DUAL EMPLOYMENT/DUAL OFFICE HOLDING

Q.1. What law defines and regulates dual employment and dual office holding?

A.1. La. R.S. 42:61 et seq. govern both dual employment and dual officeholding in Louisiana. LaConst. Art. 10, § 22 empowers the Legislature to enact laws defining and regulating dual employment, and defining, regulating, and prohibiting dual officeholding in state and local government.

Q.2. What office makes determinations regarding the provisions of the dual employment and dual officeholding law?

A.2. The Louisiana Attorney General’s office makes determinations regarding the provisions of the dual employment and dual officeholding law.

Q.3. What is the purpose of R.S. 42:61 et seq.?

A.3. In R.S. 42:61 the Legislature stated in its declaration of policy that the maintenance of a democratic society requires that public officials and employees perform the public business in a manner that serves to promote and maintain in the general citizenry a high level of confidence and trust in public officials, public employees, and governmental decisions. Attainment of this trust is impaired when a public official or employee holds two or more public offices or public jobs that by their particular nature conflict with the duties and interests of each other. Confidence and trust by the general citizenry in public officials, employees, and governmental decisions may also be impaired by the excessive accumulation of governmental power that may result from public officials or employees holding two or more public offices or public jobs.

The Legislature also stated that it is the purpose of the dual employment/dual officeholding law to implement a policy that will serve to maintain a high level of trust and confidence by the general citizenry in public officials, employees, and governmental decisions of the government of this state and of its political subdivisions by defining and regulating dual employment and by defining, regulating, and prohibiting dual officeholding.

Q.4. To whom does R.S. 42:61, et seq. apply?

A.4. R.S. 42:61, et seq., as stated in the Declaration of Policy, applies to:
Definitions in R.S. 42:62 provide a list of public employees and officers in the executive, legislative and judicial branches, as well as in political subdivisions.

Q.5. Which pertinent terms are defined by R.S. 42:61, et seq.?

A.5. ■ "Elective office" means any position that is established or authorized by the constitution or laws of this state or by the charter or ordinances of any political subdivision thereof, that is not a political party office, and that is filled by vote of the citizens of this state or of a political subdivision thereof.

■ "Appointive office" means any office in any branch of government or other position on an agency, board, or commission or any executive office of any agency, board, commission, or department that is specifically established or specifically authorized by the constitution or laws of this state or by the charter or ordinances of any political subdivision thereof and that is filled by appointment or election by an elected or appointed public official or by a governmental body composed of such officials of this state or of a political subdivision thereof.

■ "Employment" means any job compensated on a salary or per diem basis, other than an elective or appointive office, in which a person is an employee of the state government or of a political subdivision thereof.

◊ The payment of a nominal fee to a volunteer firefighter does not change his or her status as a volunteer to that of a public employee. Because an uncompensated volunteer firefighter is not a public employee, he or she may serve on the board governing the fire protection district. AG Op. No. 08-0031. The determination of what is a nominal fee is a fact specific question. AG Op. No. 10-0053

◊ Service as a voluntary, uncompensated auxiliary police officer does not constitute employment for the purposes of the Dual Officeholding and Dual Employment Law. AG Op. No. 19-0055

The executive branch shall also include the officers, members, agents, and employees of any department, office, agency, instrumentality, board, commission, or other entity created by the constitution or by law whose functions are not primarily legislative, judicial, or local in nature or operation.

■ The legislative branch of state government includes the members of the Senate and the House of Representatives, the officers, agents, and employees of the legislature of either house or of a committee of either house thereof, the legislative auditor, legislative fiscal officer, or any other agency created by law that is primarily legislative in nature, and any other legislative officer, office, or instrumentality of the state.

R.S. 42:63

A.6. ■ No person holding an elective office, appointive office, or employment in any of the branches of state government or of a political subdivision thereof shall at the same time hold another elective office, appointive office, or employment in the government of a foreign country, in the government of the United States, or in the government of another state.
A person holding employment in the government of the United States and at the same time holding an appointive office in a political subdivision of the state shall not be in violation, unless the particular nature of his or her employment in combination with the duties and interests of his or her appointive office in a political subdivision of this state is otherwise prohibited or is found to be adverse to the public interest as set forth in R.S. 42:61.

A person holding employment in the government of the United States and at the same time holding part-time elective office shall not be in violation, unless the particular nature of his or her employment in combination with the duties and interests of the elective office is otherwise prohibited or is found to be adverse to the public interest as set forth in R.S. 42:61. “Part-time elective office” means an elective office, the holder of which is deemed to be a part-time public servant pursuant to Article X, Section 29.1(A) of the Constitution of Louisiana.

Except as otherwise provided by the Louisiana constitution, no person holding office or employment in one branch of the state government shall at the same time hold another office or employment in any other branch of the state government.

No such person shall hold at the same time employment in the government of this state, or in the same political subdivision in which he or she holds an elective office. In addition, no sheriff, assessor, or clerk of court shall hold any office or employment under a parish governing authority or school board, nor shall any member of any parish governing authority or school board hold any office or employment with any sheriff, assessor, or clerk of court.

- A school board member may accept appointment to position as deputy sheriff immediately upon resignation; however, the Dual Officeholding and Dual Employment Law specifically restricts the ability of any school board member to hold any office or employment with a sheriff, assessor, or clerk of court. AG Op. No. 16-0066

- A school board member may hold fulltime employment with the city/parish government, but may not hold a full-time appointive office within the city/parish government. AG Op. No. 17-0031
An elected chief of police for a Lawrason Act municipality may hold full-time employment with the Sheriff’s Office.  

AG Op. No. 19-0063

An elected member of the School Board may also serve as a commissioner of an area human services district (Part-time appointed position) and as a member of the board of commissioners of a fire protection district (Part-time appointed position) without violating the Dual Officeholding and Dual Employment Law.  

AG Op. No. 19-0044

No person holding a full-time appointive office or full-time employment in the government of this state or of a political subdivision thereof shall at the same time hold another full-time appointive office or full-time employment in the government of the state of Louisiana, in the government of a political subdivision thereof, or in any combination thereof.

No person holding an elective office in any branch of state government shall contract, on a full-time basis, to provide health or health-related services for any agency of state government. No person engaged in a contract on a full-time basis, with any agency of state government to provide health or health-related services shall hold an elective office in any branch of state government.

Q.7. What types of situations indicate incompatible offices that otherwise might be allowed under the dual employment/dual officeholding laws?  

R.S. 42:64

A.7. The incumbent of one of the offices, whether or not in conjunction with fellow officers or employment, has the power to appoint or remove the incumbent of the other, except that local governmental subdivisions may appoint members of the governing body to boards and commissions created by them and over which they exercise general powers as provided in Article VI, Section 15 of the Constitution. A board or commission so created may elect officers from its own membership. A joint commission of two parishes (except a joint commission that has as its function the operation and maintenance of a causeway and its related roadways) may also appoint a member of one parish's governing body to be its general superintendent.

The incumbent of one office, whether or not in conjunction with fellow officers or employment, receives the oath and/or bond of the incumbent of the other.

The incumbent of one office, whether or not in conjunction with fellow officers or employment, is charged by law with instituting actions for penalties against the incumbent of the other office or employment.

The incumbent of one office, whether or not in conjunction with fellow officers or employment, is required by law to execute orders and follow directions given by the incumbent of the other office or employment.
■ One office, whether or not in conjunction with fellow officers or employment, is charged with auditing the accounts of or approving the budget of the other position.

■ Funds received by one office or employment are deposited with or turned over to the other office or position.

- The full-time director of a Parish Emergency Communications Commission may not be appointed by a police jury to a part-time position on the Board of Commissioners for a parish-wide Fire Protection District when the Fire Protection District provides substantial funding to the Emergency Communications Commission. Such positions are incompatible offices under R.S. 42:64(6). AG Op. No. 16-0025

■ A joint commission that has as its function the operation and maintenance of a causeway and its related roadways, created by two or more parishes, shall not appoint a member of the governing authority of any of the parishes or an employee thereof to the joint commission. No member of a parish governing authority or employee thereof shall serve as a member of a joint commission that has as its function the operation and maintenance of a causeway and its related roadways, created by the parish by agreement with one or more other parishes.

■ No other combination of offices or employments shall be deemed to be incompatible unless the powers, functions, or duties are found to be adverse to the public interest as set forth in 42:61.

Q.8. Which civil remedies and/or penalties are associated with the holding of dual employment or dual offices? R.S. 42:65

A.8. The attorney general, a district attorney, or any citizen of the state may by summary process petition for a declaratory judgment against a person alleged to be holding or to have held incompatible offices or employments or holding or have held a combination of offices or employments prohibited under this law. Venue for the suit for a declaratory judgment shall be at the domicile of the defendant who is or was employed or at the official domicile of any office held by the defendant.

Prior to filing a petition, the attorney general or district attorney shall send written notice by certified mail to the person detailing his or her alleged violation.

Whether a person has vacated an incompatible or prohibited office or employment prior to the filing of the suit for declaratory judgment or prior to issuance of a final judgment in the suit shall not prohibit the court from (1) declaring that the person has held incompatible offices or employments or a combination of offices or prohibited employments and (2) ordering reimbursement.
If the court declares that the person is holding offices or employments in violation of this law, the court shall declare the office with the term first to expire or one of the employments vacant and shall enjoin the person from further carrying out the duties of that office or employment; a person holding an elective office, however, shall continue to serve and perform the duties of that office until his or her successor has qualified.

The court may order the reimbursement to the appropriate governmental body of all pay or other compensation and all allowances, including all allowances and payments for travel and other expenses that have been received by the official or employee in the position vacated, during a period of time not to exceed six months preceding the filing of suit for declaratory judgment.

If the person vacates the position or office to remedy a violation within fourteen days after written notice of the violation is sent by the attorney general or a district attorney, he or she shall not be subject to the reimbursement provided for in this Subsection.

If, however, the person against whom a declaratory judgment is rendered had obtained an opinion of the attorney general issued prior to the date of the filing of the suit for a declaratory judgment and if the opinion stated that the combination of offices or employments are not incompatible and are not in violation of this law, the court shall still declare the office with the term first to expire or one of the employments vacant and shall enjoin the person from further carrying out the duties of that office or employment; the person against whom the declaratory judgment was rendered shall not, however, be required to return any portion of the compensation or allowances received by her or him prior to the date on which the declaratory judgment becomes final.

Whenever any person requests an opinion of the attorney general concerning the offices or employments covered hereby, he or she shall at the same time provide to the attorney general information describing each of the employments or offices concerning which he or she requests the opinion, the number of hours worked or normally expected to be worked by him or her per each day of work for each of such employments or offices, the number of hours worked per week for such employments or offices, and shall thereafter furnish any other information the attorney general deems necessary for the issuance of the opinion.

- Until declaratory judgment is issued and until issuance of subsequent opinion, reliance upon Opinion of Attorney General prevented recovery of compensation for violation of dual officeholding statute.

   AG Op. No. 96-0218(B)

An elected school board member may also hold employment as a juvenile probation officer in a district court, as a parish prison warden, or as a deputy sheriff provided that such person, on September 7, 1979, held elective office as a school board member and at the same time held elective or appointive office in juvenile services of the district court, or held elective office as a school board member and at the same time held employment as a parish prison warden or as a deputy sheriff and has continued to so serve as a school board member and in juvenile services of the district court, or as a school board member and as a parish prison warden or a deputy sheriff. However, this provision relative to parish prison wardens and deputy sheriffs shall not be applicable in Orleans Parish, Jefferson Parish, or East Baton Rouge Parish.

A mayor of a municipality with a population of not more than five thousand who is a licensed physician may also be employed in or appointed to any position for which a physician is required at the Lallie Kemp Regional Medical Center.
■ A deputy sheriff may also hold the office of either mayor or alderman of a municipality, provided such municipality has a population of two thousand five hundred or less, according to the latest federal decennial census.

■ The clerk of court of Jefferson Parish may also hold the clerk of court position provided in R.S. 13:2590.2.

■ R.S. 42:61(E) allows a certified public account who is a member of a school board in any parish having a population of less than fifty-thousand to be employed by a sheriff to provide financial or accounting services. Act 536 of 2018 Regular Session.

Q.10. What special rules exist for members of a planning commission?

R.S. 33:103(C)(1)

A.10. All members of a commission, whether a parish or a municipal planning commission, must serve without compensation, except as otherwise provided, and may not hold any other public office, except they may also serve as members of any duly constituted regional commission of which their parish or municipality forms a part.

Q.11. What special rules exist for judges?

R.S. 42:39

A.11. After July 31, 1968, no person serving in or elected or appointed to the office of judge of any court, justices of the peace excepted,* shall be eligible to hold or become a candidate for any national, state or local elective office of any kind
whenever, including any national, state or local office in any political party organization, other than a candidate for the office of judge for the same or any other court.

- The provisions above do not prohibit any person from resigning from office as judge of any court for the purpose of becoming a candidate for nomination or election to any national, state or local elective office for which he is qualified and eligible; provided, however, that the resignation of any such person shall be and is made not less than twenty-four hours prior to the date on which he or she qualifies as a candidate for nomination or election to the office to which he or she seeks nomination or election.

- If any judge elected or appointed, justice of the peace excepted,* qualifies for any other elective position, other than those allowed by the provisions of this section, without complying with the provisions set forth above, his or her qualification as a candidate for the other office shall ipso facto be null and void.

* However, see; In re Freeman, released by the Louisiana Supreme Court in December 2008, overruling the exception for Justice of the Peace.

The Louisiana Supreme Court held that the canon in the Code of Judicial Conduct that prohibits judges, including justices of the peace, from becoming candidates for non-judicial offices prior to resigning their judicial offices controls over conflicting legislative enactment that purports to except justices of the peace from a similar statutory rule; Code of Judicial Conduct is exclusive means by which judges' conduct is measured. In re Freeman, 2008-1820 (La. 12/2/08), 995 So.2d 1197.

Q.12. What special rules exist for members of the Legislature?

A.12. No member of the Legislature shall hold office or serve in any of the departments or agencies of the executive branch of state government as enumerated and contained in Title 36 of the Revised Statutes.

Please note: the “educator exception” contained in R.S. 42:66(B), which allows teachers or persons employed in a professional educational capacity in grade school, high school, or other education institution, to simultaneously hold elective or appointive office applies to members of the Legislature.

Q.13. Which other special rules address dual employment/dual officeholding?

A.13. Certain entities, as shown in the statutes provided below, have stricter rules imposed upon them than what the general dual employment/dual officeholding statutes would otherwise allow.
Red River Waterway District Commission

R.S. 34:2303.1

No member of the commission may simultaneously serve on any port commission within the jurisdiction of the waterway. Membership on the commission shall terminate thirty days after July 7, 1989 for any person not in compliance herewith, and the vacancy shall be filled for the unexpired portion of the term in accordance with R.S. 34:2304.

Aldermen

R.S. 33:385C

No member of the board of aldermen shall hold any other office or employment under the municipal government while a member of the board, except as is provided for in R.S. 33:381 and R.S. 33:386. No member of the board of aldermen, or any other officer of the corporation, shall be directly or indirectly interested in any work, business, or contract the consideration of which is to be paid from the treasury of the municipality, nor be surety for any person having a contract, work, or business with the municipality, for the performance of which security may be required, nor be surety for any officer or employee, except that the aldermen of the town of Erath shall be permitted to enter into contracts with the town for services or supplies available only by or from aldermen, only after public notice and full compliance with the public bid law.

Q.14. What is the effect of the 2010 repeal of the form of government known as Commission or City Manager Plan?

A.14. Certain statutes, such as R.S. 33:713, were aimed at restricting the dual employment of commissioners, officers and other employees of a commission or city manager form of government. Act 39 of the 2010 Regular Session repealed the form of government known as the commission or city manager plan, comprised of R.S. 33:501 through 571, and R.S. 33:611 through 851. It is unclear at this time, but in all likelihood these forms of government would have the same restrictions on dual employment and officeholding as other forms of government.

Attorney General Opinions

This section on Attorney General (AG) Opinions contains extensive quotes from some of the opinions to illustrate the logic used in applying the relevant statutes to the facts at hand. The opinions are arranged according to topic rather than year. Red font means they are the latest AG opinions on the subject.

The AG repeatedly emphasizes the following caveat in answering questions related to dual employment:
Please also note that the AG Opinions are limited to an examination of the dual officeholding law. They do not address the potential applicability of the provisions of the Louisiana Code of Governmental Ethics, La. R.S. 42:1111, et seq. Advisory rulings addressing questions under the Ethics Code are within the jurisdiction of the Louisiana State Board of Ethics. The Board may be contacted at the following address: P.O. DUAL EMPLOYMENT/DUAL OFFICE HOLDING
REVISED 08/2019

Feliciana Parish Emergency Communications Commission to the Board of Commissioners for the Parishwide Fire Protection District.

AG Op. No. 16-0025

- A full-time employee of a municipality may run for and hold office as a parish councilmember, which is a part-time position, under the provisions of R.S. 42:61, et seq.

AG Op. No. 15-0062

- An employee of a private non-profit 501(C)3 volunteer fire department that contracts with a political subdivision is not considered a public employee for the purposes of the Dual Officeholding and Dual employment Laws.

AG Op. No. 13-0021(A)

- The AG discusses the general rule that, as long as the two positions at issue are not incompatible, the law does not prohibit the holding of a position of full-time employment while also holding additional part-time employment. In this opinion, however, the AG provides a broad response that will help many public entities that are in a similar position.

- The employee is a full-time employee of a Parish government doing one job, while also holding a part-time job in the same Parish government. The AG states that a problem arises if the employee works the second job during the first job’s hours. The employee cannot be paid twice for the same hours worked.

- The Parish may, however, consolidate the two jobs and pay the employee extra for the additional duties required by the second position. This consolidation eliminates the need for the employee to take leave to perform the duties of the second job, or to work the second job only before or after the full-time job. It also eliminates the Article VII, Section 14 donation that occurs when an employee is paid twice for the same hours worked.

AG Op. No. 13-0210

- The law, in general, does not prohibit one from holding a position of full-time employment while also holding additional part-time employment or an appointive office. Assuming that both positions are full-time, the prohibition of La. R.S. 42:63(E) would apply.

AG Op. No. 12-0090

- A member of the board of a nonprofit homeowner's association is not prohibited by the state dual officeholding laws from at the same time holding state employment.

AG Op. No. 12-0105

- Although a charter school is considered a public entity, a position on the board of directors of a private non-profit entity that runs the charter school is not considered a public position for the purposes of dual officeholding laws.

AG Op. No. 13-0208
Independent Contractor Status

- The law does not prohibit a full time teacher of the Lafayette Parish School System from holding summer employment with the University of Louisiana through a professional services contract. The law does not apply where an individual enters into a professional services contract, because a contract is not considered a job compensated on a salary or per diem basis and does not constitute “employment” as defined by R.S. 42:62(3). The provisions of the Dual Officeholding and Dual Employment Law do not prohibit a member of the Louisiana House of Representatives from holding a contract with a District Public Defender to provide legal counsel to indigent persons in criminal proceedings. AG Op. No. 17-0046.

- The opinion addresses whether an elected city councilman for the City of Crowley may at the same time serve as the Acadia Parish attorney.

The facts related indicate that the Acadia Parish attorney is hired by the police jury on a contract basis. The opinion notes that the provisions of state law governing dual officeholding and employment do not apply to an individual employed on a contract basis, because he or she does not hold a position of “employment” as defined by the dual officeholding law. “An independent contractor, as opposed to a servant (employee), usually contracts to do a specific amount of work according to his own methods. The employer exerts little control over the action of the independent contractor. Mode of payment is not decisive in determining whether an employee is actually an independent contractor, though payment by the job indicates the existence of an independent contractor/employee relationship.” AG Op. Nos. 80-0413 & AG Op. 11-0185.

The A.G. opined that the prohibitions of the dual officeholding law are inapplicable because one position is held on a contract basis. Accordingly, the dual officeholding provisions would not prohibit a City of Crowley councilman from at the same time serving as the Acadia Parish attorney. AG Op. No. 12-0069.
Employee of the legislature may hold the position of university instructor if the latter position is that of an independent contractor.  
**AG Op. No. 03-0301**

A person under contract to deliver mail for the United States is an independent contractor and not a federal employee; thus, the prohibition of law preventing a local elected official from holding employment with the federal government is inapplicable.

An individual who enters into a professional services contract is not considered to hold a job compensated on a salary or per diem basis, and is not employed within the dual officeholding prohibition.

- The law prohibits a federal police officer for Overton Brooks Medical Center from holding a part time position of police officer for the Greenwood Police Department. The provisions of the law do not prohibit a police officer for the Vivian Police Department or a university police officer for LSU Health Sciences Center at Shreveport.  
  **AG Op. No. 16-0031**

- That a full time employee for a Judicial District Court is not prohibited by the Dual Officeholding and Dual Employment provisions from serving as a part time court reporter for the City Court.  
  **AG Op. No. 15-0178**

- The law prohibits the simultaneous holding of local elective office (here, the position of councilman), and another appointive office held on a full time basis. The position of traffic officer, created under the authority of LSA-R.S. 13:2562.21 and the language therein, constitutes an appointive office. The prohibition of LSA-R.S. 42:63, however, applies only in the instance in which an
appointive position is held on a full time basis. As the traffic officer position is not full-time, it is permissible for both positions to be held simultaneously.

AG Op. No. 97-0101

- Detention center correctional officers who are paid by the sheriff’s department may also work part-time as deputy sheriffs if they meet the requirements set out in [law]. In this situation, as long as at least one of the positions is part-time, there is no dual officeholding.

AG Op. No. 02-0218

- The prohibition contained in the dual officeholding laws prevents the concurrent holding of two full-time appointive offices and/or employments, but does not prohibit the holding of those positions should one be held on a part-time basis. Thus, a full-time municipal police officer may hold the part-time appointive office of deputy sheriff.

AG Op. No. 06-0166

### Elected Positions and Employment with the State or Political Subdivision

- R.S. 42:63(C) prohibits the simultaneous holding of an elected office in state government and a full time appointive office in the government of the state or in the government of a political subdivision. Therefore, the law does prohibit a full time executive director of the Jefferson Davis Parish Tourist Commission from holding the office of State Representative. The law does not prohibit the part-time executive director of the Jefferson Davis Parish Tourist Commission from holding the office of State Representative.

AG Op. No. 18-0029

- The law does prohibit a full time Deputy Tax Assessor of Iberville Parish from serving as a member of the Board of Aldermen of the Village of Grosse Tete. R.S. 42:63(D) prohibits holding of an elected office in a political subdivision of the state and a full time appointive office in the government of a political subdivision.

AG Op. No. 16-0202

- The provisions of the Dual Officeholding and Dual Employment Law prohibit an employee of the City’s Department of Public Works from serving as a member of the city council.

AG Op. No. 16-0181

- “You ask this office to advise whether you may be employed by the Town as a paid firefighter while at the same time serving in the elected office of mayor for the town.
The provisions of the Louisiana Dual Officeholding and Dual Employment Law, La. R.S. 42:61, et seq., govern our response to your question. Therein, La. R.S. 42:63(D) sets forth the following prohibition:

_No person holding an elective office in a political subdivision of this state shall at the same time hold another elective office or full-time appointive office in the government of this state or in the government of a political subdivision thereof. No such person shall hold at the same time employment in the government of this state, or in the same political subdivision in which he holds an elective office._

Accordingly, if you are elected as mayor for the Town of Plain Dealing, you are prohibited from serving in that capacity while at the same time holding a position of employment with the town as a paid firefighter.”

_“You have asked this office to advise if an individual may hold the elective office of alderman for the Town of Independence, and at the same time hold full-time employment with the City of Amite, while also serving as a part-time deputy sheriff for the Tangipahoa Parish Sheriff's Department._

The provisions of the Louisiana Dual Officeholding and Dual Employment Law, La. R.S. 42:61, et seq., govern our response to your question. In a dual officeholding analysis, the positions proposed to be held must first be categorized under the dual officeholding definitions provided in La. R.S. 42:62.

The position of alderman for the Town of Independence constitutes _elective office_ as defined by La. R.S. 42:62(1), while the position with the City of Amite constitutes _full-time employment_ as defined by La. R.S. 42:62(4) and La. R.S. 42:62(3).

While La. R.S. 42:63(D) precludes one from holding employment in the same political subdivision in which he holds elective office, the law does not prohibit one from holding elective office and employment in _separate political subdivisions_. Such is the case here, as the elective office and the position of employment are held in separate municipalities.

Further, for purposes of dual officeholding, the position of deputy sheriff is considered an _appointive office_ under La. R.S. 42:62(2) because it is an “office in any branch of government ... which is specifically established or specifically authorized by the ... laws of this state ... and which is filled by appointment ... by an elected ... public official.” The position of deputy sheriff is specifically authorized by La. R.S. 33:1433, which provides “the sheriff of each parish ... may appoint as many deputies as necessary” and further provides that a deputy's “appointment and oath must be entered on the records of the court.” The sheriff is
the appointing authority and is an elected public official pursuant to constitutional provision.

While La. R.S. 42:63(D) prohibits one from holding elective office and at the same time holding full-time appointive office, the law does not prohibit the holding if the appointive office is held on a part-time basis, as is the case here.”

Appointed and Elected Positions

- A Constable of a Justice of the Peace Court may also serve as a part-time Reserve/Auxillary Deputy Sheriff. AG Op. No. 17-0090

- A school board member may hold full-time employment with the city/parish government, but may not hold a full-time appointive office within the city/parish government. AG Op. No. 17-0031

- The provisions of the Dual Officeholding and Dual Employment Law do not prohibit a member of the Police Jury of a parish from holding fulltime employment with a municipality in the parish. AG Op. No. 16-0179

- The provisions of the Dual Officeholding and Dual Employment Law prohibits an elected official such as the Mayor from holding another elective office for the municipality or political subdivision. AG Op. No. 16-0035

- A full-time deputy assessor may not simultaneously hold elective office as a municipal councilmember, according to R.S. 42:63(C). AG Op. No. 14-0179

- “You have requested an opinion of the Attorney General as to whether you, an elected member of the Mandeville City Council, can also serve on the Board of Directors for the Council on Aging St. Tammany (“COAST”).

The provisions of the Dual Officeholding and Dual Employment Law, found at La. R.S. 42:61 et seq., govern questions concerning the ability to hold two or more public offices and/or positions simultaneously. Classifying the correct nature of the positions held is essential for the purposes of applying the dual officeholding provisions.

It is clear that your position on the Mandeville City Council is an elective office. As to the COAST position, based on the information provided, it is a voluntary part-time position, which is appointed by the current members of the COAST Board of Directors.
Additionally, COAST was created based on state statutory authorization, La. R.S. 46:1601 *et seq.*, making it an appointive office. The most applicable aspect of the Dual Officeholding and Dual Employment Law is La.R.S. 42:63(D), which provides in pertinent part:

*No person holding an elective office in a political subdivision of this state shall at the same time hold another elective office or full-time appointive office in the government of this state or in the government of a political subdivision thereof. No such person shall hold at the same time employment in the government of this state, or in the same political subdivision in which he holds an elective office.*

Since your position on COAST is a part time appointive position, holding that position in addition to your position on the Mandeville City Council is not prohibited by the Dual Officeholding Laws. Please note that our expressed opinion relative to state law is limited to an examination of the dual officeholding provisions.

Individual is prohibited from holding both full time appointed office as parish finance director and the local elected office of parish school board member.

“You asked this office to advise whether the Finance Director of Iberville Parish may also hold an elected office as member of the Iberville Parish School Board.

R.S. 42:63(D) governs our response and provides:

*D. No person holding an elective office in a political subdivision of this state shall at the same time hold another elective office or full-time appointive office in the government of this state or in the government of a political subdivision thereof. No such person shall hold at the same time employment in the government of this state, or in the same political subdivision in which he holds an elective office. In addition no sheriff, assessor, or clerk of court shall hold any office or employment under a parish governing authority or school board, nor shall any member of any parish governing authority or school board hold any office or employment with any sheriff, assessor, or clerk of court. (Emphasis added).*

The Finance Director holds “appointive office” as defined by R.S. 42:62(2) because the position is one that is “specifically established...by the charter...of any political subdivision...which is filled by appointment...by an elected or appointed public official or by a governmental body composed of such officials...”
State law prohibits one from holding local elective office and full-time appointive office. Thus, elected parish president may not also hold city full-time appointed position of utilities director.

“In 1991 this office released Attorney General Opinion 91-458 to Mr. William Cefalu in which the author concluded that an employee of the utilities department could hold employment with the city while holding an elective office of the parish council. As noted above, the facts herein contemplate that Mr. Cefalu would become an appointed officer of the utilities department versus his original status as employee of the utilities department. The opinion is distinguishable in that R.S. 42:63(D) does not prohibit one from holding employment and local elective office in separate political subdivisions [(i.e., the parish and the municipality, see R.S. 42:62(9)]; however, R.S. 42:63(D) does prohibit one from holding full-time appointive office and local elective office.”

Separate Political Subdivisions

An elected member of the School Board may also serve as a commissioner of an area human services district (Part-time appointed position) and as a member of the board of commissioners of a fire protection district (Part-time appointed position) without violating the Dual Officeholding and Dual Employment Law.

AG Op. No. 19-0044

The law does not prohibit a member of the Caddo Parish School Board from serving as a member of the Shreveport/Caddo Metropolitan Zoning Board of Appeals. R.S. 42:63(D) does not prohibit the simultaneous holding of an elected office in a political subdivision and a part-time appointed office in a separate political subdivision.

AG Op. No. 18-0033

The law does not prohibit a full time employee of the Vermillion Parish Department of Public Works from serving as a councilman for the City of Abbeville. R.S. 42:63(D) is not applicable because the position of employment is not in the same political subdivision as the elected office.

AG Op. No. 17-0071

Lafayette City-Parish Councilman may also be employed by the District Attorney for the Fifteenth Judicial District in his Vermilion Parish office.

“… for purposes of the dual officeholding law, the parish and the district attorney's office are separate political subdivisions. R.S. 42:62(9) states:

(9) ‘Political subdivision’ means a parish, municipality and any other unit of local government, including a school board and a special district, authorized by law to
perform governmental functions. In addition for the purposes of this Part, mayor's courts, justice of the peace courts, district attorneys, sheriffs, clerks of court, coroners, tax assessors, registrars of voters, and all other elected parochial officials shall be separate political subdivisions. (Emphasis added).

R.S. 42:63 does not prohibit one from holding the local elective office of police juror and employment in a separate political subdivision such as the district attorney's office.

You advise that your employment with the parish would be entirely funded by the Vermilion Parish Police Jury. Thus, the incompatibility concerns raised by R.S. 42:64 [and discussed in Opinions 07-0311, 07-0311 (A) and 07-0311 (B) issued to you] become inapplicable.”

AG Op. No. 07-0311C

School board member for Terrebonne Parish may continue in employment with the Terrebonne Parish Government.

“Since your position with the Terrebonne Parish Consolidated Government is defined as employment, the prohibition under LSA-R.S. 42:63D would apply only if both offices are within the same ‘political subdivision.’ A ‘political subdivision’ is defined in LSA-R.S. 42:62(9) and states:

‘Political subdivision’ means a parish, municipality, and any other unit of local government, including a school board and a special district, authorized by law to perform governmental functions.” (Emphasis added).

Under this definition a school board would be a separate political subdivision from the parish. The prohibition concerning the simultaneous holding of both offices within the same political subdivision is therefore inapplicable.”

AG Op. No. 96-0220

Professional Educational Capacity

The law does not prohibit a member of the Police Jury of Concordia Parish from serving as the Superintendent of the Concordia Parish School System. A parish superintendent is employed in a professional educational capacity and is exempt pursuant to R.S. 42:63(D).

AG Op. No. 17-0093

An elected mayor of a municipality who holds employment as an instructor at a state-sponsored technical college is employed in a professional educational capacity and is exempt from the prohibitions of law which generally prohibit one from holding local elected office and employment in the government of the state.

“While LSA-R.S. 42:63(D) initially prohibits you from holding both positions, there is an exemption in the law which permits a “person employed in a
professional educational capacity” to hold “an elective or appointive office.” R.S. 42:66(B) states:

B. Nothing in this Part shall be construed to prevent a school teacher or person employed in a professional educational capacity in a grade school, high school, other educational institution, parish or city school board from holding at the same time an elective or appointive office.

Because you will be employed as an instructor at the technical college, you are considered to be employed in a “professional educational capacity”; as such, the exemption is directly applicable to you. The law does not prohibit you from accepting this employment and continuing to serve as the elected mayor of the Village of Baskin.”

AG Op. No. 08-0142

The law permits the Dean of Career and Professional Programs at Elaine P. Nunez Community College to hold the elective office of member of the St. Bernard Parish School Board.

“The law allows you to continue in your state employment as the full-time Dean of the Career and Professional Programs at Elaine P. Nunez Community College while serving as member of the St. Bernard Parish School Board, a part-time local elective office. LSA-R.S. 42:66(B) permits the concurrent holding of these positions, and states:

B. Nothing in this Part shall be construed to prevent a school teacher or person employed in a professional educational capacity in a grade school, high school, other educational institution, parish or city school board from holding at the same time an elective or appointive office.”

AG Op. No. 95-0011

The law permits an individual to hold state employment as a faculty member of Nicholls State University and the local elective office of member of the Assumption Parish School Board.

AG Op. No. 95-0008

Planning Commission

A member of the Covington Zoning and Planning Commission may also hold employment with the Covington Recreation Department.

“However, R.S. 33:103(C)(1) pertaining to parish and municipal planning commissions is of potential concern and states:

C. (1) All members of a commission, whether a parish or a municipal planning commission, shall serve without compensation, except as otherwise provided by this paragraph or as otherwise provided by law, and shall hold no other public
office, except they may also serve as members of any duly constituted regional commission of which their parish or municipality forms a part. (Emphasis added).

“Public office” is defined by R.S. 42:1 as: any state, district, parish or municipal office, elective or appointive, or any position as member on a board or commission, elective or appointive, when the office or position is established by the constitution or laws of this state.

“Public officer” is any person holding a public office in this state.

Because the position with the municipality is an employment and not a public office, R.S. 33:103 would not preclude one from holding both positions. In accord are Attorney General Opinions 05-248 and 91-549”.

AG Op. No. 07-0302

Federal Employment

☐ An alderman may hold employment in the office of a U.S. Congressman.  
AG Op. No. 16-0210

☐ Elected constable may not also hold federal employment, absent the applicability of exemptions provided by law.

“The provisions of the Louisiana Dual Officeholding and Dual Employment Laws, R.S. 42:61, et seq., govern our response to your question. R.S. 42:63(A)(1) is dispositive of the issue, and states:

A. (1) Except as otherwise provided in this Subsection, no person holding an elective office, appointive office, or employment in any of the branches of state government or of a political subdivision thereof shall at the same time hold another elective office, appointive office, or employment in the government of a foreign country, in the government of the United States, or in the government of another state. (Emphasis added).

R.S. 42:63(A)(1) prohibits one from holding local elective office and employment with the federal government. Further, the exemptions from this rule provided in R.S. 42:66 are inapplicable to this matter. Therefore, we advise that state law prohibits you from holding federal employment should you be elected constable.”  
AG Op. No. 08-0238.
Status in General

- State law permits the method of delivery of public defender services for each judicial district to include appointment, contract, and employment as alternative methods for providing counsel to indigent defendants. Thus, whether an assistant public defender is prohibited from holding local elective office under the dual officeholding provisions is dependent upon the method used to select assistant public defenders within each judicial district.

“The answer to your question is fact-sensitive. A Thibodaux city councilman is not prohibited by the dual officeholding provisions from holding full-time or part-time employment as an assistant public defender; neither is he prohibited by the dual officeholding provisions from working as an assistant public defender under a professional services contract. He is not prohibited by the dual officeholding provisions from holding part-time appointive office as an assistant public defender. The only scenario in which the dual officeholding provisions are violated is if a Thibodaux city councilman holds full-time appointive office as an assistant public defender.”

AG Op. No. 08-0206

- “Plaintiff also has raised the issue of whether Louisiana's law against dual officeholding has been violated. Under the pertinent provisions of LRS 14:63(C), no person holding an elective office in the government of this state shall at the same time hold another elective office, a full-time appointive office, or employment in the government of this state or in the government of a political subdivision thereof. Thus, Judge Kostelka could not simultaneously hold the office of district judge and hold the office of appellate judge. However, plaintiff stated during argument in the district court that plaintiff did not contend Judge Kostelka was holding office on the 2nd Circuit Court of Appeal; we agree. Thus, unless and until such time as Judge Kostelka is to be sworn in as a judge on the 2nd Circuit Court of Appeal, the possibility of a violation of Louisiana's prohibition against dual officeholding will not arise. We further observe that a very analogous situation arises every time a judge currently serving on one court runs for and is elected to another court. No dual officeholding occurs as long as the first judgeship is resigned prior to the judge's taking office for the second judgeship.”

Braddock v. Kostelka 568 So.2d. 248, 252 (La.App. 2 Cir.,1990)

Alderman

- The provisions of the Dual Officeholding and Dual Employment Law prohibit a member of the board of alderman for a municipality from serving as the municipality’s appointee to the board of commissioners of a waterworks district, but do not prohibit the chief of police or the town clerk from serving as the municipality’s appointees to the board of commissioners. AG Op. No. 16-0209
The Clerk of the Village of Wilson may not simultaneously hold the position of alderman of that village.

“The dual officeholding laws, LA R.S. 42:61, et seq., apply in general to a person holding two positions at the same time. Nevertheless, the statutes pertaining to the selection of municipal officers, found at LA R.S. 33:381, et seq., are more on point to your inquiry. More specifically, LA R.S. 33:385(C) states in pertinent part:

No member of the board of alderman shall hold any other office or employment under the municipal government while he [or she] is a member of the board, except as is provided for in R.S. 33:381 and R.S. 33:386.

LA R.S. 33:381 had at one time explicitly permitted an alderman to also serve as the town clerk. However, LA R.S. 33:381 has been amended numerous times, and through the amendment process, this exception has been deleted. A reading of the statute at present will confirm that the exception is provided for no longer. Similarly, no such exception is authorized by LA R.S. 33:386.

Therefore, it is the opinion of this office that the Clerk of the Village of Wilson may not simultaneously hold the position of alderman of that village. Doing so would constitute a violation of LA R.S. 33:385(C).”

A person is legally permitted to hold the office of city alderman and be simultaneously employed as an investigator in the Jefferson Parish District Attorney's Office.

“The former position constitutes local elective office, while the latter position is one of employment within the parish, which is a separate political subdivision from the municipality. Such combination of positions is impermissible only where both positions fall within the same political subdivision as LSA-R.S. 42:63(D) provides:

D. No person holding an elective office in a political subdivision of this state shall at the same time hold another elective office or full-time appointive office in the government of this state or in the government of a political subdivision thereof. No such person shall hold at the same time employment in the government of this state, or in the same political subdivision in which he holds an elective office. (Emphasis added).”

Exceptions in R.S. 42:66

- An alderman of a municipality with a population of 6,500 or less according to the 1990 federal decennial census, may hold a full-time position of employment with a State university, under R.S. 42:66(N).  
AG Op. No. 15-0060

- A chief of police of a municipality with a population of less than five thousand according to the 1990 decennial census may also hold the office of deputy sheriff in accordance with R.S. 42:66(M).  
AG Op. No. 14-0196
An elected alderman of the City of Bunkie is not prohibited by the dual officeholding and dual employment law from simultaneously holding a full-time position in the government of this state, pursuant to the exception of La. R.S. 42:66(N) that applies to a municipality with a population of 6,500 or less according to the 1990 federal decennial census.

AG Op. No. 12-0237

R.S. 42:66(L)(1) sets forth an exemption to La. R.S. 42:63(D) which permits a full-time deputy sheriff to hold the elective office of alderman in a municipality which has a population of 2,500 or less. Therefore the dual officeholding law does not prohibit a deputy sheriff working full-time for the East Feliciana Parish Sheriff's Office from simultaneously holding the elective office of alderman for the Town of Clinton, a municipality with a population of 2,500 or less.

AG Op. No. 12-0175
R.S. 42:66(L)(1)

A deputy sheriff may at the same time hold the office of part-time constable of a justice of the peace court whose jurisdiction has a population of fifteen thousand or fewer persons according to the 1990 federal decennial census.

AG Op. No. 08-0131

A deputy sheriff may at the same time hold the office of part-time constable of a justice of a peace court whose jurisdiction has a population of fifteen thousand or fewer persons according to the 1990 federal decennial census.

"A constable holds local elective office. R.S. 42:63(D) generally prohibits a person holding an elective office in a political subdivision of the state from holding at the same time a full-time appointive office. Because you work as a full-time deputy sheriff, R.S. 42:63(D) would initially prevent you from holding at the same time any elective office.

However, the law provides an exemption from the prohibition of R.S. 42:63(D) which is applicable in your case. R.S. 42:66(L)(2)(a) states:

(2)(a) Nothing in this Part shall be construed to prohibit a deputy sheriff from holding the office of part-time constable of a justice of the peace court whose jurisdiction has a population of fifteen thousand or fewer persons according to the 1990 federal decennial census, or from holding the office of part-time constable or part-time marshal of a city court in a municipality with a population of ten thousand or fewer persons according to the 1990 federal decennial census, provided such person held both the office of deputy sheriff and the office of constable or marshal prior to January 1, 1997.
If you are in fact elected to the office of a part-time constable of a justice of the peace court whose jurisdiction has a population of fifteen thousand of fewer persons according to the 1990 federal decennial census, you would be allowed to continue to serve as a full-time deputy sheriff.”

AG Op. No. 08-0182

The dual officeholding provisions do not prevent a deputy sheriff from holding the elected office of mayor of a municipality which has a population of two thousand five hundred or less according to the latest federal decennial census.

“You have asked this office to advise if you may maintain your position as deputy sheriff in Tensas Parish should you be elected Mayor of the municipality of Newellton.

The population of Newellton is less than two thousand five hundred, according to the latest federal decennial census. For this reason, the exemption contained in R.S. 42:66(L)(1) is applicable to your circumstances and states:

L. (1) Nothing in this Part shall be construed to prevent a deputy sheriff from holding the office of either mayor or alderman of a municipality, provided such municipality has a population of two thousand five hundred or less, according to the latest federal decennial census.

R.S. 42:66(L)(1) exempts you from the prohibitions of the Dual Officeholding and Dual Employment Laws, R.S. 42:61, et seq. Thus, you may continue in your position as deputy sheriff if you are elected the Mayor of Newellton.”

Exemption in the state law permits an elected alderman to maintain state employment.

“While R.S. 42:63(D) prohibits one from holding local elective office and state employment, R.S. 42:66(N) provides an exemption applicable in the instant matter:

(N) Nothing in the Part shall be construed to prohibit a person holding employment in the government of the state from holding at the same time an elective office in the government of a municipality of this state with a population of less than six thousand five hundred according to the 1990 federal decennial census, unless the particular nature of such employment in combination with the duties and interest of such elective office is incompatible as provided in this Part or is found to be adverse to the public interest as set forth in R.S. 42:61.
The Town of Gibsland is a municipality with a population of less than six thousand. Because of the exemption of R.S. 42:66(N), the person of interest here may serve as elected alderman while maintaining her state employment with DHH.”

Incompatible Offices

☐ A municipality may not appoint its own mayor to serve on the board of commissioner of a fire protection district; as such appointment is prohibited under the Dual Officeholding and Dual Employment Laws. Another municipality may however appoint the mayor to serve on the board of commissioners for the fire protection district.

AG Op. No. 14-0189

☐ It constitutes an impermissible conflict for a police officer to simultaneously serve as a member of the indigent defender board.

“Here it is important to note that the placement of a law enforcement officer on the indigent defender board would constitute a conflict under LSA-R.S. 42:61. Law enforcement officers work to find and ultimately help convict criminals. It would pose a conflict of interest to require such a person to take part in the defense of a suspect, possibly causing the destruction of his own work. The other obvious danger is that the officer would, in general, be biased and therefore unable to provide assistance to the indigent.

Further support for this argument is found in LSA-R.S. 42:64 concerning incompatible offices:

C. No other combination of offices or employments shall be deemed to be incompatible unless the powers, functions, or duties are found to be adverse to the public interest as set forth in Section 61 of this Part. (Emphasis added).”

AG Op. No. 95-0289

☐ Elected councilman for the City of Westwego may not at the same time hold the position of municipal department head.

“The distinction between an appointive office and an employment is that the appointive office is a position that is established or specifically authorized by the constitution, statutes, home rule charter provisions or ordinances of a municipality or parish. While R.S. 42:63 does not prohibit a local elected official from holding a part-time appointive office in the same political subdivision in which he is elected, the positions may still be deemed incompatible under the provisions of R.S. 42:64:

§ 64. Incompatible offices
A. In addition to the prohibitions otherwise provided in this Part, no other offices or employments shall be held by the same person in combination if any of the following conditions are found to pertain and these prohibitions shall exist whether or not the person affected by the prohibition exercises power in conjunction with other officers:

* * *

(4) The incumbent of one office, whether or not in conjunction with fellow officers, or employment is required by law to execute orders and follow directions given by the incumbent of the other office or employment.

(5) One office, whether or not in conjunction with fellow officers, or employment is charged with auditing the accounts of or approving the budget of the other position.

(6) Funds received by one office or employment are deposited with or turned over to the other office or position.

Under R.S. 42:64, a Westwego councilman may not hold a position as Westwego department head, because he would be charged with approving the budget of the department head position in his capacity as councilman.” AG Op. No. 08-0106

- Elected official of municipality could not also hold full-time appointed position as fire chief within the municipality; full-time fire chief was appointed by governing body of municipality, on which he also served, and governing body also funded and approved the budget of the fire department. **Remedies and Penalties**

- Once employee, who worked for both state and federal government, resigned from her state position, she was no longer “holding” incompatible employments, under Dual Officeholding and Dual Employment Law (DODEL), and could not be required to reimburse her former employer.

“Because of her February 15, 2006 resignation, any cause of action the state may have had under LSA-R.S. 42:65(B) to have Holliday ordered to vacate her employment with the 19th JDC and to enjoin her from further carrying out the duties of that employment no longer existed when suit was filed on March 31, 2006. Subsection C of this statute only authorizes the court to order reimbursement with respect to the allowances and payments for travel and other expenses which have been received by the official or employee in the position vacated as provided in Subsection B. Having failed to allege that Holliday was holding incompatible offices or employments or holding a combination of offices or employments prohibited by the DODEL at the time suit was filed, we conclude
that the state failed to state a cause of action against Holliday under any of the provisions of LSA-R.S. 42:65.”
