INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Executive Council
Green Gold Library System
Shreveport, Louisiana

I have reviewed the accompanying financial statements of governmental activities and each major fund of Green Gold Library System as of and for the year ended September 30, 2016. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

My responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require me to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. I believe that the results of my procedures provide a reasonable basis for my report.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, I have issued a report dated January 29, 2017 on the results of my agreed-upon procedures.

My review was made primarily for the purpose of expressing a conclusion that there are no material modifications that should be made to the financial statements for them to be in conformity with accounting principles generally accepted in the United States of America. The budgetary comparison information on page 11 is not a part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. The schedule of compensation, reimbursements, and other payments to agency head on page 12 is not a part of the basic financial statements but is required by Louisiana State Law. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, I do not express an opinion or any other form of assurance on the supplemental information.

Net changes in Fund Balances - Total Governmental Funds \$ 14,720

The change in Net Assets reported for governmental activities
in the statement of activities is different because:

Governmental funds report capital outlay as
expenditures. However, in the statement of
activities the cost of those assets is allocated
over their estimated useful lives and reported as
depreciation expense. This is the amount by
which capital outlay (\$21,893) exceeds
depreciation (\$1,095) in the current period.

GREEN GOLD LIBRARY SYSTEM
NOTES TO FINANCIAL STATEMENTS
September 30, 2016

Green Gold Library System was originally funded by a Grant from the State Library of Louisiana with LSCA funds. The Green Gold Library System's main purpose is to deliver books and other materials between participating libraries.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements of the Green Gold Library System have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, issued in June, 1999.

B. Reporting Entity

GASB Statement 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Green Gold Library System has no component units and is fiscally independent of other state or local governments.

C. Government-Wide and Fund Financial Statements

The Statement of Net Position and the Statement of Activities display information about Green Gold Library System as a whole. Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services.

D. Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used are as follows: Government-Wide Financial Statements - Accrual Basis; Fund Financial Statements - Modified Accrual Basis. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when the liability is incurred. Under the modified accrual basis of accounting revenue is recognized when it is considered measurable and available. Revenue is generally considered available if it is collected within 60 days of year end or may otherwise be available to finance current expenditures.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Basic Financial Statements

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of Green Gold Library System's operations as governmental activities. Governmental activities involve government services that are normally supported by fees and charges for library services.

In the government-wide financial statements, the Statement of Net Position and Statement of Activities display information about the System as a whole. Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service.

In the fund financial statements, funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The General Fund is the primary operating fund and is used to account for all resources.

G. Budget Practices

The Executive Council adopts the annual budget for the General Fund in the manner prescribed by State Law. The budget presents revenue and expenditures on a basis consistent with generally accepted accounting principles.

H. Capital Assets

Capital Assets include one vehicle expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions. All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful life of the asset.

I. Cash

Amounts reported as cash include all cash in one bank account and one certificate of deposit. All cash is fully collateralized by FDIC insurance.

J. Compensated Absences

Green Gold Library System does not compensate its employee for absence from work.

K. Fund Balance

GASB has issued Statement No. 54, *Fund Balance Reporting and Governmental Type Definitions, Definitions*, which defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB 34 requires the fund balance amounts to be properly reported within one of the fund balance categories listed below:

K. Fund Balance (Continued)

Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form, such as inventory or prepaid expenses, or (b) legally or contractually required to be maintained intact.

Restricted fund balances are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balances include amounts that can be used only for the specific purposes as a result of constraints imposed by the System's management. Committed amounts cannot be used for any other purpose unless the System's management removes those constraints by taking the same type of action. At September 30, 2015, the System's management has committed fund balances of \$57,646 for the Over-Drive-Online Database and \$7,782 for the Friends of the Shreve Memorial Library.

Assigned fund balances are amounts that are constrained by the System's intent to be used for specific purposes, but they are neither restricted nor committed. Intent is expressed by the System's management.

Unassigned fund balances are the residual classification for the System's General Fund and include all spendable amounts not contained in the other classifications.

The System's policy is to apply expenditures against nonspendable fund balances, restricted fund balances, committed fund balances, assigned fund balances, and unassigned fund balances, in that order.

NOTE 2 Capital Assets

A summary of Green Gold Library System's capital assets at September 30, 2016 follows:

Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Executive Council
Green Gold Library System
Shreveport, Louisiana

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Green Gold Library System (the System) and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the System's compliance with certain laws and regulations during the year ended September 30, 2016 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$30,000, or public works exceeding \$150,000 and determine whether such purchases were made in accordance with LSA-RS 38:221-2251.

The System did not make expenditures in excess of \$30,000 for material and supplies or for public works exceeding \$150,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124, and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided me with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedures (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided a copy of the original budget.

6. Trace the budget adoption and amendments to the minute book.

I traced the adoption of the original budget to the minutes of a meeting held on July 10, 2015. I traced the adoption of the amended budget to the minutes of a meeting held on July 8, 2016.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

I compared the revenues and expenditures of the amended budget to actual revenues and expenditures. Actual revenues exceeded budgeted amounts. Actual expenditures did not exceed budgeted amounts.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:

(a) trace payments to supporting documentation as to proper amount and payee;

I examined supporting documentation for six selected disbursements and found that payments were for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account; and

The six selected disbursements were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

The Board of Directors approves the System's budget. The Chief Financial Officer approved cash disbursements in accordance with the budget.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12.

The System is only required to post a notice of each meeting and the accompanying agenda on the door of the building where the meeting is held. Management has informed me that these documents were properly posted.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds or like indebtedness.

I inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

A reading of the minutes of the System for the year indicated no approval for the payments noted. I also inspected payroll records for the year and noted no instances which would indicate payment to employees which would constitute bonuses, advances, or gifts.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of management of Green Gold Library System and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
