### INDEPENDENT ACCOUNTANTS' COMPILATION REPORT

Lisa Adamek University Acres Crime Prevention and Neighborhood Improvement District Baton Rouge, Louisiana

Management is responsible for the accompanying governmental fund financial statements of University Acres Crime Prevention and Neighborhood Improvement District (the District), which comprise the governmental fund balance sheet as of December 31, 2016, and the related governmental fund statement of revenues, expenditures and changes in fund balance for the year then ended in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The financial statements present the governmental fund financial statements of the District and do present the government-wide financial position and changes in financial position of the District in accordance with accounting principles generally accepted in the United States of America. The effects of this departure from accounting principles generally accepted in the United States of America have not been determined.

Management has omitted certain required supplementary information, such as management's discussion and analysis and budgetary comparison information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

The supplementary information contained on page 4 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management. The supplementary information was subject to our compilation engagement. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any form of assurance on such supplementary information.

To the University Acres Crime Prevention and Neighborhood Improvement District Baton Rouge, Louisiana

In performing our compilation of the financial statements of the University Acres Crime Prevention and Neighborhood Improvement District (District) as of and for the year ended December 31, 2016, we considered the District's compliance with laws and regulations and other matters. We express no opinion and provide no assurance on the internal control structure or on compliance.

However, during our compilation, we became aware of a matter that is required to be reported. The following paragraphs summarized our comments and suggestions regarding this matter. This letter does not affect our compilation report dated July 13, 2017 on the financial statements of the District.

MLC 2016-001	Compliance with the Louisiana Audit Law
Criteria:	La. R.S. 24:513 provides that reporting packages, including compilation reports, must be remitted to the Louisiana Legislative Auditor within six months of the close of the fiscal year.
Condition:	This deadline was not met for the current year.
<u>Cause</u> :	It was the first year that the District was subject to the reporting requirements.
Effect:	The District is non-compliant with the state audit law with respect to timeliness of submission.
Recommendation:	The compilation process should be initiated earlier.

#### View of Responsible Official and Corrective Action Plan:

We agree with the above condition. We will work with our accountants and auditors to secure the completion and submission of the compilation by the statutorily required deadline.

We have already discussed these comments and suggestions with management, and we will be pleased to discuss them in further detail at your convenience. We would also welcome any opportunity to perform any additional study of these matters or to assist you in implementing the recommendations. Finally, we would also like to thank the District's staff for their cooperation with us during the performance of the compilation.

This report is intended solely for the information and use of the District, management of the District and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties.
