#### Independent Accountant's Compilation Report

To the Members of the Board of the Louisiana Board of Examiners of Certified Shorthand Reporters New Orleans, Louisiana

We have compiled the accompanying financial statements of the business-type activity of the Louisiana Board of Examiners of Certified Shorthand Reporters (a component unit of the State of Louisiana) as of and for the year ended June 30, 2015, which collectively comprise the Louisiana Board of Examiners of Certified Shorthand Reporters basic financial statements as listed in the table of contents. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

The management of the Louisiana Board of Examiners of Certified Shorthand Reporters is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

The supplementary information contained in Schedules 1, 3, 4, 15, and 16 are presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information has been compiled from information that is the representation of management. We have not audited or reviewed the supplementary information and, accordingly, do not express an opinion or provide any assurance on such supplementary information.

Respectfully submitted,

Flannis J. Bourgeois, LAP

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **BASIS OF ACCOUNTING**

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) present information only as to the transactions of the programs of the Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the **Louisiana Board of Examiners of Certified Shorthand Reporters** (BTA) are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) Notes to the Financial Statement As of and for the year ended June 30, 2015

#### Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

#### **Expense Recognition**

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

#### B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) are annual lapsing appropriations.

- 1. The budgetary process is an annual appropriation valid for one year.
- 2. The agency is prohibited by statute from over expending the categories established in the budget.
- 3. Budget revisions are granted by the Joint Legislative Committee on the Budget, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
- 4. The budgetary information included in the financial statements includes the original appropriation plus subsequent amendments as follows:

	APPR	ROPRIATIONS
Original approved budget	\$	172,500
Amendments:		
Final approved budget	\$	172,500

# C. **DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS** (If all agency cash and investments are deposited in the State Treasury, disregard Note C.) See Appendices Packet - Appendix A at <a href="http://www.doa.louisiana.gov/OSRAP/afrpackets.htm">http://www.doa.louisiana.gov/OSRAP/afrpackets.htm</a>, for information related to Note C.

#### 1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the (BTA) may invest in time certificates of deposit in any bank domiciled or having a branch

office in the state of Louisiana, in savings accounts or shares of savings and loan associations and savings banks, and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the statement of cash flows and statement of net position presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are required to be held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at June 30, 2015, consisted of the following:

		Cash	Nonnegotiable Certificates of Deposit	Other (Describe)		Total
Deposits per statement of net position	-	Casii	Deposit	(Describe)		Total

#### I. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

GASB Statement 43, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans addresses accounting and financial reporting for OPEB trust and agency funds of the employer. GASB Statement 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions establishes standards of accounting and financial reporting for OPEB expense/expenditures and related OPEB liabilities or OPEB assets, note disclosures, and required supplementary information (RSI) in the financial reports of governmental employers.

#### Calculation of Net OPEB Obligation

Complete the following table for only the net OPEB obligation (NOO) related to OPEB administered by the Office of Group Benefits. The ARC, NOO at the beginning of the year, interest, ARC adjustment, and Annual OPEB Expense have been computed for OGB participants (see OSRAP's website - <a href="http://www.doa.louisiana.gov/OSRAP/afrpackets.htm">http://www.doa.louisiana.gov/OSRAP/afrpackets.htm</a>) and select "GASB 45 OPEB Valuation Report as of July 1, 2014, to be used for fiscal year ending June 30, 2015." Report note disclosures for other plans, not administrated by OGB, separately.

Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) Notes to the Financial Statement As of and for the year ended June 30, 2015

#### L. CONTINGENT LIABILITIES

GAAP requires that the notes to the financial statements disclose any situation where there is at least a reasonable possibility that assets have been impaired or that a liability has been incurred along with the dollar amount if it can reasonably be estimated. The State has a Self-Insurance Fund administered by the Office of Risk Management (ORM) and it negotiates, and settles certain tort claims against the State or State agencies. Those claims against the State <u>not</u> handled through ORM should be reported in the following note.

The "probable outcome" of litigation can be described as probable, reasonably possible, or remote. Probable means the future event is likely to occur; reasonably possible means the future event is more than remote but less than likely to occur; remote means the future event has a slight chance to occur. Losses or ending litigation that is probable in nature should be accrued in the financial statements and reflected on the account line, Claims and Litigation Payable.

The Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) does not have any Contingent Liabilities as of June 30, 2015.

#### M. RELATED PARTY TRANSACTIONS

GASB 62, paragraph 55, requires disclosure of the description of the relationship, the transaction(s), the dollar amount of the transaction(s) and any amounts due to or from that result from related party transactions. List all related party transactions - NONE

#### N. ACCOUNTING CHANGES

During the year, the Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) adopted the requirements of GASB Statement 68. Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB Statement 71, Pension Transition for Contributions Made Subsequent to the Measurement Date, an amendment to GASB 68. GASB 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses/expenditures. For defined benefit pensions, GASB 68 identifies the methods an assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. GASB 68 also requires enhanced note disclosures and schedules of required supplementary information that will be presented by the pension plans that are within its scope. GASB 71 amends paragraph 137 of GASB 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability.

#### Z. PENSION LIABILITY

A. If you have employees who are participants in one of the pension systems listed below, you must record your pension liability on your financial statements. The Plans are the Louisiana State Employees Retirement System (LASERS), Teachers Retirement System of Louisiana (TRSL), Louisiana School Employees' Retirement System (LSERS), District Attorneys' Retirement System (DARS) and Registrars of Voters Employees' Retirement System (ROVERS). The amounts to make this journal entry have been computed for you and can be found on OSRAP's website at <a href="http://www.doa.louisiana.gov/OSRAP/afrpackets.htm">http://www.doa.louisiana.gov/OSRAP/afrpackets.htm</a>. Select "Pension Amounts as of July 1, 2014, to be used for fiscal year ending June 30, 2015." Make the entry as follows:

	<u>Debit</u>	Credit
Beginning net position	XXX	
*Deferred outflows related to pensions	XXX	
Deferred inflows related to pensions		XXX
Pension expense	XXX	
Net pension liability		XXX

(Please use the amounts provided by OSRAP.)

In addition to the journal entry above, another journal entry should be made to comply with GASB Statement 71. The employer should recognize a deferred outflow of resources for its pension contributions made between the measurement date and the agency's fiscal year end (7/1/14 - 6/30/15) for agencies with a fiscal year end). Note: In other words, debit "deferred outflows related to pensions" and credit the account used to charge the employer's portion of the pension contributions made for FY 2015 (for agencies with a 6/30 year end). This figure is the total of the employer contributions reported in Part B of this note disclosure (for entities with a 6/30/15 year end).

\*Note: Deferred outflows related to pensions on the SNP should equal the deferred outflow amount found on OSRAP's website plus the employer's portion of FY 2015 pension contributions.

B. Please complete the following for each listed Pension System in which you have employees covered by that system. Covered-Employee Payroll is defined as the total gross payroll of employees that are provided with pensions through the pension plan. It is a measure of the overall payroll of employees participating in the pension systems and includes pensionable as well as non-pensionable pay.

Louisiana Board of Examiners of Certified Shorthand Reporters (BTA) Notes to the Financial Statement As of and for the year ended June 30, 2015

#### It does not include:

- Related benefits;
- Reimbursement of meals and travel;
- Pay of employees subject to Social Security tax; or
- Pay of employees that participate in the Optional Retirement Plan (ORP) of Teachers and LASERS.

#### It does include:

- Overtime;
- Fringe benefits (such as a car allowance or housing allowance added to the gross wages of an employee);
- Per diem paid to board members if the person participates in the pension system;
- Pay of DROP employees (since DROP employees are provided pensions);
- Pay of employees subject to Social Security tax prior to the employee becoming a State pension plan participant;
- Total annual pay of an employee who was covered by two different pension plans (the plan on which we are requesting information and another) in the same year;
- Payout of annual leave upon termination; and
- On-call pay.

When reporting the employer contributions, report the contributions made for the period on an accrual basis. For example, if you pay retirement contributions for June 2015 in July 2015 and a retirement contribution payment was made in July 2014 for FY 2014, then the payment made in July 2015 should be included and the payment made in July 2014 would be excluded in calculating the FY 2015 retirement contributions.
