INDEPENDENT AUDITOR'S REPORT

Honorable John Belton
District Attorney of the Third Judicial District
100 West Texas, 2nd Floor
Ruston, Louisiana 71270

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the District Attorney of the Third Judicial District, a component unit of the Lincoln Parish Police Jury, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund, and the aggregate remaining fund information of the District Attorney of the Third Judicial District as of December 31, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages pages 4 through 6 and pages 24 - 25, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney's basic financial statements. The supplemental schedule of compensation, benefits and other payments to the District Attorney of the Third Judicial District is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplemental schedule of compensation, benefits and other payments is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, I have also issued my report dated June 26, 2015, on my consideration of the District Attorney's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District Attorney's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014**

Our discussion and analysis of the District Attorney's financial performance provides an overview of the financial activities for the year ended December 31, 2014. It is based upon currently known facts, decisions, and conditions. Please read it in conjunction with the financial statements which begin on page 8.

Basic Financial Statements

The basic financial statements include government-wide and fund financial statements. The government-wide statements consist of a Statement of Net Position and a Statement of Activities and provide information about the financial activities of our Office as a whole. The government-wide statements present a long-term view of our finances. Fund financial statements consist of the respective fund's balance sheet and the fund's statement of revenues, expenditures and changes in fund balance, if applicable. The fund statements tell how our services were financed in the short-term and what remains for future spending. The primary difference between the fund and government-wide statement presentation methods is that expenditures for capital assets are expensed in the fund financial statements but capitalized and depreciated in the government-wide statements.

Our office reports information about monies we hold as an agent for others in the fiduciary fund. We are responsible for ensuring that all assets held for others are distributed as ordered by the court. We cannot use the assets held for others to finance our operations.

Statement of Net Position and Statement of Activities

One of the most important questions asked about our finances is, "Is the District Attorney's Office as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about our Office as a whole and about our activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is a method similar to accounting used by most private-sector companies. All revenues and expenses of the current year are reported under this method regardless of when cash is received or disbursed.

These two statements report our Office's net position and the changes in the position. You can think of net position - the difference between assets and liabilities - as one way to measure the financial health, or financial position, of our Office. Increases/(decreases) in our net position are one indicator of whether our financial health is improving/(deteriorating).

We report the financial activity of all services provided by us in the Statement of Net Position and Statement of Activities. Expenses primarily include salaries, related benefits, and office expenses. Fees received from defendants, funds from grants and other assistance, and on-behalf payments from the State of Louisiana finance most of our activities.

Government-Wide Financial Analysis

As noted above, net position may serve as a useful indicator of an entity's financial position. Our analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the governmental activities of our Office.

Total revenues increased by 5% (\$102,221) from the prior year. Fees decreased by 6% (\$14,438), intergovernmental program revenue decreased 19% (\$114,178), and grants increased by 61% (\$225,005). General intergovernmental revenue increased by 3% (\$10,000).

Expenses decreased 1% (\$22,473), with the net change resulting primarily from a decrease in salaries and benefits, rental of office equipment, and library expense offset by an increase in contract services.

The net effect of the 2014 changes in revenues and expenses from 2013 was a \$124,694 increase in the total change in net position for the year ended December 31, 2014, compared to the prior year total change in net position.

Fund Financial Statements

As of our year end on December 31, 2014, our governmental funds reported a fund balance of \$164,071, which is \$72,838 more than last year's fund balance. About 3% (\$5,503) is considered unspendable, that portion having been used for prepaid items, 18% (\$29,329) is restricted, with the remaining 79% (\$129,239) unassigned. During 2014, revenues increased 5% (\$104,057) primarily as a result of an increase in grants. Expenditures decreased about 1% (\$12,931) over the prior year, primarily the net result of a decrease in salaries and benefits and an increase in contract services.

General Fund Budgetary Highlights

We amend our budget when we determine there are unexpected unfavorable differences exceeding 5% between actual and anticipated revenues and/or expenditures. There were no budget amendments adopted for 2014.

Actual general fund revenues were 10% (\$161,756) more than budgeted revenues, and actual general fund expenditures and transfers were 4% (\$67,691) more than budgeted expenditures and transfers. The more significant variances between actual results compared to the general fund budget, as reported on page 24, were \$54,582 more in fees than budgeted, \$141,200 more in grants than budgeted, and \$28,730 less in intergovernmental than budgeted. Employee benefit expenses were \$38,581 more than budgeted, contract services \$51,222 more than budgeted, and office expenses \$20,796 more than budgeted. Library expenses were \$29,635 less than budgeted and salary expenses were \$96,710 less than budgeted. Additionally, operating transfers out to special revenue funds were \$57,267 more than budgeted.

Capital Assets

In 2014 we purchased computer equipment and office equipment. For the upcoming year, we plan to purchase additional computer equipment and office furniture, but there are no plans to issue debt to finance these purchases or any other future project.

Currently Known Facts, Decisions, or Conditions

We are not aware of any facts, decisions, or conditions that are expected to have a significant impact on the financial position or results of operations after the reporting date.

Net Change in Fund Balances-Total Governmental Funds **\$ 72,838**

Amounts reported in the Statement of Activities in the government-wide financial statements are different from those reported in the Statement of Revenues, Expenditures, and Changes in Fund Balance in the fund financial statements because:

Capital outlays are not recognized as expenditures in the Statement of Activities, but an economic cost of the outlay over an estimated useful life of the asset is recognized as depreciation expense. Depreciation expense of \$12,619 recognized in the government-wide Statement of Activities exceeded the \$1,929 in capital outlay expenditures reported in the fund financial statements by \$10,690. (10,690)

Net revenues of \$52,263 recognized in the Statement of Activities were not available to fund current period expenditures and are not recognized as revenue in the fund financial statements. Revenues of \$46,173 that were recognized in the Statement of Activities in the prior year but not in the fund financial statements were recognized in the current period fund financial statements. 6,090

A \$15,600 payment of a long-term liability was reported as a reduction in liabilities in the Statement of Activities yet is considered a current expenditure in the fund financial statements. 15,600

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014**

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the district attorney has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The district attorney is elected by the qualified electors of the judicial district for a term of six years.

The accompanying basic financial statements of the District Attorney's Office are prepared in accordance with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies used by the District Attorney's Office are discussed below:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

For financial reporting purposes, in conformity with GASB Statement No. 14, the District Attorney of the Third Judicial District is a component unit of the Lincoln Parish Police Jury. For the purposes of this financial report, this component unit serves as the nucleus for its own financial reporting entity and issues separate financial statements.

The Third Judicial District Truancy Assessment and Services Center (TASC) is a jointly governed organization. TASC's purpose is to identify potential juvenile delinquent behavior, using truancy as the primary indicator, and to correct it through early intervention. It operates through an interagency cooperation agreement with various agencies in Lincoln and Union parishes and with the District Attorney's Office. TASC is a component unit, but is not a legally separate organization from the District Attorney's Office. TASC is blended and reported within the Special Revenue Fund.

FUND ACCOUNTING

The accounts of the District Attorney are organized and operated on the basis of funds. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. Fund accounting utilizes three categories of funds: governmental, proprietary, and fiduciary. Furthermore, each category is divided into separate "fund types."

The fund categories used by the District Attorney's Office are governmental funds and fiduciary funds. Governmental funds account for the District Attorney's general activities, including the collection and disbursement of specific or legally restricted monies, and the acquisition of general fixed assets. Fiduciary funds account for the activity of the District Attorney as an agent for third parties.

Governmental Funds

General Fund

The General Fund is the general operating fund of the district attorney. It is used to account for all financial resources except those required to be accounted for in another fund.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specific purposes. The District Attorney's Office uses the following special revenue funds:

Title IV-D Fund - To account for the receipt and expenditures of reimbursement grants from the Louisiana Department of Health and Human Resources, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the social security act. The purpose of the fund is to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

Worthless Checks Fund - To account for the receipt and use of the proceeds from fees collected in accordance with Louisiana Revised Statute 16:15, which provides that the District Attorney receives, from the principle to the offense, a prescribed amount upon collection of a worthless check. The fund may be used to defray the salaries and expenses of the office of the District Attorney, but may not be used to supplement the salary of the District Attorney.

Third Judicial District Truancy Assessment and Service Center (TASC) - To account for the receipt and use of monies from grants to operate a Truancy Assessment and Services Center. The TASC addresses the underlying causes of truancy to coordinate the pooling of existing resources targeted at the child and family and the providing of appropriate action by services and treatment agencies in Lincoln and Union parishes. The TASC operates through an interagency cooperation with the Third Judicial District Judges, Lincoln and Union Parish School Boards, Lincoln and Union Parish Police Jury, Lincoln and Union Parish Sheriff's Office, Louisiana Tech University, various other organizations, and the District Attorney's Office. The TASC is not legally separate from the District Attorney's Office.

Fiduciary Funds

Agency Funds

Agency Funds are used to account for assets held by the District Attorney's Office as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations:

Forfeiture and Fine Fund - To account for assets received under the asset forfeiture law, under the bond forfeiture law, and for bail bond license fees. The asset forfeiture funds and the bond forfeiture funds are held until a judgment is rendered on each case instructing the District Attorney's Office on the disbursements of the funds. The bail bond license fees are distributed to various agencies, including the District Attorney's general fund, as provided by law.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. The Statement of Net Position and Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Nonexchange Transactions."

Program revenues included in the Statement of Activities derive directly from the program itself and reduce the cost of the function to be financed from the general revenues.

Fund Financial Statements

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All government funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. An availability period of 60 days was used. Revenues accrued include commissions (collected by another governmental unit and remitted to the District Attorney), other intergovernmental revenue, and reimbursements for expenditures from the state. Revenues that are not considered susceptible to accrual include certain charges for fees and forfeitures. Expenditures are recorded when the related fund liability is incurred.

With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

GOVERNMENTAL FUND BALANCE

Beginning January 1, 2011, the District Attorney's Office implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable Fund Balance - amounts that are not in spendable form (such as prepaids) or are required to be maintained intact.

Restricted Fund Balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed Fund Balance - amounts constrained to specific purposes by the government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assigned Fund Balance - amounts the government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Unassigned Fund Balance - amounts that are available for any purpose; positive amounts are reported only in the general fund.

The District Attorney's Office establishes (and modifies or rescinds) fund balance commitments by passage of an order by the District Attorney. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a *designation or commitment of the fund (such as special incentives)*. *Assigned fund balance* is established by the District Attorney through adoption or amendment of the budget as intended for specific purpose (such as the purchase of fixed assets, construction, debt service, or for other purposes).

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

BUDGETS AND BUDGETARY ACCOUNTING

The District Attorney's Office prepared an operating budget on its General Fund and Special Revenue Funds for the year ended December 31, 2014. Budgetary data is prepared based on prior year actual operating revenues and expenditures. It is monitored by management and amended throughout the year as necessary. Appropriations lapse at year-end and must be reappropriated for the following year to be expended. The District Attorney's Office performs only a custodial function in the case of the agency fund and therefore a budget for this fund is not appropriate.

The 2014 general fund budget was authorized by the District Attorney, made available for public inspection at the District Attorney's Office, and adopted by the District Attorney on December 19, 2013.

DEPOSITS AND INVESTMENTS

Cash and cash equivalents consist of cash on hand, demand deposits, interest-bearing demand deposits, and short-term time deposits with original maturities of three months or less from the date of acquisition. It also includes cash on hand and undeposited currency being held in trust for evidence. Under state law, the District Attorney may invest funds in collateralized certificates of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities. Investments are reported at fair value, except certificates of deposit are reported at cost.

SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CAPITAL ASSETS

Capital assets are recorded at cost and depreciated over their estimated useful lives. Donated assets are recorded at their estimated fair value as of the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Furniture and Equipment	5 - 7 years
Vehicles	5 - 7 years

DEFERRED REVENUE

Amounts received for which the revenue recognition criteria has not yet been met are classified as deferred revenue.

VACATION AND SICK LEAVE

Employees earn 12 days of vacation and sick leave each year. Vacation and sick leave must be used in the year earned. There are no accumulated and vested benefits relating to vacation and sick leave that require accrual or disclosure at year end.

NOTE 2 - CASH

Cash consists of demand deposits (\$143,918) and cash on hand (\$50), which includes fiduciary fund cash under the District Attorney's control. Demand deposits are carried at cost which approximates market value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. Pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2014, the District Attorney's Office has \$172,251 in deposits (collected bank balances). These deposits are secured from risk by federal deposit insurance.

Cash on hand at December 31, 2014 consists of \$50 in petty cash.

All other employees are members of the Parochial Employees Retirement System of Louisiana, if they are permanent employees working at least 28 hours a week.

The Parochial Employees Retirement System (PERS) is a cost-sharing, multiple-employer, defined benefit pension plan which is administered and controlled by a board of trustees. The PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Louisiana Legislature establishes and amends benefit provisions. The PERS issues a publicly available financial report that includes financial statements and required supplementary information for PERS. NOTE 8 - NONCURRENT LIABILITY

The District Attorney's Office was sued for malpractice, and their malpractice insurance carrier successfully defended them. The cost of the defense was \$118,639 in excess of the amount covered by their insurance policy. On October 2, 2009, the District Attorney offered to pay \$6,000 down and \$1,300 per month until this debt was paid. The attorneys that defended this case accepted the offer. In 2014 the District Attorney's Office paid \$15,600 on this debt, which was according to the agreement. This results in an unpaid balance at December 31, 2014 of \$42,439, of which \$15,600 a year will become due through 2017 and the remaining balance will be paid in 2018.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable John Belton
District Attorney of the Third Judicial District
100 West Texas, 2nd Floor
Ruston, Louisiana 71270

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund, and the aggregate remaining fund information of the Third Judicial District District Attorney, a component unit of the Lincoln Parish Police Jury, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements and have issued my report thereon dated June 26, 2015.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the District Attorney's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, I do not express an opinion on the effectiveness of the District Attorney's internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, I identified certain deficiencies in internal control that I consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. I consider the deficiency described in the accompanying schedule of findings and questioned costs as #2014-1 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. I consider none of the deficiencies described in the accompany schedule of findings and questioned costs to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters required to be reported under Government Auditing Standards.

District Attorney's Response to Findings

The District Attorney's responses to the findings identified in my audit are described in the accompanying schedule of management's corrective action plan. The District Attorney's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinions on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
