MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Tenth Judicial District Public Defender Fund's (hereafter referred to as the Public Defender Fund) annual financial report presents an overview and analysis of the Public Defender Fund's financial activities for the year ended June 30, 2014. The intent of the MD&A is to look at the Public Defender Fund's financial performance as a whole. It should, therefore be read in conjunction with this report. Certain comparative information is presented to provide an overview of the Public Defender Fund's operations.

Financial Highlights

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Public Defender Fund as a whole and presents a longer-term view of the Public Defender Fund's finances. These statements tell how these services were financed in the short-term as well as what remains for future spending.

Government-Wide Financial Statements

- The Statement of Net Position presents all of the Public Defender Fund's assets and liabilities, with the difference between the two reported as "net position". Over time, increases or decreases in the Public Defender Fund's net position may serve as a useful indicator of whether the financial position of the Public Defender Fund is improving or deteriorating.
- The Statement of Activities presents information showing how the Public Defender Fund's net position changed during the current year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Therefore, some revenues and some expenses that are reported in this statement will not result in cash flows until future years.

Fund Financial Statements

The services provided by the Public Defender Fund are financed through a governmental fund. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Public Defender Fund uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Public Defender Fund conducts its day-to-day operations through a governmental fund, the General Fund. These statements provide a short-term view of the Public Defender Fund's finances and assists in determining whether there will be adequate financial resources available to meet the current needs of the Public Defender Fund.

A summary of the basic government-wide financial statements is as follows:

NOTES TO FINANCIAL STATEMENTS

Introduction:

The Tenth Judicial District Public Defender Fund was established August 15, 2007, in compliance with Louisiana Revised Statutes 15:168 to provide and compensate counsel appointed to represent indigents in criminal and quasi-criminal cases on the Tenth Judicial District Public Defender Fund level. The district fund is regulated by the Louisiana Public Defender Board established by Louisiana Revised Statute 15:141-184 to provide effective legal representation to criminal defendants who are unable to afford an attorney, consistent with the right to counsel in our criminal courts, mindful of the need for law and order and an appreciation of victim's rights. The Tenth Judicial District Public Defender Fund is administered by the district public defender who is contracted with the Louisiana Public Defender Board to provide for the delivery and management of public defender services within the judicial district. The Tenth Judicial District encompasses the Parish of Natchitoches, Louisiana.

1. Summary of Significant Accounting Policies:

A. Reporting Entity-

For financial reporting purposes, in conformity with the Governmental Accounting Standards Board (GASB) Statement No. 14, the Tenth Judicial District Public Defender Fund is a part of the operations of the Public Defender Fund system. However, the state statutes that created the indigent defender funds also gave the funds control over its operations including the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of monies. The Tenth Judicial District Public Defender Fund is financially independent and operates autonomously from the State of Louisiana and independently from the Public Defender Fund system. Therefore, the Tenth Judicial District Public Defender Fund reports as an independent reporting entity and the financial statements include only the transactions of the Tenth Judicial District Public Defender Fund.

B. Basis of Presentation-

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting government. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Tenth Judicial District Public Defender Fund's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipient for goods or services offered

by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

C. Fund Accounting-

The accounts of the Tenth Judicial District Public Defender Fund are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements.

The Tenth Judicial District Public Defender Fund maintains only one fund. It is categorized as a governmental fund. A fund is considered major if it is the primary operating fund of the entity.

The major fund of the Tenth Judicial District Public Defender Fund is described below:

Governmental Fund-

General Fund

The General Fund is the general operating fund of the Tenth Judicial District Public Defender Fund. It is used to account for all financial resources except those required to be accounted for in another fund.

D. Measurement Focus/Basis of Accounting-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the Tenth Judicial District Public Defender Fund as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Tenth Judicial District Public Defender Fund considers all revenues "available" if collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

E. Assets, Liabilities, and Equity-

Cash and Interest-Bearing Deposits-

For purposes of the Statement of Net Position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposit of the Tenth Judicial District Public Defender Fund.

Capital Assets-

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Tenth Judicial District Public Defender Fund maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of useful lives by type of asset is as follows:

Compensated Absences-

Employees of the Tenth Judicial District Public Defender Fund do not accrue or "carry forward" vacation or sick leave from year to year. Therefore, no entry is made to record compensated absences.

Equity Classifications-

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net Investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net resources with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net position All other net resources that do not meet the definition of "restricted" or "net investment in capital assets".

When an expense is incurred for the purposes for which both restricted and unrestricted net position are available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expenses.

In the fund statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- b. Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;

- c. Committed fund balance amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- d. Assigned fund balance amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance amounts that are available for any purpose; positive amounts are reported only in the general fund.

The General Fund has an unassigned fund balance of \$13,629. If applicable, the Tenth Judicial District Public Defender Fund would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

F. Budget-

Prior to the beginning of each fiscal year, the Tenth Judicial District Public Defender Fund adopts a budget for the next fiscal year. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

G. Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

2. Cash and Cash Equivalents:

For reporting purposes, cash and cash equivalents include demand deposits, time deposits, and certificates of deposit. At June 30, 2014, the Tenth Judicial District Public Defender Fund had cash and cash equivalents (collected bank balances) totaling \$2,482. Cash and cash equivalents are stated at cost, which approximates market. Under Louisiana law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. These pledged securities are held in the name of the pledging bank in a holding or custodial bank in the form of safekeeping receipts held by the Tenth Judicial District Public Defender Fund. The deposits at June 30, 2014, were fully secured by FDIC Insurance.

3. Capital Assets:

BUDGETING

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. There were no amendments to the budget during the year.

6. Trace the budget adoption to the minute book.

Not applicable.

7. Compare the revenues and expenditures of the budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

Both actual revenues and actual expenditures for the year were within the 5% variance allowed.

ACCOUNTING AND REPORTING

- 8. Randomly select 6 disbursements made during the period under examination and:
 - (a) trace payments to supporting documentation as to proper amount and payee:

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account:

Each disbursement appeared to be coded correctly.

(c) determine whether payments received approval from proper authorities:

Inspection of supporting documentation showed written approval.

MEETINGS

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Not applicable.

DEBT

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds or any other indebtedness which have not been approved by the State Bond Commission.

We inspected copies of all bank deposits for the period under examination and noted no deposits that appeared to be proceeds of bank loans, bonds, or other indebtedness that had not been approved by the State Bond Commission.

ADVANCES AND BONUSES

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees that may constitute bonuses, advances, or gifts.

We found no payments that appeared to be either advances or bonuses.

Our prior report, dated December 5, 2013, contained one comment, violation of the Local Government Budget Act.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Tenth Judicial District Public Defender Fund and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
