended December 31, 2013 and 2012.

The CIC's Forms 990, *Return of Organization Exempt from Income Tax*, for the years 2010, 2011, 2012, and 2013 are subject to examination by the IRS, generally for three years after they were filed.

H. Advertising

Advertising and promotion costs are expensed as incurred. Advertising expense totaled \$3,345 and \$6,640 respectively, for the years ended December 31, 2013 and 2012.

(Continued)

Cyberspace Innovation Center, Incorporated
Notes to Financial Statements
December 31, 2013 and 2012
(Continued)

I. Restricted and Unrestricted Revenue and Support

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

J. Deferred Revenue

Income from rent and other events are deferred and recognized over the periods to which the rent and events relate.

K. Grants and Contracts Receivable

Grants and contracts receivable represent amounts due from governmental agencies and contractors under contractual terms. CIC considers grants and contracts receivable at December 31, 2013 and 2012 to be fully collectable; accordingly, no allowance for doubtful accounts is required.

(2) Concentrations of Credit Risk

Concentrations of credit risk with respect to accounts receivable are limited due to the small number of receivables comprising the amount. Concentrations of credit risk with respect to grants and contracts receivable were limited due to the balances being comprised of amounts due from governmental agencies and contractors under contractual terms. As of December 31, 2013 and 2012 CIC had no significant concentrations of credit risk in relation to accounts and grants and contracts receivable.

The CIC maintains cash balances at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2012, total cash balances held at financial institutions was \$2,870,191. Of this amount \$750,000 was secured by FDIC, and the remaining \$2,120,191 was unsecured. At December 31, 2013, total cash balances held at financial institutions was \$3,357,819. Of this amount, \$750,000 was secured by FDIC, and the remaining \$2,607,819 was unsecured.

(3) Property and Equipment

Property and equipment at December 31, 2013 and 2012, with estimated depreciable life, are summarized as follows:

		<u>2013</u>	<u>2012</u>
Leasehold improvements	15 years	\$3,988,794	\$3,188,705
Computer equipment	3-5 years	532,303	520,303
Other equipment	3-5 years	37,405	37,405
Accumulated Depreciation		<u>(841,418)</u>	<u>(477,527)</u>
		<u>\$3,717,084</u>	<u>\$3,268,886</u>

Depreciation expense for the years ended December 31, 2013 and 2012, was \$363,891 and \$229,439, respectively.

(Continued)

Cyberspace Innovation Center, Incorporated
Notes to Financial Statements
December 31, 2013 and 2012
(Continued)

(4) Temporarily Restricted Net Assets

Temporarily restricted net assets consisted of grant revenues received for specific purposes and not expended as of December 31, 2013 and 2012.

(5) Lease

On September 2, 2009, and subsequently amended on October 31, 2011, the CIC entered into an agreement with Bossier City and Bossier Parish to lease the newly constructed, 135,000, square foot building and all other improvements at 6300 East Texas Street, Bossier City, Louisiana 71111 (the Premises). The CIC agreed to develop, operate and maintain the Premises, as well as to promote the Premises as a research park and sublease the Premises under the terms and to persons and entities all of which advance the City, Parish and State goal of developing a high quality research park. As additional rent, the CIC agreed to pay all utilities, real estate taxes, maintenance expenses and insurance associated with the Premises. Effective November 1, 2011, the CIC began paying the Bossier Parish Police Jury monthly amounts in accordance with the terms of the lease. The terms of the lease are for a period of twenty-five years, unless terminated pursuant to the terms, covenants, and conditions of the lease. There is also an option to extend the lease for three consecutive terms of ten years. Amounts paid under this agreement for the years ended December 31, 2013 and 2012 were \$155,500 and \$180,000, respectively.

(6) Sublease

On December 27, 2009, the CIC entered into an agreement with the Air Force of The United States of America to lease Premises described in Note 5. The term of this agreement is for two one year periods, commencing upon the date of occupancy, April 15, 2010. The stated annual rent is \$1,600,000 payable in equal monthly installments. In addition, the lease calls for a one-time payment of \$5,300,000 for facility configuration costs to be paid within 30 days of the execution of the lease, which was received in 2010. The lease was renewed for one year at \$1,680,000 through April, 2013.

(7) Consulting Service Agreement

From its inception, the administrative and operational services of Cyberspace Innovation Center, Incorporated have been performed under the leadership of Mr. Craig Spohn through an agreement between Broadmoor Consulting, LLC and the City of Bossier City and Bossier Parish Police Jury. Broadmoor Consulting, LLC is a single member limited liability company owned by Mr. Spohn. Mr. Spohn is Executive Director of CIC and was a member of the Board of Directors until January 24, 2012. The City of Bossier City and the Bossier Parish Police Jury provided the necessary funding for such operations until October 31, 2010. Since then, the Board of Directors for Cyberspace Innovation Center, Incorporated has approved a resolution to replace the City of Bossier City and the Bossier Parish Police Jury as the funding agent for the Cyberspace Innovation Center, Incorporated – Broadmoor Consulting, LLC agreement. Furthermore, the resolution established a policy requiring approval from the Board of Directors for any changes to this or any other agreement entered into by Cyberspace Innovation Center, Incorporated to thus ensure the necessary check and balance policies were established to provide Board insight and approval. Amounts paid to Broadmoor Consulting, LLC during the years ended December 31, 2013 and 2012 for the administrative and operational services pursuant to the agreement was \$2,460,172 and \$1,837,501, respectively to provide the staff necessary (approximately 15-18 staff) to operate, lease, maintain and develop the CIC and the National Cyber Research Park.

(Continued)

Cyberspace Innovation Center, Incorporated
Notes to Financial Statements
December 31, 2013 and 2012
(Continued)

(8) Evaluation of Subsequent Events

The CIC has evaluated subsequent events through July 11, 2014, the date on which the financial statements were available to be issued.

(9) Tenant Deposit

During the year ended December 31, 2011, the CIC leased space to a business which required a deposit of \$375,000. The lease agreement provides for the deposit to be refunded over a three year period of time beginning April 1, 2012, subject to conditions of the lease. Annual payments will be made beginning April 1, 2012 of \$125,000.

(10) Contractual Revenue – Grants

During the years ended December 31, 2013 and 2012, CIC received contractual revenue from governmental agencies and contractors in the amount of \$2,575,459 and \$2,249,320, respectively. The continued existence of those funds are based on contractual renewals with the various funding sources.

(11) Other Tenant Income

On April 15, 2013, CIC entered into an agreement to lease to the United States Government certain space at the existing premises. The initial lease term is May 1, 2013 through April 30, 2014. The lease may be renewed, at the option of the Government, for nine (9) additional one (1) year periods. There is also another option to extend for one (1) year with four (4) one year renewals subject to a mutually agreed upon base rental rate. In addition the Government agreed to a one time payment for certain existing equipment and central plant equipment totaling approximately \$3,231,070. This amount was received in 2013 and is reported as other tenant income in the statement of activities for the year ended December 31, 2013.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on An Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Independent Auditors' Report

To the Board of Directors
Cyberspace Innovation Center, Incorporated

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Cyberspace Innovation Center, Incorporated., (a nonprofit organization), which comprise the statement of financial position as of December 31, 2013, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated July 11, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cyberspace Innovation Center, Incorporated's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cyberspace Innovation Center, Incorporated's internal control. Accordingly, we do not express an opinion on the effectiveness of Cyberspace Innovation Center, Incorporated's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cyberspace Innovation Center, Incorporated's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on

compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Program and on Internal Control Over Compliance Required by OMB Circular A-133

Independent Auditors' Report

To the Board of Directors
Cyberspace Innovation Center, Incorporated

Report on Compliance for Each Major Federal Program

We have audited Cyberspace Innovation Center, Incorporated's, compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Cyberspace Innovation Center, Incorporated's major federal programs for the year ended December 31, 2013. Cyberspace Innovation Center, Incorporated's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Cyberspace Innovation Center, Incorporated's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cyberspace Innovation Center, Incorporated's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Cyberspace Innovation Center, Incorporated's compliance.

Opinion on Each Major Federal Program

In our opinion, Cyberspace Innovation Center, Incorporated, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

Report on Internal Control Over Compliance

Management of Cyberspace Innovation Center, Incorporated, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Cyberspace Innovation Center, Incorporated's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness Cyberspace Innovation Center, Incorporated's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
